DEVELOPMENT SERVICES BUILDING 150 BEAVERCREEK ROAD I OREGON CITY, OR 97045

May 28, 2024

Board of County Commissioners and Budget Committee Members:

It is my pleasure to present the Fiscal Year 2024-25; Annual Budget for the Clackamas County Development Agency.

The Clackamas County Development Agency, the Urban Renewal Agency for Clackamas County, is responsible for implementing the County's urban renewal program. Currently there are three urban renewal districts in Clackamas County; each with an urban renewal plan customized to the needs of its unique community:

- Clackamas Town Center Area -- predominately commercial, office and multifamily residential
- Clackamas Industrial Area -- primarily industrial (manufacturing and warehousing / distribution)
- North Clackamas Revitalization Area -- affordable neighborhoods bounded by industrial and commercial uses

While each district has a plan with projects customized to the needs of its area, all the plans focus on four primary objectives:

- Removing blighting influences that inhibit development and/or redevelopment;
- Improving economic vitality in and around each plan area;
- Increasing jobs in and around each plan area; and
- Improving each plan area's image and function.

Funding for projects and programs within these districts is primarily raised through tax increment financing. Levies for two of the three active districts, Clackamas Industrial Area and Clackamas Town Center Area, were terminated in 2006 and 2013 respectively. Though levies have terminated in these districts and no additional tax increment is being collected, work continues with the remaining funds to complete the final projects identified in the plan for each district.

It is important to note that as these levies terminate, the incremental increase in assessed value fostered by the urban renewal programs in each district is added to the tax rolls, providing increased revenue for the taxing districts within the urban renewal plan area. The renewed focus on growth and private investment in these areas resulted in adding collectively over a billion dollars of value to the tax rolls of local taxing districts, bolstering funding for key public services.

CLACKAMAS TOWN CENTER AREA

Established: 1980

Levy Terminated: June 30, 2013

Current size: 819 acres

1980 (frozen) assessed value: \$ 32 million 2013 (estimated) assessed value: \$ 566 million Assessed value added to tax rolls: **\$ 704 million**

- \$90 million in 1988 (when the district decreased in size)
- \$48 million in 2005 (when the district decreased in size)
- \$566 million in 2013 (when the levy was terminated)

General Operating fund budget: \$3,507,801 (with \$923,333 in contingency)

Transportation/Construction Projects

 Clackamas Regional Center Mobility Improvements – Phase One. Phase one of this project was completed in May 2022. Funds are being held for a possible match to complete phase two of the project, which will make improvements to SE 82nd Avenue from Sunnyside Road to Sunnybrook Boulevard.

Development Projects

 The Agency owns several parcels that are available for redevelopment. Development proposals that strengthen the tax base, create jobs and bolster the blossoming community around the regional center will be considered.

CLACKAMAS INDUSTRIAL AREA

Established: 1984

Levy terminated:

Original size:

1984 (frozen) assessed value:

2006 assessed value:

\$ 263 million

\$ 699 million

Assessed value added to tax rolls:

\$ 436 million

- \$214 million in 2001 (when the district decreased in size)
- \$222 million in 2006 (when the levy was terminated)

General Operating fund budget: \$6,976,800(with \$3,047,711 in contingency)

Transportation/Construction Projects

 Funds are programmed to assist in the design and construction of improvements to the Rock Creek intersection

Development Projects

- Site Acquisition/Consolidation The plan authorizes acquisition of properties for future right of way needs related to infrastructure projects. Funds are budgeted to facilitate acquisition if such properties become available.
- Northwest Pipe and Casing Site In FY05-06, the Agency acquired the Northwest Pipe and Casing site; a 32-acre Superfund site in the Sunrise Corridor alignment. The Agency continues to monitor the soil remediation program implemented by the federal Environmental Protection Agency (EPA).

NORTH CLACKAMAS REVITALIZATION AREA (NCRA)

Established: 2006

Projected levy termination: 2035

Current size: 1,008 acres
2006 (frozen) assessed value: \$ 398 million
2024 assessed value (projected) \$ 834 million

New growth in assessed value: \$ 436 million

General operating fund budget: \$ 13,927,348 (with \$2,563,278 in contigency)

Tax Increment fund: \$16,671,244 (with \$4,671,244 in contingency)

Transportation/Construction Projects

- Linwood Avenue Improvements Funds are budgeted to complete construction of improvements on Linwood Avenue from Monroe Street to Johnson Creek Boulevard. Improvements include
- Monroe Street Improvements Design is nearly complete on improvements to Monroe Street from Linwood to Fuller that include roadway upgrades, sidewalks, safety enhancements, landscaping, lighting or stormwater improvements. Construction will commence in the fall 2024.
- Drainage Improvements Several blocks within the NCRA area experience issues with poor drainage and flooding of private property. Funds are budgeted to begin preliminary analysis and design to improve this condition.
- Bell Avenue Improvements Funds are budgeted for a potential pedestrian bridge at Johnson Creek.
- 79th Avenue Intersection Improvements The intersection at 79th and Johnson Creek Boulevard needs reconstructed in order to improve safety and mobility. Funds are budgeted for preliminary design.

• Homeowner/Housing Rehabilitation Assistance – The plan has budgeted funds to assist residents and property owners with down payment assistance for first-time homebuyers, housing rehabilitation grants and low-interest loans.

HIGHLIGHTS FOR FISCAL YEAR 2023-2024

Clackamas Town Center Area

A large parcel owned by the Agency was prepared for future redevelopment opportunities.

Clackamas Industrial Area

An agreement is in place to provide funding to Clackamas Fire District No. 1 for improvements to their existing training facility located on SE 130th Ave.

North Clackamas Revitalization Area

Construction was completed on two new roads that will provide needed access and circulation to the planned redevelopment of the Fuller Road Station Area.

Construction continued on the Linwood Avenue project and design was completed on the Monroe Street project. Monroe street construction will commence in the fall 2024. Once completed, these improvements will greatly enhance the livability of the area residents by providing safer streets and better access to nearby goods and services.

PROPERTY AND STAFFING

Property Acquisition

During the course of business, the Agency acquires land for various purposes, most often for expected development or transportation right-of-way. It is the Agency's policy to market property expeditiously to maximize the return to Clackamas County in terms of public benefits, jobs and assessed valuation. The Agency is prepared to move forward with any development proposal that meets the established goals for the area.

Agency Staffing

Agency funds reimburse the County for related personnel expenses.

The budget contains funding for 4.0 FTE Agency staff. Currently 3.0 FTE positions are filled; however Agency staff has assumed a number of additional responsibilities outside the Agency. Contracted labor costs associated with those non-Agency services are covered by other funding sources and result in a net of 2.5 FTE within the Agency.

Very truly yours,

Gary Schmidt

County Administrator

Urban Renewal

Purpose Statement

Provide capital improvements + development opportunities, and neighborhood enhancement programs

Performance Narrative Statement

Clackamas Town Center Area (CTC): The plan objective is to provide the infrastructure needed to stimulate growth in the goods, services and job creation needed for the area.

Clackamas Industrial Area (CIA): The plan objective is to eliminate blighting influences and provide the infrastructure necessary to support industrial development in the area.

North Clackamas Revitalization Area (NCRA): The plan objective is to eliminate blighting influences and provide safe, clean and affordable mixed use communities and neighborhoods.

- 85% of budgeted expenditures will be used for capital related construction; these resources will provide the design, right of way acquisition and construction of capital construction projects.
- The park and community loan/grant programs were developed at the request of the residents to focus capital funds on neighborhood enhancements and to ensure neighborhood stabilization.

These investments will help to meet the County's Strategic Objectives to grow a vibrant economy, ensure safe, healthy and secure communities and build a strong infrastructure.

CLACKAMAS TOWN CENTER AREA FISCAL YEAR 2024-2025 PROJECTS

1 CRC Mobility Improvements

Project Number: 30003 Project Name: **CRC Mobility**

Project Location: Clackamas Regional Center

Map No.:

Program:

Project Manager(s): Dave Queener

Budgeted in Dept: 7491-Development Agency: CTC

Current Status: Active

Job Cost #:

Date of Last Revision: May-24

Project Description/Scope:

Phase one of this proejct was completed in May 2022 and included improvements from 82nd to 105th on Sunnyside Road and on Harmony Road from 82nd to Fuller Road. Phase two will include improvements on 82nd Avenue from Southgate to Sunnybrook and on Sunnybrook east to 84th Avenue.

Project Justification/Benefits:

This area experiences significant congestion and out-of-direction travel, which increases safety concerns. These streets serve important regional destinations such as the Clackamas Community College Campus, North Clackamas Aquatic Center and the Clackamas Town Center.

The amount noted includes a possible "up to" contribution to capacity improvements

CLACKAMAS INDUSTRIAL AREA FISCAL YEAR 2024-25 PROJECTS

- 1 Site Acquisition/Consolidation
- 2 NW Pipe

Project Number: 30147

Project Name: Northwest Pipe

Project Location:

Budgeted in Dept: Current Status:

Project Manager(s):

Ken Itel CIA - Development Agency

Active

Job Cost #:

Program:

Map No.:

Date of Last Revision: Mar-24

Project Description/Scope:

The property was acquired as part of the pre-emptive ROW acquisition of Unit 1, Sunrise Corridor. The property may be leased for interim uses such as outdoor storage and staging for area industrial businesses and County projects. Remnant parcels will be evaluated for redevelopment.

Impact on Operating Budget

Scheduled project.

Project Justification/Benefits:

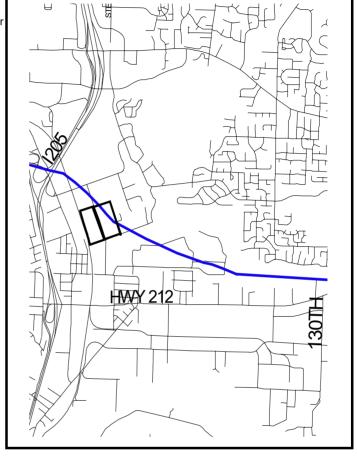

Maintenance and monitoring of the site is required as part of the Easement and Equitable Servitude with the U.S. Environmental Protection Agency.

Environmental & Other Non Financial Impacts:

The property is a former EPA "Superfund" site. Soil on the entire site has been decontaminated and treatment of groundwater is ongoing under the management of DEQ and the EPA. Restrictions on penetration of the clean soil cap and on the use of groundwater are in place per EPA requirements.

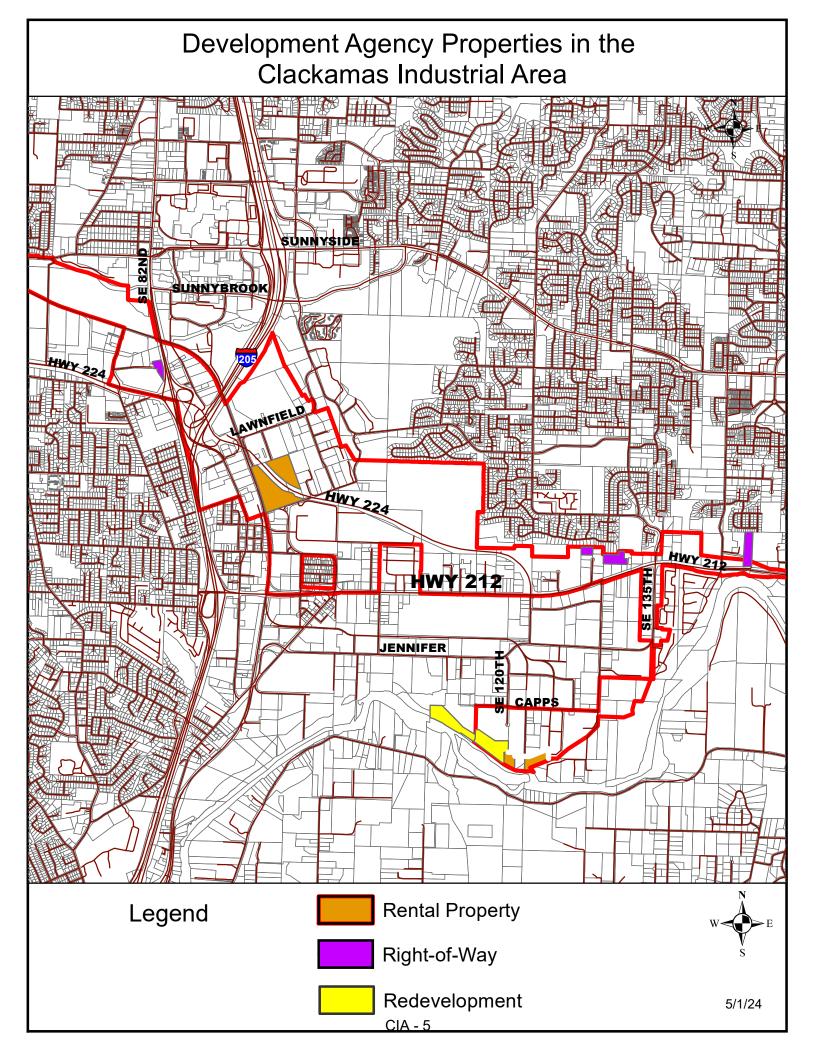

Changes Since Last Plan:

Minor budget revisions.

Project Number: 30313

Project Name: Stanley Avenue Improvements

Project Location: NCRA

Map No.:

Program:

Project Manager(s): Ken Itel

Budgeted in Dept: 7491-Development Agency: NCRA Active

Current Status:

Job Cost #:

Date of Last Revision: Apr-24

Project Description/Scope:

Improvements on Stanley, from King Road to Johnson Creek Blvd., may include road base repairs, repaving, sidewalks, safety facilities, landscaping, stormwater improvements, or any combination of the aforementioned improvements. Project is in partnership with City of Milwaukie.

Project Justification/Benefits:

Improvement of streets is a primary project within the NCRA Plan. Street improvements will increase safety and access, improve drainage and stormwater control; and promote redevelopment.

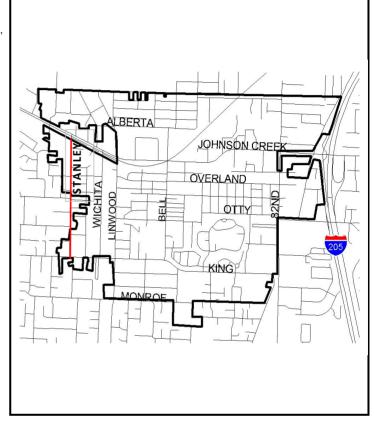

Impact on Operating Budget

Scheduled Project

Environmental & Other Non Financial Impacts:

None identified.

Project Number: 30315

Project Name:

Project Location:

Community Center

Project Manager(s): Ken Itel **Budgeted in Dept: Current Status:**

7491-Development Agency: NCRA

Active

Job Cost #:

Program:

Map No.:

Date of Last Revision: Apr-24

Project Description/Scope:

Provides funds for planning and development of the former Wichita Elementary School or another site yet to be determined for community center uses. The current project increased accessibility to community programs at Wichita by installing a wheelchair ramp at the main entrance, providing additional parking spaces and parking lot improvements, and installing a crosswalk on King Road with pedestrianactivated warning signs. The operational capacity of the building will also be supported by connecting the facility to public sewer.

Project Justification/Benefits:

A goal of the NCRA Plan is to develop public facilities such as a community center, with an emphasis on re-using surplus school or other public buildings.

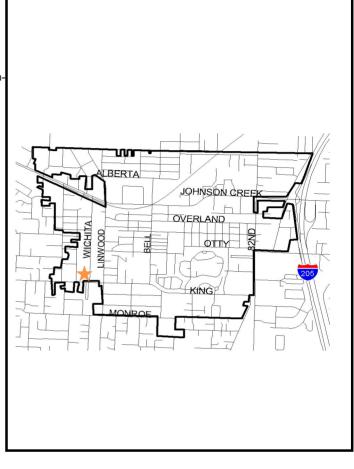

Impact on Operating Budget

Project Name: Fuller Road Station Area

Project Location: D Street

Map No.:

Program:

Project Manager(s): Dave Queener

Budgeted in Dept: 7491/60-Development Agency: NCR

Current Status: Active

Job Cost #:

Date of Last Revision: Apr-24

Project Description/Scope:

To provide support and participate in redevelopment projects with public and private organizations to further the mixed-use development goals of the station area.

Project Justification/Benefits:

The program supports pedestrian, bicycle, street improvements and utility service that increase access and support redevelopment of the area, and also supports the development of housing and employment opportunities in close proximity to retail amenities and access to transportation.

Project Number: 30317

Project Name: Hawthorne Park

Project Location:

Map No.:

Budgeted in Dept: Current Status: Job Cost #:

Program:

Project Manager(s):

Ken Itel

7491-Development Agency: NCRA

Active

Date of Last Revision: Apr-24

Project Description/Scope:

Purchased a portion of the Hawthorne Grove Affordable Housing Project site for development of a neighborhood park. A Metro Nature in Neighborhoods Grant was awarded for development of this project.

Project Justification/Benefits:

The district is extremely deficient in terms of public parks and open spaces and development of such amenities is identified in the NCRA Design Plan. Park construction has been completed and the park is fully operational. New improvements are for pedestrian access.

Impact on Operating Budget

Scheduled Project

Environmental & Other Non Financial Impacts:

None identified.

Changes Since Last Plan:

Scope revised to include installation of a crosswalk on King Road to increase accessibility by neighborhood residents, and possible installation of informational signage. Date revisions.

Project Number: 30320

Project Name: Bell Avenue Improvements

Project Location: NCRA

Map No.:

Program:

Project Manager(s): Ken Ite

Budgeted in Dept: 7491 - Development Agency: NCRA

Current Status: Active

Job Cost #:

Date of Last Revision: Apr-24

Project Description/Scope:

Bicycle lanes and sidewalks were only available on a portion of Bell Avenue. The project provided complete sidewalks and bicycle lanes the entire length of Bell between SE King Road and SE Johnson Creek Blvd. Drainage improvements were also a part of the project. Remaining improvements include ADA upgrades to the pedestrian ramps, and a signal on the south side of the King Road intersection, improvements at the JCB intersection and possible modifications to the Johnson Creek bridge, such as a dedicated ped/bike crossing.

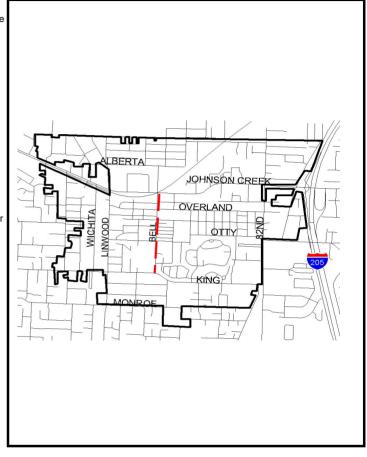

Project Justification/Benefits:

Street improvements are a major focus of the NCRA Plan. Bell Avenue is a major north-south connector within the district. The project will improve safety for all modes of transportation, improve access and connections, and improve stormwater facilities.

Environmental Impacts:

None identified

Job Cost #:

Program:

Date of Last Revision: Apr-24

Project Description/Scope:

Provides funds for design and construction of improvements at the SE 79th - Johnson Creek Blvd intersection. The scope could include realignment of SE 79th and installation of a traffic signal. The project leverages improvements and contributions being made by a private developer in conjunction with a planned multi-family housing project.

Project Justification/Benefits:

This project supports pedestrian, bicyclist and motorist safety by improving an intersection with one of the highest accident rates in Clackamas County. The installation of a traffic signal will provide a much safer pedestrian crossing and control turning movements by motorists in a congested traffic environment. The improvements also support the development of a proposed high density multi-family

Project Location:

Map No.:

Budgeted in Dept: Current Status: Job Cost #:

Project Manager(s):

Ken Itel

7491-Development Agency: NCRA

Active

Date of Last Revision: Apr-24

Project Description/Scope:

Provides funds for initial planning of bridge improvements over Johnson Creek. Improvements could include widening to accommodate sidewalks and bicycle lanes, pavement restoration and structural improvements for flood events. Possible bridge improvements are located on Bell, Linwood and Luther

Project Justification/Benefits:

Public infrastructure upgrades are a priority of the NCRA Plan. Several bridges in the district are not able to accommodate full bicycle and pedestrian facilities. They also may exhibit the effects of scouring and have sub-optimal design elements for flood events.

Project Manager(s): **Budgeted in Dept:** Current Status:

Program:

Ken Itel 7491-Development Agency: NCRA

Active

Map No.: Job Cost #:

Date of Last Revision: Apr-24

Project Description/Scope:

Provides funds for planning and preliminary design of a storm drainage system plan and improvements for the area generally bounded by Otty, Overland, 73rd and 82nd Avenue.

Project Justification/Benefits:

Public infrastructure improvements are a priority of the NCRA Plan. This area lacks a storm water system, causing localized flooding and runoff, deteriorating street conditions, and preventing on-going pavement maintenance. Storm system improvements will increase water quality by providing treatment and increase safety by decreasing runofff and local flooding, and decreasing pavement deterioration caused by surface water erosion.
