March 20, 2018

Note that these are questions submitted by interested firms to the above referenced solicitation. The below answers are for clarification purposes only and in no way alter or amend the RFQ as published.

1. Do you want us to use the existing Drupal 8 themes or do you want us to develop the theme ourselves? Do you want us to give you options?

Answer:

We would most likely need custom themes developed, but we are open to hearing your recommendations.

2. Do you need us to keep the current functionalities of the website or are there any extensions to the functionalities that you would prefer?

Answer:

We would like to explore new features and functionalities to improve user experience.

A few examples from our list include, but are not limited to:

- A calendar of events and meetings,
- Breadcrumbs on the pages for easier navigation,
- Some basic forms, and
- Predictive search.
