REQUEST FOR PROPOSALS #2018-124
Disaster Debris Clearance, Removal and Disposal
ADDENDUM NUMBER 2
February 20, 2019

On January 24, 2019, Clackamas County (“County”) published Request for Proposals #2018-124 (“RFP”). The County has found that it is in its interest to amend the RFP through the issuance of this Addendum #2. Except as expressly amended below, all other terms and conditions of the original RFP and subsequent Addenda shall remain unchanged.

1. The following changes are made to the Section 5 Proposal Contents:

1.1. Remove the following section 5.8 Oregon Registration in its entirety:

Provide current Oregon business registry number with the Oregon Secretary of State, and your current Oregon Contractor’s license number.

2. The following changes are made to Section 3 Scope of Work:

2.1. Add the following to Section 3.2 Background:

The County will develop a preliminary list of contractors it wishes to prequalify for disaster debris removal and disposal, through this RFP process. After posting the preliminary list, any business on the list wishing to become prequalified must show proof of registration with Oregon Secretary of State to do business in Oregon within 30 days after the County releases the preliminary list. The prequalified list will be finalized with businesses who are registered. A Construction Contractors’ Board (CCB) license will not be required for pre-qualification for disaster debris removal and disposal. Any contract with Clackamas County, however, will require that the contractor or their subcontractors obtain and show proof of proper licenses and permits to do the work. This work may include deconstruction or demolition of structures or other work that is closely related to construction, and may include work that addresses building materials that require special training or permits (e.g. asbestos). A pre-qualified contractor that cannot demonstrate that it or a subcontractor holds the proper licenses, permits or certifications required in Oregon may not be selected for a contract.”

3. The Closing Date and Time is hereby changed from February 21, 2019 at 2:00 PM to March 6, 2019 at 2:00 PM. This change hereby amends all applicable references to the Closing Date and Time found in this RFP.

End of Addendum#2
