General Fund Dues (required for membership):

Supports legislative advocacy and policy development, educational opportunities and meetings, member communications, and technical assistance, as well as AOC's core operational expenses including finance, insurance, utilities, and supplies. Dues are calculated using a tiered base fee determined by population. The remaining dues are divided in half, with 50 percent allocated towards the county's share of assessed value, and 50 percent allocated towards the county's share of population. Figures used to determine these calculations are obtained from the Department of Revenue and Portland State University (PSU) Population Research Center (updated by AOC every three years). The formula is capped so no county will pay more than 20 times the lowest base fee. Dues increase annually by 3 percent. Increases of 3.1 percent to 5 percent can be implemented annually with approval from the AOC board of directors. Increases of 5.1 percent or more require approval from the AOC membership. In 2024 dues were increased by 5 percent from the 2023 county individual county assessment. In October 2023, when recommending the proposed 2024 (CY) budget to the full membership, the AOC Board of Directors froze individual county rates at 2023 levels, and then increased each county assessment by 5 percent. The full membership approved General Fund dues assessments with the adoption of the 2024 Budget at the Business Meeting held during the AOC Annual Conference in November 2023.

CFTLC Dues (required for voting privileges):

Finances the activities of the Council of Forest Trust Land Counties (CFTLC), created to represent the interests of the 15 Oregon counties that contain forest lands administered by the State Department of Forestry. These dues support advocacy and professional services to promote and protect the counties' interests in Oregon's forest trust lands. Dues are based upon an approved budget and comparative forest trust land acreage by county. In 2024 dues were increased by 5 percent as approved by CFTLC members and the full AOC membership in November 2023.

CFTLC Special Voluntary Assessment:

Dues enable CFTLC to retain critical specialized contract services to protect counties' interests in the forest trust lands. The assessment is based on the CFTLC dues formula described above. In 2024 dues were increased by 5 percent as approved by CFTLC members and the full AOC membership in November 2023.
