

Far West CPO Minutes for Feb. 15th 2023

Present:

Sparkle Anderson

Elaine Newland

Dave Helgesson

Kathy Luiten Goodwin

Denis and Cheryl Cone

Holly Krejei

Meeting called to order Feb. 15th 2023 by President Sparkle Anderson at Wilsonville Library at 6 PM.

Items discussed.

1. Sparkle discussed the various applications and approvals that she has received from the County over the past year. Mostly Home Occupations.
2. She also informed us that these will not be sent to her by snail mail any longer but emailed. These will be easier to pass along to members by email.
3. Discussions about lack of County enforcement on approved applications with conditional uses. Several large properties along Homesteader had large noise events without permits. Another property had approval but had very noisy events for four years. Feeling that the County did not enforce the conditions of the approvals or lack of permits.
What is the best way to complain to county so the approval conditions are enforced and permits required for most large gatherings, fireworks?
4. Discussion with Holly Krejci, Community Engagement Specialist. Holly introduced herself to us. She has been at the county a short time and has educated herself on CPOs in Clackamas County. She listened to attendees complaints about lack of enforcement on permit's conditional uses. She also gave overview on the current county CPO survey.

Submitted by Elaine Newland, Secretary for Far West CPO
