REPORT OF INDEPENDENT AUDITORS

Report of Independent Auditors

Board of County Commissioners of
Clackamas County, Oregon, as Governing Body of
Library District of Clackamas County
Oregon City, Oregon

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the major fund, and the budgetary comparison of the Library District of Clackamas County (the District), a component unit of Clackamas County, Oregon, as of and for the year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the District's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and the major fund of the District as of June 30, 2021, and the respective changes in financial position and the respective budgetary comparisons for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 4 through 7 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the District's basic financial statements. The schedule of property tax transactions and outstanding balances (the Schedule), as listed in the table of contents, is presented for purposes of additional analysis and is not a required part of the basic financial statements.

The Schedule is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Information

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the District's basic financial statements. The introductory section is presented for purposes of additional analysis and is not a required part of the basic financial statements.

The introductory section has not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

Reports on Other Legal and Regulatory Requirements

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated September 28, 2021 on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

Other Reporting Required by Minimum Standards for Audits of Oregon Municipal Corporations

In accordance with the *Minimum Standards for Audits of Oregon Municipal Corporations*, we have issued our report dated September 28, 2021, on our consideration of the District's compliance with certain provisions of laws and regulations, including the provisions of Oregon Revised Statutes as specified in Oregon Administrative Rules. The purpose of that report is to describe the scope of our testing of compliance and the results of that testing and not to provide an opinion on compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS

**LIBRARY DISTRICT OF CLACKAMAS COUNTY
(A Component Unit of Clackamas County, Oregon)
MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE YEAR ENDED JUNE 30, 2021**

Management's discussion and analysis of the Library District of Clackamas County (the District) offers readers a narrative overview of financial activities for the fiscal year ended June 30, 2021. Please read it in conjunction with the accompanying basic financial statements and the notes to the basic financial statements.

Oregon Revised Statutes Chapter 451 provides for the establishment of county service districts, including library services. The Clackamas County Board of Commissioners adopted its Order No. 2008-189 on November 26, 2008, which established the District as a County service district to provide a dedicated, stable funding source for the support of library services in Clackamas County, Oregon (the County). The District's boundaries are contiguous with those of the County, excepting portions lying within the city of Johnson City.

FINANCIAL HIGHLIGHTS

- Assets of the District exceeded liabilities at the close of the fiscal year by \$3,566,426. This amount is restricted for distribution to the Library Cities per the Cooperative Intergovernmental Agreement between the Library District of Clackamas County and Member Cities.
- Net Position district-wide decreased by \$43,911. This is due to a decrease in property tax collections as the prior year included special one-time collections.
- The governmental fund reported an ending fund balance of \$3,077,840, a decrease of \$66,417 from the prior year fund balance. Please see page 13 of the basic financial statements, which reconciles the decrease in fund balance to the decrease in Net Position.

OVERVIEW OF THE FINANCIAL STATEMENTS

The Statement of Net Position and the Statement of Activities provide government-wide information for the District. These statements include all assets and liabilities of the District using the accrual basis of accounting, which is similar to the accounting methodology used by private sector entities. Current year revenues and expenses are taken into account regardless of when cash is received or paid.

The Statement of Net Position and the Statement of Activities report District-wide Net Position and change from prior year. Net Position is the difference between assets and liabilities and represents a measurement of financial health. Over time, increases or decreases in Net Position indicate whether financial health is improving or deteriorating.

Following the government-wide financial statements are governmental fund financial statements. These statements are prepared using the current financial resources measurement focus and modified accrual basis of accounting. A reconciliation of the fund financial statements to the district-wide statements explains the differences in the two methods of reporting.

LIBRARY DISTRICT OF CLACKAMAS COUNTY
(A Component Unit of Clackamas County, Oregon)
MANAGEMENT'S DISCUSSION AND ANALYSIS (Continued)
FOR THE YEAR ENDED JUNE 30, 2021

GOVERNMENT-WIDE FINANCIAL ANALYSIS

The District's Net Position decreased for the year ended June 30, 2021. The decrease arises in the excess of expenses over revenues in the Statement of Activities and flows to the Statement of Net Position.

Statement of Net Position

The Statement of Net Position for the fiscal years ended June 30, 2021 and 2020 is as follows:

	2021	2020
ASSETS:		
Cash and cash equivalents	\$ 2,991,783	\$ 1,282,587
Property taxes receivable	574,643	562,324
Due from other government	-	1,765,426
TOTAL ASSETS	3,566,426	3,610,337
NET POSITION:		
Restricted for library services	3,566,426	3,610,337
TOTAL NET POSITION	\$ 3,566,426	\$ 3,610,337

Assets decreased by \$43,911 from prior year due to excess expenditures over revenues, largely due to decrease in investment income. Assessed values have continued to rise in Clackamas County during fiscal year 2020-21 contributing to the financial health of the District. The due from other government balance was a receivable for a cash transfer from the County to return an overpayment of library operations made at the end of the fiscal year. The repayment was received in early fiscal year 2020-21.

LIBRARY DISTRICT OF CLACKAMAS COUNTY
(A Component Unit of Clackamas County, Oregon)
MANAGEMENT'S DISCUSSION AND ANALYSIS (Continued)
FOR THE YEAR ENDED JUNE 30, 2021

Statement of Activities

Total general revenues were \$20,808,749, with \$20,732,724 directly attributed to property taxes. A decrease in Net Position of \$43,911 is reported for 2021. Expenses were \$20,852,660, consisting entirely of distributions to the participating cities and Clackamas County's Oak Lodge and Gladstone libraries. A schedule follows showing revenues and expenses by function and activity for 2021 and 2020, respectively:

	2021	2020
General revenues:		
Property taxes levied for library operations	\$ 20,732,724	\$ 19,757,411
Payment in lieu of taxes	1,903	3,658
Earnings on investments	74,122	139,162
 TOTAL GENERAL REVENUES	 20,808,749	 19,900,231
 Governmental expenses:		
Payments to governments of library operating funds	20,852,660	19,815,773
 TOTAL GENERAL EXPENSES	 20,852,660	 19,815,773
 CHANGE IN NET POSITION	 (43,911)	 84,458
 NET POSITION, June 30, 2020	 3,610,337	 3,525,879
 NET POSITION, June 30, 2021	 \$ 3,566,426	 \$ 3,610,337

Property taxes recognized an increase of \$975,313 and payments to governments increased \$1,036,887 compared to the prior year. The increase in property taxes is primarily attributed to the 3% growth allowed under Measure 47/50 and new development that occurred within the District boundaries.

**LIBRARY DISTRICT OF CLACKAMAS COUNTY
(A Component Unit of Clackamas County, Oregon)
MANAGEMENT'S DISCUSSION AND ANALYSIS (Continued)
FOR THE YEAR ENDED JUNE 30, 2021**

FUND AND BUDGET ANALYSIS

The Balance Sheet and the Statement of Revenues, Expenditures and Changes in Fund Balance are presented for the governmental fund.

The fund balance in the governmental fund balance decreased by \$66,417 during the year.

Compared to budget, a positive variance of \$605,062 is reported for total revenues, due primarily to the increase in property taxes collected.

Expenditures were under budget by \$2,386,721 primarily due to the District budgeting for all potential payments, but only distributing funds when the terms of the IGA are satisfied. Per the IGA (as amended), the District is required to hold funds to the extent that the "annual distribution of funds to Clackamas County is greater than the annual need to operate the Oak Lodge library". The held funds will be distributed during FY21-22, as the County is constructing new library facilities.

ECONOMIC FACTORS

Property taxes are the chief revenue source for the District; approximately 99.63 percent of total revenues for the year ended June 30, 2021 were property tax revenues. The District has a permanent tax rate of \$0.3974 per \$1,000 of assessed value collected from all parcels of real property within the District. In 1997's primary election, voters approved Measure 50, which was referred to the electorate by the Oregon legislature. The 1997 property tax limitation rolled back assessed values to 90 percent of 1995-96 levels less 10 percent, established permanent tax rates, and limited assessed value growth for individual properties to 3 percent per year. Certain taxes, such as those to pay bonded debt, were exempted from Measure 50 reductions.

In early 2020, cases of novel coronavirus (COVID-19) began surfacing in the United States and on the West Coast. In response to local cases emerging here in the State of Oregon, the Governor issued an Executive Order declaring a state of emergency on March 8, 2020, and issued an Executive Order to stay home on March 23, 2020. To date, the County has experienced various levels of shut downs and re-openings and is now combatting Delta, the 4th wave of the virus. It is unknown at this time what the exact economic impact will be to the District in the coming fiscal year. Given the end of Federal unemployment benefits and rent moratoriums, it is possible that the delinquent rate for property taxes could rise, which would result in reduction in property tax revenues for the District and an increase in the balance outstanding of property taxes receivable.

FINANCIAL CONTACT

The financial statements are designed to present users (residents, taxpayers, customers, investors and creditors) with a general overview of the District's finances and to demonstrate accountability. If you have any questions about the report or need additional financial information, please contact the Clackamas County Department of Finance at 2051 Kaen Road, Oregon City, Oregon 97045-4035.

NOTES TO BASIC FINANCIAL STATEMENTS

**LIBRARY DISTRICT OF CLACKAMAS COUNTY
(A Component Unit of Clackamas County, Oregon)
NOTES TO BASIC FINANCIAL STATEMENTS
YEAR ENDED JUNE 30, 2021**

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The District

The Library District of Clackamas County (the District), was formed under the provisions of Oregon Revised Statutes Chapter 451, "County Service Facilities". The District has no potential component units. As provided by ORS 451.485 the Clackamas County Board of Commissioners (the Board) is the governing body of the District. The District was organized to provide financial support to the library service providers of Clackamas County (the County) in order to operate city and County libraries. Creation of the District ensures a stable, dedicated, and long-term funding source for the support of library services. The District acts as a fiscal agent, collecting property tax revenue and distributing it to participating local governments which operate libraries in Clackamas County. Distribution is based on a formula made up of a combination of two factors: first, each participating jurisdiction that operates a library located in Clackamas County receives a proportionate share based on their city's assessed value. The second factor is based on the percentage of unincorporated residents served by each library as established by Library Service Area boundaries that have been agreed upon by all participants. Since the County is financially accountable for and significantly influences the operations of the District, the District is included in the financial statements of the County.

Basis of Presentation and Basis of Accounting

Government-wide Financial Statements

The Statement of Net Position and the Statement of Activities display information about the District, including all of its financial activities. Governmental activities are financed primarily through general revenue, primarily property taxes.

The Statement of Activities presents direct expenses for the District's program. The District has no program revenues. Direct expenses are those that are specifically associated with the program and, therefore, are clearly identifiable to that program.

Fund Financial Statements

The fund financial statements provide information about the District's only fund.

Measurement Focus and Basis of Accounting

Government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flows take place. On the accrual basis of accounting, revenue from property taxes is recognized in the fiscal year for which the taxes are levied.

LIBRARY DISTRICT OF CLACKAMAS COUNTY
(A Component Unit of Clackamas County, Oregon)
NOTES TO BASIC FINANCIAL STATEMENTS (Continued)
YEAR ENDED JUNE 30, 2021

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Basis of Presentation and Basis of Accounting (Continued)

Measurement Focus and Basis of Accounting (Continued)

Governmental fund financial statements are reported using the current financial resources measurement focus and modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available. The District considers all revenues reported in the governmental fund to be available if they are collected within sixty days after year-end. Property taxes and interest are considered susceptible to accrual. Expenditures are recorded when the related fund liability is incurred, except for claims and judgments, which are recognized as expenditures to the extent they have matured.

Use of Estimates

The preparation of basic financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the basic financial statements and reported amounts of revenues and expenses/expenditures during the reporting period. Actual results may differ from those estimates.

Cash and Investments

The District considers investments with maturities of three months or less when purchased to be cash equivalents.

The District's cash and investments comprise funds held and invested by the County Treasurer and the State of Oregon Treasurer's Local Government Investment Pool. Financial information required by Governmental Accounting Standards Board Statements No. 3, No. 31, No. 40, and No. 72 regarding the accounting and financial reporting for the District's pooled cash and investments, held by the County Treasurer, has been disclosed in the County's Annual Comprehensive Financial Report for the year ended June 30, 2021.

Receivables

Real and personal property taxes are assessed and become a lien against the property as of July 1 each year, and are payable in three installments on November 15, February 15, and May 15. All property taxes receivable are due from property owners within the District.

Deferred Outflows/Inflows of Resources

In addition to assets, the balance sheet reports a separate section for *deferred outflows of resources*, which represents a consumption of net position that applies to future periods and so will not be recognized as an outflow of resources (expense/expenditure) until that time.

LIBRARY DISTRICT OF CLACKAMAS COUNTY
(A Component Unit of Clackamas County, Oregon)
NOTES TO BASIC FINANCIAL STATEMENTS (Continued)
YEAR ENDED JUNE 30, 2021

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Deferred Outflows/Inflows of Resources (Continued)

In addition to liabilities, the balance sheet reports a separate section for *deferred inflows of resources*, which represents an acquisition of net position that applies to future periods and so will not be recognized as an inflow of resources (revenue) until that time. Unavailable revenue – property taxes, are a portion of the District’s property taxes that are collected after year-end and meet the recognition in future periods requirement of deferred inflows of resources.

Budget

A budget is prepared and legally adopted for the fund on the modified accrual basis of accounting, except for property taxes which are recognized on the cash basis. The budget is adopted, appropriations made, and the tax levy is declared no later than June 30th for the next fiscal year. The resolution authorizing appropriations sets the level by which expenditures cannot legally exceed appropriations. Appropriations, which are set at the principal object level, consisting of Special Payments are the levels of control established by the resolution. The detail budget document, however, is required to contain more specific, detailed information for the above mentioned expenditure categories. Management may make transfers of appropriations within object levels. However, transfers of appropriations between object levels require the approval of the governing body. Unexpected additional resources may be added to the budget through the use of a supplemental budget. The Board at a regular Board meeting may adopt supplemental budgets less than 10% of the fund's original budget. A supplemental budget greater than 10% of the fund's original budget requires hearings before the public, publication in newspapers and approval by the Board. Original and supplemental budgets may be modified by the use of appropriation transfers between the levels of control with approval by the Board. The Board made one appropriation increase of less than 10% for \$77,066, and no appropriation transfers during fiscal year 2021. Appropriations lapse as of year-end.

Fund Balance and Net Position

On the government-wide *Statement of Net Position*, net position is segregated into restricted and unrestricted balances. Restrictions are limitations on how the net position may be used. Restrictions may be placed on net position by an external party that provided the resources, by enabling legislation or by the nature of the asset. This amount is reported on the Statement of Net Position.

Certain revenues derived from specific taxes or other earmarked revenue sources are considered restricted assets. Such revenues include dedicated property taxes, state gas tax, intergovernmental grants, and charges for services which are legally restricted to finance particular functions or activities. Net position from these resources is reported as restricted on the *Statement of Net Position* and is recorded in the general fund supporting the specific function or operation.

LIBRARY DISTRICT OF CLACKAMAS COUNTY
(A Component Unit of Clackamas County, Oregon)
NOTES TO BASIC FINANCIAL STATEMENTS (Continued)
YEAR ENDED JUNE 30, 2021

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Fund Balance and Net Position (Continued)

In the financial statements, assets in excess of liabilities are presented as either fund balances or Net Position, depending on the measurement focus used for financial reporting in the fund.

Governmental funds report assets and deferred outflows in excess of liabilities and deferred inflows of resources as fund balances and will be reported in the classifications that comprise a hierarchy based on the extent that the District is bound to honor those constraints on the specific purposes for which amounts in those funds can be spent.

Fund balance is reported as *Non-spendable* when the resources cannot ever be spent, whether due to legal restrictions (such as corpus), or items not spendable in form such as inventory balances or interfund loans/receivables.

Fund balance is reported as *Restricted* when the resources have legal externally enforceable restrictions, representing a spending constraint such as grants or contracts, fines and forfeitures, lender requirements, or laws and regulations of other governments.

Fund balance is reported as *Committed* when the Board of County Commissioners passes a resolution to establish a specific spending constraint on how the resources may be used. The Board can also modify or rescind the resolution through the passage of the same type of formal action employed to previously commit those amounts.

Fund balance is reported as *Assigned* when the County Administrator and Finance Director or designee assign portions of revenue sources or ending fund balance which are not determined to be non-spendable, restricted or committed by formal written notice. Authority is granted to the individuals by the Board of County Commissioners and such authority may only be established, modified or rescinded by the Board.

Fund balance is reported as *Unassigned* when resources are not otherwise reported as non-spendable, restricted, committed, or assigned.

When both restricted and unrestricted fund balance is available for use, the purpose for which that is restricted, it is the District's policy to use restricted fund balance first, then unrestricted fund balance as needed. When unrestricted fund balance is spent, the District will consider committed amounts will be reduced first, followed by assigned amounts, and then unassigned amounts last.

The property taxes collected by the fund are legally restricted by special tax levy Measure 3-310, passed by the voters in November 2008, for the purpose of distributing property tax revenues raised by the District to participating local governments who operate libraries within the County. Therefore, all accumulated net position/fund balance is restricted.

The District has no amounts reported as fund balance at June 30, 2021 for categories other than restricted.

LIBRARY DISTRICT OF CLACKAMAS COUNTY
(A Component Unit of Clackamas County, Oregon)
NOTES TO BASIC FINANCIAL STATEMENTS (Continued)
YEAR ENDED JUNE 30, 2021

2. RISK MANAGEMENT

The District is exposed to various risks of loss related to errors and omissions; automobile; damage to and destruction of assets; and bodily injury for which the District and/or County carries commercial insurance. The District participates in the County's self-insurance program where not commercially insured. During the past three fiscal years, no settled claims have exceeded insurance coverage levels, and there has been no significant reduction in coverage.

3. CASH AND INVESTMENTS

Cash and investments at June 30, 2021 are comprised of the following:

Cash and cash equivalents with County Treasurer	\$ 78,796
State of Oregon Treasurer's Local government Investment Pool	<u>2,912,987</u>
	<u><u>\$2,991,783</u></u>

Cash and cash equivalents represent the District's equity in pooled accounts maintained by the County Treasurer. State statutes authorize the District to invest in general obligations of the U.S. Government and in its agencies, certain bonded obligations of Oregon municipalities, certain corporate indebtedness, bank repurchase agreements, bankers' acceptances, certain commercial paper and the State of Oregon Treasurer's Local Government Investment Pool (LGIP), among others. As of June 30, 2021, and for the year then ended, the District and the County were in compliance with the aforementioned State of Oregon statutes.

Oregon Revised Statutes (ORS) require the public funds depository institution to be a participant in a multiple financial institution collateral pool administered by the Oregon State Treasurer or otherwise adequately collateralized as outlined in ORS 295. Reference should be made to the June 30, 2021, Clackamas County Annual Comprehensive Financial Report for compliance with these statutes.

PFM Asset Management LLC provides administrative and operational support for the LGIP. The LGIP is an open-ended no-load diversified portfolio. The LGIP is offered to any municipality, political subdivision or public corporation of Oregon who by law is made the custodian of, or has control of, any public funds. The LGIP is commingled with state funds in the Oregon Short Term Fund (OSTF). In seeking to best serve participants, the Oregon Legislature established the OSTF Board. The OSTF Board advises the Oregon Investment Council and State Treasury in the management and investments of the OSTF. The OSTF is an external investment pool. The OSTF is not registered with the U.S. Securities and Exchange Commission as an investment company. Separate financial statements for the Oregon Short-Term Fund are available from the Oregon State Treasurer.

Investments in the LGIP are stated at fair value, which approximates cost. Fair value in the LGIP is the same as the value of its pool shares. The District's LGIP funds are in the District's name and reference should be made to the June 30, 2021, Clackamas County Annual Comprehensive Financial Report for disclosures of the risk inherent in the County's portfolio.

LIBRARY DISTRICT OF CLACKAMAS COUNTY
(A Component Unit of Clackamas County, Oregon)
NOTES TO BASIC FINANCIAL STATEMENTS (Continued)
YEAR ENDED JUNE 30, 2021

4. TAX ABATEMENTS

The District has entered into no tax abatement programs. There are two tax abatement programs entered into by another government reducing the District's property tax revenues for the year ended June 30, 2021:

Oregon Enterprise Zone:

The Oregon Enterprise Zone program (E-Zone) is a State of Oregon economic development program established under ORS section 285C.175, that allows for property tax exemptions for up to five years. In exchange for receiving property tax exemption, participating firms are required to meet the program requirements set by state statute and the local sponsor. The County is the local sponsor for the E-Zone.

The E-Zone allows industrial firms that will be making a substantial new capital investment a waiver of 100% of the amount of real property taxes attributable to the new investment for a 5-year period after completion. Land or existing machinery or equipment is not tax exempt; therefore, there is no loss of current property tax levies to the local taxing jurisdiction.

Not-for-Profit Low Income Rental Housing:

In 1985, Oregon legislature authorized a property tax exemption for low-income housing held by charitable, nonprofit organizations (Not-for-Profit Low Income Rental Housing (NPLTE)). Recently the legislature has renewed and extended this program to 2027. The tax exemption is intended to benefit low-income renters by alleviating property tax burden on those agencies that provide this housing opportunity. The qualifying property must be located within the District.

Charitable, nonprofit organizations that provide housing to low-income persons are eligible. Organizations must be certified by the Internal Revenue Service as 501(c)(3) or (4). Organizations must own or have a leasehold interest in the property or participate in a partnership as long as the non-profit organization is responsible for the day-to-day management of the property. Applicants who are leaseholders must have a signed leasehold agreement by the application deadline.

Housing units which are unoccupied at the time of application may be included in the total eligible units if the application meets the following conditions:

- (1) The units will be available exclusively to eligible, very low-income persons;
- (2) The units are intended to be occupied within the year;
- (3) The application must be filled out giving information to the best of your ability regarding how the applicant plans to provide housing to eligible tenants; and
- (4) Vacant land must be held for future development of affordable housing for the very low-income, and must include a development plan in the application.

Vacant land intended to be developed as low-income housing is also eligible for the exemption.

4. TAX ABATEMENTS (Continued)

<u>Tax Abatement Program</u>	<u>Amount of Taxes Abated during the Fiscal Year 2021</u>
Clackamas County:	
E-Zone	\$ 12,279
NPLTE	9,782
	\$ 22,061

5. RELATED-PARTY TRANSACTIONS

The District has entered into an intergovernmental agreement with the cities for library operations. The County receives distributions for the Oak Lodge Library as this is a County operated library due to the Oak Grove area being unincorporated, and for the Gladstone Library, since it became a County operated library starting December 1st, 2019. For the year ended June 30, 2021, the District paid approximately \$2,334,247 to the County for Oak Lodge and Gladstone Libraries operations as part of the library distribution. Accounting, administrative, collection of taxes and other professional services are provided by the County at no cost to the District.

6. COMMITMENTS & CONTINGENCIES

COVID-19

In early 2020, cases of novel coronavirus (COVID-19) began surfacing in the United States and on the West Coast. In response to local cases emerging here in the State of Oregon, the Governor issued an Executive Order declaring a state of emergency on March 8, 2020, and issued an Executive Order to stay home on March 23, 2020. To date, the County has experienced various levels of shut downs and re-openings and is now combatting Delta, the 4th wave of the virus. It is unknown at this time what the exact economic impact will be to the District in the coming fiscal year. Given the end of Federal unemployment benefits and rent moratoriums, it is possible that the delinquent rate for property taxes could rise, which would result in reduction in property tax revenues for the District and an increase in the balance outstanding of property taxes receivable.

**REPORT OF INDEPENDENT AUDITORS ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED
IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

Report of Independent Auditors on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*

Board of County Commissioners of
Clackamas County, Oregon, as Governing Body of
Library District of Clackamas County
Oregon City, Oregon

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the major fund, and the budgetary comparison for the Library District of Clackamas County (the District), a component unit of Clackamas County, Oregon, as of and for the year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise the District's basic financial statements, and have issued our report thereon dated September 28, 2021.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the District's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**REPORT OF INDEPENDENT AUDITORS ON COMPLIANCE AND ON
INTERNAL CONTROL OVER FINANCIAL REPORTING BASED ON AN
AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE
WITH OREGON MINIMUM AUDIT STANDARDS**

Report of Independent Auditors on Compliance and on Internal Control Over Financial Reporting Based on an Audit of Financial Statements Performed in Accordance with *Oregon Minimum Audit Standards*

Board of County Commissioners of
Clackamas County, Oregon, as Governing Body of
Library District of Clackamas County
Oregon City, Oregon

We have audited the basic financial statements of the Library District of Clackamas County (the District), a component unit of Clackamas County, Oregon as of and for the year ended June 30, 2021 and have issued our report thereon dated September 28, 2021. We conducted our audit in accordance with auditing standards generally accepted in the United States of America, the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller of the United States, and the provisions of the Minimum Standards for Audits of Oregon Municipal Corporations, prescribed by the Secretary of State. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the basic financial statements are free of material misstatement.

Compliance

As part of obtaining reasonable assurance about whether the District's basic financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, including provisions of Oregon Revised Statutes as specified in Oregon Administrative Rules (OAR) 162-010-0000 to 162-010-0330, as set forth below, noncompliance with which could have a direct and material effect on the financial statements:

- The use of approved depositories to secure the deposit of public funds.
- The requirements relating to the preparation, adoption and execution of the annual budgets for fiscal year 2021 and 2022.
- The requirements relating to insurance and fidelity bond coverage.
- The statutory requirements pertaining to the investment of public funds.

However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our test disclosed no instances of noncompliance that are required to be reported under *Minimum Standards for Audits of Oregon Municipal Corporations*, prescribed by the Oregon Secretary of State.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. *A material weakness* is a deficiency, or combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Minimum Standards for Audits of Oregon Municipal Corporations*, prescribed by the Secretary of State, in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
