### Example of General County BRC Draft Renewal Priorities:

  - Controlling diabetes as a chronic condition.
  - Identify carrier resources for supporting obesity and diabetes.
- Education:
  - Develop and initiate an education campaign in collaboration with plan carriers targeting specific area(s) for improvement.
  - Advertise health coaching and alternative care resources
- High Claims:
  - Controlling Multiple Sclerosis (MS) as a chronic condition.
  - Monitor claims and explore cost containment options for psoriasis and psoriatic arthritis.
- Mental Health:
  - Identify Providence and Kaiser plans to address the growing need for mental health services, including care for children.
- Providence Out-of-Area Coverage:
  - Determine if it is appropriate to continue to offer a separate out-of-area dependent benefit, since Providence already provides a national network of providers through Cigna.
- Review Life and Disability Insurance plans, and determine authority of BRC around dependent eligibility and agency of changes to those plans. Treat these items similar to how the BRC checks in on medical and dental throughout the year.
