## FAQs

### **What are marijuana processing, marijuana production, and marijuana wholesaling?**

Zoning and Development Ordinance (ZDO) [Section 202, Definitions](#) provides definitions of “marijuana processing”, “marijuana production”, and “marijuana wholesaling”.

### **What is a LUCS?**

A Land Use Compatibility Statement (LUCS) is a State of Oregon form that may be required by the Oregon Liquor Control Commission (OLCC) as part of an application for State licensing for marijuana processing, production, or wholesaling. On the LUCS, the County affirms whether or not your proposed marijuana land use complies with applicable rules of the ZDO.

### **What is required before the County can sign a LUCS for marijuana land uses in industrial zoning districts?**

Per the ZDO, a maximum of 20,000 square feet of building floor space may be used for *all* businesses' activities associated with marijuana processing, marijuana production, and marijuana wholesaling on a single lot of record in an industrial zoning district where such activities are permitted. Before the County can sign a LUCS, it must determine that prospective marijuana land uses can comply with this ZDO limitation. A LUCS Approval Request form must be completed in order for the County to make that determination. Please see Planning & Zoning Fee Schedule under "Other Fees" [here](#). The Technology Fee is non-refundable.

### **How long will it take the County to process my request?**

The County makes every effort to sign a LUCS within two weeks (14 days) of receiving a complete LUCS Approval Request form, associated documentation, and payment.
