

Care for all kids

Our school-based clinics are located at high schools, but we care for all school-aged children in our school district.

Care you can afford

Students receive care regardless of their ability to pay. Insurance is billed whenever possible, with no co-pays or other charges.

Care that works best for your kids

- Conveniently located on the high school campus. Students can get care quickly, reducing time out of class.
- Interpretation and sign language services available. Call ahead to schedule.

Care that's safe and confidential

School-based health centers are a safe place to receive health care.

- We are required to protect your privacy.
- We are barrier free and have no legal obligation to ask or tell federal immigration authorities about your immigration status.

Find quality care at your closest school-based health center.

Which is your health center?

Your kids are eligible for services at the high school in their school district.
