

Letter of Promulgation

To all Recipients:

Promulgated herewith is the Emergency Operations Plan for Clackamas County. This plan provides a framework within which the County can plan and perform its emergency functions during a disaster or national emergency.

This Emergency Operations Plan is a component of the County's comprehensive approach to emergency management that ensures that the County is prepared to prevent, protect against, mitigate the effects of, respond to, and recover from the hazards and threats that pose the greatest risk to the County.

Focused on response and short-term recovery activities, this Emergency Operations Plan provides a framework for how the County will conduct emergency operations. The plan identifies key roles and responsibilities, defines the primary and support roles of County agencies and departments, outlines the steps for coordinating with response partners, and establishes a system for incident management. The outlined framework is consistent with the Standardized Emergency Management System and the National Incident Management System.

This plan has been reviewed by the Clackamas County Disaster Management Director and approved by the Board of County Commissioners. This Promulgation will end March 31, 2022 at which time an updated plan will be promulgated by the Board of County Commissioners. The extension of this plan is due to an unprecedented year of disaster declarations and the need to incorporate lessons learned from all sectors.

All recipients are requested to advise the Clackamas County Disaster Management Director of any changes that might result in its improvement or increase its usefulness. Plan changes will be transmitted to all addressees on the distribution list.
