PROPOSAL

Brief description of proposal: Construction of 14" X 18" outdoor open air accessory structure	Pre-application conference file number:
--	---

SITE INFORMATION

Site address: 18131 S Fischers Mill Rd. Oregon City, OR 97045	Comprehensive Plan designation:	Zoning district:
Map and tax lot #: Township: T3S Range: R3E Section: 06B Tax Lot: 01100 Township: Range: Section: Tax Lot: Township: Range: Section: Tax Lot:	Land area:	
Adjacent properties under same ownership: Township: T3S Range: R3E Section: 06B Tax Lot: 01300 Township: Range: Section: Tax Lot:		

Printed names of all property owners: Redland Grange #796	Signatures of all property owners: EXECUTIVE COMMITTEE REPRESENTATIVE <i>Sandra L. Foley</i>	Date(s): 3-21-21
I hereby certify that the statements contained herein, along with the evidence submitted, are in all respects true and correct to the best of my knowledge. Applicant signature: <i>Timothy E. Foley</i>		Date: 3-21-21

D. Describe the proposal:

1. What Historic Landmark, Historic District, or Historic Corridor is being proposed for alteration, new construction, moving and/or demolition?

Name and description of historic property:

REDLAND GRANGE #796
18131 S. FISHERS MILL RD.
OREGON CITY, OR 97045

HISTORIC REDLAND GRANGE #796 IN REDLAND, OREGON

2. Describe all of the proposed alterations of, and/or development on, the subject historic property:

CONSTRUCTION OF 14'X18' ACCESSORY BUILDING WITH CONCRETE PAD FOUNDATION AND SMALL CONCRETE WALKWAY ADJOINING CURRENT WALKWAY TO CREATE A SMOOTH TRANSITION FROM MAIN GRANGE HALL. ACCESSORY BUILDING WILL BE SIDED WITH T111 AND PAINTED WHITE (SAME AS HALL) TO FALL WITHIN ACCEPTABLE HISTORICAL COLOR PARAMETERS. THE ROOF WILL BE A BLUE METAL ROOF.

3. Check the box next to the type(s) of alterations/development proposed, and complete the associated additional section(s) of this application that follow.

- ☐ **Minor alteration:** This is an alteration to restore portions of the exterior to the *original historic appearance* while performing repairs. Examples include: adding gutters and downspouts; repairing or providing a compatible new foundation that does not result in raising or lowering the building elevation; a change in material to match the original type of material on a structure or grounds; a change in type of roof material in character with the original roofing material; and replacing storm windows or doors.
(No additional questions to answer)
- ☐ **Major alteration:** This is an alteration that exceeds the scope of a minor alteration but does not include the development of a new structure.
(Answer additional questions in Part E on Page 6)
- ☒ **New construction:** This is the development of any *new structure* on a lot with a historic designation or in a Historic District or Historic Corridor, including construction of a new detached garage, barn, shed, or other accessory building.
(Answer additional questions in Part F on Page 11)
- ☐ **Moving:** This is the relocation of a primary, secondary, or contributing structure within a Historic District or Historic Corridor, or of a structure designated as, or contributing to, a Historic Landmark.
(Answer additional questions in Part G on Page 13)
- ☐ **Demolition:** This is the demolition of a primary, secondary, or contributing structure within a Historic District or Historic Corridor, or of a structure designated as, or contributing to, a Historic Landmark.
(Answer additional questions in Part H on Page 16)

F. For new construction:

If you are proposing new construction on a property with a Historic Landmark designation, in a Historic District, or in a Historic Corridor, accurately answer the following questions in the spaces provided. Attach additional pages, if necessary.

1. How is the design of the proposed structure compatible with the design of the Historic Landmark building(s) on the subject site, or in the subject Historic District or Historic Corridor, considering scale, style, height, and architectural detail, materials, and colors?

The construction of the accessory building will be an appropriate size to the main Grange building, it will be painted white to match the current main Grange building color as an approved historic site color and will have a blue metal roof.

2. How is the location and orientation of the new structure on the site consistent with the typical location and orientation of similar structures on the site or within the subject Historic District or Historic Corridor, considering setbacks, distances between structures, location of entrances, and similar siting considerations?

Besides the main Grange building, the accessory building is to be the only other structure on site. It will be a minimum of 10 feet from the main hall with a concrete walkway allowing easy access as well as wheel chair access from the main hall.

3. Does your proposal include changes to yard areas, including planters, fences, ponds, walkways, and landscape materials?

☐ NO

- ☒ YES, but those changes, which are described in the box below, will be compatible with the overall historic setting for the following reasons:

A small concrete walkway to abut the existing walkway allowing a smooth transition and easy access.

4. Explain how the new structure will be used and, if for a commercial use, how that use will be of a scale appropriate to serve properties surrounding the historic overlay:

The new structure will serve as a possible smoking area for renters of the hall. During our farmers market it will serve as a vendor space. During the Holidays it serves as a drop area for donations.
