## FAQs

### When is a Temporary Use Otherwise Prohibited permit required?

The County's Zoning and Development Ordinance (ZDO) lists the uses that are allowed in each zone. However, the ZDO also allows a property that is not in the Ag/Forest (AG/F), Exclusive Farm Use (EFU), or Timber (TBR) Districts to be used temporarily for a use that is not listed. This type of temporary use requires a Temporary Use Otherwise Prohibited land use permit.

### What is the permit application process?

Temporary Use Otherwise Prohibited permits are subject to a "Type II" land use application process, as provided for in [Section 1307](#) of the ZDO. Type II decisions include notice to owners of nearby land, the Community Planning Organization (if active), service providers (sewer, water, fire, etc.), and affected government agencies. If the application is approved, the applicant must comply with any conditions of approval identified in the decision. The Planning Director's decision can be appealed to the County Land Use Hearings Officer.

### What is needed for the County to approve a land use permit?

A temporary use otherwise prohibited *may* be permitted after an evaluation by the County of applicable standards of the ZDO. The applicant is responsible for providing evidence that their proposal does or can meet those standards. In order to address the standards, the information requested in this application should be as thorough and complete as possible. A permit will only be approved or denied after a complete application is received and reviewed. The County approves an application only if it finds that the proposal meets the standards or can meet the standards with conditions.

### If approved, how long would the temporary permit be valid?

The temporary permit may be approved for a period not to exceed one year. The permit may be renewed for a period not to exceed one year. A renewal shall be subject to the same approval criteria and review process as an initial permit. A temporary permit for a use otherwise prohibited *may* be renewed an unlimited number of times.

### How long will it take the County to make a decision about an application?

The County makes every effort to issue a decision on a Type II land use application within 45 days of when we deem the application to be complete. State law requires a final County decision on a land use permit application in an urban area within 120 days of the application being deemed complete, and within 150 days for a land use permit in a rural area.

### If an application is submitted and then withdrawn, will a refund be given?

Please see Planning & Zoning Fee Schedule under "Other Fees" [here](#). The \$5 Technology Fee is non-refundable.
