II. REASON FOR BOUNDARY CHANGE

A. The County Board is required to utilize the criteria spelled out in ORS 199.462 to determine if the area can be benefited by annexation to the District. That statute says the County "...shall consider local comprehensive planning for the area, economic, demographic, and sociological projections pertinent to the proposal, and past and prospective physical developments of land that would directly or indirectly be affected by the proposed boundary change..." The Metro Code spells out additional criteria for consideration (Metro Code 3.09.050):

1. Consistency with directly applicable provisions in an urban service provider agreement or annexation plan adopted pursuant to ORS 195.065. [Urban service provider agreements are agreements between various service providers about who will provide which services where. Annexation plans are timelines for annexation, which can only be done after all required 195 agreements are in place and which must have been voted on by the City residents and the residents of the area to be annexed.]
2. Consistency with directly applicable provisions of urban planning or other agreements, other than agreements adopted pursuant to ORS 195.065, between the affected entity and a necessary party.
3. Consistency with specific directly applicable standards or criteria for boundary changes contained in comprehensive land use plans and public facility plans.
4. Consistency with specific directly applicable standards for boundary changes contained in the Regional Framework Plan or any functional plan.
5. Whether the proposed boundary change will promote or not interfere with the timely, orderly and economic provision of public facilities and services.
6. The territory lies within the Urban Growth Boundary.
7. Consistency with other applicable criteria for the boundary change in question under state and local law.

You may wish to provide additional information on all or any of these considerations. Use additional pages if necessary.
