

School Waste Reduction Grant Application: Reusable dishware and utensils

School:

Application date:

Describe your school's proposed project in a few sentences:

School's street address:

School district:

Applicant's name:

Applicant's email address:

School principal's name:

Principal's email address:

Applications are due by April 30 to ensure project completion by the end of the school year.

Has your school received a grant from Clackamas County within the past 2 years? _____

If not, include a completed [W-9 form](#) for your school along with your application.

Reusable dishware & utensils grant

Washable trays, plates, and utensils significantly reduce the amount of waste produced in the school lunch program.

What kind of reusable item(s) do you plan to buy?

What disposable items will the reusable items replace?

Approximately how many of these disposable items does your school use each day?

How much does each disposable item cost?

Using the numbers above, what is your expected cost savings per year with reusables?

When do you plan to purchase the items and put them into use?

Please itemize the requested products and services. Include suppliers' names, addresses, and phone numbers. **Grants are available for amounts up to \$500.** You may request more than \$500 if your project will cost more; however, we may not be able to satisfy the total amount requested.

Item	Supplier	Website or Phone #	Quantity	Cost

Whom should the check be made out to? (Include mailing address)

Total: \$ _____

Signatures certifying funds will be used for approved project(s):

Project manager's signature

School principal's signature
