Oregon White Oak

This Oregon White Oak is located within the unincorporated Lake Oswego area of Clackamas County.

The tree species is slow growing and at maturity can reach up to 70 feet with an average lifespan of 95 to 135 years. This particular specimen well exceeds the typical lifespan.

The exact age of this tree is unknown, but is believed to be between 200-300 years old.

The site is certified as a wildlife habitat by the National Wildlife Federation.

This tree is nominated and approved under the Heritage Tree categories of specimen and landmark.
