Background:

The PeopleSoft Finance and Human Resource systems are the heart of the financial systems for Clackamas County. Since 2000, Finance, Human Resources, and Technology Services have maintained and updated these systems to respond to new program initiatives, legislative mandates, and changing reporting requirements. Critical processes used to support accounting and reporting were constrained by the original construction of the financial chart of accounts structure, which is the foundation of the accounting system.

The ERP (Enterprise Resource Planning) committee, (management from Finance, Human Resources, Technology Services) conducted a business process analysis and identified the current chart of accounts as a major hindrance to the Finance Department's ability to respond and adapt to the County's changing business needs.

Finance determined that implementing a new budget software (OpenGov) without addressing the Chart of Accounts would minimize the effectiveness of the new budget software and hinder the County's ability to use it effectively and efficiently; therefore, a new chart of accounts was implemented in OpenGov.

ERP Analysts, Inc. will provide the needed resources to implement the new chart of account structure in the PeopleSoft Finance and Human Resources systems to align with OpenGov and provide data integration between the systems.

ERP Analysts, Inc. staff will provide project management and technical staff to integrate, customize, convert data, train, document, create reports and distribute software. They will also lead in the implementation of critical accounting modules, such as: Project Costing, Accounts Receivables, and Billing. These changes will allow the Finance Department to have fully functioning ERP and meet the business needs of the County.

Future on-call Consulting Services may include but are not limited to the following projects: configure and implement the Purchasing and Contract Management modules; Capital Asset Management module for calculating depreciation; and PeopleSoft Time & Labor for timesheets to streamline processes and integrate manual activities administered on external systems.

PROCUREMENT PROCESS:

This project was advertised in accordance with ORS and LCRB Rules on July 16, 2020. Proposals were opened on August 27, 2020. The County received fifteen (15) Proposals: Astute Business Solutions, CherryRoad Technologies, Inc., Deloitte & Touche, LLP, DLZP Group, LLC, Elire, Inc., ERP Analysts, Inc., HyperGen, Inc., Isomerous, LLC, Kastech Solutions Group, Metformers, Inc., Sierra-Cedar, Inc., Spear MC, TATA Consultancy Services, The Business and Technology Resource Group, and Tunabear Consulting.

The evaluation team narrowed down the proposals to three highest as CherryRoad Technologies, ERP Analysts, and Spear MC. After oral interviews with these three firms and issuing a Best and Final Offer ("BAFO") request on September 29, 2020, the evaluation committee comprised of nine County personnel scored ERP Analysts, Inc. as the highest.

RECOMMENDATION:

Staff respectfully recommends the Board approve the attached contract for Chart of Account Re-installation and PeopleSoft updates. Thank you.

Sincerely,

Elizabeth Comfort
Finance Director

Contractor acknowledges and agrees that the covenants contained herein are necessary for the protection of the legitimate business interests of the County and are reasonable in scope and content.

Contractor agrees to comply with all reasonable requests by the County to ensure the confidentiality and nondisclosure of the Confidential Information, including if requested and without limitation: (a) obtaining nondisclosure agreements, in a form approved by the County, from each of Contractor's employees and agents who are performing services, and providing copies of such agreements to the County; and (b) performing criminal background checks on each of Contractor's employees and agents who are performing services, and providing a copy of the results to the County.

Contractor shall report, either orally or in writing, to the County any use or disclosure of Confidential Information not authorized by this Contract or in writing by the County, including any reasonable belief that an unauthorized individual has accessed Confidential Information. Contractor shall make the report to the County immediately upon discovery of the unauthorized disclosure, but in no event more than two (2) business days after Contractor reasonably believes there has been such unauthorized use or disclosure. The provisions in this Section shall operate in addition to, and not as limitation of, the confidentiality and similar requirements set forth in the rest of the Contract, as it may otherwise be amended. Contractor's obligations under this Contract shall survive the expiration or termination of the Contract, as amended, and shall be perpetual.

- 29. Under this Contract, the County is engaging the expertise, experience, judgment, and personal attention of such Key Persons. Neither Contractor nor any of the Key Persons shall delegate performance of the management powers and responsibilities each such Key Person is required to provide under this Contract to any other employee or agent of the Contractor unless the County provides prior written consent to such delegation. Contractor shall not reassign or transfer a Key Person to other duties or positions such that the Key Person is no longer available to provide the County with such Key Person's services unless the County provides prior written consent to such reassignment or transfer.
- 30.
