#### CLACKAMAS COUNTY BOARD OF COUNTY COMMISSIONERS

Study Session Worksheet

Presentation Date: April 7, 2015 Start Time: 10:00 am Approx. Length: 30 min.

Presentation Title: Port of Portland Update on Terminal 6

**Departments:** Public & Government Affairs, Business & Community Services

Presenters: Gary Schmidt, Public and Government Affairs; Greg Borossay, Senior

Manager, Trade & Cargo Development, the Port of Portland

Other Invitees: Gary Barth, Business and Community Services Director

#### WHAT ACTION ARE YOU REQUESTING FROM THE BOARD?

None at this time. This is an informational update on Terminal 6 (T-6) service at the Port of Portland and the steps being taken to support Oregon shippers' access to global markets.

#### **EXECUTIVE SUMMARY:**

The Port of Portland has been sharing information with the public about the impacts of Hanjin Shipping's withdrawal from the Port's Terminal 6 (T-6) on businesses in Clackamas County, the region, and the state. There are concerns that Hanjin's pullout on March 9, following years of disputes between the International Longshore and Warehouse Union (ILWU) and container-terminal operator ICTSI Oregon, could create devastating, long-term consequences for businesses in the region that rely on import/export services.

In addition to generating \$83 million dollars each year, Hanjin Shipping accounted for nearly 80% of the business at T-6 while moving 1,600 containers per week, including most of Oregon's agricultural exports to Asia. Hanjin also imported goods for many regionally-based companies like Nike and Columbia Sportswear. According to the Port of Portland, Hanjin's business supported approximately 660 jobs that paid out \$33 million in wages every year, which translated to about \$225,000 in longshore pay on a weekly basis.

Without Hanjin's services, international container trade with critical markets must now be routed through other ports, which is already negatively affecting businesses in Clackamas County, like the Fred Meyer Distribution Center in Clackamas and Shimadzu USA in Canby. Attached is a list of businesses in Clackamas, Multnomah and Washington Counties that rely on import/export services.

Today, a representative of the Port will share an update on impacts to the region and steps the Port is taking to support Oregon shippers' access to global markets.

#### FINANCIAL IMPLICATIONS (current year and ongoing):

### **Current Situation**

- Over two years of labor-management tension with ILWU and ICTSI (Terminal 6 container operator)
  - Multiple interventions to address reduced productivity
- Hanjin announced withdrawal of Terminal 6 container service effective early March 2015
- West Coast labor agreement reached on February 20, 2015
- ICTSI and the Port are determined to keep remaining container carriers
  - Westwood and Hapag-Lloyd
- Other Port marine terminals are open and active
  - Bulk minerals, grain, autos, and steel

County	Cities	# of Shippers	# of Exports	# of Imports	Total
Clackamas	Canby, Damascus, Estacada, Gladstone, Happy Valley, Lake Oswego, Milwaukie, Molalla, Oregon City, Portland, Tualatin, West Linn, Wilsonville	241	1,110	5,074	6,184
Multnomah	Fairview, Gresham, Portland, Troutdale, Wood Village	767	27,479	19,286	46,765
Washington	Banks, Beaverton, Cornelius, Forest Grove, Hillsboro, North Plains, Tigard	218	2,084	3,605	5,689
TOTAL		1,226	30,673	27,965	58,638

### Two Overlapping Labor Issues

- Ongoing Labor Management dispute at Terminal 6
  - Ongoing since mid-2012 between ILWU and ICTSI
  - The issues have been considered in arbitration, in National Labor Relations Board and in federal court.
  - While rulings have gone in the favor of management, nothing has returned to normal.
- 2. Coastwise contract negotiations
  - ILWU working without a contract since July 1, 2014.
  - Tentative West Coast labor agreement reached February 20, 2015.
  - Lack of grievance procedure and arbitration process has exacerbated tensions at Terminal 6.
  - Up to 3 months to address backlog along the West Coast.

### Port Response

- Engaged ILWU ICTSI Governor to encourage resolution
- Developed a vessel incentive program in 2012 to induce carriers who had been skipping to come back
- Put rent-rebate program in place in 2013 to reduce terminal rates
- Put a carrier incentive program in place in 2014 and again 2015
- Total package approx. \$14 million

### The Challenge – Port and Statewide Concern

- · Loss of service and loss of access to international markets
- · Significant impacts to shippers and producers in our region
- Threat to the sustainability of remaining services (Hapag-Lloyd, Westwood, Columbia-Snake River Barges)
- · Significant impacts to service providers
- · Lost wages, business revenue, and taxes to our community
- Erosion of the benefits that have taken years to build-up

### Immediate Steps - Port

- Support existing carriers and service for regional shippers through Terminal 6
  - Carrier incentive program
- 2. Provide resources and information to shippers to move commodities to market
- 3. Improve reliability and availability of Terminal 6 equipment for calling carriers
  - Crane maintenance program
- 4. Collaborate with state and regional economic development partners
  - Interim freight/logistics solutions

### Collaborative Strategy

- Demonstrate fundamental strength of cargo market and logistics infrastructure
- Develop interim solutions for large, medium and small size shippers
  - Large shippers implemented contingency plans
  - Medium and small shippers reliant on freight logistic providers, additional transport costs burdensome
- Recruit new carriers to serve Asian market
  - Over 40 transpacific services calling the US West Coast
  - Work with the shipper community to develop new cargo commitments and incentives to take to carriers

PORT OF PORTLAND
Possibility. In every direction."
