This is an informational session. No Board action is requested at this time.

**EXECUTIVE SUMMARY:**

In April 2023, the Board approved a framework to guide the County on issues related to individuals experiencing homelessness, drug addiction and mental illness. This framework led the Board to host the Clackamas Addictions Recovery Summit in September 2023, including experts from Oregon, Canada, California and Texas. A key recommendation from the summit was to create a Recovery-Oriented Center/Campus that includes a continuum of services for people living with addiction. Staff recommended a campus model, with all services provided in a single location.

The Board approved the purchase of 6+ acres from the North Clackamas Parks and Recreation District to house the Recovery Center at its October 17, 2024 Business Meeting. The attached worksheet will provide the Board with a regular update on the development of the Center.
