**Site Address:** 18313 S Fischers Mill Road

**Applicant:** Timothy Foley

**Owner of Property:** Redland Grange #796

**Zoning:** RA1/HL

**Community Planning Organization (CPO) for Area:**

Redland – Fischers Mill - Viola

Community Planning Organizations (CPOs) are part of the county's community involvement program. They are advisory to the Board of County Commissioners, Planning Commission and Planning and Zoning Division on land use matters affecting their communities. CPOs are notified of proposed land use actions and decisions on land within their boundaries and may review these applications, provide recommendations or file appeals. If this CPO currently is inactive and you are interested in becoming involved in land use planning in your area, please contact the Community Involvement Office at 503-655-8552.

**OPPORTUNITY TO REVIEW THE RECORD:** The submitted application is available for review online at <https://accela.clackamas.us/citizenaccess/>. Select the Planning tab and enter the file number to search. Select Record Info and then select Attachments from the dropdown list, where you will find the submitted application. The complete application file is available for inspection at no cost by contacting the Planner listed on the first page of this decision. Copies of all documents may be purchased at the rate of \$2.00 per page for 8 1/2" x 11" or 11" x 14" documents, \$2.50 per page for 11" x 17" documents, \$3.50 per page for 18" x 24" documents and \$0.75 per sq ft with a \$5.00 minimum for large format documents.

**APPLICABLE APPROVAL CRITERIA:** This application is subject to Clackamas County Zoning and Development Ordinance (ZDO) Section(s) 202, 316, 707 and 1307.

**PUBLIC AND AGENCY COMMENTS:**

Notice was sent to applicable agencies and owners of property within 300 feet. Comments received relating to the applicable approval criteria listed above are addressed in the Findings Section. Comments from the following were received: No comments were received.

NOTICE TO MORTGAGEE, LIENHOLDER, VENDOR OR SELLER: ORS CHAPTER 215 REQUIRES THAT IF YOU RECEIVE THIS NOTICE, IT MUST PROMPTLY BE FORWARDED TO THE PURCHASER.

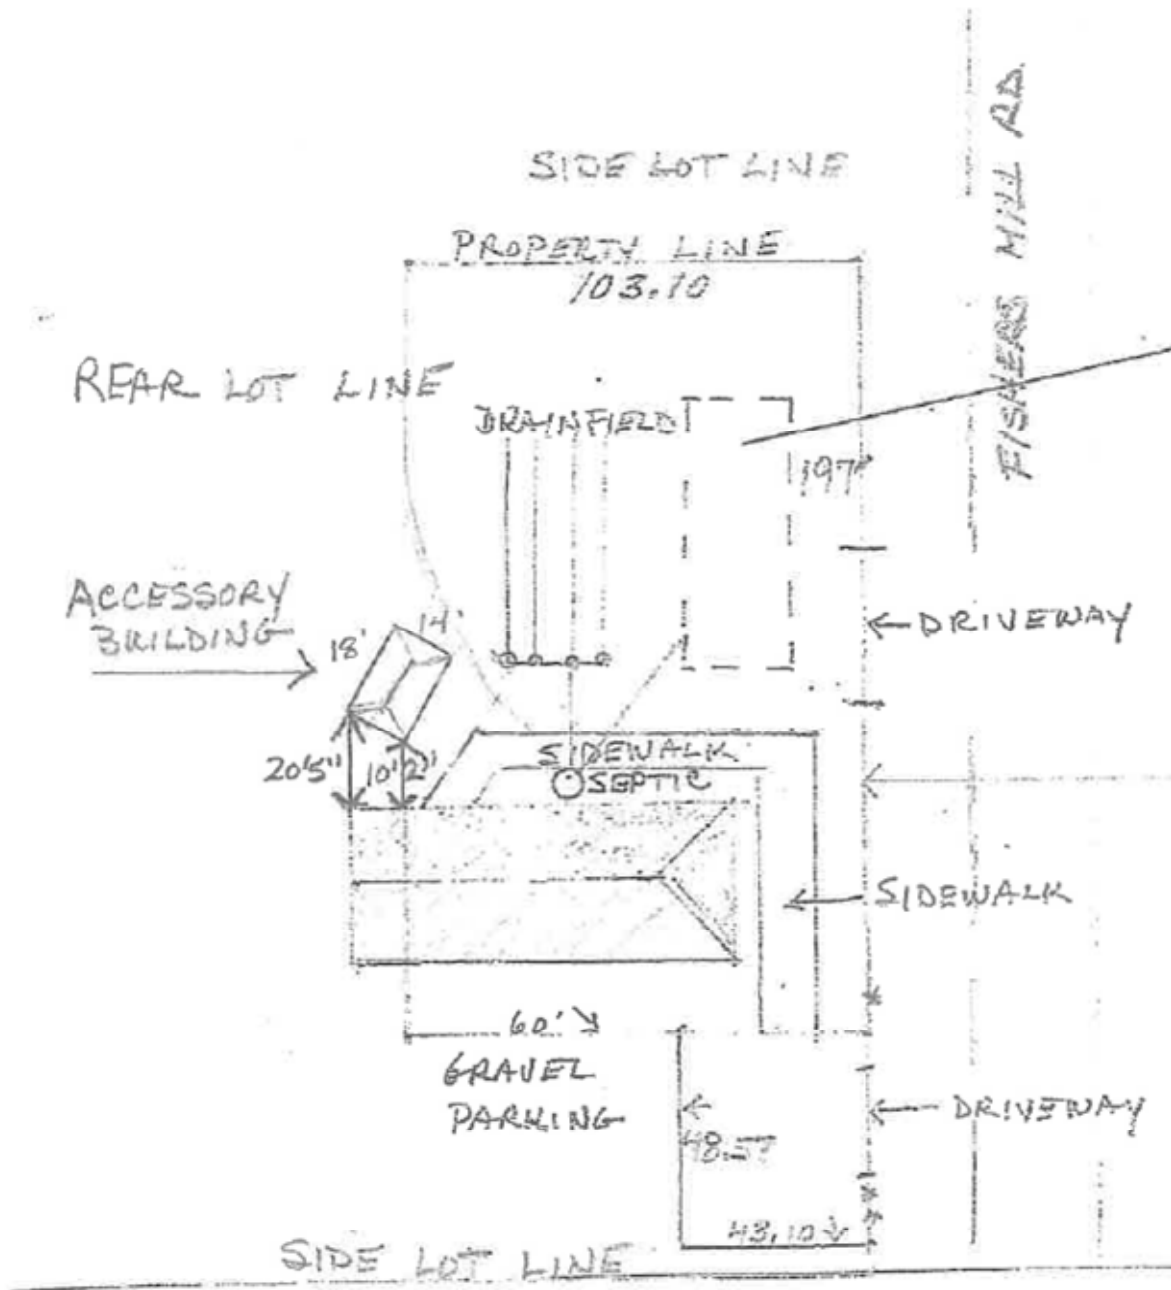

*Clackamas County is committed to providing meaningful access and will make reasonable accommodations, modifications, or provide translation, interpretation or other services upon request. Please contact us at 503-742-4545 or email DRenhard@clackamas.us.*

## **RECOMMENDED CONDITIONS OF APPROVAL**

The conditions listed are necessary to ensure that approval criteria for this land use permit are satisfied. Where a condition relates to a specific approval criterion, the code citation for that criterion follows in parentheses.

1. Approval of this land use permit is based on the submitted written narrative and plan(s) filed with the County on March 22, 2021. No work shall occur under this permit other than which is specified within these documents, unless otherwise required or specified in the conditions below. It shall be the responsibility of the property owner(s) to comply with this document(s) and the limitation of any approval resulting from the decision described herein.

## FINDINGS

---

The findings below identify the standards and criteria that are relevant to this decision, state the facts relied upon in rendering the decision, and explain the justification for the decision.

### 1. PROJECT OVERVIEW:

This property is known within the Clackamas County's inventory of designated sites as the Redland Grange, originally designated in the early 1990s. The building, constructed in the early 1930s is an example of an early 20<sup>th</sup> century meeting hall in the vernacular style. It was designated a Clackamas County Historic Landmark for as an example of this type of building, along with its association with the local agricultural community as well as the broad patterns of community and fraternal organizations in Clackamas County.

The applicants are seeking retroactive approval for an accessory building built on this site for use as an outdoor gathering pavilion.

### 2. ZDO SECTION 707.06(C)(4) & (5) – NEW CONSTRUCTION AND MAXIMUM BUILDING FLOOR SPACE:

Applications for proposed structures on a Historic Landmark site, or within a Historic District or Historic Corridor shall be reviewed as Type II applications pursuant to Section 1307. Approval of an application shall be subject to the following criteria:

- a. The design of the proposed structure is compatible with the design of the landmark building(s) on the site or in the district or corridor considering scale, style, height, and architectural detail, materials, and colors.

**Finding:** The building is located to the rear of the existing historic structure. Though simple in its design, it is of a scale, style, and height which allows the Grange Hall to remain the prominent feature on the site. The standard is met.

- b. The location and orientation of the new structure on the site is consistent with the typical location and orientation of similar structures on the site or within the district or corridor, considering setbacks, distances between structures, location of entrances, and similar siting considerations.

**Finding:** As an accessory structure, the pavilion is located to the rear of the property. Though the other properties in this area aren't historic, this arrangement is consistent with the other properties in the area. The standard is met.

- c. Changes to yard areas including planters, fences, ponds, walkways and landscape materials should be compatible with the overall historic setting.

**Finding:** There was not significance to the yard area of the grounds of the Redland Grange site, so there is little impact in terms of compatibility in these changes to the yard area. Further, this type of accessory structure is common to assembly halls and other types of community buildings and those of fraternal

organizations – a historic association specifically referenced in the inventory of this site. The standard is met.

- d. Scale of commercial use: Individual permitted uses shall be of a scale appropriate to serve properties surrounding the historic overlay.

**Finding:** No commercial use is being proposed. This standard does not apply.

**Maximum Building Floor Space:** Commercial uses approved pursuant to Subsection 707.04(B)(2) are subject to the following standards:

- a. In an unincorporated community other than Government Camp, the maximum building floor space per commercial use shall be 4,000 square feet except that no maximum applies to uses intended to serve the community and surrounding rural area or the travel needs of people passing through the area.
- b. In Government Camp, the maximum building floor space per commercial use shall be 8,000 square feet except that no maximum applies to uses intended to serve the community and surrounding rural area or the travel needs of people passing through the area
- c. Outside both an unincorporated community and an urban growth boundary, the maximum building floor area per commercial use shall be 3,000 square feet. However, a lawfully established commercial use that existed on December 20, 2001, may expand to occupy a maximum of 3,000 square feet of building floor space or 25 percent more building floor space than was occupied by the use on December 20, 2001, whichever is greater.

**Finding:** The site is not put to a commercial use. These standards do not apply.

**SUMMARY FINDING:** The above analysis of the proposal demonstrates that, subject to conditions, the constructed pavilion structure design complies with the evaluation criteria for new construction on a historic property. The proposed building is secondary to the historic structure in scale, form, and character and is an accessory use common to this type of historic site. Staff recommends approval of the proposal as submitted, with the modifications and conditions proposed.

## **ADVISORY NOTES**

---

Advisory notes are not a part of the recommendation on this land use permit. The items listed below are not recommended conditions of land use approval and would not be subject to appeal. They are advisory and informational only but may represent requirements of other agencies/departments. As such, they may be required by these other agencies/departments in order to complete your proposed development.

1. All construction shall comply with current Oregon Structural Specialty Code and any other relevant codes. All required building permits shall be obtained and received before final occupancy approval.
2. All applicable development permits (grading and erosion control, etc.) shall be obtained prior to any construction.
