## MEMORANDUM

TO: Clackamas County Board of County Commissioners (BCC)  
FROM: Dan Johnson, DTD Director, and Jennifer Hughes, Planning Director  
RE: Naming of new roads in the Fuller Road Station community  
DATE: January 24, 2023

---

**REQUEST:** Staff requests that the Board authorize names for two newly-constructed public roads in the Fuller Road Station community.

**BACKGROUND:** Two new public roads were recently constructed by the Development Agency in the Fuller Road Station community. One runs east/west between Fuller Rd. and I-205; the other runs north/south from Otty Rd. to the new east/west road. (See attached map.)

When new public roads are constructed by the County, the road naming code provides for Planning staff to recommend road names to the County Administrator. The names may be approved by the County Administrator or, alternatively, the Board of County Commissioners may schedule a public hearing to consider the matter. Administrator Schmidt has asked the Board to review these recommendations.

County Code Section 7.05.040 establishes standards for assigning road names. One factor that may be considered is: *People and events that have left their mark on the County, including but not limited to past leaders, innovators, settlers and pioneers, or explorers.*

Staff recommends that the east/west road be named **Geller Way** in honor of Anna Geller, who was a longtime affordable housing advocate and developer in our area. One of Ms. Geller's affordable housing projects is located at the intersection of the two new roads.

Additionally, staff recommends that the north/south road be named **Lottie Lane**. Constance and Lottie Battin were the owners of the donation land claim that included the area of the new roads. An existing road to the north, Con Battin Rd., is named for Mr. Battin.

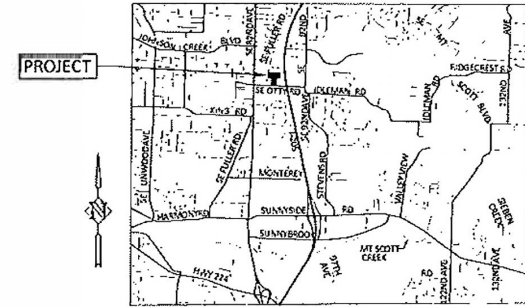

Staff is unaware of any reason why a public hearing is needed and respectfully recommends that the Board authorize the County Administrator to approve staff's recommended road names.

Attachment: Map of the new roads
