III. Public Input 3 minutes per person	No public input was provided.
IV. Approval of Minutes from October 18, 2021	Tabitha Jensen moved and Dr. Ryan Hassan seconded. Motion passed. No abstentions.
V. Co-Chair Announcements A. Racism as a Public Health Crisis update	<p><u>A. Racism as a PH Crisis:</u> Philip &amp; Martine are doing some work to discuss the resolution with the commissioners, one-on-one, instead of the council members; still working on the process.</p> <p>Will hopefully be having a conversation with Clackamas County administrators on how this process works and how PHAC can be better utilized as council members for the commission.</p> <p>At the state level in the 2021 session, there was a joint health resolution that declared racism as a public health crisis, but very little was done. Another bill has already received the first hearing and went well in the first week of short session, this is a great sign. \$2 million have been put behind some mobile health units that are looking into communities specific health burdens.</p> <p>There is no timeline for a procedural barrier.</p> <p>The County Administrator, Gary Schmidt, is set to reach out to Christine &amp; Elizabeth to schedule a meeting with discussion on how to move forward. Commissioner Fischer will ‘ping’ County Administrator Schmidt as well as follow up with the public affairs staff in regards to pushing the state bill &amp; county commissioner step out in favor of statewide bill.</p>

Topic	Minutes
	A work session has been scheduled for February 11 <sup>th</sup> .
VI. Director's Report A. Strategic Plan B. COVID Report -- Update	<p><u>A. Strategic Plan:</u> The strategic plan with H &amp; M Consulting took all of 2021 with staff occupied by COVID response. There are 3 cross divisional work groups that are responsible for working through implementation of the plan.</p> <p><b>3 Strategic Priorities: Areas of focus for Organization</b></p> <ol style="list-style-type: none"> <li>1. Racial Health Equity &amp; Cultural Responsiveness</li> <li>2. Communication &amp; Community Outreach</li> <li>3. Accountability &amp; Stewardship</li> </ol> <p>Philip will be scheduling 1:1's with PHAC members to see how he can best support them.</p> <p><u>B. COVID Report – Update:</u> Dr. Sarah Present, Clackamas County Medical Officer, presented the most recent COVID report from 2/1/22. There have been 2000 more cases and 7 more deaths as of 2/1/2022. Clackamas County did reach the peak of the Omicron surge, but case counts have declined and continue to do so. Oregon did not reach the delta peak of hospitalizations, which is good news. Though there were still some hospitalizations of Omicron cases the majority of these hospitalizations were patients that were unvaccinated. 76.6% of adults have received at least one dose of the vaccine 71.1% has completed the primary series 35.1% received the extra dose (3<sup>rd</sup> dose or booster) Oregon is ranked #10 in vaccination rate. Oregon averages 7000 cases a day, while Clackamas County averages 473 cases a day, but has significantly dropped to less than 400 in 2 days. No new variants on the horizon. At-home test distribution- 12k out of 48k at home tests were received by CCPH to be distributed out to community partners and they distribute out to populations they serve. Drive thru testing available at Clackamas Community college Harmony Campus. Starting to get ordering ability for the Pfizer vaccine for ages 6 months to 4 year, has not been full approved yet; should be coming as early as the 1<sup>st</sup> of March. Vaccine clinics through 2022 have decreased in number. The Sandy Senior Community site is closed and moving to Sandy High School. They are now accepting walk-ins at all sites. Question was raised regarding mask mandate being lifted on March 31<sup>st</sup>. The answer was it will be up to individual organizations regarding masks and vaccination status.</p>
