Explanatory Statement:

State law allows for operation, manufacturing, and distribution of Psilocybin related businesses. The State began issuing permits for these businesses in 2023, unless City voters approved a referendum approving permanent or temporary prohibition. Estacada voters approved a two-year prohibition. That prohibition is set to expire on January 1, 2025.

The Oregon Health Authority, who was the agency that was responsible for drafting regulations released proposed rules in July of 2023. There is disagreement about what type of time, place, and manner restrictions cities can place on the Psilocybin businesses.

The Estacada City Council believed that regulations would be clarified during the two-year period. However, the statutes have not been clarified, and there still is not agreement on what reasonable time place and manner restrictions a City can use to regulate the businesses.

This would prohibit the establishment of any of those registered or licensed activities. This measure would prohibit the operation, manufacturing, and distribution of Psilocybin related businesses, unless the prohibition is revoked.

If this measure does not pass then the establishment of Psilocybin manufacturers and other Psilocybin related businesses would be permitted after December 31, 2024.
