

EDC Workplans 2011-2017

2011

The EDC focused its efforts on the following four areas in order to provide the BCC a list of recommendations from the business perspective:

- Clackamas Industrial Area
- Government Camp
- McLoughlin Corridor
- Clackamas County Agriculture Investment Strategy

2012

The EDC focused on service based topics for their committee work.

- Exporting Goods and Services
- Infrastructure Financing
- Permitting Process Assessment

2013

The EDC focused on Employment Lands, Transportation, and Key Industries

- Connecting Transportation and Employment Lands
- Growing Traded-Sector Industries

2014

The EDC studied the employment land inventory, successful key employment areas, and identified opportunities for sites that could be brought into the employment land inventory for the future.

Optimal sites will have potential within areas of successful key industries.

The EDC formed two committees:

- Focus on land and infrastructure Outside the UGB
- Focus on land and infrastructure Inside the UGB

2015

The EDC focused on outreach to existing Clackamas County Businesses within the Key Industries

- Committee #1: Advanced Metals & Manufacturing, High Tech, Health Care
- Committee #2: Software and Media Production, Professional Business Services
- Committee #3: Trucking & Distribution, Wholesale Trade, Wood Products Manufacturing
- Committee #4: Agriculture, Food Production, Nurseries & Greenhouses, Food & Beverage

2016

The EDC studied New Technologies and how they are benefitting and adding new opportunities for industries.

- Committee #1
New Technologies: Joint Replacements, 3D Printing, Manufacturing Securities
Organizations: Manufacturing 21, Pacific Northwest Defense Coalition (PNDC)
Clusters supported: *Advanced Manufacturing - Metals & Machinery, Advance Technology-Hi Tech*
- Committee #2
New Technologies: Cross Laminated Timber (CLT)
Organizations: Pacific Northwest Manufacturing Partnership (PNMP),
American Forest Resource Council
Clusters Supported: *Wood Products Manufacturing*
- Committee #3
New Technologies: Hololens – Augmented and Virtual Reality
Organizations: Technology Association of Oregon (TAO), Oregon Storyboard
Oregon Games Organization (OGO)
Clusters supported: *Software and Media Production, Business and Professional Services*
- Committee #4
New Technologies: Food Safety and Security, Technology
Organizations: Northwest Food Processors, Oregon Nursery Association
Clusters Supported: *Agriculture & Food Production, Food & Beverage, Nurseries & Greenhouses*

2017

The EDC considered many issues as a group rather than breaking out into committees.

Topics discussed included:

- Economic Outlook
- Housing
- Workforce
- Transportation Funding
- International Trade
- Brownfields
- McLoughlin Corridor
- North Milwaukie Industrial Area
- Cross Laminated Timber
- Willamette Falls Legacy Project
- Solid Waste Capacity Issues
