## A. Review applicable land use rules:

This application is subject to the provisions of [Section 401, Exclusive Farm Use District \(EFU\)](#) of the [Clackamas County Zoning and Development Ordinance](#) (ZDO) if the subject property is zoned EFU, or to the provisions of [Section 407, AG/Forest District \(AG/F\)](#) and the provisions of Section 401 cited in Section 407 if the subject property is zoned AG/F. It is also subject to the ZDO's definitions, procedures, and other general provisions outlined in the ZDO.

If the subject property is zoned AG/F, the property must have been predominantly agriculture on January 1, 1993, to qualify for this permit.

## B. Turn in all of the following:

- ☐ **Complete application form:** Respond to all the questions and requests in this application, and make sure all owners of the subject property sign the first page of this application. Applications without the signatures of *all* property owners are incomplete.
- ☐ **Application fee:** The cost of this application is **\$1,099**. Payment can be made by cash, by check payable to "Clackamas County", or by credit/debit card with an additional card processing fee using the [Credit Card Authorization Form](#) available from the Planning and Zoning website. Payment is due when the application is submitted. Refer to the FAQs at the end of this form and to the adopted [Fee Schedule](#) for refund policies.
- ☐ **Site plan:** Provide a site plan (also called a plot plan). A [Site Plan Sample](#) is available from the Planning and Zoning website. The site plan must be accurate and drawn to-scale on paper measuring no larger than 11 inches x 17 inches. The site plan must illustrate all of the following (when applicable):
  - Lot lines, lot/parcel numbers, and acreage/square footage of lots;
  - Contiguous properties under the same ownership;
  - All existing and proposed structures, fences, roads, driveways, parking areas, and easements, each with identifying labels and dimensions;
  - Setbacks of all structures from lot lines and easements;
  - Location of all current commercial farm uses (e.g., fields, grazing areas, orchards), with dimensions and labels;
  - Significant natural features (rivers, streams, wetlands, slopes of 20% or greater, geologic hazards, mature trees or forested areas, drainage areas, etc.); and
  - Location of utilities, wells, septic drain fields, and replacement drain field areas.
- ☐ **Lot of record creation information:** You must provide evidence (deed records, Planning and Zoning research records, etc.) that the lot on which the accessory dwelling will be sited was lawfully created.
- ☐ **Evidence of net earnings:** Include tax forms, farm receipts, or other appropriate documentation demonstrating the income produced from the subject lot of record. The documentation may include completed IRS "Schedule F" forms and signed statements from certified accountants, but the documentation *must* show how much in *net* income is derived from the farm products currently produced on the subject lot of record.
- ☐ **Evidence of agricultural use:** If the subject property is zoned AG/F, include evidence, such as dated aerial photos and tax records, demonstrating that the property was predominantly agriculture on January 1, 1993.

### **C. Answer the following questions:**

Accurately answer the following questions in the spaces provided. Attach additional pages, if necessary.

1. Identify the farm uses currently on the lot of record, including the types of crops grown and livestock raised. Also describe the size, type, and intensity of the farm operation (e.g. acres in production, crop density, and yield per acre):

2. What is the name of the farm operator? (The “farm operator” is the person who operates the farm, doing the work and making the day-to-day decisions about such things as planting, harvesting, feeding, and marketing.)

Farm operator’s name: \_\_\_\_\_

<b><i>Full Name of Relative in Accessory Dwelling Whose Assistance is Required</i></b>	<b><i>Relation to Farm Operator</i></b>

5. 2. The landowner for the dwelling shall sign and record in the deed records for the County a document binding the landowner, and the landowner's successors in interest, prohibiting them from pursuing a claim for relief or cause of action alleging injury from farming or forest practices for which no action of claim is allowed under ORS 30.936 or 30.937.

## FAQs

### When is Relative Farm Help Dwelling permit required?

The County's Zoning and Development Ordinance (ZDO) allows for a dwelling that is accessory to another existing dwelling on a commercial farm on qualifying agricultural land, when: that existing dwelling already houses the farm's operator; the farm operator needs assistance managing and operating the farm; *and* the accessory dwelling will be occupied by a relative of the farm operator whose assistance is required. Qualifying agricultural land includes land zoned Exclusive Farm Use (EFU) and land zoned AG/Forest (AG/F) if the AG/F land was predominantly agriculture on January 1, 1993. The dwelling requires Relative Farm Help Dwelling land use permit.

### What is the permit application process?

Relative Farm Help Dwelling permits are subject to a "Type II" land use application process, as provided for in [Section 1307](#) of the ZDO. Type II decisions include notice to owners of nearby land, the Community Planning Organization (if active), service providers (sewer, water, fire, etc.), and affected government agencies. If the application is approved, the applicant must comply with any conditions of approval identified in the decision. The Planning Director's decision can be appealed to the County Land Use Hearings Officer.

### What is needed for the County to approve a land use permit?

Relative Farm Help Dwelling permits are discretionary and *may* be permitted after an evaluation by the County of applicable standards of the ZDO. The applicant is responsible for providing evidence that their proposal does or can meet those standards. In order to address the standards, the information requested in this application should be as thorough and complete as possible. A permit will only be approved or denied after a complete application is received and reviewed. The County approves an application only if it finds that the proposal meets the standards or can meet the standards with conditions.

### How long will it take the County to make a decision about an application?

The County makes every effort to issue a decision on a Type II land use application within 45 days of when we deem the application to be complete. State law generally requires a final County decision on a land use permit application in an urban area within 120 days of the application being deemed complete, and within 150 days for a land use permit in a rural area, although there are some exceptions.

### If an application is submitted and then withdrawn, will a refund be given?

If a submitted Type II application is withdrawn before it is publicly noticed, 75% of the application fee paid, or the fee paid minus \$250, whichever is less, will be refunded. If a submitted application is withdrawn after it is publicly noticed, but before a decision is issued, 50% of the application fee paid, or the fee paid minus \$500, whichever is less, will be refunded. No refund will be given after a decision is issued. The \$5 Technology Fee is non-refundable.
