Wood Moisture Content Notification

(Required prior to the installation of interior finishes)

Permit #:_____ Project Address: _____

In accordance with ORSC Section R318.2:

I, as the general contractor or owner-builder, hereby notify the building official that all moisture-sensitive wood framing members for the building constructed under the permit identified above have a moisture content of not more than 19 percent of the weight of dry wood framing members.

Name: _____ Title: _____

Signature: _____ Date: _____

High-Efficacy Lighting Notification

(Required at final inspection)

Permit #:_____ Project Address: _____

In accordance with ORSC Sections N1107.2 and N1107.3:

I hereby notify the building official that all permanently installed lighting fixtures (except up to two located at the interior, and up to two located at the exterior, when controlled by a dimmer or automatic control) for the building constructed under the permit identified above are high efficiency light sources (such as compact fluorescent, T-8 or smaller linear fluorescent, LED, fixture-integrated devices, other lamps with a min. efficacy of 65 lumens/watt, or luminaires with a min. efficacy of 45 lumens/watt).

Name: _____ Title: _____

Signature: _____ Date: _____
