BACKGROUND:

The Clackamas County Sheriff's Office requests approval to enter into a 5-year agreement with Axon Enterprise to additional purchase 120 body cameras, 100 Evidence.com licenses, 50 Taser 7 devices for the Jail, associated accessories, software services, and related training. This technology will allow Sheriff's Office deputies to record audio and video when interacting with the public.

This five-year contract provides body worn cameras and accessories, video storage, cellular service, and all software needed to implement and maintain a body worn camera program. A comprehensive suite of Axon's software is included in this purchase to aide in the administration of the body worn camera (BWC) program including artificial intelligence-powered redaction and transcription tools. The Axon package is all-inclusive of hardware, software, and training aides and will not require additional investment from the County.

Axon is one of the largest providers of body worn cameras in the nation, making up 75% of the market share of BWCs in major US cities. Axon BWCs offer seamless integration with their Taser line of non-lethal weapons which are carried by our deputies. Axon cameras are currently used by other local and regional law enforcement partners including Tigard, Medford, Corvallis and Seattle police departments in addition to the Benton, Spokane, and LA County Sheriff's Departments. The overall cost of this contract is \$3,651,783.65.

Procurement Process:

Approval of the purchase is being requested under the Local Contact Review Board Rule C-046-0400, Authority of Cooperative Procurements. A notice will be published upon signature of this staff report. Pending that advertisement, **this purchase will be made using Sourcewell contract #010720-AXN with AXON Enterprise, Inc.**

RECOMMENDATION: Sheriff's Office respectfully requests that the Board of County Commissioners approves this body cameras purchase.

Respectfully submitted,

Jenna Morrison
Chief Deputy
