

MEMORANDUM

TO: Clackamas County Board of County Commissioners (BCC)
FROM: Sue Hildick – Public & Government Affairs Director
RE: Sept. 26 Town Hall topic
DATE: Sept. 6, 2023

REQUEST: PGA seeks affirmation of the Board's approval for the September Town Hall topic.

BACKGROUND: In July, PGA briefed the Board on potential Town Hall topics for September. Tolling was originally discussed by the Board as a potential option, staff recommends the topic does not appear as timely right now as it may be at a later date. PGA proposes the following topic and description for approval of the Sept. 26 Town Hall:

Behavioral Health: Innovations & Community Feedback: Coming out of the Clackamas Addiction Recovery Summit with guest panelists on September 14, the Board and county staff will have heard a wide range of potential innovations and ideas on expanding behavioral health services. This session would feature a report-out of these takeaways, and asking our residents and caregivers about their own lived experiences, available resources, and navigating the system we have in place. *Potential guest: Mary Rumbaugh, #ClackCo Behavioral Health Director*

Respectfully submitted,

Sue Hildick
PGA Director
