

## **SECTION 7 – ENFORCEMENT**

### **7.1 VIOLATIONS AND CIVIL PENALTIES**

#### **7.1.1 Violation of the Stormwater Standards and Rules and Regulations**

As specified in the Clackamas County Service District No.1 Rules and Regulations for Sanitary Sewer and Surface Water Management, the District may impose civil penalties, including, but not limited to, stop work orders, fines, modification or revocation of permit and/or cessation of services, or seek an injunction or other relief provided by law when any user or person violates any condition or provision of this ordinance or any rule adopted thereto or any final order entered with respect thereto as well as violation of Federal or State statutes, regulations or administrative rules.

### **7.2 PROCEDURE FOR ENFORCEMENT**

#### **7.2.1 Entry, Inspection, and Sampling**

As specified in Section 6 of the Clackamas County Service District No.1 Rules and Regulations for Sanitary Sewer and Surface Water Management, authorized District representatives may inspect the property and facilities of any person to determine compliance with the requirements of these Standards and the District Rules and Regulations.

#### **7.2.2 Erosion Control Violations**

In addition to civil penalties described in the Clackamas County Service District No.1 Rules and Regulations for Sanitary Sewer and Surface Water Management, erosion control violations will be enforced by on-site control activities to mitigate existing violations and prevent future violations to the greatest extent possible. Initial violations will result in a written description of requirements for repair of the problem and a 24-hour time period for compliance or a specified time for compliance as included in the Deficiency Notice. If the repair is not performed, or violations continue, the inspector will issue a Stop Work Order on the project, which will remain in effect until the violation is repaired to the requirements stated in these Standards. If the violation is not remedied or the person fails to commence diligently remedying the violation within 24 hours, the District may enter upon the property to abate the violation. Notwithstanding anything herein to the contrary, if the District reasonably believes the violation constitutes an emergency or other circumstance requiring immediate action, the District may take reasonable and necessary remedial action with or without notice to the owner as deemed appropriate by the District considering the circumstance. Any costs incurred by the District to remedy a violation shall be paid by the owner. If the required repairs are not completed within the specified time frame or if violations continue that require additional site visits, additional daily charges may be assessed to the owner of the property.
