Members of the Board:

Approval of a Board Order Offering to Transfer Jurisdiction from Clackamas County to the City of Canby a portion of N. Maple Street (County Road #2579)

Purpose/Outcomes	Jurisdictional transfer of a portion of N. Maple Street to the City of Canby.
Dollar Amount and Fiscal Impact	Cost savings in the form of staff time and Maintenance monies used on a County maintained portion of road located entirely within the City of Canby.
Funding Source	N/A
Duration	Upon execution; permanent
Previous Board Action	N/A
County Counsel Review	Reviewed and approved on 11/26/2019
Strategic Plan Alignment	• Build a strong infrastructure • Build public trust through good government
Contact Person	Michael Bays, Survey/CADD Supervisor; 503-742-4667

There are certain County roads, such as N. Maple Street in Canby, that are wholly, mostly, or partially within various cities throughout Clackamas County. Fragmented jurisdiction over these roads often results in differing road maintenance activities and confusion by the public as to which agency is responsible for the operation and maintenance of the roads.

Staff from both Clackamas County and the City of Canby are recommending, to their respective governing bodies, the transfer of a portion of N. Maple Street to the City with the intent of streamlining planned roadway improvements, eliminating confusion to the public, and improving the efficiencies of maintenance and public service. The section of N. Maple Street to be transferred is located entirely within Canby city limits.

The portion of N. Maple Street to be transferred contains approximately 24,500 square feet of Right-of-Way. By accepting jurisdiction over a portion of N. Maple Street, the City would become the “Road Authority” responsible for all maintenance, improvement, permitting, and road standard activities. The attached order acts as an “offer” to transfer road jurisdiction to the City of Canby. Upon “acceptance” by the City of the County’s offer, jurisdiction of the roadway automatically transfers.

RECOMMENDATION:
Staff respectfully recommends that the Board approve this order offering to transfer jurisdiction over the portion of N. Maple Street to the City of Canby.

Respectfully submitted,

Michael Bays -Survey/CADD Supervisor

RE: Sandy Health Clinic– Proposal for Structural Engineering Services

Dear Lori:

AAI Engineering is pleased to provide you with the following *revised* scope of services and fee proposal for the future Sandy Health Clinic to be located in Sandy, OR. Our proposal is based upon the information contained in the schematic level Revit model received October 16, 2019, our meeting October 18, 2019, and the email received November 21, 2019. This revised proposal has been prepared in response to a change in the structural scope of services as depicted in the schematic model and the determination to proceed with entirely new construction in lieu of remodeling the existing building. (Note: The original structural services were limited to the design of a structurally independent 2,300± addition to the west and did not include any substantive structural changes to the existing main building.)

AAI's team of design professionals will provide structural engineering services for the above project. We have selected the following experienced team members for this project:

- Hamid Afghan, PE, SE — Managing Principal
- Chemelle Stark, PE, SE — Project Manager
- Matt Yosefani — Structural Designer

The basis of our proposal, associated fees, assumptions and exclusions are detailed below.

PROJECT DESCRIPTION AND SCOPE OF WORK

We understand the project consists of a 9,800± SF wood framed one-story building. The gable roof structure is anticipated to be framed with pre-engineered wood trusses and will have some vaulted shed roof sections. Standard 2x6 stud walls will provide bearing and lateral resistance. The northeast corner of the building will feature a glass and heavy-timber framed lobby. The structural scope of work will include the design of the heavy-timber trusses. The foundation will be constructed with conventional shallow continuous and spread footings.

Structural Service Detail

The Scope of Services and Fees provided by AAI Engineering will be:

Schematic Design (Completed as of 11/21/19)

- Attend one team meeting.
- Develop structural system for gravity and lateral for the building.
- Prepare schematic structural narrative.

Design Development

- Attend one team meeting.
- Coordinate design with architect, MEP and civil.
- Provide mark-ups of Design Development level outline specifications for structural elements.
- Perform structural calculations and prepare drawings for major components of the building.
- Provide design development plans and details and provide digital 100% DD sets
- Identify and document design-build components.

Construction Documents

- Provide structural calculations suitable for permit submittal.
- Provide structural drawings suitable for permit submittal.
- Redline the structural sections of the specifications as provided by the client.
- Assist in establishing testing and inspection requirements.
- Perform checking and coordination of structural documents.

Permitting and Bidding

- Respond to structural plan review and make revisions to construction documents as required.
- Provide structural addenda and clarifications.
- Issue construction set.

Construction Administration

- Advise contractor which structural elements require construction observation by EOR.
- Make (2) site observations: during foundation and roof framing.
- Prepare site visit reports.
- Provide interpretations of structural documents and respond to RFIs (16 hours).
- Review specified shop drawing submittals for items designed by EOR (10 hours).
- Review testing and inspection reports.

Our professional fees for the services outlined above will be:

• Schematic Design	$2,400.00
• Design Development	$7,920.00
• Construction Documents	$12,175.00
• Permitting & Bidding	$2,200.00
• Construction Administration (Hourly Estimate)	$5,300.00
Total	$29,995.00
Original Contract	(-$12,800.00)
Contract Change	$17,195.00

Construction administration (CA) estimate shown above applies to standard CA activities for the scope of work detailed in this proposal. ***CA due to unknown and unforeseen site conditions or construction are not included in the estimate and can increase these costs***. Reimbursable expenses including plotting, printing, photocopies, photographs, and site visit travel are excluded and will be charged at cost plus 10%.

ASSUMPTIONS

- Geotechnical Report shall be provided.
  *If a geotechnical report is not provided, AAI Engineering will use the presumptive soil bearing values as permitted in the building code and the local jurisdiction. The client is cautioned that these values are generally conservative and may result in increased foundation sizes when compared to sizes that may have been obtained with higher allowable soil bearing values. (A geotechnical report cannot, however, guarantee that higher allowable values will result.) If the presumptive code values are used for design, the client shall agree to sign a letter acknowledging the inherent risks as outlined in the letter.
- Electronic files suitable for drafting shall be provided.
- Site is suitable for conventional shallow foundation (i.e. deep foundations or mat foundations would incur additional engineering fees.)
- Off-site project meetings are not required.
- Design may be completed in essentially one contiguous process. Phased design or separate permit submittals may incur additional cost.
- The client will approve the design and documents at the conclusion of each phase prior to proceeding to the next phase. Redesign efforts after client approvals, including but not limited to client-driven design modifications, value engineering, cost reduction alternatives to the approved design, or other such changes, will be provided as an additional service.
- Substantive design changes occurring after permit submittal will be considered beyond the original scope of work and will be provided as an additional service.

EXCLUSIONS

For your information, structural design services specifically excluded in our scope of work are detailed below. However, unless expressly defined in the preceding proposal, all other services are hereby excluded. Please let us know if any of these services are required for this project so that we may revise our proposal accordingly.

- Cost Estimating
- Extensive Value Engineering
- Construction Engineering (Construction Means & Methods, e.g. shoring and bracing)
- Rooftop Mechanical and Solar
- Fall Protection Engineering
- Non-structural Component Supports & Anchorage
- Interior Non-Structural Partition Walls

We very much look forward to working with you. This proposal is valid for sixty days. If you have any questions at all regarding this proposal, please do not hesitate to contact us.

Sincerely,

Chemelle Stark, P.E., S.E.
Associate

Such material breach shall give rise to COUNTY's right, but not obligation, to withhold SUBRECIPIENT grant funds until compliance is met, reclaim grant funds in the case of omissions or misrepresentations in financial or programmatic reporting, or to terminate this relationship including the original contract and all associated amendments.

Dear Mr. Swift:

Congratulations on your recent award! The Office for Civil Rights (OCR), Office of Justice Programs (OJP), U.S. Department of Justice (DOJ) has been delegated the responsibility for ensuring that recipients of federal financial assistance from the OJP, the Office of Community Oriented Policing Services (COPS), and the Office on Violence Against Women (OVW) are not engaged in discrimination prohibited by law. Several federal civil rights laws, such as Title VI of the Civil Rights Act of 1964 and Title IX of the Education Amendments of 1972, require recipients of federal financial assistance to give assurances that they will comply with those laws. In addition to those civil rights laws, many grant program statutes contain nondiscrimination provisions that require compliance with them as a condition of receiving federal financial assistance. For a complete review of these civil rights laws and nondiscrimination requirements, in connection with OJP and other DOJ awards, see https://ojp.gov/funding/Explore/LegalOverview/CivilRightsRequirements.htm

Under the delegation of authority, the OCR investigates allegations of discrimination against recipients from individuals, entities, or groups. In addition, the OCR conducts limited compliance reviews and audits based on regulatory criteria. These reviews and audits permit the OCR to evaluate whether recipients of financial assistance from the Department are providing services in a non-discriminatory manner to their service population or have employment practices that meet equal-opportunity standards.

If you are a recipient of grant awards under the Omnibus Crime Control and Safe Streets Act or the Juvenile Justice and Delinquency Prevention Act and your agency is part of a criminal justice system, there are two additional obligations that may apply in connection with the awards: (1) complying with the regulation relating to Equal Employment Opportunity Programs (EEOPs); and (2) submitting findings of discrimination to OCR. For additional information regarding the EEOP requirement, see 28 CFR Part 42, subpart E, and for additional information regarding requirements when there is an adverse finding, see 28 C.F.R. §§ 42.204(c), .205(c)(5). Please submit information about any adverse finding to the OCR at the above address.

We at the OCR are available to help you and your organization meet the civil rights requirements that are associated with OJP and other DOJ grant funding. If you would like the OCR to assist you in fulfilling your organization's civil rights or nondiscrimination responsibilities as a recipient of federal financial assistance, please do not hesitate to let us know.

Sincerely,

Michael L. Alston

On behalf of Attorney General William P. Barr, it is my pleasure to inform you that the Office on Violence Against Women has approved your application for funding under the Improving Criminal Justice Responses Program in the amount of $749,251 for Clackamas County. The Improving Criminal Justice Responses Program encourages state, local, and tribal governments, and courts to treat domestic violence, dating violence, sexual assault, and stalking as serious violations of criminal law requiring the coordinated involvement of the entire criminal justice system.

Enclosed you will find the award package. This award is subject to all administrative and financial requirements, including the timely submission of all financial and programmatic reports, resolution of all interim audit findings, and the maintenance of a minimum level of cash-on-hand. Should you not adhere to these requirements, you will be in violation of the terms of this agreement and the award will be subject to termination for cause or other administrative action as appropriate.

If you have questions regarding this award, please contact Brenda Auterman at (202) 616-3851. SPECIAL CONDITIONS

1. Requirements of the award; remedies for non-compliance or for materially false statements

   The conditions of this award are material requirements of the award. Compliance with any certifications or assurances submitted by or on behalf of the recipient that relate to conduct during the period of performance also is a material requirement of this award.

   Failure to comply with any one or more of these award requirements -- whether a condition set out in full below, a condition incorporated by reference below, or a certification or assurance related to conduct during the award period -- may result in the Office on Violence Against Women ("OVW") taking appropriate action with respect to the recipient and the award. Among other things, OVW may withhold award funds, disallow costs, or suspend or terminate the award. OVW also may take other legal action as appropriate.

   Any materially false, fictitious, or fraudulent statement to the federal government related to this award (or concealment or omission of a material fact) may be the subject of criminal prosecution (including under 18 U.S.C. 1001 and/or 1621, and/or 34 U.S.C. 10271-10273), and also may lead to imposition of civil penalties and administrative remedies for false claims or otherwise (including under 31 U.S.C. 3729-3730 and 3801-3812).

   Should any provision of a requirement of this award be held to be invalid or unenforceable by its terms, that provision shall first be applied with a limited construction so as to give it the maximum effect permitted by law. Should it be held, instead, that the provision is utterly invalid or -unenforceable, such provision shall be deemed severable from this award.

2. Applicability of Part 200 Uniform Requirements and DOJ Grants Financial Guide

   The recipient agrees to comply with the Uniform Administrative Requirements, Cost Principles, and Audit Requirements in 2 C.F.R. Part 200, as adopted and supplemented by the Department of Justice (DOJ) in 2 C.F.R. Part 2800 (together, the "Part 200 Uniform Requirements"), and the current edition of the DOJ Grants Financial Guide as posted on the OVW website, including any updated version that may be posted during the period of performance. The recipient also agrees that all financial records pertinent to this award, including the general accounting ledger and all supporting documents, are subject to agency review throughout the life of the award, during the close-out process, and for three years after submission of the final Federal Financial Report (SF-425) or as long as the records are retained, whichever is longer, pursuant to 2 C.F.R. 200.333, 200.336.

3. Requirement to report potentially duplicative funding

   If the recipient currently has other active awards of federal funds, or if the recipient receives any other award of federal funds during the period of performance for this award, the recipient promptly must determine whether funds from any of those other federal awards have been, are being, or are to be used (in whole or in part) for one or more of the identical cost items for which funds are provided under this award. If so, the recipient must promptly notify the DOJ awarding agency (OJP or OVW, as appropriate) in writing of the potential duplication, and, if so requested by the DOJ awarding agency, must seek a budget-modification or change-of-project-scope grant adjustment notice (GAN) to eliminate any inappropriate duplication of funding.

SPECIAL CONDITIONS

4. Requirements related to System for Award Management and unique entity identifiers

   The recipient must comply with applicable requirements regarding the System for Award Management (SAM), currently accessible at https://www.sam.gov. This includes applicable requirements regarding registration with SAM, as well as maintaining current information in SAM.

   The recipient also must comply with applicable restrictions on subawards ("subgrants") to first-tier subrecipients (first-tier "subgrantees"), including restrictions on subawards to entities that do not acquire and provide (to the recipient) the unique entity identifier required for SAM registration.

   The details of the recipient's obligations related to SAM and to unique entity identifiers are posted on the OVW website at https://www.justice.gov/ovw/award-conditions (Award Condition: Requirements related to System for Award Management (SAM) and unique entity identifiers), and are incorporated by reference here.

5. Employment eligibility verification for hiring under the award

   The recipient must ensure that, as part of the hiring process for any position within the United States that is or will be funded (in whole or in part) with award funds, the recipient (or any subrecipient) properly verifies the employment eligibility of the individual who is being hired, consistent with the provisions of 8 U.S.C. § 1324a(a)(1) and (2). The details of the recipient's obligations under this condition are posted on the OVW website at https://www.justice.gov/ovw/award-conditions (Award Condition: Employment eligibility verification for hiring under award), and are incorporated by reference here.

6. Requirement to report actual or imminent breach of personally identifiable information (PII)

   The recipient (and any subrecipient at any tier) must have written procedures in place to respond in the event of an actual or imminent breach (as defined in OMB M-17-12) if it (or a subrecipient)-- 1) creates, collects, uses, processes, stores, maintains, disseminates, discloses, or disposes of personally identifiable information (PII) (as defined in 2 C.F.R. 200.79) within the scope of an OVW grant-funded program or activity, or 2) uses or operates a Federal information system (as defined in OMB Circular A-130). The recipient's breach procedures must include a requirement to report actual or imminent breach of PII to an OVW Program Manager no later than 24 hours after an occurrence of an actual breach, or the detection of an imminent breach.

7. Unreasonable restrictions on competition under the award; association with federal government

   No recipient (or subrecipient, at any tier) may (in any procurement transaction) discriminate against any person or entity on the basis of such person or entity's status as an "associate of the federal government" (or on the basis of such person or entity's status as a parent, affiliate, or subsidiary of such an associate), except as expressly set out in 2 C.F.R. 200.319(a) or as specifically authorized by DOJ. The details of the recipient's obligations under this condition are posted on the OVW website at https://www.justice.gov/ovw/award-conditions (Award Condition: Unreasonable restrictions on competition under the award; association with federal government), and are incorporated by reference here.

SPECIAL CONDITIONS

8. Requirements pertaining to prohibited conduct related to trafficking in persons (including reporting requirements and OVW authority to terminate award)

   The recipient, and any subrecipient ("subgrantee") at any tier, must comply with all applicable requirements (including requirements to report allegations) pertaining to prohibited conduct related to the trafficking of persons, whether on the part of recipients, subrecipients ("subgrantees"), or individuals defined (for purposes of this condition) as "employees" of the recipient or of any subrecipient.

   The details of the recipient's obligations related to prohibited conduct related to trafficking in persons are posted on the OVW web site at https://www.justice.gov/ovw/award-conditions (Award Condition: Prohibited conduct by recipients and subrecipients related to trafficking in persons (including reporting requirements and OVW authority to terminate award)), and are incorporated by reference here.

9. Determinations of suitability to interact with participating minors

   SCOPE. This condition applies to this award if it is indicated in the application for the award (as approved by DOJ) (or in the application for any subaward at any tier), the DOJ funding announcement (solicitation), or an associated federal statute - that a purpose of some or all of the activities to be carried out under the award (whether by the recipient or a subrecipient at any tier) is to benefit a set of individuals under 18 years of age.

   The recipient, and any subrecipient at any tier, must make determinations of suitability before certain individuals may interact with participating minors. This requirement applies regardless of an individual's employment status. The details of this requirement are posted on the OVW web site at https://www.justice.gov/ovw/award-conditions (Award condition: Determination of suitability required, in advance, for certain individuals who may interact with participating minors), and are incorporated by reference here.

10. Compliance with applicable rules regarding approval, planning, and reporting of conferences, meetings, trainings, and other events

    The recipient, and any subrecipient ("subgrantee") at any tier, must comply with all applicable laws, regulations, policies, and official DOJ guidance (including specific cost limits, prior approval and reporting requirements, where applicable) governing the use of federal funds for expenses related to conferences (as that term is defined by DOJ), including the provision of food and/or beverages at such conferences, and costs of attendance at such conferences.

    Information on the pertinent DOJ definition of conferences and the rules applicable to this award appears on the OVW website at https://www.justice.gov/ovw/conference-planning.

11. OVW Training Guiding Principles

    The recipient understands and agrees that any training or training materials developed or delivered with funding provided under this award must adhere to the OVW Training Guiding Principles for Grantees and Subgrantees, available at https://www.justice.gov/ovw/grantees#Resources.

12. Effect of failure to address audit issues

    The recipient understands and agrees that the DOJ awarding agency (OJP or OVW, as appropriate) may withhold award funds, or may impose other related requirements, if (as determined by the DOJ awarding agency) the recipient does not satisfactorily and promptly address outstanding issues from audits required by the Part 200 Uniform Requirements (or by the terms of this award), or other outstanding issues that arise in connection with audits, investigations, or reviews of DOJ awards.

SPECIAL CONDITIONS

13. Potential imposition of additional requirements

The recipient agrees to comply with any additional requirements that may be imposed by the DOJ awarding agency (OJP or OVW, as appropriate) during the period of performance for this award, if the recipient is designated as "high-risk" for purposes of the DOJ high-risk grantee list.

14. Compliance with DOJ regulations pertaining to civil rights and nondiscrimination - 28 C.F.R. Part 42

The recipient, and any subrecipient ("subgrantee") at any tier, must comply with all applicable requirements of 28 C.F.R. Part 42, specifically including any applicable requirements in Subpart E of 28 C.F.R. Part 42 that relate to an equal employment opportunity program.

15. Compliance with DOJ regulations pertaining to civil rights and nondiscrimination - 28 C.F.R. Part 38

The recipient, and any subrecipient ("subgrantee") at any tier, must comply with all applicable requirements of 28 C.F.R. Part 38, specifically including any applicable requirements regarding written notice to program beneficiaries and prospective program beneficiaries.

Among other things, 28 C.F.R. Part 38 includes rules that prohibit specific forms of discrimination on the basis of religion, a religious belief, a refusal to hold a religious belief, or refusal to attend or participate in a religious practice. Part 38 also sets out rules and requirements that pertain to recipient and subrecipient ("subgrantee") organizations that engage in or conduct explicitly religious activities, as well as rules and requirements that pertain to recipients and subrecipients that are faith-based or religious organizations.

16. Compliance with DOJ regulations pertaining to civil rights and nondiscrimination - 28 C.F.R. Part 54

The recipient, and any subrecipient ("subgrantee") at any tier, must comply with all applicable requirements of 28 C.F.R. Part 54, which relates to nondiscrimination on the basis of sex in certain "education programs."

17. Restrictions on "lobbying" and policy development

In general, as a matter of federal law, federal funds may not be used by the recipient, or any subrecipient ("subgrantee") at any tier, either directly or indirectly, in support of the enactment, repeal, modification or adoption of any law, regulation or policy, at any level of government, in order to avoid violation of 18 U.S.C. § 1913. The recipient, or any subrecipient ("subgrantee") may, however, use federal funds to collaborate with and provide information to federal, state, local, tribal and territorial public officials and agencies to develop and implement policies and develop and promote state, local, or tribal legislation or model codes designed to reduce or eliminate domestic violence, dating violence, sexual assault, and stalking (as those terms are defined in 34 U.S.C. § 12291(a)) when such collaboration and provision of information is consistent with the activities otherwise authorized under this grant program.

Another federal law generally prohibits federal funds awarded by OVW from being used by the recipient, or any subrecipient at any tier, to pay any person to influence (or attempt to influence) a federal agency, a Member of Congress, or Congress (or an official or employee of any of them) with respect to the awarding of a federal grant or cooperative agreement, subgrant, contract, subcontract, or loan, or with respect to actions such as renewing, extending, or modifying any such award. See 31 U.S.C. § 1352. Certain exceptions to this law apply, including an exception that applies to Indian tribes and tribal organizations.

Should any question arise as to whether a particular use of federal funds by a recipient (or subrecipient) would or might fall within the scope of these prohibitions, the recipient is to contact OVW for guidance, and may not proceed without the express prior written approval of OVW.

SPECIAL CONDITIONS

18. Compliance with general appropriations-law restrictions on the use of federal funds for this fiscal year

The recipient, and any subrecipient ("subgrantee") at any tier, must comply with all applicable restrictions on the use of federal funds set out in federal appropriations statutes. Pertinent restrictions, for each fiscal year, are set out at https://www.justice.gov/ovw/award-conditions (Award Condition: General appropriations-law restrictions on use of federal award funds), and are incorporated by reference here. Should a question arise as to whether a particular use of federal funds by a recipient (or a subrecipient) would or might fall within the scope of an appropriations-law restriction, the recipient is to contact OVW for guidance, and may not proceed without the express prior written approval of OVW.

19. Reporting potential fraud, waste, and abuse, and similar misconduct

The recipient and any subrecipients ("subgrantees") must promptly refer to the DOJ Office of the Inspector General (OIG) any credible evidence that a principal, employee, agent, subrecipient, contractor, subcontractor, or other person has, in connection with funds under this award -- (1) submitted a claim that violates the False Claims Act; or (2) committed a criminal or civil violation of laws pertaining to fraud, conflict of interest, bribery, gratuity, or similar misconduct.

Potential fraud, waste, abuse, or misconduct involving or relating to funds under this award should be reported to the OIG by-- (1) mail directed to: Office of the Inspector General, U.S. Department of Justice, Investigations Division, 1425 New York Avenue, N.W. Suite 7100, Washington, DC 20530; and/or (2) the DOJ OIG hotline: (contact information in English and Spanish) at (800) 869-4499 (phone) or (202) 616-9881 (fax).

Additional information is available from the DOJ OIG website at https://oig.justice.gov/hotline.

SPECIAL CONDITIONS

20. Restrictions and certifications regarding non-disclosure agreements and related matters

No recipient or subrecipient ("subgrantee") under this award, or entity that receives a procurement contract or subcontract with any funds under this award, may require any employee or contractor to sign an internal confidentiality agreement or statement that prohibits or otherwise restricts, or purports to prohibit or restrict, the reporting (in accordance with law) of waste, fraud, or abuse to an investigative or law enforcement representative of a federal department or agency authorized to receive such information.

The foregoing is not intended, and shall not be understood by the agency making this award, to contravene requirements applicable to Standard Form 312 (which relates to classified information), Form 4414 (which relates to sensitive compartmented information), or any other form issued by a federal department or agency governing the nondisclosure of classified information.

1. In accepting this award, the recipient--

a. represents that it neither requires nor has required internal confidentiality agreements or statements from employees or contractors that currently prohibit or otherwise currently restrict (or purport to prohibit or restrict) employees or contractors from reporting waste, fraud, or abuse as described above; and

b. certifies that, if it learns or is notified that it is or has been requiring its employees or contractors to execute agreements or statements that prohibit or otherwise restrict (or purport to prohibit or restrict), reporting of waste, fraud, or abuse as described above, it will immediately stop any further obligations of award funds, will provide prompt written notification to the federal agency making this award, and will resume (or permit resumption of) such obligations only if expressly authorized to do so by that agency.

2. If the recipient does or is authorized under this award to make subawards ("subgrants"), procurement contracts, or both--

a. it represents that--

(1) it has determined that no other entity that the recipient's application proposes may or will receive award funds (whether through a subaward ("subgrant"), procurement contract, or subcontract under a procurement contract) either requires or has required internal confidentiality agreements or statements from employees or contractors that currently prohibit or otherwise currently restrict (or purport to prohibit or restrict) employees or contractors from reporting waste, fraud, or abuse as described above; and

(2) it has made appropriate inquiry, or otherwise has an adequate factual basis, to support this representation; and

b. it certifies that, if it learns or is notified that any subrecipient, contractor, or subcontractor entity that receives funds under this award is or has been requiring its employees or contractors to execute agreements or statements that prohibit or otherwise restrict (or purport to prohibit or restrict), reporting of waste, fraud, or abuse as described above, it will immediately stop any further obligations of award funds to or by that entity, will provide prompt written notification to the federal agency making this award, and will resume (or permit resumption of) such obligations only if expressly authorized to do so by that agency.

SPECIAL CONDITIONS

21. Compliance with 41 U.S.C. 4712 (including prohibitions on reprisal; notice to employees)

The recipient (and any subrecipient at any tier) must comply with, and is subject to, all applicable provisions of 41 U.S.C. 4712, including all applicable provisions that prohibit, under specified circumstances, discrimination against an employee as reprisal for the employee's disclosure of information related to gross mismanagement of a federal grant, a gross waste of federal funds, an abuse of authority relating to a federal grant, a substantial and specific danger to public health or safety, or a violation of law, rule, or regulation related to a federal grant.

The recipient also must inform its employees, in writing (and in the predominant native language of the workforce), of employee rights and remedies under 41 U.S.C. 4712.

Should a question arise as to the applicability of the provisions of 41 U.S.C. 4712 to this award, the recipient is to contact the DOJ awarding agency (OJP or OVW, as appropriate) for guidance.

22. Encouragement of policies to ban text messaging while driving

Pursuant to Executive Order 13513, "Federal Leadership on Reducing Text Messaging While Driving," 74 Fed. Reg. 51225 (October 1, 2009), DOJ encourages recipients and subrecipients ("subgrantees") to adopt and enforce policies banning employees from text messaging while driving any vehicle during the course of performing work funded by this award, and to establish workplace safety policies and conduct education, awareness, and other outreach to decrease crashes caused by distracted drivers.

23. Availability of general terms and conditions on OVW website

The recipient agrees to follow the applicable set of general terms and conditions that are available at https://www.justice.gov/ovw/grantees#award-conditions. These do not supersede any specific conditions in this award document.

24. Compliance with statutory and regulatory requirements

The recipient agrees to comply with all relevant statutory and regulatory requirements, which may include, among other relevant authorities, the Violence Against Women Act of 1994, P.L. 103-322, the Violence Against Women Act of 2000, P.L. 106-386, the Violence Against Women and Department of Justice Reauthorization Act of 2005, P.L. 109-162, the Violence Against Women Reauthorization Act of 2013, P.L. 113-4, the Omnibus Crime Control and Safe Streets Act of 1968, 34 U.S.C. §§ 10101 et seq., and OVW's implementing regulations at 28 C.F.R. Part 90.

25. Compliance with solicitation requirements

The recipient agrees that it must be in compliance with requirements outlined in the solicitation under which the approved application was submitted. The program solicitation is hereby incorporated by reference into this award.

26. VAWA 2013 nondiscrimination condition

The recipient acknowledges that 34 U.S.C. § 12291(b)(13) prohibits recipients of OVW awards from excluding, denying benefits to, or discriminating against any person on the basis of actual or perceived race, color, religion, national origin, sex, gender identity, sexual orientation, or disability in any program or activity funded in whole or in part by OVW. The recipient agrees that it will comply with this provision. The recipient also agrees to ensure that any subrecipients ("subgrantees") at any tier will comply with this provision.

SPECIAL CONDITIONS

27. Misuse of award funds

The recipient understands and agrees that misuse of award funds may result in a range of penalties, including suspension of current and future funds, suspension or debarment from federal grants, recoupment of monies provided under an award, and civil and/or criminal penalties.

28. Limitation on use of funds to approved activities

The recipient agrees that grant funds will be used only for the purposes described in the recipient's application, unless OVW determines that any of these activities are out of scope or unallowable. The recipient must not undertake any work or activities that are not described in the recipient's application, award documents, or approved budget, and must not use staff, equipment, or other goods or services paid for with grant funds for such work or activities, without prior written approval, via Grant Adjustment Notice (GAN), from OVW.

29. Non-supplantation

The recipient agrees that grant funds will be used to supplement, not supplant, non-federal funds that would otherwise be available for the activities under this grant.

30. Confidentiality and information sharing

The recipient agrees to comply with the provisions of 34 U.S.C. § 12291(b)(2), nondisclosure of confidential or private information, which includes creating and maintaining documentation of compliance, such as policies and procedures for release of victim information. The recipient also agrees to ensure that all subrecipients ("subgrantees") at any tier meet these requirements.

31. Activities that compromise victim safety and recovery or undermine offender accountability

The recipient agrees that grant funds will not support activities that compromise victim safety and recovery or undermine offender accountability, such as: procedures or policies that exclude victims from receiving safe shelter, advocacy services, counseling, and other assistance based on their actual or perceived sex, age, immigration status, race, religion, sexual orientation, gender identity, mental health condition, physical health condition, criminal record, work in the sex industry, or the age and/or sex of their children; procedures or policies that compromise the confidentiality of information and privacy of persons receiving OVW-funded services; procedures or policies that impose requirements on victims in order to receive services (e.g., seek an order of protection, receive counseling, participate in couples' counseling or mediation, report to law enforcement, seek civil or criminal remedies, etc.); procedures or policies that fail to ensure service providers conduct safety planning with victims; project design and budgets that fail to account for the access needs of participants with disabilities and participants who have limited English proficiency or are Deaf or hard of hearing; or any other activities outlined in the solicitation under which the approved application was submitted.

32. Termination or suspension for cause

The Director of OVW, upon a finding that there has been substantial failure by the recipient to comply with applicable laws, regulations, and/or the terms and conditions of the award or relevant solicitation, will terminate or suspend until the Director is satisfied that there is no longer such failure, all or part of the award, in accordance with the provisions of 28 C.F.R. Part 18, as applicable mutatis mutandis.

SPECIAL CONDITIONS

33. Maintaining contact information

The recipient acknowledges that it is responsible for maintaining updated contact information in the Grants Management System (GMS). To update information in GMS for either the point of contact and/or the authorized representative, the recipient must submit a Grant Adjustment Notice (GAN).

34. Semiannual and final performance progress report submission

The recipient agrees to submit semiannual performance progress reports that describe activities conducted during the reporting period, including program effectiveness measures. Reports must be submitted throughout the project period, even if no funds were spent and no activities were conducted in a given reporting period. Future awards may be withheld if reports are delinquent.

The information that must be collected and reported to OVW can be found in the reporting form associated with the grant program or initiative under which this award was made. Performance progress reports must be submitted within 30 days after the end of the reporting periods, which are January 1 - June 30 and July 1 - December 31. Recipients are required to submit their reports through the Grants Management System (GMS), unless and until OVW issues updated instructions for report submission. The final report is due 90 days after the end of the project period and should be marked "final" in the Report Type field in GMS.

35. Quarterly financial status reports

The recipient agrees that it will submit quarterly financial status reports to OVW through the Grants Management System (GMS) (at https://grants.ojp.usdoj.gov) using the SF 425 Federal Financial Report form (available for viewing at https://www.grants.gov/web/grants/forms/post-award-reporting-forms.html#sortby=1), not later than 30 days after the end of each calendar quarter. The final report shall be submitted not later than 90 days following the end of the award period.

36. Program income

Program income, as defined by 2 C.F.R. 200.80, means gross income earned by the non-federal entity that is directly generated by a supported activity or earned as a result of the federal award during the period of performance. Without prior approval from OVW, program income must be deducted from total allowable costs to determine the net allowable costs. In order to add program income to the OVW award, the recipient must seek approval from its program manager via a budget modification Grant Adjustment Notice (GAN) prior to generating any program income. Any program income added to the federal award must be used to support activities that were approved in the budget and follow the conditions of the OVW award. Any program income approved via budget modification GAN must be reported in the recipient's quarterly Federal Financial Report SF-425 in accordance with the addition alternative. If the program income amount changes (increases or decreases) during the project period, it must be approved via a budget modification GAN by the end of the project period. If the budget modification is not submitted and approved, it could result in audit findings for the recipient.

37. FFATA reporting subawards and executive compensation

The recipient agrees to comply with applicable requirements to report first-tier subawards ("subgrants") of $25,000 or more and, in certain circumstances, to report the names and total compensation of the five most highly compensated executives of the recipient and first-tier subrecipients of award funds. Such data will be submitted to the Federal Funding Accountability and Transparency Act of 2006 (FFATA) Subaward Reporting System (FSRS). The details of recipient obligations, which derive from FFATA, are posted on the OVW web site at https://www.justice.gov/ovw/grantees#award-conditions (Award Condition: Reporting Subawards and Executive Compensation), and are incorporated by reference here.

SPECIAL CONDITIONS

38. Changes to MOU and/or IMOA

The recipient agrees to submit for OVW review and approval, via Grant Adjustment Notice (GAN), any anticipated addition of, removal of, or change in collaborating partner agencies or individuals who are signatories of the Memorandum of Understanding and, if applicable, the Internal Memorandum of Agreement.

39. Submission of all materials and publications

The recipient agrees to submit to OVW one copy of all materials and publications (written, web-based, audio-visual, or any other format) that are funded under this award not less than twenty (20) days prior to distribution or public release. If the materials are found to be outside the scope of the program, or in some way to compromise victim safety, the recipient will need to revise the materials to address these concerns or the recipient will not be allowed to use award funds to support the development or distribution of the materials.

40. Publication disclaimer

The recipient agrees that all materials and publications (written, web-based, audio-visual, or any other format) resulting from award activities shall contain the following statement: "This project was supported by Grant No. _____ awarded by the Office on Violence Against Women, U.S. Department of Justice. The opinions, findings, conclusions, and recommendations expressed in this publication/program/exhibition are those of the author(s) and do not necessarily reflect the views of the U.S. Department of Justice." The recipient also agrees to ensure that any subrecipient at any tier will comply with this condition.

41. Copyrighted works

Pursuant to 2 C.F.R. 200.315(b), the recipient may copyright any work that is subject to copyright and was developed, or for which ownership was acquired, under this award. OVW reserves a royalty-free, nonexclusive, and irrevocable right to reproduce, publish, or otherwise use the work, in whole or in part (including in the creation of derivative works), for federal purposes, and to authorize others to do so.

OVW also reserves a royalty-free, nonexclusive, and irrevocable right to reproduce, publish, or otherwise use, in whole or in part (including in the creation of derivative works), any work developed by a subrecipient ("subgrantee") of this award, for federal purposes, and to authorize others to do so.

In addition, the recipient (or subrecipient, contractor, or subcontractor of this award at any tier) must obtain advance written approval from the OVW program manager assigned to this award, and must comply with all conditions specified by the program manager in connection with that approval, before: 1) using award funds to purchase ownership of, or a license to use, a copyrighted work; or 2) incorporating any copyrighted work, or portion thereof, into a new work developed under this award.

It is the responsibility of the recipient (and of each subrecipient, contractor, or subcontractor as applicable) to ensure that this condition is included in any subaward, contract, or subcontract under this award.

42. Grantee orientation - mandatory attendance

First-time recipients, or continuation recipients if requested, must agree to have key staff members, as identified by OVW, attend the OVW grantee orientation seminar, which may be offered in-person, online, or a combination of both. Additionally, if there is a change in the project director/coordinator during the grant period, the recipient agrees, at the earliest opportunity, to send the new project director/coordinator, regardless of prior experience with this or any other federal award, to an in-person OVW grantee orientation seminar or require completion of the orientation online, whichever is available.

SPECIAL CONDITIONS

43. Prior approval for non-OVW sponsored technical assistance

The recipient agrees that funds allocated for OVW-sponsored technical assistance may not be used for any other purpose without prior approval by OVW. To request approval, the recipient must submit a Grant Adjustment Notice (GAN) and attach a copy of the event's brochure, a curriculum and/or agenda, a description of the hosts or trainers, and an estimated breakdown of costs. The GAN request must be submitted to OVW at least 20 days prior to registering for the event. Requests to attend non-OVW sponsored events will be considered on a case-by-case basis. This prior approval process also applies to requests for the use of OVW-designated technical assistance funds to pay a consultant or contractor not designated as an OVW technical assistance provider to develop and/or provide training and/or technical assistance.

44. Participation in OVW-sponsored technical assistance

The recipient agrees to attend and participate in OVW-sponsored technical assistance. Technical assistance includes, but is not limited to, national and regional conferences, audio conferences, webinars, peer-to-peer consultations, and workshops conducted by OVW-designated technical assistance providers.

45. Consultant compensation rates

The recipient acknowledges that consultants paid with award funds generally may not be paid at a rate in excess of $81.25 per hour, not to exceed $650 per day. To exceed this specified maximum rate, recipients must submit to OVW a detailed justification and have such justification approved by OVW, prior to obligation or expenditure of such funds. Issuance of this award or approval of the award budget alone does not indicate approval of any consultant rate in excess of $81.25 per hour, not to exceed $650 per day. Although prior approval is not required for consultant rates below this specified maximum rate, recipients are required to maintain documentation to support all daily or hourly consultant rates.

46. Required SAM and FAPIIS reporting

The recipient must comply with any and all applicable requirements regarding reporting of information on civil, criminal, and administrative proceedings connected with (or connected to the performance of) either this OVW award or any other grant, cooperative agreement, or procurement contract from the federal government. Under certain circumstances, recipients of OVW awards are required to report information about such proceedings, through the federal System for Award Management (known as "SAM"), to the designated federal integrity and performance system (currently, "FAPIIS").

The details of recipient obligations regarding the required reporting (and updating) of information on certain civil, criminal, and administrative proceedings to FAPIIS within SAM are posted on the OVW web site at: https://www.justice.gov/ovw/grantees#award-conditions (Award Condition: Recipient Integrity and Performance Matters, including Recipient Reporting to FAPIIS), and are incorporated by reference here.

SPECIAL CONDITIONS

47. Withholding of funds pending determination of compliance with HIV certification

The recipient understands and agrees that five percent of its grant funds have been withheld because the recipient has not satisfied the requirements of 34 U.S.C. § 10461(d) concerning HIV testing of individuals charged with or convicted of sexual assault. The recipient therefore may not obligate, expend, or draw down the withheld five percent of its grant funds until the recipient demonstrates to OVW, and OVW determines, that the recipient has come into compliance with the requirements of 34 U.S.C. § 10461(d), and a Grant Adjustment Notice (GAN) has been issued to remove this condition. It is the responsibility of the recipient to timely submit to OVW all documentation necessary to establish that the recipient has satisfied the requirements of 34 U.S.C. § 10461(d), including appropriate certifications as to the recipient's compliance and copies of any applicable laws, policies, and regulations. If the recipient does not demonstrate its compliance with 34 U.S.C. § 10461(d) by the end of the state legislative session (in the recipient's home state) following the date on which the recipient submitted an application for the award, then the withheld five percent of the recipient's grant funds will be returned to OVW at the end of the award period.

48. Compliance with certifications

The recipient acknowledges that it has a continuing obligation to remain in compliance with the applicable certification requirements of 34 U.S.C. § 10461(c).

49. Limitation on use of funds for direct legal representation

The recipient agrees not to use grant funds to provide legal representation in civil or criminal matters, such as family law cases (divorce, custody, visitation, and child support), housing cases, consumer law cases and others. Grant funds may be used to provide legal representation to victims of domestic violence, dating violence, sexual assault, or stalking only in the limited context of protection order proceedings (either temporary or long term relief), or for limited immigration matters that may impact and affect the victim's ability to maintain safety (such as U visas).

50. Prohibition on public awareness activities

The recipient agrees that grant funds will not be used to conduct public awareness or community education campaigns or related activities. Grant funds may be used to support, inform, and conduct outreach to victims about available services.

51. Conditional clearance with release of TA funds

The recipient's budget is pending review and approval. The recipient may obligate, expend, and draw down only funds for travel-related expenses up to $10,000 to attend OVW-sponsored technical assistance events, unless there is another condition on the award prohibiting obligation, expenditure, and drawdown of any funds, in which case the condition prohibiting any obligation, expenditure, or drawdown of funds will control. Remaining funds will not be available for drawdown until OVW's Grants Financial Management Division has approved the budget and budget narrative, and a Grant Adjustment Notice (GAN) has been issued removing this special condition. Any obligations or expenditures incurred by the recipient prior to the budget being approved are made at the recipient's own risk. If applicable, the Indirect Cost Rate will be identified in the GAN when the budget is approved.

U.S. Department of Justice

Office on Violence Against Women

Washington, D.C. 20531

Memorandum To: OVW Award Recipient

From: Marnie Shiels, Attorney Advisor

Subject: Categorical Exclusion for Clackamas County

The Improving Criminal Justice Responses to Sexual Assault, Domestic Violence, Dating Violence, and Stalking Grant Program implements certain provisions of the Violence Against Women Act, which was enacted in September 1994 as Title IV of the Violent Crime Control and Law Enforcement Act of 1994, and reauthorized in the Violence Against Women Acts of 2000, 2005, and 2013. The program enhances victim safety and offender accountability in cases of sexual assault, domestic violence, dating violence, and stalking by encouraging jurisdictions to work collaboratively with community partners to identify problems and share ideas that will result in effective responses to these crimes. An integral component of the program is the creation and enhancement of a coordinated community response that includes criminal justice agencies, victim services providers, and community organizations that respond to sexual assault, domestic violence, dating violence and stalking.

Renovations and construction are unallowable under this grant, and therefore none of the following activities will be conducted under the OVW federal action (i.e., the OVW-funded grant project) or a related third-party action:

1. New construction.
2. Any renovation or remodeling of a property located in an environmentally or historically sensitive area, including property (a) listed on or eligible for listing on the National Register of Historic Places, or (b) located within a 100-year flood plain, a wetland, or habitat for an endangered species.
3. A renovation which will change the basic prior use of a facility or significantly change its size.
4. Research and technology whose anticipated and future application could be expected to have an effect on the environment.
5. Implementation of a program involving the use of chemicals.

In addition, the OVW federal action is neither a phase nor a segment of a project that, when reviewed in its entirety, would not meet the criteria for a categorical exclusion.

Consequently, the subject federal action meets the Office on Violence Against Women's criteria for a categorical exclusion as contained in paragraph 4(b) of Appendix D to Part 61 of Title 28 of the Code of Federal Regulations (adopted by OVW at 28 CFR § 0.122(b)). Also, no further analysis is required under the National Historic Preservation Act or other related statutes and regulations.

The Improving Criminal Justice Responses to Domestic Violence, Dating Violence, Sexual Assault, and Stalking Program is authorized by the Violence Against Women Act, as reauthorized, codified at 34 U.S.C. 10461-10465, and implemented through regulations at 28 C.F.R. Part 90, Subpart D. The program enhances victim safety and offender accountability in cases of domestic violence, dating violence, sexual assault, and stalking by encouraging jurisdictions to work collaboratively with community partners to identify problems and share ideas that will result in effective responses to these crimes. An integral component of this program is the creation and enhancement of a coordinated community response that brings together criminal justice agencies, victim services providers, and community organizations that respond to sexual assault, domestic violence, dating violence, and stalking.

Clackamas County, in collaboration with its victim service partner Clackamas Women's Services, will use this award to strengthen the criminal justice response to domestic and sexual violence. Specifically, this project will: 1) build capacity and enhance services in the family justice center video-court program; 2) train court-

based personnel and family justice center partner agencies; 3) employ a 0.55 FTE Court Clerk; 4) employ a Domestic Violence Investigator and Victim Assistance Advocate in the District Attorney's Office; 5) further develop the multi-disciplinary High Risk Response Team; 6) support a 0.50 FTE advocate and 0.60 FTE training coordinator to provide training, comprehensive victim and legal advocacy services; and 7) develop and update county policies, procedures, and protocols on sexual assault, domestic violence, dating violence, and stalking responses and the appropriate treatment of victims.

The timing for performance of this award is 36 months.

EHA-provided services require applicants to be low income; i.e., gross household income at or below 80% of area median income. Income includes the current gross income of all adult household members at the time of assessment. Income earned by household members who are minors or full-time students and are not considered heads of household is excluded. While household assets should be identified to determine that a program applicant lacks the resources to obtain or retain permanent housing, they are generally not counted as income.

Amendment #3 requirements: Documentation of income for 30 days prior to the assessment must be kept in the client file. If income statements are not available for 30 days prior to the assessment, client must self-certify the previous 30 days of income.

Area median income annually released by the U.S. Department of Housing and Urban Development shall be used when determining income eligibility.

Convert periodic wages to annual income by multiplying:

1. *Hourly wages by the number of hours worked per year (2,080 hours for full-time employment with a 40-hour week and no overtime);*
2. *Weekly wages by 52;*
3. *Bi-weekly wages (paid every other week) by 26;*
4. *Semi-monthly wages (paid twice each month) by 24; and*
5. *Monthly wages by 12.*

To annualize other than full-time income, multiply the wages by the actual number of hours or weeks the person is expected to work.

Contractors who perform the Work without the assistance or labor of any employee need not obtain such coverage if the Contractor certifies so in writing. Contractor shall ensure that each of its Subcontractors complies with these requirements. The Contractor shall require proof of such Workers' Compensation coverage by receiving and keeping on file a certificate of insurance from each Subcontractor or anyone else directly employed by either the Contractor or its Subcontractors.

The policy will include as loss payees Owner, the Contractor and its Subcontractors as their interests may appear. Owner may waive this requirement at its sole and absolute discretion.

5.4.1 Such insurance shall be maintained until Owner has occupied the facility.

Owner shall have the right, but not the obligation, of prohibiting Contractor from entering the Project Site until a new certificate(s) of insurance is provided to Owner evidencing the replacement coverage. The Contractor agrees that Owner reserves the right to withhold payment to Contractor until evidence of reinstated or replacement coverage is provided to Owner.

5.7 Before execution of the Contract, the Contractor shall file with the Construction Contractors Board, and maintain in full force and effect, the separate public works bond required by Oregon Revised Statutes, Chapter 279C.830 and 279C.836, unless otherwise exempt under those provisions. The Contractor shall also include in every subcontract a provision requiring the Subcontractor to have a public works bond filed with the Construction Contractors Board before starting Work, unless otherwise exempt, and shall verify that the Subcontractor has filed a public works bond before permitting any Subcontractor to start Work.

6.2 To the fullest extent permitted by law, Contractor shall indemnify, defend (with counsel approved by Owner) and hold harmless the Owner and its elected officials, officers, directors, agents, and employees (collectively "Indemnitees") from and against all liabilities, damages, losses, claims, expenses, demands and actions of any nature whatsoever which arise out of, result from or are related to: (a) any damage, injury, loss, expense, inconvenience or delay described in this Section 6.1; (b) any accident or occurrence which happens or is alleged to have happened in or about the Project Site or any place where the Work is being performed, or in the vicinity of either, at any time prior to the time the Work is fully completed in all respects; (c) any failure of the Contractor to observe or perform any duty or obligation under the Contract Documents which is to be observed or performed by the Contractor, or any breach of any agreement, representation or warranty of the Contractor contained in the Contract Documents or in any subcontract; (d) the negligent acts or omissions of the Contractor, a Subcontractor or anyone directly or indirectly employed by them or any one of them or anyone for whose acts they may be liable, regardless of whether or not such claim, damage, loss or expense is caused in part by a party indemnified hereunder (except to the extent otherwise void under ORS 30.140); and (e) any lien filed upon the Project or bond claim in connection with the Work. Such obligation shall not be construed to negate, abridge, or reduce other rights or obligations of indemnity which would otherwise exist as to a party or person described in this Section 6.2.

6.3 In claims against any person or entity indemnified under Section 6.2 by an employee of the Contractor, a Subcontractor, anyone directly or indirectly employed by them or anyone for whose acts they may be liable, the indemnification obligation under Section 6.2 shall not be limited on amount or type of damages, compensation or benefits payable by or for the Contractor or a Subcontractor under workers' compensation acts, disability benefit acts or other employee benefit acts.

Any violation shall entitle County to terminate this Contract, to pursue and recover any and all damages that arise from the breach and the termination of this Contract, and to pursue any or all of the remedies available under this Contract, at law, or in equity, including but not limited to: (A) Termination of this Contract, in whole or in part; (B) Exercise of the right of setoff, and withholding of amounts otherwise due and owing to Contractor, in an amount equal to County's setoff right, without penalty; and (C) Initiation of an action or proceeding for damages, specific performance, declaratory or injunctive relief. These remedies are cumulative to the extent the remedies are not inconsistent, and County may pursue any remedy or remedies singly, collectively, successively, or in any order whatsoever.

THIS AMENDMENT NO. 4 TO THE ADMINISTRATIVE SERVICES AGREEMENT (this "Amendment") is entered into as of January 1, 2019, by and between Clackamas County ("Plan Sponsor"), and Providence Health Plan ("Providence"). Plan Sponsor and Providence are sometimes referred to in this Amendment as a "Party" or, collectively, as the "Parties."

RECITALS

A. Plan Sponsor and Providence entered into that certain Administrative Services Agreement dated on or around January 1, 2015 ("Services Agreement").

B. The Parties wish to amend the Services Agreement as set forth herein.

AMENDMENT

The Parties hereby agree as follows:

1. **Section 6.1.** The following provision in Section 6.1 of the Services Agreement is amended and restated in its entirety as follows:

> **"Section 6.1 Medical Management Services.** We will provide the optional medical management services that you have elected below, subject to the fee schedule in Exhibit B.
>
> *****
>
> - Clinical Claims Audit. Our nurse reviewers and medical technicians will review claims that exceed $30,000 in billed charges for Clinical Overpayments. We will also review injectable and biotechnology medical drug and pharmacy claims for Clinical Overpayments using pharmacy technician reviewers. Analysis may include provider billings, clinical information, provider contracts, coding conventions, and payment rules. The nurse reviewer reviews the Diagnosis Related Group (DRG), case rate, coding and code modifiers, and identifies issues related to contractor interpretation, unbundling, duplicate billings, billing errors, and billing maximization.
>
> For high dollar claims (those that exceed $100,000 in payable charges outside of a DRG payment method), we will refer the claim to our subcontractor who will perform an in-depth forensic clinical review of the claim to determine the appropriateness of the billed charges in accordance with the benefit provisions of this Plan. If any savings are realized through this external claim review process, the subcontractor's fee for this service is: 20% for negotiations and 30% for audits, which shall be calculated as a percentage of savings achieved. There is no charge for this service if no savings are realized by the Plan.
>
> The majority of clinical claims audit reviews are conducted prior to actual claim payment, lowering the amount paid. If our review is not fully completed prior to claim payment and we subsequently recover Clinical Overpayments, we will apply a credit to the subsequent call for funds described in Section 4.6."

2. **New Exhibit B.** Exhibit B of the Services Agreement is superseded and replaced in its entirety by the new Exhibit B attached hereto, which shall be effective for the contract renewal term of January 1, 2019 through December 31, 2019.

Capitalized Terms: All capitalized terms in this Amendment shall have the same meaning given to such terms in the Services Agreement unless otherwise specified in this Amendment.

Continuation of Services Agreement: Except as specifically amended pursuant to the foregoing, the Services Agreement shall continue in full force and effect in accordance with the terms in existence as of the date of this Amendment. After the date of this Amendment, any reference to the Services Agreement shall mean the Services Agreement as amended by this Amendment.

IN WITNESS WHEREOF, the parties have executed this Amendment as of the date first written above.

1.2 GRANDFATHERED PLAN NOTICE

This Employer Group believes this Plan is a "grandfathered health plan" under the Patient Protection and Affordable Care Act (PPACA). As permitted by PPACA, a grandfathered health plan can preserve certain basic health coverage that was already in effect when that law was enacted. Being a grandfathered health plan means that this Plan may not include certain consumer protections of PPACA that apply to other Plans, for example, the requirement for the coverage of certain preventive health care services without any cost sharing. However, grandfathered health plans must comply with certain other consumer protections in PPACA, for example, the elimination of the lifetime maximum benefit.

Questions regarding which protections apply and which protections do not apply to a grandfathered health plan and what might cause a plan to change from grandfathered health plan status can be directed to the employer or human resources department.

Non-ERISA plans: You may also contact the U.S. Department of Health and Human Services at www.healthreform.gov.

This booklet contains important information about the health plan coverage offered to Clackamas County Peace Officer Association Employees and their Dependents.

2.1 CLACKAMAS COUNTY PEACE OFFICERS ASSOCIATION PERSONAL OPTION GRANDFATHERED PLAN

Your Plan allows you to receive Covered Services from In-Network Providers.

It is your responsibility to verify whether or not a physician/provider, Hospital or other facility is with Providence Health Plan, and whether or not the health care is a Covered Service even if you have been directed or referred for care by an In-Network Provider.

If you are unsure about a physician/provider's, Hospital's or other facility's participation with Providence Health Plan, visit the Provider Directory, available online at http://phppd.providence.org/, before you make an appointment. You also can call Customer Service to get information about a provider's participation with Providence Health Plan and your benefits.

Whenever you visit a Provider:

- Bring your Providence Health Plan Member ID Card with you.
- Be prepared to make a Copayment at the time of visit if the office visit is subject to a Copayment.
- If your office visit is subject to a Coinsurance (a percentage of the amount billed for Services), you will most likely not be able to pay for what you owe at the time of your visit. Your provider's office will send you a bill for what you owe later. Some providers, however, may ask you to pay an estimate of what you may owe at the time you receive services, and bill or credit you for the balance later.

3. HOW TO USE YOUR PLAN

Our goal is maintaining your health by promoting wellness and preventive care. We encourage you to work closely with one provider, your Primary Care Provider, who can provide most of your care, suggest specialist care and arrange for Hospital care or diagnostic testing.

This section describes how to use this Plan and how benefits are applied. The level of benefits for Covered Services is shown in the Benefit Summary and described in section 4 of this Summary Plan Description.

3.1 IN-NETWORK PROVIDERS

Providence Health Plan has contractual arrangements with certain physicians/providers, hospitals and facilities located in Oregon and southwest Washington, as well as Nationwide. Our agreements with these "In-Network Providers" enable you to receive quality health care for a reasonable cost.

For Services to be covered, you must receive Services from In-Network Providers. It is your responsibility to verify whether or not a physician/provider, hospital or other facility is participating with us even if you have been directed or referred for care by an In-Network Provider.

3.1.1 Nationwide Network of In-Network Providers

Providence Health Plan also has contractual arrangements with certain Qualified Practitioners, Hospitals and facilities nationwide. These arrangements allow you to receive Services when using In-Network Providers, even when you are outside of Oregon and southwest Washington.

3.1.2 Choosing an In-Network Provider

To choose an In-Network Provider, or to verify if a provider is an In-Network Provider, please refer to the Provider Directory, available online at http://phppd.providence.org/. If you do not have access to our website, please call Customer Service to request In-Network Provider Information.

Your In-Network Provider will work with Providence Health Plan to arrange for any Prior Authorization requirements that may be necessary for certain Covered Services. For more information on Prior Authorization, see section 3.7.

3.1.3 Indian Health Services Providers

Native American Indian and Alaskan Native Members may also access Covered Services from Indian Health Services (IHS) facilities at no greater cost than if the Services were accessed from an In-Network Provider. For a list of IHS facilities, please visit the IHS website at www.ihs.gov, or contact the regional IHS office at:

Portland Area Indian Health Service
1414 NW Northrup St., Ste. 800
Portland, OR 97209
Telephone: 503-414-5555

3.2 THE ROLE OF A PRIMARY CARE PROVIDER

To encourage optimum health, we promote wellness and preventive care. We also believe wellness and overall health is enhanced by working closely with one physician or provider – your Primary Care Provider. Your Primary Care Provider can provide most of your care and, when necessary, coordinate care with other providers in a convenient and cost-effective manner. We recommend that upon joining Providence Health Plan you and each of your Family Members choose an In-Network Primary Care Provider as soon as possible.

3.2.1 Primary Care Providers

A Primary Care Provider is a Qualified Practitioner who specializes in family practice, general practice, internal medicine or pediatrics; a nurse practitioner; or a physician assistant, when providing services under the supervision of a physician, who agrees to be responsible for the continuing medical care by serving as case manager. Members may also choose a physician specializing in obstetrics or gynecology; a nurse practitioner; a certified nurse midwife; or a physician assistant specializing in women's health care as their Primary Care Provider. Child Members may choose a physician specializing in pediatrics as their Primary Care Provider.

Primary Care Providers provide preventive care and health screenings, medical management of many chronic conditions, allergy shots, treatment of some breaks and sprains, and care for many major illnesses and nearly all minor illnesses and conditions. Many Primary Care Providers offer maternity care and minor outpatient surgery as well.

IMPORTANT NOTE: In-Network Primary Care Providers have a special agreement with us to serve as a case manager for your care. This means not all of our In-Network Providers with the specialties listed above are In-Network Primary Care Providers. Please refer to the Provider Directory, available online, for a listing of designated In-Network Primary Care Providers or call your Customer Service team to request a hard copy.

3.2.2 Established Patients with Primary Care Providers

If you and your family already see a provider, you may want to check the provider directory to see if your provider is an In-Network Primary Care Provider for Providence Health Plan. If your provider is participating with us, let his or her office know you are now a Providence Health Plan Member.

3.2.3 Selecting a New Primary Care Provider

We recommend that you choose a Primary Care Provider from our Provider Directory, available online, for each covered Family Member. Call the provider's office to make sure he or she is accepting new patients. It is a good idea to have your previous physician or provider transfer your medical records to your new Primary Care Provider as soon as possible. The first time you make an appointment with your Primary Care Provider, let him or her know you are now a Providence Health Plan Member. On your first visit, make a list of questions or information you would like to discuss with your new Primary Care Provider, including the following:

- What are the office hours?
- How can I get medical advice after hours?
- What do I do in an emergency?

Let your Primary Care Provider know if you are under a specialist's care as well as if you are currently taking any ongoing prescription medications.

3.2.4 Changing Your Primary Care Provider

You are encouraged to establish an ongoing relationship with your Primary Care Provider. If you decide to change your Primary Care Provider, please remember to have your medical records transferred to your new Primary Care Provider.

3.2.5 Office Visits

Primary Care Providers

We recommend you see your Primary Care Provider for all routine care and call your Primary Care Provider first for urgent or specialty care. If you need medical care when your Primary Care Provider is not available, the physician/provider on call may treat you and/or recommend that you see another provider for treatment.

Specialists

Your Primary Care Provider will discuss with you the need for diagnostic tests or other specialist services; and may also recommend you see a specialist for treatment.

You also may decide to see a specialist without consulting your Primary Care Provider. Visit the Provider Directory, available online at http://phppd.providence.org/, or call Customer Service to choose a specialist who is an In-Network Provider with Providence Health Plan.

If you decide to see a specialist on your own, we recommend you let your Primary Care Provider know about your decision. Your Primary Care Provider will then be able to coordinate your care and share important medical information with your specialist. In addition, we recommend you let your specialist know the name and contact information of your Primary Care Provider.

Whenever you visit a specialist:

- Bring your Providence Health Plan Member ID Card.
- Understand that in most cases, your out-of-pocket costs will be a percent of the charges for services. Your provider's office will send you a bill for the amount you owe. Some providers, however, may ask you to pay an estimate of what you may owe at the time you receive services, and will bill or credit you the balance later. (For certain Plans, there is a Member Copayment for specialist visits instead of a Coinsurance. If you are on one of these Plans, you will need to pay your Member Copayment at the time of your visit. Please check your Benefit Summary for your specific coverage information.)

Chiropractic Care Providers

This Plan includes coverage for specified chiropractic services. See section 4.15 and your Benefit Summary.

3.3 SERVICES PROVIDED BY OUT-OF-NETWORK PROVIDERS

Providence Health Plan may approve and provide reimbursement for Out-of-Network Qualified Practitioners and facilities. Benefits for Covered Services by an Out-of-Network provider will be provided as shown in the Benefit Summary when we determine **in advance**, in writing, that the Out-of-Network Provider possesses unique skills which are required to adequately care for you and are not available from In-Network Providers.

Under no circumstances (with the exception of Emergency and Urgent Care) will we cover Services received from an Out-of-Network Provider/Facility unless we have Prior Authorized the Out-of-Network Provider/Facility and the Services received.

IMPORTANT NOTE: Your Plan only pays for Covered Services received from Prior Authorized Out-of-Network Providers at Usual, Customary, and Reasonable rates (UCR) (see Section 15, Definitions). If the approved, Prior Authorized Out-of-Network Provider charges more than the UCR rates allowed under your Plan, that provider may bill you directly for the additional amount that is not covered by your Plan. That amount is in addition to any Copayment, or Coinsurance for which you may be responsible, and does not accrue to your Out-of-Pocket Maximum.

If you choose to receive Covered Services from an approved, Prior Authorized Out-of-Network Provider, those Services are still subject to the terms of this Summary Plan Description. Your Plan will only pay for Medically Necessary Covered Services. No matter what type of provider you see, the treatments, supplies, and medications excluded by this Plan are not covered.

It is important for you to understand that Providence Health Plan has not assessed the approved, Prior Authorized Out-of-Network Provider's credentials or quality; nor has Providence Health Plan reviewed and verified the Out-of-Network Provider's qualifications and history for information such as: relevant training, licensure, certification, and/or registration to practice in a health care field, and academic background. Additionally, the Out-of-Network Provider will not have been assessed by Providence Health Plan to verify that the provider meets certain criteria relating to professional competence and conduct and as such is not guaranteed to follow your benefit plan, rules, regulations, or guidelines with regard to standards of care nor standards of documentation and billing.

Payment for Out-of-Network Physician/Provider Services (UCR)

If the Services provided are Medically Necessary Covered Services, we will provide payment to Out-of-Network Providers according to Usual, Customary and Reasonable (UCR) charges. UCR charges do not include sales taxes, handling fees and similar surcharges; such taxes, fees and surcharges are not covered expenses. Charges which exceed UCR are the Member's responsibility and are not applied to the Out-of-Pocket Maximum. See section 15 for the definition of UCR.

You will be responsible for costs that are not covered or allowed by your Out-of-Plan benefits as shown in the following example (amounts shown are only estimates of what may apply).

	Provider's Status	
Item	In-Network	Out-of-Network
Provider's standard charges	$100	$100
Allowable charges under this Plan	$80 (contracted)	$80 (if that is UCR)
Plan benefits (for this example only)	$64 (if 80% benefit)	$56 (if 70% benefit)
Balance you owe	$16	$24
Additional amount that the provider may bill to you	$-0-	$20 ($100 minus $80)
Total amount you would pay	$16	$44 ($24 plus $20)

Thus, you may incur significantly larger out-of-pocket costs, perhaps a multiple of what would have applied, if you use Out-of-Network Physicians or Providers.

Payment for Covered Services Provided Before Disposition of Criminal Charges

If you are in the custody of an Oregon state or local corrections agency pending the disposition of criminal charges brought by an Oregon county, we will reimburse the custodial county for the costs of Covered Services or supplies rendered before the disposition of charges, in an amount that is no less than 115 percent of the Medicare rate for the service or supply, except for renal dialysis which will be reimbursed in accordance with the terms of the Plan for Out-of-Plan dialysis providers.

The following Services and Supplies are excluded from coverage under this section:

- Diagnostic tests or health evaluations required by the corrections agency, as a matter of course, for all individuals who are in the custody of the county pending the disposition of charges;
- Hospital and ambulatory surgical center services, except as rendered by an In-Plan provider.

3.4 MOVING INTO OR OUT OF THE SERVICE AREA

If you or a Family Member permanently moves into or out of the Service Area, you must immediately notify us and your Employer as such a move may affect your benefits or coverage under this Personal Option Plan. We will determine how this move affects your coverage and will inform you of any changes. If you have Dependent(s) who move in or out of our Service Area, a Change of Status form for those Dependent(s) must be completed and returned to us as soon as possible. This form can be obtained from us or from your Employer. See section 8.2.6 for more information.

3.5 OUT-OF-AREA DEPENDENTS

Dependents of a subscriber on a Personal Option Plan who live outside the Providence Health Plan Service Area (including dependents who are away at school) are eligible to become Out-of-Area Dependent Members. See "Definitions" section 15, for the definition of "Eligible Family Dependent" and "Out-of-Area Dependent." **This section discusses how Enrolled Out-of-Area Dependent Personal Option Plan Members obtain covered services through Providence Health Plan's enrolled Out-of-Area Dependent benefit.**

3.5.1 Out-of-Area Dependent Enrollment

To apply for Personal Option Out-of-Area Dependent benefits, complete an Out-of-Area Dependent Enrollment form, available from your Customer Service team. **If you do not complete an Out-of-Area Dependent Enrollment form, your Out-of-Area Dependent will not be covered for Out-of-Area Dependent benefits.**

3.5.2 Out-of-Area Dependent Coverage

When you enroll for Out-of-Area Dependent coverage, we will send you an Out-of-Area Dependent Benefit Summary. As stated in your Benefit Summary, a Dependent with Out-of-Area benefits may see any provider, in or out of the Service Area. Please refer to your Out-of-Area Dependent Benefit Summary for detailed Coinsurance or Copayment and annual Out-of-Pocket Maximum information. (For Out-of-Area Dependents who are covered by a government sponsored health plan of a county other than the United States, coverage under this Personal Option Out-of-Area Dependent plan will be secondary and will not replace or duplicate coverage available under the government sponsored plan.) Our payment is based on usual, customary and reasonable (UCR) charges. Charges which exceed UCR charges are your responsibility.

You must purchase your prescription drugs at one of our nationwide Participating Pharmacies (see section 4.14.1). A list of our Participating Pharmacies is available online at www.ProvidenceHealthPlan.com. You also may contact Customer Service if you need help locating a Participating Pharmacy near you or when you are away from your home. Enrolled Out-of-Area Dependents may change to In-Area or Out-of-Area status by contacting us and completing a status change enrollment form. The change will be effective the date you specify or if no date is specified, on the first of the month following our receipt of the enrollment form. Retroactive changes are limited to 30 days.

When an In-Network Provider whose contract of participation with us terminates, we will notify those Members who we know are under the care of the terminated provider within 10 days of the termination date or of our knowledge of the termination date.

3.7 PRIOR AUTHORIZATION

While Prior Authorization is a requirement for coverage of certain Services under this Plan, Prior Authorization is not a treatment directive. The actual course of medical treatment that a Member chooses remains strictly a matter between the Member and the provider and is separate from the Prior Authorization requirements of this Plan. Prior Authorization is not a guarantee of benefit payment under this Plan and Prior Authorization does not supersede other specific provisions of this Plan regarding coverage, limitations, exclusions and Medical Necessity.

Services received from In-Network Providers:
When Services are received from an In-Network Provider, the In-Network Provider is responsible for obtaining Prior Authorization.

Services received from Out-of-Network Providers:

If you do not obtain Prior Authorization for Services received from an Out-of-Network Provider, as specified in section 3.3, a 50% **penalty**, not to exceed $2,500 for each Covered Service, will be applied to the claim.

Should Providence Health Plan determine that we would have covered the Service had Prior Authorization been obtained, benefits will be applied to the remaining claim balance after the Prior Authorization Penalty is assessed. The **penalty** does **NOT** apply to the Out-of-Pocket Maximum shown in the Benefit Summary.

3.8 TRAVEL EXPENSE REIMBURSEMENT

Subject to Prior Authorization, if you are unable to locate an In-Network Provider to provide Medically Necessary Covered Services for your specific condition within 50 miles of your home, the Plan will reimburse your travel expense to the nearest In-Network Provider within 300 miles of your home. Reimbursement will be based on the federal medical mileage reimbursement rate in effect on the date of service. Travel expense reimbursement is limited to $1,500 per calendar year. If an overnight stay is required, food and lodging are reimbursable up to $150 per diem (per day). Per diem expenses apply to the $1,500 travel expenses reimbursement maximum. (Note: Transplant Covered Services include a separate travel expense benefit; see section 4.13.1).

3.9 MEDICAL COST MANAGEMENT

Coverage under this Plan is subject to the medical cost management protocols established by us to ensure the quality and cost effectiveness of Covered Services. Such protocols may include Prior Authorization, concurrent review, case management and disease management.

The Plan reserves the right to deny payment for Services that are not Medically Necessary in accordance with the criteria maintained by Providence Health Plan. When more than one medically appropriate alternative is available, Providence Health Plan will approve the least costly alternative.

In accordance with Providence Health Plan's medical cost management protocols and criteria specified in this paragraph, Providence Health Plan may approve substitutions for Covered Services under this Plan.

A Substituted Services must:

1. Be Medically Necessary;
2. Have your knowledge and agreement while receiving the Service;
3. Be prescribed and approved by your Qualified Practitioner; and
4. Offer a medically therapeutic value at least equal to the Covered Service that would otherwise be performed or given.

The Plan's coverage of a Substituted Service for any Member does not obligate the Plan to:

- Cover a Substituted Service for any other Member;
- Continue to cover a Substituted Service beyond the term of the agreement between the Plan and the Member; or
- Cover any Substituted Service for the Member, other than as specified in the agreement between the Plan and the member.

Substituted Services that satisfy the requirements of this section are Covered Services for all purposes under this Plan.

A Substituted Service may be disallowed at any time by sending a 30-day advance written notice to you and your Qualified Practitioner.

3.9.1 Coverage of New Technology and New Application of Existing Technology

New technologies and new applications of existing technologies are evaluated and approved for coverage when they provide a demonstrable benefit for a particular illness or disease, are scientifically proven to be safe and most effective, and there is no equally effective or less costly alternative.

Emerging and innovative technologies are monitored by Providence Health Plan through review of trend reports from technology assessment bodies, government publications, medical journals, and information provided by providers and professional societies.

A systematic process for evaluating a new technology or new application of an existing technology is proactively initiated when sufficient scientific information is available.

Providence Health Plan has developed standards to guide the evaluation process and to ensure appropriate coverage determinations. New technology must minimally meet the following guidelines to be approved for coverage:

- Technology must improve health outcomes. The beneficial effects must outweigh any harmful effects on health outcomes. It must improve the length of life, ability to function or quality of life.
- Technology must be as beneficial as any established alternative. It should improve the net health outcome as much, or more, than established alternatives.
- Application of technology must be appropriate, in keeping with good medical standards, and useful outside of investigational settings.
- Technology must meet government approval to market by appropriate regulatory agency as applicable.
- Criteria must be supported with information provided by well-conducted investigations published in peer-reviewed journals. The scientific evidence must document conclusions that are based on established medical facts.
- Opinions and evaluations of professional organizations, panels, or technology assessment bodies are evaluated based on the scientific quality of the supporting evidence.

Technology Evaluation Process

A committee of medical directors with physician specialist advisors evaluates all new technology and determines coverage based on evidence for safety and efficacy. The committee relies upon a thorough review of pertinent medical literature and utilizes national technology review services that provide independent analysis of a new technology.

Expedited Review

Requests for coverage of new technology may occur before formal policy has been developed. In these cases, an expedited review is implemented and a decision made on a case-by-case basis. This is separate and distinct from the problem resolution procedure set forth in section 7.

3.10 MEDICALLY NECESSARY SERVICES

We believe our Members are entitled to comprehensive medical care within the standards of good medical practice. Providence Health Plan's medical directors and special committees of In-Network Providers determine which Services are Medically Necessary, as defined in section 15. Services that do not meet Medically Necessary criteria will not be covered.

- ***Example:*** *Your provider suggests a treatment using a machine that has not been approved for use in the United States. We probably would not pay for that treatment.*
- ***Example:*** *You go to a hospital emergency room to have stitches removed, rather than wait for an appointment in your doctor's office. The Plan would not pay for that visit.*
- ***Example:*** *You stay an extra day in the hospital only because the relative who will help you during recovery cannot pick you up until the next morning. We may not pay for the extra day.*

Although a treatment was prescribed or performed by a Qualified Practitioner, it does not necessarily mean that it is Medically Necessary under our guidelines. Obtaining confirmation of coverage from Providence Health Plan beforehand is always recommended.

3.11 APPROVED CLINICAL TRIALS

Benefits are provided for Covered Services directly related to a Member's participation in an Approved Clinical Trial offered through an In-Network provider.

Covered Services include the routine patient costs for items and services received from In-Network providers and facilities in connection with the Approved Clinical Trial, to the extent that the items and services are otherwise Covered Services under the Plan.

You may choose to participate in an Approved Clinical Trial offered through an Out-of-Network provider, however, coverage will only be provided for Medically Necessary services received In-Network in treatment of an illness or injury.

The following costs are excluded:

- The cost of the investigational item, device or service;
- The cost of items and services provided solely to satisfy data collection and analysis needs and that are not used in direct clinical management;
- The cost for a service that is clearly inconsistent with widely accepted and established standards of care for a particular diagnosis; and
- The cost for any services received Out-of-Network.

The Plan does not discriminate against a Member who participates in a clinical trial, whether or not the trial is an Approved Clinical Trial. The Plan provides benefits for services unrelated to a clinical trial to the extent that the services are otherwise Covered Services under the Plan.

3.12 HOW BENEFITS ARE APPLIED

Benefits are subject to the following provisions, if applicable, as specified in the Benefit Summary:

1. The Copayment or Coinsurance amount; and
2. The benefit limits and/or maximums.

3.13 OUT-OF-POCKET MAXIMUMS

Your Plan has an Out-of-Pocket Maximum, as stated in your Benefit Summary.

3.13.1 Understanding Out-of-Pocket Maximums

Out-of-Pocket Maximums are the total amount you will pay out-of-pocket in any Calendar Year for Covered Services received under this Plan. See your Benefit Summary.

***Individual Out-of-Pocket Maximum*:** Individual Out-of-Pocket Maximum means the total amount of Copayments and Coinsurance that a Member must pay in a Calendar Year, as shown in the Benefit Summary, before the Plan begins to pay 100% for Covered Services for that Member within that Calendar Year.

***FamilyOut-of-Pocket Maximum*:** Family Out-of-Pocket Maximum means the total amount of Copayments and Coinsurance that a family of three or more must pay in a Calendar Year, as shown in the Benefit Summary, before the Plan begins to pay 100% for Covered Services for enrolled Family Members. When the combined Copayment and Coinsurance expenses of enrolled Family Members meet the family Out-of-Pocket Maximum, all remaining individual Out-of-Pocket Maximums will be waived for the family for that Calendar Year.

Note: Once any Member meets the Individual Out-of-Pocket Maximum, the Plan will begin to pay 100% for Covered Services for that Member.

***Your Costs that Do Not Apply to Out-of-Pocket Maximums*: The following out-of-pocket costs do not apply toward your Individual and Family Out-of-Pocket Maximums:**

- Services not covered by this Plan;
- Services not covered because Prior Authorization was not obtained, as required in section 3.5;
- Services in excess of any maximum benefit limit;
- Fees in excess of the Usual, Customary and Reasonable (UCR) charges;
- Copayments or Coinsurance for a Covered Service if indicated in any Benefit Summary as not applicable to the Out-of-Pocket Maximum; and
- Any penalties you must pay if you do not follow Providence Health Plan's Prior Authorization requirements.

IMPORTANT NOTE: Some Benefits are NOT eligible for 100% benefit coverage. The Copayment or Coinsurance for these Services, as shown in the Benefit Summary, remains in effect throughout the Calendar Year.

If an emergency situation should occur, you should take immediate action and seek prompt medical care. You should call 911, or the emergency number listed in the local telephone directory or go to the nearest Hospital emergency department.

4.5.1 Emergency Care

A medical emergency is a sudden unexpected illness or injury that you believe would place your life in danger or cause serious damage to your health if you do not seek immediate medical treatment. Medical emergencies include, but are not limited to:

- Heart attack
- Stroke
- Poisoning
- Loss of consciousness
- Unexpected premature childbirth
- Acute abdominal pain
- Severe chest pain
- Serious burn
- Bleeding that does not stop
- Medically Necessary detoxification

Coverage is provided without Prior Authorization for Emergency Medical Screening Exams and stabilization of an Emergency Medical Condition. Hospitalization for an Emergency Medical Condition requires notification to Providence Health Plan within 48 hours, or as soon as reasonably possible following the onset of treatment, in order for coverage to continue.

Definitions:

"Emergency Medical Condition" is a medical condition that manifests itself by acute symptoms of sufficient severity that a prudent layperson, possessing an average knowledge of health and medicine, would reasonably expect that failure to receive immediate medical attention would:

- Result in serious impairment to bodily functions;
- Result in serious dysfunction of any bodily organ or part; or
- With respect to a pregnant woman who is having contractions, for which there is inadequate time to effect a safe transfer to another hospital before delivery or for which transfer may pose a threat to the health or safety of the woman or the unborn child.

"Emergency Services" means, with respect to an Emergency Medical Condition:

- An Emergency Medical Screening Exam that is within the capability of the emergency department of a hospital, including ancillary services routinely available to the emergency department to evaluate such Emergency Medical Condition; and
- Such further medical examination and treatment as are required under the Emergency Medical Treatment and Active Labor Act (42 U.S.C. 1395dd) to stabilize a patient, to the extent the examination and treatment are within the capability of the staff and facilities available at the Hospital.

"Emergency Medical Screening Exams" include medical history, examination, ancillary tests and medical determinations required to ascertain the nature and extent of an Emergency Medical Condition.

Your Plan covers Emergency Services in the emergency room of any Hospital. **Emergency room Services are covered when your medical condition meets the guidelines for emergency care as stated above. Coverage includes Services to stabilize an Emergency Medical Condition and Emergency Medical Screening Exams.**

If you or a Family Member believes that immediate assistance is needed for an Emergency Medical Condition**, call 911 or go to the nearest emergency room.** Tell the emergency personnel the name of your Primary Care Provider and show them your Member ID Card.

Call your Primary Care Provider any time, any day of the week. Your Primary Care Provider or the provider-on-call will tell you what to do and where to go for the most appropriate care.

Please be prepared to pay your Copayment/Coinsurance, as shown in your Benefit Summary, at the time you receive care. You are responsible for the Copayment/Coinsurance for each Hospital emergency room visit. If you are admitted to the Hospital from the emergency room, your emergency Services Copayment/Coinsurance does not apply and all Services are subject to the Inpatient Services benefit shown in your Benefit Summary.

When you are admitted to an Out-of-Network Hospital from the emergency room, your Inpatient Services are covered under your In-Network benefit until your condition becomes stable. Once your condition is stabilized, Providence Health Plan will work with you to arrange transfer to an In-Network facility. This process is called "repatriation."

If you decline transfer to an In-Network facility once we have determined that repatriation is medically appropriate, the additional days spent at the Out-of-Network Hospital will not be covered.

The Plan does not pay for emergency room treatment for medical conditions that are not medical emergencies. Do not go to the emergency room for care that should take place in your provider's office. Routine care for sore throats, common colds, follow-up care, and prescription drug requests are not considered to be emergencies.

4.5.2 Emergency Medical Transportation

Benefits include Services for emergency medical transportation by state certified ambulance and certified air ambulance transportation. Ambulance Services are provided for transportation to the nearest facility capable of providing the necessary care or to a facility specified by Providence Health Plan.

4.5.3 Emergency Eye Care Services

Covered Services include the initial care for Emergency Medical Conditions resulting from an injury to or illness of the eye(s). Members may receive Services directly from an optometrist or ophthalmologist or from a Hospital emergency room.

4.5.4 Emergency Detoxification Services

Medically Necessary detoxification will be treated as an Emergency Medical Condition when the Member is not enrolled in a Substance Abuse treatment program, as stated in section 4.10.3, at the time Services are received. Prior Authorization is not required for emergency treatment; however, Providence Health Plan or our authorizing agent must be notified within 48 hours following the onset of treatment, or as soon as reasonably possible, in order for coverage to continue. If a Member is to be transferred to an In-Network Provider for continued inpatient care, the cost of Medically Necessary transportation will be covered. Continuing or follow-up care is not a Covered Service unless Prior Authorized by Providence Health Plan or their authorizing agent.

4.5.5 Urgent Care

Urgent Care is treatment you need right away for an illness or injury that is not life threatening. This includes, but is not limited to, minor sprains, minor cuts and burns, and ear, nose, and throat infections. Routine care that can be delayed until you can be seen by a physician or provider in his or her office is not Urgent Care.

Whenever you need urgent care, call your Primary Care Provider first. Your Primary Care Provider or the provider-on-call is always available, day or night. He or she may either suggest that you come to the office or go to an emergency room or Urgent Care center. If you can be treated in your provider's office or at an In-Network Urgent Care center your out-of-pocket expense will usually be lower.

Please be prepared to pay the Copayment/Coinsurance, as shown in your Benefit Summary, at the time you receive care. You are also responsible for the applicable Copayment/Coinsurance shown in the Benefit Summary for any ancillary Services received, such as lab tests and X-rays, billed by the Qualified Provider.

If you are admitted to an Out-of-Network Hospital, you, or a relative, should call Providence Health Plan within 48 hours or as soon as reasonably possible.

When you are admitted to an Out-of-Network Hospital from an Urgent Care facility, your Inpatient Services are covered under your In-Network benefit until your condition becomes stable. Once your condition is stabilized, Providence Health Plan will work with you to arrange transfer to an In-Network facility. This process is called "repatriation."

If you decline transfer to an In-Network facility once we have determined that repatriation is medically appropriate, the additional days spent at the Out-of-Network Hospital will not be covered.

Not all Out-of-Network facilities will file a claim on a Member's behalf. If you receive urgent care Services from an Out-of-Network facility, you must submit a claim if the facility or provider does not submit it for you. See section 6.1.1.

Providence Health Plan employs professional clinical staff who may review services you receive in the Hospital. They may review your care to determine Medical Necessity, to make sure that you had quality care, and to ensure that you will have proper follow-up care.

The Prescription Drug Benefit provides coverage for prescription drugs which are Medically Necessary for the treatment of a covered illness or injury and which are dispensed by a Participating Pharmacy pursuant to a prescription ordered by a Qualified Practitioner for use on an outpatient basis, subject to your Plan's benefits, limitations and exclusions.

Prescription Drug Definition

The following are considered "Prescription Drugs":

1. Any medicinal substance which bears the legend, "RX ONLY" or "Caution: federal law prohibits dispensing without a prescription";
2. Insulin;
3. Any medicinal substance of which at least one ingredient is a federal or state legend drug in a therapeutic amount; and
4. Any medicinal substance which has been approved by the Oregon Health Evidence Review as effective for the treatment of a particular indication.

4.14.1 Using Your Prescription Drug Benefit

Your Prescription Drug Benefit requires that you fill your prescriptions at a Participating Pharmacy.

You have access to Providence Health Plan's nationwide broad pharmacy network as published in our pharmacy directory.

Providence Health Plan Participating Pharmacies are those pharmacies that maintain all applicable certifications and licenses necessary under state and federal law of the United States and have a contractual agreement with us to provide Prescription Drug Benefits.

Participating Pharmacies are designated as retail, preferred retail, specialty and mail-order Pharmacies. To view a list of Participating Pharmacies, visit our website at www.ProvidenceHealthPlan.com. You also may contact Customer Service at the telephone number listed on your Member ID Card.

- Please present your Member ID Card to the Participating Pharmacy at the time you request Services. If you have misplaced or do not have your Member ID Card with you, please ask your pharmacist to call us.
- All covered Services are subject to the Copayments or Coinsurance listed in the Benefit Summary.
- If you choose a brand-name drug when a generic-equivalent is available, any difference in cost for Prescription Drug Covered Services will not apply to your Out-of-Pocket Maximums.
- Participating Pharmacies may not charge you more than your Copayment or Coinsurance. Please contact Customer Service if you are asked to pay more or if you, or the pharmacy, have questions about your Prescription Drug Benefit or need assistance processing your prescription.
- Copayments or Coinsurance are due at the time of purchase. If the cost of your Prescription Drug is less than your Copayment, you will only be charged the cost of the Prescription Drug.
- You may be assessed multiple Copayments for multi-use or unit-of-use container or package depending on the medication and the number of days supplied.
- You may purchase up to a 90-day supply of each maintenance drugs at one time using a Participating mail service or preferred retail Pharmacy. Not all drugs are covered for more than a 30-day supply, including compounded medications, drugs obtained from specialty pharmacies, and limited distribution pharmaceuticals. To purchase prescriptions by mail, your physician or provider can call in the prescription or you can mail your prescription along with your Providence Health Plan Member ID number to one of our Participating mail-order Pharmacies. To find our Participating mail-order Pharmacies, please visit our website at www.ProvidenceHealthPlan.com. (Not all prescription drugs are available through our mail-order pharmacies.)
- Diabetes supplies and inhalation extender devices may be obtained at a Participating Pharmacy. However, these items are considered medical supplies and devices and are subject to your Medical Supplies benefits, limitations and Copayments and/or Coinsurances. See section 4.9.1 and your Benefit Summary. Diabetes supplies do not include glucometers and insulin pump devices, which are covered under your Durable Medical Equipment benefit, section 4.9.4.
- Self-administered chemotherapy drugs are covered under section 4.12.8 unless the benefits under this Prescription Drug Benefit allow for a lower out-of-pocket cost to you.
- Injectable medications received in your Provider's office are covered under section 4.3.5.
- Infusions, including infused medications, received at Outpatient Facilities are covered under section 4.7.1.

- Some prescription drugs require Prior Authorization or an exception to the Formulary in order to be covered. These may include select formulary agents, non-formulary agents, step therapy, and/or quantity limits as listed in the Providence Health Plan Prescription Drug Formulary available on our website at www.ProvidenceHealthPlan.com or by contacting Customer Service.

4.14.2 Use of Out-of-Network Pharmacies

On rare occasions, such as urgent or emergency situations, you may need to use an Out-of-Network Pharmacy. If this happens, you will need to pay full price for your prescription at the time of purchase.

To request reimbursement, you will need to fill out and submit to us a Prescription Drug Reimbursement form. This form is available on our website or by contacting Customer Service. When you submit the completed Prescription Drug Reimbursement form, include any itemized pharmacy receipts, along with an explanation as to why you used an Out-of-Network Pharmacy. Submission of a claim does not guarantee payment.

If your claim is approved, the Plan will reimburse you the cost of your prescription up to our Participating Pharmacy contracted rates, less your Copayment or Coinsurance if applicable. Reimbursement is subject to your Plan's limitations and exclusions. You are responsible for any amounts above our contracted rates.

International prescription drug claims will only be covered when prescribed for emergent conditions and will be subject to your medical Emergency Services benefit and any applicable Plan limitations and exclusions.

4.14.3 Prescription Drug Formulary

The Formulary is a list of Food and Drug Administration (FDA)-approved prescription drugs. It is designed to offer drug treatment choices for covered medical conditions. Formulary status is given to drugs which meet evidence-based assessment of therapeutic effectiveness, safety, pharmacoeconomic value and offer an important advantage to existing Formulary alternatives. The Formulary can help you and your Qualified Practitioner choose effective medications that are less costly and minimize your out-of-pocket expense. There are effective generic drug choices to treat most medical conditions.

Not all FDA-approved drugs are added to the formulary. Non-formulary drug requests require a formulary exception, must be FDA-approved, Medically Necessary, and require by law a prescription to dispense. See Section 6.1 under Claims Involving Prior Authorization and Formulary Exception.

Newly approved FDA drugs will be reviewed by the Oregon Region Pharmacy and Therapeutics Committee for safety and Medical Necessity within 12 months after the drug becomes available on the market. In the case of an urgent situation, Providence Health Plan will authorize the use of a newly approved FDA drug during our review period so a Member does not go without Medically Necessary treatment.

To access the Formulary for your Plan, visit https://healthplans.providence.org/members/pharmacy-resources/.

4.14.4 Generic and Brand-Name Prescription Drugs

Both generic and brand-name drugs are covered benefits subject to the terms of your Benefit Summary. In general, generic drugs are subject to lower Copayments or Coinsurances than

brand-name drugs. Please refer to your Benefit Summary for your Copayment or Coinsurance information.

If your brand-name benefit includes a Copayment or Coinsurance, regardless of the reason or Medical Necessity, and you request a brand-name drug, you will be responsible for the difference in cost between the brand-name and generic drug, in addition to the brand-name drug Copayment or Coinsurance indicated in the Benefit Summary. Your total cost, however, will never exceed the actual cost of the drug. The difference in cost between the brand-name and generic drug will not be applied toward your Out-of-Pocket Maximum, and you will continue to be responsible for the difference in cost after your Out-of-Pocket Maximum is met.

4.14.5 Prescription Drug Quantity

Prescription dispensing limits, including refills, are as follows:

1. Topicals, up to 60 grams;
2. Liquids, up to eight ounces;
3. Tablets or capsules, up to 100 dosage units;
4. Multi-use or unit-of-use, up to one container or package; as prescribed, not to exceed a 30-consecutive-day supply, whichever is less;
5. FDA-approved women's prescription contraceptives: up to 3-months initial dispensing, then up to 12-months subsequent dispensing at any of our Participating Pharmacies; and
6. Opioids up to 7 days initial dispensing.

Other dispensing limits may apply to certain medications requiring limited use, as determined by our medical policy. Prior Authorization is required for amounts exceeding any applicable medication dispensing limits.

4.14.6 Participating Mail-Order and Preferred Retail Pharmacies

Up to a 90-day supply of prescribed maintenance drugs (drugs are those you have been on for at least 30 days and that you anticipate continuing on in the future) purchased from a Participating mail-order or preferred retail Pharmacy will be covered subject to the following specific provisions:

1. Qualified drugs under this program will be determined by us. Not all prescription drugs are available through mail-order pharmacy.
2. Not all maintenance prescription drugs are available in 90-day allotments.
3. Copayment(s) will be applied to the quantity stated on your Benefit Summary. (Some quantity limitations and Copayments for unit of use packaging may apply).

When using a mail-order pharmacy, payment is required prior to processing your order. If Providence Health Plan removes a pharmacy from its network, we will notify you of this change at least 30 days in advance. Notification may be done via the online directory or letter depending on the circumstance.

4.14.7 Prescription Drug Limitations

Prescription drug limitations are as follows:

1. All drugs must be Food and Drug Administration (FDA) approved, Medically Necessary and require by law a prescription to dispense. Not all FDA-approved drugs are covered by Providence Health Plan. Newly approved drugs will be reviewed for safety and Medical Necessity within 12 months after the drug becomes available on the market for Formulary consideration.
2. Certain drugs require Prior Authorization for Medical Necessity, place of therapy, length of therapy, step therapy, number of doses or dispensing limits. Step therapy uses our pharmacy claims history to confirm if certain drugs have been tried first by a Member. If a drug has not been tried first, cannot be tried first, or if the drug history is not available, Prior Authorization is required. For some drugs, Providence Health Plan limit the amount of the drug the Plan will cover. You or your Qualified Practitioner can contact Providence Health Plan directly to request Prior Authorization. If you have questions regarding a specific drug, please call Customer Service.
3. Specialty drugs are injectable, infused, oral, topical, or inhaled therapies that often require specialized delivery, handling, monitoring and administration and are generally high cost. These drugs must be purchased through a Providence Health Plan designated specialty pharmacy. Due to the nature of these medications, specialty drugs are limited to a 30-day supply. Specialty drugs are listed in the Formulary. In rare circumstances specialty medications may be filled for greater than a 30-day supply; in these cases, additional specialty cost share(s) may apply.
4. Self-injectable medications are only covered when they are being self-administered and labeled by the FDA for self-administration; in some cases, a Prior Authorization may be required for the drug. Documentation of self-administration may also be required. Drugs labeled for self-administration that are being administered by a provider will fall to the Member's medical benefit.
5. Medications, drugs or hormones prescribed to stimulate growth are not covered, except when there is a laboratory-confirmed diagnosis of growth hormone deficiency for children through 18 years of age and when prescribed for the treatment of documented pituitary destruction in adults.
6. Compound prescription drugs must contain at least one ingredient that is an FDA-approved prescription drug in therapeutic amount and must be purchased at a Participating Pharmacy. Compounded drugs from bulk powders that are not a component of an FDA-approved drug are not covered. Claims are subject to clinical review for Medical Necessity and are not guaranteed for payment.

6. CLAIMS ADMINISTRATION

This section explains how the Plan treats various matters having to do with administering your benefits and/or claims, including situations that may arise in which your health care expenses are the responsibility of a source other than this Plan.

6.1 CLAIMS PAYMENT

The Plan's payments for most Services are made directly to the providers of Services. Except as otherwise specifically provided in this Plan, if you are billed directly and pay for benefits which are covered by this Plan, reimbursement from the Plan will be made only upon your written notice to the Plan of the payment. Payment will be made to the Subscriber, subject to written notice of claim, or, if deceased, to the Subscriber's estate, unless payment to other parties is authorized in writing by you.

Explanation of Benefits (EOB)

You will receive an EOB from Providence Health Plan after your claim has been processed. An EOB is not a bill. An EOB explains how Providence Health Plan processed your claim, and will assist you in paying the appropriate Member responsibility to your provider. Copayment or Coinsurance services or amounts not covered and general information about our processing of your claim are explained on an EOB.

Time Frames for Processing Claims

If your claim is denied under the Plan, Providence Health Plan will send an EOB to you with an explanation of the denial within 30 days after your claim is received. If additional time is needed to process your claim for reasons beyond Providence Health Plan's control, you will be sent a notice of delay explaining those reasons within 30 days after your claim if received. The processing will then be completed and you will be sent an EOB within 45 days after your claim is received. If additional information is needed from you to complete the processing of your claim, you will be sent a separate request for the information and you will have 45 days to submit the additional information. Once the additional information from you is received, Providence Health Plan will complete the processing of the claim within 30 days.

Claims Involving Prior Authorization and Formulary Exception (Pre-Service Claims)

- **For services that do not involve urgent medical conditions:** You and your provider will be notified of Providence Health Plan's decision within two business days after the Prior Authorization request is received. If additional information is needed to process the request, Providence Health Plan will notify the provider and the provider will have 45 days to submit the additional information. Within two days of receipt of the additional information, Providence Health Plan will complete their review and notify your provider or you of their decision. If the information is not received within 45 days, the request will be denied.
- **For services that involve urgent medical conditions:** You and your provider will be notified of Providence Health Plan's decision within 24 hours after the Prior Authorization request is received. If additional information is needed to complete the review, the requesting provider or you will be notified within 24 hours after the request is received. The requesting provider or you will then have 48 hours to submit the additional information. The review will then be completed and the requesting provider or you will be notified of Providence Health Plan's decision by the earlier of, (a) 48 hours after the additional information is received or, (b) if no additional information is provided, 48 hours after the additional information was due.

- **For services that involve Formulary exceptions:** For standard requests, Providence Health Plan will notify your provider or you of its decision within 72 hours after receipt of the request. For expedited requests, Providence Health Plan will notify your provider or you of its decision within 24 hours after receipt of the request. To qualify for expedited review, the request must be based upon exigent circumstances.

Claims Involving Concurrent Care Decisions. If an ongoing course of treatment for you has been approved under the Plan and it is determined through Concurrent Review procedures to reduce or terminate that course of treatment, Providence Health Plan will provide advance notice to you of that decision. You may request a reconsideration of the decision by submitting an oral or written request at least 24 hours before the course of treatment is scheduled to end. You will then be notified of Providence Health Plan's reconsideration decision within 24 hours after your request is received.

6.1.1 Timely Submission of Claims

The Plan will make no payments for claims received more than 365 days after the date of Service. Exceptions may be made if Providence Health Plan receives documentation that you lacked legal capacity during that period. Payment of claims submitted by the Oregon state Medicaid agency or a prepaid managed care health services organization described in ORS 414.651 (i.e., a Coordinated Care Organization) will be made in accordance with ORS 743.847, which establishes payment requirements for claims submitted by the Oregon state Medicaid agency.

Payment of all claims will be made within the time limits required by OAR 836-080-0235, the Oregon insurance Division's administrative rule setting standards for prompt payment. Please send all claims to:

Providence Health Plan
Attn: Claims Dept.
P.O. Box 3125
Portland, OR 97208-3125

Mental Health and Substance Abuse claims should be submitted to:

PBH
PO Box 30602
Salt Lake City, UT 84130

6.1.2 Right of Recovery

The Plan has the right, upon demand, to recover from a recipient the value of any benefit or claim payment that exceeded the benefits available under this Plan. This right of recovery applies to any excess benefit, including (but not limited to) benefits obtained through fraud, error, or duplicate coverage relating to any Member. If timely repayment is not made, the Plan has the right, in addition to any other lawful means of recovery, to deduct the value of the excess benefit from any future benefit that otherwise would have been available to the affected Member(s) from the Plan under any contract.

6.2 COORDINATION OF BENEFITS

This Coordination of Benefits (COB) section applies when a Member has health care coverage under more than one Plan. The term "Plan" is defined below for the purposes of this COB section. The order of benefit determination rules govern the order in which each Plan will pay a claim for benefits. The Plan that pays first is called the Primary plan. The Primary plan must pay benefits in accordance with its policy terms without regard to the possibility that another Plan may cover some expenses. The Plan that pays after the Primary plan is the Secondary plan. The Secondary plan may reduce the benefits it pays so that payments from all Plans do not exceed 100% of the total Allowable expense.

6.2.1 Definitions Relating to Coordination of Benefits

Plan

Plan means any of the following that provides benefits or Services for medical or dental care or treatment. If separate contracts are used to provide coordinated coverage for Members of a group, the separate contracts are considered parts of the same Plan and there is no COB among those separate contracts.

1. Plan includes: group and individual health insurance contracts, health maintenance organization (HMO) contracts, closed panel plans or other forms of group or group-type coverage (whether insured or uninsured); medical care components of group long-term care contracts, such as skilled nursing care; and Medicare or any other federal governmental plan, as permitted by law and group and individual insurance contracts and Subscriber contracts that pay or reimburse for the cost of dental care.
2. Plan does not include: hospital indemnity coverage or other fixed indemnity coverage; accident only coverage; specified disease or specified accident coverage; school accident type coverage; benefits for non-medical components of group long-term care policies; Medicare Supplement policies; Medicaid policies; or coverage under other federal governmental plans, unless permitted by law.

Each contract for coverage listed under (1) or (2) above is a separate Plan. If a Plan has two parts and COB rules apply only to one of the two, each of the parts is treated as a separate Plan.

This Plan

This Plan means, as used in this COB section, the part of this contract providing health care benefits to which this COB section applies and which may be reduced because of the benefits of other plans. Any other part of this contract providing health care benefits is separate from This Plan. A contract may apply one COB provision to certain benefits, such as dental benefits, coordinating only with similar benefits, and may apply another COB provision to coordinate other benefits.

The order of benefit determination rules listed in section 6.2.2 determine whether This Plan is a Primary plan or Secondary plan when a Member has health care coverage under more than one Plan.

When This Plan is primary, Providence Health Plan determines payment for benefits first before those of any other Plan without considering any other Plan's benefits. When This Plan is secondary, Providence Health Plan determines benefits after those of another Plan and may reduce the benefits payable so that all Plan benefits do not exceed 100% of the total Allowable expense.

Allowable expense

Allowable expense means a health care expense, Coinsurance and Copayments, that is covered at least in part by any Plan covering a Member. When a Plan provides benefits in the form of services, the reasonable cash value of each service will be considered an Allowable expense and a benefit paid. An expense that is not covered by any Plan covering a Member is not an Allowable expense. In addition, any expense that a provider by law or in accordance with a contractual agreement is prohibited from charging a Member is not an Allowable expense.

The following are examples of expenses that are NOT Allowable expenses:

1. The difference between the cost of a semi-private hospital room and a private hospital room is not an Allowable expense, unless one of the Plans provides coverage for private hospital room expenses.
2. If the Member is covered by two or more Plans that compute their benefit payments on the basis of usual and customary fees or relative value schedule reimbursement methodology or other similar reimbursement methodology, any amount in excess of the highest reimbursement amount for a specific benefit is not an Allowable expense.
3. If the Member is covered by two or more Plans that provide benefits or services on the basis of negotiated fees, an amount in excess of the highest of the negotiated fees is not an Allowable expense.
4. If the Member is covered by one Plan that calculates its benefits or services on the basis of usual and customary fees or relative value schedule reimbursement methodology or other similar reimbursement methodology and another Plan that provides its benefits or services on the basis of negotiated fees, the Primary plan's payment arrangement shall be the Allowable expense for all Plans. However, if the provider has contracted with the Secondary plan to provide the benefit or service for a specific negotiated fee or payment amount that is different than the Primary plan's payment arrangement and if the provider's contract permits, the negotiated fee or payment shall be the Allowable expense used by the Secondary plan to determine its benefits.
5. The amount of any benefit reduction by the Primary plan because the Member has failed to comply with the Plan provisions is not an Allowable expense. Examples of these types of plan provisions include second surgical opinions, precertification of admissions, and preferred provider arrangements.

Closed panel plan

A Closed panel plan is a Plan that provides health care benefits to Members primarily in the form of services through a panel of providers that has contracted with or is employed by the Plan, and that excludes coverage for services provided by other providers, except in cases of emergency or referral by a panel member.

Custodial parent

A Custodial parent is the parent awarded custody by a court decree or, in the absence of a court decree, is the parent with whom the Dependent child resides more than one half of the Calendar Year excluding any temporary visitation.

6.2.2 Order of Benefit Determination Rules

When a Member is covered by two or more Plans, the rules for determining the order of benefit payments are as follows:

A. The Primary plan pays or provides its benefits according to its terms of coverage and without regard to the benefits of any other Plan.
    1. Except as provided in Paragraph (2) below, a Plan that does not contain a COB provision that is consistent with the State of Oregon's COB regulations is always primary unless the provisions of both Plans state that the complying Plan is primary.
    2. Coverage that is obtained by virtue of membership in a group that is designed to supplement a part of a basic package of benefits and provides that this supplementary coverage shall be excess to any other parts of the Plan provided by the contract holder. Examples of these types of situations are major medical coverages that are superimposed over base plan hospital and surgical benefits, and insurance type coverages that are written in connection with a Closed panel plan to provide out-of-network benefits.

B. A Plan may consider the benefits paid or provided by another Plan in calculating payment of its benefits only when it is secondary to that other Plan.

C. Each Plan determines its order of benefits using the first of the following rules that apply:
    1. Non-Dependent or Dependent. The Plan that covers a Member other than as a Dependent, for example, as an employee, Subscriber or retiree is the Primary plan and the Plan that covers the Member as a Dependent is the Secondary plan. However, if the Member is a Medicare beneficiary and, as a result of federal law, Medicare is secondary to the Plan covering the Member as a Dependent; and primary to the Plan covering the Member as other than a Dependent (e.g., a retired employee); then the order of benefits between the two Plans is reversed so that the Plan covering the Member as an employee, subscriber or retiree is the Secondary plan and the other Plan is the Primary plan.
    2. Dependent Child Covered Under More Than One Plan. Unless there is a court decree stating otherwise, when a Member is a Dependent child covered by more than one Plan the order of benefits is determined as follows:
        a) For a Dependent child whose parents are married or are living together, whether or not they have ever been married:
            i. The Plan of the parent whose birthday falls earlier in the Calendar Year is the Primary plan; or
            ii. If both parents have the same birthday, the Plan that has covered the parent the longest is the Primary plan.
        b) For a Dependent child whose parents are divorced or separated or not living together, whether or not they have ever been married:
            i. If a court decree states that one of the parents is responsible for the Dependent child's health care expenses or health care coverage and the Plan of that parent has actual knowledge of those terms, that Plan is primary. This rule applies to plan years commencing after the Plan is given notice of the court decree;
            ii. If a court decree states that both parents are responsible for the Dependent child's health care expenses or health care coverage, the provisions of Subparagraph (a) above shall determine the order of benefits;
            iii. If a court decree states that the parents have joint custody without specifying that one parent has responsibility for the health care expenses or health care coverage of the Dependent child, the provisions of Subparagraph (a) above shall determine the order of benefits; or

iv. If there is no court decree allocating responsibility for the Dependent child's health care expenses or health care coverage, the order of benefits for the Dependent child are as follows:
- The Plan covering the Custodial parent, first;
- The Plan covering the spouse of the Custodial parent, second;
- The Plan covering the non-custodial parent, third; and then
- The Plan covering the Dependent spouse of the non-custodial parent, last.

c) For a Dependent child covered under more than one Plan of individuals who are not the parents of the Dependent child, the provisions of Subparagraph (a) or (b) above shall determine the order of benefits as if those individuals were the parents of the Dependent child.

d) For a Dependent child:
   i. Who has coverage under either or both parents' plans and also has coverage as a Dependent under a spouse's plan, the rule in paragraph (5) applies.
   ii. In the event the Dependent child's coverage under the spouse's plan began on the same date as the Dependent child's coverage under either or both parents' plans, the order of benefits shall be determined by applying the birthday rule in Subparagraph (a) to the Dependent child's parent(s) and the Dependent's spouse.

3. Active Employee or Retired or Laid-off Employee. The Plan that covers a Member as an active employee, that is, an employee who is neither laid off nor retired, is the Primary plan. The Plan covering that same Member as a retired or laid-off employee is the Secondary plan. The same would hold true if a Member is a Dependent of an active employee and that same Member is a Dependent of a retired or laid-off employee. If the other Plan does not have this rule, and as a result, the Plans do not agree on the order of benefits, this rule is ignored. This rule does not apply if the rule labeled D(1) can determine the order of benefits.
4. COBRA or State Continuation Coverage. If a Member whose coverage is provided pursuant to COBRA or under a right of continuation provided by state or other federal law is covered under another Plan, the Plan covering the Member as an employee, subscriber or retiree or covering the Member as a Dependent of an employee, Subscriber or retiree is the Primary plan and the COBRA or state or other federal continuation coverage is the Secondary plan. If the other Plan does not have this rule, and as a result, the Plans do not agree on the order of benefits, this rule is ignored. This rule does not apply if the rule labeled D(1) can determine the order of benefits.
5. Longer or Shorter Length of Coverage. The Plan that covered the Member the longer period of time is the Primary plan and the Plan that covered the Member the shorter period of time is the Secondary plan.
6. If the preceding rules do not determine the order of benefits, the Allowable expenses shall be shared equally between the Plans meeting the definition of Plan. In addition, This Plan will not pay more than would have paid had This Plan been the Primary plan.

6.2.3 Effect on the Benefits of This Plan

When This Plan is secondary, benefits may be reduced so that the total benefits paid or provided by all Plans during a plan year are not more than the total Allowable expenses. In determining the amount to be paid for any claim, the Secondary plan will calculate the benefits it would have paid in the absence of other health care coverage and apply that calculated amount to any Allowable expense under its Plan that is unpaid by the Primary plan. The Secondary plan may then reduce its payment by the amount so that, when combined with the amount paid by the Primary plan, the total benefits paid or provided by all Plans for the claim do not exceed the total Allowable expense for that claim.

If a Member is enrolled in two or more Closed panel plans and if, for any reason, including the provision of services by a non-panel provider, benefits are not payable by one Closed panel plan, COB shall not apply between that Plan and other Closed panel plans.

6.2.4 Right to Receive and Release Needed Information

Certain facts about health care coverage and services are needed to apply this COB section and to determine benefits payable under This Plan and other Plans. Providence Health Plan may get the facts needed from, or give them to, other organizations or persons for the purpose of applying this section and determining benefits payable under This Plan and other Plans covering a Member claiming benefits. Providence Health Plan need not tell, or get the consent of, any person to do this. Each Member claiming benefits under This Plan must give us any facts Providence Health Plan needs to apply this section and determine benefits payable.

6.2.5 Facility of Payment

A payment made under another Plan may include an amount that should have been paid under This Plan. If it does, This Plan may pay that amount to the organization that made that payment. That amount will then be treated as though it were a benefit paid under This Plan. This Plan will not have to pay that amount again. The term "payment made" includes providing benefits in the form of services, in which case "payment made" means the reasonable cash value of the benefits provided in the form of services.

6.2.6 Right of Recovery

If the amount of the payments made by This Plan is more than what should have paid under this COB section, This Plan may recover the excess from one or more of the persons This Plan paid or for whom This Plan have paid; or any other person or organization that may be responsible for the benefits or services provided for the Member. The "amount of the payments made" includes the reasonable cash value of any benefits provided in the form of services.

6.2.7 Coordination with Medicare

In all cases, coordination of benefits with Medicare will conform with federal statutes and regulations. Medicare means Title XVIII of the Social Security Act, as enacted or amended. Medicare eligibility and how This Plan determines benefit limits are affected by disability and employment status. Please contact Customer Service if you have questions.

In accordance with the "working aged" provisions of the Medicare Secondary Payer Manual, when the Employer Group's size is less than 20 employees, for Members who are entitled to and enrolled in Medicare Part A, enrollment in Medicare Part B will be assumed and Medicare will be the primary payer and This Plan will coordinate benefits as the secondary payer even if the Medicare-eligible Member has not elected Medicare Part B.

When the Employer Group's size is 20 individuals or more, Medicare will be considered the secondary payer.

Counting individuals for the Employer size:

- Employees counted in the Employer size include the total number of nationwide full-time employees, part-time employees, seasonal employees, and partners who work or who are expected to report for work on a particular day.
- Those not counted in the Employer size include retirees, COBRA-qualified beneficiaries and individuals on other continuation options, and self-employed individuals who participate in the Employer's group health plan.

6.3 THIRD-PARTY LIABILITY/SUBROGATION

The following provisions will apply when you or any other Member has received Services for a condition for which one or more third parties may be responsible. "Third party" means any person other than the Member (the first party to the provisions of this Plan), and Providence Health Plan (the second party), and includes any insurance carrier providing liability or other coverage potentially available to the Member. For example, uninsured or underinsured motorist coverage, no-fault medical payments (auto, homeowners or otherwise), or other group insurance (including student plans) whether under the Member's policy or not, are subject to recovery by us as a third-party recovery. Failure by the Member to comply with the terms of this section will be a basis for the Plan to deny any claims for benefits arising from the condition or to terminate the Member's coverage under this Plan as specified in section 9.4. In addition, you or the Member must execute and deliver to the Plan and to other parties any document requested by us which may be appropriate to confirm or secure the rights and obligations of the Member and the Plan under these provisions.

6.3.1 Third-Party Liability/Subrogation and How It Affects You

Third-party liability refers to claims that are in whole or part the responsibility of someone besides the Plan or the Member. Examples of third-party liability are motor vehicle accidents, workplace injury or illness, and any other situation involving injury or illness, including wrongful death, in which the Member or the Member's heirs, beneficiaries or relatives have a basis to bring a lawsuit or to make a claim for compensation against any person or for which the Member or the Member's heirs, beneficiaries or relatives may receive a settlement. Once it has been established that the third party is responsible to pay and is capable of paying for the expenses for the Services caused by that third party, the Plan will not provide benefits for the Services arising from the condition caused by that third party. Such benefits are specifically excluded from coverage under this Plan.

If the Plan makes claim payments on any Member's behalf for any condition for which a third party is responsible, the Plan is entitled to be repaid promptly for those payments, directly out of any recovery from the third party, including any settlement, award, verdict, payment or other monetary recovery.

"Subrogation" means that the Plan may collect directly from the third party to the extent the Plan has paid for third-party liabilities. Because the Plan has paid for the Member's injuries, the Plan, rather than the Member, is entitled to recover those expenses. Prior to accepting any settlement of the Member's claim against a third party, the Member must notify the Plan in writing of any terms or conditions offered in settlement and must notify the third party of the Plan's interest in the settlement established by this provision.

To the maximum extent permitted by law, the Plan is subrogated to the Member's rights against any third party who is responsible for the condition, have the right to sue any such third party in the Member's name, and has a security interest in and lien upon any recovery to the extent of the amount of benefits paid by the Plan and for the Plan's expenses in obtaining a recovery. If the Member should either decline to pursue a claim against a third party that the Plan believes is warranted or refuse to cooperate with the Plan in any third party claim that the Member does pursue, the Plan has the right to pursue such claim directly, including commencing a legal action against such third party or intervening in any action that the Member may have commenced.

To accomplish this process, the Plan needs detailed information from you or from the Member. A questionnaire will be sent to the Member for this information. It should be completed and returned to Providence Health Plan as soon as possible to minimize any claim review delay. If you or the Member has any questions or concerns regarding the questionnaire, please contact Providence Health Plan office. A Providence Health Plan employee who specializes in third-party liability/subrogation can discuss these procedures and what you or the Member needs to do.

6.3.2 Proceeds of Settlement or Recovery

If for any reason the Plan is not paid directly by the third party, the Plan is entitled to reimbursement from the Member or the Member's heirs, legal representatives, beneficiaries or relatives, and the Plan may request refunds from the medical providers who treated the Member, in which case those providers will bill the Member for their Services. To the fullest extent permitted by law, the Plan is entitled to the proceeds of any settlement, award, verdict, or other payment that results in a monetary recovery from a third party, whether or not responsibility is accepted or denied by the third party for the condition, whether or not such monetary recovery is described by any person as something other than a recovery of medical expenses incurred by the Plan, and whether or not the Member is alleged to have any fault, under principles of comparative negligence or otherwise. With respect to any workers' compensation recovery, the Plan is entitled to the proceeds whether or not the loss is deemed to be compensable under the workers' compensation laws. The Plan is entitled to recover up to the full value of the benefits provided by the Plan for the condition, calculated using the Plan's UCR charges for such Services, less the Plan's pro-rata share of the Member's out-of-pocket expenses and attorney fees incurred in making the recovery. The Plan is entitled to such recovery regardless of whether the Member has been fully compensated or "made whole" for the loss caused by the third party, and regardless of whether the Member has been partially compensated for such loss. The Plan is entitled to first priority in repayment, over the Member and over any other person, for such charges.

By accepting benefits under this Plan, the Member acknowledges the Plan's first priority to this repayment and assigns to us any benefits the Member may have from other sources. The Member must cooperate fully with the Plan and Providence Health Plan in recovering amounts paid by the Plan. If any Member seeks damages against the third party for the condition and retains an attorney or other agent for representation in the matter, that Member agrees to require the Member's attorney or agent to reimburse the Plan directly from the settlement or recovery in the amount provided by this section.

The Member must complete the Plan's trust agreement, by which the Member and any Member's attorney (or other agent) must confirm the obligation to reimburse the Plan directly from any settlement or recovery. The Plan may withhold benefits for the Member's condition until a signed copy of this agreement is delivered to the Plan. The agreement must remain in effect and the Plan may withhold payment of benefits if, at any time, the Member's confirmation of the obligations under this section should be revoked. While this document is not necessary for the Plan to exercise the Plan's rights under this section, it serves as a reminder to the Member and directly obligates any Member's attorney to act in accord with the Plan's rights.

6.3.3 Suspension of Benefits and Reimbursement

After the Member has received proceeds of a settlement or recovery from the third party, the Member is responsible for payment of all medical expenses for the continuing treatment of the illness or injury that the Plan would otherwise be required to pay under this Plan until all proceeds from the settlement or recovery have been exhausted. If the Member has failed to reimburse the Plan as required by this section, the Plan is entitled to offset future benefits otherwise payable under this Plan, or under any future contract or plan with Clackamas County, to the extent of the value of the benefits advanced under this section.

If the Member continues to receive medical treatment for the condition after obtaining a settlement or recovery from one or more third parties, the Plan is not required to provide coverage for continuing treatment until the Member proves to the Plan's satisfaction that the total cost of the treatment is more than the amount received in settlement or recovered from the third party, after deducting the cost of obtaining the settlement or recovery. The Plan will only cover the amount by which the total cost of benefits that would otherwise be covered under this Plan, calculated using the Plan's UCR charges for such Services, exceeds the amount received in settlement or recovery from the third party. The Plan is entitled to suspend such benefits even if the total amount of such settlement or recovery does not fully compensate the Member for other damages, particularly including lost wages or pain and suffering.

Any settlement arising out of an injury or illness covered by this Plan will be deemed first to compensate you for your medical expenses, regardless of any allocation of proceeds in any settlement document that the Plan has not approved in advance. In no event shall the amount reimbursed to the Plan be less than the maximum permitted by law.

- Determination that a course or plan of treatment that a Member is undergoing is an active course of treatment for purposes of continuity of care.

Appeal

A type of Grievance that is a written request from a Member or an Authorized Representative of the Member requesting further consideration of an Adverse Benefit Determination.

Authorized Representative

An individual who by law or by the consent of a Member may act on behalf of the Member.

Concurrent Care

An approved ongoing course of treatment to be provided over a period of time or for a specified number of treatments.

Grievance

A communication from a Member or an Authorized Representative of a Member expressing dissatisfaction with an Adverse Benefit Determination, without specifically declining any right to Appeal or review, that is:

- In writing, for an internal Appeal or an external review; or in writing or orally, for an expedited response or an expedited external review; or
- A written complaint submitted by a Member or an Authorized Representative of a Member regarding the:
    - Availability, delivery or quality of a health care service;
    - Claims payment, handling or reimbursement for health care services and, unless the Member has not submitted a request for an internal Appeal, the complaint is not disputing an Adverse Benefit Determination; or
    - Matters pertaining to the contractual relationship between a Member and Providence Health Plan.

7.2.1 Your Grievance and Appeal Rights

If you disagree with Providence Health Plan's decision about your medical bills or health care services, you have the right to an internal review. You may request review if you have received an Adverse Benefit Determination. You may also file a quality of care or general complaint or grievance with Providence Health Plan. You may appoint an Authorized Representative to act on your behalf during your Grievance or Appeal. Please include as much information as possible including the date of the incident, the names of individuals involved, and the specific circumstances. In filing a Grievance or Appeal:

- You can submit written comments, documents, records and other information relating to your Grievance or Appeal and Providence Health Plan will consider that information in the review process.
- You can, upon request and free of charge, have reasonable access to and copies of the documents, records, and other information relevant to Providence Health Plan's decision, including the specific internal rule, guideline, protocol, or other similar criterion relied upon to make an Adverse Benefit Determination.
- You can be represented by anyone of your choice at all levels of Appeal.

Filing a Grievance or Appeal does not affect your right to receive benefits for Covered Services as otherwise provided under this Plan.

If you receive the services that were denied in the Adverse Benefit Determination, and if the Adverse Benefit Determination is upheld by internal or external review, you will be financially responsible for any benefits paid by the Plan for such services.

To the extent possible, Customer Service will resolve complaints filed by telephone at the point of service. Providence Health plan will acknowledge all non-urgent pre-service and post-service Grievances and Appeals within seven days of receipt and resolve within 30 days or sooner depending on the clinical urgency. Urgent medical conditions and concurrent care have different resolution timelines as noted below.

Urgent Medical Conditions: If you believe your health would be seriously harmed by waiting for Providence Health Plan's decision on your Grievance or Appeal of a denied Prior Authorization or Concurrent Care request, you may request an expedited review by calling Customer Service at 503-574-7500 or 800-878-4445 outside of the Portland area. If your Appeal is urgent and qualifies for external review, you may request to have both your internal and external Appeal expedited at the same time. Providence Health Plan will let you know by phone and letter if your case qualifies for an expedited review. If it does, you will be notified of the decision within 72 hours of receiving your request.

Grievances and Appeals Involving Concurrent Care Decisions: If Providence Health Plan has approved an ongoing course of treatment for you and determines through medical management procedures to reduce or terminate that course of treatment, Providence Health Plan will provide advance notice to you of that decision. You may request reconsideration of the decision by submitting an oral or written request at least 24 hours before the course of treatment is scheduled to end. Providence Health Plan will then notify you of the reconsideration decision within 24 hours of receiving your request.

7.2.2 Internal Grievance or Appeal

You must file your internal Grievance or Appeal within 180 days of the date on the notice of the initial Adverse Benefit Determination, or that initial determination will become final. Please advise Providence Health Plan of any additional information that you want considered in the review process. If you are seeing an Out-of-Network Provider, you should contact that provider's office and arrange for the necessary records to be forwarded to Providence Health Plan for the review process. Your Grievance or Appeal will be reviewed by Providence Health Plan staff not involved in the initial determination. You may present your case in writing. Once a final determination is made you will be sent a written explanation of the decision.

7.2.3 Voluntary Second Level Internal Appeal

If you are not satisfied with the decision of the internal Appeal and your Appeal is of an Adverse Benefit Determination that involves (a) Medically Necessary treatment, (b) Experimental/Investigational treatment, (c) an active course of treatment for purposes of continuity of care, (d) whether a course of treatment is delivered in an appropriate setting at an appropriate level of care or (e) an exception to the Plan's prescription drug formulary, you may request a voluntary second level internal Appeal. If your case is eligible, it will be reviewed by Providence Health Plan's Grievance Committee. The members of the Grievance Committee are individuals not involved in the initial decision to uphold an Appeal. You must submit your written request for the voluntary second level internal Appeal within 60 days of the date on the internal Grievance or Appeal decision notice or that initial decision will become final. The Grievance Committee will review all documentation presented by you and send a written explanation of its decision within 30 days of receiving your request for the voluntary second level internal Appeal.

7.2.4 External Review

If you are not satisfied with the internal Grievance or Appeal decision or the decision of the voluntary second level internal Appeal and your Appeal is of an Adverse Benefit Determination that involves (a) Medically Necessary treatment, (b) Experimental/Investigational treatment, (c) an active course of treatment for purposes of continuity of care, (d) whether a course of treatment is delivered in an appropriate setting at an appropriate level of care or (e) an exception to the Plan's prescription drug formulary, you may request an external review by an IRO. Your request must be made in writing within 180 days of receipt of the internal Grievance or Appeal decision or voluntary second level internal Appeal decision, or that internal decision will become final. If you agree, Providence Health Plan may waive the requirement that you exhaust the internal review process before beginning the External Review process. Providence Health Plan will notify the Oregon Insurance Division within two business days of receiving your request for external review, at which point an IRO will be assigned to the case by the Oregon Insurance Division and Providence Health Plan will forward complete documentation regarding the case to the IRO.

If you request an external review you must agree to authorize release of medical records needed by the IRO and submit any additional information to the IRO no later than five days after the appointment of the IRO, or 24 hours in cases of expedited review. The IRO is entirely independent of the Plan and Providence Health Plan and performs its review under a contract with the Oregon Insurance Division. The IRO will notify you and Providence Health Plan of its decision within three days for expedited reviews and within 30 days when not expedited. **The Plan and Providence Health Plan agree to be bound by and to comply with the IRO decision when the decision involves, (a) Medically Necessary treatment, (b) Experimental/Investigational treatment, (c) an active course of treatment for purposes of continuity of care, (d) whether a course of treatment is delivered in an appropriate setting at an appropriate level of care or (e) an exception to the Plan's prescription drug formulary.**

The Plan pays all costs for the handling of external review cases and Providence Health Plan administers these provisions in accordance with the insurance laws and regulations of the State of Oregon. **If we do not comply with the IRO decision, you have the right to sue us under applicable Oregon law.**

8. ELIGIBILITY AND ENROLLMENT

This section outlines who is eligible for coverage, and how and when to enroll yourself and your Eligible Family Dependents. No benefits shall be available to anyone not enrolled on this Plan. You and your Employer must provide us with evidence of eligibility as requested.

8.1 EMPLOYEE ELIGIBILITY AND ENROLLMENT

8.1.1 Employee Eligibility Date

An employee is eligible for coverage as specified in the Eligible Employee definition.

8.1.2 Employee Effective Date

Coverage begins for an Eligible Employee as specified in the Effective Date of Coverage definition.

8.1.3 Employee Enrollment

The Eligible Employee must enroll on forms (paper or electronic) provided and/or accepted by Clackamas County. To obtain coverage, an Eligible Employee must enroll within 30 days to enroll after becoming eligible. An enrolled Eligible Employee is referred to as the Subscriber.

If you decline coverage or fail to enroll when you first become eligible, the next earliest time you may enroll is the next occurring Open Enrollment Period.

In certain situations, you and/or your Eligible Family Dependents may qualify to enroll during a special enrollment period. See section 8.3 for additional information.

8.2 DEPENDENT ELIGIBILITY AND ENROLLMENT

8.2.1 Eligibility Date

Coverage begins for each Eligible Family Dependent on:

1. The Effective Date of Coverage for the Subscriber if the individual is an Eligible Family Dependent on that date;
2. For any Eligible Family Dependents acquired on the date of the Subscriber's marriage, on the first day of the calendar month following receipt of the enrollment request, within 60 days of the Subscriber's marriage;
3. The date of birth of the biological child of the Subscriber or Spouse;
4. The date a child is placed with the Subscriber or Spouse for the purpose of adoption by the Subscriber or Spouse;
5. The date the Subscriber or Spouse is required to provide health coverage to a child under a qualified medical child support court or administrative order; or
6. The date on which legal guardianship status begins.

8.2.2 Additional Requirements for Eligible Family Dependent Coverage

An Eligible Employee may cover Eligible Family Dependents ONLY if the Eligible Employee is also covered, and Clackamas County receives the completed enrollment form requesting Dependent coverage.

8.2.3 Eligible Family Dependent Enrollment

You must enroll Eligible Family Dependents on forms provided and/or accepted by Clackamas County. No Eligible Family Dependent will become a Member until Clackamas County approves that Eligible Family Dependent for coverage. To obtain coverage, the Eligible Family Dependent must enroll within 30 after becoming eligible as indicated in section 8.2.1 (see section 8.2.4 regarding newborn and adopted children). The next earliest time your Eligible Family Dependent may enroll is the next occurring Open Enrollment Period. In addition, an Eligible Employee and/or Eligible Family Dependent may qualify to enroll during a special enrollment period as described in section 8.3.

8.2.4 Newborn Eligibility and Enrollment

A newborn or adopted child of a Member who meets the definition of an Eligible Family Dependent is eligible for coverage from the date of birth or placement for the purpose of adoption as long as enrollment occurs within 60 days from birth or placement and additional Premium, if any, is paid to Clackamas County. If the enrollment and payment of additional Premium, if any, are not accomplished within this time period, no Services will be covered for the child. Enrollment after this time period may be accomplished as outlined in sections 8.2.3 and 8.3.

8.2.5 Open Enrollment Period

Clackamas County will provide an Open Enrollment Period each Plan Year. The Effective Date of Coverage for new Members who enroll during the Open Enrollment Period is the first day of the Plan Year for which they enroll.

8.2.6 Changes in Eligibility

When an eligibility change occurs, you need to make sure Clackamas County is notified of the change. Address changes can be made by contacting Clackamas County Employee Services.

For the following changes, you, as the Subscriber, must obtain an enrollment form from Clackamas County's benefit office. You need to submit this form to your Employer for you and all your Eligible Family Dependents when:

- You marry and wish to enroll your new Spouse;
- A Dependent's limiting age occurs; or
- You or one of your Dependents has a legal name change.

If you have questions regarding eligibility changes, please contact Clackamas County Employee Services

8.2.7 Members No Longer Eligible for Coverage

If you divorce or are legally separated, your Spouse is no longer eligible for coverage as a Dependent. You must disenroll your Spouse as a Dependent from your Plan at the time the divorce or legal separation is final. Your Spouse's children will be able to continue coverage under the Plan so long as the children continue to qualify as your Eligible Family Dependents.

You must inform Clackamas County of these changes by completing a new enrollment form. Check with Clackamas County's benefits office or contact Customer Service to determine the effective date of any enrollment or disenrollment.

Those who no longer qualify as your Eligible Family Dependents may be eligible to continue coverage as described under section 10. Ask Clackamas County or call Customer Service for continuation coverage eligibility information.

8.3 SPECIAL ENROLLMENT PERIODS

If you declined enrollment for yourself as a Subscriber or for an Eligible Family Dependent (including your Spouse) during a previous enrollment period (as stated in sections 8.1 and 8.2), you may be eligible to enroll yourself or the Eligible Family Dependent during a "special enrollment period" provided that you request enrollment within 60 days of the qualifying event and meet the applicable requirements stated in this section.

In instances where an Eligible Family Dependent of a Subscriber qualifies for a "special enrollment period," the Subscriber and the Eligible Family Dependent may:

- Enroll in the coverage currently elected by the Subscriber; or
- Enroll in any benefit option offered by the Employer for which the Subscriber and Eligible Family Dependent is eligible.

8.3.1 Loss of Other Coverage

If you declined enrollment for yourself as a Subscriber or for an Eligible Family Dependent (including your Spouse) because of other health coverage and you lose that other coverage, the Plan will provide a "special enrollment period" for you and/or your Eligible Family Dependent if:

a) The person was covered under a group health plan or had other health coverage (includes benefits consisting of medical care under any hospital or medical services policy or certificate, or HMO) at the time coverage under this policy was first offered to the person; and

b) The person stated in writing that coverage under such group health plan or health coverage was the reason for declining enrollment; but only if the Plan required such a statement and provided the person with notice of such requirement (and the consequences of such requirement) at such time; and

c) Such coverage:
   - was under a COBRA Continuation provision and the coverage under such a provision was exhausted, except when the person failed to pay timely premium, or if coverage terminated for cause (such as making a fraudulent claim or an intentional misrepresentation of a material fact); or
   - was not under a COBRA Continuation provision and the coverage was terminated as a result of:
     1. The individual's loss of eligibility for the coverage; including as a result of legal separation, divorce, death, termination of employment, or a reduction in the number of hours of employment; except when the person failed to pay timely premium or if coverage terminated for cause (such as making a fraudulent claim or an intentional misrepresentation of material fact); or
     2. The individual's loss of eligibility for coverage under the Children's Health Insurance Program (CHIP), Medicaid, Medicare, TRICARE, Indian Health Service or domestic or foreign publicly sponsored or subsidized health plan; including but not limited to the Oregon Health Plan (OHP); and the individual applies for coverage under this Plan within 63 days of the termination of such coverage; or
     3. The termination of contributions toward such coverage by the current or former Employer; or
     4. The individual incurring a claim that exceeds the lifetime limit on benefits; and the individual applies for coverage under this Plan within 60 days after the claim is denied.

Effective Date: Coverage under this Plan will take effect on the first day after the other coverage ended.

8.3.2 New Dependents

If you were eligible to enroll as a Subscriber under this Plan, but did not enroll during a previous enrollment period, and a person becomes your Eligible Family Dependent through marriage, birth, adoption or placement for adoption; the Plan will provide a "special enrollment period" during which you and your Eligible Family Dependent(s) may enroll under this Plan.

The "special enrollment period" shall be a period of 60 days and begins on the later of:

- the date Dependent coverage is made available under this Plan; or
- the date of the marriage, birth, or adoption or placement for adoption.

Effective Date:

- in the case of marriage, on the first day of the calendar month following Clackamas County's receipt of the enrollment request, or on an earlier date as agreed to by Clackamas County; or
- in the case of a Dependent's birth, on the date of such birth; or
- in the case of a Dependent's adoption or placement for adoption, the date of such adoption or placement for adoption; or
- in the case of legal guardianship of a Dependent, the date such legal guardianship status begins.

8.3.3 Court Orders

If you were eligible to enroll as a Subscriber under this Plan, but did not enroll during a previous enrollment period, and a court orders you to provide coverage for a Spouse or minor child under your Health Benefit Plan, the Plan will provide a "special enrollment period" for you and the Spouse or minor child you are ordered to provide coverage for if you request enrollment within 60 days after the issuance of the court order.

Effective Date: The date specified in the court order.

8.3.4 Premium Assistance

If you or your Eligible Family Dependent were eligible to enroll under this Plan but did not enroll during a previous enrollment period, and you or your Eligible Family Dependent becomes entitled to group health plan premium assistance under a Medicaid-sponsored or Children's Health Insurance Program (CHIP)-sponsored arrangement, the Plan will provide a "special enrollment period" for you and your Family Member(s) if you request enrollment within 60 days after the date of entitlement.

8.4 LEAVE OF ABSENCE AND LAYOFFS

A Subscriber on leave of absence or layoff status may continue to be covered under this Plan as though actively at work for a period of time, if any, as stated in the Eligible Employee definition. An Employee who returns to work as an Eligible Employee after coverage has lapsed must re-enroll for coverage as specified in section 8.1.3.

For the Subscriber, a leave of absence granted under the federal Family and Medical Leave Act (FMLA), the Uniformed Services Employment and Reemployment Rights Act (USERRA), is administered in accordance with those Acts and this Summary Plan Description.

9. TERMINATION OF MEMBER COVERAGE

9.1 TERMINATION DATES

Termination of Member coverage under this Plan will occur on the earliest of the following dates:

1. The date this Plan terminates;
2. The last day of the coverage period in which a Subscriber terminates employment with Clackamas County;
3. The last day of the coverage period in which a Subscriber no longer qualifies as a Subscriber, as stated in the Summary Plan Description;
4. The date a Member enters full-time military, naval or air service, except as provided under federal USERRA requirements;
5. The last day of the coverage period in which a Subscriber retires;
6. The last day of the month in which the Subscriber makes a written request for termination of coverage to be effective for the Subscriber or Member;
7. For a Family Member, the date the Subscriber's coverage terminates;
8. For a Family Member, the last day of the month in which the individual no longer qualifies as an Eligible Family Dependent;
9. For any benefit, the date the benefit is deleted from this Plan;
10. For a Member, the date of disenrollment from this Plan as described in section 9.4;
11. For a Member, the date any fraudulent information is provided; or
12. For a Member, the date we discover any breach of contractual duties, conditions or warranties, as determined by us.
13. For a Subscriber that is a Non-Medicare Eligible Early Retiree, the last day of the month in which the Retiree becomes eligible for Medicare.

You and the Employer are responsible for advising Clackamas County of any changes in eligibility including the lack of eligibility of a Family Member. Coverage will not continue beyond the last date of eligibility, regardless of the lack of notice to Clackamas County.

See section 7, Problem Resolution, for your Grievance and Appeal rights.

9.2 TERMINATION AND RESCISSION OF COVERAGE DUE TO FRAUD OR ABUSE

Coverage under this Plan, either for you or for your covered Dependent(s), may be rescinded (meaning your coverage is retroactively canceled) or terminated in case of a fraud or intentional misrepresentation of material fact by you or by your covered Dependent in obtaining, or attempting to obtain, benefits under this Plan.

If coverage is rescinded, the Plan will retain any money you paid for coverage as liquidated damages and will have the right to recover from you or from your covered Dependents the benefits paid as a result of such wrongful activity. Providence Health Plan will provide all affected Plan participants with 30 days' notice before rescinding coverage.

9.3 NON-LIABILITY AFTER TERMINATION

Upon termination of this Plan, Clackamas County shall have no further liability beyond the effective date of the termination unless the Member continues, without lapse of membership, under another Clackamas County plan.

9.4 DISENROLLMENT FROM THIS PLAN

"Disenrollment" means that your coverage under this Plan is terminated because you have engaged in fraudulent, dishonest or threatening behavior, such as:

1. You have filed a false claim with the Plan;
2. You willfully fail to provide information or documentation required to be provided under this Plan or knowingly provide incorrect or incomplete information;
3. You have committed an act of physical or verbal abuse that poses a threat to providers, to other Members, or to Clackamas County or Providence Health Plan employees; or
4. You have allowed a non-Member to use your Member ID Card to obtain Services.

9.5 NOTICE OF CREDITABLE COVERAGE

Providence Health Plan will provide upon request written certification of the Member's period of Creditable Coverage when:

- A Member ceases to be covered under this Plan;
- A Member on COBRA coverage ceases that coverage; and
- A Member requests a Notice of Creditable Coverage within 24 months of the termination of coverage.

9.6 CLACKAMAS COUNTY'S RIGHT TO TERMINATE OR AMEND PLAN

Clackamas County reserves the right at any time to terminate or amend in whole or part any of the provisions of the Plan or any of the benefits provided under the Plan. Any such termination or amendment may take effect retroactively or otherwise. In the event of a termination or reduction of benefits under the Plan, the Plan will be liable only for benefit payments due and owing as of the effective date of such termination or reduction and no payments scheduled to be made on or after such effective date will result in any liability to the Plan or Clackamas County.

10. CONTINUATION OF GROUP MEDICAL BENEFITS

If you become ineligible for coverage under this Plan you may, under certain circumstances, continue group coverage. There are specific requirements, time frames and conditions that must be followed in order to be eligible for continuation of group coverage and which are generally outlined below. Please contact Clackamas County as soon as possible for details if you think you may qualify for group COBRA or state continuation coverage.

10.1 COBRA CONTINUATION COVERAGE

The Consolidated Omnibus Budget Reconciliation Act (COBRA) is a federal law that applies to most Employers with 20 or more employees. Some Employers, such as church groups and state agencies, may be exempt from COBRA. The law requires that Employers subject to COBRA offer Employees and/or their Dependents continuation of medical and dental coverage in certain instances where there is a loss of group coverage.

10.1.1 Subscriber's Continuation Coverage

A Subscriber who is covered under this Plan may elect continuation coverage under COBRA if coverage is lost due to termination of employment (other than for gross misconduct) or a reduction in work hours.

10.1.2 Spouse's or Domestic Partner's Continuation Coverage

A Spouse or Domestic Partner who is covered under this Plan has the right to elect continuation coverage under COBRA if coverage is lost for any of the following qualifying events:

- The death of the Subscriber;
- The termination of the Subscriber's employment (for reasons other than gross misconduct) or reduction in hours;
- The divorce or legal separation of the Subscriber and the Spouse;
- Termination of the domestic partnership; or
- The Subscriber becomes covered under Medicare.

10.1.3 Dependent's Continuation Coverage

A Dependent child who is covered under this Plan has the right to continuation under COBRA if coverage is lost for any of the following qualifying events:

- The death of the Subscriber;
- The termination of the Subscriber's employment (other than for gross misconduct) or reduction in a Subscriber's hours;
- The Subscriber's divorce or legal separation;
- Termination of the domestic partnership;
- The Subscriber becomes covered under Medicare; or
- The child ceases to qualify as an Eligible Family Member under this Plan.

A newborn child or a child placed for adoption who is properly enrolled under the terms of this Plan during the COBRA continuation period will be a qualified beneficiary.

10.1.4 Notice Requirements

A Family Member's coverage ends on the last day of the month in which a divorce, legal separation or termination of domestic partnership occurs or a child loses Dependent status under this Plan. **Under COBRA, you or your Family Member has the responsibility to notify Clackamas County if one of these events occurs.** Written notice must be given no later than 60 days after the loss of coverage has occurred, or the qualifying event, whichever is later. Oral notice is not binding until confirmed in writing. If notice is not timely given, continuation coverage will not be available.

When Clackamas County receives notification of one of the above "qualifying" events, you will be notified that you or your Family Member, as applicable, have 60 days from the date coverage is lost or the date you receive the notice, whichever is later, to elect continuation coverage. If this election is not made within this 60-day period, your right to elect continuation coverage under this Plan will be lost.

10.1.5 Type of COBRA Continuation Coverage

A qualified beneficiary will be provided the same coverage that was in effect immediately prior to the qualifying event.

10.1.6 COBRA Election Rights

A Subscriber or his or her Spouse or Domestic Partner may elect continuation coverage for all covered Family Members. In addition, each Family Member has an independent right to elect COBRA. Thus, a Family Member may elect continuation coverage even if the Subscriber does not.

10.1.7 COBRA Premiums

If you are eligible for COBRA continuation coverage, you do not have to show that you are insurable (that you do not have any serious health conditions). However, you must pay the full premium for your continuation coverage, including the portion of the premium Clackamas County was previously paying. After you elect COBRA, you will have 45 days from the date of election to pay the first premium. You must pay premium back to the point you would otherwise have lost coverage under this Plan. After that, you must pay the premium for each month as of the first of the month, and in all events within 30 days. If you fail to pay your monthly premium, you will be notified that your coverage is being terminated.

10.1.8 Length of COBRA Continuation Coverage

18-Month Continuation Period

When coverage ends due to a Subscriber's termination of employment (other than for gross misconduct) or a reduction in hours, the continuation period for the Subscriber and all covered Family Members will be 18 months from the date of the qualifying event, or the date coverage is lost, whichever is later.

29-Month Continuation Period

If a qualified beneficiary is disabled, continuation coverage for that qualified beneficiary and his or her covered Family Members may continue for up to 29 months from the date of the original qualifying event, or loss of coverage, whichever is later. The 29-month period applies only if the following conditions are met:

- The Social Security Administration (SSA) determines that the qualified beneficiary is disabled at any time prior to the qualifying event or during the first 60 days of COBRA continuation coverage; and
- The qualified beneficiary provides Clackamas County with a copy of the SSA determination within the initial 18-month continuation period and not later than 60 days after the SSA determination was issued.

The premium for COBRA continuation coverage may increase after the 18th month to 150% of the otherwise applicable amount.

If the SSA makes a final determination of non-disability, the qualified beneficiary must notify the COBRA Administrator within 30 days.

36-Month Continuation Period

If a Spouse, Domestic Partner or Dependent child loses coverage because of any of the following reasons, COBRA provides for up to 36 months of continuation of coverage:

- The Subscriber's death;
- The Subscriber's eligibility for Medicare;
- Divorce or legal separation;
- Termination of the domestic partnership; or
- A child becomes ineligible for Dependent coverage.

10.1.9 Extension of Continuation Period

If a second qualifying event occurs during the initial 18- or 29-month continuation period (for example, the death of the employee, divorce, or child loses status as an Eligible Family Member under the Plan), coverage for a qualified beneficiary may be extended up to 36 months. However, in no case will the continuation coverage exceed 36 months from the date of the original qualifying event.

If a Spouse or Dependent child has continuation coverage due to the employee's termination or reduction in hours and if the qualifying event occurred within 18 months after the employee became entitled to Medicare, the coverage period is extended to 36 months from the employee's Medicare entitlement date.

10.1.10 Trade Act of 2002

The Trade Act of 2002 created a new tax credit for certain individuals who become eligible for trade adjustment assistance (TAA). TAA allows workers displaced by the impact of foreign trade, and individuals age 55 or older who are receiving pension benefits paid by the Pension Benefit Guaranty Corporation (PBGC), to elect COBRA coverage during the 60-day period that begins on the first day of the month in which the individual first becomes eligible for TAA benefits. Eligible individuals can either take a tax credit or get advance payment of sixty-five percent of premiums paid for qualified health insurance, including continuation coverage. If you have questions about these tax provisions, you may call the Health Care Tax Credit Customer Contact Center toll-free at 866-628-4282. TTD/TTY caller may call toll-free at 866-626-4282. More information about the Trade Act is also available at http://www.doleta.gov/tradeact/.

10.1.11 When COBRA Continuation Coverage Ends

COBRA Continuation coverage will end automatically for you and your Family Members when any of the following events occurs:

- Clackamas County no longer provides health coverage to any employees;
- The premium for the continuation coverage is not paid on time;
- The qualified beneficiary employee, spouse or dependent child) later becomes covered under another health plan that has no exclusions or limitations with respect to any pre-existing conditions. If the other plan has applicable exclusions or limitations, the COBRA continuation coverage will terminate after the exclusion or limitation no longer applies'
- The qualified beneficiary (employee, spouse, or dependent child) later becomes entitled to Medicare;
- The earliest date that the qualified beneficiary no longer qualifies for such coverage in accordance with the federal COBRA regulations; or
- The applicable maximum period of continuation coverage occurs.

11.2 INFORMATION FOR NON-ERISA MEMBERS (PARTICIPANTS)

The following information applies to Members (participants) who are covered by a plan that is not subject to ERISA.

As a participant in Clackamas County's Group Plan, you are entitled to certain rights and protections under Oregon law, which provides that all Plan participants are entitled to:

- **Receive from Providence Health Plan information maintained about you by your Employer's group plan**
  - You are entitled within 30 days to access to recorded personal information, provided you request it in writing and reasonably describe the information.
  - You may obtain copies, subject to paying a reasonable copying charge.
  - You are entitled to know to whom we may have disclosed any such information.
  - You are entitled to correct any errors in the information.
- **Continue group health coverage**
  - Continue health care coverage for yourself, Spouse or Dependents under the circumstances described in section 10.1.
- **Enforce your rights**

  If your claim for a plan benefit is denied or ignored, in whole or in part, you have a right to know why this was done, to obtain copies of documents relating to the decision without charge, and to Appeal any denial, all within certain time schedules.

As more fully described in section 7, the Plan offers a Grievance process that attempts to resolve the concerns Members may have about claims decisions. No civil action may be brought to recover benefits from this Plan until receipt of a final decision under the Member Grievance and Appeal process specified in section 7.2 of this Summary Plan Description. If the Member elects to seek external review under section 7.2.4, both the Plan and the Member will be bound by the Independent Review Organization (IRO) decision. No civil action may be brought later than three years after the date of the last decision rendered under the Member Grievance and Appeal process specified in section 7.2.

Member's sole right of Appeal from a final Grievance determination, other than a determination referred for binding determination by an independent review organization, shall be to an Oregon state court, either in the Member's county of residence or such other county as mutually agreed upon between the Member and the Plan. In the alternative, Member may request that the Plan agree to submit the dispute to binding arbitration before a single arbitrator appointed by the United States Arbitration & Mediation Service (USA&M) under Oregon law in the Member's county (unless otherwise mutually agreed) in accordance with USA&M's Rules for Arbitration. If arbitration is mutually agreed upon the arbitrator's decision shall be final and legally binding and judgment may be entered thereon. Irrespective of whether the Grievance is appealed to a court or an arbitrator, neither party shall under any circumstance be liable to the other for any special, incidental, or consequential damages, or for any tort liability (including any punitive or exemplary damages), in any way related to this Plan.

12. QUALIFIED MEDICAL CHILD SUPPORT ORDERS (QMCSO)

A child of an Eligible Employee will be enrolled in the Plan as required by a qualified medical child support order. The procedures and rules regarding this enrollment are described in this section.

12.1 DEFINITIONS

For purposes of this section, the following definitions shall apply:

"Alternate Recipient" means any child of an employee who is recognized under an Order as having a right to enrollment under the Plan with respect to such employee.

An "Order" means any judgment, decree, or order (including approval of a settlement agreement) issued by a court of competent jurisdiction (or through an administrative process established under a state law which has the effect of a court order) which:

- Provides for child support with respect to a child of an employee under the Plan or provides for health benefit coverage to such a child, is made pursuant to a state domestic relations law (including a community property law), and relates to benefits under the Plan; or
- Enforces a state law relating to medical child support with respect to the Plan.

A "Qualified Medical Child Support Order" or "QMCSO" means an Order:

- Which creates or recognizes the existence of an Alternate Recipient's right to receive, or assigns to an Alternate Recipient the right to receive, benefits for which an employee or beneficiary is eligible under the Plan; and
- With respect to which Clackamas County has determined satisfies the QMSCO standards set forth below.

"Procedures" means the Qualified Medical Child Support Order procedures as prescribed in this section.

"Designated Representative" means a representative designated by an Alternate Recipient to receive copies of notices that are sent to the Alternate Recipient with respect to an Order.

12.2 NOTICE UPON RECEIPT OF ORDER

Upon the receipt of any Order, Clackamas County will promptly notify the employee and each Alternate Recipient identified in such Order of the receipt of such Order, and will further furnish them each with a copy of these Procedures. If the Order or any accompanying correspondence identifies a Designated Representative, then copies of the acknowledgment of receipt notice and these Procedures will also then be provided to such Designated Representative.

12.3 NOTICE OF DETERMINATION

Within a reasonable period after its receipt of the Order, Clackamas County will determine whether the Order satisfies the QMCSO standards described below so as to constitute a QMCSO, and shall thereupon notify the employee, each Alternate Recipient, and any Designated Representative of such determination.

An Order will not be deemed to be a QMCSO unless the Order:

(a) Clearly specifies:

1. The name and last known mailing address (if any) of the employee and of each Alternate Recipient covered by the Order (or the name and mailing address of a State or agency official acting on behalf of the Alternate Recipient);
2. Either a reasonable description of the type of coverage to be provided under the Plan to each Alternate Recipient, or the manner in which such type of coverage is to be determined; and
3. The period to which the Order applies.

(b) Does not require the Plan to provide any type or form of benefit, or any option, not otherwise provided under the Plan, except to the extent that the Order pertains to the enforcement of a state law relating to a medical child support.

If an Order contains inconsistencies or ambiguities that might pose a risk of future controversy or liability to the Plan, the Order will not be considered to be a QMCSO.

12.4 ENROLLMENT OF ALTERNATE RECIPIENT

An Alternate Recipient with respect to an Order determined to be a QMCSO who properly submits the applicable enrollment forms to Clackamas County will become covered under the Plan to which such Order applies as soon as practicable after the applicable enrollment forms are received. An Alternate Recipient will be eligible to become covered under the Plan as of a particular date without regard to any open enrollment period restrictions otherwise applicable under the Plan.

12.5 COST OF COVERAGE

An Alternate Recipient will be treated as having been voluntary enrolled in the Plan by the employee as a dependent of such employee, including in regard to the payment by the employee for dependent coverage under the Plan. The amount of any required contributions to be made by the Employee for coverage under the Plan will be determined on the basis of the Alternate Recipient being treated as the employee's covered dependent. Any additional required contribution attributable to the coverage of the Alternate Recipient will not be separately charged. Rather, the full amount of the required contribution shall be paid by the employee in accordance with the payroll deduction or other procedures of the Plan as pertaining to the employee.

12.6 REIMBURSEMENT OF PLAN EXPENSES

Unless the terms of the Order provide otherwise, any payments to be from the Plan as reimbursement for group health expenses paid either by the Alternate Recipient, or by the custodial parent or legal guardian of the Alternate Recipient, will not be paid to the employee. Rather, such reimbursement will be paid either to the Alternate Recipient, or to the custodial parent or legal guardian of such Alternate Recipient. However, if the name and address of a State or agency official has been substituted in the Order for that of the Alternate Recipient, then the reimbursement will be paid to such named official.

12.7 STATUS OF ALTERNATE RECIPIENT

An Alternate Recipient under a QMCSO generally will be considered a beneficiary of the Employee under the Plan to which the Order pertains.

12.8 TREATMENT OF NATIONAL MEDICAL SUPPORT NOTICE

If Clackamas County receives an appropriately completed National Medical Support Notice (a "National Notice") issued pursuant to the Child Support Performance and Incentive Act of 1998 in regard to an employee who is a non-custodial parent of a child, and if the National Notice is determined by Clackamas County to satisfy the QMCSO standards prescribed above, then the National Notice shall be deemed to be a QMSCO respect to such child.

Clackamas County, upon determining that the National Notice is a QMSCO, shall within forty (40) business days after the date of the National Notice notify the State agency issuing the National Notice of the following:

(a) Whether coverage of the child at issue is available under the terms of the Plan, and if so, as to whether such child is covered under the Plan; and

(b) Either the effective date of the coverage or, if necessary, any steps to be taken by the custodial parent (or by the State or agency official acting on behalf of the child) to effectuate the coverage under the Plan.

Clackamas County shall within such time period also provide to the custodial parent (or such substituted official) a description of the coverage available and any forms or documents necessary to effectuate such coverage.

Nothing in this section shall be construed as requiring the Plan, upon receipt of a National Notice, to provide benefits under the Plan (or eligibility for such benefits) in addition to benefits (or eligibility for benefits) provided under the terms of the Plan as in effect immediately before receipt of such National Notice.

13. GENERAL PROVISIONS

13.1 CONFLICTS OF PROVISIONS

In the event that one or more provisions of this document conflict with one or more provisions of any other plan document, the provisions of this document, as from time to time amended, shall control.

13.2 CONTROLLING STATE LAW

To the extent not preempted by federal laws, the laws of the State of Oregon shall apply and shall be the controlling state law in all matters relating to the Plan.

13.3 DUPLICATING PROVISIONS

If any charge is described as covered under two or more benefit provisions, the Plan will pay only under the provision allowing the greater benefit. This may require a recalculation based upon both the amounts already paid and the amounts due to be paid. The Plan has NO liability for benefits other than those this Plan provides.

13.4 FAILURE TO PROVIDE INFORMATION OR PROVIDING INCORRECT OR INCOMPLETE INFORMATION

Members warrant that all information contained in applications, questionnaires, forms, or statements submitted to Clackamas County and to Providence Health Plan to be true, correct, and complete. If a Member willfully fails to provide information required to be provided under this Plan or knowingly provides incorrect or incomplete information, then the Member's rights may be terminated. See section 9.4.

13.5 GENDER AND NUMBER

Masculine gender shall include the feminine and neuter, the singular shall include the plural, and the plural shall include the singular, unless the context clearly indicates otherwise.

13.6 HEADINGS

All article and section headings in the Plan are intended merely for convenience and shall in no way be deemed to modify or supplement the actual terms and provisions set forth there under.

13.7 LEGAL ACTION

No civil action may be brought under state or federal law to recover benefits from the Plan until receipt of a final decision under the Member Grievance and Appeal process specified in section 7.2 of the Summary Plan Description, unless the Member's benefits under the Plan are subject to the Employee Retirement Income Security Act (ERISA), in which case the Member is permitted either to bring a civil action under ERISA in federal court after receiving a decision from the First Level of Appeal or to bring such an action after receipt of a final grievance decision. An appeal from a final Grievance decision may lie with an Independent Review Organization (IRO). In the event a right to IRO review exists and the Member elects to seek such review, the IRO decision will be binding and final, as indicated in section 7.2.4. No civil action under ERISA or otherwise may be brought later than three years after the date of the last decision rendered under the Member Grievance and Appeal process specified in section 7.2. If ERISA does not apply (see section 11.2), the action must be brought in Oregon state court, either in the Member's county of residence or such other county as mutually agreed upon between Member and the Plan. In general, ERISA applies if this is an employer-sponsored plan, other than a government plan or church plan.

13.8 LIMITATIONS AND PROVISIONS

The provisions of the Plan and any benefits provided by the Plan shall be limited as described herein. Any benefit payable under any other employee benefits plan maintained by Clackamas County shall be paid solely in accordance with the terms and provisions of such plan, and nothing in this Plan shall operate or be construed in any way to modify, amend, or affect the terms and provisions of such other plan.

13.9 MEMBER RESPONSIBILITY

Neither Clackamas County nor Providence Health Plan will have any liability whatsoever for your misunderstanding, misinterpretation or ignorance of the terms, provisions and benefits of this Plan. The membership ID card is issued by Providence Health Plan for Member identification purposes only. It does not confer any right to Services or other benefits under this Plan.

13.11 NON-TRANSFERABILITY OF BENEFITS

No person other than a Member is entitled to receive benefits under this Plan. Such right to benefits is nontransferable.

13.12 NO GUARANTEE OF EMPLOYMENT

Neither the maintenance of the Plan nor any part thereof shall be construed as giving any employee covered hereunder any right to remain in the employ of Clackamas County. No shareholder, director, officer, or employee of Clackamas County in any way guarantees to any Member or beneficiary the payment of any benefit or amount which may become due in accordance with the terms of the Plan.

13.13 NO RECOURSE FOR ACTS OF PROVIDERS

The Hospitals, Skilled Nursing Facilities, physicians and other persons or organizations providing Services to you do so as independent contractors. Neither Clackamas County nor Providence Health Plan is liable for any claim or demand due to damages arising out of, or in any manner connected with, any injuries suffered by you while receiving such Services.

13.14 NON-WAIVER

No delay or failure when exercising or enforcing any right under this Plan shall constitute a waiver or relinquishment of that right, and no waiver or any default under this Plan shall constitute or operate as a waiver of any subsequent default. No waiver of any provision of this Plan shall be deemed to have been made unless and until such waiver has been reduced to writing and signed by the party waiving the provision.

13.15 NOTICE

Any notice required of Clackamas County or Providence Health Plan under this Plan shall be deemed to be sufficient if mailed to the Subscriber at the address appearing in the records of Providence Health Plan. Any notice required of you shall be deemed sufficient if mailed to the principal office of Providence Health Plan, P.O. Box 3125, Portland, OR 97208.

13.16 NOTICE REQUIRED FOR REIMBURSEMENT AND PAYMENT OF CLAIM

Plan payments for most Services are made directly to the providers of Services. Except as otherwise specifically provided in this Plan, if you are billed directly by an Out-of-Network Provider and you pay for benefits which are covered by this Plan, reimbursement from the Plan will be made only upon your written notice to Providence Health Plan of the payment. Payment will be made to the Member, subject to written notice of claim, or, if deceased, to the Member's estate, unless payment to other parties is authorized in writing by you. (See section 6.1.1 regarding timely submission of claims.)

13.17 PAYMENT OF BENEFITS TO PERSONS UNDER LEGAL DISABILITY

Whenever any person entitled to payments under the Plan is determined to be a minor or under other legal disability or otherwise incapacitated in any way so as to be unable to manage such person's financial affairs, or otherwise incapable of giving a valid receipt and discharge for any payment, the following provision shall apply. Providence Health Plan, in their discretion, may direct that all or any portion of such payments be made (i) to such person, (ii) to such person's legal guardian or conservator, or (iii) to such person's spouse or to any other person, in any manner considered advisable, to be expended for the person's benefit. PHP's decision will, in each case, be final and binding upon all persons. Any payment made pursuant to the power herein conferred shall operate as a complete discharge of the obligations under the Plan in respect thereof by Clackamas County and Providence Health Plan.

13.18 PHYSICAL EXAMINATION AND AUTOPSY

When reasonably required for purposes of claim determination, the Plan Sponsor shall have the right to make arrangements for the following examinations, at Plan expense, and to suspend the related claim determination until Providence Health Plan has received and evaluated the results of the examination:

- A physical examination of a Member; or
- An autopsy of a deceased Member, if not forbidden by law.

13.19 PROFESSIONAL REVIEW AND RIGHT TO EXAMINE RECORDS

All Members, by acceptance of the benefits of this Plan, shall be deemed to have consented to the examination of medical records for purposes of utilization review, quality assurance and peer review by Providence Health Plan or their designee.

All Members, for purposes other than utilization review, quality assurance and peer review, may be required to authorize any provider to give and discuss with Providence Health Plan any information relating to any condition for which benefits are claimed under this Plan. Providence Health Plan may transfer this information between providers or other organizations who are treating you or performing a Service on our behalf. If you do not consent to the release of records or to discussions with providers, Providence Health Plan will be unable to determine the proper payment of any benefits and will deny the claims accordingly. Consent to the release of records and discussion with providers is a condition of payment of any benefits. Neither the consent to, nor the actual examination of the records or discussion with providers will constitute a guarantee of payment.

13.20 REQUIRED INFORMATION TO BE FURNISHED

Each Member must furnish to Providence Health Plan such information as they consider necessary or desirable for purposes of administering the Plan, and the provisions of the Plan respecting any payments hereunder are conditional upon the prompt submission by the Member of such true, full and complete information as may be requested.

13.21 RIGHT OF RECOVERY

Providence Health Plan, on behalf of the Plan, has the right, upon demand, to recover payments in excess of the maximum benefits specified in this Plan or payments obtained through fraud, error, or duplicate coverage. If reimbursement is not made to the Plan, Providence Health Plan is authorized by Clackamas County to deduct the overpayment from future benefit payments under this Plan.

13.22 SEVERABILITY

Invalidation of any term or provision herein by judgment or court order shall not affect any other provisions, which shall remain in full force and effect.

13.23 STATE MEDICAID BENEFITS RIGHTS

Notwithstanding any provision of the Plan to the contrary:

- Payment for benefits with respect to a Member under the Plan shall be made in accordance with any assignment of rights made by or on behalf of such Member, as required by a State Medicaid Plan;
- The fact that an individual is eligible for or is provided medical assistance under a State Medicaid Plan shall not be taken into account in regard to the individual's enrollment as a Member or beneficiary in the Plan, or in determining or making any payments for benefits of the individual as a Member in the Plan; and
- Payment for benefits under the Plan shall be made to a state in accordance with any state law which provides that the state has acquired the rights with respect to a Member for items or services constituting medical assistance under a State Medicaid Plan.

For purposes of the above, a "State Medicaid Plan" means a state plan for medical assistance approved under Title XIX of the Social Security Act pursuant to Section 1912(a)(1)(A) of such Act.

13.24 SUGGESTIONS

You are encouraged to make suggestions to us. Suggestions may be oral or written and should be directed to the Customer Service Team at our administrative office.

13.25 VETERANS' RIGHTS

The Plan will provide benefits to employees entering into or returning from service in the armed forces as may be required under the Uniformed Services Employment and Reemployment Rights Act of 1994 (USERRA). In general, USERRA provides that:

(a) An employee who takes unpaid military leave, or who separates from the employment of Clackamas County to perform services in the armed forces or another uniformed service, can elect continued coverage under the Plan (including coverage for the Eligible Family Dependents) on a self-pay basis. The applicable Contribution for such coverage, and the Contribution payment procedures, shall be as generally prescribed for COBRA continuation coverage in section 10. Effective for elections made on or after December 10, 2004, the period for such continuation coverage shall extend until the earlier of:
    1. The end of the 24-month period beginning on the date on which the employee's absence for the purpose of performing military service begins; or
    2. The date the employee fails to timely return to employment or reapply for a position with Clackamas County upon the completion of such military service.

13.26 WORKERS' COMPENSATION INSURANCE

The rights of any person whose employment has terminated, and the rights of such person's covered dependents, will be determined pursuant to the terms of the Plan as in effect on the date such employment terminated, except as may otherwise be specifically provided under the Plan.

The Employer shall be responsible for all fiduciary functions under the Plan except insofar as any such authority or responsibility is assigned by or pursuant to the Plan to another named fiduciary, or is delegated to another fiduciary by the Employer. The Employer has the discretionary authority to determine eligibility for benefits under the Plan and to interpret the terms of the Plan, unless it has delegated that authority as permitted by the Plan. In the event of such delegation, Providence Health Plan's determinations on the meaning of Plan terms may not be overturned unless found by a court to have been arbitrary and capricious. The allocation of administrative duties and the delegation of discretionary authority for the Plan is specified in the Administrative Services Agreement that has been executed by the Employer and Providence Health Plan.

14.7.1 Complete Allocation of Fiduciary Responsibilities

This section is intended to allocate to each named fiduciary the individual responsibility for the prudent execution of the functions assigned to each. The performance of such responsibilities will be deemed a several and not a joint assignment. None of such responsibilities nor any other responsibility is intended to be shared by two or more of them unless such sharing will be provided by a specific provision of the Plan. Whenever one named fiduciary is required by the Plan to follow the directions of another, the two will not be deemed to have been assigned a shared responsibility, but the responsibility of the one giving the direction will be deemed to be its sole responsibility, and the responsibility of the one receiving such direction will be to follow it insofar as such direction is on its face proper under the Plan and applicable law.

14.8 ENGAGEMENT OF ADVISORS

The Employer may employ on behalf of the Plan one or more persons to render advice with regard to any responsibility it may have under the Plan. Toward that end, the Employer may appoint, employ and consult with legal counsel, actuaries, accountants, investment consultants, physicians or other advisors (who may be counsel, actuaries, accountants, consultants, physicians or other advisors for the Employer) and may also from time to time utilize the services of employees and agents of the Employer in the discharge of their respective responsibilities.

14.9 INDEMNIFICATION

The Employer will indemnify its employees for any liability or expenses, including attorneys' fees, incurred in the defense of any threatened or pending action, suit or proceeding by reason of their status as a fiduciary with respect to the Plan, to the full extent permitted by law.

14.10 AMENDMENT OR TERMINATION OF PLAN

14.10.1 Right to Amend or Terminate

The Employer reserves the right at any time and from time to time to amend or terminate in whole or in part any of the provisions of the Plan, or any document forming part of the Plan.

14.10.2 Manner of Action

Any amendment or termination of the Plan or any part of the Plan shall be made by an instrument in writing reflecting that such change has been authorized by the Employer. Any such amendment or termination shall be effective as of the date specified in said instrument, or, if no date is so specified, as of the date of execution or adoption of said instrument. An amendment may be effected by establishment, modification, or termination of the Plan by appropriate action of the Employer. Any such amendment or termination may take effect retroactively or otherwise. An instrument regarding the establishment, modification or termination of the Plan which is executed by the Chair of the Board of County Commissioners or his/her designee shall be conclusive evidence of the adoption and effectiveness of the instrument.

14.10.3 Effect on Benefits

Claims incurred before the effective date of a Plan change or termination will not be affected. Claims incurred after Plan changes will be covered according to the provisions in effect at the time the claim is incurred. Claims incurred after the Plan is terminated will not be covered. You will not be vested in any Plan benefits or have any further rights, subject to applicable law.

14.11 PROTECTED HEALTH INFORMATION

14.11.1 Disclosure

In accordance with the privacy regulations of the Health Insurance Portability and Accountability Act (HIPAA), Providence Health Plan may disclose de-identified summary health information to the Employer for purposes of modifying, amending or terminating this Plan. In addition, Providence Health Plan may disclose protected health information (PHI) to the Employer in accordance with the following provisions of this Plan as established by the Employer:

(a) The Employer may use and disclose the PHI it receives only for the following purposes:
    1. Administration of the Plan; and
    2. Any use or disclosure as required by law.

(b) The Employer shall ensure that any agent or subcontractor to whom it discloses such PHI shall agree to the same restrictions and conditions that apply to the Employer with respect to such information.

(c) The Employer shall not use or disclose the PHI obtained from Providence Health Plan for employment-related actions and decisions or in connection with any other benefit or employee benefit plan of the Employer.

(d) The Employer shall report to Providence Health Plan any use or disclosure of PHI that is inconsistent with the provisions of this section of which the Employer becomes aware.

(e) The Employer shall make PHI available to Participants in accordance with the privacy regulations of HIPAA.

(f) The Employer shall allow Participants to amend their PHI in accordance with the privacy regulations of HIPAA.

(g) The Employer shall provide Participants with an accounting of its disclosure of their PHI in accordance with the privacy regulations of HIPAA.

(h) The Employer shall make its internal practices, books and records relating to the use and disclosure of PHI received from Providence Health Plan available to the Secretary of the Department of Health and Human Services in accordance with the privacy regulations of HIPAA.

(i) The Employer shall, if feasible, return or destroy all PHI received from Providence Health Plan and retain no copies of such information when no longer needed for the purpose for which such information was received except that, if such return or destruction is not feasible, the Employer shall limit further uses and disclosures to those purposes that make the return or destruction of the information infeasible.

(j) The Employer shall provide for adequate separation between the Employer and Providence Health Plan with regard to the use and disclosure of PHI. For that purpose, access to PHI shall be limited to the following employees or classes of employees of the Employer:
    3. Directors of Human Resources;
    4. Benefit Managers;
    5. Benefit Analysts;
    6. Benefit Specialists; and
    7. Internal Auditors, when performing Health Plan Audits.

Further, the Employer shall restrict the access to and use of PHI by the employees designated above to the administrative functions that those employees perform for the Employer with regard to this Plan. In addition, the Employer shall establish an effective mechanism for resolving any issues of non-compliance by the employees designated above with regard to their use of PHI.

14.11.2 Security

In accordance with the security standards of the Health Insurance Portability and Accountability Act (HIPAA), the Employer shall:

(a) Implement administrative, physical, and technical safeguards that protect the confidentiality, integrity and availability of the electronic PHI that it creates, receives, maintains or transmits on behalf of the Plan;

(b) Ensure that the separation of access to PHI that is specified in section 14.11.1(j) above is supported by appropriate security measures;

(c) Ensure that any agent or subcontractor to whom the Employer provides PHI agrees to implement appropriate security measures to protect such information; and

(d) Report to the Plan any security incident regarding PHI of which the Employer becomes aware.

- With this Plan, Members will generally have lower out-of-pocket expenses when obtaining Covered Services from In-Network Providers. Members may, however, obtain most Covered Services from Out-of-Network Providers, but that option will result in higher out-of-pocket expenses. Please see section 3 and your Plan Benefit Summary for additional information.
- Some Services are covered only under your In-Network benefits:
  - Virtual Visits, as specified in section 4.3.2;
  - E-mail Visit Services, as specified in section 4.3.3;
  - Temporomandibular Joint (TMJ) Services, as specified in section 4.12.7;
  - Tobacco Use Cessation Services, as specified in section 4.1.8;
  - Human Organ/Tissue Transplant Services, as specified in section 4.13; and
  - Any item listed in your Benefit Summary as "Not Covered" Out-of-Plan.
- Coverage is provided in full for most preventive Services when those Services are received from specified In-Network Providers. See your Benefit Summary for additional information.
- All Members are encouraged to choose a Primary Care Provider who will provide preventive and primary care Services and coordinate other care in a convenient and cost-effective manner.
- A printable directory of In-Network Providers is available at http://phppd.providence.org/. Members without Internet access or who would like a hard copy of our Provider Directory may contact Customer Service for assistance.
- **Certain Covered Services require an approved Prior Authorization, as specified in section 3.5.**
- Coverage limitations and exclusions apply to certain Services, as stated in sections 3, 4, and 5 and the Benefit Summary.
- Coverage under this Plan is available 24 hours a day, seven days a week and during periods of domestic or foreign travel.
- All Covered Services are subject to the provisions, limitations and exclusions that are specified in Plan documents. You should read the provisions, limitation and exclusions before seeking Covered Services because not all health care services are covered by this Plan.
- This Plan consists of this Summary Plan Description plus the Benefit Summary(ies), any Endorsements or amendments that accompany these documents, the agreement between Providence Health Plan and the Plan Sponsor (if any), and those policies maintained by Providence Health Plan which clarify any of these documents. In the event of any conflict between these documents, they are to be interpreted in the following order of priority: (1) Endorsements and amendments, (2) Providence Health Plan/ Plan Sponsor agreement, (3) Summary Plan Description, (4) Benefit Summary(ies), and (5) applicable Providence Health Plan's policies.

1.2 GRANDFATHERED PLAN NOTICE

This Employer Group believes this Plan is a "grandfathered health plan" under the Patient Protection and Affordable Care Act (PPACA). As permitted by PPACA, a grandfathered health plan can preserve certain basic health coverage that was already in effect when that law was enacted. Being a grandfathered health plan means that this Plan may not include certain consumer protections of PPACA that apply to other Plans, for example, the requirement for the coverage of certain preventive health care services without any cost sharing. However, grandfathered health plans must comply with certain other consumer protections in PPACA, for example, the elimination of the lifetime maximum benefit.

Questions regarding which protections apply and which protections do not apply to a grandfathered health plan and what might cause a plan to change from grandfathered health plan status can be directed to the employer or human resources department.

Non-ERISA Plans: You may also contact the U.S. Department of Health and Human Services at www.healthreform.gov.

2. WELCOME TO PROVIDENCE HEALTH PLAN

Thank you for choosing Providence Health Plan. We look forward to meeting your health care needs. Our goal is to help improve the health status of individuals in the communities in which we serve. This booklet contains important information about the health plan coverage offered to Clackamas County Peace Officer Association Employees and their Dependents.

2.1 CLACKAMAS COUNTY PEACE OFFICERS ASSOCIATION OPEN OPTION GRANDFATHERED PLAN

Your Plan allows you to receive Covered Services from In-Network Providers through what is called your In-Plan benefit. You also have the option to receive most Covered Services from Out-of-Network Providers through what is called your Out-of-Plan benefit. Generally, your out-of-pocket costs will be less when you receive Covered Services from In-Network Providers. Also, In-Network Providers will work with us to Prior Authorize treatment. If you receive Covered Services from Out-of-Network Providers, it is your responsibility to make sure the Services listed in section 3.5 are Prior Authorized by Providence Health Plan before treatment is received.

It is your responsibility to verify whether or not a physician/provider, Hospital or other facility is participating with Providence Health Plan, and whether or not the health care is a Covered Service even if you have been directed or referred for care by an In-Network Provider.

If you are unsure about a physician/provider's, Hospital's or other facility's participation with Providence Health Plan, visit the Provider Directory, available online at http://phppd.providence.org/, before you make an appointment. You also can call Customer Service to get information about a provider's participation with Providence Health Plan and your benefits.

Whenever you visit a Provider:

- Bring your Providence Health Plan Member ID Card with you.
- Be prepared to make a Copayment at the time of visit if the office visit is subject to a Copayment.
- If your office visit is subject to a Coinsurance (a percentage of the amount billed for Services), you will most likely not be able to pay for what you owe at the time of your visit. Your provider's office will send you a bill for what you owe later. Some providers, however, may ask you to pay an estimate of what you may owe at the time you receive services, and bill or credit you for the balance later.

Providence Health Plan will only use or disclose a Member's PHI for treatment purposes, operational purposes, payment purposes, or for any reasonable purposes to which the Member has consented.

3. HOW TO USE YOUR PLAN

Our goal is maintaining your health by promoting wellness and preventive care. We encourage you to work closely with one provider, your Primary Care Provider, who can provide most of your care, suggest specialist care and arrange for Hospital care or diagnostic testing.

This section describes how to use this Plan and how benefits are applied. The level of benefits for Covered Services is shown in the Benefit Summary and described in section 4 of this Summary Plan Description.

3.1 IN-NETWORK PROVIDERS

Providence Health Plan has contractual arrangements with certain physicians/providers, hospitals and facilities located in Oregon and southwest Washington, as well as Nationwide. Our agreements with these "In-Network Providers" enable you to receive quality health care for a reasonable cost.

For Services to be covered using your In-Plan benefit, you must receive Services from In-Network Providers. It is your responsibility to verify whether or not a physician/provider, hospital or other facility is participating with us even if you have been directed or referred for care by an In-Network Provider.

3.1.1 Nationwide Network of In-Network Providers

Providence Health Plan also has contractual arrangements with certain Qualified Practitioners, Hospitals and facilities nationwide. These arrangements allow you to receive Services when using In-Network Providers, even when you are outside of Oregon and southwest Washington.

3.1.2 Choosing an In-Network Provider

To choose an In-Network Provider, or to verify if a provider is an In-Network Provider, please refer to the Provider Directory, available online at http://phppd.providence.org/. If you do not have access to our website, please call Customer Service to request In-Network Provider Information.

Advantages of Using an In-Network Provider

- Your In-Network Provider will work with Providence Health Plan to arrange for any Prior Authorization requirements that may be necessary for certain Covered Services. For more information on Prior Authorization, see section 3.5.
- In most cases when you use In-Network Providers, higher benefit levels will apply and your out-of-pocket expenses will be reduced.
- You will have a wide variety of high quality In-Network Providers to help you with your health care needs.

So remember, it is to your advantage to meet your health care needs by using an In-Network Provider, including an In-Network Primary Care Provider, whenever possible.

3.1.3 Indian Health Services Providers

Native American Indian and Alaskan Native Members may also access Covered Services from Indian Health Services (IHS) facilities at no greater cost than if the Services were accessed from an In-Network Provider. For a list of IHS facilities, please visit the IHS website at www.ihs.gov, or contact the regional IHS office at:

Portland Area Indian Health Service
1414 NW Northrup St., Ste. 800
Portland, OR 97209
Telephone: 503-414-5555

3.2 THE ROLE OF A PRIMARY CARE PROVIDER

To encourage optimum health, we promote wellness and preventive care. We also believe wellness and overall health is enhanced by working closely with one physician or provider – your Primary Care Provider. Your Primary Care Provider can provide most of your care and, when necessary, coordinate care with other providers in a convenient and cost-effective manner. We recommend that upon joining Providence Health Plan you and each of your Family Members choose an In-Network Primary Care Provider as soon as possible.

3.2.1 Primary Care Providers

A Primary Care Provider is a Qualified Practitioner who specializes in family practice, general practice, internal medicine or pediatrics; a nurse practitioner; or a physician assistant, when providing services under the supervision of a physician, who agrees to be responsible for the continuing medical care by serving as case manager. Members may also choose a physician specializing in obstetrics or gynecology; a nurse practitioner; a certified nurse midwife; or a physician assistant specializing in women's health care as their Primary Care Provider. Child Members may choose a physician specializing in pediatrics as their Primary Care Provider.

Primary Care Providers provide preventive care and health screenings, medical management of many chronic conditions, allergy shots, treatment of some breaks and sprains, and care for many major illnesses and nearly all minor illnesses and conditions. Many Primary Care Providers offer maternity care and minor outpatient surgery as well.

IMPORTANT NOTE: In-Network Primary Care Providers have a special agreement with us to serve as a case manager for your care. This means not all of our In-Network Providers with the specialties listed above are In-Network Primary Care Providers. Please refer to the Provider Directory, available online, for a listing of designated In-Network Primary Care Providers or call your Customer Service team to request a hard copy.

3.2.2 Established Patients with Primary Care Providers

If you and your family already see a provider, you may want to check the provider directory to see if your provider is an In-Network Primary Care Provider for Providence Health Plan. If your provider is participating with us, let his or her office know you are now a Providence Health Plan Member.

3.2.3 Selecting a New Primary Care Provider

We recommend that you choose a Primary Care Provider from our Provider Directory, available online, for each covered Family Member. Call the provider's office to make sure he or she is accepting new patients. It is a good idea to have your previous physician or provider transfer your medical records to your new Primary Care Provider as soon as possible. The first time you make an appointment with your Primary Care Provider, let him or her know you are now a Providence Health Plan Member. On your first visit, make a list of questions or information you would like to discuss with your new Primary Care Provider, including the following:

- What are the office hours?
- How can I get medical advice after hours?
- What do I do in an emergency?

Let your Primary Care Provider know if you are under a specialist's care as well as if you are currently taking any ongoing prescription medications.

3.2.4 Changing Your Primary Care Provider

You are encouraged to establish an ongoing relationship with your Primary Care Provider. If you decide to change your Primary Care Provider, please remember to have your medical records transferred to your new Primary Care Provider.

3.2.5 Office Visits

Primary Care Providers

We recommend you see your Primary Care Provider for all routine care and call your Primary Care Provider first for urgent or specialty care. If you need medical care when your Primary Care Provider is not available, the physician/provider on call may treat you and/or recommend that you see another provider for treatment.

Specialists

Your Primary Care Provider will discuss with you the need for diagnostic tests or other specialist services; and may also recommend you see a specialist for treatment.

You also may decide to see a specialist without consulting your Primary Care Provider. Visit the Provider Directory, available online at http://phppd.providence.org/, or call Customer Service to choose a specialist who is an In-Network Provider with Providence Health Plan.

If you decide to see a specialist on your own, we recommend you let your Primary Care Provider know about your decision. Your Primary Care Provider will then be able to coordinate your care and share important medical information with your specialist. In addition, we recommend you let your specialist know the name and contact information of your Primary Care Provider.

Whenever you visit a specialist:

- Bring your Providence Health Plan Member ID Card.
- Understand that in most cases, your out-of-pocket costs will be a percent of the charges for services. Your provider's office will send you a bill for the amount you owe. Some providers, however, may ask you to pay an estimate of what you may owe at the time you receive services, and will bill or credit you the balance later. (For certain Plans, there is a Member Copayment for specialist visits instead of a Coinsurance. If you are on one of these Plans, you will need to pay your Member Copayment at the time of your visit. Please check your Benefit Summary for your specific coverage information.)

Chiropractic Care Providers

This Plan includes coverage for specified chiropractic services. See section 4.15 and your Benefit Summary.

3.3 SERVICES PROVIDED BY OUT-OF-NETWORK PROVIDERS

As a Member of this Plan, you may choose to receive Covered Services from Out-of-Network Qualified Practitioners and facilities using your Out-of-Plan benefit.

Benefits for Covered Services by an Out-of-Network Provider will be provided as shown in the Benefit Summary. See section 3.5 Prior Authorization requirements.

Generally, when you receive Services from Out-of-Network Providers, your Copayments and Coinsurance will be higher than when you see In-Network Providers.

IMPORTANT NOTE: Your Plan only pays for Covered Services received from Out-of-Network Providers at Usual, Customary, and Reasonable rates (UCR) (see Section 15, Definitions). If an Out-of-Network Provider charges more than the UCR rates allowed under your Plan, that provider may bill you directly for the additional amount that is not covered by your Plan. That amount is in addition to any Deductible, Copayment, or Coinsurance for which you may be responsible, and does not accrue to your Out-of-Pocket Maximum.

If you choose to receive Covered Services from an Out-of-Network Provider, those Services are still subject to the terms of this Summary Plan Description. Your Plan will only pay for Medically Necessary Covered Services. No matter what type of provider you see, the treatments, supplies, and medications excluded by this Plan are not covered.

If the provider you choose is Out-of-Network, it is important for you to understand that Providence Health Plan has not assessed the provider's credentials or quality; nor has Providence Health Plan reviewed and verified the Out-of-Network Provider's qualifications and history for information such as: relevant training, licensure, certification, and/or registration to practice in a health care field, and academic background. Additionally, the Out-of-Network Provider will not have been assessed by Providence Health Plan to verify that the provider meets certain criteria relating to professional competence and conduct and as such is not guaranteed to follow your benefit plan, rules, regulations, or guidelines with regard to standards of care nor standards of documentation and billing.

Some Services are only covered under your In-Plan benefit:

- Virtual Visits (see section 4.3.2).
- E-mail Visits (see section 4.3.3).
- Temporomandibular Joint (TMJ) Services (see section 4.12.7).
- Tobacco Use Cessation Services (see section 4.1.8).
- Human Organ/Tissue Transplants (see section 4.13).
- Any item listed in your Benefit Summary as "Not Covered" Out-of-Plan.

Payment for Out-of-Network Physician/Provider Services (UCR)

After you meet your Deductible, if applicable, and if the Services provided are Medically Necessary Covered Services, we will provide payment to Out-of-Network Providers according to Usual, Customary and Reasonable (UCR) charges. UCR charges do not include sales taxes, handling fees and similar surcharges; such taxes, fees and surcharges are not covered expenses. Charges which exceed UCR are the Member's responsibility and are not applied to the Out-of-Pocket Maximum. See section 15 for the definition of UCR.

You will be responsible for costs that are not covered or allowed by your Out-of-Plan benefits as shown in the following example (amounts shown are only estimates of what may apply).

	Provider's Status	
Item	In-Network	Out-of-Network
Provider's standard charges	$100	$100
Allowable charges under this Plan	$80 (contracted)	$80 (if that is UCR)
Plan benefits (for this example only)	$64 (if 80% benefit)	$56 (if 70% benefit)
Balance you owe	$16	$24
Additional amount that the provider may bill to you	$-0-	$20 ($100 minus $80)
Total amount you would pay	$16	$44 ($24 plus $20)

Thus, you may incur significantly larger out-of-pocket costs, perhaps a multiple of what would have applied, if you use Out-of-Network Physicians or Providers.

Payment for Covered Services Provided Before Disposition of Criminal Charges

If you are in the custody of an Oregon state or local corrections agency pending the disposition of criminal charges brought by an Oregon county, we will reimburse the custodial county for the costs of Covered Services or supplies rendered before the disposition of charges, in an amount that is no less than 115 percent of the Medicare rate for the service or supply, except for renal dialysis which will be reimbursed in accordance with the terms of the Plan for Out-of-Plan dialysis providers.

The following Services and Supplies are excluded from coverage under this section:

- Diagnostic tests or health evaluations required by the corrections agency, as a matter of course, for all individuals who are in the custody of the county pending the disposition of charges;
- Hospital and ambulatory surgical center services, except as rendered by an In-Plan provider.

3.4 NOTICE OF PROVIDER TERMINATION

When an In-Network Provider whose contract of participation with us terminates, we will notify those Members who we know are under the care of the terminated provider within 10 days of the termination date or of our knowledge of the termination date.

3.5 PRIOR AUTHORIZATION

While Prior Authorization is a requirement for coverage of certain Services under this Plan, Prior Authorization is not a treatment directive. The actual course of medical treatment that a Member chooses remains strictly a matter between the Member and the provider and is separate from the Prior Authorization requirements of this Plan. Prior Authorization is not a guarantee of benefit payment under this Plan and Prior Authorization does not supersede other specific provisions of this Plan regarding coverage, limitations, exclusions and Medical Necessity.

Services received from In-Network Providers:

When Services are received from an In-Network Provider, the In-Network Provider is responsible for obtaining Prior Authorization.

Services received from Out-of-Network Providers:

When Services are received from an Out-of-Network Provider, the Member is responsible for obtaining Prior Authorization. You or your Out-of-Network provider must contact us to obtain Prior Authorization. See section 3.3 for additional information about Out-of-Network Providers.

Services requiring Prior Authorization:

- All inpatient admissions to a Hospital (not including emergency room care), Skilled Nursing Facility or a rehabilitation facility, all emergency hospitalizations (we need to be notified within 48 hours, or as soon as reasonably possible), and all Hospital and birthing center admissions for maternity/delivery Services.
- All outpatient surgical procedures.

If an Emergency Medical Condition exists which prevents you from obtaining Prior Authorization, Providence Health Plan must be notified within 48 hours following the onset of treatment, or as soon as reasonably possible, to continue coverage of these Services.

Prior Authorization Requests for Out-of-Plan Services:

The Member or the Out-of-Network Provider must call us at 1-800-638-0449 to obtain Prior Authorization. Please have the following information ready when calling to request a Prior Authorization:

- The Member's name and date of birth.
- The Member's Providence Health Plan Member number and Group number (these are listed on your Member ID card).
- The Provider's name, address and telephone number.

- The scheduled date of admission or date Services are to begin.
- The Service(s) to be performed.

Failure to Obtain Prior Authorization:

If you do not obtain Prior Authorization for Services received from an Out-of-Network Provider, as specified in section 3.3, a 50% **penalty**, not to exceed $2,500 for each Covered Service, will be applied to the claim.

Should Providence Health Plan determine that we would have covered the Service had Prior Authorization been obtained, benefits will be applied to the remaining claim balance after the Prior Authorization Penalty is assessed. The **penalty** does **NOT** apply to the Deductible, if any, or to the Out-of-Pocket Maximum shown in the Benefit Summary.

3.6 TRAVEL EXPENSE REIMBURSEMENT

Subject to Prior Authorization, if you are unable to locate an In-Network Provider to provide Medically Necessary Covered Services for your specific condition within 50 miles of your home, the Plan will reimburse your travel expense to the nearest In-Network Provider within 300 miles of your home. Reimbursement will be based on the federal medical mileage reimbursement rate in effect on the date of service. Travel expense reimbursement is limited to $1,500 per calendar year. If an overnight stay is required, food and lodging are reimbursable up to $150 per diem (per day). Per diem expenses apply to the $1,500 travel expenses reimbursement maximum. (Note: Transplant Covered Services include a separate travel expense benefit; see section 4.13.1).

3.7 MEDICAL COST MANAGEMENT

Coverage under this Plan is subject to the medical cost management protocols established by us to ensure the quality and cost effectiveness of Covered Services. Such protocols may include Prior Authorization, concurrent review, case management and disease management.

The Plan reserves the right to deny payment for Services that are not Medically Necessary in accordance with the criteria maintained by Providence Health Plan. When more than one medically appropriate alternative is available, Providence Health Plan will approve the least costly alternative.

In accordance with Providence Health Plan's medical cost management protocols and criteria specified in this paragraph, Providence Health Plan may approve substitutions for Covered Services under this Plan.

A Substituted Services must:

1. Be Medically Necessary;
2. Have your knowledge and agreement while receiving the Service;
3. Be prescribed and approved by your Qualified Practitioner; and
4. Offer a medically therapeutic value at least equal to the Covered Service that would otherwise be performed or given.

The Plan's coverage of a Substituted Service for any Member does not obligate the Plan to:

- Cover a Substituted Service for any other Member;
- Continue to cover a Substituted Service beyond the term of the agreement between the Plan and the Member; or
- Cover any Substituted Service for the Member, other than as specified in the agreement between the Plan and the member.

Substituted Services that satisfy the requirements of this section are Covered Services for all purposes under this Plan.

A Substituted Service may be disallowed at any time by sending a 30-day advance written notice to you and your Qualified Practitioner.

3.7.1 Coverage of New Technology and New Application of Existing Technology

New technologies and new applications of existing technologies are evaluated and approved for coverage when they provide a demonstrable benefit for a particular illness or disease, are scientifically proven to be safe and most effective, and there is no equally effective or less costly alternative.

Emerging and innovative technologies are monitored by Providence Health Plan through review of trend reports from technology assessment bodies, government publications, medical journals, and information provided by providers and professional societies.

A systematic process for evaluating a new technology or new application of an existing technology is proactively initiated when sufficient scientific information is available.

Providence Health Plan has developed standards to guide the evaluation process and to ensure appropriate coverage determinations. New technology must minimally meet the following guidelines to be approved for coverage:

- Technology must improve health outcomes. The beneficial effects must outweigh any harmful effects on health outcomes. It must improve the length of life, ability to function or quality of life.
- Technology must be as beneficial as any established alternative. It should improve the net health outcome as much, or more, than established alternatives.
- Application of technology must be appropriate, in keeping with good medical standards, and useful outside of investigational settings.
- Technology must meet government approval to market by appropriate regulatory agency as applicable.
- Criteria must be supported with information provided by well-conducted investigations published in peer-reviewed journals. The scientific evidence must document conclusions that are based on established medical facts.
- Opinions and evaluations of professional organizations, panels, or technology assessment bodies are evaluated based on the scientific quality of the supporting evidence.

Technology Evaluation Process

A committee of medical directors with physician specialist advisors evaluates all new technology and determines coverage based on evidence for safety and efficacy. The committee relies upon a thorough review of pertinent medical literature and utilizes national technology review services that provide independent analysis of a new technology.

Expedited Review

Requests for coverage of new technology may occur before formal policy has been developed. In these cases, an expedited review is implemented and a decision made on a case-by-case basis. This is separate and distinct from the problem resolution procedure set forth in section 7.

3.8 MEDICALLY NECESSARY SERVICES

We believe our Members are entitled to comprehensive medical care within the standards of good medical practice. Providence Health Plan's medical directors and special committees of In-Network Providers determine which Services are Medically Necessary, as defined in section 15. Services that do not meet Medically Necessary criteria will not be covered.

- ***Example:*** *Your provider suggests a treatment using a machine that has not been approved for use in the United States. We probably would not pay for that treatment.*
- ***Example:*** *You go to a hospital emergency room to have stitches removed, rather than wait for an appointment in your doctor's office. The Plan would not pay for that visit.*
- ***Example:*** *You stay an extra day in the hospital only because the relative who will help you during recovery cannot pick you up until the next morning. We may not pay for the extra day.*

Although a treatment was prescribed or performed by a Qualified Practitioner, it does not necessarily mean that it is Medically Necessary under our guidelines. Obtaining confirmation of coverage from Providence Health Plan beforehand is always recommended.

3.9 APPROVED CLINICAL TRIALS

Benefits are provided for Covered Services directly related to a Member's participation in an Approved Clinical Trial. If your Approved Clinical Trial is available through both Network and Out-of-Network providers, the Plan will require you to participate through an In-Network Provider.

Covered Services include the routine patient costs for items and services received in connection with the Approved Clinical Trial, to the extent that the items and services are otherwise Covered Services under the Plan.

The following costs are excluded:

- The cost of the investigational item, device or service;
- The cost of items and services provided solely to satisfy data collection and analysis needs and that are not used in direct clinical management; and
- The cost for a service that is clearly inconsistent with widely accepted and established standards of care for a particular diagnosis.

The Plan does not discriminate against a Member who participates in a clinical trial, whether or not the trial is an Approved Clinical Trial. The Plan provides benefits for services unrelated to a clinical trial to the extent that the services are otherwise Covered Services under the Plan.

3.10 HOW BENEFITS ARE APPLIED

Benefits are subject to the following provisions, if applicable, as specified in the Benefit Summary:

1. The Deductible;
2. The Copayment or Coinsurance amount; and
3. The benefit limits and/or maximums.

3.11 DEDUCTIBLES AND OUT-OF-POCKET MAXIMUMS

Your Plan has a Deductible and an Out-of-Pocket Maximum, as stated in your Benefit Summary.

3.11.1 Understanding Deductibles

Your Deductible is the dollar amount shown in the Benefit Summary that you are responsible to pay every Calendar Year when receiving most Covered Services before benefits are provided by us. Deductible amounts are payable to your Qualified Practitioner after we have processed your claim.

Certain Covered Services, such as most In-Plan preventive care, are covered without a Deductible. Please see your Benefit Summary for information about these Services.

***Common In-Plan and Out-of-Plan Deductible*:** Your Plan has a **Common Deductible**, as listed in your Benefit Summary. **A Common Deductible applies to both In-Plan and Out-of-Plan benefits**. The Common Deductible can be met by using In-Plan or Out-of-Plan benefits, or a combination of both.

***Individual Deductible*:** An Individual Deductible is the amount shown in the Benefit Summary that must be paid by a Member before the Plan provides benefits for Covered Services for that Member.

***Family Deductible*:** The Family Deductible is the amount shown in the Benefit Summary that applies when three or more Family Members are enrolled in this Plan, and is the maximum Deductible that enrolled Family Members must pay. All amounts paid by Family Members toward their Individual Deductibles apply toward the Family Deductible. When the Family Deductible is met, no further Individual Deductibles will need to be met by any enrolled Family Members.

Note: No Member will ever pay more than an Individual Deductible before the Plan begins paying for Covered Services for that Member.

***Your Costs that Do Not Apply to Deductibles*: The following out-of-pocket costs do not apply towards Your Individual and Family Deductibles**:

- Services not covered by this Plan.
- Services in excess of any maximum benefit limit.
- Fees in excess of the Usual, Customary and Reasonable (UCR) charges.
- Any penalties you must pay if you do not follow Providence Health Plan's Prior Authorization requirements.
- Copayments or Coinsurance specified as not applicable toward the Deductible in any Benefit Summary issued with this Plan.

***Deductible Carry Over*:** Applicable charges for Covered Services used to meet any portion of the Deductible during the fourth quarter of a Calendar Year will be applied toward the next year's Deductible.

3.11.2 Understanding Out-of-Pocket Maximums

Out-of-Pocket Maximums are the total amount you will pay out-of-pocket in any Calendar Year, in addition to your deductible, for Covered Services received under this Plan. See your Benefit Summary.

***Common In-Plan and Out-of-Plan Out-of-Pocket Maximum*:** Your Plan has a Common In-Plan and Out-of-Plan Out-of-Pocket Maximum, as listed in your Benefit Summary. The Common Out-of-Pocket Maximum can be met by payments you make for Covered Services using In-Plan and Out-of-Plan benefits.

***Individual Out-of-Pocket Maximum*:** Individual Out-of-Pocket Maximum means the total amount of Copayments and Coinsurance that a Member must pay in a Calendar Year, as shown in the Benefit Summary, before the Plan begins to pay 100% for Covered Services for that Member within that Calendar Year.

***FamilyOut-of-Pocket Maximum*:** Family Out-of-Pocket Maximum means the total amount of Copayments and Coinsurance that a family of three or more must pay in a Calendar Year, as shown in the Benefit Summary, before the Plan begins to pay 100% for Covered Services for enrolled Family Members. When the combined Copayment and Coinsurance expenses of enrolled Family Members meet the family Out-of-Pocket Maximum, all remaining individual Out-of-Pocket Maximums will be waived for the family for that Calendar Year.

Note: Once any Member meets the Individual Out-of-Pocket Maximum, the Plan will begin to pay 100% for Covered Services for that Member.

***Your Costs that Do Not Apply to Out-of-Pocket Maximums*:** The following out-of-pocket costs do not apply toward your Individual and Family Out-of-Pocket Maximums:

- Services not covered by this Plan;
- Services not covered because Prior Authorization was not obtained, as required in section 3.5;
- Services in excess of any maximum benefit limit;
- Fees in excess of the Usual, Customary and Reasonable (UCR) charges;
- Deductibles, Copayments or Coinsurance for a Covered Service if indicated in any Benefit Summary as not applicable to the Out-of-Pocket Maximum; and
- Any penalties you must pay if you do not follow Providence Health Plan's Prior Authorization requirements.

IMPORTANT NOTE: Some Benefits are NOT eligible for 100% benefit coverage. The Copayment or Coinsurance for these Services, as shown in the Benefit Summary, remains in effect throughout the Calendar Year.

Some services provided by your Qualified Practitioner during your visit may result in additional Member financial responsibility.

For example – You see your Primary Care Provider for an office visit and during your visit your provider swabs your throat for a throat culture. You would pay your office visit Copayment or Coinsurance and would also need to pay the Laboratory Services Copayment or Coinsurance for the throat culture. See your Benefit Summary for details.

- Discussion of lab results that require significant changes in medication or further testing; and

For Members utilizing Telemedical Services for the treatment of diabetes where one of the participants is a representative of an academic health center, coverage is provided when Services are delivered through a two-way electronic communication. This includes, but is not limited to, video, audio, Voice over Internet Protocol, or transmission of telemetry, that allows a health professional to interact with the Member, a parent or guardian of a Member, or another health professional on a Member's behalf, who is at an originating site.

This includes, but is not limited to, minor sprains, minor cuts and burns, and ear, nose, and throat infections. Routine care, like periodic health exams and well-baby care, should be delayed until you can be seen by your Primary Care Provider.

Whenever you need immediate care, call your Primary Care Provider first. Your Primary Care Provider or the provider-on-call is always available, day or night. He or she may either suggest that you be seen at your Primary Care Provider's office, or direct you to an immediate care center, Urgent Care, or emergency care facility. See section 4.5 for coverage of Emergency Care and Urgent Care Services.

Please be prepared to pay the Copayment/Coinsurance, as shown in your Benefit Summary, at the time you receive care. You are also responsible for the applicable Copayment/Coinsurance shown in the Benefit Summary for any ancillary Services received, such as lab tests and X-rays, billed by the Immediate Care Provider.

Definitions:

"Emergency Medical Condition" is a medical condition that manifests itself by acute symptoms of sufficient severity that a prudent layperson, possessing an average knowledge of health and medicine, would reasonably expect that failure to receive immediate medical attention would:

- Result in serious impairment to bodily functions;
- Result in serious dysfunction of any bodily organ or part; or
- With respect to a pregnant woman who is having contractions, for which there is inadequate time to effect a safe transfer to another hospital before delivery or for which transfer may pose a threat to the health or safety of the woman or the unborn child.

"Emergency Services" means, with respect to an Emergency Medical Condition:

- An Emergency Medical Screening Exam that is within the capability of the emergency department of a hospital, including ancillary services routinely available to the emergency department to evaluate such Emergency Medical Condition; and
- Such further medical examination and treatment as are required under the Emergency Medical Treatment and Active Labor Act (42 U.S.C. 1395dd) to stabilize a patient, to the extent the examination and treatment are within the capability of the staff and facilities available at the Hospital.

"Emergency Medical Screening Exams" include medical history, examination, ancillary tests and medical determinations required to ascertain the nature and extent of an Emergency Medical Condition.

Your Plan covers Emergency Services in the emergency room of any Hospital. **Emergency room Services are covered when your medical condition meets the guidelines for emergency care as stated above. Coverage includes Services to stabilize an Emergency Medical Condition and Emergency Medical Screening Exams.**

If you or a Family Member believes that immediate assistance is needed for an Emergency Medical Condition, **call 911 or go to the nearest emergency room**. Tell the emergency personnel the name of your Primary Care Provider and show them your Member ID Card.

Call your Primary Care Provider any time, any day of the week. Your Primary Care Provider or the provider-on-call will tell you what to do and where to go for the most appropriate care.

Please be prepared to pay your Copayment/Coinsurance, as shown in your Benefit Summary, at the time you receive care. You are responsible for the Copayment/Coinsurance for each Hospital emergency room visit. If you are admitted to the Hospital from the emergency room, your emergency Services Copayment/Coinsurance does not apply and all Services are subject to the Inpatient Services benefit shown in your Benefit Summary.

When you are admitted to an Out-of-Network Hospital from the emergency room, your Inpatient Services are covered under your In-Network benefit until your condition becomes stable. Once your condition is stabilized, Providence Health Plan will work with you to arrange transfer to an In-Network facility. This process is called "repatriation."

If you decline transfer to an In-Network facility once we have determined that repatriation is medically appropriate, the additional days spent at the Out-of-Network Hospital will be subject to your Out-of-Network benefits.

The Plan does not pay for emergency room treatment for medical conditions that are not medical emergencies. Do not go to the emergency room for care that should take place in your provider's office. Routine care for sore throats, common colds, follow-up care, and prescription drug requests are not considered to be emergencies.

4.5.2 Emergency Medical Transportation

Benefits include Services for emergency medical transportation by state certified ambulance and certified air ambulance transportation. Ambulance Services are provided for transportation to the nearest facility capable of providing the necessary care or to a facility specified by Providence Health Plan.

4.5.3 Emergency Eye Care Services

Covered Services include the initial care for Emergency Medical Conditions resulting from an injury to or illness of the eye(s). Members may receive Services directly from an optometrist or ophthalmologist or from a Hospital emergency room.

4.5.4 Emergency Detoxification Services

Medically Necessary detoxification will be treated as an Emergency Medical Condition when the Member is not enrolled in a Substance Abuse treatment program, as stated in section 4.10.3, at the time Services are received. Prior Authorization is not required for emergency treatment; however, Providence Health Plan or our authorizing agent must be notified within 48 hours following the onset of treatment, or as soon as reasonably possible, in order for coverage to continue. If a Member is to be transferred to an In-Network Provider for continued inpatient care, the cost of Medically Necessary transportation will be covered. Continuing or follow-up care is not a Covered Service unless Prior Authorized by Providence Health Plan or their authorizing agent.

4.5.5 Urgent Care

Urgent Care is treatment you need right away for an illness or injury that is not life threatening. This includes, but is not limited to, minor sprains, minor cuts and burns, and ear, nose, and throat infections. Routine care that can be delayed until you can be seen by a physician or provider in his or her office is not Urgent Care.

Whenever you need urgent care, call your Primary Care Provider first. Your Primary Care Provider or the provider-on-call is always available, day or night. He or she may either suggest that you come to the office or go to an emergency room or Urgent Care center. If you can be treated in your provider's office or at an In-Network Urgent Care center your out-of-pocket expense will usually be lower.

Please be prepared to pay the Copayment/Coinsurance, as shown in your Benefit Summary, at the time you receive care. You are also responsible for the applicable Copayment/Coinsurance shown in the Benefit Summary for any ancillary Services received, such as lab tests and X-rays, billed by the Qualified Provider.

If you are admitted to an Out-of-Network Hospital, you, or a relative, should call Providence Health Plan within 48 hours or as soon as reasonably possible.

When you are admitted to an Out-of-Network Hospital from an Urgent Care facility, your Inpatient Services are covered under your In-Network benefit until your condition becomes stable. Once your condition is stabilized, Providence Health Plan will work with you to arrange transfer to an In-Network facility. This process is called "repatriation."

If you decline transfer to an In-Network facility once we have determined that repatriation is medically appropriate, the additional days spent at the Out-of-Network Hospital will be subject to your Out-of-Network benefits.

Not all Out-of-Network facilities will file a claim on a Member's behalf. If you receive urgent care Services from an Out-of-Network facility, you must submit a claim if the facility or provider does not submit it for you. See section 6.1.1.

4.14 PRESCRIPTION DRUG BENEFIT

The Prescription Drug Benefit provides coverage for prescription drugs which are Medically Necessary for the treatment of a covered illness or injury and which are dispensed by a Participating Pharmacy pursuant to a prescription ordered by a Qualified Practitioner for use on an outpatient basis, subject to your Plan's benefits, limitations and exclusions.

Prescription Drug Definition

The following are considered "Prescription Drugs":

1. Any medicinal substance which bears the legend, "RX ONLY" or "Caution: federal law prohibits dispensing without a prescription";
2. Insulin;
3. Any medicinal substance of which at least one ingredient is a federal or state legend drug in a therapeutic amount; and
4. Any medicinal substance which has been approved by the Oregon Health Evidence Review as effective for the treatment of a particular indication.

4.14.1 Using Your Prescription Drug Benefit

Your Prescription Drug Benefit requires that you fill your prescriptions at a Participating Pharmacy.

You have access to Providence Health Plan's nationwide broad pharmacy network as published in our pharmacy directory.

Providence Health Plan Participating Pharmacies are those pharmacies that maintain all applicable certifications and licenses necessary under state and federal law of the United States and have a contractual agreement with us to provide Prescription Drug Benefits.

Participating Pharmacies are designated as retail, preferred retail, specialty and mail-order Pharmacies. To view a list of Participating Pharmacies, visit our website at www.ProvidenceHealthPlan.com. You also may contact Customer Service at the telephone number listed on your Member ID Card.

- Please present your Member ID Card to the Participating Pharmacy at the time you request Services. If you have misplaced or do not have your Member ID Card with you, please ask your pharmacist to call us.
- All covered Services are subject to the Copayments or Coinsurance listed in the Benefit Summary.
- If you choose a brand-name drug when a generic-equivalent is available, any difference in cost for Prescription Drug Covered Services will not apply to your Calendar Year Deductibles and Out-of-Pocket Maximums.
- Participating Pharmacies may not charge you more than your Copayment or Coinsurance. Please contact Customer Service if you are asked to pay more or if you, or the pharmacy, have questions about your Prescription Drug Benefit or need assistance processing your prescription.
- Copayments or Coinsurance are due at the time of purchase. If the cost of your Prescription Drug is less than your Copayment, you will only be charged the cost of the Prescription Drug.
- You may be assessed multiple Copayments for multi-use or unit-of-use container or package depending on the medication and the number of days supplied.
- You may purchase up to a 90-day supply of each maintenance drugs at one time using a Participating mail service or preferred retail Pharmacy. Not all drugs are covered for more than a 30-day supply, including compounded medications, drugs obtained from specialty pharmacies, and limited distribution pharmaceuticals. To purchase prescriptions by mail, your physician or provider can call in the prescription or you can mail your prescription along with your Providence Health Plan Member ID number to one of our Participating mail-order Pharmacies. To find our Participating mail-order Pharmacies, please visit our website at www.ProvidenceHealthPlan.com. (Not all prescription drugs are available through our mail-order pharmacies.)
- Diabetes supplies and inhalation extender devices may be obtained at a Participating Pharmacy. However, these items are considered medical supplies and devices and are subject to your Medical Supplies benefits, limitations and Copayments and/or Coinsurances. See section 4.9.1 and your Benefit Summary. Diabetes supplies do not include glucometers and insulin pump devices, which are covered under your Durable Medical Equipment benefit, section 4.9.4.
- Self-administered chemotherapy drugs are covered under section 4.12.8 unless the benefits under this Prescription Drug Benefit allow for a lower out-of-pocket cost to you.
- Injectable medications received in your Provider's office are covered under section 4.3.5.
- Infusions, including infused medications, received at Outpatient Facilities are covered under section 4.7.1.
- Some prescription drugs require Prior Authorization or an exception to the Formulary in order to be covered. These may include select formulary agents, non-formulary agents, step therapy, and/or quantity limits as listed in the Providence Health Plan Prescription Drug Formulary available on our website at www.ProvidenceHealthPlan.com or by contacting Customer Service.

4.14.2 Use of Out-of-Network Pharmacies

On rare occasions, such as urgent or emergency situations, you may need to use an Out-of-Network Pharmacy. If this happens, you will need to pay full price for your prescription at the time of purchase.

To request reimbursement, you will need to fill out and submit to us a Prescription Drug Reimbursement form. This form is available on our website or by contacting Customer Service. When you submit the completed Prescription Drug Reimbursement form, include any itemized pharmacy receipts, along with an explanation as to why you used an Out-of-Network Pharmacy. Submission of a claim does not guarantee payment.

If your claim is approved, the Plan will reimburse you the cost of your prescription up to our Participating Pharmacy contracted rates, less your Copayment or Coinsurance if applicable. Reimbursement is subject to your Plan's limitations and exclusions. You are responsible for any amounts above our contracted rates.

International prescription drug claims will only be covered when prescribed for emergent conditions and will be subject to your medical Emergency Services benefit and any applicable Plan limitations and exclusions.

4.14.3 Prescription Drug Formulary

The Formulary is a list of Food and Drug Administration (FDA)-approved prescription drugs. It is designed to offer drug treatment choices for covered medical conditions. Formulary status is given to drugs which meet evidence-based assessment of therapeutic effectiveness, safety, pharmacoeconomic value and offer an important advantage to existing Formulary alternatives.

The Formulary can help you and your Qualified Practitioner choose effective medications that are less costly and minimize your out-of-pocket expense. There are effective generic drug choices to treat most medical conditions.

Not all FDA-approved drugs are added to the formulary. Non-formulary drug requests require a formulary exception, must be FDA-approved, Medically Necessary, and require by law a prescription to dispense. See Section 6.1 under Claims Involving Prior Authorization and Formulary Exception.

Newly approved FDA drugs will be reviewed by the Oregon Region Pharmacy and Therapeutics Committee for safety and Medical Necessity within 12 months after the drug becomes available on the market. In the case of an urgent situation, Providence Health Plan will authorize the use of a newly approved FDA drug during our review period so a Member does not go without Medically Necessary treatment.

To access the Formulary for your Plan, visit https://healthplans.providence.org/members/pharmacy-resources/.

4.14.4 Generic and Brand-Name Prescription Drugs

Both generic and brand-name drugs are covered benefits subject to the terms of your Benefit Summary. In general, generic drugs are subject to lower Copayments or Coinsurances than brand-name drugs. Please refer to your Benefit Summary for your Copayment or Coinsurance information.

If your brand-name benefit includes a Copayment or Coinsurance, regardless of the reason or Medical Necessity, and you request a brand-name drug, you will be responsible for the difference in cost between the brand-name and generic drug, in addition to the brand-name drug Copayment or Coinsurance indicated in the Benefit Summary. Your total cost, however, will never exceed the actual cost of the drug. The difference in cost between the brand-name and generic drug will not be applied toward your Out-of-Pocket Maximum, and you will continue to be responsible for the difference in cost after your Out-of-Pocket Maximum is met.

4.14.5 Prescription Drug Quantity

Prescription dispensing limits, including refills, are as follows:

1. Topicals, up to 60 grams;
2. Liquids, up to eight ounces;
3. Tablets or capsules, up to 100 dosage units;
4. Multi-use or unit-of-use, up to one container or package; as prescribed, not to exceed a 30-consecutive-day supply, whichever is less;
5. FDA-approved women's prescription contraceptives: up to 3-months initial dispensing, then up to 12-months subsequent dispensing at any of our Participating Pharmacies; and
6. Opioids up to 7 days initial dispensing.

Other dispensing limits may apply to certain medications requiring limited use, as determined by our medical policy. Prior Authorization is required for amounts exceeding any applicable medication dispensing limits.

4.14.6 Participating Mail-Order and Preferred Retail Pharmacies

Up to a 90-day supply of prescribed maintenance drugs (drugs are those you have been on for at least 30 days and that you anticipate continuing on in the future) purchased from a Participating mail-order or preferred retail Pharmacy will be covered subject to the following specific provisions:

1. Qualified drugs under this program will be determined by us. Not all prescription drugs are available through mail-order pharmacy.
2. Not all maintenance prescription drugs are available in 90-day allotments.
3. Copayment(s) will be applied to the quantity stated on your Benefit Summary. (Some quantity limitations and Copayments for unit of use packaging may apply).

When using a mail-order pharmacy, payment is required prior to processing your order. If Providence Health Plan removes a pharmacy from its network, we will notify you of this change at least 30 days in advance. Notification may be done via the online directory or letter depending on the circumstance.

4.14.7 Prescription Drug Limitations

Prescription drug limitations are as follows:

1. All drugs must be Food and Drug Administration (FDA) approved, Medically Necessary and require by law a prescription to dispense. Not all FDA-approved drugs are covered by Providence Health Plan. Newly approved drugs will be reviewed for safety and Medical Necessity within 12 months after the drug becomes available on the market for Formulary consideration.
2. Certain drugs require Prior Authorization for Medical Necessity, place of therapy, length of therapy, step therapy, number of doses or dispensing limits. Step therapy uses our pharmacy claims history to confirm if certain drugs have been tried first by a Member. If a drug has not been tried first, cannot be tried first, or if the drug history is not available, Prior Authorization is required. For some drugs, Providence Health Plan limit the amount of the drug the Plan will cover. You or your Qualified Practitioner can contact Providence Health Plan directly to request Prior Authorization. If you have questions regarding a specific drug, please call Customer Service.

3. Specialty drugs are injectable, infused, oral, topical, or inhaled therapies that often require specialized delivery, handling, monitoring and administration and are generally high cost. These drugs must be purchased through a Providence Health Plan designated specialty pharmacy. Due to the nature of these medications, specialty drugs are limited to a 30-day supply. Specialty drugs are listed in the Formulary. In rare circumstances, specialty medications may be filled for greater than a 30-day supply; in these cases, additional specialty cost share(s) may apply.
4. Self-injectable medications are only covered when they are being self-administered and labeled by the FDA for self-administration; in some cases, a Prior Authorization may be required for the drug. Documentation of self-administration may also be required. Drugs labeled for self-administration that are being administered by a provider will fall to the Member's medical benefit.
5. Medications, drugs or hormones prescribed to stimulate growth are not covered, except when there is a laboratory-confirmed diagnosis of growth hormone deficiency for children through 18 years of age and when prescribed for the treatment of documented pituitary destruction in adults.
6. Compound prescription drugs must contain at least one ingredient that is an FDA-approved prescription drug in therapeutic amount and must be purchased at a Participating Pharmacy. Compounded drugs from bulk powders that are not a component of an FDA-approved drug are not covered. Claims are subject to clinical review for Medical Necessity and are not guaranteed for payment.

6. CLAIMS ADMINISTRATION

This section explains how the Plan treats various matters having to do with administering your benefits and/or claims, including situations that may arise in which your health care expenses are the responsibility of a source other than this Plan.

6.1 CLAIMS PAYMENT

The Plan's payments for most Services are made directly to the providers of Services. Except as otherwise specifically provided in this Plan, if you are billed directly and pay for benefits which are covered by this Plan, reimbursement from the Plan will be made only upon your written notice to the Plan of the payment. Payment will be made to the Subscriber, subject to written notice of claim, or, if deceased, to the Subscriber's estate, unless payment to other parties is authorized in writing by you.

Explanation of Benefits (EOB)

You will receive an EOB from Providence Health Plan after your claim has been processed. An EOB is not a bill. An EOB explains how Providence Health Plan processed your claim, and will assist you in paying the appropriate Member responsibility to your provider. Copayment or Coinsurance amounts, Deductible amounts, services or amounts not covered and general information about our processing of your claim are explained on an EOB.

Time Frames for Processing Claims

If your claim is denied under the Plan, Providence Health Plan will send an EOB to you with an explanation of the denial within 30 days after your claim is received. If additional time is needed to process your claim for reasons beyond Providence Health Plan's control, you will be sent a notice of delay explaining those reasons within 30 days after your claim if received. The processing will then be completed and you will be sent an EOB within 45 days after your claim is received. If additional information is needed from you to complete the processing of your claim, you will be sent a separate request for the information and you will have 45 days to submit the additional information. Once the additional information from you is received, Providence Health Plan will complete the processing of the claim within 30 days.

Claims Involving Prior Authorization and Formulary Exception (Pre-Service Claims)

- **For services that do not involve urgent medical conditions:** You and your provider will be notified of Providence Health Plan's decision within two business days after the Prior Authorization request is received. If additional information is needed to process the request, Providence Health Plan will notify the provider and the provider will have 45 days to submit the additional information. Within two days of receipt of the additional information, Providence Health Plan will complete their review and notify your provider or you of their decision. If the information is not received within 45 days, the request will be denied.
- **For services that involve urgent medical conditions:** You and your provider will be notified of Providence Health Plan's decision within 24 hours after the Prior Authorization request is received. If additional information is needed to complete the review, the requesting provider or you will be notified within 24 hours after the request is received. The requesting provider or you will then have 48 hours to submit the additional information. The review will then be completed and the requesting provider or you will be notified of Providence Health Plan's decision by the earlier of, (a) 48 hours after the additional information is received or, (b) if no additional information is provided, 48 hours after the additional information was due.

- **For services that involve Formulary exceptions:** For standard requests, Providence Health Plan will notify your provider or you of its decision within 72 hours after receipt of the request. For expedited requests, Providence Health Plan will notify your provider or you of its decision within 24 hours after receipt of the request. To qualify for expedited review, the request must be based upon exigent circumstances.

Claims Involving Concurrent Care Decisions. If an ongoing course of treatment for you has been approved under the Plan and it is determined through Concurrent Review procedures to reduce or terminate that course of treatment, Providence Health Plan will provide advance notice to you of that decision. You may request a reconsideration of the decision by submitting an oral or written request at least 24 hours before the course of treatment is scheduled to end. You will then be notified of Providence Health Plan's reconsideration decision within 24 hours after your request is received.

6.1.1 Timely Submission of Claims

The Plan will make no payments for claims received more than 365 days after the date of Service. Exceptions may be made if Providence Health Plan receives documentation that you lacked legal capacity during that period. Payment of claims submitted by the Oregon state Medicaid agency or a prepaid managed care health services organization described in ORS 414.651 (i.e., a Coordinated Care Organization) will be made in accordance with ORS 743.847, which establishes payment requirements for claims submitted by the Oregon state Medicaid agency.

Payment of all claims will be made within the time limits required by OAR 836-080-0235, the Oregon insurance Division's administrative rule setting standards for prompt payment. Please send all claims to:

Providence Health Plan
Attn: Claims Dept.
P.O. Box 3125
Portland, OR 97208-3125

Mental Health and Substance Abuse claims should be submitted to:

PBH

6.1.2 Right of Recovery

The Plan has the right, upon demand, to recover from a recipient the value of any benefit or claim payment that exceeded the benefits available under this Plan. This right of recovery applies to any excess benefit, including (but not limited to) benefits obtained through fraud, error, or duplicate coverage relating to any Member. If timely repayment is not made, the Plan has the right, in addition to any other lawful means of recovery, to deduct the value of the excess benefit from any future benefit that otherwise would have been available to the affected Member(s) from the Plan under any contract.

6.2 COORDINATION OF BENEFITS

This Coordination of Benefits (COB) section applies when a Member has health care coverage under more than one Plan. The term "Plan" is defined below for the purposes of this COB section. The order of benefit determination rules govern the order in which each Plan will pay a claim for benefits. The Plan that pays first is called the Primary plan. The Primary plan must pay benefits in accordance with its policy terms without regard to the possibility that another Plan may cover some expenses. The Plan that pays after the Primary plan is the Secondary plan. The Secondary plan may reduce the benefits it pays so that payments from all Plans do not exceed 100% of the total Allowable expense.

6.2.1 Definitions Relating to Coordination of Benefits

Plan

Plan means any of the following that provides benefits or Services for medical or dental care or treatment. If separate contracts are used to provide coordinated coverage for Members of a group, the separate contracts are considered parts of the same Plan and there is no COB among those separate contracts.

1. Plan includes: group and individual health insurance contracts, health maintenance organization (HMO) contracts, closed panel plans or other forms of group or group-type coverage (whether insured or uninsured); medical care components of group long-term care contracts, such as skilled nursing care; and Medicare or any other federal governmental plan, as permitted by law and group and individual insurance contracts and Subscriber contracts that pay or reimburse for the cost of dental care.
2. Plan does not include: hospital indemnity coverage or other fixed indemnity coverage; accident only coverage; specified disease or specified accident coverage; school accident type coverage; benefits for non-medical components of group long-term care policies; Medicare Supplement policies; Medicaid policies; or coverage under other federal governmental plans, unless permitted by law.

Each contract for coverage listed under (1) or (2) above is a separate Plan. If a Plan has two parts and COB rules apply only to one of the two, each of the parts is treated as a separate Plan.

This Plan

This Plan means, as used in this COB section, the part of this contract providing health care benefits to which this COB section applies and which may be reduced because of the benefits of other plans. Any other part of this contract providing health care benefits is separate from This Plan. A contract may apply one COB provision to certain benefits, such as dental benefits, coordinating only with similar benefits, and may apply another COB provision to coordinate other benefits.

The order of benefit determination rules listed in section 6.2.2 determine whether This Plan is a Primary plan or Secondary plan when a Member has health care coverage under more than one Plan.

When This Plan is primary, Providence Health Plan determines payment for benefits first before those of any other Plan without considering any other Plan's benefits. When This Plan is secondary, Providence Health Plan determines benefits after those of another Plan and may reduce the benefits payable so that all Plan benefits do not exceed 100% of the total Allowable expense.

Allowable expense

Allowable expense means a health care expense, including Deductibles, Coinsurance and Copayments, that is covered at least in part by any Plan covering a Member. When a Plan provides benefits in the form of services, the reasonable cash value of each service will be considered an Allowable expense and a benefit paid. An expense that is not covered by any Plan covering a Member is not an Allowable expense. In addition, any expense that a provider by law or in accordance with a contractual agreement is prohibited from charging a Member is not an Allowable expense.

The following are examples of expenses that are NOT Allowable expenses:

1. The difference between the cost of a semi-private hospital room and a private hospital room is not an Allowable expense, unless one of the Plans provides coverage for private hospital room expenses.
2. If the Member is covered by two or more Plans that compute their benefit payments on the basis of usual and customary fees or relative value schedule reimbursement methodology or other similar reimbursement methodology, any amount in excess of the highest reimbursement amount for a specific benefit is not an Allowable expense.
3. If the Member is covered by two or more Plans that provide benefits or services on the basis of negotiated fees, an amount in excess of the highest of the negotiated fees is not an Allowable expense.
4. If the Member is covered by one Plan that calculates its benefits or services on the basis of usual and customary fees or relative value schedule reimbursement methodology or other similar reimbursement methodology and another Plan that provides its benefits or services on the basis of negotiated fees, the Primary plan's payment arrangement shall be the Allowable expense for all Plans. However, if the provider has contracted with the Secondary plan to provide the benefit or service for a specific negotiated fee or payment amount that is different than the Primary plan's payment arrangement and if the provider's contract permits, the negotiated fee or payment shall be the Allowable expense used by the Secondary plan to determine its benefits.
5. The amount of any benefit reduction by the Primary plan because the Member has failed to comply with the Plan provisions is not an Allowable expense. Examples of these types of plan provisions include second surgical opinions, precertification of admissions, and preferred provider arrangements.

Closed panel plan

A Closed panel plan is a Plan that provides health care benefits to Members primarily in the form of services through a panel of providers that has contracted with or is employed by the Plan, and that excludes coverage for services provided by other providers, except in cases of emergency or referral by a panel member.

Custodial parent

A Custodial parent is the parent awarded custody by a court decree or, in the absence of a court decree, is the parent with whom the Dependent child resides more than one half of the Calendar Year excluding any temporary visitation.

6.2.2 Order of Benefit Determination Rules

When a Member is covered by two or more Plans, the rules for determining the order of benefit payments are as follows:

A. The Primary plan pays or provides its benefits according to its terms of coverage and without regard to the benefits of any other Plan.
    1. Except as provided in Paragraph (2) below, a Plan that does not contain a COB provision that is consistent with the State of Oregon's COB regulations is always primary unless the provisions of both Plans state that the complying Plan is primary.
    2. Coverage that is obtained by virtue of membership in a group that is designed to supplement a part of a basic package of benefits and provides that this supplementary coverage shall be excess to any other parts of the Plan provided by the contract holder. Examples of these types of situations are major medical coverages that are superimposed over base plan hospital and surgical benefits, and insurance type coverages that are written in connection with a Closed panel plan to provide out-of-network benefits.

B. A Plan may consider the benefits paid or provided by another Plan in calculating payment of its benefits only when it is secondary to that other Plan.

C. Each Plan determines its order of benefits using the first of the following rules that apply:
    1. Non-Dependent or Dependent. The Plan that covers a Member other than as a Dependent, for example, as an employee, Subscriber or retiree is the Primary plan and the Plan that covers the Member as a Dependent is the Secondary plan. However, if the Member is a Medicare beneficiary and, as a result of federal law, Medicare is secondary to the Plan covering the Member as a Dependent; and primary to the Plan covering the Member as other than a Dependent (e.g., a retired employee); then the order of benefits between the two Plans is reversed so that the Plan covering the Member as an employee, subscriber or retiree is the Secondary plan and the other Plan is the Primary plan.
    2. Dependent Child Covered Under More Than One Plan. Unless there is a court decree stating otherwise, when a Member is a Dependent child covered by more than one Plan the order of benefits is determined as follows:
        a) For a Dependent child whose parents are married or are living together, whether or not they have ever been married:
            i. The Plan of the parent whose birthday falls earlier in the Calendar Year is the Primary plan; or
            ii. If both parents have the same birthday, the Plan that has covered the parent the longest is the Primary plan.
        b) For a Dependent child whose parents are divorced or separated or not living together, whether or not they have ever been married:
            i. If a court decree states that one of the parents is responsible for the Dependent child's health care expenses or health care coverage and the Plan of that parent has actual knowledge of those terms, that Plan is primary. This rule applies to plan years commencing after the Plan is given notice of the court decree;
            ii. If a court decree states that both parents are responsible for the Dependent child's health care expenses or health care coverage, the provisions of Subparagraph (a) above shall determine the order of benefits;
            iii. If a court decree states that the parents have joint custody without specifying that one parent has responsibility for the health care expenses or health care coverage of the Dependent child, the provisions of Subparagraph (a) above shall determine the order of benefits; or

iv. If there is no court decree allocating responsibility for the Dependent child's health care expenses or health care coverage, the order of benefits for the Dependent child are as follows:
- The Plan covering the Custodial parent, first;
- The Plan covering the spouse of the Custodial parent, second;
- The Plan covering the non-custodial parent, third; and then
- The Plan covering the Dependent spouse of the non-custodial parent, last.

c) For a Dependent child covered under more than one Plan of individuals who are not the parents of the Dependent child, the provisions of Subparagraph (a) or (b) above shall determine the order of benefits as if those individuals were the parents of the Dependent child.

d) For a Dependent child:
   i. Who has coverage under either or both parents' plans and also has coverage as a Dependent under a spouse's plan, the rule in paragraph (5) applies.
   ii. In the event the Dependent child's coverage under the spouse's plan began on the same date as the Dependent child's coverage under either or both parents' plans, the order of benefits shall be determined by applying the birthday rule in Subparagraph (a) to the Dependent child's parent(s) and the Dependent's spouse.

3. Active Employee or Retired or Laid-off Employee. The Plan that covers a Member as an active employee, that is, an employee who is neither laid off nor retired, is the Primary plan. The Plan covering that same Member as a retired or laid-off employee is the Secondary plan. The same would hold true if a Member is a Dependent of an active employee and that same Member is a Dependent of a retired or laid-off employee. If the other Plan does not have this rule, and as a result, the Plans do not agree on the order of benefits, this rule is ignored. This rule does not apply if the rule labeled D(1) can determine the order of benefits.
4. COBRA or State Continuation Coverage. If a Member whose coverage is provided pursuant to COBRA or under a right of continuation provided by state or other federal law is covered under another Plan, the Plan covering the Member as an employee, subscriber or retiree or covering the Member as a Dependent of an employee, Subscriber or retiree is the Primary plan and the COBRA or state or other federal continuation coverage is the Secondary plan. If the other Plan does not have this rule, and as a result, the Plans do not agree on the order of benefits, this rule is ignored. This rule does not apply if the rule labeled D(1) can determine the order of benefits.
5. Longer or Shorter Length of Coverage. The Plan that covered the Member the longer period of time is the Primary plan and the Plan that covered the Member the shorter period of time is the Secondary plan.
6. If the preceding rules do not determine the order of benefits, the Allowable expenses shall be shared equally between the Plans meeting the definition of Plan. In addition, This Plan will not pay more than would have paid had This Plan been the Primary plan.

6.2.3 Effect on the Benefits of This Plan

When This Plan is secondary, benefits may be reduced so that the total benefits paid or provided by all Plans during a plan year are not more than the total Allowable expenses. In determining the amount to be paid for any claim, the Secondary plan will calculate the benefits it would have paid in the absence of other health care coverage and apply that calculated amount to any Allowable expense under its Plan that is unpaid by the Primary plan. The Secondary plan may then reduce its payment by the amount so that, when combined with the amount paid by the Primary plan, the total benefits paid or provided by all Plans for the claim do not exceed the total Allowable expense for that claim. In addition, the Secondary plan shall credit to its plan Deductible any amounts it would have credited to its Deductible in the absence of other health care coverage.

If a Member is enrolled in two or more Closed panel plans and if, for any reason, including the provision of services by a non-panel provider, benefits are not payable by one Closed panel plan, COB shall not apply between that Plan and other Closed panel plans.

6.2.4 Right to Receive and Release Needed Information

Certain facts about health care coverage and services are needed to apply this COB section and to determine benefits payable under This Plan and other Plans. Providence Health Plan may get the facts needed from, or give them to, other organizations or persons for the purpose of applying this section and determining benefits payable under This Plan and other Plans covering a Member claiming benefits. Providence Health Plan need not tell, or get the consent of, any person to do this. Each Member claiming benefits under This Plan must give us any facts Providence Health Plan needs to apply this section and determine benefits payable.

6.2.5 Facility of Payment

A payment made under another Plan may include an amount that should have been paid under This Plan. If it does, This Plan may pay that amount to the organization that made that payment. That amount will then be treated as though it were a benefit paid under This Plan. This Plan will not have to pay that amount again. The term “payment made” includes providing benefits in the form of services, in which case “payment made” means the reasonable cash value of the benefits provided in the form of services.

6.2.6 Right of Recovery

If the amount of the payments made by This Plan is more than what should have paid under this COB section, This Plan may recover the excess from one or more of the persons This Plan paid or for whom This Plan have paid; or any other person or organization that may be responsible for the benefits or services provided for the Member. The “amount of the payments made” includes the reasonable cash value of any benefits provided in the form of services.

6.2.7 Coordination with Medicare

In all cases, coordination of benefits with Medicare will conform with federal statutes and regulations. Medicare means Title XVIII of the Social Security Act, as enacted or amended. Medicare eligibility and how This Plan determines benefit limits are affected by disability and employment status. Please contact Customer Service if you have questions.

In accordance with the “working aged” provisions of the Medicare Secondary Payer Manual, when the Employer Group’s size is less than 20 employees, for Members who are entitled to and enrolled in Medicare Part A, enrollment in Medicare Part B will be assumed to be the primary payer and This Plan will coordinate benefits as the secondary payer even if the Medicare-eligible Member has not elected Medicare Part B.

When the Employer Group's size is 20 individuals or more, Medicare will be considered the secondary payer.

Counting individuals for the Employer size:

- Employees counted in the Employer size include the total number of nationwide full-time employees, part-time employees, seasonal employees, and partners who work or who are expected to report for work on a particular day.
- Those not counted in the Employer size include retirees, COBRA-qualified beneficiaries and individuals on other continuation options, and self-employed individuals who participate in the Employer's group health plan.

6.3 THIRD-PARTY LIABILITY/SUBROGATION

The following provisions will apply when you or any other Member has received Services for a condition for which one or more third parties may be responsible. "Third party" means any person other than the Member (the first party to the provisions of this Plan), and Providence Health Plan (the second party), and includes any insurance carrier providing liability or other coverage potentially available to the Member. For example, uninsured or underinsured motorist coverage, no-fault medical payments (auto, homeowners or otherwise), or other group insurance (including student plans) whether under the Member's policy or not, are subject to recovery by us as a third-party recovery. Failure by the Member to comply with the terms of this section will be a basis for the Plan to deny any claims for benefits arising from the condition or to terminate the Member's coverage under this Plan as specified in section 9.4. In addition, you or the Member must execute and deliver to the Plan and to other parties any document requested by us which may be appropriate to confirm or secure the rights and obligations of the Member and the Plan under these provisions.

6.3.1 Third-Party Liability/Subrogation and How It Affects You

Third-party liability refers to claims that are in whole or part the responsibility of someone besides the Plan or the Member. Examples of third-party liability are motor vehicle accidents, workplace injury or illness, and any other situation involving injury or illness, including wrongful death, in which the Member or the Member's heirs, beneficiaries or relatives have a basis to bring a lawsuit or to make a claim for compensation against any person or for which the Member or the Member's heirs, beneficiaries or relatives may receive a settlement. Once it has been established that the third party is responsible to pay and is capable of paying for the expenses for the Services caused by that third party, the Plan will not provide benefits for the Services arising from the condition caused by that third party. Such benefits are specifically excluded from coverage under this Plan.

If the Plan makes claim payments on any Member's behalf for any condition for which a third party is responsible, the Plan is entitled to be repaid promptly for those payments, directly out of any recovery from the third party, including any settlement, award, verdict, payment or other monetary recovery.

"Subrogation" means that the Plan may collect directly from the third party to the extent the Plan has paid for third-party liabilities. Because the Plan has paid for the Member's injuries, the Plan, rather than the Member, is entitled to recover those expenses. Prior to accepting any settlement of the Member's claim against a third party, the Member must notify the Plan in writing of any terms or conditions offered in settlement and must notify the third party of the Plan's interest in the settlement established by this provision.

To the maximum extent permitted by law, the Plan is subrogated to the Member's rights against any third party who is responsible for the condition, have the right to sue any such third party in the Member's name, and has a security interest in and lien upon any recovery to the extent of the amount of benefits paid by the Plan and for the Plan's expenses in obtaining a recovery. If the Member should either decline to pursue a claim against a third party that the Plan believes is warranted or refuse to cooperate with the Plan in any third party claim that the Member does pursue, the Plan has the right to pursue such claim directly, including commencing a legal action against such third party or intervening in any action that the Member may have commenced.

To accomplish this process, the Plan needs detailed information from you or from the Member. A questionnaire will be sent to the Member for this information. It should be completed and returned to Providence Health Plan as soon as possible to minimize any claim review delay. If you or the Member has any questions or concerns regarding the questionnaire, please contact Providence Health Plan office. A Providence Health Plan employee who specializes in third-party liability/subrogation can discuss these procedures and what you or the Member needs to do.

6.3.2 Proceeds of Settlement or Recovery

If for any reason the Plan is not paid directly by the third party, the Plan is entitled to reimbursement from the Member or the Member's heirs, legal representatives, beneficiaries or relatives, and the Plan may request refunds from the medical providers who treated the Member, in which case those providers will bill the Member for their Services. To the fullest extent permitted by law, the Plan is entitled to the proceeds of any settlement, award, verdict, or other payment that results in a monetary recovery from a third party, whether or not responsibility is accepted or denied by the third party for the condition, whether or not such monetary recovery is described by any person as something other than a recovery of medical expenses incurred by the Plan, and whether or not the Member is alleged to have any fault, under principles of comparative negligence or otherwise. With respect to any workers' compensation recovery, the Plan is entitled to the proceeds whether or not the loss is deemed to be compensable under the workers' compensation laws. The Plan is entitled to recover up to the full value of the benefits provided by the Plan for the condition, calculated using the Plan's UCR charges for such Services, less the Plan's pro-rata share of the Member's out-of-pocket expenses and attorney fees incurred in making the recovery. The Plan is entitled to such recovery regardless of whether the Member has been fully compensated or "made whole" for the loss caused by the third party, and regardless of whether the Member has been partially compensated for such loss. The Plan is entitled to first priority in repayment, over the Member and over any other person, for such charges.

By accepting benefits under this Plan, the Member acknowledges the Plan's first priority to this repayment and assigns to us any benefits the Member may have from other sources. The Member must cooperate fully with the Plan and Providence Health Plan in recovering amounts paid by the Plan. If any Member seeks damages against the third party for the condition and retains an attorney or other agent for representation in the matter, that Member agrees to require the Member's attorney or agent to reimburse the Plan directly from the settlement or recovery in the amount provided by this section.

The Member must complete the Plan's trust agreement, by which the Member and any Member's attorney (or other agent) must confirm the obligation to reimburse the Plan directly from any settlement or recovery. The Plan may withhold benefits for the Member's condition until a signed copy of this agreement is delivered to the Plan. The agreement must remain in effect and the Plan may withhold payment of benefits if, at any time, the Member's confirmation of the obligations under this section should be revoked. While this document is not necessary for the Plan to exercise the Plan's rights under this section, it serves as a reminder to the Member and directly obligates any Member's attorney to act in accord with the Plan's rights.

6.3.3 Suspension of Benefits and Reimbursement

After the Member has received proceeds of a settlement or recovery from the third party, the Member is responsible for payment of all medical expenses for the continuing treatment of the illness or injury that the Plan would otherwise be required to pay under this Plan until all proceeds from the settlement or recovery have been exhausted. If the Member has failed to reimburse the Plan as required by this section, the Plan is entitled to offset future benefits otherwise payable under this Plan, or under any future contract or plan with Clackamas County, to the extent of the value of the benefits advanced under this section.

If the Member continues to receive medical treatment for the condition after obtaining a settlement or recovery from one or more third parties, the Plan is not required to provide coverage for continuing treatment until the Member proves to the Plan's satisfaction that the total cost of the treatment is more than the amount received in settlement or recovered from the third party, after deducting the cost of obtaining the settlement or recovery. The Plan will only cover the amount by which the total cost of benefits that would otherwise be covered under this Plan, calculated using the Plan's UCR charges for such Services, exceeds the amount received in settlement or recovery from the third party. The Plan is entitled to suspend such benefits even if the total amount of such settlement or recovery does not fully compensate the Member for other damages, particularly including lost wages or pain and suffering.

Any settlement arising out of an injury or illness covered by this Plan will be deemed first to compensate you for your medical expenses, regardless of any allocation of proceeds in any settlement document that the Plan has not approved in advance. In no event shall the amount reimbursed to the Plan be less than the maximum permitted by law.

- In writing, for an internal Appeal or an external review; or in writing or orally, for an expedited response or an expedited external review; or
- A written complaint submitted by a Member or an Authorized Representative of a Member regarding the:
    - Availability, delivery or quality of a health care service;
    - Claims payment, handling or reimbursement for health care services and, unless the Member has not submitted a request for an internal Appeal, the complaint is not disputing an Adverse Benefit Determination; or

- Matters pertaining to the contractual relationship between a Member and Providence Health Plan.

7.2.1 Your Grievance and Appeal Rights

If you disagree with Providence Health Plan's decision about your medical bills or health care services, you have the right to an internal review. You may request review if you have received an Adverse Benefit Determination. You may also file a quality of care or general complaint or grievance with Providence Health Plan. You may appoint an Authorized Representative to act on your behalf during your Grievance or Appeal. Please include as much information as possible including the date of the incident, the names of individuals involved, and the specific circumstances. In filing a Grievance or Appeal:

- You can submit written comments, documents, records and other information relating to your Grievance or Appeal and Providence Health Plan will consider that information in the review process.
- You can, upon request and free of charge, have reasonable access to and copies of the documents, records, and other information relevant to Providence Health Plan's decision, including the specific internal rule, guideline, protocol, or other similar criterion relied upon to make an Adverse Benefit Determination.
- You can be represented by anyone of your choice at all levels of Appeal.

Filing a Grievance or Appeal does not affect your right to receive benefits for Covered Services as otherwise provided under this Plan.

If you receive the services that were denied in the Adverse Benefit Determination, and if the Adverse Benefit Determination is upheld by internal or external review, you will be financially responsible for any benefits paid by the Plan for such services.

To the extent possible, Customer Service will resolve complaints filed by telephone at the point of service. Providence Health Plan will acknowledge all non-urgent pre-service and post-service Grievances and Appeals within seven days of receipt and resolve within 30 days or sooner depending on the clinical urgency. Urgent medical conditions and concurrent care have different resolution timelines as noted below.

Urgent Medical Conditions: If you believe your health would be seriously harmed by waiting for Providence Health Plan's decision on your Grievance or Appeal of a denied Prior Authorization or Concurrent Care request, you may request an expedited review by calling Customer Service at 503-574-7500 or 800-878-4445 outside of the Portland area. If your Appeal is urgent and qualifies for external review, you may request to have both your internal and external Appeal expedited at the same time. Providence Health Plan will let you know by phone and letter if your case qualifies for an expedited review. If it does, you will be notified of the decision within 72 hours of receiving your request.

Grievances and Appeals Involving Concurrent Care Decisions: If Providence Health Plan has approved an ongoing course of treatment for you and determines through medical management procedures to reduce or terminate that course of treatment, Providence Health Plan will provide advance notice to you of that decision. You may request reconsideration of the decision by submitting an oral or written request at least 24 hours before the course of treatment is scheduled to end. Providence Health Plan will then notify you of the reconsideration decision within 24 hours of receiving your request.

7.2.2 Internal Grievance or Appeal

You must file your internal Grievance or Appeal within 180 days of the date on the notice of the initial Adverse Benefit Determination, or that initial determination will become final. Please advise Providence Health Plan of any additional information that you want considered in the review process. If you are seeing an Out-of-Network Provider, you should contact that provider's office and arrange for the necessary records to be forwarded to Providence Health Plan for the review process. Your Grievance or Appeal will be reviewed by Providence Health Plan staff not involved in the initial determination. You may present your case in writing. Once a final determination is made you will be sent a written explanation of the decision.

7.2.3 Voluntary Second Level Internal Appeal

If you are not satisfied with the decision of the internal Appeal and your Appeal is of an Adverse Benefit Determination that involves (a) Medically Necessary treatment, (b) Experimental/Investigational treatment, (c) an active course of treatment for purposes of continuity of care, (d) whether a course of treatment is delivered in an appropriate setting at an appropriate level of care or (e) an exception to the Plan's prescription drug formulary, you may request a voluntary second level internal Appeal. If your case is eligible, it will be reviewed by Providence Health Plan's Grievance Committee. The members of the Grievance Committee are individuals not involved in the initial decision to uphold an Appeal. You must submit your written request for the voluntary second level internal Appeal within 60 days of the date on the internal Grievance or Appeal decision notice or that initial decision will become final. The Grievance Committee will review all documentation presented by you and send a written explanation of its decision within 30 days of receiving your request for the voluntary second level internal Appeal.

7.2.4 External Review

If you are not satisfied with the internal Grievance or Appeal decision or the decision of the voluntary second level internal Appeal and your Appeal is of an Adverse Benefit Determination that involves (a) Medically Necessary treatment, (b) Experimental/Investigational treatment, (c) an active course of treatment for purposes of continuity of care, (d) whether a course of treatment is delivered in an appropriate setting at an appropriate level of care or (e) an exception to the Plan's prescription drug formulary, you may request an external review by an IRO. Your request must be made in writing within 180 days of receipt of the internal Grievance or Appeal decision or voluntary second level internal Appeal decision, or that internal decision will become final. If you agree, Providence Health Plan may waive the requirement that you exhaust the internal review process before beginning the External Review process. Providence Health Plan will notify the Oregon Insurance Division within two business days of receiving your request for external review, at which point an IRO will be assigned to the case by the Oregon Insurance Division and Providence Health Plan will forward complete documentation regarding the case to the IRO.

If you request an external review you must agree to authorize release of medical records needed by the IRO and submit any additional information to the IRO no later than five days after the appointment of the IRO, or 24 hours in cases of expedited review. The IRO is entirely independent of the Plan and Providence Health Plan and performs its review under a contract with the Oregon Insurance Division. The IRO will notify you and Providence Health Plan of its decision within three days for expedited reviews and within 30 days when not expedited. **The Plan and Providence Health Plan agree to be bound by and to comply with the IRO decision when the decision involves, (a) Medically Necessary treatment, (b) Experimental/Investigational treatment, (c) an active course of treatment for purposes of continuity of care, (d) whether a course of treatment is delivered in an appropriate setting at an appropriate level of care or (e) an exception to the Plan's prescription drug formulary.**

The Plan pays all costs for the handling of external review cases and Providence Health Plan administers these provisions in accordance with the insurance laws and regulations of the State of Oregon. **If we do not comply with the IRO decision, you have the right to sue us under applicable Oregon law.**

8. ELIGIBILITY AND ENROLLMENT

This section outlines who is eligible for coverage, and how and when to enroll yourself and your Eligible Family Dependents. No benefits shall be available to anyone not enrolled on this Plan. You and your Employer must provide us with evidence of eligibility as requested.

8.1 EMPLOYEE ELIGIBILITY AND ENROLLMENT

8.1.1 Employee Eligibility Date

An employee is eligible for coverage as specified in the Eligible Employee definition.

8.1.2 Employee Effective Date

Coverage begins for an Eligible Employee as specified in the Effective Date of Coverage definition.

8.1.3 Employee Enrollment

The Eligible Employee must enroll on forms (paper or electronic) provided and/or accepted by Clackamas County. To obtain coverage, an Eligible Employee must enroll within 30 days to enroll after becoming eligible. An enrolled Eligible Employee is referred to as the Subscriber.

If you decline coverage or fail to enroll when you first become eligible, the next earliest time you may enroll is the next occurring Open Enrollment Period.

In certain situations, you and/or your Eligible Family Dependents may qualify to enroll during a special enrollment period. See section 8.3 for additional information.

8.2 DEPENDENT ELIGIBILITY AND ENROLLMENT

8.2.1 Eligibility Date

Coverage begins for each Eligible Family Dependent on:

1. The Effective Date of Coverage for the Subscriber if the individual is an Eligible Family Dependent on that date;
2. For any Eligible Family Dependents acquired on the date of the Subscriber's marriage, on the first day of the calendar month following receipt of the enrollment request, within 60 days of the subscriber's marriage;
3. The date of birth of the biological child of the Subscriber or Spouse;
4. The date a child is placed with the Subscriber or Spouse for the purpose of adoption by the Subscriber or Spouse;
5. The date the Subscriber or Spouse is required to provide health coverage to a child under a qualified medical child support court or administrative order; or
6. The date on which legal guardianship status begins.

8.2.2 Additional Requirements for Eligible Family Dependent Coverage

An Eligible Employee may cover Eligible Family Dependents ONLY if the Eligible Employee is also covered, and Clackamas County receives the completed enrollment form requesting Dependent coverage.

8.2.3 Eligible Family Dependent Enrollment

You must enroll Eligible Family Dependents on forms provided and/or accepted by Clackamas County. No Eligible Family Dependent will become a Member until Clackamas County approves that Eligible Family Dependent for coverage. To obtain coverage, the Eligible Family Dependent must enroll within 30 after becoming eligible as indicated in section 8.2.1 (see section 8.2.4 regarding newborn and adopted children). The next earliest time your Eligible Family Dependent may enroll is the next occurring Open Enrollment Period. In addition, an Eligible Employee and/or Eligible Family Dependent may qualify to enroll during a special enrollment period as described in section 8.3.

8.2.4 Newborn Eligibility and Enrollment

A newborn or adopted child of a Member who meets the definition of an Eligible Family Dependent is eligible for coverage from the date of birth or placement for the purpose of adoption as long as enrollment occurs within 60 days from birth or placement and additional Premium, if any, is paid to Clackamas County. If the enrollment and payment of additional Premium, if any, are not accomplished within this time period, no Services will be covered for the child. Enrollment after this time period may be accomplished as outlined in sections 8.2.3 and 8.3.

8.2.5 Open Enrollment Period

Clackamas County will provide an Open Enrollment Period each Plan Year. The Effective Date of Coverage for new Members who enroll during the Open Enrollment Period is the first day of the Plan Year for which they enroll.

8.2.6 Changes in Eligibility

When an eligibility change occurs, you need to make sure Clackamas County is notified of the change. Address changes can be made by contacting Clackamas County Employee Services

For the following changes, you, as the Subscriber, must obtain an enrollment form from Clackamas County's benefit office. You need to submit this form to your Employer for you and all your Eligible Family Dependents when:

- You marry and wish to enroll your new Spouse;
- A Dependent's limiting age occurs; or
- You or one of your Dependents has a legal name change.

If you have questions regarding eligibility changes, please contact Clackamas County Employee Services.

8.2.7 Members No Longer Eligible for Coverage

If you divorce or are legally separated, your Spouse is no longer eligible for coverage as a Dependent. You must disenroll your Spouse as a Dependent from your Plan at the time the divorce or legal separation is final. Your Spouse's children will be able to continue coverage under the Plan so long as the children continue to qualify as your Eligible Family Dependents.

You must inform Clackamas County of these changes by completing a new enrollment form. Check with Clackamas County's benefits office or contact Customer Service to determine the effective date of any enrollment or disenrollment.

Those who no longer qualify as your Eligible Family Dependents may be eligible to continue coverage as described under section 10. Ask Clackamas County or call Customer Service for continuation coverage eligibility information.

8.3 SPECIAL ENROLLMENT PERIODS

If you declined enrollment for yourself as a Subscriber or for an Eligible Family Dependent (including your Spouse) during a previous enrollment period (as stated in sections 8.1 and 8.2), you may be eligible to enroll yourself or the Eligible Family Dependent during a "special enrollment period" provided that you request enrollment within 60 days of the qualifying event and meet the applicable requirements stated in this section.

In instances where an Eligible Family Dependent of a Subscriber qualifies for a "special enrollment period," the Subscriber and the Eligible Family Dependent may:

- Enroll in the coverage currently elected by the Subscriber; or
- Enroll in any benefit option offered by the Employer for which the Subscriber and Eligible Family Dependent is eligible.

8.3.1 Loss of Other Coverage

If you declined enrollment for yourself as a Subscriber or for an Eligible Family Dependent (including your Spouse) because of other health coverage and you lose that other coverage, the Plan will provide a "special enrollment period" for you and/or your Eligible Family Dependent if:

a) The person was covered under a group health plan or had other health coverage (includes benefits consisting of medical care under any hospital or medical services policy or certificate, or HMO) at the time coverage under this policy was first offered to the person; and

b) The person stated in writing that coverage under such group health plan or health coverage was the reason for declining enrollment; but only if the Plan required such a statement and provided the person with notice of such requirement (and the consequences of such requirement) at such time; and

c) Such coverage:
   - was under a COBRA Continuation provision and the coverage under such a provision was exhausted, except when the person failed to pay timely premium, or if coverage terminated for cause (such as making a fraudulent claim or an intentional misrepresentation of a material fact); or
   - was not under a COBRA Continuation provision and the coverage was terminated as a result of:
     1. The individual's loss of eligibility for the coverage; including as a result of legal separation, divorce, death, termination of employment, or a reduction in the number of hours of employment; except when the person failed to pay timely premium or if coverage terminated for cause (such as making a fraudulent claim or an intentional misrepresentation of material fact); or
     2. The individual's loss of eligibility for coverage under the Children's Health Insurance Program (CHIP), Medicaid, Medicare, TRICARE, Indian Health Service or domestic or foreign publicly sponsored or subsidized health plan; including but not limited to the Oregon Health Plan (OHP); and the individual applies for coverage under this Plan within 63 days of the termination of such coverage; or
     3. The termination of contributions toward such coverage by the current or former Employer; or
     4. The individual incurring a claim that exceeds the lifetime limit on benefits; and the individual applies for coverage under this Plan within 60 days after the claim is denied.

Effective Date: Coverage under this Plan will take effect on the first day after the other coverage ended.

8.3.2 New Dependents

If you were eligible to enroll as a Subscriber under this Plan, but did not enroll during a previous enrollment period, and a person becomes your Eligible Family Dependent through marriage, birth, adoption or placement for adoption; the Plan will provide a "special enrollment period" during which you and your Eligible Family Dependent(s) may enroll under this Plan.

The "special enrollment period" shall be a period of 60 days and begins on the later of:

- the date Dependent coverage is made available under this Plan; or
- the date of the marriage, birth, or adoption or placement for adoption.

Effective Date:

- in the case of marriage, on the first day of the calendar month following Clackamas County's receipt of the enrollment request, or on an earlier date as agreed to by Clackamas County; or
- in the case of a Dependent's birth, on the date of such birth; or
- in the case of a Dependent's adoption or placement for adoption, the date of such adoption or placement for adoption; or
- in the case of legal guardianship of a Dependent, the date such legal guardianship status begins.

8.3.3 Court Orders

If you were eligible to enroll as a Subscriber under this Plan, but did not enroll during a previous enrollment period, and a court orders you to provide coverage for a Spouse or minor child under your Health Benefit Plan, the Plan will provide a "special enrollment period" for you and the Spouse or minor child you are ordered to provide coverage for if you request enrollment within 60 days after the issuance of the court order.

Effective Date: The date specified in the court order.

8.3.4 Premium Assistance

If you or your Eligible Family Dependent were eligible to enroll under this Plan but did not enroll during a previous enrollment period, and you or your Eligible Family Dependent becomes entitled to group health plan premium assistance under a Medicaid-sponsored or Children's Health Insurance Program (CHIP)-sponsored arrangement, the Plan will provide a "special enrollment period" for you and your Family Member(s) if you request enrollment within 60 days after the date of entitlement.

8.4 LEAVE OF ABSENCE AND LAYOFFS

A Subscriber on leave of absence or layoff status may continue to be covered under this Plan as though actively at work for a period of time, if any, as stated in the Eligible Employee definition. An Employee who returns to work as an Eligible Employee after coverage has lapsed must re-enroll for coverage as specified in section 8.1.3.

For the Subscriber, a leave of absence granted under the federal Family and Medical Leave Act (FMLA), the Uniformed Services Employment and Reemployment Rights Act (USERRA), is administered in accordance with those Acts and this Summary Plan Description.

9. TERMINATION OF MEMBER COVERAGE

9.1 TERMINATION DATES

Termination of Member coverage under this Plan will occur on the earliest of the following dates:

1. The date this Plan terminates;
2. The last day of the coverage period in which a Subscriber terminates employment with Clackamas County;
3. The last day of the coverage period in which a Subscriber no longer qualifies as a Subscriber, as stated in the Summary Plan Description;
4. The date a Member enters full-time military, naval or air service, except as provided under federal USERRA requirements;
5. The last day of the coverage period in which a Subscriber retires;
6. The last day of the month in which the Subscriber makes a written request for termination of coverage to be effective for the Subscriber or Member;
7. For a Family Member, the date the Subscriber's coverage terminates;
8. For a Family Member, the last day of the month in which the individual no longer qualifies as an Eligible Family Dependent;
9. For any benefit, the date the benefit is deleted from this Plan;
10. For a Member, the date of disenrollment from this Plan as described in section 9.4;
11. For a Member, the date any fraudulent information is provided; or
12. For a Member, the date we discover any breach of contractual duties, conditions or warranties, as determined by us.
13. For a Subscriber that is a Non-Medicare Eligible Early Retiree, the last day of the month in which the Retiree becomes eligible for Medicare.

You and the Employer are responsible for advising Clackamas County of any changes in eligibility including the lack of eligibility of a Family Member. Coverage will not continue beyond the last date of eligibility, regardless of the lack of notice to Clackamas County.

See section 7, Problem Resolution, for your Grievance and Appeal rights.

9.2 TERMINATION AND RESCISSION OF COVERAGE DUE TO FRAUD OR ABUSE

Coverage under this Plan, either for you or for your covered Dependent(s), may be rescinded (meaning your coverage is retroactively canceled) or terminated in case of a fraud or intentional misrepresentation of material fact by you or by your covered Dependent in obtaining, or attempting to obtain, benefits under this Plan.

If coverage is rescinded, the Plan will retain any money you paid for coverage as liquidated damages and will have the right to recover from you or from your covered Dependents the benefits paid as a result of such wrongful activity. Providence Health Plan will provide all affected Plan participants with 30 days' notice before rescinding coverage.

9.3 NON-LIABILITY AFTER TERMINATION

Upon termination of this Plan, Clackamas County shall have no further liability beyond the effective date of the termination unless the Member continues, without lapse of membership, under another Clackamas County plan.

9.4 DISENROLLMENT FROM THIS PLAN

"Disenrollment" means that your coverage under this Plan is terminated because you have engaged in fraudulent, dishonest or threatening behavior, such as:

1. You have filed a false claim with the Plan;
2. You willfully fail to provide information or documentation required to be provided under this Plan or knowingly provide incorrect or incomplete information;
3. You have committed an act of physical or verbal abuse that poses a threat to providers, to other Members, or to Clackamas County or Providence Health Plan employees; or
4. You have allowed a non-Member to use your Member ID Card to obtain Services.

9.5 NOTICE OF CREDITABLE COVERAGE

Providence Health Plan will provide upon request written certification of the Member's period of Creditable Coverage when:

- A Member ceases to be covered under this Plan;
- A Member on COBRA coverage ceases that coverage; and
- A Member requests a Notice of Creditable Coverage within 24 months of the termination of coverage.

9.6 CLACKAMAS COUNTY'S RIGHT TO TERMINATE OR AMEND PLAN

Clackamas County reserves the right at any time to terminate or amend in whole or part any of the provisions of the Plan or any of the benefits provided under the Plan. Any such termination or amendment may take effect retroactively or otherwise. In the event of a termination or reduction of benefits under the Plan, the Plan will be liable only for benefit payments due and owing as of the effective date of such termination or reduction and no payments scheduled to be made on or after such effective date will result in any liability to the Plan or Clackamas County.

10. CONTINUATION OF GROUP MEDICAL BENEFITS

If you become ineligible for coverage under this Plan you may, under certain circumstances, continue group coverage. There are specific requirements, time frames and conditions that must be followed in order to be eligible for continuation of group coverage and which are generally outlined below. Please contact Clackamas County as soon as possible for details if you think you may qualify for group COBRA or state continuation coverage.

10.1 COBRA CONTINUATION COVERAGE

The Consolidated Omnibus Budget Reconciliation Act (COBRA) is a federal law that applies to most Employers with 20 or more employees. Some Employers, such as church groups and state agencies, may be exempt from COBRA. The law requires that Employers subject to COBRA offer Employees and/or their Dependents continuation of medical and dental coverage in certain instances where there is a loss of group coverage.

10.1.1 Subscriber's Continuation Coverage

A Subscriber who is covered under this Plan may elect continuation coverage under COBRA if coverage is lost due to termination of employment (other than for gross misconduct) or a reduction in work hours.

10.1.2 Spouse's or Domestic Partner's Continuation Coverage

A Spouse or Domestic Partner who is covered under this Plan has the right to elect continuation coverage under COBRA if coverage is lost for any of the following qualifying events:

- The death of the Subscriber;
- The termination of the Subscriber's employment (for reasons other than gross misconduct) or reduction in hours;
- The divorce or legal separation of the Subscriber and the Spouse;
- Termination of the domestic partnership; or
- The Subscriber becomes covered under Medicare.

10.1.3 Dependent's Continuation Coverage

A Dependent child who is covered under this Plan has the right to continuation under COBRA if coverage is lost for any of the following qualifying events:

- The death of the Subscriber;
- The termination of the Subscriber's employment (other than for gross misconduct) or reduction in a Subscriber's hours;
- The Subscriber's divorce or legal separation;
- Termination of the domestic partnership;
- The Subscriber becomes covered under Medicare; or
- The child ceases to qualify as an Eligible Family Member under this Plan.

A newborn child or a child placed for adoption who is properly enrolled under the terms of this Plan during the COBRA continuation period will be a qualified beneficiary.

10.1.4 Notice Requirements

A Family Member's coverage ends on the last day of the month in which a divorce, legal separation or termination of domestic partnership occurs or a child loses Dependent status under this Plan. **Under COBRA, you or your Family Member has the responsibility to notify Clackamas County if one of these events occurs.** Written notice must be given no later than 60 days after the loss of coverage has occurred, or the qualifying event, whichever is later. Oral notice is not binding until confirmed in writing. If notice is not timely given, continuation coverage will not be available.

When Clackamas County receives notification of one of the above "qualifying" events, you will be notified that you or your Family Member, as applicable, have 60 days from the date coverage is lost or the date you receive the notice, whichever is later, to elect continuation coverage. If this election is not made within this 60-day period, your right to elect continuation coverage under this Plan will be lost.

10.1.5 Type of COBRA Continuation Coverage

A qualified beneficiary will be provided the same coverage that was in effect immediately prior to the qualifying event.

10.1.6 COBRA Election Rights

A Subscriber or his or her Spouse or Domestic Partner may elect continuation coverage for all covered Family Members. In addition, each Family Member has an independent right to elect COBRA. Thus, a Family Member may elect continuation coverage even if the Subscriber does not.

10.1.7 COBRA Premiums

If you are eligible for COBRA continuation coverage, you do not have to show that you are insurable (that you do not have any serious health conditions). However, you must pay the full premium for your continuation coverage, including the portion of the premium Clackamas County was previously paying. After you elect COBRA, you will have 45 days from the date of election to pay the first premium. You must pay premium back to the point you would otherwise have lost coverage under this Plan. After that, you must pay the premium for each month as of the first of the month, and in all events within 30 days. If you fail to pay your monthly premium, you will be notified that your coverage is being terminated.

10.1.8 Length of COBRA Continuation Coverage

18-Month Continuation Period

When coverage ends due to a Subscriber's termination of employment (other than for gross misconduct) or a reduction in hours, the continuation period for the Subscriber and all covered Family Members will be 18 months from the date of the qualifying event, or the date coverage is lost, whichever is later.

29-Month Continuation Period

If a qualified beneficiary is disabled, continuation coverage for that qualified beneficiary and his or her covered Family Members may continue for up to 29 months from the date of the original qualifying event, or loss of coverage, whichever is later. The 29-month period applies only if the following conditions are met:

- The Social Security Administration (SSA) determines that the qualified beneficiary is disabled at any time prior to the qualifying event or during the first 60 days of COBRA continuation coverage; and
- The qualified beneficiary provides Clackamas County with a copy of the SSA determination within the initial 18-month continuation period and not later than 60 days after the SSA determination was issued.

The premium for COBRA continuation coverage may increase after the 18th month to 150% of the otherwise applicable amount.

If the SSA makes a final determination of non-disability, the qualified beneficiary must notify the COBRA Administrator within 30 days.

36-Month Continuation Period

If a Spouse, Domestic Partner or Dependent child loses coverage because of any of the following reasons, COBRA provides for up to 36 months of continuation of coverage:

- The Subscriber's death;
- The Subscriber's eligibility for Medicare;
- Divorce or legal separation;
- Termination of the domestic partnership; or
- A child becomes ineligible for Dependent coverage.

10.1.9 Extension of Continuation Period

If a second qualifying event occurs during the initial 18- or 29-month continuation period (for example, the death of the employee, divorce, or child loses status as an Eligible Family Member under the Plan), coverage for a qualified beneficiary may be extended up to 36 months. However, in no case will the continuation coverage exceed 36 months from the date of the original qualifying event.

If a Spouse or Dependent child has continuation coverage due to the employee's termination or reduction in hours and if the qualifying event occurred within 18 months after the employee became entitled to Medicare, the coverage period is extended to 36 months from the employee's Medicare entitlement date.

10.1.10 Trade Act of 2002

The Trade Act of 2002 created a new tax credit for certain individuals who become eligible for trade adjustment assistance (TAA). TAA allows workers displaced by the impact of foreign trade, and individuals age 55 or older who are receiving pension benefits paid by the Pension Benefit Guaranty Corporation (PBGC), to elect COBRA coverage during the 60-day period that begins on the first day of the month in which the individual first becomes eligible for TAA benefits. Eligible individuals can either take a tax credit or get advance payment of sixty-five percent of premiums paid for qualified health insurance, including continuation coverage. If you have questions about these tax provisions, you may call the Health Care Tax Credit Customer Contact Center toll-free at 866-628-4282. TTD/TTY caller may call toll-free at 866-626-4282. More information about the Trade Act is also available at http://www.doleta.gov/tradeact/.

10.1.11 When COBRA Continuation Coverage Ends

COBRA Continuation coverage will end automatically for you and your Family Members when any of the following events occurs:

- Clackamas County no longer provides health coverage to any employees;
- The premium for the continuation coverage is not paid on time;
- The qualified beneficiary (employee, spouse or dependent child) later becomes covered under another health plan;
- The qualified beneficiary (employee, spouse, or dependent child) later becomes entitled to Medicare;
- The earliest date that the qualified beneficiary no longer qualifies for such coverage in accordance with the federal COBRA regulations; or
- The applicable maximum period of continuation coverage occurs.

11.2 INFORMATION FOR NON-ERISA MEMBERS (PARTICIPANTS)

The following information applies to Members (participants) who are covered by a plan that is not subject to ERISA.

As a participant in Clackamas County's Group Plan, you are entitled to certain rights and protections under Oregon law, which provides that all Plan participants are entitled to:

- **Receive from Providence Health Plan information maintained about you by your Employer's group plan**
  - You are entitled within 30 days to access to recorded personal information, provided you request it in writing and reasonably describe the information.
  - You may obtain copies, subject to paying a reasonable copying charge.
  - You are entitled to know to whom we may have disclosed any such information.
  - You are entitled to correct any errors in the information.
- **Continue group health coverage**
  - Continue health care coverage for yourself, Spouse or Dependents under the circumstances described in section 10.1.
- **Enforce your rights**

  If your claim for a plan benefit is denied or ignored, in whole or in part, you have a right to know why this was done, to obtain copies of documents relating to the decision without charge, and to Appeal any denial, all within certain time schedules.

As more fully described in section 7, the Plan offers a Grievance process that attempts to resolve the concerns Members may have about claims decisions. No civil action may be brought to recover benefits from this Plan until receipt of a final decision under the Member Grievance and Appeal process specified in section 7.2 of this Summary Plan Description. If the Member elects to seek external review under section 7.2.4, both the Plan and the Member will be bound by the Independent Review Organization (IRO) decision. No civil action may be brought later than three years after the date of the last decision rendered under the Member Grievance and Appeal process specified in section 7.2.

Member's sole right of Appeal from a final Grievance determination, other than a determination referred for binding determination by an independent review organization, shall be to an Oregon state court, either in the Member's county of residence or such other county as mutually agreed upon between the Member and the Plan. In the alternative, Member may request that the Plan agree to submit the dispute to binding arbitration before a single arbitrator appointed by the United States Arbitration & Mediation Service (USA&M) under Oregon law in the Member's county (unless otherwise mutually agreed) in accordance with USA&M's Rules for Arbitration. If arbitration is mutually agreed upon the arbitrator's decision shall be final and legally binding and judgment may be entered thereon. Irrespective of whether the Grievance is appealed to a court or an arbitrator, neither party shall under any circumstance be liable to the other for any special, incidental, or consequential damages, or for any tort liability (including any punitive or exemplary damages), in any way related to this Plan.

12. QUALIFIED MEDICAL CHILD SUPPORT ORDERS (QMCSO)

A child of an Eligible Employee will be enrolled in the Plan as required by a qualified medical child support order. The procedures and rules regarding this enrollment are described in this section.

12.1 DEFINITIONS

For purposes of this section, the following definitions shall apply:

"Alternate Recipient" means any child of an employee who is recognized under an Order as having a right to enrollment under the Plan with respect to such employee.

An "Order" means any judgment, decree, or order (including approval of a settlement agreement) issued by a court of competent jurisdiction (or through an administrative process established under a state law which has the effect of a court order) which:

- Provides for child support with respect to a child of an employee under the Plan or provides for health benefit coverage to such a child, is made pursuant to a state domestic relations law (including a community property law), and relates to benefits under the Plan; or
- Enforces a state law relating to medical child support with respect to the Plan.

A "Qualified Medical Child Support Order" or "QMCSO" means an Order:

- Which creates or recognizes the existence of an Alternate Recipient's right to receive, or assigns to an Alternate Recipient the right to receive, benefits for which an employee or beneficiary is eligible under the Plan; and
- With respect to which Clackamas County has determined satisfies the QMSCO standards set forth below.

"Procedures" means the Qualified Medical Child Support Order procedures as prescribed in this section.

"Designated Representative" means a representative designated by an Alternate Recipient to receive copies of notices that are sent to the Alternate Recipient with respect to an Order.

12.2 NOTICE UPON RECEIPT OF ORDER

Upon the receipt of any Order, Clackamas County will promptly notify the employee and each Alternate Recipient identified in such Order of the receipt of such Order, and will further furnish them each with a copy of these Procedures. If the Order or any accompanying correspondence identifies a Designated Representative, then copies of the acknowledgment of receipt notice and these Procedures will also then be provided to such Designated Representative.

12.3 NOTICE OF DETERMINATION

Within a reasonable period after its receipt of the Order, Clackamas County will determine whether the Order satisfies the QMCSO standards described below so as to constitute a QMCSO, and shall thereupon notify the employee, each Alternate Recipient, and any Designated Representative of such determination.

An Order will not be deemed to be a QMCSO unless the Order:

(a) Clearly specifies:
    1. The name and last known mailing address (if any) of the employee and of each Alternate Recipient covered by the Order (or the name and mailing address of a State or agency official acting on behalf of the Alternate Recipient);
    2. Either a reasonable description of the type of coverage to be provided under the Plan to each Alternate Recipient, or the manner in which such type of coverage is to be determined; and
    3. The period to which the Order applies.

(b) Does not require the Plan to provide any type or form of benefit, or any option, not otherwise provided under the Plan, except to the extent that the Order pertains to the enforcement of a state law relating to a medical child support.

If an Order contains inconsistencies or ambiguities that might pose a risk of future controversy or liability to the Plan, the Order will not be considered to be a QMCSO.

12.4 ENROLLMENT OF ALTERNATE RECIPIENT

An Alternate Recipient with respect to an Order determined to be a QMCSO who properly submits the applicable enrollment forms to Clackamas County will become covered under the Plan to which such Order applies as soon as practicable after the applicable enrollment forms are received. An Alternate Recipient will be eligible to become covered under the Plan as of a particular date without regard to any open enrollment period restrictions otherwise applicable under the Plan.

12.5 COST OF COVERAGE

An Alternate Recipient will be treated as having been voluntary enrolled in the Plan by the employee as a dependent of such employee, including in regard to the payment by the employee for dependent coverage under the Plan. The amount of any required contributions to be made by the Employee for coverage under the Plan will be determined on the basis of the Alternate Recipient being treated as the employee's covered dependent. Any additional required contribution attributable to the coverage of the Alternate Recipient will not be separately charged. Rather, the full amount of the required contribution shall be paid by the employee in accordance with the payroll deduction or other procedures of the Plan as pertaining to the employee.

12.6 REIMBURSEMENT OF PLAN EXPENSES

Unless the terms of the Order provide otherwise, any payments to be from the Plan as reimbursement for group health expenses paid either by the Alternate Recipient, or by the custodial parent or legal guardian of the Alternate Recipient, will not be paid to the employee. Rather, such reimbursement will be paid either to the Alternate Recipient, or to the custodial parent or legal guardian of such Alternate Recipient. However, if the name and address of a State or agency official has been substituted in the Order for that of the Alternate Recipient, then the reimbursement will be paid to such named official.

12.7 STATUS OF ALTERNATE RECIPIENT

An Alternate Recipient under a QMCSO generally will be considered a beneficiary of the Employee under the Plan to which the Order pertains.

12.8 TREATMENT OF NATIONAL MEDICAL SUPPORT NOTICE

If Clackamas County receives an appropriately completed National Medical Support Notice (a "National Notice") issued pursuant to the Child Support Performance and Incentive Act of 1998 in regard to an employee who is a non-custodial parent of a child, and if the National Notice is determined by Clackamas County to satisfy the QMCSO standards prescribed above, then the National Notice shall be deemed to be a QMSCO respect to such child.

Clackamas County, upon determining that the National Notice is a QMSCO, shall within forty (40) business days after the date of the National Notice notify the State agency issuing the National Notice of the following:

(a) Whether coverage of the child at issue is available under the terms of the Plan, and if so, as to whether such child is covered under the Plan; and

(b) Either the effective date of the coverage or, if necessary, any steps to be taken by the custodial parent (or by the State or agency official acting on behalf of the child) to effectuate the coverage under the Plan.

Clackamas County shall within such time period also provide to the custodial parent (or such substituted official) a description of the coverage available and any forms or documents necessary to effectuate such coverage.

Nothing in this section shall be construed as requiring the Plan, upon receipt of a National Notice, to provide benefits under the Plan (or eligibility for such benefits) in addition to benefits (or eligibility for benefits) provided under the terms of the Plan as in effect immediately before receipt of such National Notice.

13. GENERAL PROVISIONS

13.1 CONFLICTS OF PROVISIONS

In the event that one or more provisions of this document conflict with one or more provisions of any other plan document, the provisions of this document, as from time to time amended, shall control.

13.2 CONTROLLING STATE LAW

To the extent not preempted by federal laws, the laws of the State of Oregon shall apply and shall be the controlling state law in all matters relating to the Plan.

13.3 DUPLICATING PROVISIONS

If any charge is described as covered under two or more benefit provisions, the Plan will pay only under the provision allowing the greater benefit. This may require a recalculation based upon both the amounts already paid and the amounts due to be paid. The Plan has NO liability for benefits other than those this Plan provides.

13.4 FAILURE TO PROVIDE INFORMATION OR PROVIDING INCORRECT OR INCOMPLETE INFORMATION

Members warrant that all information contained in applications, questionnaires, forms, or statements submitted to Clackamas County and to Providence Health Plan to be true, correct, and complete. If a Member willfully fails to provide information required to be provided under this Plan or knowingly provides incorrect or incomplete information, then the Member's rights may be terminated. See section 9.4.

13.5 GENDER AND NUMBER

Masculine gender shall include the feminine and neuter, the singular shall include the plural, and the plural shall include the singular, unless the context clearly indicates otherwise.

13.6 HEADINGS

All article and section headings in the Plan are intended merely for convenience and shall in no way be deemed to modify or supplement the actual terms and provisions set forth there under.

13.7 LEGAL ACTION

No civil action may be brought under state or federal law to recover benefits from the Plan until receipt of a final decision under the Member Grievance and Appeal process specified in section 7.2 of the Summary Plan Description, unless the Member's benefits under the Plan are subject to the Employee Retirement Income Security Act (ERISA), in which case the Member is permitted either to bring a civil action under ERISA in federal court after receiving a decision from the First Level of Appeal or to bring such an action after receipt of a final grievance decision. An appeal from a final Grievance decision may lie with an Independent Review Organization (IRO). In the event a right to IRO review exists and the Member elects to seek such review, the IRO decision will be binding and final, as indicated in section 7.2.4. No civil action under ERISA or otherwise may be brought later than three years after the date of the last decision rendered under the Member Grievance and Appeal process specified in section 7.2. If ERISA does not apply (see section 11.2), the action must be brought in Oregon state court, either in the Member's county of residence or such other county as mutually agreed upon between Member and the Plan. In general, ERISA applies if this is an employer-sponsored plan, other than a government plan or church plan.

13.8 LIMITATIONS AND PROVISIONS

The provisions of the Plan and any benefits provided by the Plan shall be limited as described herein. Any benefit payable under any other employee benefits plan maintained by Clackamas County shall be paid solely in accordance with the terms and provisions of such plan, and nothing in this Plan shall operate or be construed in any way to modify, amend, or affect the terms and provisions of such other plan.

13.11 NON-TRANSFERABILITY OF BENEFITS

No person other than a Member is entitled to receive benefits under this Plan. Such right to benefits is nontransferable.

13.12 NO GUARANTEE OF EMPLOYMENT

Neither the maintenance of the Plan nor any part thereof shall be construed as giving any employee covered hereunder any right to remain in the employ of Clackamas County. No shareholder, director, officer, or employee of Clackamas County in any way guarantees to any Member or beneficiary the payment of any benefit or amount which may become due in accordance with the terms of the Plan.

13.13 NO RECOURSE FOR ACTS OF PROVIDERS

The Hospitals, Skilled Nursing Facilities, physicians and other persons or organizations providing Services to you do so as independent contractors. Neither Clackamas County nor Providence Health Plan is liable for any claim or demand due to damages arising out of, or in any manner connected with, any injuries suffered by you while receiving such Services.

13.14 NON-WAIVER

No delay or failure when exercising or enforcing any right under this Plan shall constitute a waiver or relinquishment of that right, and no waiver or any default under this Plan shall constitute or operate as a waiver of any subsequent default. No waiver of any provision of this Plan shall be deemed to have been made unless and until such waiver has been reduced to writing and signed by the party waiving the provision.

13.15 NOTICE

Any notice required of Clackamas County or Providence Health Plan under this Plan shall be deemed to be sufficient if mailed to the Subscriber at the address appearing in the records of Providence Health Plan. Any notice required of you shall be deemed sufficient if mailed to the principal office of Providence Health Plan, P.O. Box 3125, Portland, OR 97208.

13.16 NOTICE REQUIRED FOR REIMBURSEMENT AND PAYMENT OF CLAIM

Plan payments for most Services are made directly to the providers of Services. Except as otherwise specifically provided in this Plan, if you are billed directly by an Out-of-Network Provider and you pay for benefits which are covered by this Plan, reimbursement from the Plan will be made only upon your written notice to Providence Health Plan of the payment. Payment will be made to the Member, subject to written notice of claim, or, if deceased, to the Member's estate, unless payment to other parties is authorized in writing by you. See section 6.1.1 regarding timely submission of claims.

13.17 PAYMENT OF BENEFITS TO PERSONS UNDER LEGAL DISABILITY

Whenever any person entitled to payments under the Plan is determined to be a minor or under other legal disability or otherwise incapacitated in any way so as to be unable to manage such person's financial affairs, or otherwise incapable of giving a valid receipt and discharge for any payment, the following provision shall apply. Providence Health Plan, in their discretion, may direct that all or any portion of such payments be made (i) to such person, (ii) to such person's legal guardian or conservator, or (iii) to such person's spouse or to any other person, in any manner considered advisable, to be expended for the person's benefit. PHP's decision will, in each case, be final and binding upon all persons. Any payment made pursuant to the power herein conferred shall operate as a complete discharge of the obligations under the Plan in respect thereof by Clackamas County and Providence Health Plan.

13.18 PHYSICAL EXAMINATION AND AUTOPSY

When reasonably required for purposes of claim determination, the Plan Sponsor shall have the right to make arrangements for the following examinations, at Plan expense, and to suspend the related claim determination until Providence Health Plan has received and evaluated the results of the examination:

- A physical examination of a Member; or
- An autopsy of a deceased Member, if not forbidden by law.

13.19 PROFESSIONAL REVIEW AND RIGHT TO EXAMINE RECORDS

All Members, by acceptance of the benefits of this Plan, shall be deemed to have consented to the examination of medical records for purposes of utilization review, quality assurance and peer review by Providence Health Plan or their designee.

All Members, for purposes other than utilization review, quality assurance and peer review, may be required to authorize any provider to give and discuss with Providence Health Plan any information relating to any condition for which benefits are claimed under this Plan. Providence Health Plan may transfer this information between providers or other organizations who are treating you or performing a Service on our behalf. If you do not consent to the release of records or to discussions with providers, Providence Health Plan will be unable to determine the proper payment of any benefits and will deny the claims accordingly. Consent to the release of records and discussion with providers is a condition of payment of any benefits. Neither the consent to, nor the actual examination of the records or discussion with providers will constitute a guarantee of payment.

13.20 REQUIRED INFORMATION TO BE FURNISHED

Each Member must furnish to Providence Health Plan such information as they consider necessary or desirable for purposes of administering the Plan, and the provisions of the Plan respecting any payments hereunder are conditional upon the prompt submission by the Member of such true, full and complete information as may be requested.

13.21 RIGHT OF RECOVERY

Providence Health Plan, on behalf of the Plan, has the right, upon demand, to recover payments in excess of the maximum benefits specified in this Plan or payments obtained through fraud, error, or duplicate coverage. If reimbursement is not made to the Plan, Providence Health Plan is authorized by Clackamas County to deduct the overpayment from future benefit payments under this Plan.

13.22 SEVERABILITY

Invalidation of any term or provision herein by judgment or court order shall not affect any other provisions, which shall remain in full force and effect.

13.23 STATE MEDICAID BENEFITS RIGHTS

Notwithstanding any provision of the Plan to the contrary:

- Payment for benefits with respect to a Member under the Plan shall be made in accordance with any assignment of rights made by or on behalf of such Member, as required by a State Medicaid Plan;
- The fact that an individual is eligible for or is provided medical assistance under a State Medicaid Plan shall not be taken into account in regard to the individual's enrollment as a Member or beneficiary in the Plan, or in determining or making any payments for benefits of the individual as a Member in the Plan; and
- Payment for benefits under the Plan shall be made to a state in accordance with any state law which provides that the state has acquired the rights with respect to a Member for items or services constituting medical assistance under a State Medicaid Plan.

For purposes of the above, a "State Medicaid Plan" means a state plan for medical assistance approved under Title XIX of the Social Security Act pursuant to Section 1912(a)(1)(A) of such Act.

You are encouraged to make suggestions to us. Suggestions may be oral or written and should be directed to the Customer Service Team at our administrative office.

13.25 VETERANS' RIGHTS

The Plan will provide benefits to employees entering into or returning from service in the armed forces as may be required under the Uniformed Services Employment and Reemployment Rights Act of 1994 (USERRA). In general, USERRA provides that:

(a) An employee who takes unpaid military leave, or who separates from the employment of Clackamas County to perform services in the armed forces or another uniformed service, can elect continued coverage under the Plan (including coverage for the Eligible Family Dependents) on a self-pay basis. The applicable Contribution for such coverage, and the Contribution payment procedures, shall be as generally prescribed for COBRA continuation coverage in section10. Effective for elections made on or after December 10, 2004, the period for such continuation coverage shall extend until the earlier of:
    1. The end of the 24-month period beginning on the date on which the employee's absence for the purpose of performing military service begins; or
    2. The date the employee fails to timely return to employment or reapply for a position with Clackamas County upon the completion of such military service.

13.26 WORKERS' COMPENSATION INSURANCE

The Employer shall be responsible for all fiduciary functions under the Plan except insofar as any such authority or responsibility is assigned by or pursuant to the Plan to another named fiduciary, or is delegated to another fiduciary by the Employer. The Employer has the discretionary authority to determine eligibility for benefits under the Plan and to interpret the terms of the Plan, unless it has delegated that authority as permitted by the Plan. In the event of such delegation, Providence Health Plan's determinations on the meaning of Plan terms may not be overturned unless found by a court to have been arbitrary and capricious. The allocation of administrative duties and the delegation of discretionary authority for the Plan are specified in the Administrative Services Agreement that has been executed by the Employer and Providence Health Plan.

14.7.1 Complete Allocation of Fiduciary Responsibilities

This section is intended to allocate to each named fiduciary the individual responsibility for the prudent execution of the functions assigned to each. The performance of such responsibilities will be deemed a several and not a joint assignment. None of such responsibilities nor any other responsibility is intended to be shared by two or more of them unless such sharing will be provided by a specific provision of the Plan. Whenever one named fiduciary is required by the Plan to follow the directions of another, the two will not be deemed to have been assigned a shared responsibility, but the responsibility of the one giving the direction will be deemed to be its sole responsibility, and the responsibility of the one receiving such direction will be to follow it insofar as such direction is on its face proper under the Plan and applicable law.

14.8 ENGAGEMENT OF ADVISORS

The Employer may employ on behalf of the Plan one or more persons to render advice with regard to any responsibility it may have under the Plan. Toward that end, the Employer may appoint, employ and consult with legal counsel, actuaries, accountants, investment consultants, physicians or other advisors (who may be counsel, actuaries, accountants, consultants, physicians or other advisors for the Employer) and may also from time to time utilize the services of employees and agents of the Employer in the discharge of their respective responsibilities.

14.9 INDEMNIFICATION

The Employer will indemnify its employees for any liability or expenses, including attorneys' fees, incurred in the defense of any threatened or pending action, suit or proceeding by reason of their status as a fiduciary with respect to the Plan, to the full extent permitted by law.

14.10 AMENDMENT OR TERMINATION OF PLAN

14.10.1 Right to Amend or Terminate

The Employer reserves the right at any time and from time to time to amend or terminate in whole or in part any of the provisions of the Plan, or any document forming part of the Plan.

14.10.2 Manner of Action

Any amendment or termination of the Plan or any part of the Plan shall be made by an instrument in writing reflecting that such change has been authorized by the Employer. Any such amendment or termination shall be effective as of the date specified in said instrument, or, if no date is so specified, as of the date of execution or adoption of said instrument. An amendment may be effected by establishment, modification, or termination of the Plan by appropriate action of the Employer. Any such amendment or termination may take effect retroactively or otherwise. An instrument regarding the establishment, modification or termination of the Plan which is executed by the Chair of the Board of County Commissioners or his/her designee shall be conclusive evidence of the adoption and effectiveness of the instrument.

14.10.3 Effect on Benefits

Claims incurred before the effective date of a Plan change or termination will not be affected. Claims incurred after Plan changes will be covered according to the provisions in effect at the time the claim is incurred. Claims incurred after the Plan is terminated will not be covered. You will not be vested in any Plan benefits or have any further rights, subject to applicable law.

14.11 PROTECTED HEALTH INFORMATION

14.11.1 Disclosure

In accordance with the privacy regulations of the Health Insurance Portability and Accountability Act (HIPAA), Providence Health Plan may disclose de-identified summary health information to the Employer for purposes of modifying, amending or terminating this Plan. In addition, Providence Health Plan may disclose protected health information (PHI) to the Employer in accordance with the following provisions of this Plan as established by the Employer:

(a) The Employer may use and disclose the PHI it receives only for the following purposes:
    1. Administration of the Plan; and
    2. Any use or disclosure as required by law.

(b) The Employer shall ensure that any agent or subcontractor to whom it discloses such PHI shall agree to the same restrictions and conditions that apply to the Employer with respect to such information.

(c) The Employer shall not use or disclose the PHI obtained from Providence Health Plan for employment-related actions and decisions or in connection with any other benefit or employee benefit plan of the Employer.

(d) The Employer shall report to Providence Health Plan any use or disclosure of PHI that is inconsistent with the provisions of this section of which the Employer becomes aware.

(e) The Employer shall make PHI available to Participants in accordance with the privacy regulations of HIPAA.

(f) The Employer shall allow Participants to amend their PHI in accordance with the privacy regulations of HIPAA.

(g) The Employer shall provide Participants with an accounting of its disclosure of their PHI in accordance with the privacy regulations of HIPAA.

(h) The Employer shall make its internal practices, books and records relating to the use and disclosure of PHI received from Providence Health Plan available to the Secretary of the Department of Health and Human Services in accordance with the privacy regulations of HIPAA.

(i) The Employer shall, if feasible, return or destroy all PHI received from Providence Health Plan and retain no copies of such information when no longer needed for the purpose for which such information was received except that, if such return or destruction is not feasible, the Employer shall limit further uses and disclosures to those purposes that make the return or destruction of the information infeasible.

(j) The Employer shall provide for adequate separation between the Employer and Providence Health Plan with regard to the use and disclosure of PHI. For that purpose, access to PHI shall be limited to the following employees or classes of employees of the Employer:
    1. Directors of Human Resources;
    2. Benefit Managers;
    3. Benefit Analysts;
    4. Benefit Specialists; and
    5. Internal Auditors, when performing Health Plan Audits.

Further, the Employer shall restrict the access to and use of PHI by the employees designated above to the administrative functions that those employees perform for the Employer with regard to this Plan. In addition, the Employer shall establish an effective mechanism for resolving any issues of non-compliance by the employees designated above with regard to their use of PHI.

14.11.2 Security

In accordance with the security standards of the Health Insurance Portability and Accountability Act (HIPAA), the Employer shall:

(a) Implement administrative, physical, and technical safeguards that protect the confidentiality, integrity and availability of the electronic PHI that it creates, receives, maintains or transmits on behalf of the Plan;

(b) Ensure that the separation of access to PHI that is specified in section 14.11.1(j) above is supported by appropriate security measures;

(c) Ensure that any agent or subcontractor to whom the Employer provides PHI agrees to implement appropriate security measures to protect such information; and

(d) Report to the Plan any security incident regarding PHI of which the Employer becomes aware.

2. WELCOME TO PROVIDENCE HEALTH PLAN

Thank you for choosing Providence Health Plan. We look forward to meeting your health care needs. Providence Health Plan is an Oregon licensed Health Care Services Contractor whose parent company is Providence Health & Services. Our goal is to help improve the health status of individuals in the communities in which we serve. This booklet contains important information about the health plan coverage offered to Clackamas County General County Employees and their Dependents.

2.1 CLACKAMAS COUNTY GENERAL COUNTY EMPLOYEES PERSONAL OPTION PLAN

Your Plan allows you to receive Covered Services from In-Network Providers.

It is your responsibility to verify whether or not a physician/provider, Hospital or other facility is participating with Providence Health Plan, and whether or not the health care is a Covered Service even if you have been directed or referred for care by an In-Network Provider.

If you are unsure about a physician/provider's, Hospital's or other facility's participation with Providence Health Plan, visit the Provider Directory, available online at http://phppd.providence.org/, before you make an appointment. You also can call Customer Service to get information about a provider's participation with Providence Health Plan and your benefits.

Whenever you visit a Provider:

- Bring your Providence Health Plan Member ID Card with you.
- Be prepared to make a Copayment at the time of visit if the office visit is subject to a Copayment.
- If your office visit is subject to a Coinsurance (a percentage of the amount billed for Services), you will most likely not be able to pay for what you owe at the time of your visit. Your provider's office will send you a bill for what you owe later. Some providers, however, may ask you to pay an estimate of what you may owe at the time you receive services, and bill or credit you for the balance later.

Providence Health Plan will disclose a Member's PHI with whom and in ways permitted by HIPAA. Providence Health Plan will only use or disclose a Member's PHI for treatment purposes, operational purposes, payment purposes, or for any reasonable purposes to which the Member has consented.

3. HOW TO USE YOUR PLAN

Our goal is maintaining your health by promoting wellness and preventive care. We encourage you to work closely with one provider, your Primary Care Provider, who can provide most of your care, suggest specialist care and arrange for Hospital care or diagnostic testing.

This section describes how to use this Plan and how benefits are applied. The level of benefits for Covered Services is shown in the Benefit Summary and described in section 4 of this Summary Plan Description.

3.1 IN-NETWORK PROVIDERS

Providence Health Plan has contractual arrangements with certain physicians/providers, hospitals and facilities located in Oregon and southwest Washington, as well as Nationwide. Our agreements with these "In-Network Providers" enable you to receive quality health care for a reasonable cost.

For Services to be covered, you must receive Services from In-Network Providers. It is your responsibility to verify whether or not a physician/provider, hospital or other facility is participating with us even if you have been directed or referred for care by an In-Network Provider.

3.1.1 Nationwide Network of In-Network Providers

Providence Health Plan also has contractual arrangements with certain Qualified Practitioners, Hospitals and facilities nationwide. These arrangements allow you to receive Services when using In-Network Providers, even when you are outside of Oregon and southwest Washington.

3.1.2 Choosing an In-Network Provider

To choose an In-Network Provider, or to verify if a provider is an In-Network Provider, please refer to the Provider Directory, available online at http://phppd.providence.org/. If you do not have access to our website, please call Customer Service to request an In-Network Provider Information.

Your In-Network Provider will work with Providence Health Plan to arrange for any Prior Authorization requirements that may be necessary for certain Covered Services. For more information on Prior Authorization, see section 3.7.

3.1.3 Indian Health Services Providers

Native American Indian and Alaskan Native Members may also access Covered Services from Indian Health Services (IHS) facilities at no greater cost than if the Services were accessed from an In-Network Provider. For a list of IHS facilities, please visit the IHS website at www.ihs.gov, or contact the regional IHS office at:

Portland Area Indian Health Service
1414 NW Northrup St., Ste. 800
Portland, OR 97209
Telephone: 503-414-5555

3.2 THE ROLE OF A PRIMARY CARE PROVIDER

To encourage optimum health, we promote wellness and preventive care. We also believe wellness and overall health is enhanced by working closely with one physician or provider – your Primary Care Provider. Your Primary Care Provider can provide most of your care and, when necessary, coordinate care with other providers in a convenient and cost-effective manner. We recommend that upon joining Providence Health Plan you and each of your Family Members choose an In-Network Primary Care Provider as soon as possible.

3.2.1 Primary Care Providers

A Primary Care Provider is a Qualified Practitioner who specializes in family practice, general practice, internal medicine or pediatrics; a nurse practitioner; or a physician assistant, when providing services under the supervision of a physician, who agrees to be responsible for the continuing medical care by serving as case manager. Members may also choose a physician specializing in obstetrics or gynecology; a nurse practitioner; a certified nurse midwife; or a physician assistant specializing in women's health care as their Primary Care Provider. Child Members may choose a physician specializing in pediatrics as their Primary Care Provider.

Primary Care Providers provide preventive care and health screenings, medical management of many chronic conditions, allergy shots, treatment of some breaks and sprains, and care for many major illnesses and nearly all minor illnesses and conditions. Many Primary Care Providers offer maternity care and minor outpatient surgery as well.

IMPORTANT NOTE: In-Network Primary Care Providers have a special agreement with us to serve as a case manager for your care. This means not all of our In-Network Providers with the specialties listed above are In-Network Primary Care Providers. Please refer to the Provider Directory, available online, for a listing of designated In-Network Primary Care Providers or call your Customer Service team to request a hard copy.

3.2.2 Established Patients with Primary Care Providers

If you and your family already see a provider, you may want to check the provider directory to see if your provider is an In-Network Primary Care Provider for Providence Health Plan. If your provider is participating with us, let his or her office know you are now a Providence Health Plan Member.

3.2.3 Selecting a New Primary Care Provider

We recommend that you choose a Primary Care Provider from our Provider Directory, available online, for each covered Family Member. Call the provider's office to make sure he or she is accepting new patients. It is a good idea to have your previous physician or provider transfer your medical records to your new Primary Care Provider as soon as possible. The first time you make an appointment with your Primary Care Provider, let him or her know you are now a Providence Health Plan Member. On your first visit, make a list of questions or information you would like to discuss with your new Primary Care Provider, including the following:

- What are the office hours?
- How can I get medical advice after hours?
- What do I do in an emergency?

Let your Primary Care Provider know if you are under a specialist's care as well as if you are currently taking any ongoing prescription medications.

3.2.4 Changing Your Primary Care Provider

You are encouraged to establish an ongoing relationship with your Primary Care Provider. If you decide to change your Primary Care Provider, please remember to have your medical records transferred to your new Primary Care Provider.

3.2.5 Office Visits

Primary Care Providers

We recommend you see your Primary Care Provider for all routine care and call your Primary Care Provider first for urgent or specialty care. If you need medical care when your Primary Care Provider is not available, the physician/provider on call may treat you and/or recommend that you see another provider for treatment.

Specialists

Your Primary Care Provider will discuss with you the need for diagnostic tests or other specialist services; and may also recommend you see a specialist for your treatment.

You also may decide to see a specialist without consulting your Primary Care Provider. Visit the Provider Directory, available online at http://phppd.providence.org/, or call Customer Service to choose a specialist who is an In-Network Provider with Providence Health Plan.

If you decide to see a specialist on your own, we recommend you let your Primary Care Provider know about your decision. Your Primary Care Provider will then be able to coordinate your care and share important medical information with your specialist. In addition, we recommend you let your specialist know the name and contact information of your Primary Care Provider.

Whenever you visit a specialist:

- Bring your Providence Health Plan Member ID Card.
- Understand that in most cases, your out-of-pocket costs will be a percent of the charges for services. Your provider's office will send you a bill for the amount you owe. Some providers, however, may ask you to pay an estimate of what you may owe at the time you receive services, and will bill or credit you the balance later. (For certain Plans, there is a Member Copayment for specialist visits instead of a Coinsurance. If you are on one of these Plans, you will need to pay your Member Copayment at the time of your visit. Please check your Benefit Summary for your specific coverage information.)

Alternative Care Providers

This Plan includes coverage for office visits to alternative care providers, as listed in your Benefit Summary. See section 15 for the definition of Alternative Care Provider. For coverage of chiropractic manipulation and acupuncture, see sections 4.12.9, 4.12.10 and your Benefit Summary.

3.3 SERVICES PROVIDED BY OUT-OF-NETWORK PROVIDERS

Providence Health Plan may approve and provide reimbursement for Out-of-Network Qualified Practitioners and facilities. Benefits for Covered Services by an Out-of-Network provider will be provided as shown in the Benefit Summary when we determine **in advance**, in writing, that the Out-of-Network Provider possesses unique skills which are required to adequately care for you and are not available from In-Network Providers.

Under no circumstances (with the exception of Emergency and Urgent Care) will we cover Services received from an Out-of-Network Provider/Facility *unless* we have Prior Authorized the Out-of-Network Provider/Facility and the Services received.

IMPORTANT NOTE: Your Plan only pays for Covered Services received from Prior Authorized Out-of-Network Providers at Usual, Customary, and Reasonable rates (UCR) (see Section 15, Definitions). If the approved, Prior Authorized Out-of-Network Provider charges more than the UCR rates allowed under your Plan, that provider may bill you directly for the additional amount that is not covered by your Plan. That amount is in addition to any Deductible, Copayment, or Coinsurance for which you may be responsible, and does not accrue to your Out-of-Pocket Maximum.

If you choose to receive Covered Services from an approved, Prior Authorized Out-of-Network Provider, those Services are still subject to the terms of this Summary Plan Description. Your Plan will only pay for Medically Necessary Covered Services. No matter what type of provider you see, the treatments, supplies, and medications excluded by this Plan are not covered.

It is important for you to understand that Providence Health Plan has not assessed the approved, Prior Authorized Out-of-Network Provider's credentials or quality; nor has Providence Health Plan reviewed and verified the Out-of-Network Provider's qualifications and history for information such as: relevant training, licensure, certification, and/or registration to practice in a health care field, and academic background. Additionally, the Out-of-Network Provider will not have been assessed by Providence Health Plan to verify that the provider meets certain criteria relating to professional competence and conduct and as such is not guaranteed to follow your benefit plan, rules, regulations, or guidelines with regard to standards of care nor standards of documentation and billing.

Payment for Out-of-Network Physician/Provider Services (UCR)

After you meet your Deductible, if applicable, and if the Services provided are Medically Necessary Covered Services, we will provide payment to Out-of-Network Providers according to Usual, Customary and Reasonable (UCR) charges. UCR charges do not include sales taxes, handling fees and similar surcharges; such taxes, fees and surcharges are not covered expenses. Charges which exceed UCR are the Member's responsibility and are not applied to the Out-of-Pocket Maximum. See section 15 for the definition of UCR.

You will be responsible for costs that are not covered or allowed by your Out-of-Network benefits as shown in the following example (amounts shown are only estimates of what may apply).

	Provider's Status	
Item	In-Network	Out-of-Network
Provider's standard charges	$100	$100
Allowable charges under this Plan	$80 (contracted)	$80 (if that is UCR)
Plan benefits (for this example only)	$64 (if 80% benefit)	$56 (if 70% benefit)
Balance you owe	$16	$24
Additional amount that the provider may bill to you	$-0-	$20 ($100 minus $80)
Total amount you would pay	$16	$44 ($24 plus $20)

Thus, you may incur significantly larger out-of-pocket costs, perhaps a multiple of what would have applied, if you use Out-of-Network Physicians or Providers.

Payment for Covered Services Provided Before Disposition of Criminal Charges

If you are in the custody of an Oregon state or local corrections agency pending the disposition of criminal charges brought by an Oregon county, we will reimburse the custodial county for the costs of Covered Services or supplies rendered before the disposition of charges, in an amount that is no less than 115 percent of the Medicare rate for the service or supply, except for renal dialysis which will be reimbursed in accordance with the terms of the Plan for Out-of-Network dialysis providers.

The following Services and Supplies are excluded from coverage under this section:

- Diagnostic tests or health evaluations required by the corrections agency, as a matter of course, for all individuals who are in the custody of the county pending the disposition of charges;
- Hospital and ambulatory surgical center services, except as rendered by an In-Network provider.

3.4 MOVING INTO OR OUT OF THE SERVICE AREA

If you or a Family Member permanently moves into or out of the Service Area, you must immediately notify us and your Employer as such a move may affect your benefits or coverage under this Personal Option Plan. We will determine how this move affects your coverage and will inform you of any changes. If you have Dependent(s) who move in or out of our Service Area, a Change of Status form for those Dependent(s) must be completed and returned to us as soon as possible. This form can be obtained from us or from your Employer. See section 8.3.1 for more information.

3.5 OUT-OF-AREA DEPENDENTS

Dependents of a subscriber on a Personal Option Plan who live outside the Providence Health Plan Service Area (including dependents who are away at school) are eligible to become Out-of-Area Dependent Members. *See "Definitions" section 15, for the definition of "Eligible Family Dependent" and "Out-of-Area Dependent."* **This section discusses how Enrolled Out-of-Area Dependent Personal Option Plan Members obtain covered services through Providence Health Plan's enrolled Out-of-Area Dependent benefit.**

3.5.1 Out-of-Area Dependent Enrollment

To apply for Personal Option Out-of-Area Dependent benefits, complete an Out-of-Area Dependent Enrollment form, available from your Customer Service team. **If you do not complete an Out-of-Area Dependent Enrollment form, your Out-of-Area Dependent will not be covered for Out-of-Area Dependent benefits.**

3.5.2 Out-of-Area Dependent Coverage

When you enroll for Out-of-Area Dependent coverage, we will send you an Out-of-Area Dependent Benefit Summary. As stated in your Benefit Summary, a Dependent with Out-of-Area benefits may see any provider, in or out of the Service Area. Please refer to your Out-of-Area Dependent Benefit Summary for detailed Coinsurance or Copayment and annual Out-of-Pocket Maximum information. (For Out-of-Area Dependents who are covered by a government sponsored health plan of a county other than the United States, coverage under this Personal Option Out-of-Area Dependent plan will be secondary and will not replace or duplicate coverage available under the government sponsored plan.) Our payment is based on usual, customary and reasonable (UCR) charges. Charges which exceed UCR charges are your responsibility.

You must purchase your prescription drugs at one of our nationwide Participating Pharmacies (see section 4.14.1**.** A list of our Participating Pharmacies is available online at www.ProvidenceHealthPlan.com. You also may contact Customer Service if you need help locating a Participating Pharmacy near you or when you are away from your home. See your Benefit Summary for details on your Copayment and Coinsurance, if applicable, and on how to use this benefit.

3.5.3 Out-of-Area Dependents and Change of Status

Enrolled Out-of-Area Dependents may change to In-Area or Out-of-Area status by contacting us and completing a status change enrollment form. The change will be effective the date you specify or if no date is specified, on the first of the month following our receipt of the enrollment form. Retroactive changes are limited to 30 days.

3.5.4 Out-of-Area Dependents Prior Authorization

Enrolled Out-of-Area Dependents are responsible for obtaining Prior Authorization from Providence Health Plan prior to receiving certain services from Out-of-Network Providers. For further information about Prior Authorization, including a list of these Covered Services and how to obtain Prior Authorization, see section 3.7.

You must contact us to obtain Prior Authorization for specified Covered Services if the Services are to be received from an Out-of-Network Provider. See section 3.7.

3.6 NOTICE OF PROVIDER TERMINATION

When an In-Network Provider whose contract of participation with us terminates, we will notify those Members who we know are under the care of the terminated provider within 10 days of the termination date or of our knowledge of the termination date.

3.7 PRIOR AUTHORIZATION

While Prior Authorization is a requirement for coverage of certain Services under this Plan, Prior Authorization is not a treatment directive. The actual course of medical treatment that a Member chooses remains strictly a matter between the Member and the provider and is separate from the Prior Authorization requirements of this Plan. Prior Authorization is not a guarantee of benefit payment under this Plan and Prior Authorization does not supersede other specific provisions of this Plan regarding coverage, limitations, exclusions and Medical Necessity.

When Services are received from an In-Network Provider, the In-Network Provider is responsible for obtaining Prior Authorization.

Services received from Out-of-Network Providers:

If an Emergency Medical Condition exists which prevents you from obtaining Prior Authorization, Providence Health Plan must be notified within 48 hours following the onset of treatment, or as soon as reasonably possible, to continue coverage of these Services.

Prior Authorization Requests for Out-of-Network Services:

- The Member or the Out-of-Network Provider must call us at 1-800-638-0449 to obtain Prior Authorization. Please have the following information ready when calling to request a Prior Authorization:
- The Member's name and date of birth.
- The Member's Providence Health Plan Member number and Group number (these are listed on your Member ID card).
- The Provider's name, address and telephone number.
- The name of the Hospital or treatment facility.
- The scheduled date of admission or date Services are to begin.
- The Service(s) to be performed.

Failure to Obtain Prior Authorization:
If you do not obtain Prior Authorization for Services received from an Out-of-Network Provider, as specified in section 3.3, a 50% **penalty,** not to exceed $2,500 for each Covered Service, will be applied to the claim.

Should Providence Health Plan determine that we would have covered the Service had Prior Authorization been obtained, benefits will be applied to the remaining claim balance after the Prior Authorization Penalty is assessed. The **penalty** does **NOT** apply to the Deductible, if any, or to the Out-of-Pocket Maximum shown in the Benefit Summary.

3.8 TRAVEL EXPENSE REIMBURSEMENT

Subject to Prior Authorization, if you are unable to locate an In-Network Provider to provide Medically Necessary Covered Services for your specific condition within 50 miles of your home, the Plan will reimburse your travel expense to the nearest In-Network Provider within 300 miles of your home. Reimbursement will be based on the federal medical mileage reimbursement rate in effect on the date of service. Travel expense reimbursement is limited to $1,500 per calendar year. If an overnight stay is required, food and lodging are reimbursable up to $150 per diem (per day). Per diem expenses apply to the $1,500 travel expenses reimbursement maximum. (Note: Transplant Covered Services include a separate travel expense benefit; see section 4.13.1).

3.9 MEDICAL COST MANAGEMENT

Coverage under this Plan is subject to the medical cost management protocols established by us to ensure the quality and cost effectiveness of Covered Services. Such protocols may include Prior Authorization, concurrent review, case management and disease management.

The Plan reserves the right to deny payment for Services that are not Medically Necessary in accordance with the criteria maintained by Providence Health Plan. When more than one medically appropriate alternative is available, Providence Health Plan will approve the least costly alternative.

In accordance with Providence Health Plan's medical cost management protocols and criteria specified in this paragraph, Providence Health Plan may approve substitutions for Covered Services under this Plan.

A Substituted Services must:

1. Be Medically Necessary;
2. Have your knowledge and agreement while receiving the Service;
3. Be prescribed and approved by your Qualified Practitioner; and
4. Offer a medically therapeutic value at least equal to the Covered Service that would otherwise be performed or given.

The Plan's coverage of a Substituted Service for any Member does not obligate the Plan to:

- Cover a Substituted Service for any other Member;
- Continue to cover a Substituted Service beyond the term of the agreement between the Plan and the Member; or
- Cover any Substituted Service for the Member, other than as specified in the agreement between the Plan and the member.

Substituted Services that satisfy the requirements of this section are Covered Services for all purposes under this Plan.

A Substituted Service may be disallowed at any time by sending a 30-day advance written notice to you and your Qualified Practitioner.

3.9.1 Coverage of New Technology and New Application of Existing Technology

New technologies and new applications of existing technologies are evaluated and approved for coverage when they provide a demonstrable benefit for a particular illness or disease, are scientifically proven to be safe and most effective, and there is no equally effective or less costly alternative.

Emerging and innovative technologies are monitored by Providence Health Plan through review of trend reports from technology assessment bodies, government publications, medical journals, and information provided by providers and professional societies.

A systematic process for evaluating a new technology or new application of an existing technology is proactively initiated when sufficient scientific information is available.

Providence Health Plan has developed standards to guide the evaluation process and to ensure appropriate coverage determinations. New technology must minimally meet the following guidelines to be approved for coverage:

- Technology must improve health outcomes. The beneficial effects must outweigh any harmful effects on health outcomes. It must improve the length of life, ability to function or quality of life.
- Technology must be as beneficial as any established alternative. It should improve the net health outcome as much, or more, than established alternatives.
- Application of technology must be appropriate, in keeping with good medical standards, and useful outside of investigational settings.
- Technology must meet government approval to market by appropriate regulatory agency as applicable.
- Criteria must be supported with information provided by well-conducted investigations published in peer-reviewed journals. The scientific evidence must document conclusions that are based on established medical facts.
- Opinions and evaluations of professional organizations, panels, or technology assessment bodies are evaluated based on the scientific quality of the supporting evidence.

Technology Evaluation Process

A committee of medical directors with physician specialist advisors evaluates all new technology and determines coverage based on evidence for safety and efficacy. The committee relies upon a thorough review of pertinent medical literature and utilizes national technology review services that provide independent analysis of a new technology.

Expedited Review

Requests for coverage of new technology may occur before formal policy has been developed. In these cases, an expedited review is implemented and a decision made on a case-by-case basis. This is separate and distinct from the problem resolution procedure set forth in section 7.

3.10 MEDICALLY NECESSARY SERVICES

We believe our Members are entitled to comprehensive medical care within the standards of good medical practice. Providence Health Plan's medical directors and special committees of In-Network Providers determine which Services are Medically Necessary, as defined in section 15. Services that do not meet Medically Necessary criteria will not be covered.

- ***Example:*** *Your provider suggests a treatment using a machine that has not been approved for use in the United States. We probably would not pay for that treatment.*
- ***Example:*** *You go to a hospital emergency room to have stitches removed, rather than wait for an appointment in your doctor's office. The Plan would not pay for that visit.*
- ***Example:*** *You stay an extra day in the hospital only because the relative who will help you during recovery cannot pick you up until the next morning. We may not pay for the extra day.*

Although a treatment was prescribed or performed by a Qualified Practitioner, it does not necessarily mean that it is Medically Necessary under our guidelines. Obtaining confirmation of coverage from Providence Health Plan beforehand is always recommended.

3.11 APPROVED CLINICAL TRIALS

Benefits are provided for Covered Services directly related to a Member's participation in an Approved Clinical Trial offered through an In-Network provider.

Covered Services include the routine patient costs for items and services received from In-Network providers and facilities in connection with the Approved Clinical Trial, to the extent that the items and services are otherwise Covered Services under the Plan.

You may choose to participate in an Approved Clinical Trial offered through an Out-of-Network provider. However, coverage will only be provided for Medically Necessary services received In-Network in treatment of an illness or injury.

The following costs are excluded:

- The cost of the investigational item, device or service;
- The cost of items and services provided solely to satisfy data collection and analysis needs and that are not used in direct clinical management;
- The cost for a service that is clearly inconsistent with widely accepted and established standards of care for a particular diagnosis; and
- The cost for any services received Out-of-Network.

The Plan does not discriminate against a Member who participates in a clinical trial, whether or not the trial is an Approved Clinical Trial. The Plan provides benefits for services unrelated to a clinical trial to the extent that the services are otherwise Covered Services under the Plan.

3.12 HOW BENEFITS ARE APPLIED

Benefits are subject to the following provisions, if applicable, as specified in the Benefit Summary:

1. The Deductible;
2. The Copayment or Coinsurance amount; and
3. The benefit limits and/or maximums.

3.13 DEDUCTIBLES AND OUT-OF-POCKET MAXIMUMS

Your Plan has a Deductible and an Out-of-Pocket Maximum, as stated in your Benefit Summary.

Deductible amounts apply to Out-of-Pocket Maximums.

3.13.1 Understanding Deductibles

Your Deductible is the dollar amount shown in the Benefit Summary that you are responsible to pay every Calendar Year when receiving most Covered Services before benefits are provided by us. Deductible amounts are payable to your Qualified Practitioner after we have processed your claim.

Certain Covered Services, such as most In-Network preventive care, are covered without a Deductible. Please see your Benefit Summary for information about these Services.

Individual Deductible: An Individual Deductible is the amount shown in the Benefit Summary that must be paid by a Member before the Plan provides benefits for Covered Services for that Member.

Family Deductible: The Family Deductible is the amount shown in the Benefit Summary that applies when two or more Members are enrolled in this Plan, and is the maximum Deductible that enrolled Family Members must pay. All amounts paid by Family Members toward their Individual Deductibles apply toward the Family Deductible. When the Family Deductible is met, no further Individual Deductibles will need to be met by any enrolled Family Members.

Note: No Member will ever pay more than an Individual Deductible before the Plan begins paying for Covered Services for that Member.

Your Costs that Do Not Apply to Deductibles: **The following out-of-pocket costs do not apply towards Your Individual and Family Deductibles:**

- Services not covered by this Plan.
- Services in excess of any maximum benefit limit.
- Fees in excess of the Usual, Customary and Reasonable (UCR) charges.
- Any penalties you must pay if you do not follow Providence Health Plan's Prior Authorization requirements.
- Copayments or Coinsurance specified as not applicable toward the Deductible in any Benefit Summary issued with this Plan.

3.13.2 Understanding Out-of-Pocket Maximums

Out-of-Pocket Maximums are the total amount you will pay out-of-pocket in any Calendar Year for Covered Services received under this Plan. See your Benefit Summary.

Individual Out-of-Pocket Maximum: Individual Out-of-Pocket Maximum means the total amount of Copayments, Coinsurance and Deductible that a Member must pay in a Calendar Year, as shown in the Benefit Summary, before the Plan begins to pay 100% for Covered Services for that Member within that Calendar Year.

FamilyOut-of-Pocket Maximum: Family Out-of-Pocket Maximum means the total amount of Copayments, Coinsurance and Deductible that a family of two or more must pay in a Calendar Year, as shown in the Benefit Summary, before the Plan begins to pay 100% for Covered Services for enrolled Family Members. When the combined Copayment, Coinsurance and Deductible expenses of enrolled Family Members meet the family Out-of-Pocket Maximum, all remaining individual Out-of-Pocket Maximums will be waived for the family for that Calendar Year.

Note: Once any Member meets the Individual Out-of-Pocket Maximum, the Plan will begin to pay 100% for Covered Services for that Member.

Your Costs that Do Not Apply to Out-of-Pocket Maximums: **The following out-of-pocket costs do not apply toward your Individual and Family Out-of-Pocket Maximums:**

- Services not covered by this Plan;
- Services not covered because Prior Authorization was not obtained, as required in section 3.7;
- Services in excess of any maximum benefit limit;
- Fees in excess of the Usual, Customary and Reasonable (UCR) charges;
- Deductibles, Copayments or Coinsurance for a Covered Service if indicated in any Benefit Summary as not applicable to the Out-of-Pocket Maximum; and
- Any penalties you must pay if you do not follow Providence Health Plan's Prior Authorization requirements.

IMPORTANT NOTE: Some Benefits are NOT eligible for 100% benefit coverage. The Copayment or Coinsurance for these Services, as shown in the Benefit Summary, remains in effect throughout the Calendar Year.

Some services provided by your Qualified Practitioner during your visit may result in additional Member financial responsibility.

For example – You see your Primary Care Provider for an office visit and during your visit your provider swabs your throat for a throat culture. You would pay your office visit Copayment or Coinsurance and would also need to pay the Laboratory Services Copayment or Coinsurance for the throat culture. See your Benefit Summary for details.

Your Benefit Summary also lists different Copayments or Coinsurance that may apply for other specific services, such as allergy shots, maternity care, and diagnostic services. See your Benefit Summary for details.

This includes, but is not limited to, minor sprains, minor cuts and burns, and ear, nose, and throat infections. Routine care, like periodic health exams and well-baby care, should be delayed until you can be seen by your Primary Care Provider.

Whenever you need immediate care, call your Primary Care Provider first. Your Primary Care Provider or the provider-on-call is always available, day or night. He or she may either suggest that you be seen at your Primary Care Provider's office, or direct you to an immediate care center, Urgent Care, or emergency care facility. See section 4.5 for coverage of Emergency Care and Urgent Care Services.

Please be prepared to pay the Copayment/Coinsurance, as shown in your Benefit Summary, at the time you receive care. Your Plan covers Emergency Services in the emergency room of any Hospital. **Emergency room Services are covered when your medical condition meets the guidelines for emergency care as stated above. Coverage includes Services to stabilize an Emergency Medical Condition and Emergency Medical Screening Exams.**

If you or a Family Member believes that immediate assistance is needed for an Emergency Medical Condition, **call 911 or go to the nearest emergency room**. Tell the emergency personnel the name of your Primary Care Provider and show them your Member ID Card.

Call your Primary Care Provider any time, any day of the week. Your Primary Care Provider or the provider-on-call will tell you what to do and where to go for the most appropriate care.

Please be prepared to pay your Copayment/Coinsurance, as shown in your Benefit Summary, at the time you receive care. You are responsible for the Copayment/Coinsurance for each Hospital emergency room visit. If you are admitted to the Hospital from the emergency room, your emergency Services Copayment/Coinsurance does not apply and all Services are subject to the Inpatient Services benefit shown in your Benefit Summary.

When you are admitted to an Out-of-Network Hospital from the emergency room, your Inpatient Services are covered under your In-Network benefit until your condition becomes stable. Once your condition is stabilized, Providence Health Plan will work with you to arrange transfer to an In-Network facility. This process is called "repatriation."

If you decline transfer to an In-Network facility once we have determined that repatriation is medically appropriate, the additional days spent at the Out-of-Network Hospital will not be covered.

The Plan does not pay for emergency room treatment for medical conditions that are not medical emergencies. Do not go to the emergency room for care that should take place in your provider's office. Routine care for sore throats, common colds, follow-up care, and prescription drug requests are not considered to be emergencies.

4.5.2 Emergency Medical Transportation

Benefits include Services for emergency medical transportation by state certified ambulance and certified air ambulance transportation. Ambulance Services are provided for transportation to the nearest facility capable of providing the necessary care or to a facility specified by Providence Health Plan.

4.5.3 Emergency Eye Care Services

Covered Services include the initial care for Emergency Medical Conditions resulting from an injury to or illness of the eye(s). Members may receive Services directly from an optometrist or ophthalmologist or from a Hospital emergency room.

4.5.4 Emergency Detoxification Services

Medically Necessary detoxification will be treated as an Emergency Medical Condition when the Member is not enrolled in a Substance Abuse treatment program, as stated in section 4.10.3, at the time Services are received. Prior Authorization is not required for emergency treatment; however, Providence Health Plan or our authorizing agent must be notified within 48 hours following the onset of treatment, or as soon as reasonably possible, in order for coverage to continue. If a Member is to be transferred to an In-Network Provider for continued inpatient care, the cost of Medically Necessary transportation will be covered. Continuing or follow-up care is not a Covered Service unless Prior Authorized by Providence Health Plan or their authorizing agent.

4.5.5 Urgent Care

Urgent Care is treatment you need right away for an illness or injury that is not life threatening. This includes, but is not limited to, minor sprains, minor cuts and burns, and ear, nose, and throat infections. Routine care that can be delayed until you can be seen by a physician or provider in his or her office is not Urgent Care.

Whenever you need urgent care, call your Primary Care Provider first. Your Primary Care Provider or the provider-on-call is always available, day or night. He or she may either suggest that you come to the office or go to an emergency room or Urgent Care center. If you can be treated in your provider's office or at an In-Network Urgent Care center your out-of-pocket expense will usually be lower.

Please be prepared to pay the Copayment/Coinsurance, as shown in your Benefit Summary, at the time you receive care. You are also responsible for the applicable Copayment/Coinsurance shown in the Benefit Summary for any ancillary Services received, such as lab tests and X-rays, billed by the Qualified Provider.

If you are admitted to an Out-of-Network Hospital, you, or a relative, should call Providence Health Plan within 48 hours or as soon as reasonably possible.

When you are admitted to an Out-of-Network Hospital from an Urgent Care facility, your Inpatient Services are covered under your In-Network benefit until your condition becomes stable. Once your condition is stabilized, Providence Health Plan will work with you to arrange transfer to an In-Network facility. This process is called "repatriation."

If you decline transfer to an In-Network facility once we have determined that repatriation is medically appropriate, the additional days spent at the Out-of-Network Hospital will not be covered.

Not all Out-of-Network facilities will file a claim on a Member's behalf. If you receive urgent care Services from an Out-of-Network facility, you must submit a claim if the facility or provider does not submit it for you. See section 6.1.1.

For information about submitting claims, see section 6.1.1.

4.13 HUMAN ORGAN/TISSUE TRANSPLANTS

A transplant is defined as a procedure or series of procedures by which an organ or tissue is either:

- Removed from the body of one person (the donor) and implanted in the body of another person (the recipient who is a Member); or
- Removed from and replaced in the same person's body (a self-donor who is a Member).

The term transplant does not include Services related to the transfusion of blood or blood derivatives (except hematopoietic stem cells) or replacement of a cornea. Corneal replacement is covered under the applicable provider and facility surgical benefits.

    - Kidney
    - Pancreas
    - Small bowel
    - Autologous hematopoietic stem cell/bone marrow
    - Allogeneic hematopoietic stem cell/bone marrow; and

Covered Services for transplant recipients include medical Services, Hospital Services, medical supplies, medications and prescription drugs while hospitalized, diagnostic modalities, prosthesis, high dosage chemotherapy for stem cell/bone marrow transplants, and travel expenses. Travel expenses are subject to a $5,000 lifetime benefit maximum for transportation, food and lodging. Food and lodging is subject to a $150 per diem. Per diem expenses apply to the $5,000 travel expenses benefit maximum. (Note: Travel expenses are not covered for donors.)

Services for donors are covered when the donor is not eligible for coverage of donation Services under any other Health Benefit Plan or government funding program. Covered Services for donors include:

1. Initial evaluation of the donor and related program administration costs;
2. Preserving the organ or tissue;
3. Transporting the organ or tissue to the transplant site;
4. Acquisition charges for cadaver or live donor;
5. Services required to remove the organ or tissue from the donor; and

4.13.2 Benefits for Transplant Facility Services Provided to the Organ Recipient

The Member/recipient is responsible for the Deductible, Coinsurance or Copayment amounts for pre-transplant services and post-transplant services at the applicable Inpatient Hospital Services and Outpatient Facility Services benefit.

The transplant procedure and related inpatient services are billed at a Global Fee. The Global Fee can include facility, professional, organ acquisition and inpatient day charges. It does not include pre-transplant and post-transplant services. The Member/recipient is responsible for the Deductible, Coinsurance or Copayment amounts for the Global Fee at the applicable Inpatient Hospital Service benefit.

The Global Fee and the pre-transplant and post-transplant Services apply to the Member's Out-of-Pocket Maximum.

4.13.3 Benefits for Outpatient Medications

Outpatient prescription medications for transplant-related Services, including anti-rejection (immunosuppressive) drugs, are not eligible for reimbursement under the medical benefits of this Plan. Benefits for outpatient prescription drugs are provided under this Plan's Prescription Drug Benefit and those benefits are subject to the terms and limitations of that Benefit.

4.13.4 Benefits for Physician/Provider Services Provided to the Organ Recipient

Benefits for physician/provider Services are provided as shown in the Benefit Summary. The Member/recipient is responsible for the Deductible, Coinsurance or Copayment amounts for those Services, as shown in the Benefit Summary, unless those Services are billed as a global fee with the facility Services, and those amounts will apply to the Member's Out-of-Pocket Maximum.

4.14 PRESCRIPTION DRUG BENEFIT

The Prescription Drug Benefit provides coverage for prescription drugs which are Medically Necessary for the treatment of a covered illness or injury and which are dispensed by a Participating Pharmacy pursuant to a prescription ordered by a Qualified Practitioner for use on an outpatient basis, subject to your Plan's benefits, limitations and exclusions.

Prescription Drug Definition

The following are considered "Prescription Drugs":

1. Any medicinal substance which bears the legend, "RX ONLY" or "Caution: federal law prohibits dispensing without a prescription";
2. Insulin;
3. Any medicinal substance of which at least one ingredient is a federal legend drug in a therapeutic amount; and
4. Any medicinal substance which has been approved by the Oregon Health Evidence Review as effective for the treatment of a particular indication.

4.14.1 Using Your Prescription Drug Benefit

Your Prescription Drug Benefit requires that you fill your prescriptions at a Participating Pharmacy.

You have access to Providence Health Plan's nationwide broad pharmacy network as published in our pharmacy directory.

Providence Health Plan Participating Pharmacies are those pharmacies that maintain all applicable certifications and licenses necessary under state and federal law of the United States and have a contractual agreement with us to provide Prescription Drug Benefits.

Participating Pharmacies are designated as retail, preferred retail, specialty and mail-order Pharmacies. To view a list of Participating Pharmacies, visit our website at www.ProvidenceHealthPlan.com. You also may contact Customer Service at the telephone number listed on your Member ID Card.

- Please present your Member ID Card to the Participating Pharmacy at the time you request Services. If you have misplaced or do not have your Member ID Card with you, please ask your pharmacist to call us.
- All covered Services are subject to the Copayments or Coinsurance listed in the Benefit Summary.
- If you choose a brand-name drug when a generic-equivalent is available, any difference in cost for Prescription Drug Covered Services will not apply to your Calendar Year Deductibles and Out-of-Pocket Maximums.
- Participating Pharmacies may not charge you more than your Copayment or Coinsurance. Please contact Customer Service if you are asked to pay more or if you, or the pharmacy, have questions about your Prescription Drug Benefit or need assistance processing your prescription.
- Copayments or Coinsurance are due at the time of purchase. If the cost of your Prescription Drug is less than your Copayment, you will only be charged the cost of the Prescription Drug.
- You may be assessed multiple Copayments for multi-use or unit-of-use container or package depending on the medication and the number of days supplied.
- You may purchase up to a 90-day supply of each maintenance drugs at one time using a Participating mail service or preferred retail Pharmacy. Not all drugs are covered for

more than a 30-day supply, including compounded medications, drugs obtained from specialty pharmacies, and limited distribution pharmaceuticals. To purchase prescriptions by mail, your physician or provider can call in the prescription or you can mail your prescription along with your Providence Health Plan Member ID number to one of our Participating mail-order Pharmacies. To find our Participating mail-order Pharmacies, please visit our website at www.ProvidenceHealthPlan.com. (Not all prescription drugs are available through our mail-order pharmacies.)

- Diabetes supplies and inhalation extender devices may be obtained at a Participating Pharmacy. However, these items are considered medical supplies and devices and are subject to your Medical Supplies benefits, limitations and Copayments and/or Coinsurances. See section 4.7.1 and your Benefit Summary. Diabetes supplies do not include glucometers and insulin pump devices, which are covered under your Durable Medical Equipment benefit, section 4.7.4.
- Self-administered chemotherapy drugs are covered under section 4.8.14 unless the benefits under this Prescription Drug Benefit allow for a lower out-of-pocket cost to you.
- Injectable medications received in your Provider's office are covered under section 4.1.4.
- Infusions, including infused medications, received at Outpatient Facilities are covered under section 4.7.1
- Some prescription drugs require Prior Authorization or an exception to the Formulary in order to be covered. These may include select formulary agents, non-formulary agents, step therapy, and/or quantity limits as listed in the Providence Health Plan Prescription Drug Formulary available on our website at www.ProvidenceHealthPlan.com or by contacting Customer Service.
- Providence Health Plan will provide Members prescription synchronization services for maintenance medications. Upon Member or provider request, the Plan will coordinate with Members, providers, and the dispensing pharmacy to synchronize maintenance medication refills so Members can pick up maintenance medications on the same date. Members will be responsible for applicable Copayments, Coinsurances and Deductibles.

4.14.2 Use of Out-of-Network Pharmacies

On rare occasions, such as urgent or emergency situations, you may need to use an Out-of-Network Pharmacy. If this happens, you will need to pay full price for your prescription at the time of purchase.

To request reimbursement, you will need to fill out and submit to us a Prescription Drug Reimbursement form. This form is available on our website or by contacting Customer Service. When you submit the completed Prescription Drug Reimbursement form, include any itemized pharmacy receipts, along with an explanation as to why you used an Out-of-Network Pharmacy. Submission of a claim does not guarantee payment.

If your claim is approved, the Plan will reimburse you the cost of your prescription up to our Participating Pharmacy contracted rates, less your Copayment or Coinsurance if applicable. Reimbursement is subject to your Plan's limitations and exclusions. You are responsible for any amounts above our contracted rates.

International prescription drug claims will only be covered when prescribed for emergent conditions and will be subject to your medical Emergency Services benefit and any applicable Plan limitations and exclusions.

4.14.3 Prescription Drug Formulary

The Formulary is a list of Food and Drug Administration (FDA)-approved prescription drugs. It is designed to offer drug treatment choices for covered medical conditions. Formulary status is given to drugs which meet evidence-based assessment of therapeutic effectiveness, safety, pharmacoeconomic value and offer an important advantage to existing Formulary alternatives.

The Formulary can help you and your Qualified Practitioner choose effective medications that are less costly and minimize your out-of-pocket expense. There are effective generic drug choices to treat most medical conditions.

Not all FDA-approved drugs are added to the formulary. Non-formulary drug requests require a formulary exception, and must be FDA-approved, Medically Necessary, and require by law a prescription to dispense. See Section 6.1 under Claims Involving Prior Authorization and Formulary Exception.

Newly approved FDA drugs will be reviewed by the Oregon Region Pharmacy and Therapeutics Committee for safety and Medical Necessity within 12 months after the drug becomes available on the market. In the case of an urgent situation, Providence Health Plan will authorize the use of a newly approved FDA drug during our review period so a Member does not go without Medically Necessary treatment.

4.14.4 Prescription Drugs

Generic and Brand-Name Prescription Drugs

Both generic and brand-name drugs are covered benefits subject to the terms of your Benefit Summary. In general, generic drugs are subject to lower Copayments or Coinsurances than brand-name drugs. Please refer to your Benefit Summary for your Copayment or Coinsurance information.

If your brand-name benefit includes a Copayment or Coinsurance, regardless of the reason or Medical Necessity, and you request a brand-name drug, you will be responsible for the difference in cost between the brand-name and generic drug, in addition to the brand-name drug Copayment or Coinsurance indicated in the Benefit Summary. Your total cost, however, will never exceed the actual cost of the drug. The difference in cost between the brand-name and generic drug will not be applied toward your Out-of-Pocket Maximum, and you will continue to be responsible for the difference in cost after your Out-of-Pocket Maximum is met.

Affordable Care Act Preventive Drugs

Affordable Care Act (ACA) preventive drugs are medications, including contraceptives, which are listed in our Formulary and are covered at no cost when received from Participating Pharmacies as required by the ACA. Over-the-counter ACA preventive drugs received from Participating Pharmacies will not be covered in full under the ACA preventive benefit without a written prescription from your Qualified Practitioner.

4.14.5 Prescription Drug Quantity

Prescription dispensing limits, including refills, are as follows:

1. Topicals, up to 60 grams;
2. Liquids, up to eight ounces;
3. Tablets or capsules, up to 100 dosage units;
4. Multi-use or unit-of-use, up to one container or package; as prescribed, not to exceed a 30-consecutive-day supply, whichever is less;
5. FDA-approved women's prescription contraceptives: up to 3-months initial dispensing, then up to 12-months subsequent dispensing at any of our Participating Pharmacies; and
6. Opioids up to 7 days initial dispensing.

Other dispensing limits may apply to certain medications requiring limited use, as determined by our medical policy. Prior Authorization is required for amounts exceeding any applicable medication dispensing limits.

4.14.6 Participating Mail-Order and Preferred Retail Pharmacies

Up to a 90-day supply of prescribed maintenance drugs (drugs are those you have been on for at least 30 days and that you anticipate continuing on in the future) purchased from a Participating mail-order or preferred retail Pharmacy will be covered subject to the following specific provisions:

1. Qualified drugs under this program will be determined by us. Not all prescription drugs are available through mail-order pharmacy.
2. Not all maintenance prescription drugs are available in 90-day allotments.
3. Copayment(s) will be applied to the quantity stated on your Benefit Summary. (Some quantity limitations and Copayments for unit of use packaging may apply).

When using a mail-order pharmacy, payment is required prior to processing your order. If Providence Health Plan removes a pharmacy from its network, we will notify you of this change at least 30 days in advance. Notification may be done via the online directory or letter depending on the circumstance.

4.14.7 Prescription Drug Limitations

Prescription drug limitations are as follows:

1. All drugs must be Food and Drug Administration (FDA) approved, Medically Necessary and require by law a prescription to dispense. Not all FDA-approved drugs are covered by Providence Health Plan. Newly approved drugs will be reviewed for safety and Medical Necessity within 12 months after the drug becomes available on the market for Formulary consideration.
2. Certain drugs require Prior Authorization for Medical Necessity, place of therapy, length of therapy, step therapy, number of doses or dispensing limits. Step therapy uses our pharmacy claims history to confirm if certain drugs have been tried first by a Member. If a drug has not been tried first, cannot be tried first, or if the drug history is not available, Prior Authorization is required. For some drugs, Providence Health Plan limit the amount of the drug the Plan will cover. You or your Qualified Practitioner can contact Providence Health Plan directly to request Prior Authorization. If you have questions regarding a specific drug, please call Customer Service.
3. Specialty drugs are injectable, infused, oral, topical, or inhaled therapies that often require specialized delivery, handling, monitoring and administration and are generally high cost. These drugs must be purchased through a Providence Health Plan designated specialty pharmacy. Due to the nature of these medications, specialty drugs are limited to a 30-day supply. Specialty drugs are listed in the Formulary. In rare circumstances

specialty medications may be filled for greater than a 30-day supply; in these cases, additional specialty cost share(s) may apply.

4. Self-injectable medications are only covered when they are being self-administered and labeled by the FDA for self-administration; in some cases, a Prior Authorization may be required for the drug. Documentation of self-administration may also be required. Drugs labeled for self-administration that are being administered by a provider will fall to the Member's medical benefit.
5. Medications, drugs or hormones prescribed to stimulate growth are not covered, except when there is a laboratory-confirmed diagnosis of growth hormone deficiency for children through 18 years of age and when prescribed for the treatment of documented pituitary destruction in adults.
6. Compound prescription drugs must contain at least one ingredient that is an FDA-approved prescription drug in therapeutic amount and must be purchased at a Participating Pharmacy. Compounded drugs from bulk powders that are not a component of an FDA-approved drug are not covered. Claims are subject to clinical review for Medical Necessity and are not guaranteed for payment.
7. In accordance with the ACA, your Plan provides coverage in full of certain medications, including contraceptives, when these medications are purchased from Participating Pharmacies. Not all preventive medications are required to be covered in full by the ACA. Medications in this category may be subject to medical management techniques to determine frequency, method, treatment, or setting. Brand medications for which a generic is available will not be covered in full unless the Member has received Prior Authorization from Providence Health Plan.

4.14.8 Prescription Drug Exclusions

In addition to the Exclusions listed in section 5, Prescription Drug Exclusions are as follows:

1. Drugs or medicines delivered, injected or administered for you by a physician, other provider or another trained person (see section 4.3.5);

6. CLAIMS ADMINISTRATION

This section explains how the Plan treats various matters having to do with administering your benefits and/or claims, including situations that may arise in which your health care expenses are the responsibility of a source other than this Plan.

6.1 CLAIMS PAYMENT

The Plan's payments for most Services are made directly to the providers of Services. Except as otherwise specifically provided in this Plan, if you are billed directly and pay for benefits which are covered by this Plan, reimbursement from the Plan will be made only upon your written notice to the Plan of the payment. Payment will be made to the Subscriber, subject to written notice of claim, or, if deceased, to the Subscriber's estate, unless payment to other parties is authorized in writing by you.

Explanation of Benefits (EOB)

You will receive an EOB from Providence Health Plan after your claim has been processed. An EOB is not a bill. An EOB explains how Providence Health Plan processed your claim, and will assist you in paying the appropriate Member responsibility to your provider. Copayment or Coinsurance amounts, Deductible amounts, services or amounts not covered and general information about our processing of your claim are explained on an EOB.

Time Frames for Processing Claims

If your claim is denied under the Plan, Providence Health Plan will send an EOB to you with an explanation of the denial within 30 days after your claim is received. If additional time is needed to process your claim for reasons beyond Providence Health Plan's control, you will be sent a notice of delay explaining those reasons within 30 days after your claim if received. The processing will then be completed and you will be sent an EOB within 45 days after your claim is received. If additional information is needed from you to complete the processing of your claim, you will be sent a separate request for the information and you will have 45 days to submit the additional information. Once the additional information from you is received, Providence Health Plan will complete the processing of the claim within 30 days.

Claims Involving Prior Authorization and Formulary Exception (Pre-Service Claims)

- **For services that do not involve urgent medical conditions:** You and your provider will be notified of Providence Health Plan's decision within two business days after the Prior Authorization request is received. If additional information is needed to process the request, Providence Health Plan will notify the provider and the provider will have 45 days to submit the additional information. Within two days of receipt of the additional information, Providence Health Plan will complete their review and notify your provider or you of their decision. If the information is not received within 45 days, the request will be denied.
- **For services that involve urgent medical conditions:** You and your provider will be notified of Providence Health Plan's decision within 24 hours after the Prior Authorization request is received. If additional information is needed to complete the review, the requesting provider or you will be notified within 24 hours after the request is received. The requesting provider or you will then have 48 hours to submit the additional information. The review will then be completed and the requesting provider or you will be notified of Providence Health Plan's decision by the earlier of, (a) 48 hours after the additional information is received or, (b) if no additional information is provided, 48 hours after the additional information was due.

- **For services that involve Formulary exceptions:** For standard requests, Providence Health Plan will notify your provider or you of its decision within 72 hours after receipt of the request. For expedited requests, Providence Health Plan will notify your provider or you of its decision within 24 hours after receipt of the request. To qualify for expedited review, the request must be based upon exigent circumstances.

Claims Involving Concurrent Care Decisions

If an ongoing course of treatment for you has been approved under the Plan and it is determined through Concurrent Review procedures to reduce or terminate that course of treatment, Providence Health Plan will provide advance notice to you of that decision. You may request a reconsideration of the decision by submitting an oral or written request at least 24 hours before the course of treatment is scheduled to end. You will then be notified of Providence Health Plan's reconsideration decision within 24 hours after your request is received.

6.1.1 Timely Submission of Claims

The Plan will make no payments for claims received more than 365 days after the date of Service. Exceptions may be made if Providence Health Plan receives documentation that you lacked legal capacity during that period. Payment of claims submitted by the Oregon state Medicaid agency or a prepaid managed care health services organization described in ORS 414.651 (i.e., a Coordinated Care Organization) will be made in accordance with ORS 743.847, which establishes payment requirements for claims submitted by the Oregon state Medicaid agency.

Payment of all claims will be made within the time limits required by OAR 836-080-0235, the Oregon insurance Division's administrative rule setting standards for prompt payment. Please send all claims to:

Providence Health Plan
Attn: Claims Dept.
P.O. Box 3125
Portland, OR 97208-3125

Mental Health and Substance Abuse claims should be submitted to:

PBH
PO Box 30602
Salt Lake City, UT 84130

6.1.2 Right of Recovery

The Plan has the right, upon demand, to recover from a recipient the value of any benefit or claim payment that exceeded the benefits available under this Plan. This right of recovery applies to any excess benefit, including (but not limited to) benefits obtained through fraud, error, or duplicate coverage relating to any Member. If timely repayment is not made, the Plan has the right, in addition to any other lawful means of recovery, to deduct the value of the excess benefit from any future benefit that otherwise would have been available to the affected Member(s) from the Plan under any contract.

6.2 COORDINATION OF BENEFITS

This Coordination of Benefits (COB) section applies when a Member has health care coverage under more than one Plan. The term "Plan" is defined below for the purposes of this COB section. The order of benefit determination rules govern the order in which each Plan will pay a claim for benefits. The Plan that pays first is called the Primary plan. The Primary plan must pay benefits in accordance with its policy terms without regard to the possibility that another Plan may cover some expenses. The Plan that pays after the Primary plan is the Secondary plan. The Secondary plan may reduce the benefits it pays so that payments from all Plans do not exceed 100% of the total Allowable expense.

6.2.1 Definitions Relating to Coordination of Benefits

Plan

Plan means any of the following that provides benefits or Services for medical or dental care or treatment. If separate contracts are used to provide coordinated coverage for Members of a group, the separate contracts are considered parts of the same Plan and there is no COB among those separate contracts.

1. Plan includes: group and individual health insurance contracts, health maintenance organization (HMO) contracts, closed panel plans or other forms of group or group-type coverage (whether insured or uninsured); medical care components of group long-term care contracts, such as skilled nursing care; and Medicare or any other federal governmental plan, as permitted by law and group and individual insurance contracts and Subscriber contracts that pay or reimburse for the cost of dental care.
2. Plan does not include: hospital indemnity coverage or other fixed indemnity coverage; accident only coverage; specified disease or specified accident coverage; school accident type coverage; benefits for non-medical components of group long-term care policies; Medicare Supplement policies; Medicaid policies; or coverage under other federal governmental plans, unless permitted by law.

Each contract for coverage listed under (1) or (2) above is a separate Plan. If a Plan has two parts and COB rules apply only to one of the two, each of the parts is treated as a separate Plan.

This Plan

This Plan means, as used in this COB section, the part of this contract providing health care benefits to which this COB section applies and which may be reduced because of the benefits of other plans. Any other part of this contract providing health care benefits is separate from This Plan. A contract may apply one COB provision to certain benefits, such as dental benefits, coordinating only with similar benefits, and may apply another COB provision to coordinate other benefits.

The order of benefit determination rules listed in section 6.2.2 determine whether This Plan is a Primary plan or Secondary plan when a Member has health care coverage under more than one Plan.

When This Plan is primary, Providence Health Plan determines payment for benefits first before those of any other Plan without considering any other Plan's benefits. When This Plan is secondary, Providence Health Plan determines benefits after those of another Plan and may reduce the benefits payable so that all Plan benefits do not exceed 100% of the total Allowable expense.

Allowable expense

Allowable expense means a health care expense, including Deductibles, Coinsurance and Copayments, that is covered at least in part by any Plan covering a Member. When a Plan provides benefits in the form of services, the reasonable cash value of each service will be considered an Allowable expense and a benefit paid. An expense that is not covered by any Plan covering a Member is not an Allowable expense. In addition, any expense that a provider by law or in accordance with a contractual agreement is prohibited from charging a Member is not an Allowable expense.

The following are examples of expenses that are NOT Allowable expenses:

1. The difference between the cost of a semi-private hospital room and a private hospital room is not an Allowable expense, unless one of the Plans provides coverage for private hospital room expenses.
2. If the Member is covered by two or more Plans that compute their benefit payments on the basis of usual and customary fees or relative value schedule reimbursement methodology or other similar reimbursement methodology, any amount in excess of the highest reimbursement amount for a specific benefit is not an Allowable expense.
3. If the Member is covered by two or more Plans that provide benefits or services on the basis of negotiated fees, an amount in excess of the highest of the negotiated fees is not an Allowable expense.
4. If the Member is covered by one Plan that calculates its benefits or services on the basis of usual and customary fees or relative value schedule reimbursement methodology or other similar reimbursement methodology and another Plan that provides its benefits or services on the basis of negotiated fees, the Primary plan's payment arrangement shall be the Allowable expense for all Plans. However, if the provider has contracted with the Secondary plan to provide the benefit or service for a specific negotiated fee or payment amount that is different than the Primary plan's payment arrangement and if the provider's contract permits, the negotiated fee or payment shall be the Allowable expense used by the Secondary plan to determine its benefits.
5. The amount of any benefit reduction by the Primary plan because the Member has failed to comply with the Plan provisions is not an Allowable expense. Examples of these types of plan provisions include second surgical opinions, precertification of admissions, and preferred provider arrangements.

Closed panel plan

A Closed panel plan is a Plan that provides health care benefits to Members primarily in the form of services through a panel of providers that has contracted with or is employed by the Plan, and that excludes coverage for services provided by other providers, except in cases of emergency or referral by a panel member.

Custodial parent

A Custodial parent is the parent awarded custody by a court decree or, in the absence of a court decree, is the parent with whom the Dependent child resides more than one half of the Calendar Year excluding any temporary visitation.

6.2.2 Order of Benefit Determination Rules

When a Member is covered by two or more Plans, the rules for determining the order of benefit payments are as follows:

A. The Primary plan pays or provides its benefits according to its terms of coverage and without regard to the benefits of any other Plan.
    1. Except as provided in Paragraph (2) below, a Plan that does not contain a COB provision that is consistent with the State of Oregon's COB regulations is always primary unless the provisions of both Plans state that the complying Plan is primary.
    2. Coverage that is obtained by virtue of membership in a group that is designed to supplement a part of a basic package of benefits and provides that this supplementary coverage shall be excess to any other parts of the Plan provided by the contract holder. Examples of these types of situations are major medical coverages that are superimposed over base plan hospital and surgical benefits, and insurance type coverages that are written in connection with a Closed panel plan to provide out-of-network benefits.

B. A Plan may consider the benefits paid or provided by another Plan in calculating payment of its benefits only when it is secondary to that other Plan.

C. Each Plan determines its order of benefits using the first of the following rules that apply:
    1. Non-Dependent or Dependent. The Plan that covers a Member other than as a Dependent, for example, as an employee, Subscriber or retiree is the Primary plan and the Plan that covers the Member as a Dependent is the Secondary plan. However, if the Member is a Medicare beneficiary and, as a result of federal law, Medicare is secondary to the Plan covering the Member as a Dependent; and primary to the Plan covering the Member as other than a Dependent (e.g., a retired employee); then the order of benefits between the two Plans is reversed so that the Plan covering the Member as an employee, subscriber or retiree is the Secondary plan and the other Plan is the Primary plan.
    2. Dependent Child Covered Under More Than One Plan. Unless there is a court decree stating otherwise, when a Member is a Dependent child covered by more than one Plan the order of benefits is determined as follows:
        a) For a Dependent child whose parents are married or are living together, whether or not they have ever been married:
            i. The Plan of the parent whose birthday falls earlier in the Calendar Year is the Primary plan; or
            ii. If both parents have the same birthday, the Plan that has covered the parent the longest is the Primary plan.
        b) For a Dependent child whose parents are divorced or separated or not living together, whether or not they have ever been married:
            i. If a court decree states that one of the parents is responsible for the Dependent child's health care expenses or health care coverage and the Plan of that parent has actual knowledge of those terms, that Plan is primary. This rule applies to plan years commencing after the Plan is given notice of the court decree;
            ii. If a court decree states that both parents are responsible for the Dependent child's health care expenses or health care coverage, the provisions of Subparagraph (a) above shall determine the order of benefits;
            iii. If a court decree states that the parents have joint custody without specifying that one parent has responsibility for the health care expenses or health care coverage of the Dependent child, the provisions of Subparagraph (a) above shall determine the order of benefits; or

iv. If there is no court decree allocating responsibility for the Dependent child's health care expenses or health care coverage, the order of benefits for the Dependent child are as follows:
- The Plan covering the Custodial parent, first;
- The Plan covering the spouse of the Custodial parent, second;
- The Plan covering the non-custodial parent, third; and then
- The Plan covering the Dependent spouse of the non-custodial parent, last.

c) For a Dependent child covered under more than one Plan of individuals who are not the parents of the Dependent child, the provisions of Subparagraph (a) or (b) above shall determine the order of benefits as if those individuals were the parents of the Dependent child.

d) For a Dependent child:
   i. Who has coverage under either or both parents' plans and also has coverage as a Dependent under a spouse's plan, the rule in paragraph (5) applies.
   ii. In the event the Dependent child's coverage under the spouse's plan began on the same date as the Dependent child's coverage under either or both parents' plans, the order of benefits shall be determined by applying the birthday rule in Subparagraph (a) to the Dependent child's parent(s) and the Dependent's spouse.

3. Active Employee or Retired or Laid-off Employee. The Plan that covers a Member as an active employee, that is, an employee who is neither laid off nor retired, is the Primary plan. The Plan covering that same Member as a retired or laid-off employee is the Secondary plan. The same would hold true if a Member is a Dependent of an active employee and that same Member is a Dependent of a retired or laid-off employee. If the other Plan does not have this rule, and as a result, the Plans do not agree on the order of benefits, this rule is ignored. This rule does not apply if the rule labeled D(1) can determine the order of benefits.
4. COBRA or State Continuation Coverage. If a Member whose coverage is provided pursuant to COBRA or under a right of continuation provided by state or other federal law is covered under another Plan, the Plan covering the Member as an employee, subscriber or retiree or covering the Member as a Dependent of an employee, Subscriber or retiree is the Primary plan and the COBRA or state or other federal continuation coverage is the Secondary plan. If the other Plan does not have this rule, and as a result, the Plans do not agree on the order of benefits, this rule is ignored. This rule does not apply if the rule labeled D(1) can determine the order of benefits.
5. Longer or Shorter Length of Coverage. The Plan that covered the Member the longer period of time is the Primary plan and the Plan that covered the Member the shorter period of time is the Secondary plan.
6. If the preceding rules do not determine the order of benefits, the Allowable expenses shall be shared equally between the Plans meeting the definition of Plan. In addition, This Plan will not pay more than would have paid had This Plan been the Primary plan.

6.2.3 Effect on the Benefits of This Plan

When This Plan is secondary, benefits may be reduced so that the total benefits paid or provided by all Plans during a plan year are not more than the total Allowable expenses. In determining the amount to be paid for any claim, the Secondary plan will calculate the benefits it would have paid in the absence of other health care coverage and apply that calculated amount to any Allowable expense under its Plan that is unpaid by the Primary plan. The Secondary plan may then reduce its payment by the amount so that, when combined with the amount paid by the Primary plan, the total benefits paid or provided by all Plans for the claim do not exceed the total Allowable expense for that claim. In addition, the Secondary plan shall credit to its plan Deductible any amounts it would have credited to its Deductible in the absence of other health care coverage.

If a Member is enrolled in two or more Closed panel plans and if, for any reason, including the provision of services by a non-panel provider, benefits are not payable by one Closed panel plan, COB shall not apply between that Plan and other Closed panel plans.

6.2.4 Right to Receive and Release Needed Information

Certain facts about health care coverage and services are needed to apply this COB section and to determine benefits payable under This Plan and other Plans. Providence Health Plan may get the facts needed from, or give them to, other organizations or persons for the purpose of applying this section and determining benefits payable under This Plan and other Plans covering a Member claiming benefits. Providence Health Plan need not tell, or get the consent of, any person to do this. Each Member claiming benefits under This Plan must give us any facts Providence Health Plan needs to apply this section and determine benefits payable.

6.2.5 Facility of Payment

A payment made under another Plan may include an amount that should have been paid under This Plan. If it does, This Plan may pay that amount to the organization that made that payment. That amount will then be treated as though it were a benefit paid under This Plan. This Plan will not have to pay that amount again. The term "payment made" includes providing benefits in the form of services, in which case "payment made" means the reasonable cash value of the benefits provided in the form of services.

6.2.6 Right of Recovery

If the amount of the payments made by This Plan is more than what should have paid under this COB section, This Plan may recover the excess from one or more of the persons This Plan paid or for whom This Plan have paid; or any other person or organization that may be responsible for the benefits or services provided for the Member. The "amount of the payments made" includes the reasonable cash value of any benefits provided in the form of services.

6.2.7 Coordination with Medicare

In all cases, coordination of benefits with Medicare will conform with federal statutes and regulations. Medicare means Title XVIII of the Social Security Act, as enacted or amended. Medicare eligibility and how This Plan determines benefit limits are affected by disability and employment status. Please contact Customer Service if you have questions.

In accordance with the "working aged" provisions of the Medicare Secondary Payer Manual, when the Employer Group's size is less than 20 employees, for Members who are entitled to and enrolled in Medicare Part A, enrollment in Medicare Part B will be assumed and Medicare will be the primary payer and This Plan will coordinate benefits as the secondary payer even if the Medicare-eligible Member has not elected Medicare Part B.

When the Employer Group's size is 20 individuals or more, Medicare will be considered the secondary payer.

Counting individuals for the Employer size:

- Employees counted in the Employer size include the total number of nationwide full-time employees, part-time employees, seasonal employees, and partners who work or who are expected to report for work on a particular day.
- Those not counted in the Employer size include retirees, COBRA-qualified beneficiaries and individuals on other continuation options, and self-employed individuals who participate in the Employer's group health plan.

6.3 THIRD-PARTY LIABILITY/SUBROGATION

The following provisions will apply when you or any other Member has received Services for a condition for which one or more third parties may be responsible. "Third party" means any person other than the Member (the first party to the provisions of this Plan), and Providence Health Plan (the second party), and includes any insurance carrier providing liability or other coverage potentially available to the Member. For example, uninsured or underinsured motorist coverage, no-fault medical payments (auto, homeowners or otherwise), or other group insurance (including student plans) whether under the Member's policy or not, are subject to recovery by us as a third-party recovery. Failure by the Member to comply with the terms of this section will be a basis for the Plan to deny any claims for benefits arising from the condition or to terminate the Member's coverage under this Plan as specified in section 9.4. In addition, you or the Member must execute and deliver to the Plan and to other parties any document requested by us which may be appropriate to confirm or secure the rights and obligations of the Member and the Plan under these provisions.

6.3.1 Third-Party Liability/Subrogation and How It Affects You

Third-party liability refers to claims that are in whole or part the responsibility of someone besides the Plan or the Member. Examples of third-party liability are motor vehicle accidents, workplace injury or illness, and any other situation involving injury or illness, including wrongful death, in which the Member or the Member's heirs, beneficiaries or relatives have a basis to bring a lawsuit or to make a claim for compensation against any person or for which the Member or the Member's heirs, beneficiaries or relatives may receive a settlement. Once it has been established that the third party is responsible to pay and is capable of paying for the expenses for the Services caused by that third party, the Plan will not provide benefits for the Services arising from the condition caused by that third party. Such benefits are specifically excluded from coverage under this Plan.

If the Plan makes claim payments on any Member's behalf for any condition for which a third party is responsible, the Plan is entitled to be repaid promptly for those payments, directly out of any recovery from the third party, including any settlement, award, verdict, payment or other monetary recovery.

"Subrogation" means that the Plan may collect directly from the third party to the extent the Plan has paid for third-party liabilities. Because the Plan has paid for the Member's injuries, the Plan, rather than the Member, is entitled to recover those expenses. Prior to accepting any settlement of the Member's claim against a third party, the Member must notify the Plan in writing of any terms or conditions offered in settlement and must notify the third party of the Plan's interest in the settlement established by this provision.

To the maximum extent permitted by law, the Plan is subrogated to the Member's rights against any third party who is responsible for the condition, have the right to sue any such third party in the Member's name, and has a security interest in and lien upon any recovery to the extent of the amount of benefits paid by the Plan and for the Plan's expenses in obtaining a recovery. If the Member should either decline to pursue a claim against a third party that the Plan believes is warranted or refuse to cooperate with the Plan in any third party claim that the Member does pursue, the Plan has the right to pursue such claim directly, including commencing a legal action against such third party or intervening in any action that the Member may have commenced.

To accomplish this process, the Plan needs detailed information from you or from the Member. A questionnaire will be sent to the Member for this information. It should be completed and returned to Providence Health Plan as soon as possible to minimize any claim review delay. If you or the Member has any questions or concerns regarding the questionnaire, please contact Providence Health Plan office. A Providence Health Plan employee who specializes in third-party liability/subrogation can discuss these procedures and what you or the Member needs to do.

6.3.2 Proceeds of Settlement or Recovery

If for any reason the Plan is not paid directly by the third party, the Plan is entitled to reimbursement from the Member or the Member's heirs, legal representatives, beneficiaries or relatives, and the Plan may request refunds from the medical providers who treated the Member, in which case those providers will bill the Member for their Services. To the fullest extent permitted by law, the Plan is entitled to the proceeds of any settlement, award, verdict, or other payment that results in a monetary recovery from a third party, whether or not responsibility is accepted or denied by the third party for the condition, whether or not such monetary recovery is described by any person as something other than a recovery of medical expenses incurred by the Plan, and whether or not the Member is alleged to have any fault, under principles of comparative negligence or otherwise. With respect to any workers' compensation recovery, the Plan is entitled to the proceeds whether or not the loss is deemed to be compensable under the workers' compensation laws. The Plan is entitled to recover up to the full value of the benefits provided by the Plan for the condition, calculated using the Plan's UCR charges for such Services, less the Plan's pro-rata share of the Member's out-of-pocket expenses and attorney fees incurred in making the recovery. The Plan is entitled to such recovery regardless of whether the Member has been fully compensated or "made whole" for the loss caused by the third party, and regardless of whether the Member has been partially compensated for such loss. The Plan is entitled to first priority in repayment, over the Member and over any other person, for such charges.

By accepting benefits under this Plan, the Member acknowledges the Plan's first priority to this repayment and assigns to us any benefits the Member may have from other sources. The Member must cooperate fully with the Plan and Providence Health Plan in recovering amounts paid by the Plan. If any Member seeks damages against the third party for the condition and retains an attorney or other agent for representation in the matter, that Member agrees to require the Member's attorney or agent to reimburse the Plan directly from the settlement or recovery in the amount provided by this section.

The Member must complete the Plan's trust agreement, by which the Member and any Member's attorney (or other agent) must confirm the obligation to reimburse the Plan directly from any settlement or recovery. The Plan may withhold benefits for the Member's condition until a signed copy of this agreement is delivered to the Plan. The agreement must remain in effect and the Plan may withhold payment of benefits if, at any time, the Member's confirmation of the obligations under this section should be revoked. While this document is not necessary for the Plan to exercise the Plan's rights under this section, it serves as a reminder to the Member and directly obligates any Member's attorney to act in accord with the Plan's rights.

6.3.3 Suspension of Benefits and Reimbursement

After the Member has received proceeds of a settlement or recovery from the third party, the Member is responsible for payment of all medical expenses for the continuing treatment of the illness or injury that the Plan would otherwise be required to pay under this Plan until all proceeds from the settlement or recovery have been exhausted. If the Member has failed to reimburse the Plan as required by this section, the Plan is entitled to offset future benefits otherwise payable under this Plan, or under any future contract or plan with Clackamas County, to the extent of the value of the benefits advanced under this section.

If the Member continues to receive medical treatment for the condition after obtaining a settlement or recovery from one or more third parties, the Plan is not required to provide coverage for continuing treatment until the Member proves to the Plan's satisfaction that the total cost of the treatment is more than the amount received in settlement or recovered from the third party, after deducting the cost of obtaining the settlement or recovery. The Plan will only cover the amount by which the total cost of benefits that would otherwise be covered under this Plan, calculated using the Plan's UCR charges for such Services, exceeds the amount received in settlement or recovery from the third party. The Plan is entitled to suspend such benefits even if the total amount of such settlement or recovery does not fully compensate the Member for other damages, particularly including lost wages or pain and suffering.

Any settlement arising out of an injury or illness covered by this Plan will be deemed first to compensate you for your medical expenses, regardless of any allocation of proceeds in any settlement document that the Plan has not approved in advance. In no event shall the amount reimbursed to the Plan be less than the maximum permitted by law.

7.2 MEMBER GRIEVANCE AND APPEAL

Definitions:

Adverse Benefit Determination

- Denial of eligibility for or termination of enrollment in this Plan;
- Rescission or cancellation of coverage under this Plan;
- Imposition of a pre-existing condition exclusion, source-of injury exclusion, network exclusion, Annual benefit limit or other limitation on otherwise Covered Services;
- Determination that a health care item or service is Experimental/Investigational or not Medically Necessary; or
- Determination that a course or plan of treatment that a Member is undergoing is an active course of treatment for purposes of continuity of care.

Appeal

A type of Grievance that is a written request from a Member or an Authorized Representative of the Member requesting further consideration of an Adverse Benefit Determination.

Authorized Representative

An individual who by law or by the consent of a Member may act on behalf of the Member.

Concurrent Care

An approved ongoing course of treatment to be provided over a period of time or for a specified number of treatments.

Grievance

A communication from a Member or an Authorized Representative of a Member expressing dissatisfaction with an Adverse Benefit Determination, without specifically declining any right to Appeal or review, that is:

- In writing, for an internal Appeal or an external review; or in writing or orally, for an expedited response or an expedited external review; or
- A written complaint submitted by a Member or an Authorized Representative of a Member regarding the:
    - Availability, delivery or quality of a health care service;
    - Claims payment, handling or reimbursement for health care services and, unless the Member has not submitted a request for an internal Appeal, the complaint is not disputing an Adverse Benefit Determination; or
    - Matters pertaining to the contractual relationship between a Member and Providence Health Plan.

7.2.1 Your Grievance and Appeal Rights

If you disagree with Providence Health Plan's decision about your medical bills or health care services, you have the right to an internal review. You may request review if you have received an Adverse Benefit Determination. You may also file a quality of care or general complaint or grievance with Providence Health Plan. You may appoint an Authorized Representative to act on your behalf during your Grievance or Appeal. Please include as much information as possible including the date of the incident, the names of individuals involved, and the specific circumstances. In filing a Grievance or Appeal:

- You can submit written comments, documents, records and other information relating to your Grievance or Appeal and Providence Health Plan will consider that information in the review process.
- You can, upon request and free of charge, have reasonable access to and copies of the documents and records, and other information relevant to our decision, including the specific internal rule, guideline, protocol, or other criterion relied upon to make an Adverse Benefit Determination.
- You can be represented by anyone of your choice at all levels of Appeal.

Filing a Grievance or Appeal does not affect your right to receive benefits for Covered Services as otherwise provided under this Plan.

If you receive the services that were denied in the Adverse Benefit Determination, and if the Adverse Benefit Determination is upheld by internal or external review, you will be financially responsible for any benefits paid by the Plan for such services.

To the extent possible, Customer Service will resolve complaints filed by telephone at the point of service by. We will acknowledge all non-urgent pre-service and post-service Grievance and Appeals within seven days of receipt and resolve within 30 days or sooner depending on the clinical urgency. If it does, you will be notified of the decision within 72 hours of receiving your request.

Grievances and Appeals Involving Concurrent Care Decisions: If Providence Health Plan has approved an ongoing course of treatment for you and determines through medical management procedures to reduce or terminate that course of treatment, Providence Health Plan will provide advance notice to you of that decision. You may request reconsideration of the decision by submitting an oral or written request at least 24 hours before the course of treatment is scheduled to end. Providence Health Plan will then notify you of the reconsideration decision within 24 hours of receiving your request.

7.2.2 Internal Grievance or Appeal

You must file your internal Grievance or Appeal within 180 days of the date on the notice of the initial Adverse Benefit Determination, or that initial determination will become final. Please advise Providence Health Plan of any additional information that you want considered in the review process. If you are seeing an Out-of-Network Provider, you should contact that provider's office and arrange for the necessary records to be forwarded to Providence Health Plan for the review process. Your Grievance or Appeal will be reviewed by Providence Health Plan staff not involved in the initial determination. You may present your case in writing. Once a final determination is made you will be sent a written explanation of the decision.

7.2.3 Voluntary Second Level Internal Appeal

If you are not satisfied with the decision of the internal Appeal and your Appeal is of an Adverse Benefit Determination that involves (a) Medically Necessary treatment, (b) Experimental/Investigational treatment, (c) an active course of treatment for purposes of continuity of care, (d) whether a course of treatment is delivered in an appropriate setting at an appropriate level of care or (e) an exception to the Plan's prescription drug formulary, you may request a voluntary second level internal Appeal. If your case is eligible, it will be reviewed by Providence Health Plan's Grievance Committee. The members of the Grievance Committee are made up of individuals not involved in the initial decision to uphold an Appeal. You must submit your written request for the voluntary second level internal Appeal within 60 days of the date on the internal Grievance or Appeal decision notice or that initial decision will become final. The Grievance Committee will review all documentation presented by you and send a written explanation of its decision within 30 days of receiving your request for the voluntary second level internal Appeal.

7.2.4 External Review

If you are not satisfied with the internal Grievance or Appeal decision or the decision of the voluntary second level internal Appeal and your Appeal is of an Adverse Benefit Determination that involves (a) Medically Necessary treatment, (b) Experimental/Investigational treatment, (c) an active course of treatment for purposes of continuity of care, (d) whether a course of treatment is delivered in an appropriate setting at an appropriate level of care or (e) an exception to the Plan's prescription drug formulary, you may request an external review by an IRO. Your request must be made in writing within 180 days of receipt of the internal Grievance or Appeal decision or voluntary second level internal Appeal decision, or that internal decision will become final. If you agree, Providence Health Plan may waive the requirement that you exhaust the internal review process before beginning the External Review process. Providence Health Plan will notify the Oregon Insurance Division within two business days of receiving your request for external review, at which point an IRO will be assigned to the case by the Oregon Insurance Division and Providence Health Plan will forward complete documentation regarding the case to the IRO.

If you request an external review you must agree to authorize release of medical records needed by the IRO and submit any additional information to the IRO no later than five days after the appointment of the IRO, or 24 hours in cases of expedited review. The IRO is entirely independent of the Plan and Providence Health Plan and performs its review under a contract with the Oregon Insurance Division. The IRO will notify you and Providence Health Plan of its decision within three days for expedited reviews and within 30 days when not expedited. **The Plan and Providence Health Plan agree to be bound by and to comply with the IRO decision when the decision involves, (a) Medically Necessary treatment, (b) Experimental/Investigational treatment, (c) an active course of treatment for purposes of continuity of care, (d) whether a course of treatment is delivered in an appropriate setting at an appropriate level of care or (e) an exception to the Plan's prescription drug formulary.**

The Plan pays for all costs for the handling of external review cases and Providence Health Plan administers these provisions in accordance with the insurance laws and regulations of the State of Oregon. **If we do not comply with the IRO decision, you have the right to sue us under applicable Oregon law.**

8. ELIGIBILITY AND ENROLLMENT

This section outlines who is eligible for coverage, and how and when to enroll yourself and your Eligible Family Dependents. No benefits shall be available to anyone not enrolled on this Plan. You and your Employer must provide us with evidence of eligibility as requested.

8.1 EMPLOYEE ELIGIBILITY AND ENROLLMENT

8.1.1 Employee Eligibility Date

An employee is eligible for coverage as specified in the Eligible Employee definition.

8.1.2 Employee Effective Date

Coverage begins for an Eligible Employee as specified in the Effective Date of Coverage definition.

8.1.3 Employee Enrollment

The Eligible Employee must enroll on forms (paper or electronic) provided and/or accepted by Clackamas County. To obtain coverage, an Eligible Employee must enroll within 30 days to enroll after becoming eligible. An enrolled Eligible Employee is referred to as the Subscriber.

If you decline coverage or fail to enroll when you first become eligible, the next earliest time you may enroll is the next occurring Open Enrollment Period.

In certain situations, you and/or your Eligible Family Dependents may qualify to enroll during a special enrollment period. See section 8.3 for additional information.

8.2 DEPENDENT ELIGIBILITY AND ENROLLMENT

8.2.1 Eligibility Date

Coverage begins for each Eligible Family Dependent on:

1. The Effective Date of Coverage for the Subscriber if the individual is an Eligible Family Dependent on that date;
2. For any Eligible Family Dependents acquired on the date of the Subscriber's marriage, on the first day of the calendar month following receipt of the enrollment request, within 60 days of the Subscriber's marriage;
3. The date of birth of the biological child of the Subscriber or Spouse;
4. The date a child is placed with the Subscriber or Spouse for the purpose of adoption by the Subscriber or Spouse;
5. The date the Subscriber or Spouse is required to provide health coverage to a child under a qualified medical child support court or administrative order; or
6. The date on which legal guardianship status begins.

8.2.2 Additional Requirements for Eligible Family Dependent Coverage

An Eligible Employee may cover Eligible Family Dependents ONLY if the Eligible Employee is also covered, and Clackamas County receives the completed enrollment form requesting Dependent coverage.

8.2.3 Eligible Family Dependent Enrollment

You must enroll Eligible Family Dependents on forms provided and/or accepted by Clackamas County. No Eligible Family Dependent will become a Member until Clackamas County approves that Eligible Family Dependent for coverage. To obtain coverage, the Eligible Family Dependent must enroll within 30 after becoming eligible as indicated in section 8.2.1 (see section 8.2.4 regarding newborn and adopted children). The next earliest time your Eligible Family Dependent may enroll is the next occurring Open Enrollment Period. In addition, an Eligible Employee and/or Eligible Family Dependent may qualify to enroll during a special enrollment period as described in section 8.3.

8.2.4 Newborn Eligibility and Enrollment

A newborn or adopted child of a Member who meets the definition of an Eligible Family Dependent is eligible for coverage from the date of birth or placement for the purpose of adoption as long as enrollment occurs within 60 days from birth or placement and additional Premium, if any, is paid to Clackamas County. If the enrollment and payment of additional Premium, if any, are not accomplished within this time period, no Services will be covered for the child. Enrollment after this time period may be accomplished as outlined in sections 8.2.3 and 8.3.

8.2.5 Open Enrollment Period

Clackamas County will provide an Open Enrollment Period each Plan Year. The Effective Date of Coverage for new Members who enroll during the Open Enrollment Period is the first day of the Plan Year for which they enroll.

8.2.6 Changes in Eligibility

When an eligibility change occurs, you need to make sure Clackamas County is notified of the change. Address changes can be made over the phone by calling Customer Service or by contacting Clackamas County Employee Services.

For the following changes, you, as the Subscriber, must obtain an enrollment form from Clackamas County's benefit office. You need to submit this form to your Employer for you and all your Eligible Family Dependents when:

- You marry and wish to enroll your new Spouse;
- A Dependent's limiting age occurs; or
- You or one of your Dependents has a legal name change.

If you have questions regarding eligibility changes, please contact Clackamas County Employee Services.

8.2.7 Members No Longer Eligible for Coverage

If you divorce or are legally separated, your Spouse is no longer eligible for coverage as a Dependent. You must disenroll your Spouse as a Dependent from your Plan at the time the divorce or legal separation is final. Your Spouse's children will be able to continue coverage under the Plan so long as the children continue to qualify as your Eligible Family Dependents.

You must inform Clackamas County of these changes by completing a new enrollment form. Check with Clackamas County's benefits office or contact Customer Service to determine the effective date of any enrollment or disenrollment.

Those who no longer qualify as your Eligible Family Dependents may be eligible to continue coverage as described under section 10. Ask Clackamas County or call Customer Service for continuation coverage eligibility information.

8.3 SPECIAL ENROLLMENT PERIODS

If you declined enrollment for yourself as a Subscriber or for an Eligible Family Dependent (including your Spouse) during a previous enrollment period (as stated in sections 8.1 and 8.2), you may be eligible to enroll yourself or the Eligible Family Dependent during a "special enrollment period" provided that you request enrollment within 60 days of the qualifying event and meet the applicable requirements stated in this section.

In instances where an Eligible Family Dependent of a Subscriber qualifies for a "special enrollment period," the Subscriber and the Eligible Family Dependent may:

- Enroll in the coverage currently elected by the Subscriber; or
- Enroll in any benefit option offered by the Employer for which the Subscriber and Eligible Family Dependent is eligible.

8.3.1 Loss of Other Coverage

If you declined enrollment for yourself as a Subscriber or for an Eligible Family Dependent (including your Spouse) because of other health coverage and you lose that other coverage, the Plan will provide a "special enrollment period" for you and/or your Eligible Family Dependent if:

a) The person was covered under a group health plan or had other health coverage (includes benefits consisting of medical care under any hospital or medical services policy or certificate, or HMO) at the time coverage under this policy was first offered to the person; and

b) The person stated in writing that coverage under such group health plan or health coverage was the reason for declining enrollment; but only if the Plan required such a statement and provided the person with notice of such requirement (and the consequences of such requirement) at such time; and

c) Such coverage:
   - was under a COBRA Continuation provision and the coverage under such a provision was exhausted, except when the person failed to pay timely premium, or if coverage terminated for cause (such as making a fraudulent claim or an intentional misrepresentation of a material fact); or
   - was not under a COBRA Continuation provision and the coverage was terminated as a result of:
     1. The individual's loss of eligibility for the coverage; including as a result of legal separation, divorce, death, termination of employment, or a reduction in the number of hours of employment; except when the person failed to pay timely premium or if coverage terminated for cause (such as making a fraudulent claim or an intentional misrepresentation of material fact); or
     2. The individual's loss of eligibility for coverage under the Children's Health Insurance Program (CHIP), Medicaid, Medicare, TRICARE, Indian Health Service or domestic or foreign publicly sponsored or subsidized health plan; including but not limited to the Oregon Health Plan (OHP); and the individual applies for coverage under this Plan within 63 days of the termination of such coverage; or
     3. The termination of contributions toward such coverage by the current or former Employer; or

4. The individual incurring a claim that exceeds the lifetime limit on benefits; and the individual applies for coverage under this Plan within 60 days after the claim is denied.

Effective Date: Coverage under this Plan will take effect on the first day after the other coverage ended.

8.3.2 New Dependents

If you were eligible to enroll as a Subscriber under this Plan, but did not enroll during a previous enrollment period, and a person becomes your Eligible Family Dependent through marriage, birth, adoption or placement for adoption; the Plan will provide a "special enrollment period" during which you and your Eligible Family Dependent(s) may enroll under this Plan.

The "special enrollment period" shall be a period of 60 days and begins on the later of:

- the date Dependent coverage is made available under this Plan; or
- the date of the marriage, birth, or adoption or placement for adoption.

Effective Date:

- in the case of marriage, on the first day of the calendar month following Clackamas County's receipt of the enrollment request, or on an earlier date as agreed to by Clackamas County; or
- in the case of a Dependent's birth, on the date of such birth; or
- in the case of a Dependent's adoption or placement for adoption, the date of such adoption or placement for adoption; or
- in the case of legal guardianship of a Dependent, the date such legal guardianship status begins.

8.3.3 Court Orders

If you were eligible to enroll as a Subscriber under this Plan, but did not enroll during a previous enrollment period, and a court orders you to provide coverage for a Spouse or minor child under your Health Benefit Plan, the Plan will provide a "special enrollment period" for you and the Spouse or minor child you are ordered to provide coverage for if you request enrollment within 60 days after the issuance of the court order.

Effective Date: The date specified in the court order.

8.3.4 Premium Assistance

If you or your Eligible Family Dependent were eligible to enroll under this Plan but did not enroll during a previous enrollment period, and you or your Eligible Family Dependent becomes entitled to group health plan premium assistance under a Medicaid-sponsored or Children's Health Insurance Program (CHIP)-sponsored arrangement, the Plan will provide a "special enrollment period" for you and your Family Member(s) if you request enrollment within 60 days after the date of entitlement.

8.4 LEAVE OF ABSENCE AND LAYOFFS

A Subscriber on leave of absence or layoff status may continue to be covered under this Plan as though actively at work for a period of time, if any, as stated in the Eligible Employee definition. An Employee who returns to work as an Eligible Employee after coverage has lapsed must re-enroll for coverage as specified in section 8.1.3

For the Subscriber, a leave of absence granted under the federal Family and Medical Leave Act (FMLA), the Uniformed Services Employment and Reemployment Rights Act (USERRA), is administered in accordance with those Acts and this Summary Plan Description.

9. TERMINATION OF MEMBER COVERAGE

9.1 TERMINATION DATES

Termination of Member coverage under this Plan will occur on the earliest of the following dates:

1. The date this Plan terminates;
2. The last day of the coverage period in which a Subscriber terminates employment with Clackamas County;
3. The last day of the coverage period in which a Subscriber no longer qualifies as a Subscriber, as stated in the Summary Plan Description;
4. The date a Member enters full-time military, naval or air service, except as provided under federal USERRA requirements;
5. The last day of the coverage period in which a Subscriber retires;
6. The last day of the month in which the Subscriber makes a written request for termination of coverage to be effective for the Subscriber or Member;
7. For a Family Member, the date the Subscriber's coverage terminates;
8. For a Family Member, the last day of the month in which the individual no longer qualifies as an Eligible Family Dependent;
9. For any benefit, the date the benefit is deleted from this Plan;
10. For a Member, the date of disenrollment from this Plan as described in section 9.4;
11. For a Member, the date any fraudulent information is provided; or
12. For a Member, the date we discover any breach of contractual duties, conditions or warranties, as determined by us.
13. For a Subscriber that is a Non-Medicare Eligible Early Retiree, the last day of the month in which the Retiree becomes eligible for Medicare.

You and the Employer are responsible for advising Clackamas County of any changes in eligibility including the lack of eligibility of a Family Member. Coverage will not continue beyond the last date of eligibility, regardless of the lack of notice to Clackamas County.

See section 7, Problem Resolution, for your Grievance and Appeal rights.

9.2 TERMINATION AND RESCISSION OF COVERAGE DUE TO FRAUD OR ABUSE

Coverage under this Plan, either for you or for your covered Dependent(s), may be rescinded (meaning your coverage is retroactively canceled) or terminated in case of a fraud or intentional misrepresentation of material fact by you or by your covered Dependent in obtaining, or attempting to obtain, benefits under this Plan.

If coverage is rescinded, the Plan will retain any money you paid for coverage as liquidated damages and will have the right to recover from you or from your covered Dependents the benefits paid as a result of such wrongful activity. Providence Health Plan will provide all affected Plan participants with 30 days' notice before rescinding your coverage.

9.3 NON-LIABILITY AFTER TERMINATION

Upon termination of this Plan, Clackamas County shall have no further liability beyond the effective date of the termination unless the Member continues, without lapse of membership, under another Clackamas County plan.

9.4 DISENROLLMENT FROM THIS PLAN

"Disenrollment" means that your coverage under this Plan is terminated because you have engaged in fraudulent, dishonest or threatening behavior, such as:

1. You have filed a false claim with the Plan;
2. You willfully fail to provide information or documentation required to be provided under this Plan or knowingly provide incorrect or incomplete information;
3. You have committed an act of physical or verbal abuse that poses a threat to providers, to other Members, or to Clackamas County or Providence Health Plan employees; or
4. You have allowed a non-Member to use your Member ID Card to obtain Services.

9.5 NOTICE OF CREDITABLE COVERAGE

Providence Health Plan will provide upon request written certification of the Member's period of Creditable Coverage when:

- A Member ceases to be covered under this Plan;
- A Member on COBRA coverage ceases that coverage; and
- A Member requests a Notice of Creditable Coverage within 24 months of the termination of coverage.

9.6 CLACKAMAS COUNTY'S RIGHT TO TERMINATE OR AMEND PLAN

Clackamas County reserves the right at any time to terminate or amend in whole or part any of the provisions of the Plan or any of the benefits provided under the Plan. Any such termination or amendment may take effect retroactively or otherwise. In the event of a termination or reduction of benefits under the Plan, the Plan will be liable only for benefit payments due and owing as of the effective date of such termination or reduction and no payments scheduled to be made on or after such effective date will result in any liability to the Plan or Clackamas County.

10. CONTINUATION OF GROUP MEDICAL BENEFITS

If you become ineligible for coverage under this Plan you may, under certain circumstances, continue group coverage. There are specific requirements, time frames and conditions that must be followed in order to be eligible for continuation of group coverage and which are generally outlined below. Please contact Clackamas County as soon as possible for details if you think you may qualify for group COBRA or state continuation coverage.

10.1 COBRA CONTINUATION COVERAGE

The Consolidated Omnibus Budget Reconciliation Act (COBRA) is a federal law that applies to most Employers with 20 or more employees. Some Employers, such as church groups and state agencies, may be exempt from COBRA. The law requires that Employers subject to COBRA offer Employees and/or their Dependents continuation of medical and dental coverage in certain instances where there is a loss of group coverage.

10.1.1 Subscriber's Continuation Coverage

A Subscriber who is covered under this Plan may elect continuation coverage under COBRA if coverage is lost due to termination of employment (other than for gross misconduct) or a reduction in work hours.

10.1.2 Spouse's or Domestic Partner's Continuation Coverage

A Spouse or Domestic Partner who is covered under this Plan has the right to elect continuation coverage under COBRA if coverage is lost for any of the following qualifying events:

- The death of the Subscriber;
- The termination of the Subscriber's employment (for reasons other than gross misconduct) or reduction in hours;
- The divorce or legal separation of the Subscriber and the Spouse;
- Termination of the domestic partnership; or
- The Subscriber becomes covered under Medicare.

10.1.3 Dependent's Continuation Coverage

A Dependent child who is covered under this Plan has the right to continuation under COBRA if coverage is lost for any of the following qualifying events:

- The death of the Subscriber;
- The termination of the Subscriber's employment (other than for gross misconduct) or reduction in a Subscriber's hours;
- The Subscriber's divorce or legal separation;
- Termination of the domestic partnership;
- The Subscriber becomes covered under Medicare; or
- The child ceases to qualify as an Eligible Family Member under this Plan.

A newborn child or a child placed for adoption who is properly enrolled under the terms of this Plan during the COBRA continuation period will be a qualified beneficiary.

10.1.4 Notice Requirements

A Family Member's coverage ends on the last day of the month in which a divorce, legal separation or termination of domestic partnership occurs or a child loses Dependent status under this Plan. **Under COBRA, you or your Family Member has the responsibility to notify Clackamas County if one of these events occurs.** Written notice must be given no later than 60 days after the loss of coverage has occurred, or the qualifying event, whichever is later. Oral notice is not binding until confirmed in writing. If notice is not timely given, continuation coverage will not be available.

When Clackamas County receives notification of one of the above "qualifying" events, you will be notified that you or your Family Member, as applicable, have 60 days from the date coverage is lost or the date you receive the notice, whichever is later, to elect continuation coverage. If this election is not made within this 60-day period, your right to elect continuation coverage under this Plan will be lost.

10.1.5 Type of COBRA Continuation Coverage

A qualified beneficiary will be provided the same coverage that was in effect immediately prior to the qualifying event.

10.1.6 COBRA Election Rights

A Subscriber or his or her Spouse or Domestic Partner may elect continuation coverage for all covered Family Members. In addition, each Family Member has an independent right to elect COBRA. Thus, a Family Member may elect continuation coverage even if the Subscriber does not.

10.1.7 COBRA Premiums

If you are eligible for COBRA continuation coverage, you do not have to show that you are insurable (that you do not have any serious health conditions). However, you must pay the full premium for your continuation coverage, including the portion of the premium Clackamas County was previously paying. After you elect COBRA, you will have 45 days from the date of election to pay the first premium. You must pay premium back to the point you would otherwise have lost coverage under this Plan. After that, you must pay the premium for each month as of the first of the month, and in all events within 30 days. If you fail to pay your monthly premium, you will be notified that your coverage is being terminated.

10.1.8 Length of COBRA Continuation Coverage

18-Month Continuation Period

When coverage ends due to a Subscriber's termination of employment (other than for gross misconduct) or a reduction in hours, the continuation period for the Subscriber and all covered Family Members will be 18 months from the date of the qualifying event, or the date coverage is lost, whichever is later.

29-Month Continuation Period

If a qualified beneficiary is disabled, continuation coverage for that qualified beneficiary and his or her covered Family Members may continue for up to 29 months from the date of the original qualifying event, or loss of coverage, whichever is later. The 29-month period applies only if the following conditions are met:

- The Social Security Administration (SSA) determines that the qualified beneficiary is disabled at any time prior to the qualifying event or during the first 60 days of COBRA continuation coverage; and
- The qualified beneficiary provides Clackamas County with a copy of the SSA determination within the initial 18-month continuation period and not later than 60 days after the SSA determination was issued.

The premium for COBRA continuation coverage may increase after the 18th month to 150% of the otherwise applicable amount.

If the SSA makes a final determination of non-disability, the qualified beneficiary must notify the COBRA Administrator within 30 days.

36-Month Continuation Period

If a Spouse, Domestic Partner or Dependent child loses coverage because of any of the following reasons, COBRA provides for up to 36 months of continuation of coverage:

- The Subscriber's death;
- The Subscriber's eligibility for Medicare;
- Divorce or legal separation;
- Termination of the domestic partnership; or
- A child becomes ineligible for Dependent coverage.

10.1.9 Extension of Continuation Period

If a second qualifying event occurs during the initial 18- or 29-month continuation period (for example, the death of the employee, divorce, or child loses status as an Eligible Family Member under the Plan), coverage for a qualified beneficiary may be extended up to 36 months. However, in no case will the continuation coverage exceed 36 months from the date of the original qualifying event.

If a Spouse or Dependent child has continuation coverage due to the employee's termination or reduction in hours and if the qualifying event occurred within 18 months after the employee became entitled to Medicare, the coverage period is extended to 36 months from the employee's Medicare entitlement date.

10.1.10 Trade Act of 2002

The Trade Act of 2002 created a new tax credit for certain individuals who become eligible for trade adjustment assistance (TAA). TAA allows workers displaced by the impact of foreign trade, and individuals age 55 or older who are receiving pension benefits paid by the Pension Benefit Guaranty Corporation (PBGC), to elect COBRA coverage during the 60-day period that begins on the first day of the month in which the individual first becomes eligible for TAA benefits. Eligible individuals can either take a tax credit or get advance payment of sixty-five percent of premiums paid for qualified health insurance, including continuation coverage. If you have questions about these tax provisions, you may call the Health Care Tax Credit Customer Contact Center toll-free at 866-628-4282. TTD/TTY caller may call toll-free at 866-626-4282. More information about the Trade Act is also available at http://www.doleta.gov/tradeact/.

10.1.11 When COBRA Continuation Coverage Ends

COBRA Continuation coverage will end automatically for you and your Family Members when any of the following events occurs:

- Clackamas County no longer provides health coverage to any employees;
- The premium for the continuation coverage is not paid on time;
- The qualified beneficiary employee, spouse or dependent child) later becomes covered under another health plan that has no exclusions or limitations with respect to any pre-existing conditions. If the other plan has applicable exclusions or limitations, the COBRA continuation coverage will terminate after the exclusion or limitation no longer applies'
- The qualified beneficiary (employee, spouse, or dependent child) later becomes entitled to Medicare;
- The earliest date that the qualified beneficiary no longer qualifies for such coverage in accordance with the federal COBRA regulations; or
- The applicable maximum period of continuation coverage occurs.

No civil action may be brought to recover benefits from this Plan until receipt of a final decision under the Member Grievance and Appeal process specified in section 7.2 of this Summary Plan Description. If the Member elects to seek external review under section 7.2.4, both the Plan and the Member will be bound by the Independent Review Organization (IRO) decision. No civil action may be brought later than three years after the date of the last decision rendered under the Member Grievance and Appeal process specified in section 7.2.

Member's sole right of Appeal from a final Grievance determination, other than a determination referred for binding determination by an independent review organization, shall be to an Oregon state court, either in the Member's county of residence or such other county as mutually agreed upon between the Member and the Plan. In the alternative, Member may request that the Plan agree to submit the dispute to binding arbitration before a single arbitrator appointed by the United States Arbitration & Mediation Service (USA&M) under Oregon law in the Member's county (unless otherwise mutually agreed) in accordance with USA&M's Rules for Arbitration. If arbitration is mutually agreed upon the arbitrator's decision shall be final and legally binding and judgment may be entered thereon. Irrespective of whether the Grievance is appealed to a court or an arbitrator, neither party shall under any circumstance be liable to the other for any special, incidental, or consequential damages, or for any tort liability (including any punitive or exemplary damages), in any way related to this Plan.

12. QUALIFIED MEDICAL CHILD SUPPORT ORDERS (QMCSO)

A child of an Eligible Employee will be enrolled in the Plan as required by a qualified medical child support order. The procedures and rules regarding this enrollment are described in this section.

12.1 DEFINITIONS

For purposes of this section, the following definitions shall apply:

"Alternate Recipient" means any child of an employee who is recognized under an Order as having a right to enrollment under the Plan with respect to such employee.

An "Order" means any judgment, decree, or order (including approval of a settlement agreement) issued by a court of competent jurisdiction (or through an administrative process established under a state law which has the effect of a court order) which:

- Provides for child support with respect to a child of an employee under the Plan or provides for health benefit coverage to such a child, is made pursuant to a state domestic relations law (including a community property law), and relates to benefits under the Plan; or
- Enforces a state law relating to medical child support with respect to the Plan.

A "Qualified Medical Child Support Order" or "QMCSO" means an Order:

- Which creates or recognizes the existence of an Alternate Recipient's right to receive, or assigns to an Alternate Recipient the right to receive, benefits for which an employee or beneficiary is eligible under the Plan; and
- With respect to which Clackamas County has determined satisfies the QMSCO standards set forth below.

"Procedures" means the Qualified Medical Child Support Order procedures as prescribed in this section.

"Designated Representative" means a representative designated by an Alternate Recipient to receive copies of notices that are sent to the Alternate Recipient with respect to an Order.

12.2 NOTICE UPON RECEIPT OF ORDER

Upon the receipt of any Order, Clackamas County will promptly notify the employee and each Alternate Recipient identified in such Order of the receipt of such Order, and will further furnish them each with a copy of these Procedures. If the Order or any accompanying correspondence identifies a Designated Representative, then copies of the acknowledgment of receipt notice and these Procedures will also then be provided to such Designated Representative.

12.3 NOTICE OF DETERMINATION

Within a reasonable period after its receipt of the Order, Clackamas County will determine whether the Order satisfies the QMCSO standards described below so as to constitute a QMCSO, and shall thereupon notify the employee, each Alternate Recipient, and any Designated Representative of such determination.

An Order will not be deemed to be a QMCSO unless the Order:

(a) Clearly specifies:

1. The name and last known mailing address (if any) of the employee and of each Alternate Recipient covered by the Order (or the name and mailing address of a State or agency official acting on behalf of the Alternate Recipient);
2. Either a reasonable description of the type of coverage to be provided under the Plan to each Alternate Recipient, or the manner in which such type of coverage is to be determined; and
3. The period to which the Order applies.

(b) Does not require the Plan to provide any type or form of benefit, or any option, not otherwise provided under the Plan, except to the extent that the Order pertains to the enforcement of a state law relating to a medical child support.

If an Order contains inconsistencies or ambiguities that might pose a risk of future controversy or liability to the Plan, the Order will not be considered to be a QMCSO.

12.4 ENROLLMENT OF ALTERNATE RECIPIENT

An Alternate Recipient with respect to an Order determined to be a QMCSO who properly submits the applicable enrollment forms to Clackamas County will become covered under the Plan to which such Order applies as soon as practicable after the applicable enrollment forms are received. An Alternate Recipient will be eligible to become covered under the Plan as of a particular date without regard to any open enrollment period restrictions otherwise applicable under the Plan.

12.5 COST OF COVERAGE

An Alternate Recipient will be treated as having been voluntary enrolled in the Plan by the employee as a dependent of such employee, including in regard to the payment by the employee for dependent coverage under the Plan. The amount of any required contributions to be made by the Employee for coverage under the Plan will be determined on the basis of the Alternate Recipient being treated as the employee's covered dependent. Any additional required contribution attributable to the coverage of the Alternate Recipient will not be separately charged. Rather, the full amount of the required contribution shall be paid by the employee in accordance with the payroll deduction or other procedures of the Plan as pertaining to the employee.

12.6 REIMBURSEMENT OF PLAN EXPENSES

Unless the terms of the Order provide otherwise, any payments to be from the Plan as reimbursement for group health expenses paid either by the Alternate Recipient, or by the custodial parent or legal guardian of the Alternate Recipient, will not be paid to the employee. Rather, such reimbursement will be paid either to the Alternate Recipient, or to the custodial parent or legal guardian of such Alternate Recipient. However, if the name and address of a State or agency official has been substituted in the Order for that of the Alternate Recipient, then the reimbursement will be paid to such named official.

12.7 STATUS OF ALTERNATE RECIPIENT

An Alternate Recipient under a QMCSO generally will be considered a beneficiary of the Employee under the Plan to which the Order pertains.

12.8 TREATMENT OF NATIONAL MEDICAL SUPPORT NOTICE

If Clackamas County receives an appropriately completed National Medical Support Notice (a "National Notice") issued pursuant to the Child Support Performance and Incentive Act of 1998 in regard to an employee who is a non-custodial parent of a child, and if the National Notice is determined by Clackamas County to satisfy the QMCSO standards prescribed above, then the National Notice shall be deemed to be a QMSCO respect to such child.

Clackamas County, upon determining that the National Notice is a QMSCO, shall within forty (40) business days after the date of the National Notice notify the State agency issuing the National Notice of the following:

(a) Whether coverage of the child at issue is available under the terms of the Plan, and if so, as to whether such child is covered under the Plan; and

(b) Either the effective date of the coverage or, if necessary, any steps to be taken by the custodial parent (or by the State or agency official acting on behalf of the child) to effectuate the coverage under the Plan.

Clackamas County shall within such time period also provide to the custodial parent (or such substituted official) a description of the coverage available and any forms or documents necessary to effectuate such coverage.

Nothing in this section shall be construed as requiring the Plan, upon receipt of a National Notice, to provide benefits under the Plan (or eligibility for such benefits) in addition to benefits (or eligibility for benefits) provided under the terms of the Plan as in effect immediately before receipt of such National Notice.

13. GENERAL PROVISIONS

13.1 CONFLICTS OF PROVISIONS

In the event that one or more provisions of this document conflict with one or more provisions of any other plan document, the provisions of this document, as from time to time amended, shall control.

13.2 CONTROLLING STATE LAW

To the extent not preempted by federal laws, the laws of the State of Oregon shall apply and shall be the controlling state law in all matters relating to the Plan.

13.3 DUPLICATING PROVISIONS

If any charge is described as covered under two or more benefit provisions, the Plan will pay only under the provision allowing the greater benefit. This may require a recalculation based upon both the amounts already paid and the amounts due to be paid. The Plan has NO liability for benefits other than those this Plan provides.

13.4 FAILURE TO PROVIDE INFORMATION OR PROVIDING INCORRECT OR INCOMPLETE INFORMATION

Members warrant that all information contained in applications, questionnaires, forms, or statements submitted to Clackamas County and to Providence Health Plan to be true, correct, and complete. If a Member willfully fails to provide information required to be provided under this Plan or knowingly provides incorrect or incomplete information, then the Member's rights may be terminated. See section 9.4.

13.7 LEGAL ACTION

No civil action may be brought under state or federal law to recover benefits from the Plan until receipt of a final decision under the Member Grievance and Appeal process specified in section 7.2 of the Summary Plan Description, unless the Member's benefits under the Plan are subject to the Employee Retirement Income Security Act (ERISA), in which case the Member is permitted either to bring a civil action under ERISA in federal court after receiving a decision from the First Level of Appeal or to bring such an action after receipt of a final grievance decision. An appeal from a final Grievance decision may lie with an Independent Review Organization (IRO). In the event a right to IRO review exists and the Member elects to seek such review, the IRO decision will be binding and final, as indicated in section 7.2.4. No civil action under ERISA or otherwise may be brought later than three years after the date of the last decision rendered under the Member Grievance and Appeal process specified in section 7.2. If ERISA does not apply (see section 11.2) the action must be brought in Oregon state court, either in the Member's county of residence or such other county as mutually agreed upon between Member and the Plan. In general, ERISA applies if this is an employer-sponsored plan, other than a government plan or church plan.

13.8 LIMITATIONS AND PROVISIONS

Any benefit payable under any other employee benefits plan maintained by Clackamas County shall be paid solely in accordance with the terms and provisions of such plan, and nothing in this Plan shall operate or be construed in any way to modify, amend, or affect the terms and provisions of such other plan.

13.12 NO GUARANTEE OF EMPLOYMENT

Neither the maintenance of the Plan nor any part thereof shall be construed as giving any employee covered hereunder any right to remain in the employ of Clackamas County. No shareholder, director, officer, or employee of Clackamas County in any way guarantees to any Member or beneficiary the payment of any benefit or amount which may become due in accordance with the terms of the Plan.

13.13 NO RECOURSE FOR ACTS OF PROVIDERS

The Hospitals, Skilled Nursing Facilities, physicians and other persons or organizations providing Services to you do so as independent contractors. Neither Clackamas County nor Providence Health Plan is liable for any claim or demand due to damages arising out of, or in any manner connected with, any injuries suffered by you while receiving such Services.

13.14 NONWAIVER

No delay or failure when exercising or enforcing any right under this Plan shall constitute a waiver or relinquishment of that right, and no waiver or any default under this Plan shall constitute or operate as a waiver of any subsequent default. No waiver of any provision of this Plan shall be deemed to have been made unless and until such waiver has been reduced to writing and signed by the party waiving the provision.

Any notice required of you shall be deemed sufficient if mailed to the principal office of Providence Health Plan, P.O. Box 3125, Portland, OR 97208.

13.16 NOTICE REQUIRED FOR REIMBURSEMENT AND PAYMENT OF CLAIM

Plan payments for most Services are made directly to the providers of Services. Except as otherwise specifically provided in this Plan, if you are billed directly by an Out-of-Network Provider and you pay for benefits which are covered by this Plan, reimbursement from the Plan will be made only upon your written notice to Providence Health Plan of the payment. Payment will be made to the Member, subject to written notice of claim, or, if deceased, to the Member's estate, unless payment to other parties is authorized in writing by you. See section 6.1.1 regarding timely submission of claims.

13.17 PAYMENT OF BENEFITS TO PERSONS UNDER LEGAL DISABILITY

Whenever any person entitled to payments under the Plan is determined to be a minor or under other legal disability or otherwise incapacitated in any way so as to be unable to manage such person's financial affairs, or otherwise incapable of giving a valid receipt and discharge for any payment, the following provision shall apply. Providence Health Plan, in their discretion, may direct that all or any portion of such payments be made (i) to such person, (ii) to such person's legal guardian or conservator, or (iii) to such person's spouse or to any other person, in any manner considered advisable, to be expended for the person's benefit. PHP's decision will, in each case, be final and binding upon all persons. Any payment made pursuant to the power herein conferred shall operate as a complete discharge of the obligations under the Plan in respect thereof by Clackamas County and Providence Health Plan.

13.18 PHYSICAL EXAMINATION AND AUTOPSY

When reasonably required for purposes of claim determination, the Plan Sponsor shall have the right to make arrangements for the following examinations, at Plan expense, and to suspend the related claim determination until Providence Health Plan has received and evaluated the results of the examination:

13.19 PROFESSIONAL REVIEW AND RIGHT TO EXAMINE RECORDS

All Members, by acceptance of the benefits of this Plan, shall be deemed to have consented to the examination of medical records for purposes of utilization review, quality assurance and peer review by Providence Health Plan or their designee.

All Members, for purposes other than utilization review, quality assurance and peer review, may be required to authorize any provider to give and discuss with Providence Health Plan any information relating to any condition for which benefits are claimed under this Plan. Providence Health Plan may transfer this information between providers or other organizations who are treating you or performing a Service on our behalf. If you do not consent to the release of records or to discussions with providers, Providence Health Plan will be unable to determine the proper payment of any benefits and will deny the claims accordingly. Consent to the release of records and discussion with providers is a condition of payment of any benefits. Neither the consent to, nor the actual examination of the records or discussion with providers will constitute a guarantee of payment.

13.20 REQUIRED INFORMATION TO BE FURNISHED

Each Member must furnish to Providence Health Plan such information as they consider necessary or desirable for purposes of administering the Plan, and the provisions of the Plan respecting any payments hereunder are conditional upon the prompt submission by the Member of such true, full and complete information as may be requested.

13.21 RIGHT OF RECOVERY

Providence Health Plan, on behalf of the Plan, has the right, upon demand, to recover payments in excess of the maximum benefits specified in this Plan or payments obtained through fraud, error, or duplicate coverage. If reimbursement is not made to the Plan, Providence Health Plan is authorized by Clackamas County to deduct the overpayment from future benefit payments under this Plan.

13.22 SEVERABILITY

Invalidation of any term or provision herein by judgment or court order shall not affect any other provisions, which shall remain in full force and effect.

13.23 STATE MEDICAID BENEFITS RIGHTS

Notwithstanding any provision of the Plan to the contrary:

- Payment for benefits with respect to a Member under the Plan shall be made in accordance with any assignment of rights made by or on behalf of such Member, as required by a State Medicaid Plan;

The Employer shall be responsible for all fiduciary functions under the Plan except insofar as any such authority or responsibility is assigned by or pursuant to the Plan to another named fiduciary, or is delegated to another fiduciary by the Employer. The Employer has the discretionary authority to determine eligibility for benefits under the Plan and to interpret the terms of the Plan, unless it has delegated that authority as permitted by the Plan. In the event of such delegation, Providence Health Plan's determinations on the meaning of Plan terms may not be overturned unless found by a court to have been arbitrary and capricious. The allocation of administrative duties and the delegation of discretionary authority for the Plan is specified in the Administrative Services Agreement that has been executed by the Employer and Providence Health Plan.

14.7.1 Complete Allocation of Fiduciary Responsibilities

This section is intended to allocate to each named fiduciary the individual responsibility for the prudent execution of the functions assigned to each. The performance of such responsibilities will be deemed a several and not a joint assignment. None of such responsibilities nor any other responsibility is intended to be shared by two or more of them unless such sharing will be provided by a specific provision of the Plan. Whenever one named fiduciary is required by the Plan to follow the directions of another, the two will not be deemed to have been assigned a shared responsibility, but the responsibility of the one giving the direction will be deemed to be its sole responsibility, and the responsibility of the one receiving such direction will be to follow it insofar as such direction is on its face proper under the Plan and applicable law.

Toward that end, the Employer may appoint, employ and consult with legal counsel, actuaries, accountants, investment consultants, physicians or other advisors (who may be counsel, actuaries, accountants, consultants, physicians or other advisors for the Employer) and may also from time to time utilize the services of employees and agents of the Employer in the discharge of their respective responsibilities.

14.9 INDEMNIFICATION

The Employer will indemnify its employees for any liability or expenses, including attorneys' fees, incurred in the defense of any threatened or pending action, suit or proceeding by reason of their status as a fiduciary with respect to the Plan, to the full extent permitted by law.

14.10 AMENDMENT OR TERMINATION OF PLAN

14.10.1 Right to Amend or Terminate

The Employer reserves the right at any time and from time to time to amend or terminate in whole or in part any of the provisions of the Plan, or any document forming part of the Plan.

14.10.2 Manner of Action

Any amendment or termination of the Plan or any part of the Plan shall be made by an instrument in writing reflecting that such change has been authorized by the Employer. Any such amendment or termination shall be effective as of the date specified in said instrument, or, if no date is so specified, as of the date of execution or adoption of said instrument. An amendment may be effected by establishment, modification, or termination of the Plan by appropriate action of the Employer. Any such amendment or termination may take effect retroactively or otherwise. An instrument regarding the establishment, modification or termination of the Plan which is executed by the Chair of the Board of County Commissioners or his/her designee shall be conclusive evidence of the adoption and effectiveness of the instrument.

14.10.3 Effect on Benefits

Claims incurred before the effective date of a Plan change or termination will not be affected. Claims incurred after Plan changes will be covered according to the provisions in effect at the time the claim is incurred. Claims incurred after the Plan is terminated will not be covered. You will not be vested in any Plan benefits or have any further rights, subject to applicable law.

14.11 PROTECTED HEALTH INFORMATION

14.11.1 Disclosure

(i) The Employer shall, if feasible, return or destroy all PHI received from Providence Health Plan and retain no copies of such information when no longer needed for the purpose for which such information was received except that, if such return or destruction is not feasible, the Employer shall limit further uses and disclosures to those purposes that make the return or destruction of the information infeasible.

14.11.2 Security

In accordance with the security standards of the Health Insurance Portability and Accountability Act (HIPAA), the Employer shall:

(a) Implement administrative, physical, and technical safeguards that protect the confidentiality, integrity and availability of the electronic PHI that it creates, receives, maintains or transmits on behalf of the Plan;

(b) Ensure that the separation of access to PHI that is specified in section 14.11.1(j) above is supported by appropriate security measures;

(c) Ensure that any agent or subcontractor to whom the Employer provides PHI agrees to implement appropriate security measures to protect such information; and

Your Plan allows you to receive Covered Services from In-Network Providers through what is called your In-Network benefit. You also have the option to receive most Covered Services from Out-of-Network Providers through what is called your Out-of-Network benefit. Generally, your out-of-pocket costs will be less when you receive Covered Services from In-Network Providers. Also, In-Network Providers will work with us to Prior Authorize treatment. If you receive Covered Services from Out-of-In-Network Providers, it is your responsibility to make sure the Services listed in section 3.5 are Prior Authorized by Providence Health Plan before treatment is received.

It is your responsibility to verify whether or not a physician/provider, Hospital or other facility is participating with Providence Health Plan, and whether or not the health care is a Covered Service even if you have been directed or referred for care by an In-Network Provider.

If you are unsure about a physician/provider's, Hospital's or other facility's participation with Providence Health Plan, visit the Provider Directory, available online at http://phppd.providence.org/, before you make an appointment. You also can call Customer Service to get information about a provider's participation with Providence Health Plan and your benefits.

Whenever you visit a Provider:

- Bring your Providence Health Plan Member ID Card with you.
- Be prepared to make a Copayment at the time of visit if the office visit is subject to a Copayment.
- If your office visit is subject to a Coinsurance (a percentage of the amount billed for Services), you will most likely not be able to pay for what you owe at the time of your visit. Your provider's office will send you a bill for what you owe later. Some providers, however, may ask you to pay an estimate of what you may owe at the time you receive services, and bill or credit you for the balance later.

Confidentiality and Your Employer

In accordance with the federal privacy requirements of the Health Insurance Portability and Accountability Act (HIPAA), Providence Health Plan will not disclose a Member's protected health information (PHI) to the Employer or any agent of the Employer unless requested for the HIPAA allowed purpose of the Employer's obtaining bids from other health plans for further health coverage or for the Employer's modifying, amending, or terminating any benefit under the health plan. Providence Health Plan will only use or disclose a Member's PHI for treatment purposes, operational purposes, payment purposes, or for any reasonable purposes to which the Member has consented.

3. HOW TO USE YOUR PLAN

Our goal is maintaining your health by promoting wellness and preventive care. We encourage you to work closely with one provider, your Primary Care Provider, who can provide most of your care, suggest specialist care, and arrange for Hospital care or diagnostic testing.

This section describes how to use this Plan and how benefits are applied. The level of benefits for Covered Services is shown in the Benefit Summary and described in section 4 of this Summary Plan Description.

3.1 IN-NETWORK PROVIDERS

Providence Health Plan has contractual arrangements with certain physicians/providers, hospitals and facilities located in Oregon and southwest Washington, as well as Nationwide. Our agreements with these "In-Network Providers" enable you to receive quality health care for a reasonable cost.

For Services to be covered using your In-Network benefit, you must receive Services from In-Network Providers. It is your responsibility to verify whether or not a physician/provider, hospital or other facility is participating with us even if you have been directed or referred for care by an In-Network Provider.

3.1.1 Nationwide Network of In-Network Providers

Providence Health Plan also has contractual arrangements with certain Qualified Practitioners, Hospitals and facilities nationwide. These arrangements allow you to receive Services when using In-Network Providers, even when you are outside of Oregon and southwest Washington.

3.1.2 Choosing an In-Network Provider

To choose an In-Network Provider, or to verify if a provider is an In-Network Provider, please refer to the Provider Directory, available online at http://phppd.providence.org. If you do not have access to our website, please call Customer Service to request In-Network Provider Information.

Advantages of Using an In-Network Provider

- Your In-Network Provider will work with Providence Health Plan to arrange for any Prior Authorization requirements that may be necessary for certain Covered Services. For more information on Prior Authorization, see section 3.5.
- In most cases when you use In-Network Providers, higher benefit levels will apply and your out-of-pocket expenses will be reduced.
- You will have a wide variety of high quality In-Network Providers to help you with your health care needs.

So remember, it is to your advantage to meet your health care needs by using an In-Network Provider, including an In-Network Primary Care Provider, whenever possible.

3.1.3 Indian Health Services Providers

Native American Indian and Alaskan Native Members may also access Covered Services from Indian Health Services (IHS) facilities at no greater cost than if the Services were accessed from an In-Network Provider. For a list of IHS facilities, please visit the IHS website at www.ihs.gov, or contact the regional IHS office at:

Portland Area Indian Health Service
1414 NW Northrup St., Ste. 800
Portland, OR 97209
Telephone: 503-414-5555

3.2 THE ROLE OF A PRIMARY CARE PROVIDER

To encourage optimum health, we promote wellness and preventive care. We also believe wellness and overall health is enhanced by working closely with one physician or provider – your Primary Care Provider. Your Primary Care Provider can provide most of your care and, when necessary, coordinate care with other providers in a convenient and cost-effective manner. We recommend that upon joining Providence Health Plan you and each of your Family Members choose an In-Network Primary Care Provider as soon as possible.

3.2.1 Primary Care Providers

A Primary Care Provider is a Qualified Practitioner who specializes in family practice, general practice, internal medicine or pediatrics; a nurse practitioner; or a physician assistant, when providing services under the supervision of a physician, who agrees to be responsible for the continuing medical care by serving as case manager. Members may also choose a physician specializing in obstetrics or gynecology; a nurse practitioner; a certified nurse midwife; or a physician assistant specializing in women's health care as their Primary Care Provider. Child Members may choose a physician specializing in pediatrics as their Primary Care Provider.

Primary Care Providers provide preventive care and health screenings, medical management of many chronic conditions, allergy shots, treatment of some breaks and sprains, and care for many major illnesses and nearly all minor illnesses and conditions. Many Primary Care Providers offer maternity care and minor outpatient surgery as well.

IMPORTANT NOTE: In-Network Primary Care Providers have a special agreement with us to serve as a case manager for your care. This means not all of our In-Network Providers with the specialties listed above are In-Network Primary Care Providers. Please refer to the Provider Directory, available online, for a listing of designated In-Network Primary Care Providers or call your Customer Service team to request a hard copy.

3.2.2 Established Patients with Primary Care Providers

If you and your family already see a provider, you may want to check the provider directory to see if your provider is an In-Network Primary Care Provider for Providence Health Plan. If your provider is participating with us, let his or her office know you are now a Providence Health Plan Member.

3.2.3 Selecting a New Primary Care Provider

We recommend that you choose a Primary Care Provider from our Provider Directory, available online, for each covered Family Member. Call the provider's office to make sure he or she is accepting new patients. It is a good idea to have your previous physician or provider transfer your medical records to your new Primary Care Provider as soon as possible. The first time you make an appointment with your Primary Care Provider, let him or her know you are now a Providence Health Plan Member. On your first visit, make a list of questions or information you would like to discuss with your new Primary Care Provider, including the following:

- What are the office hours?
- How can I get medical advice after hours?
- What do I do in an emergency?

Let your Primary Care Provider know if you are under a specialist's care as well as if you are currently taking any ongoing prescription medications.

3.2.4 Changing Your Primary Care Provider

You are encouraged to establish an ongoing relationship with your Primary Care Provider. If you decide to change your Primary Care Provider, please remember to have your medical records transferred to your new Primary Care Provider.

3.2.5 Office Visits

Primary Care Providers

We recommend you see your Primary Care Provider for all routine care and call your Primary Care Provider first for urgent or specialty care. If you need medical care when your Primary Care Provider is not available, the physician/provider on call may treat you and/or recommend that you see another provider for treatment.

Specialists

Your Primary Care Provider will discuss with you the need for diagnostic tests or other specialist services; and may also recommend you see a specialist for treatment.

You also may decide to see a specialist without consulting your Primary Care Provider. Visit the Provider Directory, available online at http://phppd.providence.org, or call Customer Service to choose a specialist who is an In-Network Provider with Providence Health Plan.

If you decide to see a specialist on your own, we recommend you let your Primary Care Provider know about your decision. Your Primary Care Provider will then be able to coordinate your care and share important medical information with your specialist. In addition, we recommend you let your specialist know the name and contact information of your Primary Care Provider.

Whenever you visit a specialist:

- Bring your Providence Health Plan Member ID Card.
- Understand that in most cases, your out-of-pocket costs will be a percent of the charges for services. Your provider's office will send you a bill for the amount you owe. Some providers, however, may ask you to pay an estimate of what you may owe at the time you receive services, and will bill or credit you the balance later. (For certain Plans, there is a Member Copayment for specialist visits instead of a Coinsurance. If you are on one of these Plans, you will need to pay your Member Copayment at the time of your visit. Please check your Benefit Summary for your specific coverage information.)

Alternative Care Providers

This Plan includes coverage for office visits to alternative care providers as listed in your Benefit Summary. See section 15 for the definition of Alternative Care Provider. For coverage of chiropractic manipulation and acupuncture, see sections 4.12.9, 4.12.10 and your Benefit Summary.

3.3 SERVICES PROVIDED BY OUT-OF-NETWORK PROVIDERS

As a Member of this Plan, you may choose to receive Covered Services from Out-of-Network Qualified Practitioners and facilities using your Out-of-Network benefit.

Benefits for Covered Services by an Out-of-Network Provider will be provided as shown in the Benefit Summary. (See section 3.5 for Prior Authorization requirements.)

Generally, when you receive Services from Out-of-Network Providers, your Copayments and Coinsurance will be higher than when you see In-Network Providers.

IMPORTANT NOTE: Your Plan only pays for Covered Services received from Out-of-Network Providers at Usual, Customary, and Reasonable rates (UCR) (see Section 15, Definitions). If an Out-of-Network Provider charges more than the UCR rates allowed under your Plan, that provider may bill you directly for the additional amount that is not covered by your Plan. That amount is in addition to any Deductible, Copayment, or Coinsurance for which you may be responsible, and does not accrue to your Out-of-Pocket Maximum.

If you choose to receive Covered Services from an Out-of-Network Provider, those Services are still subject to the terms of this Summary Plan Description. Your Plan will only pay for Medically Necessary Covered Services. No matter what type of provider you see, the treatments, supplies, and medications excluded by this Plan are not covered.

If the provider you choose is Out-of-Network, it is important for you to understand that Providence Health Plan has not assessed the provider's credentials or quality; nor has Providence Health Plan reviewed and verified the Out-of-Network Provider's qualifications and history for information such as: relevant training, licensure, certification, and/or registration to practice in a health care field, and academic background. Additionally, the Out-of-Network Provider will not have been assessed by Providence Health Plan to verify that the provider meets certain criteria relating to professional competence and conduct and as such is not guaranteed to follow your benefit plan, rules, regulations, or guidelines with regard to standards of care nor standards of documentation and billing.

Some Services are only covered under your In-Network benefit:

- Virtual Visits (see section 4.3.2).
- E-mail Visits (see section 4.3.3).
- Temporomandibular Joint (TMJ) Services (see section 4.12.7).
- Tobacco Use Cessation Services (see section 4.1.8).
- Human Organ/Tissue Transplants (see section 4.13).
- Any item listed in your Benefit Summary as "Not Covered" Out-of-Network.

Payment for Out-of-Network Physician/Provider Services (UCR)

After you meet your Deductible, if applicable, and if the Services provided are Medically Necessary Covered Services, we will provide payment to Out-of-Network Providers according to Usual, Customary and Reasonable (UCR) charges. UCR charges do not include sales taxes, handling fees and similar surcharges; such taxes, fees and surcharges are not covered expenses. Charges which exceed UCR are the Member's responsibility and are not applied to the Out-of-Pocket Maximum. See section 15 for the definition of UCR.

You will be responsible for costs that are not covered or allowed by your Out-of-Network benefits as shown in the following example (amounts shown are only estimates of what may apply).

	Provider's Status	
Item	In-Network	Out-of-Network
Provider's standard charges	$100	$100
Allowable charges under this Plan	$80 (contracted)	$80 (if that is UCR)
Plan benefits (for this example only)	$64 (if 80% benefit)	$56 (if 70% benefit)
Balance you owe	$16	$24
Additional amount that the provider may bill to you	$-0-	$20 ($100 minus $80)
Total amount you would pay	$16	$44 ($24 plus $20)

Thus, you may incur significantly larger out-of-pocket costs, perhaps a multiple of what would have applied, if you use Out-of-Network Physicians or Providers.

Payment for Covered Services Provided Before Disposition of Criminal Charges

If you are in the custody of an Oregon state or local corrections agency pending the disposition of criminal charges brought by an Oregon county, we will reimburse the custodial county for the costs of Covered Services or supplies rendered before the disposition of charges, in an amount that is no less than 115 percent of the Medicare rate for the service or supply, except for renal dialysis which will be reimbursed in accordance with the terms of the Plan for Out-of-Network dialysis providers.

The following Services and Supplies are excluded from coverage under this section:

- Diagnostic tests or health evaluations required by the corrections agency, as a matter of course, for all individuals who are in the custody of the county pending the disposition of charges;
- Hospital and ambulatory surgical center services, except as rendered by an In-Network provider.

3.4 NOTICE OF PROVIDER TERMINATION

When an In-Network Provider whose contract of participation with us terminates, we will notify those Members who we know are under the care of the terminated provider within 10 days of the termination date or of our knowledge of the termination date.

3.5 PRIOR AUTHORIZATION

While Prior Authorization is a requirement for coverage of certain Services under this Plan, Prior Authorization is not a treatment directive. The actual course of medical treatment that a Member chooses remains strictly a matter between the Member and the provider and is separate from the Prior Authorization requirements of this Plan. Prior Authorization is not a guarantee of benefit payment under this Plan and Prior Authorization does not supersede other specific provisions of this Plan regarding coverage, limitations, exclusions and Medical Necessity.

Services received from In-Network Providers:
When Services are received from an In-Network Provider, the In-Network Provider is responsible for obtaining Prior Authorization.

Services received from Out-of-Network Providers:
When Services are received from an Out-of-Network Provider, the Member is responsible for obtaining Prior Authorization. You or your Out-of-Network provider must contact us to obtain Prior Authorization. See section 3.3 for additional information about Out-of-Network Providers.

If an Emergency Medical Condition exists which prevents you from obtaining Prior Authorization, Providence Health Plan must be notified within 48 hours following the onset of treatment, or as soon as reasonably possible, to continue coverage of these Services.

Prior Authorization Requests for Out-of-Network Services:
The Member or the Out-of-Network Provider must call us at 1-800-638-0449 to obtain Prior Authorization. Please have the following information ready when calling to request a Prior Authorization:

- The Provider's name, address, and telephone number.
- The name of the Hospital or treatment facility.
- The scheduled date of admission or date Services are to begin.
- The Service(s) to be performed.

Failure to Obtain Prior Authorization:
If you do not obtain Prior Authorization for Services received from an Out-of-Network Provider, as specified in section 3.3, a 50% **penalty,** not to exceed $2,500 for each Covered Service, will be applied to the claim.

Should Providence Health Plan determine that we would have covered the Service had Prior Authorization been obtained, benefits will be applied to the remaining claim balance after the Prior Authorization Penalty is assessed. The **penalty** does **NOT** apply to the Deductible, if any, or to the Out-of-Pocket Maximum shown in the Benefit Summary.

3.6 TRAVEL EXPENSE REIMBURSEMENT

Subject to Prior Authorization, if you are unable to locate an In-Network Provider to provide Medically Necessary Covered Services for your specific condition within 50 miles of your home, the Plan will reimburse your travel expense to the nearest In-Network Provider within 300 miles of your home. If an overnight stay is required, food and lodging are reimbursable up to $150 per diem (per day). Per diem expenses apply to the $1,500 travel expenses reimbursement maximum. (Note: Transplant Covered Services include a separate travel expense benefit; see section 4.13.1).

3.7 MEDICAL COST MANAGEMENT

Coverage under this Plan is subject to the medical cost management protocols established by us to ensure the quality and cost effectiveness of Covered Services. Such protocols may include Prior Authorization, concurrent review, case management and disease management.

The Plan reserves the right to deny payment for Services that are not Medically Necessary in accordance with the criteria maintained by Providence Health Plan. When more than one medically appropriate alternative is available, Providence Health Plan will approve the least costly alternative.

In accordance with Providence Health Plan's medical cost management protocols and criteria specified in this paragraph, Providence Health Plan may approve substitutions for Covered Services under this Plan.

A Substituted Services must:

1. Be Medically Necessary;
2. Have your knowledge and agreement while receiving the Service;
3. Be prescribed and approved by your Qualified Practitioner; and
4. Offer a medically therapeutic value at least equal to the Covered Service that would otherwise be performed or given.

The Plan's coverage of a Substituted Service for any Member does not obligate the Plan to:

- Cover a Substituted Service for any other Member;
- Continue to cover a Substituted Service beyond the term of the agreement between the Plan and the Member; or
- Cover any Substituted Service for the Member, other than as specified in the agreement between the Plan and the member.

Substituted Services that satisfy the requirements of this section are Covered Services for all purposes under this Plan.

A Substituted Service may be disallowed at any time by sending a 30-day advance written notice to you and your Qualified Practitioner.

3.7.1 Coverage of New Technology and New Application of Existing Technology

New technologies and new applications of existing technologies are evaluated and approved for coverage when they provide a demonstrable benefit for a particular illness or disease, are scientifically proven to be safe and most effective, and there is no equally effective or less costly alternative.

Emerging and innovative technologies are monitored by Providence Health Plan through review of trend reports from technology assessment bodies, government publications, medical journals, and information provided by providers and professional societies.

A systematic process for evaluating a new technology or new application of an existing technology is proactively initiated when sufficient scientific information is available.

Providence Health Plan has developed standards to guide the evaluation process and to ensure appropriate coverage determinations. New technology must minimally meet the following guidelines to be approved for coverage:

- Technology must improve health outcomes. The beneficial effects must outweigh any harmful effects on health outcomes. It must improve the length of life, ability to function or quality of life.
- Technology must be as beneficial as any established alternative. It should improve the net health outcome as much, or more, than established alternatives.
- Application of technology must be appropriate, in keeping with good medical standards, and useful outside of investigational settings.
- Technology must meet government approval to market by appropriate regulatory agency as applicable.
- Criteria must be supported with information provided by well-conducted investigations published in peer-reviewed journals. The scientific evidence must document conclusions that are based on established medical facts.
- Opinions and evaluations of professional organizations, panels, or technology assessment bodies are evaluated based on the scientific quality of the supporting evidence.

Technology Evaluation Process

A committee of medical directors with physician specialist advisors evaluates all new technology and determines coverage based on evidence for safety and efficacy. The committee relies upon a thorough review of pertinent medical literature and utilizes national technology review services that provide independent analysis of a new technology.

Expedited Review

Requests for coverage of new technology may occur before formal policy has been developed. In these cases, an expedited review is implemented and a decision made on a case-by-case basis. This is separate and distinct from the problem resolution procedure set forth in section 7.

3.8 MEDICALLY NECESSARY SERVICES

We believe our Members are entitled to comprehensive medical care within the standards of good medical practice. Providence Health Plan's medical directors and special committees of In-Network Providers determine which Services are Medically Necessary, as defined in section 15. Services that do not meet Medically Necessary criteria will not be covered.

- ***Example:*** *Your provider suggests a treatment using a machine that has not been approved for use in the United States. We probably would not pay for that treatment.*
- ***Example:*** *You go to a hospital emergency room to have stitches removed, rather than wait for an appointment in your doctor's office. The Plan would not pay for that visit.*
- ***Example:*** *You stay an extra day in the hospital only because the relative who will help you during recovery cannot pick you up until the next morning. We may not pay for the extra day.*

Although a treatment was prescribed or performed by a Qualified Practitioner, it does not necessarily mean that it is Medically Necessary under our guidelines. Obtaining confirmation of coverage from Providence Health Plan beforehand is always recommended.

3.9 APPROVED CLINICAL TRIALS

Benefits are provided for Covered Services directly related to a Member's participation in an Approved Clinical Trial. If your Approved Clinical Trial is available through both Network and Out-of-Network providers, the Plan will require you to participate through an In-Network Provider.

Covered Services include the routine patient costs for items and services received in connection with the Approved Clinical Trial, to the extent that the items and services are otherwise Covered Services under the Plan.

The following costs are excluded:

- The cost of the investigational item, device or service;
- The cost of items and services provided solely to satisfy data collection and analysis needs and that are not used in direct clinical management; and
- The cost for a service that is clearly inconsistent with widely accepted and established standards of care for a particular diagnosis.

The Plan does not discriminate against a Member who participates in a clinical trial, whether or not the trial is an Approved Clinical Trial. The Plan provides benefits for services unrelated to a clinical trial to the extent that the services are otherwise Covered Services under the Plan.

3.10 HOW BENEFITS ARE APPLIED

Benefits are subject to the following provisions, if applicable, as specified in the Benefit Summary:

1. The Deductible;
2. The Copayment or Coinsurance amount; and
3. The benefit limits and/or maximums.

3.11 DEDUCTIBLES AND OUT-OF-POCKET MAXIMUMS

Your Plan has a Deductible and an Out-of-Pocket Maximum, as stated in your Benefit Summary.

Deductible amounts apply to Out-of-Pocket Maximums.

3.11.1 Understanding Deductibles

Your Deductible is the dollar amount shown in the Benefit Summary that you are responsible to pay every Calendar Year when receiving most Covered Services before benefits are provided by us. Deductible amounts are payable to your Qualified Practitioner after we have processed your claim.

Certain Covered Services, such as most In-Network preventive care, are covered without a Deductible. Please see your Benefit Summary for information about these Services.

Common In-Network and Out-of-Network Deductible: Your Plan has a **Common Deductible**, as listed in your Benefit Summary. **A Common Deductible applies to both In-Network and Out-of-Network benefits**. The Common Deductible can be met by using In-Network or Out-of-Network benefits, or a combination of both.

Individual Deductible: An Individual Deductible is the amount shown in the Benefit Summary that must be paid by a Member before the Plan provides benefits for Covered Services for that Member.

Family Deductible: The Family Deductible is the amount shown in the Benefit Summary that applies when two or more Family Members are enrolled in this Plan, and is the maximum Deductible that enrolled Family Members must pay. All amounts paid by Family Members toward their Individual Deductibles apply toward the Family Deductible. When the Family Deductible is met, no further Individual Deductibles will need to be met by any enrolled Family Members.

Note: No Member will ever pay more than an Individual Deductible before the Plan begins paying for Covered Services for that Member.

Your Costs that Do Not Apply to Deductibles: **The following out-of-pocket costs do not apply towards Your Individual and Family Deductibles:**

- Services not covered by this Plan.
- Services in excess of any maximum benefit limit.
- Fees in excess of the Usual, Customary and Reasonable (UCR) charges.
- Any penalties you must pay if you do not follow Providence Health Plan's Prior Authorization requirements.
- Copayments or Coinsurance specified as not applicable toward the Deductible in any Benefit Summary issued with this Plan.

3.11.2 Understanding Out-of-Pocket Maximums

Out-of-Pocket Maximums are the total amount you will pay out-of-pocket in any Calendar Year for Covered Services received under this Plan. See your Benefit Summary.

Common In-Network and Out-of-Network Out-of-Pocket Maximum: Your Plan has a Common In-Network and Out-of-Network Out-of-Pocket Maximum, as listed in your Benefit Summary. The Common Out-of-Pocket Maximum can be met by payments you make for Covered Services using In-Network and Out-of-Network benefits.

Individual Out-of-Pocket Maximum: Individual Out-of-Pocket Maximum means the total amount of Copayments, Coinsurance and Deductible that a Member must pay in a Calendar Year, as shown in the Benefit Summary, before the Plan begins to pay 100% for Covered Services for that Member within that Calendar Year.

FamilyOut-of-Pocket Maximum: Family Out-of-Pocket Maximum means the total amount of Copayments, Coinsurance and Deductible that a family of two or more must pay in a Calendar Year, as shown in the Benefit Summary, before the Plan begins to pay 100% for Covered Services for enrolled Family Members. When the combined Copayment, Coinsurance and Deductible expenses of enrolled Family Members meet the family Out-of-Pocket Maximum, all remaining individual Out-of-Pocket Maximums will be waived for the family for that Calendar Year.

Note: Once any Member meets the Individual Out-of-Pocket Maximum, the Plan will begin to pay 100% for Covered Services for that Member.

Your Costs that Do Not Apply to Out-of-Pocket Maximums: **The following out-of-pocket costs do not apply toward your Individual and Family Out-of-Pocket Maximums:**

- Services not covered by this Plan;
- Services not covered because Prior Authorization was not obtained, as required in section 3.5;
- Services in excess of any maximum benefit limit;
- Fees in excess of the Usual, Customary and Reasonable (UCR) charges;
- Deductibles, Copayments or Coinsurance for a Covered Service if indicated in any Benefit Summary as not applicable to the Out-of-Pocket Maximum; and
- Any penalties you must pay if you do not follow Providence Health Plan's Prior Authorization requirements.

IMPORTANT NOTE: Some Benefits are NOT eligible for 100% benefit coverage. The Copayment or Coinsurance for these Services, as shown in the Benefit Summary, remains in effect throughout the Calendar Year.

4.3 PROVIDER SERVICES

4.3.1 Office Visits, Inpatient and Outpatient Hospital Visits, and Home Visits

Office visits, inpatient and outpatient Hospital visits and home visits with a Qualified Practitioner are covered as shown in your Benefit Summary. Copayments and Coinsurances, as shown in your Benefit Summary, apply to all provider visits except those that: (a) are part of a course of maternity care; (b) are for conditions for which this Plan contains a separate and specific Copayment or Coinsurance amount; or (c) are ancillary to the visit and are billed by the Qualified Practitioner. Some services provided by your Qualified Practitioner during your visit may result in additional Member financial responsibility.

For example – You see your Primary Care Provider for an office visit and during your visit your provider swabs your throat for a throat culture. You would pay your office visit Copayment or Coinsurance and would also need to pay the Laboratory Services Copayment or Coinsurance for the throat culture. See your Benefit Summary for details.

Your Benefit Summary also lists different Copayments or Coinsurance that may apply for other specific services, such as allergy shots, maternity care, and diagnostic services. See your Benefit Summary for details.

If you are unable to keep a scheduled office appointment with your provider, please try to notify that office in advance. If not, you may be charged for the missed appointment. Providence Health Plan will not cover this expense.

4.3.2 Virtual Visits

The Plan provides coverage for Virtual Visits with In-Network Providers using secure internet technology:

- Phone and Video Visits: Phone and Video Visits are covered as shown in your Benefit Summary. All Phone and Video Visits must be Medically Necessary and received from In-Network Providers. - Web-direct Visits: Web-direct Visits for common conditions such as cold, flu, sore throat, allergy, ear ache, sinus pain, or UTI are covered as shown in your Benefit Summary. The Member completes a questionnaire to describe the common condition. The questionnaire is reviewed by an In-Network Provider who makes a diagnosis and sends a treatment plan back to the Member. If needed, a prescription is sent to the Member's pharmacy. All Web-direct Visits must be Medically Necessary and received from authorized In-Network Providers.

4.3.3 E-mail Visits

E-mail Visits are covered in full and must be received from In-Network Providers. Not all In-Network Providers offer E-mail Visits. In-Network Providers who are authorized to provide E-mail Visits have agreed to use Internet security technology approved by us to protect your information from unauthorized access or release. To be eligible for the E-mail Visit benefit, you must have had at least one prior office visit with your In-Network Provider within the last 12 months.

Covered E-mail Visits include, but are not limited to:

- Communications of a new or existing diagnosis or treatment when the equivalent service received through an office visit would have led to a claims submission to be covered by the Plan;
- Communications by the In-Network Provider about the management of complex chronic conditions that require extensive education and ongoing monitoring;
- Communications of treatment for relapses of a previous condition that involve extended dialogue and significant physician time and judgment;
- Discussion of lab results that require significant changes in medication or further testing; and
- Extended counseling when person-to-person contact would involve an unwise delay.

Examples of e-mail communications that do not qualify as E-mail Visits include, but are not limited to:

- Renewing prescriptions;
- Scheduling tests;
- Scheduling appointments;
- Reporting normal test results;
- Recommending a referral to another physician;
- A consultative message exchange from a patient who is seen in-person immediately afterward as a result of the consultative message;
- A brief follow-up of an office visit, medical procedure or other treatment to confirm stable condition;
- A brief discussion to confirm stability of a chronic problem and continuity of present management of the problem; and
- All communications in connection with Mental Health or Substance Abuse Covered Services (as provided in section 4.10).

4.3.4 Telemedical Services

Telemedical Services are covered at the applicable benefit level for the Covered Service, as shown in the Benefit Summary, had the Service been received in person provided that the Service:

- Is Medically Necessary;
- Is provided by a Qualified Practitioner;
- Is determined to be safely and effectively provided using synchronous two-way interactive video conferencing according to generally accepted health care practices and standards; and
- The application and technology used to provide the Telemedical Service meet all standards required by state and federal laws governing the privacy and security of protected health information.

For Members utilizing Telemedical Services for the treatment of diabetes where one of the participants is a representative of an academic health center, coverage is provided when Services are delivered through a two-way electronic communication. This includes, but is not limited to, video, audio, Voice over Internet Protocol, or transmission of telemetry, that allows a health professional to interact with the Member, a parent or guardian of a Member, or another health professional on a Member's behalf, who is at an originating site.

Some injectable medications may require Prior Authorization, as listed in the Medical benefit drug prior authorization list available on our website at https://healthplans.providence.org/members/pharmacy-resources/Pages/default.aspx or by calling Customer Service. See section 4.7.1 for coverage of infusion at Outpatient Facilities.

4.3.6 Administration of Anesthesia and Surgical Procedures

Benefits include the administration of anesthesia and surgical procedures, including assistant surgeon and post-operative care.

4.3.7 Immediate Care

Immediate Care is an extension of your Primary Care Provider's office, and provides additional access to treatment you need right away for an illness or injury that is not life threatening. This includes, but is not limited to, minor sprains, minor cuts and burns, and ear, nose, and throat infections. Routine care, like periodic health exams and well-baby care, should be delayed until you can be seen by your Primary Care Provider.

Whenever you need immediate care, call your Primary Care Provider first. Your Primary Care Provider or the provider-on-call is always available, day or night. He or she may either suggest that you be seen at your Primary Care Provider's office, or direct you to an immediate care center, Urgent Care, or emergency care facility. See section 4.5 for coverage of Emergency Care and Urgent Care Services.

Please be prepared to pay the Copayment/Coinsurance, as shown in your Benefit Summary, at the time you receive care. You are also responsible for the applicable Copayment/Coinsurance shown in the Benefit Summary for any ancillary Services received, such as lab tests and X-rays, billed by the Immediate Care Provider.

4.3.8 Retail Health Clinics

Coverage is provided as shown in the Benefit Summary for Covered Services obtained at Retail Health Clinics. Retail Health Clinics can provide diagnosis and treatment services for uncomplicated minor illnesses and injuries, like sore throats, ear aches, and sprains. All Covered Services must be Medically Necessary and appropriate and received from Qualified Practitioners. Not all services are available at Retail Health Clinics.

4.4 DIAGNOSTIC SERVICES

Covered Services include contrast materials (dyes) that may be required for a diagnostic procedure.

4.4.2 Sleep Study Services

Benefits are as shown in the Benefit Summary and include coverage of Medically Necessary polysomnography (PSG). PSG is an overnight sleep test performed at home or in a sleep laboratory. The test is used to confirm a sleep disorder and to determine the appropriate treatment. Services must be Prior Authorized.

The following diagnostics are excluded: actigraphy, daytime nap polysomnography, cephalographic or tomographic X-rays for diagnosis or evaluation of an oral device, and acoustic pharyngometry.

4.5 EMERGENCY CARE AND URGENT CARE SERVICES

Benefits for Emergency Care and Urgent Care Services are provided as described below and shown in your Benefit Summary. Emergency Care Services are provided both in and out of the Service Area. If an emergency situation should occur, you should take immediate action and seek prompt medical care. You should call 911, or the emergency number listed in the local telephone directory or go to the nearest Hospital emergency department.

4.5.1 Emergency Care

A medical emergency is a sudden unexpected illness or injury that you believe would place your life in danger or cause serious damage to your health if you do not seek immediate medical treatment. Medical emergencies include, but are not limited to:

- Heart attack
- Stroke
- Poisoning
- Loss of consciousness
- Unexpected premature childbirth
- Acute abdominal pain
- Severe chest pain
- Serious burn
- Bleeding that does not stop
- Medically Necessary detoxification

Coverage is provided without Prior Authorization for Emergency Medical Screening Exams and stabilization of an Emergency Medical Condition. Hospitalization for an Emergency Medical Condition requires notification to Providence Health Plan within 48 hours, or as soon as reasonably possible following the onset of treatment, in order for coverage to continue.

Definitions:

"Emergency Medical Condition" is a medical condition that manifests itself by acute symptoms of sufficient severity that a prudent layperson, possessing an average knowledge of health and medicine, would reasonably expect that failure to receive immediate medical attention would:

- Result in serious impairment to bodily functions;
- Result in serious dysfunction of any bodily organ or part;
- Place the health of a person, or an unborn child in the case of a pregnant woman, in serious jeopardy;
- With respect to a pregnant woman who is having contractions, for which there is inadequate time to effect a safe transfer to another hospital before delivery or for which transfer may pose a threat to the health or safety of the woman or the unborn child; or
- That is a behavioral health crisis.

"*Emergency Services*" means, with respect to an Emergency Medical Condition:

- An Emergency Medical Screening Exam or behavioral health assessment that is within the capability of the emergency department of a hospital, including ancillary services routinely available to the emergency department to evaluate such Emergency Medical Condition; and
- Such further medical examination and treatment as are required under the Emergency Medical Treatment and Active Labor Act (42 U.S.C. 1395dd) to stabilize a patient, to the extent the examination and treatment are within the capability of the staff and facilities available at the Hospital.

"*Emergency Medical Screening Exams*" include medical history, examination, ancillary tests and medical determinations required to ascertain the nature and extent of an Emergency Medical Condition.

Your Plan covers Emergency Services in the emergency room of any Hospital. **Emergency room Services are covered when your medical condition meets the guidelines for emergency care as stated above. Coverage includes Services to stabilize an Emergency Medical Condition and Emergency Medical Screening Exams.**

If you or a Family Member believes that immediate assistance is needed for an Emergency Medical Condition, **call 911 or go to the nearest emergency room**. Tell the emergency personnel the name of your Primary Care Provider and show them your Member ID Card.

Call your Primary Care Provider any time, any day of the week. Your Primary Care Provider or the provider-on-call will tell you what to do and where to go for the most appropriate care.

Please be prepared to pay your Copayment/Coinsurance, as shown in your Benefit Summary, at the time you receive care. You are responsible for the Copayment/Coinsurance for each Hospital emergency room visit.

If you are admitted to the Hospital from the emergency room, your emergency Services Copayment/Coinsurance does not apply and all Services are subject to the Inpatient Services benefit shown in your Benefit Summary.

When you are admitted to an Out-of-Network Hospital from the emergency room, your Inpatient Services are covered under your In-Network benefit until your condition becomes stable. Once your condition is stabilized, Providence Health Plan will work with you to arrange transfer to an In-Network facility. This process is called "repatriation."

If you decline transfer to an In-Network facility once we have determined that repatriation is medically appropriate, the additional days spent at the Out-of-Network Hospital will be subject to your Out-of-Network benefits.

The Plan does not pay for emergency room treatment for medical conditions that are not medical emergencies. Do not go to the emergency room for care that should take place in your provider's office. Routine care for sore throats, common colds, follow-up care, and prescription drug requests are not considered to be emergencies.

4.5.2 Emergency Medical Transportation

Benefits include Services for emergency medical transportation by state certified ambulance and certified air ambulance transportation. Ambulance Services are provided for transportation to the nearest facility capable of providing the necessary care or to a facility specified by Providence Health Plan.

4.5.3 Emergency Eye Care Services

Covered Services include the initial care for Emergency Medical Conditions resulting from an injury to or illness of the eye(s). Members may receive Services directly from an optometrist or ophthalmologist or from a Hospital emergency room.

4.5.4 Emergency Detoxification Services

Medically Necessary detoxification will be treated as an Emergency Medical Condition when the Member is not enrolled in a Substance Abuse treatment program, as stated in section 4.10.3, at the time Services are received. Prior Authorization is not required for emergency treatment; however, Providence Health Plan or our authorizing agent must be notified within 48 hours following the onset of treatment, or as soon as reasonably possible, in order for coverage to continue. If a Member is to be transferred to an In-Network Provider for continued inpatient care, the cost of Medically Necessary transportation will be covered. Continuing or follow-up care is not a Covered Service unless Prior Authorized by Providence Health Plan or their authorizing agent.

4.5.5 Urgent Care

Urgent Care is treatment you need right away for an illness or injury that is not life threatening. This includes, but is not limited to, minor sprains, minor cuts and burns, and ear, nose, and throat infections. Routine care that can be delayed until you can be seen by a physician or provider in his or her office is not Urgent Care.

Whenever you need urgent care, call your Primary Care Provider first. Your Primary Care Provider or the provider-on-call is always available, day or night. He or she may either suggest that you come to the office or go to an emergency room or Urgent Care center. If you can be treated in your provider's office or at an In-Network Urgent Care center your out-of-pocket expense will usually be lower.

Please be prepared to pay the Copayment/Coinsurance, as shown in your Benefit Summary, at the time you receive care. You are also responsible for the applicable Copayment/Coinsurance shown in the Benefit Summary for any ancillary Services received, such as lab tests and X-rays, billed by the Qualified Provider.

If you are admitted to an Out-of-Network Hospital, you, or a relative, should call Providence Health Plan within 48 hours or as soon as reasonably possible.

When you are admitted to an Out-of-Network Hospital from an Urgent Care facility, your Inpatient Services are covered under your In-Network benefit until your condition becomes stable. Once your condition is stabilized, Providence Health Plan will work with you to arrange transfer to an In-Network facility. This process is called "repatriation."

If you decline transfer to an In-Network facility once we have determined that repatriation is medically appropriate, the additional days spent at the Out-of-Network Hospital will be subject to your Out-of-Network benefits.

Not all Out-of-Network facilities will file a claim on a Member's behalf. If you receive urgent care Services from an Out-of-Network facility, you must submit a claim if the facility or provider does not submit it for you. See section 6.1.1.

6. Treatment of medical complications directly resulting from the surgery performed to obtain the organ or tissue for a period of time not to exceed 30 consecutive days following that surgery.

4.13.2 Benefits for Transplant Facility Services Provided to the Organ Recipient

The Member/recipient is responsible for the Deductible, Coinsurance or Copayment amounts for pre-transplant services and post-transplant services at the applicable Inpatient Hospital Services and Outpatient Facility Services benefit.

The transplant procedure and related inpatient services are billed at a Global Fee. The Global Fee can include facility, professional, organ acquisition, and inpatient day charges. It does not include pre-transplant and post-transplant services. The Member/recipient is responsible for the Deductible, Coinsurance or Copayment amounts for the Global Fee at the applicable Inpatient Hospital Service benefit.

The Global Fee and the pre-transplant and post-transplant Services apply to the Member's Out-of-Pocket Maximum.

4.13.3 Benefits for Outpatient Medications

Outpatient prescription medications for transplant-related Services, including anti-rejection (immunosuppressive) drugs, are not eligible for reimbursement under the medical benefits of this Plan. Benefits for outpatient prescription drugs are provided under this Plan's Prescription Drug Benefit and those benefits are subject to the terms and limitations of that Benefit.

4.13.4 Benefits for Physician/Provider Services Provided to the Organ Recipient

Benefits for physician/provider Services are provided as shown in the Benefit Summary. The Member/recipient is responsible for the Deductible, Coinsurance or Copayment amounts for those Services, as shown in the Benefit Summary, unless those Services are billed as a global fee with the facility Services, and those amounts will apply to the Member's Out-of-Pocket Maximum.

4.13.5 Transplant Prior Authorization

4.14 PRESCRIPTION DRUG BENEFIT

The Prescription Drug Benefit provides coverage for prescription drugs which are Medically Necessary for the treatment of a covered illness or injury and which are dispensed by a Participating Pharmacy pursuant to a prescription ordered by a Qualified Practitioner for use on an outpatient basis, subject to your Plan's benefits, limitations and exclusions.

Prescription Drug Definition

The following are considered "Prescription Drugs":

1. Any medicinal substance which bears the legend, "RX ONLY" or "Caution: federal law prohibits dispensing without a prescription";
2. Insulin;
3. Any medicinal substance of which at least one ingredient is a federal legend drug in a therapeutic amount; and
4. Any medicinal substance which has been approved by the Oregon Health Evidence Review Commission as effective for the treatment of a particular indication.

4.14.1 Using Your Prescription Drug Benefit

Your Prescription Drug Benefit requires that you fill your prescriptions at a Participating Pharmacy.

You have access to Providence Health Plan's nationwide broad pharmacy network as published in our pharmacy directory.

Providence Health Plan Participating Pharmacies are those pharmacies that maintain all applicable certifications and licenses necessary under state and federal law of the United States and have a contractual agreement with us to provide Prescription Drug Benefits.

Participating Pharmacies are designated as retail, preferred retail, specialty and mail-order Pharmacies. To view a list of Participating Pharmacies, visit our website at www.ProvidenceHealthPlan.com. You also may contact Customer Service at the telephone number listed on your Member ID Card.

- Please present your Member ID Card to the Participating Pharmacy at the time you request Services. If you have misplaced or do not have your Member ID Card with you, please ask your pharmacist to call us.
- All covered Services are subject to the Copayments or Coinsurance listed in the Benefit Summary.
- If you choose a brand-name drug when a generic-equivalent is available, any difference in cost for Prescription Drug Covered Services will not apply to your Calendar Year Deductibles and Out-of-Pocket Maximums.
- Participating Pharmacies may not charge you more than your Copayment or Coinsurance. Please contact Customer Service if you are asked to pay more or if you, or the pharmacy, have questions about your Prescription Drug Benefit or need assistance processing your prescription.
- Copayments or Coinsurance are due at the time of purchase. If the cost of your Prescription Drug is less than your Copayment, you will only be charged the cost of the Prescription Drug.
- You may be assessed multiple Copayments for multi-use or unit-of-use container or package depending on the medication and the number of days supplied.
- You may purchase up to a 90-day supply of each maintenance drug at one time using a Participating mail service or preferred retail Pharmacy. Not all drugs are covered for more than a 30-day supply, including compounded medications, drugs obtained from specialty pharmacies, and limited distribution pharmaceuticals. To purchase prescriptions by mail, your physician or provider can call in the prescription or you can mail your prescription along with your Providence Health Plan Member ID number to one of our Participating mail-order Pharmacies. To find our Participating mail-order Pharmacies, please visit our website at www.ProvidenceHealthPlan.com. (Not all prescription drugs are available through our mail-order pharmacies.)

- Diabetes supplies and inhalation extender devices may be obtained at a Participating Pharmacy. However, these items are considered medical supplies and devices and are subject to your Medical Supplies benefits, limitations and Copayments and/or Coinsurances. See section 4.9.1 and your Benefit Summary. Diabetes supplies do not include glucometers and insulin pump devices, which are covered under your Durable Medical Equipment benefit, section 4.7.4.
- Self-administered chemotherapy drugs are covered under section 4.12.8 unless the benefits under this Prescription Drug Benefit allow for a lower out-of-pocket cost to you.
- Injectable medications received in your Provider's office are covered under section 4.3.5.
- Infusions, including infused medications, received at Outpatient Facilities are covered under section 4.7.1.
- Some prescription drugs require Prior Authorization or an exception to the Formulary in order to be covered. These may include select formulary agents, non-formulary agents, step therapy, and/or quantity limits as listed in the Providence Health Plan Prescription Drug Formulary available on our website at www.ProvidenceHealthPlan.com or by contacting Customer Service.
- Providence Health Plan will provide Members prescription synchronization services for maintenance medications. Upon Member or provider request, the Plan will coordinate with Members, providers, and the dispensing pharmacy to synchronize maintenance medication refills so Members can pick up maintenance medications on the same date. Members will be responsible for applicable Copayments, Coinsurances, and Deductibles.

4.14.2 Use of Out-of-Network Pharmacies

On rare occasions, such as urgent or emergency situations, you may need to use an Out-of-Network Pharmacy. If this happens, you will need to pay full price for your prescription at the time of purchase.

To request reimbursement, you will need to fill out and submit to us a Prescription Drug Reimbursement form. This form is available on our website or by contacting Customer Service. When you submit the completed Prescription Drug Reimbursement form, include any itemized pharmacy receipts, along with an explanation as to why you used an Out-of-Network Pharmacy. Submission of a claim does not guarantee payment.

If your claim is approved, the Plan will reimburse you the cost of your prescription up to our Participating Pharmacy contracted rates, less your Copayment or Coinsurance if applicable. Reimbursement is subject to your Plan's limitations and exclusions. You are responsible for any amounts above our contracted rates**.**

International prescription drug claims will only be covered when prescribed for emergent conditions and will be subject to your medical Emergency Services benefit and any applicable Plan limitations and exclusions.

4.14.3 Prescription Drug Formulary

The Formulary is a list of Food and Drug Administration (FDA)-approved prescription drugs. It is designed to offer drug treatment choices for covered medical conditions. Formulary status is given to drugs which meet evidence-based assessment of therapeutic effectiveness, safety, pharmacoeconomic value and offer an important advantage to existing Formulary alternatives.

The Formulary can help you and your Qualified Practitioner choose effective medications that are less costly and minimize your out-of-pocket expense. There are effective generic drug choices to treat most medical conditions.

Not all FDA-approved drugs are added to the formulary. Non-formulary drug requests require a formulary exception, must be FDA-approved, Medically Necessary, and require by law a prescription to dispense. See Section 6.1 under Claims Involving Prior Authorization and Formulary Exception.

Newly approved FDA drugs will be reviewed by the Oregon Region Pharmacy and Therapeutics Committee for safety and Medical Necessity within 12 months after the drug becomes available on the market. In the case of an urgent situation, Providence Health Plan will authorize the use of a newly approved FDA drug during our review period so a Member does not go without Medically Necessary treatment.

4.14.4 Prescription Drugs

Generic and Brand-Name Prescription Drugs

Both generic and brand-name drugs are covered benefits subject to the terms of your Benefit Summary. In general, generic drugs are subject to lower Copayments or Coinsurances than brand-name drugs. Please refer to your Benefit Summary for your Copayment or Coinsurance information.

If your brand-name benefit includes a Copayment or Coinsurance, regardless of the reason or Medical Necessity, and you request a brand-name drug, you will be responsible for the difference in cost between the brand-name and generic drug, in addition to the brand-name drug Copayment or Coinsurance indicated in the Benefit Summary. Your total cost, however, will never exceed the actual cost of the drug. The difference in cost between the brand-name and generic drug will not be applied toward your Out-of-Pocket Maximum, and you will continue to be responsible for the difference in cost after your Out-of-Pocket Maximum is met.

Affordable Care Act Preventive Drugs

Affordable Care Act (ACA) preventive drugs are medications, including contraceptives, which are listed in our Formulary and are covered at no cost when received from Participating Pharmacies as required by ACA. Over-the-counter ACA preventive drugs received from Participating Pharmacies will not be covered in full under the ACA preventive benefit without a written prescription from your Qualified Practitioner.

4.14.5 Prescription Drug Quantity

Prescription dispensing limits, including refills, are as follows:

1. Topicals, up to 60 grams;
2. Liquids, up to eight ounces;
3. Tablets or capsules, up to 100 dosage units;
4. Multi-use or unit-of-use, up to one container or package; as prescribed, not to exceed a 30-consecutive-day supply, whichever is less;
5. FDA-approved women's prescription contraceptives: up to 3-months initial dispensing, then up to 12-months subsequent dispensing at any of our Participating Pharmacies; and
6. Opioids up to 7 days initial dispensing.

Other dispensing limits may apply to certain medications requiring limited use, as determined by our medical policy. Prior Authorization is required for amounts exceeding any applicable medication dispensing limits.

4.14.6 Participating Mail-Order and Preferred Retail Pharmacies

Up to a 90-day supply of prescribed maintenance drugs (drugs are those you have been on for at least 30 days and that you anticipate continuing on in the future) purchased from a Participating mail-order or preferred retail Pharmacy will be covered subject to the following specific provisions:

1. Qualified drugs under this program will be determined by us. Not all prescription drugs are available through mail-order pharmacy.
2. Not all maintenance prescription drugs are available in 90-day allotments.
3. Copayment(s) will be applied to the quantity stated on your Benefit Summary. (Some quantity limitations and Copayments for unit of use packaging may apply).

When using a mail-order pharmacy, payment is required prior to processing your order. If Providence Health Plan removes a pharmacy from its network, we will notify you of this change at least 30 days in advance. Notification may be done via the online directory or letter depending on the circumstance.

4.14.7 Prescription Drug Limitations

Prescription drug limitations are as follows:

1. All drugs must be Food and Drug Administration (FDA) approved, Medically Necessary and require by law a prescription to dispense. Not all FDA-approved drugs are covered by Providence Health Plan. Newly approved drugs will be reviewed for safety and Medical Necessity within 12 months after the drug becomes available on the market for Formulary consideration.
2. Certain drugs require Prior Authorization for Medical Necessity, place of therapy, length of therapy, step therapy, number of doses or dispensing limits. Step therapy uses our pharmacy claims history to confirm if certain drugs have been tried first by a Member. If a drug has not been tried first, cannot be tried first, or if the drug history is not available, Prior Authorization is required. For some drugs, Providence Health Plan limit the amount of the drug the Plan will cover. You or your Qualified Practitioner can contact Providence Health Plan directly to request Prior Authorization. If you have questions regarding a specific drug, please call Customer Service.
3. Specialty drugs are injectable, infused, oral, topical, or inhaled therapies that often require specialized delivery, handling, monitoring and administration and are generally high cost. These drugs must be purchased through a Providence Health Plan designated specialty pharmacy. Due to the nature of these medications, specialty drugs are limited to a 30-day supply. Specialty drugs are listed in the Formulary. In rare circumstances specialty medications may be filled for greater than a 30-day supply; in these cases, additional specialty cost share(s) may apply.
4. Self-injectable medications are only covered when they are being self-administered and labeled by the FDA for self-administration; in some cases, a Prior Authorization may be required for the drug. Documentation of self-administration may also be required. Drugs labeled for self-administration that are being administered by a provider will fall to the Member's medical benefit.
5. Medications, drugs or hormones prescribed to stimulate growth are not covered, except when there is a laboratory-confirmed diagnosis of growth hormone deficiency for children through 18 years of age and when prescribed for the treatment of documented pituitary destruction in adults.
6. Compound prescription drugs must contain at least one ingredient that is an FDA-approved prescription drug in therapeutic amount and must be purchased at a Participating Pharmacy. Compounded drugs from bulk powders that are not a component of an FDA-approved drug are not covered. Claims are subject to clinical review for Medical Necessity and are not guaranteed for payment.

7. In accordance with the ACA, your Plan provides coverage in full of certain medications, including contraceptives, when these medications are purchased from Participating Pharmacies. Not all preventive medications are required to be covered in full by the ACA. Medications in this category may be subject to medical management techniques to determine frequency, method, treatment, or setting. Brand medications for which a generic is available will not be covered in full unless the Member has received Prior Authorization from Providence Health Plan.

4.14.8 Prescription Drug Exclusions

In addition to the Exclusions listed in section 5, Prescription Drug Exclusions are as follows:

1. Drugs or medicines delivered, injected or administered for you by a physician, other provider or another trained person (see section 4.3.5);
2. Amphetamines and amphetamine derivatives except when used in the treatment of narcolepsy or hyperactivity in children and adults;

6. CLAIMS ADMINISTRATION

This section explains how the Plan treats various matters having to do with administering your benefits and/or claims, including situations that may arise in which your health care expenses are the responsibility of a source other than this Plan.

6.1 CLAIMS PAYMENT

The Plan's payments for most Services are made directly to the providers of Services. Except as otherwise specifically provided in this Plan, if you are billed directly and pay for benefits which are covered by this Plan, reimbursement from the Plan will be made only upon your written notice to the Plan of the payment. Payment will be made to the Subscriber, subject to written notice of claim, or, if deceased, to the Subscriber's estate, unless payment to other parties is authorized in writing by you.

Explanation of Benefits (EOB)

You will receive an EOB from Providence Health Plan after your claim has been processed. An EOB is not a bill. An EOB explains how Providence Health Plan processed your claim, and will assist you in paying the appropriate Member responsibility to your provider. Copayment or Coinsurance amounts, Deductible amounts, services or amounts not covered and general information about our processing of your claim are explained on an EOB.

Time Frames for Processing Claims

If your claim is denied under the Plan, Providence Health Plan will send an EOB to you with an explanation of the denial within 30 days after your claim is received. If additional time is needed to process your claim for reasons beyond Providence Health Plan's control, you will be sent a notice of delay explaining those reasons within 30 days after your claim if received. The processing will then be completed and you will be sent an EOB within 45 days after your claim is received. If additional information is needed from you to complete the processing of your claim, you will be sent a separate request for the information and you will have 45 days to submit the additional information. Once the additional information from you is received, Providence Health Plan will complete the processing of the claim within 30 days.

Claims Involving Prior Authorization and Formulary Exception (Pre-Service Claims)

- **For services that do not involve urgent medical conditions:** You and your provider will be notified of Providence Health Plan's decision within two business days after the Prior Authorization request is received. If additional information is needed to process the request, Providence Health Plan will notify the provider and the provider will have 45 days to submit the additional information. Within two days of receipt of the additional information, Providence Health Plan will complete their review and notify your provider or you of their decision. If the information is not received within 45 days, the request will be denied.
- **For services that involve urgent medical conditions:** You and your provider will be notified of Providence Health Plan's decision within 24 hours after the Prior Authorization request is received. If additional information is needed to complete the review, the requesting provider or you will be notified within 24 hours after the request is received. The requesting provider or you will then have 48 hours to submit the additional information. The review will then be completed and the requesting provider or you will be notified of Providence Health Plan's decision by the earlier of, (a) 48 hours after the additional information is received or, (b) if no additional information is provided, 48 hours after the additional information was due.

- **For services that involve Formulary exceptions:** For standard requests, Providence Health Plan will notify your provider or you of its decision within 72 hours after receipt of the request. For expedited requests, Providence Health Plan will notify your provider or you of its decision within 24 hours after receipt of the request. To qualify for expedited review, the request must be based upon exigent circumstances.

Claims Involving Concurrent Care Decisions. If an ongoing course of treatment for you has been approved under the Plan and it is determined through Concurrent Review procedures to reduce or terminate that course of treatment, Providence Health Plan will provide advance notice to you of that decision. You may request a reconsideration of the decision by submitting an oral or written request at least 24 hours before the course of treatment is scheduled to end. You will then be notified of Providence Health Plan's reconsideration decision within 24 hours after your request is received.

6.1.1 Timely Submission of Claims

The Plan will make no payments for claims received more than 365 days after the date of Service. Exceptions may be made if Providence Health Plan receives documentation that you lacked legal capacity during that period. Payment of claims submitted by the Oregon state Medicaid agency or a prepaid managed care health services organization described in ORS 414.651 (i.e., a Coordinated Care Organization) will be made in accordance with ORS 743.847, which establishes payment requirements for claims submitted by the Oregon state Medicaid agency.

Payment of all claims will be made within the time limits required by OAR 836-080-0235, the Oregon insurance Division's administrative rule setting standards for prompt payment. Please send all claims to:

Providence Health Plan
Attn: Claims Dept.
P.O. Box 3125
Portland, OR 97208-3125

Mental Health and Substance Abuse claims should be submitted to:

PBH
PO Box 30602
Salt Lake City, UT 84130

6.1.2 Right of Recovery

The Plan has the right, upon demand, to recover from a recipient the value of any benefit or claim payment that exceeded the benefits available under this Plan. This right of recovery applies to any excess benefit, including (but not limited to) benefits obtained through fraud, error, or duplicate coverage relating to any Member. If timely repayment is not made, the Plan has the right, in addition to any other lawful means of recovery, to deduct the value of the excess benefit from any future benefit that otherwise would have been available to the affected Member(s) from the Plan under any contract.

6.2 COORDINATION OF BENEFITS

This Coordination of Benefits (COB) section applies when a Member has health care coverage under more than one Plan. The term "Plan" is defined below for the purposes of this COB section. The order of benefit determination rules govern the order in which each Plan will pay a claim for benefits. The Plan that pays first is called the Primary plan. The Primary plan must pay benefits in accordance with its policy terms without regard to the possibility that another Plan may cover some expenses. The Plan that pays after the Primary plan is the Secondary plan. The Secondary plan may reduce the benefits it pays so that payments from all Plans do not exceed 100% of the total Allowable expense.

6.2.1 Definitions Relating to Coordination of Benefits

Plan

Plan means any of the following that provides benefits or Services for medical or dental care or treatment. If separate contracts are used to provide coordinated coverage for Members of a group, the separate contracts are considered parts of the same Plan and there is no COB among those separate contracts.

1. Plan includes: group and individual health insurance contracts, health maintenance organization (HMO) contracts, closed panel plans or other forms of group or group-type coverage (whether insured or uninsured); medical care components of group long-term care contracts, such as skilled nursing care; and Medicare or any other federal governmental plan, as permitted by law and group and individual insurance contracts and Subscriber contracts that pay or reimburse for the cost of dental care.
2. Plan does not include: hospital indemnity coverage or other fixed indemnity coverage; accident only coverage; specified disease or specified accident coverage; school accident type coverage; benefits for non-medical components of group long-term care policies; Medicare Supplement policies; Medicaid policies; or coverage under other federal governmental plans, unless permitted by law.

Each contract for coverage listed under (1) or (2) above is a separate Plan. If a Plan has two parts and COB rules apply only to one of the two, each of the parts is treated as a separate Plan.

This Plan

This Plan means, as used in this COB section, the part of this contract providing health care benefits to which this COB section applies and which may be reduced because of the benefits of other plans. Any other part of this contract providing health care benefits is separate from This Plan. A contract may apply one COB provision to certain benefits, such as dental benefits, coordinating only with similar benefits, and may apply another COB provision to coordinate other benefits.

The order of benefit determination rules listed in section 6.2.2 determine whether This Plan is a Primary plan or Secondary plan when a Member has health care coverage under more than one Plan.

When This Plan is primary, Providence Health Plan determines payment for benefits first before those of any other Plan without considering any other Plan's benefits. When This Plan is secondary, Providence Health Plan determines benefits after those of another Plan and may reduce the benefits payable so that all Plan benefits do not exceed 100% of the total Allowable expense.

Allowable expense

Allowable expense means a health care expense, including Deductibles, Coinsurance and Copayments, that is covered at least in part by any Plan covering a Member. When a Plan provides benefits in the form of services, the reasonable cash value of each service will be considered an Allowable expense and a benefit paid. An expense that is not covered by any Plan covering a Member is not an Allowable expense. In addition, any expense that a provider by law or in accordance with a contractual agreement is prohibited from charging a Member is not an Allowable expense.

The following are examples of expenses that are NOT Allowable expenses:

1. The difference between the cost of a semi-private hospital room and a private hospital room is not an Allowable expense, unless one of the Plans provides coverage for private hospital room expenses.
2. If the Member is covered by two or more Plans that compute their benefit payments on the basis of usual and customary fees or relative value schedule reimbursement methodology or other similar reimbursement methodology, any amount in excess of the highest reimbursement amount for a specific benefit is not an Allowable expense.
3. If the Member is covered by two or more Plans that provide benefits or services on the basis of negotiated fees, an amount in excess of the highest of the negotiated fees is not an Allowable expense.
4. If the Member is covered by one Plan that calculates its benefits or services on the basis of usual and customary fees or relative value schedule reimbursement methodology or other similar reimbursement methodology and another Plan that provides its benefits or services on the basis of negotiated fees, the Primary plan's payment arrangement shall be the Allowable expense for all Plans. However, if the provider has contracted with the Secondary plan to provide the benefit or service for a specific negotiated fee or payment amount that is different than the Primary plan's payment arrangement and if the provider's contract permits, the negotiated fee or payment shall be the Allowable expense used by the Secondary plan to determine its benefits.
5. The amount of any benefit reduction by the Primary plan because the Member has failed to comply with the Plan provisions is not an Allowable expense. Examples of these types of plan provisions include second surgical opinions, precertification of admissions, and preferred provider arrangements.

Closed panel plan

A Closed panel plan is a Plan that provides health care benefits to Members primarily in the form of services through a panel of providers that has contracted with or is employed by the Plan, and that excludes coverage for services provided by other providers, except in cases of emergency or referral by a panel member.

Custodial parent

A Custodial parent is the parent awarded custody by a court decree or, in the absence of a court decree, is the parent with whom the Dependent child resides more than one half of the Calendar Year excluding any temporary visitation.

6.2.2 Order of Benefit Determination Rules

When a Member is covered by two or more Plans, the rules for determining the order of benefit payments are as follows:

A. The Primary plan pays or provides its benefits according to its terms of coverage and without regard to the benefits of any other Plan.
    1. Except as provided in Paragraph (2) below, a Plan that does not contain a COB provision that is consistent with the State of Oregon's COB regulations is always primary unless the provisions of both Plans state that the complying Plan is primary.
    2. Coverage that is obtained by virtue of membership in a group that is designed to supplement a part of a basic package of benefits and provides that this supplementary coverage shall be excess to any other parts of the Plan provided by the contract holder. Examples of these types of situations are major medical coverages that are superimposed over base plan hospital and surgical benefits, and insurance type coverages that are written in connection with a Closed panel plan to provide out-of-network benefits.

B. A Plan may consider the benefits paid or provided by another Plan in calculating payment of its benefits only when it is secondary to that other Plan.

C. Each Plan determines its order of benefits using the first of the following rules that apply:
    1. Non-Dependent or Dependent. The Plan that covers a Member other than as a Dependent, for example, as an employee, Subscriber or retiree is the Primary plan and the Plan that covers the Member as a Dependent is the Secondary plan. However, if the Member is a Medicare beneficiary and, as a result of federal law, Medicare is secondary to the Plan covering the Member as a Dependent; and primary to the Plan covering the Member as other than a Dependent (e.g., a retired employee); then the order of benefits between the two Plans is reversed so that the Plan covering the Member as an employee, subscriber or retiree is the Secondary plan and the other Plan is the Primary plan.
    2. Dependent Child Covered Under More Than One Plan. Unless there is a court decree stating otherwise, when a Member is a Dependent child covered by more than one Plan the order of benefits is determined as follows:
        a) For a Dependent child whose parents are married or are living together, whether or not they have ever been married:
            i. The Plan of the parent whose birthday falls earlier in the Calendar Year is the Primary plan; or
            ii. If both parents have the same birthday, the Plan that has covered the parent the longest is the Primary plan.
        b) For a Dependent child whose parents are divorced or separated or not living together, whether or not they have ever been married:
            i. If a court decree states that one of the parents is responsible for the Dependent child's health care expenses or health care coverage and the Plan of that parent has actual knowledge of those terms, that Plan is primary. This rule applies to plan years commencing after the Plan is given notice of the court decree;
            ii. If a court decree states that both parents are responsible for the Dependent child's health care expenses or health care coverage, the provisions of Subparagraph (a) above shall determine the order of benefits;
            iii. If a court decree states that the parents have joint custody without specifying that one parent has responsibility for the health care expenses or health care coverage of the Dependent child, the provisions of Subparagraph (a) above shall determine the order of benefits; or

iv. If there is no court decree allocating responsibility for the Dependent child's health care expenses or health care coverage, the order of benefits for the Dependent child are as follows:
- The Plan covering the Custodial parent, first;
- The Plan covering the spouse of the Custodial parent, second;
- The Plan covering the non-custodial parent, third; and then
- The Plan covering the Dependent spouse of the non-custodial parent, last.

c) For a Dependent child covered under more than one Plan of individuals who are not the parents of the Dependent child, the provisions of Subparagraph (a) or (b) above shall determine the order of benefits as if those individuals were the parents of the Dependent child.

d) For a Dependent child:
   i. Who has coverage under either or both parents' plans and also has coverage as a Dependent under a spouse's plan, the rule in paragraph (5) applies.
   ii. In the event the Dependent child's coverage under the spouse's plan began on the same date as the Dependent child's coverage under either or both parents' plans, the order of benefits shall be determined by applying the birthday rule in Subparagraph (a) to the Dependent child's parent(s) and the Dependent's spouse.

3. Active Employee or Retired or Laid-off Employee. The Plan that covers a Member as an active employee, that is, an employee who is neither laid off nor retired, is the Primary plan. The Plan covering that same Member as a retired or laid-off employee is the Secondary plan. The same would hold true if a Member is a Dependent of an active employee and that same Member is a Dependent of a retired or laid-off employee. If the other Plan does not have this rule, and as a result, the Plans do not agree on the order of benefits, this rule is ignored. This rule does not apply if the rule labeled D(1) can determine the order of benefits.
4. COBRA or State Continuation Coverage. If a Member whose coverage is provided pursuant to COBRA or under a right of continuation provided by state or other federal law is covered under another Plan, the Plan covering the Member as an employee, subscriber or retiree or covering the Member as a Dependent of an employee, Subscriber or retiree is the Primary plan and the COBRA or state or other federal continuation coverage is the Secondary plan. If the other Plan does not have this rule, and as a result, the Plans do not agree on the order of benefits, this rule is ignored. This rule does not apply if the rule labeled D(1) can determine the order of benefits.
5. Longer or Shorter Length of Coverage. The Plan that covered the Member the longer period of time is the Primary plan and the Plan that covered the Member the shorter period of time is the Secondary plan.
6. If the preceding rules do not determine the order of benefits, the Allowable expenses shall be shared equally between the Plans meeting the definition of Plan. In addition, This Plan will not pay more than would have paid had This Plan been the Primary plan.

6.2.3 Effect on the Benefits of This Plan

When This Plan is secondary, benefits may be reduced so that the total benefits paid or provided by all Plans during a plan year are not more than the total Allowable expenses. In determining the amount to be paid for any claim, the Secondary plan will calculate the benefits it would have paid in the absence of other health care coverage and apply that calculated amount to any Allowable expense under its Plan that is unpaid by the Primary plan. The Secondary plan may then reduce its payment by the amount so that, when combined with the amount paid by the Primary plan, the total benefits paid or provided by all Plans for the claim do not exceed the total Allowable expense for that claim. In addition, the Secondary plan shall credit to its plan Deductible any amounts it would have credited to its Deductible in the absence of other health care coverage.

If a Member is enrolled in two or more Closed panel plans and if, for any reason, including the provision of services by a non-panel provider, benefits are not payable by one Closed panel plan, COB shall not apply between that Plan and other Closed panel plans.

6.2.4 Right to Receive and Release Needed Information

Certain facts about health care coverage and services are needed to apply this COB section and to determine benefits payable under This Plan and other Plans. Providence Health Plan may get the facts needed from, or give them to, other organizations or persons for the purpose of applying this section and determining benefits payable under This Plan and other Plans covering a Member claiming benefits. Providence Health Plan need not tell, or get the consent of, any person to do this. Each Member claiming benefits under This Plan must give us any facts Providence Health Plan needs to apply this section and determine benefits payable.

6.2.5 Facility of Payment

A payment made under another Plan may include an amount that should have been paid under This Plan. If it does, This Plan may pay that amount to the organization that made that payment. That amount will then be treated as though it were a benefit paid under This Plan. This Plan will not have to pay that amount again. The term "payment made" includes providing benefits in the form of services, in which case "payment made" means the reasonable cash value of the benefits provided in the form of services.

6.2.6 Right of Recovery

If the amount of the payments made by This Plan is more than what should have paid under this COB section, This Plan may recover the excess from one or more of the persons This Plan paid or for whom This Plan have paid; or any other person or organization that may be responsible for the benefits or services provided for the Member. The "amount of the payments made" includes the reasonable cash value of any benefits provided in the form of services.

6.2.7 Coordination with Medicare

In all cases, coordination of benefits with Medicare will conform with federal statutes and regulations. Medicare means Title XVIII of the Social Security Act, as enacted or amended. Medicare eligibility and how This Plan determines benefit limits are affected by disability and employment status. Please contact Customer Service if you have questions.

In accordance with the "working aged" provisions of the Medicare Secondary Payer Manual, when the Employer Group's size is less than 20 employees, for Members who are entitled to and enrolled in Medicare Part A, enrollment in Medicare Part B will be assumed and Medicare will be the primary payer and This Plan will coordinate benefits as the secondary payer even if the Medicare-eligible Member has not elected Medicare Part B.

When the Employer Group's size is 20 individuals or more, Medicare will be considered the secondary payer.

Counting individuals for the Employer size:

- Employees counted in the Employer size include the total number of nationwide full-time employees, part-time employees, seasonal employees, and partners who work or who are expected to report for work on a particular day.
- Those not counted in the Employer size include retirees, COBRA-qualified beneficiaries and individuals on other continuation options, and self-employed individuals who participate in the Employer's group health plan.

6.3 THIRD-PARTY LIABILITY/SUBROGATION

The following provisions will apply when you or any other Member has received Services for a condition for which one or more third parties may be responsible. "Third party" means any person other than the Member (the first party to the provisions of this Plan), and Providence Health Plan (the second party), and includes any insurance carrier providing liability or other coverage potentially available to the Member. For example, uninsured or underinsured motorist coverage, no-fault medical payments (auto, homeowners or otherwise), or other group insurance (including student plans) whether under the Member's policy or not, are subject to recovery by us as a third-party recovery. Failure by the Member to comply with the terms of this section will be a basis for the Plan to deny any claims for benefits arising from the condition or to terminate the Member's coverage under this Plan as specified in section 9.4. In addition, you or the Member must execute and deliver to the Plan and to other parties any document requested by us which may be appropriate to confirm or secure the rights and obligations of the Member and the Plan under these provisions.

6.3.1 Third-Party Liability/Subrogation and How It Affects You

Third-party liability refers to claims that are in whole or part the responsibility of someone besides the Plan or the Member. Examples of third-party liability are motor vehicle accidents, workplace injury or illness, and any other situation involving injury or illness, including wrongful death, in which the Member or the Member's heirs, beneficiaries or relatives have a basis to bring a lawsuit or to make a claim for compensation against any person or for which the Member or the Member's heirs, beneficiaries or relatives may receive a settlement. Once it has been established that the third party is responsible to pay and is capable of paying for the expenses for the Services caused by that third party, the Plan will not provide benefits for the Services arising from the condition caused by that third party. Such benefits are specifically excluded from coverage under this Plan.

If the Plan makes claim payments on any Member's behalf for any condition for which a third party is responsible, the Plan is entitled to be repaid promptly for those payments, directly out of any recovery from the third party, including any settlement, award, verdict, payment or other monetary recovery.

"Subrogation" means that the Plan may collect directly from the third party to the extent the Plan has paid for third-party liabilities. Because the Plan has paid for the Member's injuries, the Plan, rather than the Member, is entitled to recover those expenses. Prior to accepting any settlement of the Member's claim against a third party, the Member must notify the Plan in writing of any terms or conditions offered in settlement and must notify the third party of the Plan's interest in the settlement established by this provision.

To the maximum extent permitted by law, the Plan is subrogated to the Member's rights against any third party who is responsible for the condition, have the right to sue any such third party in the Member's name, and has a security interest in and lien upon any recovery to the extent of the amount of benefits paid by the Plan and for the Plan's expenses in obtaining a recovery. If the Member should either decline to pursue a claim against a third party that the Plan believes is warranted or refuse to cooperate with the Plan in any third party claim that the Member does pursue, the Plan has the right to pursue such claim directly, including commencing a legal action against such third party or intervening in any action that the Member may have commenced.

To accomplish this process, the Plan needs detailed information from you or from the Member. A questionnaire will be sent to the Member for this information. It should be completed and returned to Providence Health Plan as soon as possible to minimize any claim review delay. If you or the Member has any questions or concerns regarding the questionnaire, please contact Providence Health Plan office. A Providence Health Plan employee who specializes in third-party liability/subrogation can discuss these procedures and what you or the Member needs to do.

6.3.2 Proceeds of Settlement or Recovery

If for any reason the Plan is not paid directly by the third party, the Plan is entitled to reimbursement from the Member or the Member's heirs, legal representatives, beneficiaries or relatives, and the Plan may request refunds from the medical providers who treated the Member, in which case those providers will bill the Member for their Services. To the fullest extent permitted by law, the Plan is entitled to the proceeds of any settlement, award, verdict, or other payment that results in a monetary recovery from a third party, whether or not responsibility is accepted or denied by the third party for the condition, whether or not such monetary recovery is described by any person as something other than a recovery of medical expenses incurred by the Plan, and whether or not the Member is alleged to have any fault, under principles of comparative negligence or otherwise. With respect to any workers' compensation recovery, the Plan is entitled to the proceeds whether or not the loss is deemed to be compensable under the workers' compensation laws. The Plan is entitled to recover up to the full value of the benefits provided by the Plan for the condition, calculated using the Plan's UCR charges for such Services, less the Plan's pro-rata share of the Member's out-of-pocket expenses and attorney fees incurred in making the recovery. The Plan is entitled to such recovery regardless of whether the Member has been fully compensated or "made whole" for the loss caused by the third party, and regardless of whether the Member has been partially compensated for such loss. The Plan is entitled to first priority in repayment, over the Member and over any other person, for such charges.

By accepting benefits under this Plan, the Member acknowledges the Plan's first priority to this repayment and assigns to us any benefits the Member may have from other sources. The Member must cooperate fully with the Plan and Providence Health Plan in recovering amounts paid by the Plan. If any Member seeks damages against the third party for the condition and retains an attorney or other agent for representation in the matter, that Member agrees to require the Member's attorney or agent to reimburse the Plan directly from the settlement or recovery in the amount provided by this section.

The Member must complete the Plan's trust agreement, by which the Member and any Member's attorney (or other agent) must confirm the obligation to reimburse the Plan directly from any settlement or recovery. The Plan may withhold benefits for the Member's condition until a signed copy of this agreement is delivered to the Plan. The agreement must remain in effect and the Plan may withhold payment of benefits if, at any time, the Member's confirmation of the obligations under this section should be revoked. While this document is not necessary for the Plan to exercise the Plan's rights under this section, it serves as a reminder to the Member and directly obligates any Member's attorney to act in accord with the Plan's rights.

6.3.3 Suspension of Benefits and Reimbursement

After the Member has received proceeds of a settlement or recovery from the third party, the Member is responsible for payment of all medical expenses for the continuing treatment of the illness or injury that the Plan would otherwise be required to pay under this Plan until all proceeds from the settlement or recovery have been exhausted. If the Member has failed to reimburse the Plan as required by this section, the Plan is entitled to offset future benefits otherwise payable under this Plan, or under any future contract or plan with Clackamas County, to the extent of the value of the benefits advanced under this section.

If the Member continues to receive medical treatment for the condition after obtaining a settlement or recovery from one or more third parties, the Plan is not required to provide coverage for continuing treatment until the Member proves to the Plan's satisfaction that the total cost of the treatment is more than the amount received in settlement or recovered from the third party, after deducting the cost of obtaining the settlement or recovery. The Plan will only cover the amount by which the total cost of benefits that would otherwise be covered under this Plan, calculated using the Plan's UCR charges for such Services, exceeds the amount received in settlement or recovery from the third party. The Plan is entitled to suspend such benefits even if the total amount of such settlement or recovery does not fully compensate the Member for other damages, particularly including lost wages or pain and suffering.

Any settlement arising out of an injury or illness covered by this Plan will be deemed first to compensate you for your medical expenses, regardless of any allocation of proceeds in any settlement document that the Plan has not approved in advance. In no event shall the amount reimbursed to the Plan be less than the maximum permitted by law.

7.2 MEMBER GRIEVANCE AND APPEAL

Definitions:

Adverse Benefit Determination

An Adverse Benefit Determination means a:

- Denial of eligibility for or termination of enrollment in this Plan;
- Rescission or cancellation of coverage under this Plan;
- Imposition of a pre-existing condition exclusion, source-of injury exclusion, network exclusion, Annual benefit limit or other limitation on otherwise Covered Services;
- Determination that a health care item or service is Experimental/Investigational or not Medically Necessary; or
- Determination that a course or plan of treatment that a Member is undergoing is an active course of treatment for purposes of continuity of care.

Appeal

A type of Grievance that is a written request from a Member or an Authorized Representative of the Member requesting further consideration of an Adverse Benefit Determination.

Authorized Representative

An individual who by law or by the consent of a Member may act on behalf of the Member.

Concurrent Care

An approved ongoing course of treatment to be provided over a period of time or for a specified number of treatments.

Grievance

A communication from a Member or an Authorized Representative of a Member expressing dissatisfaction with an Adverse Benefit Determination, without specifically declining any right to Appeal or review, that is:

- In writing, for an internal Appeal or an external review; or in writing or orally, for an expedited response or an expedited external review; or
- A written complaint submitted by a Member or an Authorized Representative of a Member regarding the:
    - Availability, delivery or quality of a health care service;
    - Claims payment, handling or reimbursement for health care services and, unless the Member has not submitted a request for an internal Appeal, the complaint is not disputing an Adverse Benefit Determination; or
    - Matters pertaining to the contractual relationship between a Member and Providence Health Plan.

7.2.1 Your Grievance and Appeal Rights

If you disagree with Providence Health Plan's decision about your medical bills or health care services, you have the right to an internal review. You may request review if you have received an Adverse Benefit Determination. You may also file a quality of care or general complaint or grievance with Providence Health Plan. You may appoint an Authorized Representative to act on your behalf during your Grievance or Appeal. Please include as much information as possible including the date of the incident, the names of individuals involved, and the specific circumstances. In filing a Grievance or Appeal:

- You can submit written comments, documents, records and other information relating to your Grievance or Appeal and Providence Health Plan will consider that information in the review process.
- You can, upon request and free of charge, have reasonable access to and copies of the documents and records, and other information relevant to our decision, including the specific internal rule, guideline, protocol, or other criterion relied upon to make an Adverse Benefit Determination.
- You can be represented by anyone of your choice at all levels of Appeal.

Filing a Grievance or Appeal does not affect your right to receive benefits for Covered Services as otherwise provided under this Plan.

If you received the services that were denied in the Adverse Benefit Determination, and if the Adverse Benefit Determination is upheld by internal or external review, you will be financially responsible for any benefits paid by the Plan for such services.

To the extent possible, Customer Service will resolve complaints filed by telephone at the point of service. We will acknowledge all non-urgent pre-service and post-service Grievances and Appeals within seven days of receipt and resolve within 30 days or sooner depending on the clinical urgency. Urgent medical conditions and concurrent care have different resolution timelines as noted below.

Urgent Medical Conditions: If you believe your health would be seriously harmed by waiting for Providence Health Plan's decision on your Grievance or Appeal of a denied Prior Authorization or Concurrent Care request, you may request an expedited review by calling Customer Service at 503-574-7500 or 800-878-4445 outside of the Portland area. If your Appeal is urgent and qualifies for external review, you may request to have both your internal and external Appeal expedited at the same time. Providence Health Plan will let you know by phone and letter if your case qualifies for an expedited review. If it does, you will be notified of the decision within 72 hours of receiving your request.

Grievances and Appeals Involving Concurrent Care Decisions: If Providence Health Plan has approved an ongoing course of treatment for you and determines through medical management procedures to reduce or terminate that course of treatment, Providence Health Plan will provide advance notice to you of that decision. You may request reconsideration of the decision by submitting an oral or written request at least 24 hours before the course of treatment is scheduled to end. Providence Health Plan will then notify you of the reconsideration decision within 24 hours of receiving your request.

7.2.2 Internal Grievance or Appeal

You must file your internal Grievance or Appeal within 180 days of the date on the notice of the initial Adverse Benefit Determination, or that initial determination will become final. Please advise Providence Health Plan of any additional information that you want considered in the review process. If you are seeing an Out-of-Network Provider, you should contact that provider's office and arrange for the necessary records to be forwarded to Providence Health Plan for the review process. Your Grievance or Appeal will be reviewed by Providence Health Plan staff not involved in the initial determination. You may present your case in writing. Once a final determination is made you will be sent a written explanation of the decision.

7.2.3 Voluntary Second Level Internal Appeal

If you are not satisfied with the decision of the internal Appeal and your Appeal is of an Adverse Benefit Determination that involves (a) Medically Necessary treatment, (b) Experimental/Investigational treatment, (c) an active course of treatment for purposes of continuity of care, (d) whether a course of treatment is delivered in an appropriate setting at an appropriate level of care or (e) an exception to the Plan's prescription drug formulary, you may request a voluntary second level internal Appeal. If your case is eligible, it will be reviewed by Providence Health Plan's Grievance Committee. The members of the Grievance Committee are made up of individuals not involved in the initial decision to uphold an Appeal. You must submit your written request for the voluntary second level internal Appeal within 60 days of the date on the internal Grievance or Appeal decision notice or that initial decision will become final. The Grievance Committee will review all documentation presented by you and send a written explanation of its decision within 30 days of receiving your request for the voluntary second level internal Appeal.

7.2.4 External Review

If you are not satisfied with the internal Grievance or Appeal decision or the decision of the voluntary second level internal Appeal and your Appeal is of an Adverse Benefit Determination that involves (a) Medically Necessary treatment, (b) Experimental/Investigational treatment, (c) an active course of treatment for purposes of continuity of care, (d) whether a course of treatment is delivered in an appropriate setting at an appropriate level of care or (e) an exception to the Plan's prescription drug formulary, you may request an external review by an IRO. Your request must be made in writing within 180 days of receipt of the internal Grievance or Appeal decision or voluntary second level internal Appeal decision, or that internal decision will become final. If you agree, Providence Health Plan may waive the requirement that you exhaust the internal review process before beginning the External Review process. Providence Health Plan will notify the Oregon Insurance Division within two business days of receiving your request for external review, at which point an IRO will be assigned to the case by the Oregon Insurance Division and Providence Health Plan will forward complete documentation regarding the case to the IRO.

If you request an external review you must agree to authorize release of medical records needed by the IRO and submit any additional information to the IRO no later than five days after the appointment of the IRO, or 24 hours in cases of expedited review. The IRO is entirely independent of the Plan and Providence Health Plan and performs its review under a contract with the Oregon Insurance Division. The IRO will notify you and Providence Health Plan of its decision within three days for expedited reviews and within 30 days when not expedited. **The Plan and Providence Health Plan agree to be bound by and to comply with the IRO decision when the decision involves, (a) Medically Necessary treatment, (b) Experimental/Investigational treatment, (c) an active course of treatment for purposes of continuity of care, (d) whether a course of treatment is delivered in an appropriate setting at an appropriate level of care or (e) an exception to the Plan's prescription drug formulary.**

The Plan pays for all costs for the handling of external review cases and Providence Health Plan administers these provisions in accordance with the insurance laws and regulations of the State of Oregon. **If we do not comply with the IRO decision, you have the right to sue us under applicable Oregon law.**

8. ELIGIBILITY AND ENROLLMENT

This section outlines who is eligible for coverage, and how and when to enroll yourself and your Eligible Family Dependents. No benefits shall be available to anyone not enrolled on this Plan. You and your Employer must provide us with evidence of eligibility as requested.

8.1 EMPLOYEE ELIGIBILITY AND ENROLLMENT

8.1.1 Employee Eligibility Date

An employee is eligible for coverage as specified in the Eligible Employee definition.

8.1.2 Employee Effective Date

Coverage begins for an Eligible Employee as specified in the Effective Date of Coverage definition.

8.1.3 Employee Enrollment

The Eligible Employee must enroll on forms (paper or electronic) provided and/or accepted by Clackamas County. To obtain coverage, an Eligible Employee must enroll within 30 days to enroll after becoming eligible. An enrolled Eligible Employee is referred to as the Subscriber.

If you decline coverage or fail to enroll when you first become eligible, the next earliest time you may enroll is the next occurring Open Enrollment Period.

In certain situations, you and/or your Eligible Family Dependents may qualify to enroll during a special enrollment period. See section 8.3 for additional information.

8.2 DEPENDENT ELIGIBILITY AND ENROLLMENT

8.2.1 Eligibility Date

Coverage begins for each Eligible Family Dependent on:

1. The Effective Date of Coverage for the Subscriber if the individual is an Eligible Family Dependent on that date;
2. For any Eligible Family Dependents acquired on the date of the Subscriber's marriage, on the first day of the calendar month following receipt of the enrollment request, within 60 days of the Subscriber's marriage;
3. The date of birth of the biological child of the Subscriber or Spouse;
4. The date a child is placed with the Subscriber or Spouse for the purpose of adoption by the Subscriber or Spouse;
5. The date the Subscriber or Spouse is required to provide health coverage to a child under a qualified medical child support court or administrative order; or
6. The date on which legal guardianship status begins.

8.2.2 Additional Requirements for Eligible Family Dependent Coverage

An Eligible Employee may cover Eligible Family Dependents ONLY if the Eligible Employee is also covered, and Clackamas County receives the completed enrollment form requesting Dependent coverage.

8.2.3 Eligible Family Dependent Enrollment

You must enroll Eligible Family Dependents on forms provided and/or accepted by Clackamas County. No Eligible Family Dependent will become a Member until Clackamas County approves that Eligible Family Dependent for coverage. To obtain coverage, the Eligible Family Dependent must enroll within 30 after becoming eligible as indicated in section 8.2.1 (see section 8.2.4 regarding newborn and adopted children). The next earliest time your Eligible Family Dependent may enroll is the next occurring Open Enrollment Period. In addition, an Eligible Employee and/or Eligible Family Dependent may qualify to enroll during a special enrollment period as described in section 8.3.

8.2.4 Newborn Eligibility and Enrollment

A newborn or adopted child of a Member who meets the definition of an Eligible Family Dependent is eligible for coverage from the date of birth or placement for the purpose of adoption as long as enrollment occurs within 60 days from birth or placement and additional Premium, if any, is paid to Clackamas County. If the enrollment and payment of additional Premium, if any, are not accomplished within this time period, no Services will be covered for the child. Enrollment after this time period may be accomplished as outlined in sections 8.2.3 and 8.3.

8.2.5 Open Enrollment Period

Clackamas County will provide an Open Enrollment Period each Plan Year. The Effective Date of Coverage for new Members who enroll during the Open Enrollment Period is the first day of the Plan Year for which they enroll.

8.2.6 Changes in Eligibility

When an eligibility change occurs, you need to make sure Clackamas County is notified of the change. Address changes can be made by contacting Clackamas County Employee Services.

For the following changes, you, as the Subscriber, must obtain an enrollment form from Clackamas County's benefit office. You need to submit this form to your Employer for you and all your Eligible Family Dependents when:

- You marry and wish to enroll your new Spouse;
- A Dependent's limiting age occurs; or
- You or one of your Dependents has a legal name change.

If you have questions regarding eligibility changes, please contact Clackamas County Employee Services.

8.2.7 Members No Longer Eligible for Coverage

If you divorce or are legally separated, your Spouse is no longer eligible for coverage as a Dependent. You must disenroll your Spouse as a Dependent from your Plan at the time the divorce or legal separation is final. Your Spouse's children will be able to continue coverage under the Plan so long as the children continue to qualify as your Eligible Family Dependents.

You must inform Clackamas County of these changes by completing a new enrollment form. Check with Clackamas County's benefits office or contact Customer Service to determine the effective date of any enrollment or disenrollment.

Those who no longer qualify as your Eligible Family Dependents may be eligible to continue coverage as described under section 10. Ask Clackamas County or call Customer Service for continuation coverage eligibility information.

8.3 SPECIAL ENROLLMENT PERIODS

If you declined enrollment for yourself as a Subscriber or for an Eligible Family Dependent (including your Spouse) during a previous enrollment period (as stated in sections 8.1 and 8.2), you may be eligible to enroll yourself or the Eligible Family Dependent during a "special enrollment period" provided that you request enrollment within 60 days of the qualifying event and meet the applicable requirements stated in this section.

In instances where an Eligible Family Dependent of a Subscriber qualifies for a "special enrollment period," the Subscriber and the Eligible Family Dependent may:

- Enroll in the coverage currently elected by the Subscriber; or
- Enroll in any benefit option offered by the Employer for which the Subscriber and Eligible Family Dependent is eligible.

8.3.1 Loss of Other Coverage

If you declined enrollment for yourself as a Subscriber or for an Eligible Family Dependent (including your Spouse) because of other health coverage and you lose that other coverage, the Plan will provide a "special enrollment period" for you and/or your Eligible Family Dependent if:

a) The person was covered under a group health plan or had other health coverage (includes benefits consisting of medical care under any hospital or medical services policy or certificate, or HMO) at the time coverage under this policy was first offered to the person; and

b) The person stated in writing that coverage under such group health plan or health coverage was the reason for declining enrollment; but only if the Plan required such a statement and provided the person with notice of such requirement (and the consequences of such requirement) at such time; and

c) Such coverage:
   - was under a COBRA Continuation provision and the coverage under such a provision was exhausted, except when the person failed to pay timely premium, or if coverage terminated for cause (such as making a fraudulent claim or an intentional misrepresentation of a material fact); or
   - was not under a COBRA Continuation provision and the coverage was terminated as a result of:
     1. The individual's loss of eligibility for the coverage; including as a result of legal separation, divorce, death, termination of employment, or a reduction in the number of hours of employment; except when the person failed to pay timely premium or if coverage terminated for cause (such as making a fraudulent claim or an intentional misrepresentation of material fact); or
     2. The individual's loss of eligibility for coverage under the Children's Health Insurance Program (CHIP), Medicaid, Medicare, TRICARE, Indian Health Service or domestic or foreign publicly sponsored or subsidized health plan; including but not limited to the Oregon Health Plan (OHP); and the individual applies for coverage under this Plan within 63 days of the termination of such coverage; or
     3. The termination of contributions toward such coverage by the current or former Employer; or
     4. The individual incurring a claim that exceeds the lifetime limit on benefits; and the individual applies for coverage under this Plan within 60 days after the claim is denied.

Effective Date: Coverage under this Plan will take effect on the first day after the other coverage ended.

8.3.2 New Dependents

If you were eligible to enroll as a Subscriber under this Plan, but did not enroll during a previous enrollment period, and a person becomes your Eligible Family Dependent through marriage, birth, adoption or placement for adoption; the Plan will provide a "special enrollment period" during which you and your Eligible Family Dependent(s) may enroll under this Plan.

The "special enrollment period" shall be a period of 60 days and begins on the later of:

- the date Dependent coverage is made available under this Plan; or
- the date of the marriage, birth, or adoption or placement for adoption.

Effective Date:

- in the case of marriage, on the first day of the calendar month following Clackamas County's receipt of the enrollment request, or on an earlier date as agreed to by Clackamas County; or
- in the case of a Dependent's birth, on the date of such birth; or
- in the case of a Dependent's adoption or placement for adoption, the date of such adoption or placement for adoption; or
- in the case of legal guardianship of a Dependent, the date such legal guardianship status begins.

8.3.3 Court Orders

If you were eligible to enroll as a Subscriber under this Plan, but did not enroll during a previous enrollment period, and a court orders you to provide coverage for a Spouse or minor child under your Health Benefit Plan, the Plan will provide a "special enrollment period" for you and the Spouse or minor child you are ordered to provide coverage for if you request enrollment within 60 days after the issuance of the court order.

Effective Date: The date specified in the court order.

8.3.4 Premium Assistance

If you or your Eligible Family Dependent were eligible to enroll under this Plan but did not enroll during a previous enrollment period, and you or your Eligible Family Dependent becomes entitled to group health plan premium assistance under a Medicaid-sponsored or Children's Health Insurance Program (CHIP)-sponsored arrangement, the Plan will provide a "special enrollment period" for you and your Family Member(s) if you request enrollment within 60 days after the date of entitlement.

8.4 LEAVE OF ABSENCE AND LAYOFFS

A Subscriber on leave of absence or layoff status may continue to be covered under this Plan as though actively at work for a period of time, if any, as stated in the Eligible Employee definition. An Employee who returns to work as an Eligible Employee after coverage has lapsed must re-enroll for coverage as specified in section 8.1.3.

For the Subscriber, a leave of absence granted under the federal Family and Medical Leave Act (FMLA), the Uniformed Services Employment and Reemployment Rights Act (USERRA), is administered in accordance with those Acts and this Summary Plan Description.

9. TERMINATION OF MEMBER COVERAGE

9.1 TERMINATION DATES

Termination of Member coverage under this Plan will occur on the earliest of the following dates:

1. The date this Plan terminates;
2. The last day of the coverage period in which a Subscriber terminates employment with Clackamas County;
3. The last day of the coverage period in which a Subscriber no longer qualifies as a Subscriber, as stated in the Summary Plan Description;
4. The date a Member enters full-time military, naval or air service, except as provided under federal USERRA requirements;
5. The last day of the coverage period in which a Subscriber retires;
6. The last day of the month in which the Subscriber makes a written request for termination of coverage to be effective for the Subscriber or Member;
7. For a Family Member, the date the Subscriber's coverage terminates;
8. For a Family Member, the last day of the month in which the individual no longer qualifies as an Eligible Family Dependent;
9. For any benefit, the date the benefit is deleted from this Plan;
10. For a Member, the date of disenrollment from this Plan as described in section 9.4;
11. For a Member, the date any fraudulent information is provided; or
12. For a Member, the date we discover any breach of contractual duties, conditions or warranties, as determined by us.
13. For a Subscriber that is a Non-Medicare Eligible Early Retiree, the last day of the month in which the Retiree becomes eligible for Medicare.

You and the Employer are responsible for advising Clackamas County of any changes in eligibility including the lack of eligibility of a Family Member. Coverage will not continue beyond the last date of eligibility, regardless of the lack of notice to Clackamas County.

See section 7, Problem Resolution, for your Grievance and Appeal rights.

9.2 TERMINATION AND RESCISSION OF COVERAGE DUE TO FRAUD OR ABUSE

Coverage under this Plan, either for you or for your covered Dependent(s), may be rescinded (meaning your coverage is retroactively canceled) or terminated in case of a fraud or intentional misrepresentation of material fact by you or by your covered Dependent in obtaining, or attempting to obtain, benefits under this Plan.

If coverage is rescinded, the Plan will retain any money you paid for coverage as liquidated damages and will have the right to recover from you or from your covered Dependents the benefits paid as a result of such wrongful activity. Providence Health Plan will provide all affected Plan participants with 30 days' notice before rescinding coverage.

9.3 NON-LIABILITY AFTER TERMINATION

Upon termination of this Plan, Clackamas County shall have no further liability beyond the effective date of the termination unless the Member continues, without lapse of membership, under another Clackamas County plan.

9.4 DISENROLLMENT FROM THIS PLAN

"Disenrollment" means that your coverage under this Plan is terminated because you have engaged in fraudulent, dishonest or threatening behavior, such as:

1. You have filed a false claim with the Plan;
2. You willfully fail to provide information or documentation required to be provided under this Plan or knowingly provide incorrect or incomplete information;
3. You have committed an act of physical or verbal abuse that poses a threat to providers, to other Members, or to Clackamas County or Providence Health Plan employees; or
4. You have allowed a non-Member to use your Member ID Card to obtain Services.

9.5 NOTICE OF CREDITABLE COVERAGE

Providence Health Plan will provide upon request written certification of the Member's period of Creditable Coverage when:

- A Member ceases to be covered under this Plan;
- A Member on COBRA coverage ceases that coverage; and
- A Member requests a Notice of Creditable Coverage within 24 months of the termination of coverage.

9.6 CLACKAMAS COUNTY'S RIGHT TO TERMINATE OR AMEND PLAN

Clackamas County reserves the right at any time to terminate or amend in whole or part any of the provisions of the Plan or any of the benefits provided under the Plan. Any such termination or amendment may take effect retroactively or otherwise. In the event of a termination or reduction of benefits under the Plan, the Plan will be liable only for benefit payments due and owing as of the effective date of such termination or reduction and no payments scheduled to be made on or after such effective date will result in any liability to the Plan or Clackamas County.

10. CONTINUATION OF GROUP MEDICAL BENEFITS

If you become ineligible for coverage under this Plan you may, under certain circumstances, continue group coverage. There are specific requirements, time frames and conditions that must be followed in order to be eligible for continuation of group coverage and which are generally outlined below. Please contact Clackamas County as soon as possible for details if you think you may qualify for group COBRA or state continuation coverage.

10.1 COBRA CONTINUATION COVERAGE

The Consolidated Omnibus Budget Reconciliation Act (COBRA) is a federal law that applies to most Employers with 20 or more employees. Some Employers, such as church groups and state agencies, may be exempt from COBRA. The law requires that Employers subject to COBRA offer Employees and/or their Dependents continuation of medical and dental coverage in certain instances where there is a loss of group coverage.

10.1.1 Subscriber's Continuation Coverage

A Subscriber who is covered under this Plan may elect continuation coverage under COBRA if coverage is lost due to termination of employment (other than for gross misconduct) or a reduction in work hours.

10.1.2 Spouse's or Domestic Partner's Continuation Coverage

A Spouse or Domestic Partner who is covered under this Plan has the right to elect continuation coverage under COBRA if coverage is lost for any of the following qualifying events:

- The death of the Subscriber;
- The termination of the Subscriber's employment (for reasons other than gross misconduct) or reduction in hours;
- The divorce or legal separation of the Subscriber and the Spouse;
- Termination of the domestic partnership; or
- The Subscriber becomes covered under Medicare.

10.1.3 Dependent's Continuation Coverage

A Dependent child who is covered under this Plan has the right to continuation under COBRA if coverage is lost for any of the following qualifying events:

- The death of the Subscriber;
- The termination of the Subscriber's employment (other than for gross misconduct) or reduction in a Subscriber's hours;
- The Subscriber's divorce or legal separation;
- Termination of the domestic partnership;
- The Subscriber becomes covered under Medicare; or
- The child ceases to qualify as an Eligible Family Member under this Plan.

A newborn child or a child placed for adoption who is properly enrolled under the terms of this Plan during the COBRA continuation period will be a qualified beneficiary.

10.1.4 Notice Requirements

A Family Member's coverage ends on the last day of the month in which a divorce, legal separation or termination of domestic partnership occurs or a child loses Dependent status under this Plan. **Under COBRA, you or your Family Member has the responsibility to notify Clackamas County if one of these events occurs.** Written notice must be given no later than 60 days after the loss of coverage has occurred, or the qualifying event, whichever is later. Oral notice is not binding until confirmed in writing. If notice is not timely given, continuation coverage will not be available.

When Clackamas County receives notification of one of the above "qualifying" events, you will be notified that you or your Family Member, as applicable, have 60 days from the date coverage is lost or the date you receive the notice, whichever is later, to elect continuation coverage. If this election is not made within this 60-day period, your right to elect continuation coverage under this Plan will be lost.

10.1.5 Type of COBRA Continuation Coverage

A qualified beneficiary will be provided the same coverage that was in effect immediately prior to the qualifying event.

10.1.6 COBRA Election Rights

A Subscriber or his or her Spouse or Domestic Partner may elect continuation coverage for all covered Family Members. In addition, each Family Member has an independent right to elect COBRA. Thus, a Family Member may elect continuation coverage even if the Subscriber does not.

10.1.7 COBRA Premiums

If you are eligible for COBRA continuation coverage, you do not have to show that you are insurable (that you do not have any serious health conditions). However, you must pay the full premium for your continuation coverage, including the portion of the premium Clackamas County was previously paying. After you elect COBRA, you will have 45 days from the date of election to pay the first premium. You must pay premium back to the point you would otherwise have lost coverage under this Plan. After that, you must pay the premium for each month as of the first of the month, and in all events within 30 days. If you fail to pay your monthly premium, you will be notified that your coverage is being terminated.

10.1.8 Length of COBRA Continuation Coverage

18-Month Continuation Period

When coverage ends due to a Subscriber's termination of employment (other than for gross misconduct) or a reduction in hours, the continuation period for the Subscriber and all covered Family Members will be 18 months from the date of the qualifying event, or the date coverage is lost, whichever is later.

29-Month Continuation Period

If a qualified beneficiary is disabled, continuation coverage for that qualified beneficiary and his or her covered Family Members may continue for up to 29 months from the date of the original qualifying event, or loss of coverage, whichever is later. The 29-month period applies only if the following conditions are met:

- The Social Security Administration (SSA) determines that the qualified beneficiary is disabled at any time prior to the qualifying event or during the first 60 days of COBRA continuation coverage; and
- The qualified beneficiary provides Clackamas County with a copy of the SSA determination within the initial 18-month continuation period and not later than 60 days after the SSA determination was issued.

The premium for COBRA continuation coverage may increase after the 18th month to 150% of the otherwise applicable amount.

If the SSA makes a final determination of non-disability, the qualified beneficiary must notify the COBRA Administrator within 30 days.

36-Month Continuation Period

If a Spouse, Domestic Partner or Dependent child loses coverage because of any of the following reasons, COBRA provides for up to 36 months of continuation of coverage:

- The Subscriber's death;
- The Subscriber's eligibility for Medicare;
- Divorce or legal separation;
- Termination of the domestic partnership; or
- A child becomes ineligible for Dependent coverage.

10.1.9 Extension of Continuation Period

If a second qualifying event occurs during the initial 18- or 29-month continuation period (for example, the death of the employee, divorce, or child loses status as an Eligible Family Member under the Plan), coverage for a qualified beneficiary may be extended up to 36 months. However, in no case will the continuation coverage exceed 36 months from the date of the original qualifying event.

If a Spouse or Dependent child has continuation coverage due to the employee's termination or reduction in hours and if the qualifying event occurred within 18 months after the employee became entitled to Medicare, the coverage period is extended to 36 months from the employee's Medicare entitlement date.

10.1.10 Trade Act of 2002

The Trade Act of 2002 created a new tax credit for certain individuals who become eligible for trade adjustment assistance (TAA). TAA allows workers displaced by the impact of foreign trade, and individuals age 55 or older who are receiving pension benefits paid by the Pension Benefit Guaranty Corporation (PBGC), to elect COBRA coverage during the 60-day period that begins on the first day of the month in which the individual first becomes eligible for TAA benefits. Eligible individuals can either take a tax credit or get advance payment of sixty-five percent of premiums paid for qualified health insurance, including continuation coverage. If you have questions about these tax provisions, you may call the Health Care Tax Credit Customer Contact Center toll-free at 866-628-4282. TTD/TTY caller may call toll-free at 866-626-4282. More information about the Trade Act is also available at http://www.doleta.gov/tradeact/.

10.1.11 When COBRA Continuation Coverage Ends

COBRA Continuation coverage will end automatically for you and your Family Members when any of the following events occurs:

- Clackamas County no longer provides health coverage to any employees;
- The premium for the continuation coverage is not paid on time;
- The qualified beneficiary employee, spouse or dependent child) later becomes covered under another health plan that has no exclusions or limitations with respect to any pre-existing conditions. If the other plan has applicable exclusions or limitations, the COBRA continuation coverage will terminate after the exclusion or limitation no longer applies'
- The qualified beneficiary (employee, spouse, or dependent child) later becomes entitled to Medicare;
- The earliest date that the qualified beneficiary no longer qualifies for such coverage in accordance with the federal COBRA regulations; or
- The applicable maximum period of continuation coverage occurs.

If arbitration is mutually agreed upon the arbitrator's decision shall be final and legally binding and judgment may be entered thereon. Irrespective of whether the Grievance is appealed to a court or an arbitrator, neither party shall under any circumstance be liable to the other for any special, incidental, or consequential damages, or for any tort liability (including any punitive or exemplary damages), in any way related to this Plan.

12. QUALIFIED MEDICAL CHILD SUPPORT ORDERS (QMCSO)

A child of an Eligible Employee will be enrolled in the Plan as required by a qualified medical child support order. The procedures and rules regarding this enrollment are described in this section.

12.1 DEFINITIONS

For purposes of this section, the following definitions shall apply:

"Alternate Recipient" means any child of an employee who is recognized under an Order as having a right to enrollment under the Plan with respect to such employee.

An "Order" means any judgment, decree, or order (including approval of a settlement agreement) issued by a court of competent jurisdiction (or through an administrative process established under a state law which has the effect of a court order) which:

- Provides for child support with respect to a child of an employee under the Plan or provides for health benefit coverage to such a child, is made pursuant to a state domestic relations law (including a community property law), and relates to benefits under the Plan; or
- Enforces a state law relating to medical child support with respect to the Plan.

A "Qualified Medical Child Support Order" or "QMCSO" means an Order:

- Which creates or recognizes the existence of an Alternate Recipient's right to receive, or assigns to an Alternate Recipient the right to receive, benefits for which an employee or beneficiary is eligible under the Plan; and
- With respect to which Clackamas County has determined satisfies the QMSCO standards set forth below.

"Procedures" means the Qualified Medical Child Support Order procedures as prescribed in this section.

"Designated Representative" means a representative designated by an Alternate Recipient to receive copies of notices that are sent to the Alternate Recipient with respect to an Order.

12.2 NOTICE UPON RECEIPT OF ORDER

Upon the receipt of any Order, Clackamas County will promptly notify the employee and each Alternate Recipient identified in such Order of the receipt of such Order, and will further furnish them each with a copy of these Procedures. If the Order or any accompanying correspondence identifies a Designated Representative, then copies of the acknowledgment of receipt notice and these Procedures will also then be provided to such Designated Representative.

12.3 NOTICE OF DETERMINATION

Within a reasonable period after its receipt of the Order, Clackamas County will determine whether the Order satisfies the QMCSO standards described below so as to constitute a QMCSO, and shall thereupon notify the employee, each Alternate Recipient, and any Designated Representative of such determination.

An Order will not be deemed to be a QMCSO unless the Order:

(a) Clearly specifies:

1. The name and last known mailing address (if any) of the employee and of each Alternate Recipient covered by the Order (or the name and mailing address of a State or agency official acting on behalf of the Alternate Recipient);
2. Either a reasonable description of the type of coverage to be provided under the Plan to each Alternate Recipient, or the manner in which such type of coverage is to be determined; and
3. The period to which the Order applies.

(b) Does not require the Plan to provide any type or form of benefit, or any option, not otherwise provided under the Plan, except to the extent that the Order pertains to the enforcement of a state law relating to a medical child support.

If an Order contains inconsistencies or ambiguities that might pose a risk of future controversy or liability to the Plan, the Order will not be considered to be a QMCSO.

12.4 ENROLLMENT OF ALTERNATE RECIPIENT

An Alternate Recipient with respect to an Order determined to be a QMCSO who properly submits the applicable enrollment forms to Clackamas County will become covered under the Plan to which such Order applies as soon as practicable after the applicable enrollment forms are received. An Alternate Recipient will be eligible to become covered under the Plan as of a particular date without regard to any open enrollment period restrictions otherwise applicable under the Plan.

12.5 COST OF COVERAGE

An Alternate Recipient will be treated as having been voluntary enrolled in the Plan by the employee as a dependent of such employee, including in regard to the payment by the employee for dependent coverage under the Plan. The amount of any required contributions to be made by the Employee for coverage under the Plan will be determined on the basis of the Alternate Recipient being treated as the employee's covered dependent. Any additional required contribution attributable to the coverage of the Alternate Recipient will not be separately charged. Rather, the full amount of the required contribution shall be paid by the employee in accordance with the payroll deduction or other procedures of the Plan as pertaining to the employee.

12.6 REIMBURSEMENT OF PLAN EXPENSES

Unless the terms of the Order provide otherwise, any payments to be from the Plan as reimbursement for group health expenses paid either by the Alternate Recipient, or by the custodial parent or legal guardian of the Alternate Recipient, will not be paid to the employee. Rather, such reimbursement will be paid either to the Alternate Recipient, or to the custodial parent or legal guardian of such Alternate Recipient. However, if the name and address of a State or agency official has been substituted in the Order for that of the Alternate Recipient, then the reimbursement will be paid to such named official.

12.7 STATUS OF ALTERNATE RECIPIENT

An Alternate Recipient under a QMCSO generally will be considered a beneficiary of the Employee under the Plan to which the Order pertains.

12.8 TREATMENT OF NATIONAL MEDICAL SUPPORT NOTICE

If Clackamas County receives an appropriately completed National Medical Support Notice (a "National Notice") issued pursuant to the Child Support Performance and Incentive Act of 1998 in regard to an employee who is a non-custodial parent of a child, and if the National Notice is determined by Clackamas County to satisfy the QMCSO standards prescribed above, then the National Notice shall be deemed to be a QMSCO respect to such child.

Clackamas County, upon determining that the National Notice is a QMSCO, shall within forty (40) business days after the date of the National Notice notify the State agency issuing the National Notice of the following:

(a) Whether coverage of the child at issue is available under the terms of the Plan, and if so, as to whether such child is covered under the Plan; and

(b) Either the effective date of the coverage or, if necessary, any steps to be taken by the custodial parent (or by the State or agency official acting on behalf of the child) to effectuate the coverage under the Plan.

Clackamas County shall within such time period also provide to the custodial parent (or such substituted official) a description of the coverage available and any forms or documents necessary to effectuate such coverage.

Nothing in this section shall be construed as requiring the Plan, upon receipt of a National Notice, to provide benefits under the Plan (or eligibility for such benefits) in addition to benefits (or eligibility for benefits) provided under the terms of the Plan as in effect immediately before receipt of such National Notice.

13. GENERAL PROVISIONS

13.1 CONFLICTS OF PROVISIONS

In the event that one or more provisions of this document conflict with one or more provisions of any other plan document, the provisions of this document, as from time to time amended, shall control.

13.2 CONTROLLING STATE LAW

To the extent not preempted by federal laws, the laws of the State of Oregon shall apply and shall be the controlling state law in all matters relating to the Plan.

13.3 DUPLICATING PROVISIONS

If any charge is described as covered under two or more benefit provisions, the Plan will pay only under the provision allowing the greater benefit. This may require a recalculation based upon both the amounts already paid and the amounts due to be paid. The Plan has NO liability for benefits other than those this Plan provides.

13.4 FAILURE TO PROVIDE INFORMATION OR PROVIDING INCORRECT OR INCOMPLETE INFORMATION

Members warrant that all information contained in applications, questionnaires, forms, or statements submitted to Clackamas County and to Providence Health Plan to be true, correct, and complete. If a Member willfully fails to provide information required to be provided under this Plan or knowingly provides incorrect or incomplete information, then the Member's rights may be terminated. See section 9.4.

13.7 LEGAL ACTION

No civil action may be brought under state or federal law to recover benefits from the Plan until receipt of a final decision under the Member Grievance and Appeal process specified in section 7.2 of the Summary Plan Description, unless the Member's benefits under the Plan are subject to the Employee Retirement Income Security Act (ERISA), in which case the Member is permitted either to bring a civil action under ERISA in federal court after receiving a decision from the First Level of Appeal or to bring such an action after receipt of a final grievance decision. An appeal from a final Grievance decision may lie with an Independent Review Organization (IRO). In the event a right to IRO review exists and the Member elects to seek such review, the IRO decision will be binding and final, as indicated in section 7.2.4. No civil action under ERISA or otherwise may be brought later than three years after the date of the last decision rendered under the Member Grievance and Appeal process specified in section 7.2. If ERISA does not apply (see section 11.2) the action must be brought in Oregon state court, either in the Member's county of residence or such other county as mutually agreed upon between Member and the Plan. In general, ERISA applies if this is an employer-sponsored plan, other than a government plan or church plan.

13.8 LIMITATIONS AND PROVISIONS

No person other than a Member is entitled to receive benefits under this Plan. Such right to benefits is nontransferable.

13.12 NO GUARANTEE OF EMPLOYMENT

Neither the maintenance of the Plan nor any part thereof shall be construed as giving any employee covered hereunder any right to remain in the employ of Clackamas County. No shareholder, director, officer, or employee of Clackamas County in any way guarantees to any Member or beneficiary the payment of any benefit or amount which may become due in accordance with the terms of the Plan.

13.13 NO RECOURSE FOR ACTS OF PROVIDERS

The Hospitals, Skilled Nursing Facilities, physicians and other persons or organizations providing Services to you do so as independent contractors. Neither Clackamas County nor Providence Health Plan is liable for any claim or demand due to damages arising out of, or in any manner connected with, any injuries suffered by you while receiving such Services.

13.14 NONWAIVER

No delay or failure when exercising or enforcing any right under this Plan shall constitute a waiver or relinquishment of that right, and no waiver or any default under this Plan shall constitute or operate as a waiver of any subsequent default. No waiver of any provision of this Plan shall be deemed to have been made unless and until such waiver has been reduced to writing and signed by the party waiving the provision.

Any notice required of you shall be deemed sufficient if mailed to the principal office of Providence Health Plan, P.O. Box 3125, Portland, OR 97208.

13.16 NOTICE REQUIRED FOR REIMBURSEMENT AND PAYMENT OF CLAIM

Plan payments for most Services are made directly to the providers of Services. Except as otherwise specifically provided in this Plan, if you are billed directly by an Out-of-Network Provider and you pay for benefits which are covered by this Plan, reimbursement from the Plan will be made only upon your written notice to Providence Health Plan of the payment. Payment will be made to the Member, subject to written notice of claim, or, if deceased, to the Member's estate, unless payment to other parties is authorized in writing by you. (See section 6.1.1 regarding timely submission of claims.)

13.17 PAYMENT OF BENEFITS TO PERSONS UNDER LEGAL DISABILITY

Whenever any person entitled to payments under the Plan is determined to be a minor or under other legal disability or otherwise incapacitated in any way so as to be unable to manage such person's financial affairs, or otherwise incapable of giving a valid receipt and discharge for any payment, the following provision shall apply. Providence Health Plan, in their discretion, may direct that all or any portion of such payments be made (i) to such person, (ii) to such person's legal guardian or conservator, or (iii) to such person's spouse or to any other person, in any manner considered advisable, to be expended for the person's benefit. PHP's decision will, in each case, be final and binding upon all persons. Any payment made pursuant to the power herein conferred shall operate as a complete discharge of the obligations under the Plan in respect thereof by Clackamas County and Providence Health Plan.

13.18 PHYSICAL EXAMINATION AND AUTOPSY

When reasonably required for purposes of claim determination, the Plan Sponsor shall have the right to make arrangements for the following examinations, at Plan expense, and to suspend the related claim determination until Providence Health Plan has received and evaluated the results of the examination:

- A physical examination of a Member; or
- An autopsy of a deceased Member, if not forbidden by law.

13.19 PROFESSIONAL REVIEW AND RIGHT TO EXAMINE RECORDS

All Members, by acceptance of the benefits of this Plan, shall be deemed to have consented to the examination of medical records for purposes of utilization review, quality assurance and peer review by Providence Health Plan or their designee.

All Members, for purposes other than utilization review, quality assurance and peer review, may be required to authorize any provider to give and discuss with Providence Health Plan any information relating to any condition for which benefits are claimed under this Plan. Providence Health Plan may transfer this information between providers or other organizations who are treating you or performing a Service on our behalf. If you do not consent to the release of records or to discussions with providers, Providence Health Plan will be unable to determine the proper payment of any benefits and will deny the claims accordingly. Consent to the release of records and discussion with providers is a condition of payment of any benefits. Neither the consent to, nor the actual examination of the records or discussion with providers will constitute a guarantee of payment.

13.20 REQUIRED INFORMATION TO BE FURNISHED

Each Member must furnish to Providence Health Plan such information as they consider necessary or desirable for purposes of administering the Plan, and the provisions of the Plan respecting any payments hereunder are conditional upon the prompt submission by the Member of such true, full and complete information as may be requested.

13.21 RIGHT OF RECOVERY

Providence Health Plan, on behalf of the Plan, has the right, upon demand, to recover payments in excess of the maximum benefits specified in this Plan or payments obtained through fraud, error, or duplicate coverage. If reimbursement is not made to the Plan, Providence Health Plan is authorized by Clackamas County to deduct the overpayment from future benefit payments under this Plan.

13.22 SEVERABILITY

Invalidation of any term or provision herein by judgment or court order shall not affect any other provisions, which shall remain in full force and effect.

13.23 STATE MEDICAID BENEFITS RIGHTS

Notwithstanding any provision of the Plan to the contrary:

- Payment for benefits with respect to a Member under the Plan shall be made in accordance with any assignment of rights made by or on behalf of such Member, as required by a State Medicaid Plan;
- The fact that an individual is eligible for or is provided medical assistance under a State Medicaid Plan shall not be taken into account in regard to the individual's enrollment as a Member or beneficiary in the Plan, or in determining or making any payments for benefits of the individual as a Member in the Plan; and
- Payment for benefits under the Plan shall be made to a state in accordance with any state law which provides that the state has acquired the rights with respect to a Member for items or services constituting medical assistance under a State Medicaid Plan.

For purposes of the above, a "State Medicaid Plan" means a state plan for medical assistance approved under Title XIX of the Social Security Act pursuant to Section 1912(a)(1)(A) of such Act.

The Plan will provide benefits to employees entering into or returning from service in the armed forces as may be required under the Uniformed Services Employment and Reemployment Rights Act of 1994 (USERRA). In general, USERRA provides that:

(a) An employee who takes unpaid military leave, or who separates from the employment of Clackamas County to perform services in the armed forces or another uniformed service, can elect continued coverage under the Plan (including coverage for the Eligible Family Dependents) on a self-pay basis. The applicable Contribution for such coverage, and the Contribution payment procedures, shall be as generally prescribed for COBRA continuation coverage in section 10. Effective for elections made on or after December 10, 2004, the period for such continuation coverage shall extend until the earlier of:
    1. The end of the 24-month period beginning on the date on which the employee's absence for the purpose of performing military service begins; or

The Employer shall be responsible for all fiduciary functions under the Plan except insofar as any such authority or responsibility is assigned by or pursuant to the Plan to another named fiduciary, or is delegated to another fiduciary by the Employer. The Employer has the discretionary authority to determine eligibility for benefits under the Plan and to interpret the terms of the Plan, unless it has delegated that authority as permitted by the Plan. In the event of such delegation, Providence Health Plan's determinations on the meaning of Plan terms may not be overturned unless found by a court to have been arbitrary and capricious. The allocation of administrative duties and the delegation of discretionary authority for the Plan are specified in the Administrative Services Agreement that has been executed by the Employer and Providence Health Plan.

14.7.1 COMPLETE ALLOCATION OF FIDUCIARY RESPONSIBILITIES

This section is intended to allocate to each named fiduciary the individual responsibility for the prudent execution of the functions assigned to each. The performance of such responsibilities will be deemed a several and not a joint assignment. None of such responsibilities nor any other responsibility is intended to be shared by two or more of them unless such sharing will be provided by a specific provision of the Plan. Whenever one named fiduciary is required by the Plan to follow the directions of another, the two will not be deemed to have been assigned a shared responsibility, but the responsibility of the one giving the direction will be deemed to be its sole responsibility, and the responsibility of the one receiving such direction will be to follow it insofar as such direction is on its face proper under the Plan and applicable law.

14.8 ENGAGEMENT OF ADVISORS

The Employer may employ on behalf of the Plan one or more persons to render advice with regard to any responsibility it may have under the Plan. Toward that end, the Employer may appoint, employ and consult with legal counsel, actuaries, accountants, investment consultants, physicians or other advisors (who may be counsel, actuaries, accountants, consultants, physicians or other advisors for the Employer) and may also from time to time utilize the services of employees and agents of the Employer in the discharge of their respective responsibilities.

14.9 INDEMNIFICATION

The Employer will indemnify its employees for any liability or expenses, including attorneys' fees, incurred in the defense of any threatened or pending action, suit or proceeding by reason of their status as a fiduciary with respect to the Plan, to the full extent permitted by law.

14.10 AMENDMENT OR TERMINATION OF PLAN

14.10.1 Right to Amend or Terminate

The Employer reserves the right at any time and from time to time to amend or terminate in whole or in part any of the provisions of the Plan, or any document forming part of the Plan.

14.10.2 Manner of Action

Any amendment or termination of the Plan or any part of the Plan shall be made by an instrument in writing reflecting that such change has been authorized by the Employer. Any such amendment or termination shall be effective as of the date specified in said instrument, or, if no date is so specified, as of the date of execution or adoption of said instrument. An amendment may be effected by establishment, modification, or termination of the Plan by appropriate action of the Employer. Any such amendment or termination may take effect retroactively or otherwise. An instrument regarding the establishment, modification or termination of the Plan which is executed by the Chair of the Board of County Commissioners or his/her designee shall be conclusive evidence of the adoption and effectiveness of the instrument.

14.10.3 Effect on Benefits

Claims incurred before the effective date of a Plan change or termination will not be affected. Claims incurred after Plan changes will be covered according to the provisions in effect at the time the claim is incurred. Claims incurred after the Plan is terminated will not be covered. You will not be vested in any Plan benefits or have any further rights, subject to applicable law.

14.11 PROTECTED HEALTH INFORMATION

14.11.1 Disclosure

In accordance with the privacy regulations of the Health Insurance Portability and Accountability Act (HIPAA), Providence Health Plan may disclose de-identified summary health information to the Employer for purposes of modifying, amending or terminating this Plan. In addition, Providence Health Plan may disclose protected health information (PHI) to the Employer in accordance with the following provisions of this Plan as established by the Employer:

(a) The Employer may use and disclose the PHI it receives only for the following purposes:
    1. Administration of the Plan; and

(c) The Employer shall not use or disclose the PHI obtained from Providence Health Plan for employment-related actions and decisions or in connection with any other benefit or employee benefit plan of the Employer.

(d) The Employer shall report to Providence Health Plan any use or disclosure of PHI that is inconsistent with the provisions of this section of which the Employer becomes aware.

(e) The Employer shall make PHI available to Participants in accordance with the privacy regulations of HIPAA.

(f) The Employer shall allow Participants to amend their PHI in accordance with the privacy regulations of HIPAA.

(g) The Employer shall provide Participants with an accounting of its disclosure of their PHI in accordance with the privacy regulations of HIPAA.

(h) The Employer shall make its internal practices, books and records relating to the use and disclosure of PHI received from Providence Health Plan available to the Secretary of the Department of Health and Human Services in accordance with the privacy regulations of HIPAA.

(i) The Employer shall, if feasible, return or destroy all PHI received from Providence Health Plan and retain no copies of such information when no longer needed for the purpose for which such information was received except that, if such return or destruction is not feasible, the Employer shall limit further uses and disclosures to those purposes that make the return or destruction of the information infeasible.

(j) The Employer shall provide for adequate separation between the Employer and Providence Health Plan with regard to the use and disclosure of PHI. For that purpose, access to PHI shall be limited to the following employees or classes of employees of the Employer:

(k) Directors of Human Resources;

Further, the Employer shall restrict the access to and use of PHI by the employees designated above to the administrative functions that those employees perform for the Employer with regard to this Plan. In addition, the Employer shall establish an effective mechanism for resolving any issues of non-compliance by the employees designated above with regard to their use of PHI.

14.11.2 Security

In accordance with the security standards of the Health Insurance Portability and Accountability Act (HIPAA), the Employer shall:

(a) Implement administrative, physical, and technical safeguards that protect the confidentiality, integrity and availability of the electronic PHI that it creates, receives, maintains or transmits on behalf of the Plan;

(b) Ensure that the separation of access to PHI that is specified in section 14.11.1(j) above is supported by appropriate security measures;

(c) Ensure that any agent or subcontractor to whom the Employer provides PHI agrees to implement appropriate security measures to protect such information; and

(d) Report to the Plan any security incident regarding PHI of which the Employer becomes aware.

2. WELCOME TO PROVIDENCE HEALTH PLAN

Thank you for choosing Providence Health Plan. We look forward to meeting your health care needs. Providence Health Plan is an Oregon licensed Health Care Services Contractor whose parent company is Providence Health & Services. Our goal is to help improve the health status of individuals in the communities in which we serve. This booklet contains important information about the health plan coverage offered to Clackamas County Employees and their Dependents.

2.1 CLACKAMAS COUNTY EARLY RETIREE-COBRA-TEMPORARY EMPLOYEES OPEN OPTION PLAN

Your Clackamas County Early Retiree-COBRA-Temporary Employees Open Option Plan allows you to receive Covered Services from In-Network Providers through what is called your In-Network benefit. You also have the option to receive most Covered Services from Out-of-Network Providers through what is called your Out-of-Network benefit. Generally, your out-of-pocket costs will be less when you receive Covered Services from In-Network Providers. Also, In-Network Providers will work with us to Prior Authorize treatment. If you receive Covered Services from Out-of-Network Providers, it is your responsibility to make sure the Services listed in section 3.5 are Prior Authorized by Providence Health Plan before treatment is received.

It is your responsibility to verify whether or not a physician/provider, Hospital or other facility is participating with Providence Health Plan, and whether or not the health care is a Covered Service even if you have been directed or referred for care by an In-Network Provider.

If you are unsure about a physician/provider's, Hospital's or other facility's participation with Providence Health Plan, visit the Provider Directory, available online at http://phppd.providence.org/, before you make an appointment. You also can call Customer Service to get information about a provider's participation with Providence Health Plan and your benefits.

Whenever you visit a Provider:

- Bring your Providence Health Plan Member ID Card with you.
- Be prepared to make a Copayment at the time of visit if the office visit is subject to a Copayment.
- If your office visit is subject to a Coinsurance (a percentage of the amount billed for Services), you will most likely not be able to pay for what you owe at the time of your visit. Your provider's office will send you a bill for what you owe later. Some providers, however, may ask you to pay an estimate of what you may owe at the time you receive services, and bill or credit you for the balance later.

3. HOW TO USE YOUR PLAN

Our goal is maintaining your health by promoting wellness and preventive care. We encourage you to work closely with one provider, your Primary Care Provider, who can provide most of your care, suggest specialist care and arrange for Hospital care or diagnostic testing.

This section describes how to use this Plan and how benefits are applied. The level of benefits for Covered Services is shown in the Benefit Summary and described in section 4 of this Summary Plan Description.

3.1 IN-NETWORK PROVIDERS

Providence Health Plan has contractual arrangements with certain physicians/providers, hospitals and facilities located in Oregon and southwest Washington, as well as Nationwide. Our agreements with these "In-Network Providers" enable you to receive quality health care for a reasonable cost.

For Services to be covered using your In-Network benefit, you must receive Services from In-Network Providers. It is your responsibility to verify whether or not a physician/provider, hospital or other facility is participating with us even if you have been directed or referred for care by an In-Network Provider.

3.1.1 Nationwide Network of In-Network Providers

Providence Health Plan also has contractual arrangements with certain Qualified Practitioners, Hospitals and facilities nationwide. These arrangements allow you to receive Services when using In-Network Providers, even when you are outside of Oregon and southwest Washington.

3.1.2 Choosing an In-Network Provider

To choose an In-Network Provider, or to verify if a provider is an In-Network Provider, please refer to the Provider Directory, available online at http://phppd.providence.org/. If you do not have access to our website, please call Customer Service to request In-Network Provider Information.

Advantages of Using an In-Network Provider

- Your In-Network Provider will work with Providence Health Plan to arrange for any Prior Authorization requirements that may be necessary for certain Covered Services. For more information on Prior Authorization, see section 3.5.
- In most cases when you use In-Network Providers, higher benefit levels will apply and your out-of-pocket expenses will be reduced.
- You will have a wide variety of high quality In-Network Providers to help you with your health care needs.

So remember, it is to your advantage to meet your health care needs by using an In-Network Provider, including an In-Network Primary Care Provider, whenever possible.

3.1.3 Indian Health Services Providers

Native American Indian and Alaskan Native Members may also access Covered Services from Indian Health Services (IHS) facilities at no greater cost than if the Services were accessed from an In-Network Provider. For a list of IHS facilities, please visit the IHS website at www.ihs.gov, or contact the regional IHS office at:

Portland Area Indian Health Service
1414 NW Northrup St., Ste. 800
Portland, OR 97209
Telephone: 503-414-5555

3.2 THE ROLE OF A PRIMARY CARE PROVIDER

To encourage optimum health, we promote wellness and preventive care. We also believe wellness and overall health is enhanced by working closely with one physician or provider – your Primary Care Provider. Your Primary Care Provider can provide most of your care and, when necessary, coordinate care with other providers in a convenient and cost-effective manner. We recommend that upon joining Providence Health Plan you and each of your Family Members choose an In-Network Primary Care Provider as soon as possible.

3.2.1 Primary Care Providers

A Primary Care Provider is a Qualified Practitioner who specializes in family practice, general practice, internal medicine or pediatrics; a nurse practitioner; or a physician assistant, when providing services under the supervision of a physician, who agrees to be responsible for the continuing medical care by serving as case manager. Members may also choose a physician specializing in obstetrics or gynecology; a nurse practitioner; a certified nurse midwife; or a physician assistant specializing in women's health care as their Primary Care Provider. Child Members may choose a physician specializing in pediatrics as their Primary Care Provider.

Primary Care Providers provide preventive care and health screenings, medical management of many chronic conditions, allergy shots, treatment of some breaks and sprains, and care for many major illnesses and nearly all minor illnesses and conditions. Many Primary Care Providers offer maternity care and minor outpatient surgery as well.

IMPORTANT NOTE: In-Network Primary Care Providers have a special agreement with us to serve as a case manager for your care. This means not all of our In-Network Providers with the specialties listed above are In-Network Primary Care Providers. Please refer to the Provider Directory, available online, for a listing of designated In-Network Primary Care Providers or call your Customer Service team to request a hard copy.

3.2.2 Established Patients with Primary Care Providers

If you and your family already see a provider, you may want to check the provider directory to see if your provider is an In-Network Primary Care Provider for Providence Health Plan. If your provider is participating with us, let his or her office know you are now a Providence Health Plan Member.

3.2.3 Selecting a New Primary Care Provider

We recommend that you choose a Primary Care Provider from our Provider Directory, available online, for each covered Family Member. Call the provider's office to make sure he or she is accepting new patients. It is a good idea to have your previous physician or provider transfer your medical records to your new Primary Care Provider as soon as possible. The first time you make an appointment with your Primary Care Provider, let him or her know you are now a Providence Health Plan Member. On your first visit, make a list of questions or information you would like to discuss with your new Primary Care Provider, including the following:

- What are the office hours?
- How can I get medical advice after hours?
- What do I do in an emergency?

Let your Primary Care Provider know if you are under a specialist's care as well as if you are currently taking any ongoing prescription medications.

3.2.4 Changing Your Primary Care Provider

You are encouraged to establish an ongoing relationship with your Primary Care Provider. If you decide to change your Primary Care Provider, please remember to have your medical records transferred to your new Primary Care Provider.

3.2.5 Office Visits

Primary Care Providers

We recommend you see your Primary Care Provider for all routine care and call your Primary Care Provider first for urgent or specialty care. If you need medical care when your Primary Care Provider is not available, the physician/provider on call may treat you and/or recommend that you see another provider for treatment..

Specialists

Your Primary Care Provider will discuss with you the need for diagnostic tests or other specialist services; and may also recommend you see a specialist for treatment .

You also may decide to see a specialist without consulting your Primary Care Provider. Visit the Provider Directory, available online at http://phppd.providence.org/, or call Customer Service to choose a specialist who is an In-Network Provider with Providence Health Plan.

If you decide to see a specialist on your own, we recommend you let your Primary Care Provider know about your decision. Your Primary Care Provider will then be able to coordinate your care and share important medical information with your specialist. In addition, we recommend you let your specialist know the name and contact information of your Primary Care Provider.

Whenever you visit a specialist:

- Bring your Providence Health Plan Member ID Card.
- Understand that in most cases, your out-of-pocket costs will be a percent of the charges for services. Your provider's office will send you a bill for the amount you owe. Some providers, however, may ask you to pay an estimate of what you may owe at the time you receive services, and will bill or credit you the balance later. (For certain Plans, there is a Member Copayment for specialist visits instead of a Coinsurance. If you are on one of these Plans, you will need to pay your Member Copayment at the time of your visit. Please check your Benefit Summary for your specific coverage information.)

Alternative Care Providers

This Plan includes coverage for office visits to alternative care providers, as listed in your Benefit Summary. See section 15 for the definition of Alternative Care Provider. For coverage of chiropractic manipulation and acupuncture, see sections 4.12.9, 4.12.10 and your Benefit Summary.

3.3 SERVICES PROVIDED BY OUT-OF-NETWORK PROVIDERS

As a Member of this Plan, you may choose to receive Covered Services from Out-of-Network Qualified Practitioners and facilities using your Out-of-Network benefit.

Benefits for Covered Services by an Out-of-Network Provider will be provided as shown in the Benefit Summary. See section 3.5 Prior Authorization requirements.

Generally, when you receive Services from Out-of-Network Providers, your Copayments and Coinsurance will be higher than when you see In-Network Providers.

IMPORTANT NOTE: Your Plan only pays for Covered Services received from Out-of-Network Providers at Usual, Customary, and Reasonable rates (UCR) (see Section 15, Definitions). If an Out-of-Network Provider charges more than the UCR rates allowed under your Plan, that provider may bill you directly for the additional amount that is not covered by your Plan. That amount is in addition to any Deductible, Copayment, or Coinsurance for which you may be responsible, and does not accrue to your Out-of-Pocket Maximum.

If you choose to receive Covered Services from an Out-of-Network Provider, those Services are still subject to the terms of this Summary Plan Description. Your Plan will only pay for Medically Necessary Covered Services. No matter what type of provider you see, the treatments, supplies, and medications excluded by this Plan are not covered.

If the provider you choose is Out-of-Network, it is important for you to understand that Providence Health Plan has not assessed the provider's credentials or quality; nor has Providence Health Plan reviewed and verified the Out-of-Network Provider's qualifications and history for information such as: relevant training, licensure, certification, and/or registration to practice in a health care field, and academic background. Additionally, the Out-of-Network Provider will not have been assessed by Providence Health Plan to verify that the provider meets certain criteria relating to professional competence and conduct and as such is not guaranteed to follow your benefit plan, rules, regulations, or guidelines with regard to standards of care nor standards of documentation and billing.

Some Services are only covered under your In-Network benefit:

- Virtual Visits (see section 4.3.2).
- E-mail Visits (see section 4.3.3).
- Temporomandibular Joint (TMJ) Services (see section 4.12.7).
- Tobacco Use Cessation Services (see section 4.1.8).
- Human Organ/Tissue Transplants (see section 4.13).
- Any item listed in your Benefit Summary as "Not Covered" Out-of-Network.

Payment for Out-of-Network Physician/Provider Services (UCR)

After you meet your Deductible, if applicable, and if the Services provided are Medically Necessary Covered Services, we will provide payment to Out-of-Network Providers according to Usual, Customary and Reasonable (UCR) charges. UCR charges do not include sales taxes, handling fees and similar surcharges; such taxes, fees and surcharges are not covered expenses. Charges which exceed UCR are the Member's responsibility and are not applied to the Out-of-Pocket Maximum. See section 15 for the definition of UCR.

You will be responsible for costs that are not covered or allowed by your Out-of-Network benefits as shown in the following example (amounts shown are only estimates of what may apply).

	Provider's Status	
Item	In-Network	Out-of-Network
Provider's standard charges	$100	$100
Allowable charges under this Plan	$80 (contracted)	$80 (if that is UCR)
Plan benefits (for this example only)	$64 (if 80% benefit)	$56 (if 70% benefit)
Balance you owe	$16	$24
Additional amount that the provider may bill to you	$-0-	$20 ($100 minus $80)
Total amount you would pay	$16	$44 ($24 plus $20)

Thus, you may incur significantly larger out-of-pocket costs, perhaps a multiple of what would have applied, if you use Out-of-Network Physicians or Providers.

Payment for Covered Services Provided Before Disposition of Criminal Charges

If you are in the custody of an Oregon state or local corrections agency pending the disposition of criminal charges brought by an Oregon county, we will reimburse the custodial county for the costs of Covered Services or supplies rendered before the disposition of charges, in an amount that is no less than 115 percent of the Medicare rate for the service or supply, except for renal dialysis which will be reimbursed in accordance with the terms of the Plan for Out-of-Network dialysis providers.

The following Services and Supplies are excluded from coverage under this section:

- Diagnostic tests or health evaluations required by the corrections agency, as a matter of course, for all individuals who are in the custody of the county pending the disposition of charges;
- Hospital and ambulatory surgical center services, except as rendered by an In-Network provider.

3.4 NOTICE OF PROVIDER TERMINATION

When an In-Network Provider whose contract of participation with us terminates, we will notify those Members who we know are under the care of the terminated provider within 10 days of the termination date or of our knowledge of the termination date.

3.5 PRIOR AUTHORIZATION

While Prior Authorization is a requirement for coverage of certain Services under this Plan, Prior Authorization is not a treatment directive. The actual course of medical treatment that a Member chooses remains strictly a matter between the Member and the provider and is separate from the Prior Authorization requirements of this Plan. Prior Authorization is not a guarantee of benefit payment under this Plan and Prior Authorization does not supersede other specific provisions of this Plan regarding coverage, limitations, exclusions and Medical Necessity.

Services received from In-Network Providers:
When Services are received from an In-Network Provider, the In-Network Provider is responsible for obtaining Prior Authorization.

Services received from Out-of-Network Providers:

If an Emergency Medical Condition exists which prevents you from obtaining Prior Authorization, Providence Health Plan must be notified within 48 hours following the onset of treatment, or as soon as reasonably possible, to continue coverage of these Services.

- The Service(s) to be performed.

Failure to Obtain Prior Authorization:
If you do not obtain Prior Authorization for Services received from an Out-of-Network Provider, as specified in section 3.3, a 50% **penalty,** not to exceed $2,500 for each Covered Service, will be applied to the claim.

Should Providence Health Plan determine that we would have covered the Service had Prior Authorization been obtained, benefits will be applied to the remaining claim balance after the Prior Authorization Penalty is assessed. The **penalty** does **NOT** apply to the Deductible, if any, or to the Out-of-Pocket Maximum shown in the Benefit Summary.

3.6 TRAVEL EXPENSE REIMBURSEMENT

Subject to Prior Authorization, if you are unable to locate an In-Network Provider to provide Medically Necessary Covered Services for your specific condition within 50 miles of your home, the Plan will reimburse your travel expense to the nearest In-Network Provider within 300 miles of your home. Reimbursement will be based on the federal medical mileage reimbursement rate in effect on the date of service. Travel expense reimbursement is limited to $1,500 per calendar year. If an overnight stay is required, food and lodging are reimbursable up to $150 per diem (per day). Per diem expenses apply to the $1,500 travel expenses reimbursement maximum. (Note: Transplant Covered Services include a separate travel expense benefit; see section 4.13.1).

3.7 MEDICAL COST MANAGEMENT

Coverage under this Plan is subject to the medical cost management protocols established by us to ensure the quality and cost effectiveness of Covered Services. Such protocols may include Prior Authorization, concurrent review, case management and disease management.

The Plan reserves the right to deny payment for Services that are not Medically Necessary in accordance with the criteria maintained by Providence Health Plan. When more than one medically appropriate alternative is available, Providence Health Plan will approve the least costly alternative.

In accordance with Providence Health Plan's medical cost management protocols and criteria specified in this paragraph, Providence Health Plan may approve substitutions for Covered Services under this Plan.

A Substituted Services must:

1. Be Medically Necessary;
2. Have your knowledge and agreement while receiving the Service;
3. Be prescribed and approved by your Qualified Practitioner; and
4. Offer a medically therapeutic value at least equal to the Covered Service that would otherwise be performed or given.

The Plan's coverage of a Substituted Service for any Member does not obligate the Plan to:

- Cover a Substituted Service for any other Member;
- Continue to cover a Substituted Service beyond the term of the agreement between the Plan and the Member; or
- Cover any Substituted Service for the Member, other than as specified in the agreement between the Plan and the member.

Substituted Services that satisfy the requirements of this section are Covered Services for all purposes under this Plan.

A Substituted Service may be disallowed at any time by sending a 30-day advance written notice to you and your Qualified Practitioner.

3.7.1 Coverage of New Technology and New Application of Existing Technology

New technologies and new applications of existing technologies are evaluated and approved for coverage when they provide a demonstrable benefit for a particular illness or disease, are scientifically proven to be safe and most effective, and there is no equally effective or less costly alternative.

Emerging and innovative technologies are monitored by Providence Health Plan through review of trend reports from technology assessment bodies, government publications, medical journals, and information provided by providers and professional societies.

A systematic process for evaluating a new technology or new application of an existing technology is proactively initiated when sufficient scientific information is available.

Providence Health Plan has developed standards to guide the evaluation process and to ensure appropriate coverage determinations. New technology must minimally meet the following guidelines to be approved for coverage:

- Technology must improve health outcomes. The beneficial effects must outweigh any harmful effects on health outcomes. It must improve the length of life, ability to function or quality of life.
- Technology must be as beneficial as any established alternative. It should improve the net health outcome as much, or more, than established alternatives.
- Application of technology must be appropriate, in keeping with good medical standards, and useful outside of investigational settings.
- Technology must meet government approval to market by appropriate regulatory agency as applicable.
- Criteria must be supported with information provided by well-conducted investigations published in peer-reviewed journals. The scientific evidence must document conclusions that are based on established medical facts.
- Opinions and evaluations of professional organizations, panels, or technology assessment bodies are evaluated based on the scientific quality of the supporting evidence.

Technology Evaluation Process

A committee of medical directors with physician specialist advisors evaluates all new technology and determines coverage based on evidence for safety and efficacy. The committee relies upon a thorough review of pertinent medical literature and utilizes national technology review services that provide independent analysis of a new technology.

Expedited Review

Requests for coverage of new technology may occur before formal policy has been developed. In these cases, an expedited review is implemented and a decision made on a case-by-case basis. This is separate and distinct from the problem resolution procedure set forth in section 7.

3.8 MEDICALLY NECESSARY SERVICES

We believe our Members are entitled to comprehensive medical care within the standards of good medical practice. Providence Health Plan's medical directors and special committees of In-Network Providers determine which Services are Medically Necessary, as defined in section 15. Services that do not meet Medically Necessary criteria will not be covered.

- ***Example:*** *Your provider suggests a treatment using a machine that has not been approved for use in the United States. We probably would not pay for that treatment.*
- ***Example:*** *You go to a hospital emergency room to have stitches removed, rather than wait for an appointment in your doctor's office. The Plan would not pay for that visit.*
- ***Example:*** *You stay an extra day in the hospital only because the relative who will help you during recovery cannot pick you up until the next morning. We may not pay for the extra day.*

Although a treatment was prescribed or performed by a Qualified Practitioner, it does not necessarily mean that it is Medically Necessary under our guidelines. Obtaining confirmation of coverage from Providence Health Plan beforehand is always recommended.

3.9 APPROVED CLINICAL TRIALS

Benefits are provided for Covered Services directly related to a Member's participation in an Approved Clinical Trial. If your Approved Clinical Trial is available through both Network and Out-of-Network providers, the Plan will require you to participate through an In-Network Provider.

Covered Services include the routine patient costs for items and services received in connection with the Approved Clinical Trial, to the extent that the items and services are otherwise Covered Services under the Plan.

The following costs are excluded:

- The cost of the investigational item, device or service;
- The cost of items and services provided solely to satisfy data collection and analysis needs and that are not used in direct clinical management; and
- The cost for a service that is clearly inconsistent with widely accepted and established standards of care for a particular diagnosis.

The Plan does not discriminate against a Member who participates in a clinical trial, whether or not the trial is an Approved Clinical Trial. The Plan provides benefits for services unrelated to a clinical trial to the extent that the services are otherwise Covered Services under the Plan.

3.10 HOW BENEFITS ARE APPLIED

Benefits are subject to the following provisions, if applicable, as specified in the Benefit Summary:

1. The Deductible;
2. The Copayment or Coinsurance amount; and
3. The benefit limits and/or maximums.

3.11 DEDUCTIBLES AND OUT-OF-POCKET MAXIMUMS

Your Plan has a Deductible and an Out-of-Pocket Maximum, as stated in your Benefit Summary.

Deductible amounts apply to Out-of-Pocket Maximums.

3.11.1 Understanding Deductibles

Your Deductible is the dollar amount shown in the Benefit Summary that you are responsible to pay every Calendar Year when receiving most Covered Services before benefits are provided by us. Deductible amounts are payable to your Qualified Practitioner after we have processed your claim.

Certain Covered Services, such as most In-Network preventive care, are covered without a Deductible. Please see your Benefit Summary for information about these Services.

Common In-Network and Out-of-Network Deductible: Your Plan has a **Common Deductible**, as listed in your Benefit Summary. **A Common Deductible applies to both In-Network and Out-of-Network benefits**. The Common Deductible can be met by using In-Network or Out-of-Network benefits, or a combination of both.

Individual Deductible: An Individual Deductible is the amount shown in the Benefit Summary that must be paid by a Member before the Plan provides benefits for Covered Services for that Member.

Family Deductible: The Family Deductible is the amount shown in the Benefit Summary that applies when two or more Members are enrolled in this Plan, and is the maximum Deductible that enrolled Family Members must pay. All amounts paid by Family Members toward their Individual Deductibles apply toward the Family Deductible. When the Family Deductible is met, no further Individual Deductibles will need to be met by any enrolled Family Members.

Note: No Member will ever pay more than an Individual Deductible before the Plan begins paying for Covered Services for that Member.

Your Costs that Do Not Apply to Deductibles: **The following out-of-pocket costs do not apply towards Your Individual and Family Deductibles:**

- Services not covered by this Plan.
- Services in excess of any maximum benefit limit.
- Fees in excess of the Usual, Customary and Reasonable (UCR) charges.
- Any penalties you must pay if you do not follow Providence Health Plan's Prior Authorization requirements.
- Copayments or Coinsurance specified as not applicable toward the Deductible in any Benefit Summary issued with this Plan.

3.11.2 Understanding Out-of-Pocket Maximums

Out-of-Pocket Maximums are the total amount you will pay out-of-pocket in any Calendar Year for Covered Services received under this Plan. See your Benefit Summary.

Common In-Network and Out-of-Network Out-of-Pocket Maximum: Your Plan has a Common In-Network and Out-of-Network Out-of-Pocket Maximum, as listed in your Benefit Summary. The Common Out-of-Pocket Maximum can be met by payments you make for Covered Services using In-Network and Out-of-Network benefits.

Individual Out-of-Pocket Maximum: Individual Out-of-Pocket Maximum means the total amount of Copayments, Coinsurance and Deductible that a Member must pay in a Calendar Year, as shown in the Benefit Summary, before the Plan begins to pay 100%***** for Covered Services for that Member within that Calendar Year.

FamilyOut-of-Pocket Maximum: Family Out-of-Pocket Maximum means the total amount of Copayments, Coinsurance and Deductible that a family of two or more must pay in a Calendar Year, as shown in the Benefit Summary, before the Plan begins to pay 100%***** for Covered Services for enrolled Family Members. When the combined Copayment, Coinsurance and Deductible expenses of enrolled Family Members meet the family Out-of-Pocket Maximum, all remaining individual Out-of-Pocket Maximums will be waived for the family for that Calendar Year.

Note: Once any Member meets the Individual Out-of-Pocket Maximum, the Plan will begin to pay 100%* for Covered Services for that Member.

Your Costs that Do Not Apply to Out-of-Pocket Maximums: **The following out-of-pocket costs do not apply toward your Individual and Family Out-of-Pocket Maximums:**

- Services not covered by this Plan;
- Services not covered because Prior Authorization was not obtained, as required in section 3.5;
- Services in excess of any maximum benefit limit;
- Fees in excess of the Usual, Customary and Reasonable (UCR) charges;
- Deductibles, Copayments or Coinsurance for a Covered Service if indicated in any Benefit Summary as not applicable to the Out-of-Pocket Maximum; and
- Any penalties you must pay if you do not follow Providence Health Plan's Prior Authorization requirements.

IMPORTANT NOTE: Some Benefits are NOT eligible for 100% benefit coverage. The Copayment or Coinsurance for these Services, as shown in the Benefit Summary, remains in effect throughout the Calendar Year.

Some services provided by your Qualified Practitioner during your visit may result in additional Member financial responsibility.

For example – You see your Primary Care Provider for an office visit and during your visit your provider swabs your throat for a throat culture. You would pay your office visit Copayment or Coinsurance and would also need to pay the Laboratory Services Copayment or Coinsurance for the throat culture. See your Benefit Summary for details.

Your Benefit Summary also lists different Copayments or Coinsurance that may apply for other specific services, such as allergy shots, maternity care, and diagnostic services. See your Benefit Summary for details.

If you are unable to keep a scheduled office appointment with your provider, please try to notify that office in advance. If not, you may be charged for the missed appointment. Providence Health Plan will not cover this expense.

- Web-direct Visits: Web-direct Visits for common conditions such as cold, flu, sore throat, allergy, ear ache, sinus pain, or UTI are covered as shown in your Benefit Summary. The Member completes a questionnaire to describe the common condition. The questionnaire is reviewed by an In-Network Provider who makes a diagnosis and sends a treatment plan back to the Member. If needed, a prescription is sent to the Member's pharmacy. All Web-direct Visits must be Medically Necessary and received from authorized In-Network Providers.

In-Network Providers who are authorized to provide E-mail Visits have agreed to use Internet security technology approved by us to protect your information from unauthorized access or release. To be eligible for the E-mail Visit benefit, you must have had at least one prior office visit with your In-Network Provider within the last 12 months.

Covered E-mail Visits include, but are not limited to:

- Communications of a new or existing diagnosis or treatment when the equivalent service received through an office visit would have led to a claims submission to be covered by the Plan;
- Communications by the In-Network Provider about the management of complex chronic conditions that require extensive education and ongoing monitoring;
- Communications of treatment for relapses of a previous condition that involve extended dialogue and significant physician time and judgment;
- Discussion of lab results that require significant changes in medication or further testing; and

4.3.4 Telemedical Services

Telemedical Services are covered at the applicable benefit level for the Covered Service, as shown in the Benefit Summary, had the Service been received in person provided that the Service:

- Is Medically Necessary;
- Is provided by a Qualified Practitioner;
- Is determined to be safely and effectively provided using synchronous two-way interactive video conferencing according to generally accepted health care practices and standards; and
- The application and technology used to provide the Telemedical Service meet all standards required by state and federal laws governing the privacy and security of protected health information.

For Members utilizing Telemedical Services for the treatment of diabetes where one of the participants is a representative of an academic health center, coverage is provided when Services are delivered through a two-way electronic communication. See section 4.7.1 for coverage of infusion at Outpatient Facilities.

4.3.6 Administration of Anesthesia and Surgical Procedures

Benefits include the administration of anesthesia and surgical procedures, including assistant surgeon and post-operative care.

4.3.7 Immediate Care

Immediate Care is an extension of your Primary Care Provider's office, and provides additional access to treatment you need right away for an illness or injury that is not life threatening. This includes, but is not limited to, minor sprains, minor cuts and burns, and ear, nose, and throat infections. Routine care, like periodic health exams and well-baby care, should be delayed until you can be seen by your Primary Care Provider.

Whenever you need immediate care, call your Primary Care Provider first. Your Primary Care Provider or the provider-on-call is always available, day or night. He or she may either suggest that you be seen at your Primary Care Provider's office, or direct you to an immediate care center, Urgent Care, or emergency care facility. See section 4.5 for coverage of Emergency Care and Urgent Care Services.

Please be prepared to pay the Copayment/Coinsurance, as shown in your Benefit Summary, at the time you receive care. You are also responsible for the applicable Copayment/Coinsurance shown in the Benefit Summary for any ancillary Services received, such as lab tests and X-rays, billed by the Immediate Care Provider.

Benefits are as shown in the Benefit Summary and include coverage of Medically Necessary polysomnography (PSG). PSG is an overnight sleep test performed at home or in a sleep laboratory. The test is used to confirm a sleep disorder and to determine the appropriate treatment. Services must be Prior Authorized.

The following diagnostics are excluded: actigraphy, daytime nap polysomnography, cephalographic or tomographic X-rays for diagnosis or evaluation of an oral device, and acoustic pharyngometry.

4.5 EMERGENCY CARE AND URGENT CARE SERVICES

Benefits for Emergency Care and Urgent Care Services are provided as described below and shown in your Benefit Summary. Emergency Care Services are provided both in and out of the Service Area. If an emergency situation should occur, you should take immediate action and seek prompt medical care. You should call 911, or the emergency number listed in the local telephone directory or go to the nearest Hospital emergency department.

4.5.1 Emergency Care

A medical emergency is a sudden unexpected illness or injury that you believe would place your life in danger or cause serious damage to your health if you do not seek immediate medical treatment. Medical emergencies include, but are not limited to:

- Heart attack
- Stroke
- Poisoning
- Loss of consciousness
- Unexpected premature childbirth
- Acute abdominal pain
- Severe chest pain
- Serious burn
- Bleeding that does not stop
- Medically Necessary detoxification

Coverage is provided without Prior Authorization for Emergency Medical Screening Exams and stabilization of an Emergency Medical Condition. Hospitalization for an Emergency Medical Condition requires notification to Providence Health Plan within 48 hours, or as soon as reasonably possible following the onset of treatment, in order for coverage to continue.

Definitions:

"Emergency Medical Condition" is a medical condition that manifests itself by acute symptoms of sufficient severity that a prudent layperson, possessing an average knowledge of health and medicine, would reasonably expect that failure to receive immediate medical attention would:

- Result in serious impairment to bodily functions;
- Result in serious dysfunction of any bodily organ or part;
- Place the health of a person, or an unborn child in the case of a pregnant woman, in serious jeopardy;
- With respect to a pregnant woman who is having contractions, for which there is inadequate time to effect a safe transfer to another hospital before delivery or for which transfer may pose a threat to the health or safety of the woman or the unborn child; or
- That is a behavioral health crisis.

"*Emergency Services*" means, with respect to an Emergency Medical Condition:

- An Emergency Medical Screening Exam or a behavioral health assessment that is within the capability of the emergency department of a hospital, including ancillary services routinely available to the emergency department to evaluate such Emergency Medical Condition; and
- Such further medical examination and treatment as are required under the Emergency Medical Treatment and Active Labor Act (42 U.S.C. 1395dd) to stabilize a patient, to the extent the examination and treatment are within the capability of the staff and facilities available at the Hospital.

"*Emergency Medical Screening Exams*" include medical history, examination, ancillary tests and medical determinations required to ascertain the nature and extent of an Emergency Medical Condition.

Your Plan covers Emergency Services in the emergency room of any Hospital. **Emergency room Services are covered when your medical condition meets the guidelines for emergency care as stated above. Coverage includes Services to stabilize an Emergency Medical Condition and Emergency Medical Screening Exams.**

If you or a Family Member believes that immediate assistance is needed for an Emergency Medical Condition, **call 911 or go to the nearest emergency room**. Tell the emergency personnel the name of your Primary Care Provider and show them your Member ID Card.

Call your Primary Care Provider any time, any day of the week. Your Primary Care Provider or the provider-on-call will tell you what to do and where to go for the most appropriate care.

Please be prepared to pay your Copayment/Coinsurance, as shown in your Benefit Summary, at the time you receive care. You are responsible for the Copayment/Coinsurance for each Hospital emergency room visit.

If you are admitted to the Hospital from the emergency room, your emergency Services Copayment/Coinsurance does not apply and all Services are subject to the Inpatient Services benefit shown in your Benefit Summary.

When you are admitted to an Out-of-Network Hospital from the emergency room, your Inpatient Services are covered under your In-Network benefit until your condition becomes stable. Once your condition is stabilized, Providence Health Plan will work with you to arrange transfer to an In-Network facility. This process is called "repatriation."

If you decline transfer to an In-Network facility once we have determined that repatriation is medically appropriate, the additional days spent at the Out-of-Network Hospital will be subject to your Out-of-Network benefits.

The Plan does not pay for emergency room treatment for medical conditions that are not medical emergencies. Do not go to the emergency room for care that should take place in your provider's office. Routine care for sore throats, common colds, follow-up care, and prescription drug requests are not considered to be emergencies.

4.5.2 Emergency Medical Transportation

Benefits include Services for emergency medical transportation by state certified ambulance and certified air ambulance transportation. Ambulance Services are provided for transportation to the nearest facility capable of providing the necessary care or to a facility specified by Providence Health Plan.

4.5.3 Emergency Eye Care Services

Covered Services include the initial care for Emergency Medical Conditions resulting from an injury to or illness of the eye(s). Members may receive Services directly from an optometrist or ophthalmologist or from a Hospital emergency room.

4.5.4 Emergency Detoxification Services

Medically Necessary detoxification will be treated as an Emergency Medical Condition when the Member is not enrolled in a Substance Abuse treatment program, as stated in section 4.10.3, at the time Services are received. Prior Authorization is not required for emergency treatment; however, Providence Health Plan or our authorizing agent must be notified within 48 hours following the onset of treatment, or as soon as reasonably possible, in order for coverage to continue. If a Member is to be transferred to an In-Network Provider for continued inpatient care, the cost of Medically Necessary transportation will be covered. Continuing or follow-up care is not a Covered Service unless Prior Authorized by Providence Health Plan or their authorizing agent.

4.5.5 Urgent Care

Urgent Care is treatment you need right away for an illness or injury that is not life threatening. This includes, but is not limited to, minor sprains, minor cuts and burns, and ear, nose, and throat infections. Routine care that can be delayed until you can be seen by a physician or provider in his or her office is not Urgent Care.

Whenever you need urgent care, call your Primary Care Provider first. Your Primary Care Provider or the provider-on-call is always available, day or night. He or she may either suggest that you come to the office or go to an emergency room or Urgent Care center. If you can be treated in your provider's office or at an In-Network Urgent Care center, your out-of-pocket expense will usually be lower.

Please be prepared to pay the Copayment/Coinsurance, as shown in your Benefit Summary, at the time you receive care. You are also responsible for the applicable Copayment/Coinsurance shown in the Benefit Summary for any ancillary Services received, such as lab tests and X-rays, billed by the Qualified Provider.

If you are admitted to an Out-of-Network Hospital, you, or a relative, should call Providence Health Plan within 48 hours or as soon as reasonably possible.

When you are admitted to an Out-of-Network Hospital from an Urgent Care facility, your Inpatient Services are covered under your In-Network benefit until your condition becomes stable. Once your condition is stabilized, Providence Health Plan will work with you to arrange transfer to an In-Network facility. This process is called "repatriation."

If you decline transfer to an In-Network facility once we have determined that repatriation is medically appropriate, the additional days spent at the Out-of-Network Hospital will be subject to your Out-of-Network benefits.

Not all Out-of-Network facilities will file a claim on a Member's behalf. If you receive urgent care Services from an Out-of-Network facility, you must submit a claim if the facility or provider does not submit it for you. See section 6.1.1.

4.6 INPATIENT HOSPITAL AND SKILLED NURSING FACILITY SERVICES

Coverage is provided as shown in your Benefit Summary for Hospital and Skilled Nursing Facility Services.

Covered Services do NOT include care received that consists primarily of:

4.14 PRESCRIPTION DRUG BENEFIT

The Prescription Drug Benefit provides coverage for prescription drugs which are Medically Necessary for the treatment of a covered illness or injury and which are dispensed by a Participating Pharmacy pursuant to a prescription ordered by a Qualified Practitioner for use on an outpatient basis, subject to your Plan's benefits, limitations and exclusions.

Prescription Drug Definition

The following are considered "Prescription Drugs":

1. Any medicinal substance which bears the legend, "RX ONLY" and "Caution: federal law prohibits dispensing without a prescription";
2. Insulin;
3. Any medicinal substance of which at least one ingredient is a federal legend drug in a therapeutic amount; and
4. Any medicinal substance which has been approved by the Oregon Health Evidence Review Commission effective for the treatment of a particular indication.

4.14.1 Using Your Prescription Drug Benefit

Your Prescription Drug Benefit requires that you fill your prescriptions at a Participating Pharmacy.

You have access to Providence Health Plan's nationwide broad pharmacy network as published in our pharmacy directory.

Providence Health Plan Participating Pharmacies are those pharmacies that maintain all applicable certifications and licenses necessary under state and federal law of the United States and have a contractual agreement with us to provide Prescription Drug Benefits.

Participating Pharmacies are designated as retail, preferred retail, specialty and mail-order Pharmacies. To view a list of Participating Pharmacies, visit our website at www.ProvidenceHealthPlan.com. You also may contact Customer Service at the telephone number listed on your Member ID Card.

- Please present your Member ID Card to the Participating Pharmacy at the time you request Services. If you have misplaced or do not have your Member ID Card with you, please ask your pharmacist to call us.
- All covered Services are subject to the Copayments or Coinsurance listed in the Benefit Summary.
- If you choose a brand-name drug when a generic-equivalent is available, any difference in cost for Prescription Drug Covered Services will not apply to your Calendar Year Deductibles and Out-of-Pocket Maximums.
- Participating Pharmacies may not charge you more than your Copayment or Coinsurance. Please contact Customer Service if you are asked to pay more or if you, or the pharmacy, have questions about your Prescription Drug Benefit or need assistance processing your prescription.
- Copayments or Coinsurance are due at the time of purchase. If the cost of your Prescription Drug is less than your Copayment, you will only be charged the cost of the Prescription Drug.
- You may be assessed multiple Copayments for multi-use or unit-of-use container or package depending on the medication and the number of days supplied.
- You may purchase up to a 90-day supply of each maintenance drugs at one time using a Participating mail service or preferred retail Pharmacy. Not all drugs are covered for

more than a 30-day supply, including compounded medications, drugs obtained from specialty pharmacies, and limited distribution pharmaceuticals. To purchase prescriptions by mail, your physician or provider can call in the prescription or you can mail your prescription along with your Providence Health Plan Member ID number to one of our Participating mail-order Pharmacies. To find our Participating mail-order Pharmacies, please visit our website at www.ProvidenceHealthPlan.com. (Not all prescription drugs are available through our mail-order pharmacies.)

- Diabetes supplies and inhalation extender devices may be obtained at a Participating Pharmacy. However, these items are considered medical supplies and devices and are subject to your Medical Supplies benefits, limitations and Copayments and/or Coinsurances. See section 4.9.1 and your Benefit Summary. Diabetes supplies do not include glucometers and insulin pump devices, which are covered under your Durable Medical Equipment benefit, section 4.9.4.
- Self-administered chemotherapy drugs are covered under section 4.12.8 unless the benefits under this Prescription Drug Benefit allow for a lower out-of-pocket cost to you.
- Injectable medications received in your Provider's office are covered under section 4.3.5.
- Infusions, including infused medications, received at Outpatient Facilities are covered under section 4.7.1.
- Some prescription drugs require Prior Authorization or an exception to the Formulary in order to be covered. These may include select formulary agents, non-formulary agents, step therapy, and/or quantity limits as listed in the Providence Health Plan Prescription Drug Formulary available on our website at www.ProvidenceHealthPlan.com or by contacting Customer Service.
- Providence Health Plan will provide Members prescription synchronization services for maintenance medications. Upon Member or provider request, the Plan will coordinate with Members, providers, and the dispensing pharmacy to synchronize maintenance medication refills so Members can pick up maintenance medications on the same date. Members will be responsible for applicable Copayments, Coinsurances and Deductibles.

4.14.2 Use of Out-of-Network Pharmacies

On rare occasions, such as urgent or emergency situations, you may need to use an Out-of-Network Pharmacy. If this happens, you will need to pay full price for your prescription at the time of purchase.

To request reimbursement, you will need to fill out and submit to us a Prescription Drug Reimbursement form. This form is available on our website or by contacting Customer Service. When you submit the completed Prescription Drug Reimbursement form, include any itemized pharmacy receipts, along with an explanation as to why you used an Out-of-. Submission of a claim does not guarantee payment.

If your claim is approved, the Plan will reimburse you the cost of your prescription up to our Participating Pharmacy contracted rates, less your Copayment or Coinsurance if applicable. Reimbursement is subject to your Plan's limitations and exclusions. You are responsible for any amounts above our contracted rates.

International prescription drug claims will only be covered when prescribed for emergent conditions and will be subject to your medical Emergency Services benefit and any applicable Plan limitations and exclusions.

4.14.3 Prescription Drug Formulary

The Formulary is a list of Food and Drug Administration (FDA)-approved prescription drugs. It is designed to offer drug treatment choices for covered medical conditions. Formulary status is given to drugs which meet evidence-based assessment of therapeutic effectiveness, safety, pharmacoeconomic value and offer an important advantage to existing Formulary alternatives.

The Formulary can help you and your Qualified Practitioner choose effective medications that are less costly and minimize your out-of-pocket expense. There are effective generic drug choices to treat most medical conditions.

Not all FDA-approved drugs are added to the formulary. Non-formulary drug requests require a formulary exception, and must be FDA-approved, Medically Necessary, and require by law a prescription to dispense. See Section 6.1 under Claims Involving Prior Authorization and Formulary Exception.

Newly approved FDA drugs will be reviewed by the Oregon Region Pharmacy and Therapeutics Committee for safety and Medical Necessity within 12 months after the drug becomes available on the market. In the case of an urgent situation, Providence Health Plan will authorize the use of a newly approved FDA drug during our review period so a Member does not go without Medically Necessary treatment.

4.14.4 Prescription Drugs

Generic and Brand-Name Prescription Drugs

Both generic and brand-name drugs are covered benefits subject to the terms of your Benefit Summary. In general, generic drugs are subject to lower Copayments or Coinsurances than brand-name drugs. Please refer to your Benefit Summary for your Copayment or Coinsurance information.

If your brand-name benefit includes a Copayment or Coinsurance, regardless of the reason or Medical Necessity, and you request a brand-name drug, you will be responsible for the difference in cost between the brand-name and generic drug, in addition to the brand-name drug Copayment or Coinsurance indicated in the Benefit Summary. Your total cost, however, will never exceed the actual cost of the drug. The difference in cost between the brand-name and generic drug will not be applied toward your Out-of-Pocket Maximum, and you will continue to be responsible for the difference in cost after your Out-of-Pocket Maximum is met.

Affordable Care Act Preventive Drugs

Affordable Care Act (ACA) preventive drugs are medications, including contraceptives, which are listed in our Formulary and are covered at no cost when received from Participating Pharmacies as required by the ACA. Over-the-counter ACA preventive drugs received from Participating Pharmacies will not be covered in full under the ACA preventive benefit without a written prescription from your Qualified Practitioner.

4.14.5 Prescription Drug Quantity

Prescription dispensing limits, including refills, are as follows:

1. Topicals, up to 60 grams;
2. Liquids, up to eight ounces;
3. Tablets or capsules, up to 100 dosage units;
4. Multi-use or unit-of-use, up to one container or package; as prescribed, not to exceed a 30-consecutive-day supply, whichever is less;
5. FDA-approved women's prescription contraceptives: up to 3-months initial dispensing, then up to 12-months subsequent dispensing at any of our Participating Pharmacies; and
6. Opioids up to 7 days initial dispensing.

Other dispensing limits may apply to certain medications requiring limited use, as determined by our medical policy. Prior Authorization is required for amounts exceeding any applicable medication dispensing limits.

4.14.6 Participating Mail-Order and Preferred Retail Pharmacies

Up to a 90-day supply of prescribed maintenance drugs (drugs are those you have been on for at least 30 days and that you anticipate continuing on in the future) purchased from a Participating mail-order or preferred retail Pharmacy will be covered subject to the following specific provisions:

1. Qualified drugs under this program will be determined by us. Not all prescription drugs are available through mail-order pharmacy.
2. Not all maintenance prescription drugs are available in 90-day allotments.
3. Copayment(s) will be applied to the quantity stated on your Benefit Summary. (Some quantity limitations and Copayments for unit of use packaging may apply).

When using a mail-order pharmacy, payment is required prior to processing your order. If Providence Health Plan removes a pharmacy from its network, we will notify you of this change at least 30 days in advance. Notification may be done via the online directory or letter depending on the circumstance.

4.14.7 Prescription Drug Limitations

Prescription drug limitations are as follows:

1. All drugs must be Food and Drug Administration (FDA) approved, Medically Necessary and require by law a prescription to dispense. Not all FDA-approved drugs are covered by Providence Health Plan. Newly approved drugs will be reviewed for safety and Medical Necessity within 12 months after the drug becomes available on the market for Formulary consideration.
2. Certain drugs require Prior Authorization for Medical Necessity, place of therapy, length of therapy, step therapy, number of doses or dispensing limits. Step therapy uses our pharmacy claims history to confirm if certain drugs have been tried first by a Member. If a drug has not been tried first, cannot be tried first, or if the drug history is not available, Prior Authorization is required. For some drugs, Providence Health Plan limit the amount of the drug the Plan will cover. You or your Qualified Practitioner can contact Providence Health Plan directly to request Prior Authorization. If you have questions regarding a specific drug, please call Customer Service.

3. Specialty drugs are injectable, infused, oral, topical, or inhaled therapies that often require specialized delivery, handling, monitoring and administration and are generally high cost. These drugs must be purchased through a Providence Health Plan designated specialty pharmacy. Due to the nature of these medications, specialty drugs are limited to a 30-day supply. Specialty drugs are listed in the Formulary. In rare circumstances specialty medications may be filled for greater than a 30-day supply; in these cases, additional specialty cost share(s) may apply.
4. Self-injectable medications are only covered when they are being self-administered and labeled by the FDA for self-administration; in some cases, a Prior Authorization may be required for the drug. Documentation of self-administration may also be required. Drugs labeled for self-administration that are being administered by a provider will fall to the Member's medical benefit.
5. Medications, drugs or hormones prescribed to stimulate growth are not covered, except when there is a laboratory-confirmed diagnosis of growth hormone deficiency for children through 18 years of age and when prescribed for the treatment of documented pituitary destruction in adults.
6. Compound prescription drugs must contain at least one ingredient that is an FDA-approved prescription drug in therapeutic amount and must be purchased at a Participating Pharmacy. Compounded drugs from bulk powders that are not a component of an FDA-approved drug are not covered. Claims are subject to clinical review for Medical Necessity and are not guaranteed for payment.
7. In accordance with the ACA, your Plan provides coverage in full of certain medications, including contraceptives, when these medications are purchased from Participating Pharmacies. Not all preventive medications are required to be covered in full by the ACA. Medications in this category may be subject to medical management techniques to determine frequency, method, treatment, or setting. Brand medications for which a generic is available will not be covered in full unless the Member has received Prior Authorization from Providence Health Plan.

4.14.8 Prescription Drug Exclusions

In addition to the Exclusions listed in section 5, Prescription Drug Exclusions are as follows:

1. Drugs or medicines delivered, injected or administered for you by a physician, other provider or another trained person (see section 4.3.5);

6. CLAIMS ADMINISTRATION

This section explains how the Plan treats various matters having to do with administering your benefits and/or claims, including situations that may arise in which your health care expenses are the responsibility of a source other than this Plan.

6.1 CLAIMS PAYMENT

The Plan's payments for most Services are made directly to the providers of Services. Except as otherwise specifically provided in this Plan, if you are billed directly and pay for benefits which are covered by this Plan, reimbursement from the Plan will be made only upon your written notice to the Plan of the payment. Payment will be made to the Subscriber, subject to written notice of claim, or, if deceased, to the Subscriber's estate, unless payment to other parties is authorized in writing by you.

Explanation of Benefits (EOB)

You will receive an EOB from Providence Health Plan after your claim has been processed. An EOB is not a bill. An EOB explains how Providence Health Plan processed your claim, and will assist you in paying the appropriate Member responsibility to your provider. Copayment or Coinsurance amounts, Deductible amounts, services or amounts not covered and general information about our processing of your claim are explained on an EOB.

Time Frames for Processing Claims

If your claim is denied under the Plan, Providence Health Plan will send an EOB to you with an explanation of the denial within 30 days after your claim is received. If additional time is needed to process your claim for reasons beyond Providence Health Plan's control, you will be sent a notice of delay explaining those reasons within 30 days after your claim if received. The processing will then be completed and you will be sent an EOB within 45 days after your claim is received. If additional information is needed from you to complete the processing of your claim, you will be sent a separate request for the information and you will have 45 days to submit the additional information. Once the additional information from you is received, Providence Health Plan will complete the processing of the claim within 30 days.

Claims Involving Prior Authorization and Formulary Exception (Pre-Service Claims)

- **For services that do not involve urgent medical conditions:** You and your provider will be notified of Providence Health Plan's decision within two business days after the Prior Authorization request is received. If additional information is needed to process the request, Providence Health Plan will notify the provider and the provider will have 45 days to submit the additional information. Within two days of receipt of the additional information, Providence Health Plan will complete their review and notify your provider or you of their decision. If the information is not received within 45 days, the request will be denied.
- **For services that involve urgent medical conditions:** You and your provider will be notified of Providence Health Plan's decision within 24 hours after the Prior Authorization request is received. If additional information is needed to complete the review, the requesting provider or you will be notified within 24 hours after the request is received. The requesting provider or you will then have 48 hours to submit the additional information. The review will then be completed and the requesting provider or you will be notified of Providence Health Plan's decision by the earlier of, (a) 48 hours after the additional information is received or, (b) if no additional information is provided, 48 hours after the additional information was due.

- **For services that involve Formulary exceptions:** For standard requests, Providence Health Plan will notify your provider or you of its decision within 72 hours after receipt of the request. For expedited requests, Providence Health Plan will notify your provider or you of its decision within 24 hours after receipt of the request. To qualify for expedited review, the request must be based upon exigent circumstances.

Claims Involving Concurrent Care Decisions. If an ongoing course of treatment for you has been approved under the Plan and it is determined through Concurrent Review procedures to reduce or terminate that course of treatment, Providence Health Plan will provide advance notice to you of that decision. You may request a reconsideration of the decision by submitting an oral or written request at least 24 hours before the course of treatment is scheduled to end. You will then be notified of Providence Health Plan's reconsideration decision within 24 hours after your request is received.

6.1.1 Timely Submission of Claims

The Plan will make no payments for claims received more than 365 days after the date of Service. Exceptions may be made if Providence Health Plan receives documentation that you lacked legal capacity during that period. Payment of claims submitted by the Oregon state Medicaid agency or a prepaid managed care health services organization described in ORS 414.651 (i.e., a Coordinated Care Organization) will be made in accordance with ORS 743.847, which establishes payment requirements for claims submitted by the Oregon state Medicaid agency.

Payment of all claims will be made within the time limits required by OAR 836-080-0235, the Oregon insurance Division's administrative rule setting standards for prompt payment. Please send all claims to:

6.1.2 Right of Recovery

The Plan has the right, upon demand, to recover from a recipient the value of any benefit or claim payment that exceeded the benefits available under this Plan. This right of recovery applies to any excess benefit, including (but not limited to) benefits obtained through fraud, error, or duplicate coverage relating to any Member. If timely repayment is not made, the Plan has the right, in addition to any other lawful means of recovery, to deduct the value of the excess benefit from any future benefit that otherwise would have been available to the affected Member(s) from the Plan under any contract.

6.2 COORDINATION OF BENEFITS

This Coordination of Benefits (COB) section applies when a Member has health care coverage under more than one Plan. The term "Plan" is defined below for the purposes of this COB section. The order of benefit determination rules govern the order in which each Plan will pay a claim for benefits. The Plan that pays first is called the Primary plan. The Primary plan must pay benefits in accordance with its policy terms without regard to the possibility that another Plan may cover some expenses. The Plan that pays after the Primary plan is the Secondary plan. The Secondary plan may reduce the benefits it pays so that payments from all Plans do not exceed 100% of the total Allowable expense.

6.2.1 Definitions Relating to Coordination of Benefits

Plan

Plan means any of the following that provides benefits or Services for medical or dental care or treatment. If separate contracts are used to provide coordinated coverage for Members of a group, the separate contracts are considered parts of the same Plan and there is no COB among those separate contracts.

1. Plan includes: group and individual health insurance contracts, health maintenance organization (HMO) contracts, closed panel plans or other forms of group or group-type coverage (whether insured or uninsured); medical care components of group long-term care contracts, such as skilled nursing care; and Medicare or any other federal governmental plan, as permitted by law and group and individual insurance contracts and Subscriber contracts that pay or reimburse for the cost of dental care.
2. Plan does not include: hospital indemnity coverage or other fixed indemnity coverage; accident only coverage; specified disease or specified accident coverage; school accident type coverage; benefits for non-medical components of group long-term care policies; Medicare Supplement policies; Medicaid policies; or coverage under other federal governmental plans, unless permitted by law.

Each contract for coverage listed under (1) or (2) above is a separate Plan. If a Plan has two parts and COB rules apply only to one of the two, each of the parts is treated as a separate Plan.

This Plan

This Plan means, as used in this COB section, the part of this contract providing health care benefits to which this COB section applies and which may be reduced because of the benefits of other plans. Any other part of this contract providing health care benefits is separate from This Plan. A contract may apply one COB provision to certain benefits, such as dental benefits, coordinating only with similar benefits, and may apply another COB provision to coordinate other benefits.

The order of benefit determination rules listed in section 6.2.2 determine whether This Plan is a Primary plan or Secondary plan when a Member has health care coverage under more than one Plan.

When This Plan is primary, Providence Health Plan determines payment for benefits first before those of any other Plan without considering any other Plan's benefits. When This Plan is secondary, Providence Health Plan determines benefits after those of another Plan and may reduce the benefits payable so that all Plan benefits do not exceed 100% of the total Allowable expense.

Allowable expense

Allowable expense means a health care expense, including Deductibles, Coinsurance and Copayments, that is covered at least in part by any Plan covering a Member. When a Plan provides benefits in the form of services, the reasonable cash value of each service will be considered an Allowable expense and a benefit paid. An expense that is not covered by any Plan covering a Member is not an Allowable expense. In addition, any expense that a provider by law or in accordance with a contractual agreement is prohibited from charging a Member is not an Allowable expense.

The following are examples of expenses that are NOT Allowable expenses:

1. The difference between the cost of a semi-private hospital room and a private hospital room is not an Allowable expense, unless one of the Plans provides coverage for private hospital room expenses.
2. If the Member is covered by two or more Plans that compute their benefit payments on the basis of usual and customary fees or relative value schedule reimbursement methodology or other similar reimbursement methodology, any amount in excess of the highest reimbursement amount for a specific benefit is not an Allowable expense.
3. If the Member is covered by two or more Plans that provide benefits or services on the basis of negotiated fees, an amount in excess of the highest of the negotiated fees is not an Allowable expense.
4. If the Member is covered by one Plan that calculates its benefits or services on the basis of usual and customary fees or relative value schedule reimbursement methodology or other similar reimbursement methodology and another Plan that provides its benefits or services on the basis of negotiated fees, the Primary plan's payment arrangement shall be the Allowable expense for all Plans. However, if the provider has contracted with the Secondary plan to provide the benefit or service for a specific negotiated fee or payment amount that is different than the Primary plan's payment arrangement and if the provider's contract permits, the negotiated fee or payment shall be the Allowable expense used by the Secondary plan to determine its benefits.
5. The amount of any benefit reduction by the Primary plan because the Member has failed to comply with the Plan provisions is not an Allowable expense. Examples of these types of plan provisions include second surgical opinions, precertification of admissions, and preferred provider arrangements.

Closed panel plan

A Closed panel plan is a Plan that provides health care benefits to Members primarily in the form of services through a panel of providers that has contracted with or is employed by the Plan, and that excludes coverage for services provided by other providers, except in cases of emergency or referral by a panel member.

Custodial parent

A Custodial parent is the parent awarded custody by a court decree or, in the absence of a court decree, is the parent with whom the Dependent child resides more than one half of the Calendar Year excluding any temporary visitation.

6.2.2 Order of Benefit Determination Rules

When a Member is covered by two or more Plans, the rules for determining the order of benefit payments are as follows:

A. The Primary plan pays or provides its benefits according to its terms of coverage and without regard to the benefits of any other Plan.
    1. Except as provided in Paragraph (2) below, a Plan that does not contain a COB provision that is consistent with the State of Oregon's COB regulations is always primary unless the provisions of both Plans state that the complying Plan is primary.
    2. Coverage that is obtained by virtue of membership in a group that is designed to supplement a part of a basic package of benefits and provides that this supplementary coverage shall be excess to any other parts of the Plan provided by the contract holder. Examples of these types of situations are major medical coverages that are superimposed over base plan hospital and surgical benefits, and insurance type coverages that are written in connection with a Closed panel plan to provide out-of-network benefits.

B. A Plan may consider the benefits paid or provided by another Plan in calculating payment of its benefits only when it is secondary to that other Plan.

C. Each Plan determines its order of benefits using the first of the following rules that apply:
    1. Non-Dependent or Dependent. The Plan that covers a Member other than as a Dependent, for example, as an employee, Subscriber or retiree is the Primary plan and the Plan that covers the Member as a Dependent is the Secondary plan. However, if the Member is a Medicare beneficiary and, as a result of federal law, Medicare is secondary to the Plan covering the Member as a Dependent; and primary to the Plan covering the Member as other than a Dependent (e.g., a retired employee); then the order of benefits between the two Plans is reversed so that the Plan covering the Member as an employee, subscriber or retiree is the Secondary plan and the other Plan is the Primary plan.
    2. Dependent Child Covered Under More Than One Plan. Unless there is a court decree stating otherwise, when a Member is a Dependent child covered by more than one Plan the order of benefits is determined as follows:
        a) For a Dependent child whose parents are married or are living together, whether or not they have ever been married:
            i. The Plan of the parent whose birthday falls earlier in the Calendar Year is the Primary plan; or
            ii. If both parents have the same birthday, the Plan that has covered the parent the longest is the Primary plan.
        b) For a Dependent child whose parents are divorced or separated or not living together, whether or not they have ever been married:
            i. If a court decree states that one of the parents is responsible for the Dependent child's health care expenses or health care coverage and the Plan of that parent has actual knowledge of those terms, that Plan is primary. This rule applies to plan years commencing after the Plan is given notice of the court decree;
            ii. If a court decree states that both parents are responsible for the Dependent child's health care expenses or health care coverage, the provisions of Subparagraph (a) above shall determine the order of benefits;
            iii. If a court decree states that the parents have joint custody without specifying that one parent has responsibility for the health care expenses or health care coverage of the Dependent child, the provisions of Subparagraph (a) above shall determine the order of benefits; or

iv. If there is no court decree allocating responsibility for the Dependent child's health care expenses or health care coverage, the order of benefits for the Dependent child are as follows:
- The Plan covering the Custodial parent, first;
- The Plan covering the spouse of the Custodial parent, second;
- The Plan covering the non-custodial parent, third; and then
- The Plan covering the Dependent spouse of the non-custodial parent, last.

c) For a Dependent child covered under more than one Plan of individuals who are not the parents of the Dependent child, the provisions of Subparagraph (a) or (b) above shall determine the order of benefits as if those individuals were the parents of the Dependent child.

d) For a Dependent child:
   i. Who has coverage under either or both parents' plans and also has coverage as a Dependent under a spouse's plan, the rule in paragraph (5) applies.
   ii. In the event the Dependent child's coverage under the spouse's plan began on the same date as the Dependent child's coverage under either or both parents' plans, the order of benefits shall be determined by applying the birthday rule in Subparagraph (a) to the Dependent child's parent(s) and the Dependent's spouse.

3. Active Employee or Retired or Laid-off Employee. The Plan that covers a Member as an active employee, that is, an employee who is neither laid off nor retired, is the Primary plan. The Plan covering that same Member as a retired or laid-off employee is the Secondary plan. The same would hold true if a Member is a Dependent of an active employee and that same Member is a Dependent of a retired or laid-off employee. If the other Plan does not have this rule, and as a result, the Plans do not agree on the order of benefits, this rule is ignored. This rule does not apply if the rule labeled D(1) can determine the order of benefits.
4. COBRA or State Continuation Coverage. If a Member whose coverage is provided pursuant to COBRA or under a right of continuation provided by state or other federal law is covered under another Plan, the Plan covering the Member as an employee, subscriber or retiree or covering the Member as a Dependent of an employee, Subscriber or retiree is the Primary plan and the COBRA or state or other federal continuation coverage is the Secondary plan. If the other Plan does not have this rule, and as a result, the Plans do not agree on the order of benefits, this rule is ignored. This rule does not apply if the rule labeled D(1) can determine the order of benefits.
5. Longer or Shorter Length of Coverage. The Plan that covered the Member the longer period of time is the Primary plan and the Plan that covered the Member the shorter period of time is the Secondary plan.
6. If the preceding rules do not determine the order of benefits, the Allowable expenses shall be shared equally between the Plans meeting the definition of Plan. In addition, This Plan will not pay more than would have paid had This Plan been the Primary plan.

6.2.3 Effect on the Benefits of This Plan

When This Plan is secondary, benefits may be reduced so that the total benefits paid or provided by all Plans during a plan year are not more than the total Allowable expenses. In determining the amount to be paid for any claim, the Secondary plan will calculate the benefits it would have paid in the absence of other health care coverage and apply that calculated amount to any Allowable expense under its Plan that is unpaid by the Primary plan. The Secondary plan may then reduce its payment by the amount so that, when combined with the amount paid by the Primary plan, the total benefits paid or provided by all Plans for the claim do not exceed the total Allowable expense for that claim. In addition, the Secondary plan shall credit to its plan Deductible any amounts it would have credited to its Deductible in the absence of other health care coverage.

If a Member is enrolled in two or more Closed panel plans and if, for any reason, including the provision of services by a non-panel provider, benefits are not payable by one Closed panel plan, COB shall not apply between that Plan and other Closed panel plans.

6.2.4 Right to Receive and Release Needed Information

Certain facts about health care coverage and services are needed to apply this COB section and to determine benefits payable under This Plan and other Plans. Providence Health Plan may get the facts needed from, or give them to, other organizations or persons for the purpose of applying this section and determining benefits payable under This Plan and other Plans covering a Member claiming benefits. Providence Health Plan need not tell, or get the consent of, any person to do this. Each Member claiming benefits under This Plan must give us any facts Providence Health Plan needs to apply this section and determine benefits payable.

6.2.5 Facility of Payment

A payment made under another Plan may include an amount that should have been paid under This Plan. If it does, This Plan may pay that amount to the organization that made that payment. That amount will then be treated as though it were a benefit paid under This Plan. This Plan will not have to pay that amount again. The term "payment made" includes providing benefits in the form of services, in which case "payment made" means the reasonable cash value of the benefits provided in the form of services.

6.2.6 Right of Recovery

If the amount of the payments made by This Plan is more than what should have paid under this COB section, This Plan may recover the excess from one or more of the persons This Plan paid or for whom This Plan have paid; or any other person or organization that may be responsible for the benefits or services provided for the Member. The "amount of the payments made" includes the reasonable cash value of any benefits provided in the form of services.

6.2.7 Coordination with Medicare

In all cases, coordination of benefits with Medicare will conform with federal statutes and regulations. Medicare means Title XVIII of the Social Security Act, as enacted or amended. Medicare eligibility and how This Plan determines benefit limits are affected by disability and employment status. Please contact Customer Service if you have questions.

In accordance with the "working aged" provisions of the Medicare Secondary Payer Manual, when the Employer Group's size is less than 20 employees, for Members who are entitled to and enrolled in Medicare Part A, enrollment in Medicare Part B will be assumed and Medicare will be the primary payer and This Plan will coordinate benefits as the secondary payer even if the Medicare-eligible Member has not elected Medicare Part B.

When the Employer Group's size is 20 individuals or more, Medicare will be considered the secondary payer.

Counting individuals for the Employer size:

- Employees counted in the Employer size include the total number of nationwide full-time employees, part-time employees, seasonal employees, and partners who work or who are expected to report for work on a particular day.
- Those not counted in the Employer size include retirees, COBRA-qualified beneficiaries and individuals on other continuation options, and self-employed individuals who participate in the Employer's group health plan.

6.3 THIRD-PARTY LIABILITY/SUBROGATION

The following provisions will apply when you or any other Member has received Services for a condition for which one or more third parties may be responsible. "Third party" means any person other than the Member (the first party to the provisions of this Plan), and Providence Health Plan (the second party), and includes any insurance carrier providing liability or other coverage potentially available to the Member. For example, uninsured or underinsured motorist coverage, no-fault medical payments (auto, homeowners or otherwise), or other group insurance (including student plans) whether under the Member's policy or not, are subject to recovery by us as a third-party recovery. Failure by the Member to comply with the terms of this section will be a basis for the Plan to deny any claims for benefits arising from the condition or to terminate the Member's coverage under this Plan as specified in section 9.4. In addition, you or the Member must execute and deliver to the Plan and to other parties any document requested by us which may be appropriate to confirm or secure the rights and obligations of the Member and the Plan under these provisions.

6.3.1 Third-Party Liability/Subrogation and How It Affects You

Third-party liability refers to claims that are in whole or part the responsibility of someone besides the Plan or the Member. Examples of third-party liability are motor vehicle accidents, workplace injury or illness, and any other situation involving injury or illness, including wrongful death, in which the Member or the Member's heirs, beneficiaries or relatives have a basis to bring a lawsuit or to make a claim for compensation against any person or for which the Member or the Member's heirs, beneficiaries or relatives may receive a settlement. Once it has been established that the third party is responsible to pay and is capable of paying for the expenses for the Services caused by that third party, the Plan will not provide benefits for the Services arising from the condition caused by that third party. Such benefits are specifically excluded from coverage under this Plan.

If the Plan makes claim payments on any Member's behalf for any condition for which a third party is responsible, the Plan is entitled to be repaid promptly for those payments, directly out of any recovery from the third party, including any settlement, award, verdict, payment or other monetary recovery.

"Subrogation" means that the Plan may collect directly from the third party to the extent the Plan has paid for third-party liabilities. Because the Plan has paid for the Member's injuries, the Plan, rather than the Member, is entitled to recover those expenses. Prior to accepting any settlement of the Member's claim against a third party, the Member must notify the Plan in writing of any terms or conditions offered in settlement and must notify the third party of the Plan's interest in the settlement established by this provision.

To the maximum extent permitted by law, the Plan is subrogated to the Member's rights against any third party who is responsible for the condition, have the right to sue any such third party in the Member's name, and has a security interest in and lien upon any recovery to the extent of the amount of benefits paid by the Plan and for the Plan's expenses in obtaining a recovery. If the Member should either decline to pursue a claim against a third party that the Plan believes is warranted or refuse to cooperate with the Plan in any third party claim that the Member does pursue, the Plan has the right to pursue such claim directly, including commencing a legal action against such third party or intervening in any action that the Member may have commenced.

To accomplish this process, the Plan needs detailed information from you or from the Member. A questionnaire will be sent to the Member for this information. It should be completed and returned to Providence Health Plan as soon as possible to minimize any claim review delay. If you or the Member has any questions or concerns regarding the questionnaire, please contact Providence Health Plan office. A Providence Health Plan employee who specializes in third-party liability/subrogation can discuss these procedures and what you or the Member needs to do.

6.3.2 Proceeds of Settlement or Recovery

If for any reason the Plan is not paid directly by the third party, the Plan is entitled to reimbursement from the Member or the Member's heirs, legal representatives, beneficiaries or relatives, and the Plan may request refunds from the medical providers who treated the Member, in which case those providers will bill the Member for their Services. To the fullest extent permitted by law, the Plan is entitled to the proceeds of any settlement, award, verdict, or other payment that results in a monetary recovery from a third party, whether or not responsibility is accepted or denied by the third party for the condition, whether or not such monetary recovery is described by any person as something other than a recovery of medical expenses incurred by the Plan, and whether or not the Member is alleged to have any fault, under principles of comparative negligence or otherwise. With respect to any workers' compensation recovery, the Plan is entitled to the proceeds whether or not the loss is deemed to be compensable under the workers' compensation laws. The Plan is entitled to recover up to the full value of the benefits provided by the Plan for the condition, calculated using the Plan's UCR charges for such Services, less the Plan's pro-rata share of the Member's out-of-pocket expenses and attorney fees incurred in making the recovery. The Plan is entitled to such recovery regardless of whether the Member has been fully compensated or "made whole" for the loss caused by the third party, and regardless of whether the Member has been partially compensated for such loss. The Plan is entitled to first priority in repayment, over the Member and over any other person, for such charges.

By accepting benefits under this Plan, the Member acknowledges the Plan's first priority to this repayment and assigns to us any benefits the Member may have from other sources. The Member must cooperate fully with the Plan and Providence Health Plan in recovering amounts paid by the Plan. If any Member seeks damages against the third party for the condition and retains an attorney or other agent for representation in the matter, that Member agrees to require the Member's attorney or agent to reimburse the Plan directly from the settlement or recovery in the amount provided by this section.

The Member must complete the Plan's trust agreement, by which the Member and any Member's attorney (or other agent) must confirm the obligation to reimburse the Plan directly from any settlement or recovery. The Plan may withhold benefits for the Member's condition until a signed copy of this agreement is delivered to the Plan. The agreement must remain in effect and the Plan may withhold payment of benefits if, at any time, the Member's confirmation of the obligations under this section should be revoked. While this document is not necessary for the Plan to exercise the Plan's rights under this section, it serves as a reminder to the Member and directly obligates any Member's attorney to act in accord with the Plan's rights.

6.3.3 Suspension of Benefits and Reimbursement

After the Member has received proceeds of a settlement or recovery from the third party, the Member is responsible for payment of all medical expenses for the continuing treatment of the illness or injury that the Plan would otherwise be required to pay under this Plan until all proceeds from the settlement or recovery have been exhausted. If the Member has failed to reimburse the Plan as required by this section, the Plan is entitled to offset future benefits otherwise payable under this Plan, or under any future contract or plan with Clackamas County, to the extent of the value of the benefits advanced under this section.

If the Member continues to receive medical treatment for the condition after obtaining a settlement or recovery from one or more third parties, the Plan is not required to provide coverage for continuing treatment until the Member proves to the Plan's satisfaction that the total cost of the treatment is more than the amount received in settlement or recovered from the third party, after deducting the cost of obtaining the settlement or recovery. The Plan will only cover the amount by which the total cost of benefits that would otherwise be covered under this Plan, calculated using the Plan's UCR charges for such Services, exceeds the amount received in settlement or recovery from the third party. The Plan is entitled to suspend such benefits even if the total amount of such settlement or recovery does not fully compensate the Member for other damages, particularly including lost wages or pain and suffering.

Any settlement arising out of an injury or illness covered by this Plan will be deemed first to compensate you for your medical expenses, regardless of any allocation of proceeds in any settlement document that the Plan has not approved in advance. In no event shall the amount reimbursed to the Plan be less than the maximum permitted by law.

- A written complaint submitted by a Member or an Authorized Representative of a Member regarding the:
    - Availability, delivery or quality of a health care service;
    - Claims payment, handling or reimbursement for health care services and, unless the Member has not submitted a request for an internal Appeal, the complaint is not disputing an Adverse Benefit Determination; or
    - Matters pertaining to the contractual relationship between a Member and Providence Health Plan.

7.2.1 Your Grievance and Appeal Rights

If you disagree with Providence Health Plan's decision about your medical bills or health care services, you have the right to an internal review. Filing a Grievance or Appeal does not affect your right to receive benefits for Covered Services as otherwise provided under this Plan.

If you receive the services that were denied in the Adverse Benefit Determination, and if the Adverse Benefit Determination is upheld by internal or external review, you will be financially responsible for any benefits paid by the Plan for such services.

To the extent possible, Customer Service will resolve complaints filed by telephone at the point of service by. If your case is eligible, it will be reviewed by Providence Health Plan's Grievance Committee. The members of the Grievance Committee are made up of individuals not involved in the initial decision to uphold an Appeal. You must submit your written request for the voluntary second level internal Appeal within 60 days of the date on the internal Grievance or Appeal decision notice or that initial decision will become final. Your request must be made in writing within 180 days of receipt of the internal Grievance or Appeal decision or voluntary second level internal Appeal decision, or that internal decision will become final. If you agree, Providence Health Plan may waive the requirement that you exhaust the internal review process before beginning the External Review process. Providence Health Plan will notify the Oregon Insurance Division within two business days of receiving your request for external review, at which point an IRO will be assigned to the case by the Oregon Insurance Division and Providence Health Plan will forward complete documentation regarding the case to the IRO.

If you request an external review you must agree to authorize release of medical records needed by the IRO and submit any additional information to the IRO no later than five days after the appointment of the IRO, or 24 hours in cases of expedited review. The IRO is entirely independent of the Plan and Providence Health Plan and performs its review under a contract with the Oregon Insurance Division. The IRO will notify you and Providence Health Plan of its decision within three days for expedited reviews and within 30 days when not expedited. **The Plan and Providence Health Plan agree to be bound by and to comply with the IRO decision when the decision involves, (a) Medically Necessary treatment, (b) Experimental/Investigational treatment, (c) an active course of treatment for purposes of continuity of care, (d) whether a course of treatment is delivered in an appropriate setting at an appropriate level of care or (e) an exception to the Plan's prescription drug formulary.**

The Plan pays for all costs for the handling of external review cases and Providence Health Plan administers these provisions in accordance with the insurance laws and regulations of the State of Oregon. **If we do not comply with the IRO decision, you have the right to sue us under applicable Oregon law.**

8. ELIGIBILITY AND ENROLLMENT

This section outlines who is eligible for coverage, and how and when to enroll yourself and your Eligible Family Dependents. No benefits shall be available to anyone not enrolled on this Plan. You and your Employer must provide us with evidence of eligibility as requested.

8.1 EMPLOYEE ELIGIBILITY AND ENROLLMENT

8.1.1 Employee Eligibility Date

An employee is eligible for coverage as specified in the Eligible Employee definition.

8.1.2 Employee Effective Date

Coverage begins for an Eligible Employee as specified in the Effective Date of Coverage definition.

8.1.3 Employee Enrollment

The Eligible Employee must enroll on forms (paper or electronic) provided and/or accepted by Clackamas County. To obtain coverage, an Eligible Employee must enroll within 30 days to enroll after becoming eligible. An enrolled Eligible Employee is referred to as the Subscriber.

If you decline coverage or fail to enroll when you first become eligible, the next earliest time you may enroll is the next occurring Open Enrollment Period.

In certain situations, you and/or your Eligible Family Dependents may qualify to enroll during a special enrollment period. See section 8.3 for additional information.

8.2 DEPENDENT ELIGIBILITY AND ENROLLMENT

8.2.1 Eligibility Date

Coverage begins for each Eligible Family Dependent on:

1. The Effective Date of Coverage for the Subscriber if the individual is an Eligible Family Dependent on that date;
2. For any Eligible Family Dependents acquired on the date of the Subscriber's marriage, on the first day of the calendar month following receipt of the enrollment request, within 60 days of the Subscriber's marriage;
3. The date of birth of the biological child of the Subscriber or Spouse;
4. The date a child is placed with the Subscriber or Spouse for the purpose of adoption by the Subscriber or Spouse;
5. The date the Subscriber or Spouse is required to provide health coverage to a child under a qualified medical child support court or administrative order; or
6. The date on which legal guardianship status begins.

8.2.2 Additional Requirements for Eligible Family Dependent Coverage

An Eligible Employee may cover Eligible Family Dependents ONLY if the Eligible Employee is also covered, and Clackamas County receives the completed enrollment form requesting Dependent coverage.

8.2.3 Eligible Family Dependent Enrollment

You must enroll Eligible Family Dependents on forms provided and/or accepted by Clackamas County. No Eligible Family Dependent will become a Member until Clackamas County approves that Eligible Family Dependent for coverage. To obtain coverage, the Eligible Family Dependent must enroll within 30 after becoming eligible as indicated in section 8.2.1 (see section 8.2.4 regarding newborn and adopted children). The next earliest time your Eligible Family Dependent may enroll is the next occurring Open Enrollment Period. In addition, an Eligible Employee and/or Eligible Family Dependent may qualify to enroll during a special enrollment period as described in section 8.3.

8.2.4 Newborn Eligibility and Enrollment

A newborn or adopted child of a Member who meets the definition of an Eligible Family Dependent is eligible for coverage from the date of birth or placement for the purpose of adoption as long as enrollment occurs within 60 days from birth or placement and additional Premium, if any, is paid to Clackamas County. If the enrollment and payment of additional Premium, if any, are not accomplished within this time period, no Services will be covered for the child. Enrollment after this time period may be accomplished as outlined in sections 8.2.3 and 8.3.

8.2.5 Open Enrollment Period

Clackamas County will provide an Open Enrollment Period each Plan Year. The Effective Date of Coverage for new Members who enroll during the Open Enrollment Period is the first day of the Plan Year for which they enroll.

8.2.6 Changes in Eligibility

When an eligibility change occurs, you need to make sure Clackamas County is notified of the change. Address changes can be made by contacting Clackamas County Employee Services

For the following changes, you, as the Subscriber, must obtain an enrollment form from Clackamas County's benefit office. You need to submit this form to your Employer for you and all your Eligible Family Dependents when:

- You marry and wish to enroll your new Spouse;
- A Dependent's limiting age occurs; or
- You or one of your Dependents has a legal name change.

If you have questions regarding eligibility changes, please contact Customer Service.

8.2.7 Members No Longer Eligible for Coverage

If you divorce or are legally separated, your Spouse is no longer eligible for coverage as a Dependent. You must disenroll your Spouse as a Dependent from your Plan at the time the divorce or legal separation is final. Your Spouse's children will be able to continue coverage under the Plan so long as the children continue to qualify as your Eligible Family Dependents.

You must inform Clackamas County of these changes by completing a new enrollment form. Check with Clackamas County's benefits office or contact Customer Service to determine the effective date of any enrollment or disenrollment.

Those who no longer qualify as your Eligible Family Dependents may be eligible to continue coverage as described under section 10. Ask Clackamas County or call Customer Service for continuation coverage eligibility information.

8.3 SPECIAL ENROLLMENT PERIODS

If you declined enrollment for yourself as a Subscriber or for an Eligible Family Dependent (including your Spouse) during a previous enrollment period (as stated in sections 8.1 and 8.2), you may be eligible to enroll yourself or the Eligible Family Dependent during a "special enrollment period" provided that you request enrollment within 60 days of the qualifying event and meet the applicable requirements stated in this section.

In instances where an Eligible Family Dependent of a Subscriber qualifies for a "special enrollment period," the Subscriber and the Eligible Family Dependent may:

- Enroll in the coverage currently elected by the Subscriber; or
- Enroll in any benefit option offered by the Employer for which the Subscriber and Eligible Family Dependent is eligible.

8.3.1 Loss of Other Coverage

If you declined enrollment for yourself as a Subscriber or for an Eligible Family Dependent (including your Spouse) because of other health coverage and you lose that other coverage, the Plan will provide a "special enrollment period" for you and/or your Eligible Family Dependent if:

a) The person was covered under a group health plan or had other health coverage (includes benefits consisting of medical care under any hospital or medical services policy or certificate, or HMO) at the time coverage under this policy was first offered to the person; and

b) The person stated in writing that coverage under such group health plan or health coverage was the reason for declining enrollment; but only if the Plan required such a statement and provided the person with notice of such requirement (and the consequences of such requirement) at such time; and

c) Such coverage:
   - was under a COBRA Continuation provision and the coverage under such a provision was exhausted, except when the person failed to pay timely premium, or if coverage terminated for cause (such as making a fraudulent claim or an intentional misrepresentation of a material fact); or
   - was not under a COBRA Continuation provision and the coverage was terminated as a result of:
     1. The individual's loss of eligibility for the coverage; including as a result of legal separation, divorce, death, termination of employment, or a reduction in the number of hours of employment; except when the person failed to pay timely premium or if coverage terminated for cause (such as making a fraudulent claim or an intentional misrepresentation of material fact); or
     2. The individual's loss of eligibility for coverage under the Children's Health Insurance Program (CHIP), Medicaid, Medicare, TRICARE, Indian Health Service or domestic or foreign publicly sponsored or subsidized health plan; including but not limited to the Oregon Health Plan (OHP); and the individual applies for coverage under this Plan within 63 days of the termination of such coverage; or
     3. The termination of contributions toward such coverage by the current or former Employer; or
     4. The individual incurring a claim that exceeds the lifetime limit on benefits; and the individual applies for coverage under this Plan within 60 days after the claim is denied.

Effective Date: Coverage under this Plan will take effect on the first day after the other coverage ended.

8.3.2 New Dependents

If you were eligible to enroll as a Subscriber under this Plan, but did not enroll during a previous enrollment period, and a person becomes your Eligible Family Dependent through marriage, birth, adoption or placement for adoption; the Plan will provide a "special enrollment period" during which you and your Eligible Family Dependent(s) may enroll under this Plan.

The "special enrollment period" shall be a period of 60 days and begins on the later of:

- the date Dependent coverage is made available under this Plan; or
- the date of the marriage, birth, or adoption or placement for adoption.

Effective Date:

- in the case of marriage, on the first day of the calendar month following Clackamas County's receipt of the enrollment request, or on an earlier date as agreed to by Clackamas County; or
- in the case of a Dependent's birth, on the date of such birth; or
- in the case of a Dependent's adoption or placement for adoption, the date of such adoption or placement for adoption; or
- in the case of legal guardianship of a Dependent, the date such legal guardianship status begins.

8.3.3 Court Orders

If you were eligible to enroll as a Subscriber under this Plan, but did not enroll during a previous enrollment period, and a court orders you to provide coverage for a Spouse or minor child under your Health Benefit Plan, the Plan will provide a "special enrollment period" for you and the Spouse or minor child you are ordered to provide coverage for if you request enrollment within 60 days after the issuance of the court order.

Effective Date: The date specified in the court order.

8.3.4 Premium Assistance

If you or your Eligible Family Dependent were eligible to enroll under this Plan but did not enroll during a previous enrollment period, and you or your Eligible Family Dependent becomes entitled to group health plan premium assistance under a Medicaid-sponsored or Children's Health Insurance Program (CHIP)-sponsored arrangement, the Plan will provide a "special enrollment period" for you and your Family Member(s) if you request enrollment within 60 days after the date of entitlement.

8.4 LEAVE OF ABSENCE AND LAYOFFS

A Subscriber on leave of absence or layoff status may continue to be covered under this Plan as though actively at work for a period of time, if any, as stated in the Eligible Employee definition. An Employee who returns to work as an Eligible Employee after coverage has lapsed must re-enroll for coverage as specified in section 8.1.3.

For the Subscriber, a leave of absence granted under the federal Family and Medical Leave Act (FMLA), the Uniformed Services Employment and Reemployment Rights Act (USERRA), is administered in accordance with those Acts and this Summary Plan Description.

9. TERMINATION OF MEMBER COVERAGE

9.1 TERMINATION DATES

Termination of Member coverage under this Plan will occur on the earliest of the following dates:

1. The date this Plan terminates;
2. The last day of the coverage period in which a Subscriber terminates employment with Clackamas County;
3. The last day of the coverage period in which a Subscriber no longer qualifies as a Subscriber, as stated in the Summary Plan Description;
4. The date a Member enters full-time military, naval or air service, except as provided under federal USERRA requirements;
5. The last day of the coverage period in which a Subscriber retires;
6. The last day of the month in which the Subscriber makes a written request for termination of coverage to be effective for the Subscriber or Member;
7. For a Family Member, the date the Subscriber's coverage terminates;
8. For a Family Member, the last day of the month in which the individual no longer qualifies as an Eligible Family Dependent;
9. For any benefit, the date the benefit is deleted from this Plan;
10. For a Member, the date of disenrollment from this Plan as described in section 9.4;
11. For a Member, the date any fraudulent information is provided; or
12. For a Member, the date we discover any breach of contractual duties, conditions or warranties, as determined by us.
13. For a Subscriber that is a Non-Medicare Eligible Early Retiree, the last day of the month in which the Retiree becomes eligible for Medicare.

You and the Employer are responsible for advising Clackamas County of any changes in eligibility including the lack of eligibility of a Family Member. Coverage will not continue beyond the last date of eligibility, regardless of the lack of notice to Clackamas County.

See section 7, Problem Resolution, for your Grievance and Appeal rights.

9.2 TERMINATION AND RESCISSION OF COVERAGE DUE TO FRAUD OR ABUSE

Coverage under this Plan, either for you or for your covered Dependent(s), may be rescinded (meaning your coverage is retroactively canceled) or terminated in case of a fraud or intentional misrepresentation of material fact by you or by your covered Dependent in obtaining, or attempting to obtain, benefits under this Plan.

If coverage is rescinded, the Plan will retain any money you paid for coverage as liquidated damages and will have the right to recover from you or from your covered Dependents the benefits paid as a result of such wrongful activity. Providence Health Plan will provide all affected Plan participants with 30 days' notice before rescinding your coverage.

9.3 NON-LIABILITY AFTER TERMINATION

Upon termination of this Plan, Clackamas County shall have no further liability beyond the effective date of the termination unless the Member continues, without lapse of membership, under another Clackamas County plan.

9.4 DISENROLLMENT FROM THIS PLAN

"Disenrollment" means that your coverage under this Plan is terminated because you have engaged in fraudulent, dishonest or threatening behavior, such as:

1. You have filed a false claim with the Plan;
2. You willfully fail to provide information or documentation required to be provided under this Plan or knowingly provide incorrect or incomplete information;
3. You have committed an act of physical or verbal abuse that poses a threat to providers, to other Members, or to Clackamas County or Providence Health Plan employees; or
4. You have allowed a non-Member to use your Member ID Card to obtain Services.

9.5 NOTICE OF CREDITABLE COVERAGE

Providence Health Plan will provide upon request written certification of the Member's period of Creditable Coverage when:

- A Member ceases to be covered under this Plan;
- A Member on COBRA coverage ceases that coverage; and
- A Member requests a Notice of Creditable Coverage within 24 months of the termination of coverage.

9.6 CLACKAMAS COUNTY'S RIGHT TO TERMINATE OR AMEND PLAN

Clackamas County reserves the right at any time to terminate or amend in whole or part any of the provisions of the Plan or any of the benefits provided under the Plan. Any such termination or amendment may take effect retroactively or otherwise. In the event of a termination or reduction of benefits under the Plan, the Plan will be liable only for benefit payments due and owing as of the effective date of such termination or reduction and no payments scheduled to be made on or after such effective date will result in any liability to the Plan or Clackamas County.

10. CONTINUATION OF GROUP MEDICAL BENEFITS

If you become ineligible for coverage under this Plan you may, under certain circumstances, continue group coverage. There are specific requirements, time frames and conditions that must be followed in order to be eligible for continuation of group coverage and which are generally outlined below. Please contact Clackamas County as soon as possible for details if you think you may qualify for group COBRA or state continuation coverage.

10.1 COBRA CONTINUATION COVERAGE

The Consolidated Omnibus Budget Reconciliation Act (COBRA) is a federal law that applies to most Employers with 20 or more employees. Some Employers, such as church groups and state agencies, may be exempt from COBRA. The law requires that Employers subject to COBRA offer Employees and/or their Dependents continuation of medical and dental coverage in certain instances where there is a loss of group coverage.

10.1.1 Subscriber's Continuation Coverage

A Subscriber who is covered under this Plan may elect continuation coverage under COBRA if coverage is lost due to termination of employment (other than for gross misconduct) or a reduction in work hours.

10.1.2 Spouse's or Domestic Partner's Continuation Coverage

A Spouse or Domestic Partner who is covered under this Plan has the right to elect continuation coverage under COBRA if coverage is lost for any of the following qualifying events:

- The death of the Subscriber;
- The termination of the Subscriber's employment (for reasons other than gross misconduct) or reduction in hours;
- The divorce or legal separation of the Subscriber and the Spouse;
- Termination of the domestic partnership; or
- The Subscriber becomes covered under Medicare.

10.1.3 Dependent's Continuation Coverage

A Dependent child who is covered under this Plan has the right to continuation under COBRA if coverage is lost for any of the following qualifying events:

- The death of the Subscriber;
- The termination of the Subscriber's employment (other than for gross misconduct) or reduction in a Subscriber's hours;
- The Subscriber's divorce or legal separation;
- Termination of the domestic partnership;
- The Subscriber becomes covered under Medicare; or
- The child ceases to qualify as an Eligible Family Member under this Plan.

A newborn child or a child placed for adoption who is properly enrolled under the terms of this Plan during the COBRA continuation period will be a qualified beneficiary.

10.1.4 Notice Requirements

A Family Member's coverage ends on the last day of the month in which a divorce, legal separation or termination of domestic partnership occurs or a child loses Dependent status under this Plan. **Under COBRA, you or your Family Member has the responsibility to notify Clackamas County if one of these events occurs.** Written notice must be given no later than 60 days after the loss of coverage has occurred, or the qualifying event, whichever is later. Oral notice is not binding until confirmed in writing. If notice is not timely given, continuation coverage will not be available.

When Clackamas County receives notification of one of the above "qualifying" events, you will be notified that you or your Family Member, as applicable, have 60 days from the date coverage is lost or the date you receive the notice, whichever is later, to elect continuation coverage. If this election is not made within this 60-day period, your right to elect continuation coverage under this Plan will be lost.

10.1.5 Type of COBRA Continuation Coverage

A qualified beneficiary will be provided the same coverage that was in effect immediately prior to the qualifying event.

10.1.6 COBRA Election Rights

A Subscriber or his or her Spouse or Domestic Partner may elect continuation coverage for all covered Family Members. In addition, each Family Member has an independent right to elect COBRA. Thus, a Family Member may elect continuation coverage even if the Subscriber does not.

10.1.7 COBRA Premiums

If you are eligible for COBRA continuation coverage, you do not have to show that you are insurable (that you do not have any serious health conditions). However, you must pay the full premium for your continuation coverage, including the portion of the premium Clackamas County was previously paying. After you elect COBRA, you will have 45 days from the date of election to pay the first premium. You must pay premium back to the point you would otherwise have lost coverage under this Plan. After that, you must pay the premium for each month as of the first of the month, and in all events within 30 days. If you fail to pay your monthly premium, you will be notified that your coverage is being terminated.

10.1.8 Length of COBRA Continuation Coverage

18-Month Continuation Period

When coverage ends due to a Subscriber's termination of employment (other than for gross misconduct) or a reduction in hours, the continuation period for the Subscriber and all covered Family Members will be 18 months from the date of the qualifying event, or the date coverage is lost, whichever is later.

29-Month Continuation Period

If a qualified beneficiary is disabled, continuation coverage for that qualified beneficiary and his or her covered Family Members may continue for up to 29 months from the date of the original qualifying event, or loss of coverage, whichever is later. The 29-month period applies only if the following conditions are met:

- The Social Security Administration (SSA) determines that the qualified beneficiary is disabled at any time prior to the qualifying event or during the first 60 days of COBRA continuation coverage; and
- The qualified beneficiary provides Clackamas County with a copy of the SSA determination within the initial 18-month continuation period and not later than 60 days after the SSA determination was issued.

The premium for COBRA continuation coverage may increase after the 18th month to 150% of the otherwise applicable amount.

If the SSA makes a final determination of non-disability, the qualified beneficiary must notify the COBRA Administrator within 30 days.

36-Month Continuation Period

If a Spouse, Domestic Partner or Dependent child loses coverage because of any of the following reasons, COBRA provides for up to 36 months of continuation of coverage:

- The Subscriber's death;
- The Subscriber's eligibility for Medicare;
- Divorce or legal separation;
- Termination of the domestic partnership; or
- A child becomes ineligible for Dependent coverage.

10.1.9 Extension of Continuation Period

If a second qualifying event occurs during the initial 18- or 29-month continuation period (for example, the death of the employee, divorce, or child loses status as an Eligible Family Member under the Plan), coverage for a qualified beneficiary may be extended up to 36 months. However, in no case will the continuation coverage exceed 36 months from the date of the original qualifying event.

If a Spouse or Dependent child has continuation coverage due to the employee's termination or reduction in hours and if the qualifying event occurred within 18 months after the employee became entitled to Medicare, the coverage period is extended to 36 months from the employee's Medicare entitlement date.

10.1.10 Trade Act of 2002

The Trade Act of 2002 created a new tax credit for certain individuals who become eligible for trade adjustment assistance (TAA). TAA allows workers displaced by the impact of foreign trade, and individuals age 55 or older who are receiving pension benefits paid by the Pension Benefit Guaranty Corporation (PBGC), to elect COBRA coverage during the 60-day period that begins on the first day of the month in which the individual first becomes eligible for TAA benefits. Eligible individuals can either take a tax credit or get advance payment of sixty-five percent of premiums paid for qualified health insurance, including continuation coverage. If you have questions about these tax provisions, you may call the Health Care Tax Credit Customer Contact Center toll-free at 866-628-4282. TTD/TTY caller may call toll-free at 866-626-4282. More information about the Trade Act is also available at http://www.doleta.gov/tradeact/.

10.1.11 When COBRA Continuation Coverage Ends

COBRA Continuation coverage will end automatically for you and your Family Members when any of the following events occurs:

- Clackamas County no longer provides health coverage to any employees;
- The premium for the continuation coverage is not paid on time;
- The qualified beneficiary employee, spouse or dependent child) later becomes covered under another health plan that has no exclusions or limitations with respect to any pre-existing conditions. If the other plan has applicable exclusions or limitations, the COBRA continuation coverage will terminate after the exclusion or limitation no longer applies'
- The qualified beneficiary (employee, spouse, or dependent child) later becomes entitled to Medicare;
- The earliest date that the qualified beneficiary no longer qualifies for such coverage in accordance with the federal COBRA regulations; or
- The applicable maximum period of continuation coverage occurs.

As more fully described in section 7, the Plan offers a Grievance process that attempts to resolve the concerns Members may have about claims decisions. No civil action may be brought to recover benefits from this Plan until receipt of a final decision under the Member Grievance and Appeal process specified in section 7.2 of this Summary Plan Description. If the Member elects to seek external review under section 7.2.4, both the Plan and the Member will be bound by the Independent Review Organization (IRO) decision. No civil action may be brought later than three years after the date of the last decision rendered under the Member Grievance and Appeal process specified in section 7.2.

Member's sole right of Appeal from a final Grievance determination, other than a determination referred for binding determination by an independent review organization, shall be to an Oregon state court, either in the Member's county of residence or such other county as mutually agreed upon between the Member and the Plan. In the alternative, Member may request that the Plan agree to submit the dispute to binding arbitration before a single arbitrator appointed by the United States Arbitration & Mediation Service (USA&M) under Oregon law in the Member's county (unless otherwise mutually agreed) in accordance with USA&M's Rules for Arbitration. If arbitration is mutually agreed upon the arbitrator's decision shall be final and legally binding and judgment may be entered thereon. Irrespective of whether the Grievance is appealed to a court or an arbitrator, neither party shall under any circumstance be liable to the other for any special, incidental, or consequential damages, or for any tort liability (including any punitive or exemplary damages), in any way related to this Plan.

12. QUALIFIED MEDICAL CHILD SUPPORT ORDERS (QMCSO)

A child of an Eligible Employee will be enrolled in the Plan as required by a qualified medical child support order. The procedures and rules regarding this enrollment are described in this section.

12.1 DEFINITIONS

For purposes of this section, the following definitions shall apply:

"Alternate Recipient" means any child of an employee who is recognized under an Order as having a right to enrollment under the Plan with respect to such employee.

An "Order" means any judgment, decree, or order (including approval of a settlement agreement) issued by a court of competent jurisdiction (or through an administrative process established under a state law which has the effect of a court order) which:

- Provides for child support with respect to a child of an employee under the Plan or provides for health benefit coverage to such a child, is made pursuant to a state domestic relations law (including a community property law), and relates to benefits under the Plan; or
- Enforces a state law relating to medical child support with respect to the Plan.

A "Qualified Medical Child Support Order" or "QMCSO" means an Order:

- Which creates or recognizes the existence of an Alternate Recipient's right to receive, or assigns to an Alternate Recipient the right to receive, benefits for which an employee or beneficiary is eligible under the Plan; and
- With respect to which Clackamas County has determined satisfies the QMSCO standards set forth below.

"Procedures" means the Qualified Medical Child Support Order procedures as prescribed in this section.

"Designated Representative" means a representative designated by an Alternate Recipient to receive copies of notices that are sent to the Alternate Recipient with respect to an Order.

12.2 NOTICE UPON RECEIPT OF ORDER

Upon the receipt of any Order, Clackamas County will promptly notify the employee and each Alternate Recipient identified in such Order of the receipt of such Order, and will further furnish them each with a copy of these Procedures. If the Order or any accompanying correspondence identifies a Designated Representative, then copies of the acknowledgment of receipt notice and these Procedures will also then be provided to such Designated Representative.

12.3 NOTICE OF DETERMINATION

Within a reasonable period after its receipt of the Order, Clackamas County will determine whether the Order satisfies the QMCSO standards described below so as to constitute a QMCSO, and shall thereupon notify the employee, each Alternate Recipient, and any Designated Representative of such determination.

An Order will not be deemed to be a QMCSO unless the Order:

(a) Clearly specifies:
    1. The name and last known mailing address (if any) of the employee and of each Alternate Recipient covered by the Order (or the name and mailing address of a State or agency official acting on behalf of the Alternate Recipient);
    2. Either a reasonable description of the type of coverage to be provided under the Plan to each Alternate Recipient, or the manner in which such type of coverage is to be determined; and
    3. The period to which the Order applies.

(b) Does not require the Plan to provide any type or form of benefit, or any option, not otherwise provided under the Plan, except to the extent that the Order pertains to the enforcement of a state law relating to a medical child support.

If an Order contains inconsistencies or ambiguities that might pose a risk of future controversy or liability to the Plan, the Order will not be considered to be a QMCSO.

12.4 ENROLLMENT OF ALTERNATE RECIPIENT

An Alternate Recipient with respect to an Order determined to be a QMCSO who properly submits the applicable enrollment forms to Clackamas County will become covered under the Plan to which such Order applies as soon as practicable after the applicable enrollment forms are received. An Alternate Recipient will be eligible to become covered under the Plan as of a particular date without regard to any open enrollment period restrictions otherwise applicable under the Plan.

12.5 COST OF COVERAGE

An Alternate Recipient will be treated as having been voluntary enrolled in the Plan by the employee as a dependent of such employee, including in regard to the payment by the employee for dependent coverage under the Plan. The amount of any required contributions to be made by the Employee for coverage under the Plan will be determined on the basis of the Alternate Recipient being treated as the employee's covered dependent. Any additional required contribution attributable to the coverage of the Alternate Recipient will not be separately charged. Rather, the full amount of the required contribution shall be paid by the employee in accordance with the payroll deduction or other procedures of the Plan as pertaining to the employee.

12.6 REIMBURSEMENT OF PLAN EXPENSES

Unless the terms of the Order provide otherwise, any payments to be from the Plan as reimbursement for group health expenses paid either by the Alternate Recipient, or by the custodial parent or legal guardian of the Alternate Recipient, will not be paid to the employee. Rather, such reimbursement will be paid either to the Alternate Recipient, or to the custodial parent or legal guardian of such Alternate Recipient. However, if the name and address of a State or agency official has been substituted in the Order for that of the Alternate Recipient, then the reimbursement will be paid to such named official.

12.7 STATUS OF ALTERNATE RECIPIENT

An Alternate Recipient under a QMCSO generally will be considered a beneficiary of the Employee under the Plan to which the Order pertains.

12.8 TREATMENT OF NATIONAL MEDICAL SUPPORT NOTICE

If Clackamas County receives an appropriately completed National Medical Support Notice (a "National Notice") issued pursuant to the Child Support Performance and Incentive Act of 1998 in regard to an employee who is a non-custodial parent of a child, and if the National Notice is determined by Clackamas County to satisfy the QMCSO standards prescribed above, then the National Notice shall be deemed to be a QMSCO respect to such child.

Clackamas County, upon determining that the National Notice is a QMSCO, shall within forty (40) business days after the date of the National Notice notify the State agency issuing the National Notice of the following:

(a) Whether coverage of the child at issue is available under the terms of the Plan, and if so, as to whether such child is covered under the Plan; and

(b) Either the effective date of the coverage or, if necessary, any steps to be taken by the custodial parent (or by the State or agency official acting on behalf of the child) to effectuate the coverage under the Plan.

Clackamas County shall within such time period also provide to the custodial parent (or such substituted official) a description of the coverage available and any forms or documents necessary to effectuate such coverage.

Nothing in this section shall be construed as requiring the Plan, upon receipt of a National Notice, to provide benefits under the Plan (or eligibility for such benefits) in addition to benefits (or eligibility for benefits) provided under the terms of the Plan as in effect immediately before receipt of such National Notice.

13. GENERAL PROVISIONS

13.1 CONFLICTS OF PROVISIONS

In the event that one or more provisions of this document conflict with one or more provisions of any other plan document, the provisions of this document, as from time to time amended, shall control.

13.3 DUPLICATING PROVISIONS

If any charge is described as covered under two or more benefit provisions, the Plan will pay only under the provision allowing the greater benefit. This may require a recalculation based upon both the amounts already paid and the amounts due to be paid. The Plan has NO liability for benefits other than those this Plan provides.

13.4 FAILURE TO PROVIDE INFORMATION OR PROVIDING INCORRECT OR INCOMPLETE INFORMATION

Members warrant that all information contained in applications, questionnaires, forms, or statements submitted to Clackamas County and to Providence Health Plan to be true, correct, and complete. 13.7 LEGAL ACTION

No civil action may be brought under state or federal law to recover benefits from the Plan until receipt of a final decision under the Member Grievance and Appeal process specified in section 7.2 of the Summary Plan Description, unless the Member's benefits under the Plan are subject to the Employee Retirement Income Security Act (ERISA), in which case the Member is permitted either to bring a civil action under ERISA in federal court after receiving a decision from the First Level of Appeal or to bring such an action after receipt of a final grievance decision. An appeal from a final Grievance decision may lie with an Independent Review Organization (IRO). In the event a right to IRO review exists and the Member elects to seek such review, the IRO decision will be binding and final, as indicated in section 7.2.4. No civil action under ERISA or otherwise may be brought later than three years after the date of the last decision rendered under the Member Grievance and Appeal process specified in section 7.2. If ERISA does not apply (see section 11.2) the action must be brought in Oregon state court, either in the Member's county of residence or such other county as mutually agreed upon between Member and the Plan. In general, ERISA applies if this is an employer-sponsored plan, other than a government plan or church plan.

No shareholder, director, officer, or employee of Clackamas County in any way guarantees to any Member or beneficiary the payment of any benefit or amount which may become due in accordance with the terms of the Plan.

13.13 NO RECOURSE FOR ACTS OF PROVIDERS

The Hospitals, Skilled Nursing Facilities, physicians and other persons or organizations providing Services to you do so as independent contractors. Neither Clackamas County nor Providence Health Plan is liable for any claim or demand due to damages arising out of, or in any manner connected with, any injuries suffered by you while receiving such Services.

13.14 NON-WAIVER

No delay or failure when exercising or enforcing any right under this Plan shall constitute a waiver or relinquishment of that right, and no waiver or any default under this Plan shall constitute or operate as a waiver of any subsequent default. No waiver of any provision of this Plan shall be deemed to have been made unless and until such waiver has been reduced to writing and signed by the party waiving the provision.

13.16 NOTICE REQUIRED FOR REIMBURSEMENT AND PAYMENT OF CLAIM

Plan payments for most Services are made directly to the providers of Services. Except as otherwise specifically provided in this Plan, if you are billed directly by an Out-of-Network Provider and you pay for benefits which are covered by this Plan, reimbursement from the Plan will be made only upon your written notice to Providence Health Plan of the payment. Payment will be made to the Member, subject to written notice of claim, or, if deceased, to the Member's estate, unless payment to other parties is authorized in writing by you. See section 6.1.1 regarding timely submission of claims.

13.17 PAYMENT OF BENEFITS TO PERSONS UNDER LEGAL DISABILITY

Whenever any person entitled to payments under the Plan is determined to be a minor or under other legal disability or otherwise incapacitated in any way so as to be unable to manage such person's financial affairs, or otherwise incapable of giving a valid receipt and discharge for any payment, the following provision shall apply. Providence Health Plan, in their discretion, may direct that all or any portion of such payments be made (i) to such person, (ii) to such person's legal guardian or conservator, or (iii) to such person's spouse or to any other person, in any manner considered advisable, to be expended for the person's benefit. PHP's decision will, in each case, be final and binding upon all persons. Any payment made pursuant to the power herein conferred shall operate as a complete discharge of the obligations under the Plan in respect thereof by Clackamas County and Providence Health Plan.

13.18 PHYSICAL EXAMINATION AND AUTOPSY

When reasonably required for purposes of claim determination, the Plan Sponsor shall have the right to make arrangements for the following examinations, at Plan expense, and to suspend the related claim determination until Providence Health Plan has received and evaluated the results of the examination:

13.19 PROFESSIONAL REVIEW AND RIGHT TO EXAMINE RECORDS

All Members, by acceptance of the benefits of this Plan, shall be deemed to have consented to the examination of medical records for purposes of utilization review, quality assurance and peer review by Providence Health Plan or their designee.

All Members, for purposes other than utilization review, quality assurance and peer review, may be required to authorize any provider to give and discuss with Providence Health Plan any information relating to any condition for which benefits are claimed under this Plan. Providence Health Plan may transfer this information between providers or other organizations who are treating you or performing a Service on our behalf. If you do not consent to the release of records or to discussions with providers, Providence Health Plan will be unable to determine the proper payment of any benefits and will deny the claims accordingly. Consent to the release of records and discussion with providers is a condition of payment of any benefits. Neither the consent to, nor the actual examination of the records or discussion with providers will constitute a guarantee of payment.

13.20 REQUIRED INFORMATION TO BE FURNISHED

Each Member must furnish to Providence Health Plan such information as they consider necessary or desirable for purposes of administering the Plan, and the provisions of the Plan respecting any payments hereunder are conditional upon the prompt submission by the Member of such true, full and complete information as may be requested.

13.21 RIGHT OF RECOVERY

Providence Health Plan, on behalf of the Plan, has the right, upon demand, to recover payments in excess of the maximum benefits specified in this Plan or payments obtained through fraud, error, or duplicate coverage. If reimbursement is not made to the Plan, Providence Health Plan is authorized by Clackamas County to deduct the overpayment from future benefit payments under this Plan.

13.22 SEVERABILITY

Invalidation of any term or provision herein by judgment or court order shall not affect any other provisions, which shall remain in full force and effect.

13.23 STATE MEDICAID BENEFITS RIGHTS

- Payment for benefits with respect to a Member under the Plan shall be made in accordance with any assignment of rights made by or on behalf of such Member, as required by a State Medicaid Plan;

The Employer shall be responsible for all fiduciary functions under the Plan except insofar as any such authority or responsibility is assigned by or pursuant to the Plan to another named fiduciary, or is delegated to another fiduciary by the Employer. The Employer has the discretionary authority to determine eligibility for benefits under the Plan and to interpret the terms of the Plan, unless it has delegated that authority as permitted by the Plan. In the event of such delegation, Providence Health Plan's determinations on the meaning of Plan terms may not be overturned unless found by a court to have been arbitrary and capricious. The allocation of administrative duties and the delegation of discretionary authority for the Plan is specified in the Administrative Services Agreement that has been executed by the Employer and Providence Health Plan.

14.7.1 Complete Allocation of Fiduciary Responsibilities

This section is intended to allocate to each named fiduciary the individual responsibility for the prudent execution of the functions assigned to each. The performance of such responsibilities will be deemed a several and not a joint assignment. None of such responsibilities nor any other responsibility is intended to be shared by two or more of them unless such sharing will be provided by a specific provision of the Plan. Whenever one named fiduciary is required by the Plan to follow the directions of another, the two will not be deemed to have been assigned a shared responsibility, but the responsibility of the one giving the direction will be deemed to be its sole responsibility, and the responsibility of the one receiving such direction will be to follow it insofar as such direction is on its face proper under the Plan and applicable law.

14.8 ENGAGEMENT OF ADVISORS

The Employer may employ on behalf of the Plan one or more persons to render advice with regard to any responsibility it may have under the Plan. Toward that end, the Employer may appoint, employ and consult with legal counsel, actuaries, accountants, investment consultants, physicians or other advisors (who may be counsel, actuaries, accountants, consultants, physicians or other advisors for the Employer) and may also from time to time utilize the services of employees and agents of the Employer in the discharge of their respective responsibilities.

14.9 INDEMNIFICATION

The Employer will indemnify its employees for any liability or expenses, including attorneys' fees, incurred in the defense of any threatened or pending action, suit or proceeding by reason of their status as a fiduciary with respect to the Plan, to the full extent permitted by law.

14.10 AMENDMENT OR TERMINATION OF PLAN

14.10.1 Right to Amend or Terminate

The Employer reserves the right at any time and from time to time to amend or terminate in whole or in part any of the provisions of the Plan, or any document forming part of the Plan.

14.10.2 Manner of Action

Any amendment or termination of the Plan or any part of the Plan shall be made by an instrument in writing reflecting that such change has been authorized by the Employer. Any such amendment or termination shall be effective as of the date specified in said instrument, or, if no date is so specified, as of the date of execution or adoption of said instrument. An amendment may be effected by establishment, modification, or termination of the Plan by appropriate action of the Employer. Any such amendment or termination may take effect retroactively or otherwise. An instrument regarding the establishment, modification or termination of the Plan which is executed by the Chair of the Board of County Commissioners or his/her designee shall be conclusive evidence of the adoption and effectiveness of the instrument.

14.10.3 Effect on Benefits

Claims incurred before the effective date of a Plan change or termination will not be affected. Claims incurred after Plan changes will be covered according to the provisions in effect at the time the claim is incurred. Claims incurred after the Plan is terminated will not be covered. You will not be vested in any Plan benefits or have any further rights, subject to applicable law.

14.11 PROTECTED HEALTH INFORMATION

14.11.1 Disclosure

In accordance with the privacy regulations of the Health Insurance Portability and Accountability Act (HIPAA), Providence Health Plan may disclose de-identified summary health information to the Employer for purposes of modifying, amending or terminating this Plan. In addition, Providence Health Plan may disclose protected health information (PHI) to the Employer in accordance with the following provisions of this Plan as established by the Employer:

(a) The Employer may use and disclose the PHI it receives only for the following purposes:
    1. Administration of the Plan; and

(g) The Employer shall provide Participants with an accounting of its disclosure of their PHI in accordance with the privacy regulations of HIPAA.

(h) The Employer shall make its internal practices, books and records relating to the use and disclosure of PHI received from Providence Health Plan available to the Secretary of the Department of Health and Human Services in accordance with the privacy regulations of HIPAA.

(i) The Employer shall, if feasible, return or destroy all PHI received from Providence Health Plan and retain no copies of such information when no longer needed for the purpose for which such information was received except that, if such return or destruction is not feasible, the Employer shall limit further uses and disclosures to those purposes that make the return or destruction of the information infeasible.

(j) The Employer shall provide for adequate separation between the Employer and Providence Health Plan with regard to the use and disclosure of PHI. For that purpose, access to PHI shall be limited to the following employees or classes of employees of the Employer:

In addition, the Employer shall establish an effective mechanism for resolving any issues of non-compliance by the employees designated above with regard to their use of PHI.

14.11.2 Security

In accordance with the security standards of the Health Insurance Portability and Accountability Act (HIPAA), the Employer shall:

(a) Implement administrative, physical, and technical safeguards that protect the confidentiality, integrity and availability of the electronic PHI that it creates, receives, maintains or transmits on behalf of the Plan;

(b) Ensure that the separation of access to PHI that is specified in section 14.11.1(j) above is supported by appropriate security measures;

(c) Ensure that any agent or subcontractor to whom the Employer provides PHI agrees to implement appropriate security measures to protect such information; and

(d) Report to the Plan any security incident regarding PHI of which the Employer becomes aware.

6.2.1 If Sub-recipient fails to perform any of the provisions of this Agreement, or so fails to pursue the Project as to endanger performance of obligations as required under this Agreement, and after receipt of written notice from OSFM, fails to correct such failures within ten (10) days, or such longer period as OSFM may authorize.

6.2.3 If OSFM fails to receive funding, appropriations, limitations, or other expenditure authority at levels sufficient to allow OSFM, in the exercise of its reasonable administrative discretion, to continue to make the payments provided for in this Agreement.

6.2.4 If federal or state laws, regulations, or guidelines are modified, or interpreted in such a way that the Project under this Agreement is prohibited, or if OSFM is prohibited from paying for such Project from the planned funding source.

6.2.5 If Sub-recipient fails to provide the Sub-recipient Match for the Project.

6.3 Termination of this Agreement shall not prejudice any rights or obligations accrued to the parties prior to termination.

7. NON-APPROPRIATION

The State of Oregon's payment obligations under this Agreement are conditioned upon OSFM receiving funding, appropriations, limitations, allotments, or other expenditure authority sufficient to allow OSFM, in the exercise of its reasonable administrative discretion, to meet its payment obligations under this Agreement. Sub-recipient is not entitled to receive payment under this Agreement from any part of Oregon state government other than OSFM. Nothing in this Agreement is to be construed as permitting any violation of Article XI, Section 7 of the Oregon Constitution or any other law regulating liabilities or monetary obligations of the State of Oregon. OSFM certifies, at the time this Agreement is executed, that sufficient funds are available and authorized for expenditure to finance costs of this Agreement within OSFM's current appropriation or limitation of the current biennial budget.

8. GOVERNING LAW; VENUE; CONSENT TO JURISDICTION.

This Agreement shall be governed and construed in accordance with the laws of the State of Oregon without regard to principles of conflicts of laws. Any claim, action, suit or proceeding (collectively, "Claim") between OSFM (and any other agency or department of the State of Oregon) and Sub-recipient that arises from or relates to this Agreement shall be brought and conducted solely and exclusively within the Circuit Court of Marion County for the State of Oregon; provided, however, if a Claim must be brought in a federal forum, then it shall be brought and conducted solely and exclusively within the United States District Court for the District of Oregon. In no event shall this section be construed as a waiver by the State of Oregon of any form of defense or immunity, whether it is sovereign immunity or governmental immunity, immunity based on the Eleventh Amendment to the Constitution of the United States or otherwise, from any Claim or from the jurisdiction of any court. SUB-RECIPIENT, BY EXECUTION OF THIS AGREEMENT, HEREBY CONSENTS TO THE IN PERSONAM JURISDICTION OF SAID COURTS.

9. COMPLIANCE WITH GOVERNMENT REGULATIONS.

9.1 Sub-recipient agrees to comply with all federal, state and local laws, regulations, executive orders and ordinances applicable to the work under this Agreement, including, without limitation, the provisions of ORS 279B.220, 279C.515, 279B.235, 279B.230, and 279B.270, which are hereby incorporated by reference. Without limiting the generality of the foregoing, Sub-recipient expressly agrees to comply with (i) Title VI of the Civil Rights Act of 1964; (ii) Section V of the Rehabilitation act of 1973; (iii) the Americans with Disabilities Act of 1990 and ORS 659.425; (iv) all regulations and administrative rules established pursuant to the foregoing laws; and (v) all other applicable requirements of federal and state civil rights and rehabilitation statutes, rules and regulations.

9.2 Sub-recipient shall comply with the Assurance of Compliance with Title VI of the Civil Rights Act of 1964, Department of Transportation, attached hereto as Exhibit D.

9.3 Sub-recipient shall insert the following notification in all solicitations for bids for work or material subject to the Title 49, Code of Federal Regulations and, in adapted form, in all proposals for negotiated agreements related to this Agreement.

> "The Sub-recipient, in accordance with Title VI of the Civil Rights Act of 1964, 78 Stat. 252, 42 U.S.C. 2000d-4 and Title 49 Code of Federal Regulations, Department of Transportation, Subtitle A, Office of Secretary, Part 21, Nondiscrimination in Federally-assisted Programs of the Department of Transportation issued pursuant to such Act, hereby notifies all bidders that it will affirmatively insure that in regard to any contract entered into pursuant to this advertisement, minority business enterprises will be afforded full opportunity to submit bids in response to this invitation and will not be discriminated against on the grounds of race, color, sex or national origin in consideration for an award."

10. CONTRIBUTION.

10.1 If any third party makes any claim or brings any action, suit or proceeding alleging a tort as now or hereafter defined in ORS 30.260 ("Third Party Claim") against a party (the "Notified Party") with respect to which the other party ("Other Party") may have liability, the Notified Party must promptly notify the Other Party in writing of the Third Party Claim and deliver to the Other Party a copy of the claim, process, and all legal pleadings with respect to the Third Party Claim. Either party is entitled to participate in the defense of a Third Party Claim, and to defend a Third Party Claim with counsel of its own choosing. Receipt by the Other Party of the notice and copies required in this paragraph and meaningful opportunity for the Other Party to participate in the investigation, defense and settlement of the Third Party Claim with counsel of its own choosing are conditions precedent to the Other Party's liability with respect to the Third Party Claim.

10.2 With respect to a Third Party Claim for which the State is jointly liable with Sub-recipient (or would be if joined in the Third Party Claim), the State shall contribute to the amount of expenses (including attorneys' fees), judgments, fines and amounts paid in settlement actually and reasonably incurred and paid or payable by Sub-recipient in such proportion as is appropriate to reflect the relative fault of the State on the one hand and of Sub-recipient on the other hand in connection with the events which resulted in such expenses, judgments, fines or settlement amounts, as well as any other relevant equitable considerations. The relative fault of the State on the one hand and of Sub-recipient on the other hand shall be determined by reference to, among other things, the parties' relative intent, knowledge, access to information and opportunity to correct or prevent the circumstances resulting in such expenses, judgments, fines or settlement amounts. The State's contribution amount in any instance is capped to the same extent it would have been capped under Oregon law if the State had sole liability in the proceeding.

10.3 With respect to a Third Party Claim for which Sub-recipient is jointly liable with the State (or would be if joined in the Third Party Claim), Sub-recipient shall contribute to the amount of expenses (including attorneys' fees), judgments, fines and amounts paid in settlement actually and reasonably incurred and paid or payable by the State in such proportion as is appropriate to reflect the relative fault of Sub-recipient on the one hand and of the State on the other hand in connection with the events which resulted in such expenses, judgments, fines or settlement amounts, as well as any other relevant equitable considerations. The relative fault of Sub-recipient on the one hand and of the State on the other hand shall be determined by reference to, among other things, the parties' relative intent, knowledge, access to information and opportunity to correct or prevent the circumstances resulting in such expenses, judgments, fines or settlement amounts. Sub-recipient's contribution amount in any instance is capped to the same extent it would have been capped under Oregon law if it had sole liability in the proceeding.

10.4 Notwithstanding any other provision of this section 10, Sub-recipient, as the recipient of grant funds, pursuant to this agreement with the State of Oregon, shall assume sole liability for Sub-recipient's breach of the conditions of the grant, and shall, upon Sub-recipient's breach of grant conditions that causes or requires the State of Oregon to return funds to the grantor, hold harmless and indemnify the State of Oregon for an amount equal to the funds which the State of Oregon is required to pay grantor.

11. REMEDIES.

In the event that Sub-recipient violates any term or condition under this Agreement, OSFM shall have all remedies available to it under law, in equity, and under this Agreement.

12. INSURANCE REQUIREMENTS.

12.1 The parties acknowledge and agree Sub-recipient is a unit of local government as defined in ORS 190.003, and in order to meet the requirements of ORS 30.272 and ORS 30.273 may be commercially insured or self-insured.

12.2 Sub-recipient shall obtain, and at all times keep in effect, comprehensive liability insurance and property damage insurance covering its own acts and omissions under this Agreement. With the exception of obligation set forth in section 10.4, Sub-recipient may satisfy these requirements in any manner allowed by ORS 30.282. Such liability insurance, whatever the form, shall be in an amount not less than the limits of public body tort liability specified in ORS 30.271. In the event of unilateral cancellation or restriction by the insurance company of Sub-recipient's insurance policy referred to in this paragraph, Sub-recipient, as applicable, shall immediately notify OSFM verbally and in writing. Sub-recipient's coverage limits shall not be less than $2,000,000 for any single claimant and $4,000,000 for multiple claimants.

12.3 All employers, including Sub-recipient, that employ subject workers who work under this Agreement in the State of Oregon shall comply with ORS 656.017 and provide the required Worker's Compensation coverage, unless such employers are exempt under ORS 656.126.

12.4 If Sub-recipient uses a subcontractor to perform the Project, or portions thereof, the subcontractor shall meet the Subcontractor Insurance Requirements set forth on Exhibit E attached hereto.

13. THIRD PARTY BENEFICIARY.

OSFM and Sub-recipient are the only parties to this Agreement and are the only parties entitled to enforce the terms. Nothing in this Agreement gives, is intended to give, or shall be construed to give or provide any benefit or right, whether directly or indirectly or otherwise, to third persons unless such third persons are individually identified by name herein and expressly described as intended beneficiaries of the terms of this Agreement.

14. FORCE MAJEURE.

The parties shall not be held responsible for delay or default caused by fire, riot, acts of God and war, which are beyond the parties' reasonable control. The parties shall, however, make all reasonable efforts to remove or eliminate such a cause of delay or default and shall, upon the cessation of the cause, diligently pursue performance of the obligations under this Agreement.

15. ENTIRE AGREEMENT/WAIVER/MERGER.

This Agreement and attached exhibits constitute the entire Agreement between the parties on the subject matter hereof. There are no understandings, agreements, or representations, oral or written, not specified herein regarding this Agreement. No waiver, consent, modification or change of terms of this Agreement shall bind the parties unless in writing and signed by both parties and all necessary State approvals have been obtained. Such waiver, consent, modification or change, if made, shall be effective

only in the specific instance and for the specific purpose given. The failure of OSFM to enforce any provision of this Agreement shall not constitute a waiver by OSFM of that or any other provision.

16. AMENDMENTS.

This Agreement may be amended by mutual agreement of the parties, but only to the extent permitted by applicable statutes and administrative rules. No amendment to this Agreement shall be effective unless it is in writing signed by the parties, and all approvals required by applicable law have been obtained.

17. RECORDS MAINTENANCE; ACCESS.

Sub-recipient shall maintain all financial records relating to this Agreement in accordance with generally accepted accounting principles. If Sub-recipient expends $500,000 or more of federal funds (from all sources) in its fiscal year beginning prior to December 26, 2014, Sub-recipient shall have a single organization-wide audit conducted in accordance with the Single Audit Act. If Sub-recipient expends $750,000 or more in federal funds (from all sources) in a fiscal year beginning on or after December 26, 2014, Sub-recipient shall have a single organization-wide audit conducted in accordance with the provisions of 2 C.F.R. Subtitle B, with guidance at 2 C.F.R. part 200. Copies of all audits must be submitted to OSFM within 30 days of completion. If Sub-recipient expends less than $500,000 in federal funds in a fiscal year beginning prior to December 26, 2014, or less than $750,000 in a fiscal year beginning on or after that date, Sub-recipient is exempt from federal audit requirements for that year. In addition, Sub-recipient shall maintain any other records pertinent to this Agreement in such a manner as to clearly document Sub-recipient's performance. Sub-recipient acknowledges and agrees that OSFM and the Oregon Secretary of State's Office and the federal government and their duly authorized representatives shall have access to such financial records and other books, documents, papers, plans, records of shipments and payments and writings of Name of Other Party that are pertinent to this Agreement, whether in paper, electronic or other form, to perform examinations and audits and make excerpts and transcripts. Sub-recipient shall retain and keep accessible all such financial records, books, documents, papers, plans, records of shipments and payments and writings for a minimum of six (6) years, or such longer period as may be required by applicable law, following final payment and termination of this Agreement, or until the conclusion of any audit, controversy or litigation arising out of or related to this Agreement, whichever date is later.

18. SEVERABILITY.

The parties agree that if any term or provision of this Agreement is declared by a court of competent jurisdiction to be illegal or in conflict with any law, the validity of the remaining terms and provisions shall not be affected, and the rights and obligations of the parties shall be construed and enforced as if the Agreement did not contain the particular term or provision held to be invalid.

19. COUNTERPARTS.

This Agreement may be executed in several counterparts, all of which when taken together shall constitute one agreement binding on all parties, notwithstanding that all parties are not signatories to the same counterpart. Each copy of the Agreement so executed shall constitute an original.

EACH PARTY, BY EXECUTION OF THIS AGREEMENT, HEREBY ACKNOWLEDGES THAT HE/SHE HAS READ THIS AGREEMENT, UNDERSTANDS IT, HAS THE AUTHORITY TO SIGN AND BIND THEIR RESPECTIVE AGENCIES, AND AGREES TO BE BOUND BY ITS TERMS AND CONDITIONS.

Project Description

Who –Who will be performing the task or activity?
What –What task or activity is being performed?
Why –Why is the task or activity being performed?
Where –Where will the task or activity take place?
When –When is the task or activity projected to be performed?
How Many – What is the projected number of participants involved in the task or activity?

This project is the continuation of the general Clackamas LEPC Plan. It is expected the contractor will continue to provide planning for the 90 plus facilities in Clackamas County. Currently the top 20 have been contacted and 5 of those facilities did not respond, which is noted in the LEPC Emergency Plan. The contractor may also be asked to continue to contact those five facilities and other facilities that are currently being contacted and do not respond. It is critical to the Clackamas County LEPC to continue to get the grant funding so that eventually all facilities will be included in the general plan.

Collaboration - Area of benefit and partners

List the cities, counties, response disciplines, public and private entities, etc. that will benefit by the proposed project.
Indicate who you will partner with to conduct this project.

Participants will include the right-to-know facilities, appropriate law enforcement and fire districts, public health, disaster management, water providers, public works (city and county), and other disciplines related to the facilities and the hazardous materials they may store.

The project will benefit all incorporated cities (see below) and unincorporated Clackamas County. Utility providers, private industry and businesses, Union Pacific and retail stores will also benefit. Most, if not all, of the mentioned above have been involved in the Clackamas County LEPC meetings, which are every two months.

Cities: Barlow, Canby, Estacada, Gladstone, Happy Valley, Johnson City, Lake Oswego, Milwaukie, Molalla, Oregon City, Rivergrove, Sandy, Tualatin (section in Clackamas), West Linn, Wilsonville (section in Clackamas).

Overall contribution

How does the project contribute to the overall effort of addressing and/or enhancement of local hazardous materials planning and training?
How does the activity address a need or provide a solution to the problem (e.g. long-range plans, etc.)?

The Clackamas LEPC has now been in existence for almost two years. Over that time the LEPC members have worked with grants to develop a general LEPC plan, a Rail Plan, and currently using grant dollars to add more facilities and developing an exercise. The Clackamas LEPC has also adopted by-laws and meets on a regular basis. This grant will continue those efforts by adding to the general planning document and giving all right-to-know facilities a chance to be a part of the LEPC as required by law.

The grant fits into the long range plans by bringing more partners to the table and by encouraging facilities to be active members and to be a part of the solution. Also, by having more facilities as active members of the LEPC there are greater training and educational opportunities so that all are hearing the same message and playing in the same exercises as the group moves forward.

Project management - Itemize the tasks and include a timetable

Who is supervising the project?
Who is responsible for managing the grant?
Who will do the work?
What is the proposed timeline for completion of the project?
How will you make sure timelines and tasks are being met?
What plans, strategies, or practices are you using to reach the project objectives?
Have all pertinent parties agreed to these plans, strategies, and practices?

Nancy Bush, Director of Clackamas County Disaster Management Department (CCDM) is providing grant management. The work will be completed by a qualified contractor and the members of the LEPC. As a check on the planning effort in order to keep it on target, the contractor will be required to submit monthly reports. The invoices may be submitted monthly or quarterly, which will be negotiated at time of the contract award.

The proposed timeline completion is expected to be no later than September 30, 2020.

Objectives, project outcomes, results, and evaluation

List and prioritize the specific measurable and obtainable objectives.
Discuss project objectives to be accomplished.
What capabilities will be created or enhanced?

Objective: Develop a Clackamas County LEPC Emergency Plan that includes all required elements as presented in the "Oregon Local Emergency Planning Committee Member Manual" and to add planning for right-to-know facilities in Clackamas County.

Measure: An additional 20 - 25 new facilities added to the LEPC Emergency Plan. Add up to 5 facilities that were previously contacted but did not respond.

Match Requirement

Please indicate how you intend to meet the required match.

The Clackamas LEPC will be involved with the contractor providing guidance, materials, and plan review. Over the course of the grant period the committee will be meet two to three times to discuss and review the new plans being added to the LEPC Emergency Plan. The $4000 soft match will include staff time and travel dollars for contractor staff to attend one meeting in person.

Each LEPC meeting requires a sign-in and minutes.

Proposed HMEP Projects and estimated costs for FY 2020-2021 and FY 2021-2022

If you currently have plans to submit additional projects, or additional phases of a current project in FY 2020-2021 of the HMEP FY 2021-2022 grant performance period, please provide a brief summary of those projects and estimated cost.

Future projects will include training for the LEPC. The cost for an annual training could cost up to $10,000 depending on the training and the participation.

Justification, comments, and additional information

Provide any additional information regarding why the review committee should approve your project request. Explain if, or how this proposal addresses hazardous materials or the community's right to know.

Clackamas County has a large number of right-to-know facilities, which is 90 plus. It is important that we get as many facilities covered in the LEPC Emergency Plan so that we can provide quality education and training as we move forward.

   - **i)** The Government will make all payments under this agreement by electronic funds transfer (EFT), except as provided by paragraph (a)(ii) of this clause. As used in this clause, the term "EFT" refers to the funds transfer and may also include the payment information transfer.
   - **ii)** If the Government is unable to release one or more payments by EFT, the Recipient agrees either to –
     i) Accept payment by check or some other mutually agreeable method of payment; or
     ii) Request the Government to extend the payment due date until such time as the Government can make payment by EFT (but see paragraph d. of this clause).

b) Recipient's EFT information. The Government will make payment to the Recipient using the EFT information contained in the System for Award Management (SAM) database. If the EFT information changes, the Recipient is responsible for providing the updated information into the System for Award Management (SAM) at: https://www.sam.gov

c) Mechanisms for EFT payment. The Government may make payment by EFT through either the Automated Clearing House (ACH) network, subject to the rules of the National Automated Clearing House Association, or the Fedwire Transfer System. The rules governing Federal payments through the ACH are contained in 31 CFR Part 210.

d) Suspension of payment. If the Recipient's EFT information in the SAM database is incorrect, the Government is not obligated to make payment to the Recipient under this agreement until the correct EFT information is entered into the SAM database. An invoice or agreement-financing request is not a proper invoice for the purpose of prompt payment under this agreement.

e) Recipient EFT arrangements. If the Recipient has identified multiple payment receiving points (i.e., more than one remittance address and/or EFT information set) in the SAM database, and the Recipient has not notified the Government of the payment receiving point applicable to this agreement, the Government will make payment to the first payment receiving point (EFT information set or remittance address as applicable) listed in the SAM database.

f) Liability for uncompleted or erroneous transfers.
   - **i)** If an uncompleted or erroneous transfer occurs because the Government used the Recipient's EFT information incorrectly, the Government remains responsible for –
     i) Making a correct payment;
     ii) Paying any prompt payment penalty due; and

iii) Recovering any erroneously directed funds.

ii) If an uncompleted or erroneous transfer occurs because the Recipient's EFT information was incorrect, or was revised within 30 days of Government release of the EFT payment transaction instruction to the Federal Reserve System, and –

i) If the funds are no longer under the control of the payment office, the Government is deemed to have made payment and the Recipient is responsible for recovery of any erroneously directed funds; or

ii) If the funds remain under the control of the payment office, the Government will not make payment, and the provisions of paragraph d. of this clause apply.

g) EFT and prompt payment. A payment will have been made in a timely manner in accordance with the prompt payment terms of this agreement if, in the EFT payment transaction instruction released to the Federal Reserve System, the date specified for settlement of the payment is on or before the prompt payment due date, provided the specified payment date is a valid date under the rules of the Federal Reserve System.

h) EFT and assignment of claims. If the Recipient assigns the proceeds of this agreement, the Recipient must require, as a condition of any such assignment, that the assignee register in the SAM database and be paid by EFT in accordance with the terms of this clause. In all respects, the requirements of this clause will apply to the assignee as if it were the Recipient. EFT information that shows the ultimate recipient of the transfer to be other than the Recipient, in the absence of a proper assignment of claims acceptable to the Government, is incorrect EFT information within the meaning of paragraph d. of this clause.

i) Liability for change of EFT information by financial agent. The Government is not liable for errors resulting from changes to EFT information made by the Recipient's financial agent.

j) Payment information. The payment or disbursing office will forward to the Recipient available payment information that is suitable for transmission as of the date of release of the EFT instruction to the Federal Reserve System. The Government may request the Recipient to designate a desired format and method(s) for delivery of payment information from a list of formats and methods the payment office is capable of executing. However, the Government does not guarantee that any particular format or method of delivery is available at any particular payment office and retains the latitude to use the format and delivery method most convenient to the Government. If the Government makes payment by check in accordance with paragraph a. of this clause, the Government will mail the payment information to the remittance address contained in the SAM database.

Such costs are allowable only to the extent that they would have been allowable if incurred after the date of the Federal award, *and only with the written approval of the Agreement Officer or delegate.*

24. 811, Call Before You Dig Program (PHMSA June 2014)

Damage to pipelines during excavation is a leading cause of accidents resulting in serious injuries and fatalities, but these accidents are preventable, and you can help in preventing them.

There are five steps to safer digging:

1) Make a free call to 811 a few days before digging.

2) Wait the required time – which is prescribed in state law but generally two to three days.

3) Locate/mark the utilities accurately. (This step applies to underground facility/utility owners.)

4) Respect the marks.

5) Dig with care.

The Sub-recipient shall include the provisions of paragraphs (1) through (6) in every contract, including procurements of materials and leases of equipment, unless exempt by the Regulations, or directives issued pursuant thereto. The Sub-recipient shall take such action with respect to any contract or procurements as the State of Oregon or the Pipeline and Hazardous Materials Safety Administration may direct as a means of enforcing such provisions including sanctions for noncompliance; provided, however, that in the event a Sub-recipient becomes involved in, or is threatened with, litigation with a contract or supplier as a result of such direction, the Sub-recipient may request the State of Oregon to enter into such litigation to protect the interests of the State of Oregon, and in addition, the Sub-recipient may request the United States to enter into such litigation to protect the interest of the United States.

EXHIBIT E

SUBCONTRACTOR INSURANCE REQUIREMENTS.

General.

Sub-recipient shall require its first tier contractor(s) that are not units of local government as defined in ORS 190.003, if any, to: i) obtain insurance specified under TYPES AND AMOUNTS and meeting the requirements under ADDITIONAL INSURED, "TAIL" COVERAGE, NOTICE OF CANCELLATION OR CHANGE, and CERTIFICATES OF INSURANCE before the contractors perform under contracts between Sub-recipient and the contractors (the "Subcontracts"), and ii) maintain the insurance in full force throughout the duration of the Subcontracts. The insurance must be provided by insurance companies or entities that are authorized to transact the business of insurance and issue coverage in the State of Oregon and that are acceptable to Agency. Sub-recipient shall not authorize contractors to begin work under the Subcontracts until the insurance is in full force. Thereafter, Sub-recipient shall monitor continued compliance with the insurance requirements on an annual or more frequent basis. Sub-recipient shall incorporate appropriate provisions in the Subcontracts permitting it to enforce contractor compliance with the insurance requirements and shall take all reasonable steps to enforce such compliance. Examples of "reasonable steps" include issuing stop work orders (or the equivalent) until the insurance is in full force or terminating the Subcontracts as permitted by the Subcontracts, or pursuing legal action to enforce the insurance requirements. In no event shall Sub-recipient permit a contractor to work under a Subcontract when Sub-recipient is aware that the contractor is not in compliance with the insurance requirements. As used in this section, a “first tier” contractor is a contractor with which Sub-recipient directly enters into a contract. It does not include a subcontractor with which the contractor enters into a contract.

Contractor shall require and ensure that each of its subcontractors complies with these requirements. If Contractor is a subject employer, as defined in ORS 656.023, Contractor shall also obtain employers' liability insurance coverage with limits not less than $500,000 each accident. If contractor is an employer subject to any other state’s workers’ compensation law, Contactor shall provide workers’ compensation insurance coverage for its employees as required by applicable workers’ compensation laws including employers’ liability insurance coverage with limits not less than $500,000 and shall require and ensure that each of its out-of-state subcontractors complies with these requirements.

Notwithstanding the foregoing 24-month requirement, if the contractor elects to maintain "tail" coverage and if the maximum time period "tail" coverage reasonably available in the marketplace is less than the 24-month period described above, then the contractor may request and Agency may grant approval of the maximum "tail " coverage period reasonably available in the marketplace. If Agency approval is granted, the contractor shall maintain "tail" coverage for the maximum time period that "tail" coverage is reasonably available in the marketplace.

15. **SEVERABILITY.** If any term or provision of this Contract is declared by a court of competent jurisdiction to be illegal or in conflict with any law, the validity of the remaining terms and provisions shall not be affected, and the rights and obligations of the parties shall be construed and enforced as if the Contract did not contain the particular term or provision held to be invalid.

If this Contract is terminated for any other reason, Contractor's sole remedy is payment for the goods and services delivered and accepted by the County, less any setoff to which the County is entitled.

21. **NO THIRD PARTY BENEFICIARIES.** County and Contractor are the only parties to this Contract and are the only parties entitled to enforce its terms. Nothing in this Contract gives, is intended to give, or shall be construed to give or provide any benefit or right, whether directly, indirectly or otherwise, to third persons unless such third persons are individually identified by name herein and expressly described as intended beneficiaries of the terms of this Contract.

22. **TIME IS OF THE ESSENCE.** Contractor agrees that time is of the essence in the performance this Contract.

23. **FOREIGN CONTRACTOR.** If the Contractor is not domiciled in or registered to do business in the State of Oregon, Contractor shall promptly provide to the Oregon Department of Revenue and the Secretary of State, Corporate Division, all information required by those agencies relative to this Contract. The Contractor shall demonstrate its legal capacity to perform these services in the State of Oregon prior to entering into this Contract.

24. **FORCE MAJEURE.** Neither County nor Contractor shall be held responsible for delay or default caused by events outside the County or Contractor's reasonable control including, but not limited to, fire, terrorism, riot, acts of God, or war. However, Contractor shall make all reasonable efforts to remove or eliminate such a cause of delay or default and shall upon the cessation of the cause, diligently pursue performance of its obligations under this Contract.

25. **WAIVER.** The failure of County to enforce any provision of this Contract shall not constitute a waiver by County of that or any other provision.

26. **PUBLIC CONTRACTING REQUIREMENTS.** Pursuant to the public contracting requirements contained in Oregon Revised Statutes ("ORS") Chapter 279B.220 through 279B.235, Contractor shall:
    a. Make payments promptly, as due, to all persons supplying to Contractor labor or materials for the prosecution of the work provided for in the Contract.
    b. Pay all contributions or amounts due the Industrial Accident Fund from such Contractor or subcontractor incurred in the performance of the Contract.
    c. Not permit any lien or claim to be filed or prosecuted against County on account of any labor or material furnished.
    d. Pay the Department of Revenue all sums withheld from employees pursuant to ORS 316.167.
    e. If Contractor fails, neglects or refuses to make prompt payment of any claim for labor or services furnished to Contractor or a subcontractor by any person in connection with the Contract as such claim becomes due, the proper officer representing Clackamas County may pay such claim to the person furnishing the labor or services and charge the amount of the payment against funds due or to become due Contractor by reason of the Contract.
    f. As applicable, the Contractor shall pay employees for work in accordance with ORS 279B.235, which is incorporated herein by this reference. The Contractor shall comply with the prohibitions set forth in ORS 652.220, compliance of which is a material element of this Contract, and failure to comply is a breach entitling County to terminate this Contract for cause.
    g. If the Work involves lawn and landscape maintenance, Contractor shall salvage, recycle, compost, or mulch yard waste material at an approved site, if feasible and cost effective.

27. **CONFIDENTIALITY.** Contractor acknowledges that it and its employees and agents may, in the course of performing their obligations under this Contract, be exposed to or acquire information that the County desires or is required to maintain as confidential. Any and all information of any form obtained by Contractor or its employees or agents in the performance of this Contract, including but not limited to Personal Information (as "Personal Information" is defined in ORS 646A.602(11), shall be deemed to be confidential information of the County ("Confidential Information"). Any reports or other documents or items (including software) which result from the use of the Confidential Information by Contractor shall be treated with respect to confidentiality in the same manner as the Confidential Information.

    Contractor agrees to hold Confidential Information in strict confidence, using at least the same degree of care that Contractor uses in maintaining the confidentiality of its own confidential information, and not to copy, reproduce, sell, assign, license, market, transfer or otherwise dispose of, give or disclose

Confidential Information to third parties or use Confidential Information for any purposes whatsoever (other than in the performance of this Contract), and to advise each of its employees and agents of their obligations to keep Confidential Information confidential.

Contractor agrees that, except as directed by the County, Contractor will not at any time during or after the term of this Contract, disclose, directly or indirectly, any Confidential Information to any person, and that upon termination or expiration of this Contract or the County's request, Contractor will turn over to the County all documents, papers, records and other materials in Contractor's possession which embody Confidential Information. Contractor acknowledges that breach of this Contract, including disclosure of any Confidential Information, or disclosure of other information that, at law or in good conscience or equity, ought to remain confidential, will give rise to irreparable injury to the County that cannot adequately be compensated in damages. Accordingly, the County may seek and obtain injunctive relief against the breach or threatened breach of the foregoing undertakings, in addition to any other legal remedies that may be available. Contractor acknowledges and agrees that the covenants contained herein are necessary for the protection of the legitimate business interests of the County and are reasonable in scope and content.

Contractor agrees to comply with all reasonable requests by the County to ensure the confidentiality and nondisclosure of the Confidential Information, including if requested and without limitation: (a) obtaining nondisclosure agreements, in a form approved by the County, from each of Contractor's employees and agents who are performing services, and providing copies of such agreements to the County; and (b) performing criminal background checks on each of Contractor's employees and agents who are performing services, and providing a copy of the results to the County.

Contractor shall report, either orally or in writing, to the County any use or disclosure of Confidential Information not authorized by this Contract or in writing by the County, including any reasonable belief that an unauthorized individual has accessed Confidential Information. Contractor shall make the report to the County immediately upon discovery of the unauthorized disclosure, but in no event more than two (2) business days after Contractor reasonably believes there has been such unauthorized use or disclosure. Contractor's report shall identify: (i) the nature of the unauthorized use or disclosure, (ii) the Confidential Information used or disclosed, (iii) who made the unauthorized use or received the unauthorized disclosure, (iv) what Contractor has done or shall do to mitigate any deleterious effect of the unauthorized use or disclosure, and (v) what corrective action Contractor has taken or shall take to prevent future similar unauthorized use or disclosure. Contractor shall provide such other information, including a written report, as reasonably requested by the County.

Notwithstanding any other provision in this Contract, Contractor will be responsible for all damages, fines and corrective action (including credit monitoring services) arising from disclosure of such Confidential Information caused by a breach of its data security or the confidentiality provisions hereunder.

The provisions in this Section shall operate in addition to, and not as limitation of, the confidentiality and similar requirements set forth in the rest of the Contract, as it may otherwise be amended. Contractor's obligations under this Contract shall survive the expiration or termination of the Contract, as amended, and shall be perpetual.

28. KEY PERSONS. Contractor acknowledges and agrees that a significant reason the County is entering into this Contract is because of the special qualifications of certain Key Persons set forth in the contract. Under this Contract, the County is engaging the expertise, experience, judgment, and personal attention of such Key Persons. Neither Contractor nor any of the Key Persons shall delegate performance of the management powers and responsibilities each such Key Person is required to provide under this Contract to any other employee or agent of the Contractor unless the County provides prior written consent to such delegation. Contractor shall not reassign or transfer a Key

Person to other duties or positions such that the Key Person is no longer available to provide the County with such Key Person's services unless the County provides prior written consent to such reassignment or transfer.

29. **MERGER.** THIS CONTRACT CONSTITUTES THE ENTIRE AGREEMENT BETWEEN THE PARTIES WITH RESPECT TO THE SUBJECT MATTER REFERENCED THEREIN. THERE ARE NO UNDERSTANDINGS, AGREEMENTS, OR REPRESENTATIONS, ORAL OR WRITTEN, NOT SPECIFIED HEREIN REGARDING THIS CONTRACT. NO AMENDMENT, CONSENT, OR WAIVER OF TERMS OF THIS CONTRACT SHALL BIND EITHER PARTY UNLESS IN WRITING AND SIGNED BY ALL PARTIES. ANY SUCH AMENDMENT, CONSENT, OR WAIVER SHALL BE EFFECTIVE ONLY IN THE SPECIFIC INSTANCE AND FOR THE SPECIFIC PURPOSE GIVEN. CONTRACTOR, BY THE SIGNATURE HERETO OF ITS AUTHORIZED REPRESENTATIVE, IS AN INDEPENDENT CONTRACTOR, ACKNOWLEDGES HAVING READ AND UNDERSTOOD THIS CONTRACT, AND CONTRACTOR AGREES TO BE BOUND BY ITS TERMS AND CONDITIONS.

30. **FURTHER ASSURANCES**. Contractor agrees to take all necessary steps, and execute and deliver any and all necessary written instruments, to perform under this Contract including, but not limited to, executing all additional documentation necessary for County to comply with applicable State or Federal funding requirements.

By their signatures below, the parties to this Contract agree to the terms, conditions, and content expressed herein.

BACKGROUND:
On July 29, 2019, Water Environment Services ("WES") received a "Notice of Annexation to the City of Milwaukie" that pertained to the Cereghino Farms Subdivision. Cereghino Farms Subdivision is a 55-lot subdivision project that was permitted, inspected and recently accepted by WES. Now that the subdivision has annexed into the City of Milwaukie ("City"), there must now be a transition of the public sanitary sewer collection system and stormwater infrastructure ownership, as well as the maintenance and service agreement provided to the subdivision from WES to the City.

WES worked with the City to develop intergovernmental agreements to transfer the easements and the maintenance agreement. The City approved both intergovernmental agreements on November 4, 2019 attached hereto as Exhibit A.

These agreements have been reviewed and approved by County Counsel.

RECOMMENDATION:
District staff respectfully recommends that the Board of County Commissioners of Clackamas County, acting as the governing body of Water Environment Services, approve the

Intergovernmental Agreements for an Assignment of Easements and Assignment and Assumption of Agreements with the City of Milwaukie.

Respectfully submitted,

Chris Storey, Assistant Director

3. Further Assurances

☒ the Storm Sewer System, bond amount $ 166,475.00, ____(initials)

The Project was approved by WES and a permit therefore issued, subject to certain conditions, stipulations, rules, regulations and provisions provided for in said permit, a copy of which is attached hereto and is hereby made a part of this bond ("Permit"), and specific reference is now made to all of the terms, provisions, specifications, rules and regulations and requirements set out, declared and provided for in said permit.

And, the said Principal agrees to maintain, repair, replace and be responsible for damage to the sanitary and/or storm sewer (as indicated above) for a period of not less than one year following the date the District accepted the system. At the end of the one year period, the Principal may petition WES for release of the bond; otherwise, the bond will remain in full force and effect. Upon notification from the District, the Principal shall complete corrective measures to the satisfaction of the District within thirty (30) days. The District may perform emergency work without notice to the Principal or Surety. All work performed by the District due to the nonperformance of the Principal or in response to an emergency shall be reimbursed to the District within thirty (30) days of invoice. If the Principal fails to reimburse the District in thirty (30) days the District may demand payment from the Surety.

If the Principal herein shall faithfully and truly comply with the terms, provisions, conditions, stipulations, rules, regulations and requirements of said Permit and shall in all respects, whether the same be enumerated herein or not, faithfully comply with the same, and shall indemnify and save harmless WES and Clackamas County, and their elected officials, officers, employees and agents, against any direct or indirect damages or claim of every kind and description that shall be suffered or claimed to be suffered in connection with or arising out of the performance of the terms of the Permit by the Principal or its subcontractors, and shall in all respects perform said Permit according to law, then this obligation is void; otherwise it shall remain in full force and effect.

The Surety, for value received, hereby stipulates and agrees that no change, extension of time, alteration or addition to the terms of the Permit or to the work to be performed thereunder shall in any way affect its obligations on this bond, and it does hereby waive notice of any such change, extension of time, alteration or addition to the terms of the Permit.
If WES determines that any of the above conditions have not been met, WES may require prompt payment under this bond at its sole and absolute discretion, which may be either a partial or the full portion of the Total Bond Sum. Surety shall have neither the duty nor right to evaluate or challenge the correctness or appropriateness of WES' demand(s) or underlying determination(s) and shall not interplead or in any manner delay payment of said funds to WES. Payment(s) shall be made within thirty (30) business days of receiving written demand for said funds. WES may make serial demands for portions of the Total Bond Sum. Nonpayment of the bond premium will not invalidate this bond nor shall WES be obligated for the payment of any premiums. WES may, at any time and in its sole discretion, assign its rights under this Warranty Bond, and the principal and surety herein shall execute and deliver to WES all such further instruments and documents as may be reasonably necessary to carry out this assignment.

DECLARATION AND MAINTENANCE AGREEMENT FOR ON SITE STORMWATER FACILITIES

THIS DECLARATION AND MAINTENANCE AGREEMENT FOR ON-SITE STORMWATER FACILITIES is made this 24th day of June, 2019, by and between WATER ENVIRONMENT SERVICES, an intergovernmental entity formed pursuant to ORS Chapter 190 ("WES"), and Cereghino Farms LLC ("Developer").

RECITALS: On or about July 1, 1993, WES was delegated the responsibility and authority to implement a comprehensive and integrated stormwater program to provide for water quality and quantity control arising from property development. The Board of County Commissioners, acting as governing body of WES, made a policy decision that stormwater systems could be owned privately by the landowner(s), by an entity representing landowners or, under certain circumstances, by WES. Developer has asked WES to consider accepting the on-site stormwater improvements for the development as part of the public stormwater system which would require facilities and rate setting studies, amendments to the existing Rules and Regulations, program manuals, and standard agreements. WES is willing to accept these program modifications and the parties agree, in consideration of the Developer executing this Agreement, to provide for the ownership of the on-site stormwater facilities. This Agreement will be recorded and binding upon Developer and Developer's heirs, successors, and assigns, shall run with the land as to each successive owner of any lot in the development served by this facility ("Owners"), and shall bind each such Owner with respect to its period of ownership. Therefore, the parties agree as follows:

1. Property. Developer is the owner of the property referred to in Clackamas County Case File No. Z0577-17-HBD, known as Cereghino Farms. A full description of the property subject to this Declaration is set forth on Exhibit 1, attached hereto and incorporated by reference (hereinafter the "property" or "development").

2. Plat Approval. In consideration of the execution by Developer of this Agreement and performance of Developer's obligations hereunder and reference on the plat that the property is subject to the terms of this Agreement and WES's Rules and Regulations, WES agrees to approve the plat as submitted by the Developer.

3. Ownership. In consideration of Developer's execution of this Agreement and compliance with its terms, WES hereby acknowledges that it shall assume ownership of the stormwater facilities described on Exhibit 2, attached hereto and incorporated by reference ("stormwater facilities" or "facilities").

Developer specifically agrees as follows:

a. To obtain WES approval of facility plans for the property;

b. To record this Agreement in the Clackamas County real property records so that it becomes a covenant running with the land and waiver of remonstrance to an assessment district, on-site maintenance fee, or other funding mechanism chosen by WES to collect fees or charges against the property for operation, maintenance, repair, and replacement of the stormwater facilities;

c. To design and construct the stormwater facilities with approved materials and good workmanship according to WES standards at the Developer's sole cost and expense;

d. To provide a statement of design and construction costs acceptable for use in WES's fixed asset accounting system;

e. To allow WES to inspect, at its own expense, the facility following completion of construction; any repairs or maintenance work shall be performed by the Developer as determined by WES following inspection; any repair or maintenance shall be subject only to those WES standards which were in place at the time the permit for construction of the facility was issued; and

f. To provide a maintenance bond in favor of WES and to follow the maintenance schedule established by WES set forth on Exhibit 2 for the first year following WES's Acceptance.

4. Maintenance Obligation. The Developer shall be obligated to operate, maintain, and repair the stormwater facilities for the first year. WES shall be obligated to operate, maintain, and repair the stormwater facilities after the first year and throughout its period of ownership of the facility. Operation and maintenance shall be performed according to WES's defined schedule that details tasks and time of performance, a copy of which is attached as Exhibit 2. The requirements of Exhibit 2 may be modified following WES inspection if as-built facilities differ from originally proposed facilities. Nothing in this Agreement shall obligate WES to any construction standards other than those which were in place at the time the permit for construction of the facility was issued.

5. Indemnity. Subject to the limitations established by the Oregon Tort Claims Act and the Oregon Constitution, each party hereto agrees to indemnify and hold harmless the other from any and all damages, claims, liability, and actions arising out of the negligence or activities of that party resulting in damage to or affecting the on-site stormwater facilities.

6. Guaranty. Developer and Developer's heirs, successors, and assigns hereby warrant the design and construction of the stormwater facilities as being free from defects for a period of one (1) year after the earlier of (i) final inspection and approval of the facilities by WES or (ii) the facilities first being put into operation, except for such work performed by WES on behalf of Developer as required in Section 4 above. Developer shall cause any defective work to be remedied for which WES gives written notice of warranty claim during such period.

7. Easements. Developer and Developer's heirs, successors and assigns hereby grants to WES an easement for it to effectively perform operation, maintenance, repair, and replacement of the stormwater facilities, as shown on the plat, if any.

8. Waiver of Remonstrance. Developer, and for Developer's heirs, successors, and assigns, hereby voluntarily consents to those charges and fees imposed by WES for operation, maintenance, repair, and replacement of the on-site surface water facilities, which will not exceed Three Dollars ($3.00) per month or until further WES action. This will be in addition to the base fee under WES's Rules and Regulations, which is presently Six Dollars and Ninety Five Cents ($6.95) per month per equivalent service unit as set by the Board of County Commissioners. Developer, and for Developer's heirs, successors, and assigns, further consents to the formation of an assessment district if WES determines that is the best method of charging for these services, and waives any right of remonstrance against the formation thereof. WES agrees to provide Developer with forty-five (45) days advance written notice of WES's desire to create such an assessment district. The undersigned hereby acknowledges that this Agreement is voluntarily executed for the purpose of inducing WES to accept ownership of the on-site facilities.

9. Breach/Termination. If either party breaches any term of this Agreement, then the non-defaulting party may upon ten (10) days prior written notice, give notice of such default. If such default is not cured within thirty (30) days following such notice, or if not reasonably susceptible to cure within such time, cure is not commenced within such time and thereafter diligently prosecuted to completion, then the non-defaulting party may declare this Agreement at an end or pursue any other remedy available including injunctive relief. In the event of a Developer default under this Agreement not cured within the foregoing period, then WES may record a document terminating this Agreement, and WES shall have no further obligation therefor.

10. Disputes. The parties agree that all disputes may be resolved through mediation, and if such mediation is not successful, then through arbitration by an arbitrator appointed by the Presiding Judge of the Circuit Court of Clackamas County, Oregon pursuant to ORS Chapter 36.

11. Notices. Any notice required hereunder shall be sufficient if deposited in the United States Mail, postage prepaid, addressed to the following:

WES:	Developer:
Water Environment Services	.. Cereghino Farms
Attn: Director	.. PO Box 2559
150 Beavercreek Rd. Suite 430	.. Oregon City, OR 97045

12. Representation. The undersigned represent (s) to WES that he/she/they is/are the owner (s) of the property and have full authority to execute this document and bind all owners and the property.

13. Assignment. The Developer shall not assign this Agreement, in whole or in part, or any right or obligation hereunder, without the prior written approval of WES, which may be granted or withheld in its sole and absolute discretion. WES may assign this Agreement at any time which will be considered effective upon assignment with no further approval required by Developer.

12. **OWNERSHIP OF WORK PRODUCT.** All work product of Contractor that results from this Contract (the "Work Product") is the exclusive property of District. District and Contractor intend that such Work Product be deemed "work made for hire" of which District shall be deemed the author. If for any reason the Work Product is not deemed "work made for hire," Contractor hereby irrevocably assigns to District all of its right, title, and interest in and to any and all of the Work Product, whether arising from copyright, patent, trademark or trade secret, or any other state or federal intellectual property law or doctrine. Contractor shall execute such further documents and instruments as District may reasonably request in order to fully vest such rights in District. Contractor forever waives any and all rights relating to the Work Product, including without limitation, any and all rights arising under 17 USC § 106A or any other rights of identification of authorship or rights of approval, restriction or limitation on use or subsequent modifications. Notwithstanding the above, District shall have no rights in any pre-existing Contractor intellectual property provided to District by Contractor in the performance of this Contract except to copy, use and re-use any such Contractor intellectual property for District use only.

13. **REPRESENTATIONS AND WARRANTIES.** Contractor represents and warrants to District that (A) Contractor has the power and authority to enter into and perform this Contract; (B) this Contract, when executed and delivered, shall be a valid and binding obligation of Contractor enforceable in accordance with its terms; (C) Contractor shall at all times during the term of this Contract, be qualified, professionally competent, and duly licensed to perform the Work; (D) Contractor is an independent contractor as defined in ORS 670.600; and (E) the Work under this Contract shall be performed in a good and workmanlike manner and in accordance with the highest professional standards. The warranties set forth in this section are in addition to, and not in lieu of, any other warranties provided.

14. **SURVIVAL.** All rights and obligations shall cease upon termination or expiration of this Contract, except for the rights and obligations set forth in Article II, Sections 1, 6, 7, 11, 13, 14, 16, 21 and 27, and all other rights and obligations which by their context are intended to survive. However, such expiration shall not extinguish or prejudice the District's right to enforce this Contract with respect to: (a) any breach of a Contractor warranty; or (b) any default or defect in Contractor performance that has not been cured.

15. **SEVERABILITY.** If any term or provision of this Contract is declared by a court of competent jurisdiction to be illegal or in conflict with any law, the validity of the remaining terms and provisions shall not be affected, and the rights and obligations of the parties shall be construed and enforced as if the Contract did not contain the particular term or provision held to be invalid.

16. **SUBCONTRACTS AND ASSIGNMENTS.** Contractor shall not enter into any subcontracts for any of the Work required by this Contract, or assign or transfer any of its interest in this Contract by operation of law or otherwise, without obtaining prior written approval from the District, which shall be granted or denied in the District's sole discretion. In addition to any provisions the District may require, Contractor shall include in any permitted subcontract under this Contract a requirement that the subcontractor be bound by this Article II, Sections 1, 7, 8, 13, 16, and 27 as if the subcontractor were the Contractor. District's consent to any subcontract shall not relieve Contractor of any of its duties or obligations under this Contract.

Any violation of this section shall constitute a material breach of this Contract and shall entitle District to terminate this Contract, to pursue and recover any and all damages that arise from the breach and the termination of this Contract, and to pursue any or all of the remedies available under this Contract or applicable law.

19. **TERMINATIONS.** This Contract may be terminated for the following reasons: (A) by mutual agreement of the parties or by the District (i) for convenience upon thirty (30) days written notice to Contractor, or (ii) at any time the District fails to receive funding, appropriations, or other expenditure authority as solely determined by the District; or (B) if contractor breaches any Contract provision or is declared insolvent, District may terminate after thirty (30) days written notice with an opportunity to cure.

    Upon receipt of written notice of termination from the District, Contractor shall immediately stop performance of the Work. Upon termination of this Contract, Contractor shall deliver to District all documents, Work Product, information, works-in-progress and other property that are or would be deliverables had the Contract Work been completed. 20. **REMEDIES.** If terminated by the District due to a breach by the Contractor, then the District shall have any remedy available to it in law or equity. 24. **FORCE MAJEURE.** Neither District nor Contractor shall be held responsible for delay or default caused by events outside the District or Contractor's reasonable control including, but not limited to, fire, terrorism, riot, acts of God, or war. However, Contractor shall make all reasonable efforts to remove or eliminate such a cause of delay or default and shall upon the cessation of the cause, diligently pursue performance of its obligations under this Contract.

25. **WAIVER.** The failure of District to enforce any provision of this Contract shall not constitute a waiver by District of that or any other provision.

26. **PUBLIC CONTRACTING REQUIREMENTS.** Pursuant to the public contracting requirements contained in Oregon Revised Statutes ("ORS") Chapter 279B.220 through 279B.235, Contractor shall:
    a. Make payments promptly, as due, to all persons supplying to Contractor labor or materials for the prosecution of the work provided for in the Contract.

27. **NO ATTORNEY FEES**. In the event any arbitration, action or proceeding, including any bankruptcy proceeding, is instituted to enforce any term of this Contract, each party shall be responsible for its own attorneys' fees and expenses.

28. **CONFIDENTIALITY.** Contractor acknowledges that it and its employees and agents may, in the course of performing their obligations under this Contract, be exposed to or acquire information that the District desires or is required to maintain as confidential. Any and all information of any form obtained by Contractor or its employees or agents in the performance of this Contract, including but not limited to Personal Information (as "Personal Information" is defined in ORS 646A.602(11), shall be deemed to be confidential information of the District ("Confidential Information"). Any reports or other documents or items (including software) which result from the use of the Confidential Information by Contractor shall be treated with respect to confidentiality in the same manner as the Confidential Information.

    Contractor agrees to hold Confidential Information in strict confidence, using at least the same degree of care that Contractor uses in maintaining the confidentiality of its own confidential information, and

not to copy, reproduce, sell, assign, license, market, transfer or otherwise dispose of, give or disclose Confidential Information to third parties or use Confidential Information for any purposes whatsoever (other than in the performance of this Contract), and to advise each of its employees and agents of their obligations to keep Confidential Information confidential.

Contractor agrees that, except as directed by the District, Contractor will not at any time during or after the term of this Contract, disclose, directly or indirectly, any Confidential Information to any person, and that upon termination or expiration of this Contract or the District's request, Contractor will turn over to the District all documents, papers, records and other materials in Contractor's possession which embody Confidential Information. Contractor acknowledges that breach of this Contract, including disclosure of any Confidential Information, or disclosure of other information that, at law or in good conscience or equity, ought to remain confidential, will give rise to irreparable injury to the District that cannot adequately be compensated in damages. Accordingly, the District may seek and obtain injunctive relief against the breach or threatened breach of the foregoing undertakings, in addition to any other legal remedies that may be available. Contractor acknowledges and agrees that the covenants contained herein are necessary for the protection of the legitimate business interests of the District and are reasonable in scope and content.

Contractor agrees to comply with all reasonable requests by the District to ensure the confidentiality and nondisclosure of the Confidential Information, including if requested and without limitation: (a) obtaining nondisclosure agreements, in a form approved by the District, from each of Contractor's employees and agents who are performing services, and providing copies of such agreements to the District; and (b) performing criminal background checks on each of Contractor's employees and agents who are performing services, and providing a copy of the results to the District.

Contractor shall report, either orally or in writing, to the District any use or disclosure of Confidential Information not authorized by this Contract or in writing by the District, including any reasonable belief that an unauthorized individual has accessed Confidential Information. Contractor shall make the report to the District immediately upon discovery of the unauthorized disclosure, but in no event more than two (2) business days after Contractor reasonably believes there has been such unauthorized use or disclosure. Contractor's report shall identify: (i) the nature of the unauthorized use or disclosure, (ii) the Confidential Information used or disclosed, (iii) who made the unauthorized use or received the unauthorized disclosure, (iv) what Contractor has done or shall do to mitigate any deleterious effect of the unauthorized use or disclosure, and (v) what corrective action Contractor has taken or shall take to prevent future similar unauthorized use or disclosure. Contractor shall provide such other information, including a written report, as reasonably requested by the District.

Notwithstanding any other provision in this Contract, Contractor will be responsible for all damages, fines and corrective action (including credit monitoring services) arising from disclosure of such Confidential Information caused by a breach of its data security or the confidentiality provisions hereunder.

The provisions in this Section shall operate in addition to, and not as limitation of, the confidentiality and similar requirements set forth in the rest of the Contract, as it may otherwise be amended. Contractor's obligations under this Contract shall survive the expiration or termination of the Contract, as amended, and shall be perpetual.

Contractor acknowledges and agrees that a significant reason the District is entering into this Contract is because of the special qualifications of certain Key Persons set forth in the contract. Under this Contract, the District is engaging the expertise, experience, judgment, and personal attention of such Key Persons. Neither Contractor nor any of the Key Persons shall delegate performance of the management powers and responsibilities each such Key Person is required to provide under this Contract to any other employee or agent of the Contractor unless the District

provides prior written consent to such delegation. Contractor shall not reassign or transfer a Key Person to other duties or positions such that the Key Person is no longer available to provide the District with such Key Person's services unless the District provides prior written consent to such reassignment or transfer.
