If the grievance remains unresolved, the department head or designee shall respond to the grievance within ten (10) working days. The grievance procedure ends at this step.

ARTICLE 10 - WORKERS' COMPENSATION

All part-time and temporary employees covered by this Agreement will be insured under the provisions of the Oregon State Workers' Compensation Law for injuries that arise out of and occur in the course of employment for the County. The County is self-insured for workers' compensation claims. The County and the Association acknowledge the right of employees to receive workers' compensation benefits as provided by state law and this Article.

The County will compensate the employee for injuries that result in an inability to work with sufficient medical authorization that arise out of and occur in the course of employment where the claim has been accepted in an amount equal to the injured employee's regular pay, including any regular additional pay, such a longevity, that the employee was receiving at the time of the injury for up to and including 180 days from the date of the injury. This wage continuation provision will continue for up to and including 180 calendar days from the date of the injury, and is subject to the following conditions:

1. The date of the injury shall be considered a workday, and the employee will receive their normal salary for that day.
2. The waiting period as stated in ORS 656.210 will be charged to sick leave or other accrued leave if available unless total temporary disability exceeds fourteen (14) consecutive days. Then, workers' compensation covers from the first day.
3. The employee's regular pay will be subject to all standard deductions, such as income tax and employee benefits, as required or allowed under Federal and State Law.
4. While the employee is receiving wage continuation under this provision, the employee will continue to receive all other County health and welfare benefits the employee was enrolled in at the time of the injury unless prohibited by law, rule, and regulation or provider contract.

After one hundred and eighty (180) calendar days from the date of injury, if the accepted condition is still resulting in the employee's inability to work, the employee will receive temporary total disability benefits as provided under the Oregon Workers' Compensation Law.

After one hundred eighty (180) calendar days from the date of injury, the employee may elect to use accrued leave to supplement the difference between statutory workers' compensation benefits and the employee's regular pay (including any regular additional pay).

Medical insurance coverage shall continue to be provided for employees as was in place prior to the injury for as long as the employee remains employed during this period. Employees are responsible for any applicable insurance premium cost share.

The County may request the employee return to modified or light duty, subject to medical release. An injured employee that refuses to return to modified or light duty may be subject to loss of reinstatement rights and reduction of temporary total disability benefits.

ARTICLE 11 – BENEFITS

In the event that during the life of this agreement it becomes impossible for reasons of law, regulation, or decisions for the County to pay the six percent (6%) employee contribution to PERS, then that sum shall be contributed on behalf of the employee to a retirement benefit, such as a state retirement account, County deferred compensation plan, or other individual retirement transitional account. The intent of the parties is that the employees will be made whole in terms of the six percent (6%) retirement contribution by the County.

3. Employee Reporting Expectations.

The County anticipates needing every available employee to effectively respond to the impact of a declared major emergency or disaster, whether it strikes during normal work hours, at night, on a weekend or a holiday. In a major emergency or disaster, employees should be prepared to report for work at any time and can expect to work non-regular extended hours under challenging conditions. Employees may be asked to temporarily perform work that is not normally in their regular classification.

If the major emergency or disaster occurs during non-work hours, employees are expected to ensure the safety and welfare of their families. If the employees are available for work, they should make every effort to contact their supervisor for reporting instructions. Employees can also check the Employee Hotline at 503.655.8468. If unable to establish contact with a department representative, employees should assume they are needed and report to the Public Service Building (PSB) or other reporting station as identified on the Employee Hotline as soon as practical.

If the major emergency or disaster occurs during work hours, employees are expected to remain on the job unless specifically released by their supervisor. The County will assist in checking on the status of immediate family members of on-duty-employees and report that status to the employee.

Employees will be compensated for hours worked as provided in Article 7 (Wages).
