Citizen Input, Announcements and Reports:

CCI had a "Listening Session" for all CPO's. Meg Was our representative. She explained; Code Enforcement, Sheriff's and Livability were our main Issues.

CCI is working with Code Enforcement to help them become more successful. Code Enforcement has adjusted the boundaries for their Officers according to the CPO boundaries! Which means: We only have to report to one official.

CCI has also requested for the definition of "Livability" which is also very important in a Hearings Request. In Land Use recommendations, the CPO can appeal on Zoning Ordinances, Laws and Livability according to our "Rights" There is no definition for a Hearings Officer to have to comply with.

The meeting was adjourned at: 7:52 PM. The next meeting will be held March 13th, 2025, unless otherwise postponed.
