**EXECUTIVE SUMMARY:** Each fiscal year it may become necessary to reduce allocations, allocate additional sources of revenue, transfer budgeted appropriations, and appropriate additional expenditures to more accurately meet the changing requirements of the North Clackamas Parks and Recreation District. The attached resolution reflects such changes requested in keeping with a legally accurate budget. These changes are in compliance with Oregon Budget Law ORS 294.433 – ORS 294.481, which allows for governing body approval of supplemental budget changes under qualified circumstances. The required notice has been published.

The effect of this resolution is a net increase of \$14,000 in appropriations and a transfer in appropriations of \$37,000. The NCPRD General Fund is reducing Contingency and adding spending authority to the Nutrition program. The Nutrition program is realigning costs based on actual expenditures, which are expected to exceed budgeted appropriations due to rising food costs, increased patrons at the Milwaukie Community Center, participants in the Meals on Wheels Program, and the 2023 wage reopener lump-sum payment to staff. The NCPRD System Development Charge (SDC) Funds are increasing revenue and expenditures because interest and investment fees have come in higher than expected.

**RECOMMENDATION:** Staff respectfully recommends adoption of the attached Resolution Order in keeping with a legally accurate budget.

Respectfully submitted,

Kia Selley, NCPRD Director
