

Wood Moisture Content Notification
(Required prior to the installation of interior finishes)

Permit #: _____ Project Address: _____

In accordance with ORSC Section R318.2:

I, as the general contractor or owner-builder, hereby notify the building official that all moisture-sensitive wood framing members for the building constructed under the permit identified above have a moisture content of not more than 19 percent of the weight of dry wood framing members.

Name: _____ Title: _____

Signature: _____ Date: _____

High-Efficiency Lighting Notification
(Required at final inspection)

Permit #: _____ Project Address: _____

In accordance with ORSC Sections N1107.2 and N1107.3:

I hereby notify the building official that all permanently installed lighting fixtures (except up to two located at the interior, and up to two located at the exterior) for the building constructed under the permit identified above contain high-efficacy lamps (such as screw-in compact fluorescent and/or LED lamps).
