Division: Behavioral Health

Program: Behavioral Health Clinic

To assure Clackamas Behavioral Health Clinic **Objective:** clients recieve effective treatment intensity for an effective duration.

Measure Definition:

Number of Clackamas County Behavioral Health Clinic Substance Abuse clients who recieve 9 or more appointments in the first 90 days of treatment.

Clients are counted in the quarter in which their 90th day of treatment falls.

I his measure tracks the timeliness of beginning substance abuse services, and
early intensity of treatment. These elements have been shown to positively
impact treatment outcomes. It is developed from claims data quarterly.

Substance Abuse Client Engagement / Retention
