

CLACKAMAS COUNTY BOARD OF COUNTY COMMISSIONERS
Sitting/Acting as Board of Health

Policy Session Worksheet

Presentation Date: 03/28/2017 **Approx Start Time:** 1:30PM **Approx Length:** 1 hour

Presentation Title: Introduction to Community Health Assessment & Community Health Improvement Plan

Department: Health, Housing, and Human Services (H3S) / Public Health Division

Presenters: Richard Swift; Dawn Emerick; Dr. Sarah Present

Other Invitees:

WHAT ACTION ARE YOU REQUESTING FROM THE BOARD?

This session is informational only. In July the H3S / Public Health Division will be seeking BCC adoption of the 2017 Community Health Improvement Plan.

EXECUTIVE SUMMARY:

The H3S / Public Health Division will present highlights from the 2017 Clackamas County Community Health Assessment. This new report examines the health of Clackamas County residents, and addresses how issues such as affordable housing, transportation, alcohol and drug use, and educational attainment for youth impact health. Clackamas County Public Health is engaging local municipalities and community partners across the county to share the report and seek feedback into the development of the updated Clackamas County Community Health Improvement Plan – a blueprint that will guide Clackamas County’s work to improve the health of communities over the next 3 years.

FINANCIAL IMPLICATIONS (current year and ongoing):

Is this item in your current budget? **YES** **NO**

What is the cost? \$100,000 **What is the funding source?** County General Fund

STRATEGIC PLAN ALIGNMENT:

- How does this item align with your Department’s Strategic Business Plan goals?
 - Equitable Access – Clackamas County’s most vulnerable residents will experience improved access to and engagement in H3S services as evidenced by a 5% reduction in the health outcome disparities identified in the Community Health Improvement Plan.

- How does this item align with the County’s Performance Clackamas goals?
 - Ensure safe, healthy & secure communities

LEGAL/POLICY REQUIREMENTS:

ORS 431.413 requires Local Public Health Authorities to conduct community health assessments and community health improvement plans in coordination with partners.

PUBLIC/GOVERNMENTAL PARTICIPATION:

Public & Government Affairs has been providing support in engaging local municipalities and community-based organizations in reviewing the highlights of the 2017 Community Health Assessment and gaining community input. There will be a public comment period in June 2017 for feedback on the updated Community Health Improvement Plan.

OPTIONS:

N/A

RECOMMENDATION:

None at this time.

What are Health Equity Zones?

Public Health
Prevent. Promote. Protect.

Health Equity Zones

Disclaimer: The boundaries of the Health Equity Zones are preliminary and subject to change upon completion of our community engagement process.

Highlights from the 2017 Community Health Assessment

Public Health
Prevent. Promote. Protect.

CULTURE OF HEALTH

Culture of Health

Several differences found among those living in different Health Equity Zones

- High school graduation rates
- Median household income

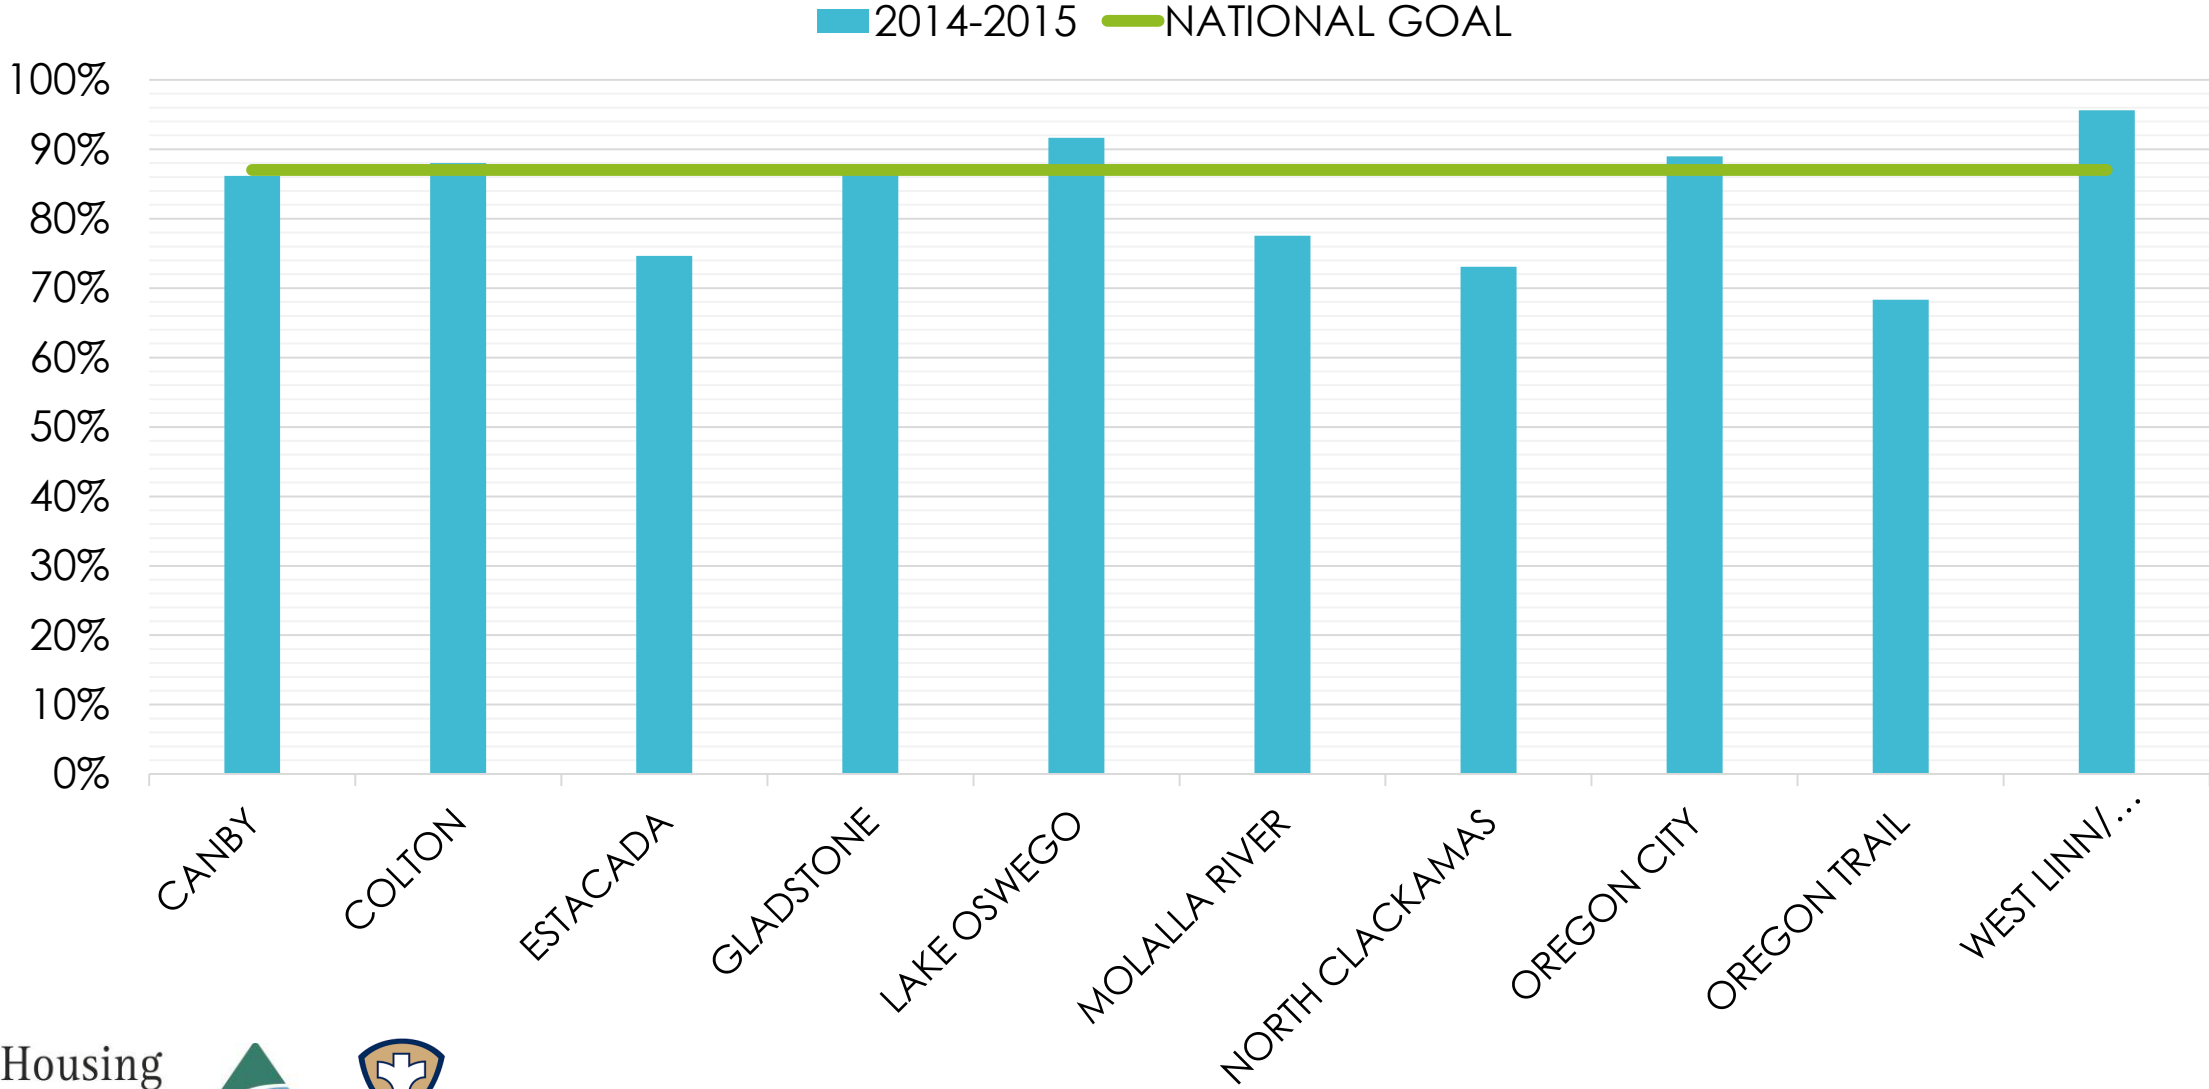

Homelessness and housing stability was an additional health concern identified throughout this assessment

- Proportion of individuals seeking housing resources
- Proportion of youth experiencing homelessness

Primary care shortage

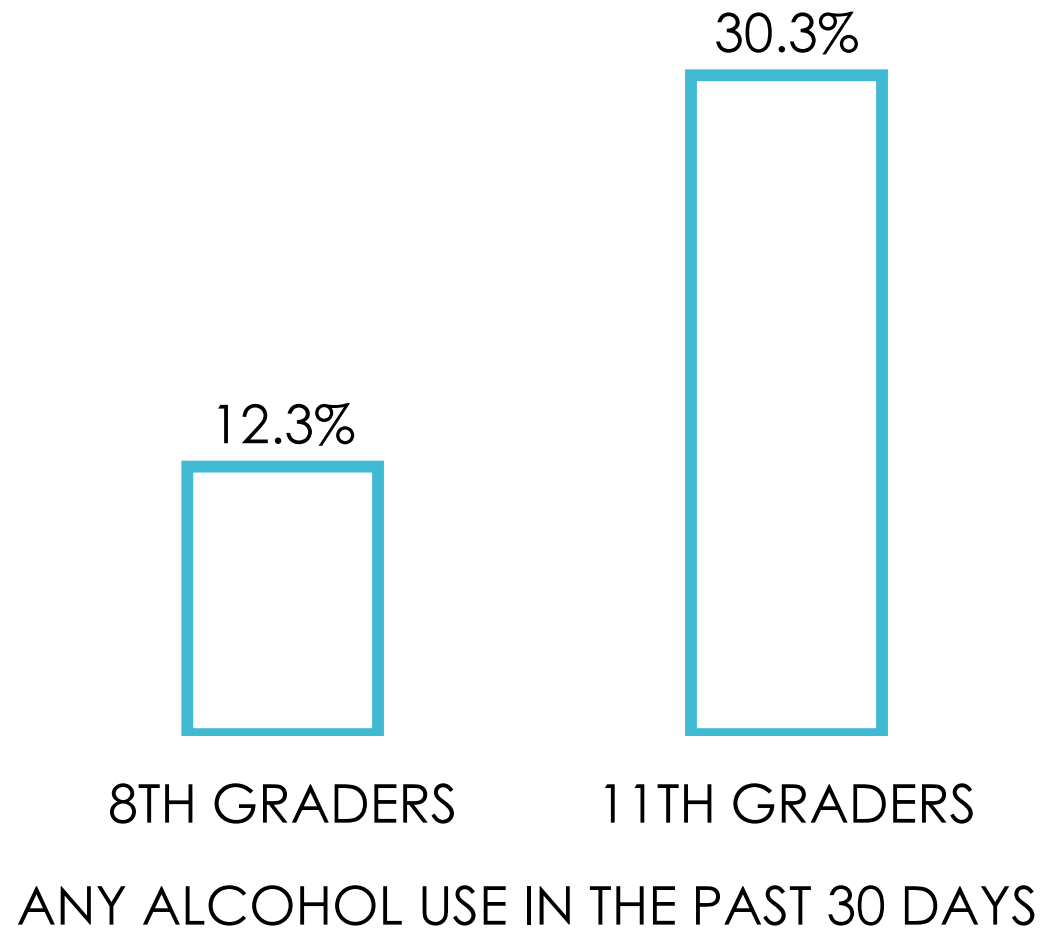

- Ratio of primary care providers to residents is 1:1,159

CLACKAMAS COUNTY HIGH SCHOOL GRADUATION RATE BY HEALTH EQUITY ZONE, 2014-2015

HEALTH BEHAVIORS

Health Behaviors: Youth (8th and 11th Graders)

Health Behaviors: Youth (8th and 11th Graders)

Percentage who attempted suicide in the past year

- 7.6% (8th)
- 4.6% (11th)

Percentage not meeting the physical activity guidelines

- 71.6% (8th)
- 76.3% (11th)
- National Goal: 68.4%

Health Behaviors: Adults

Percentage not meeting physical activity guidelines

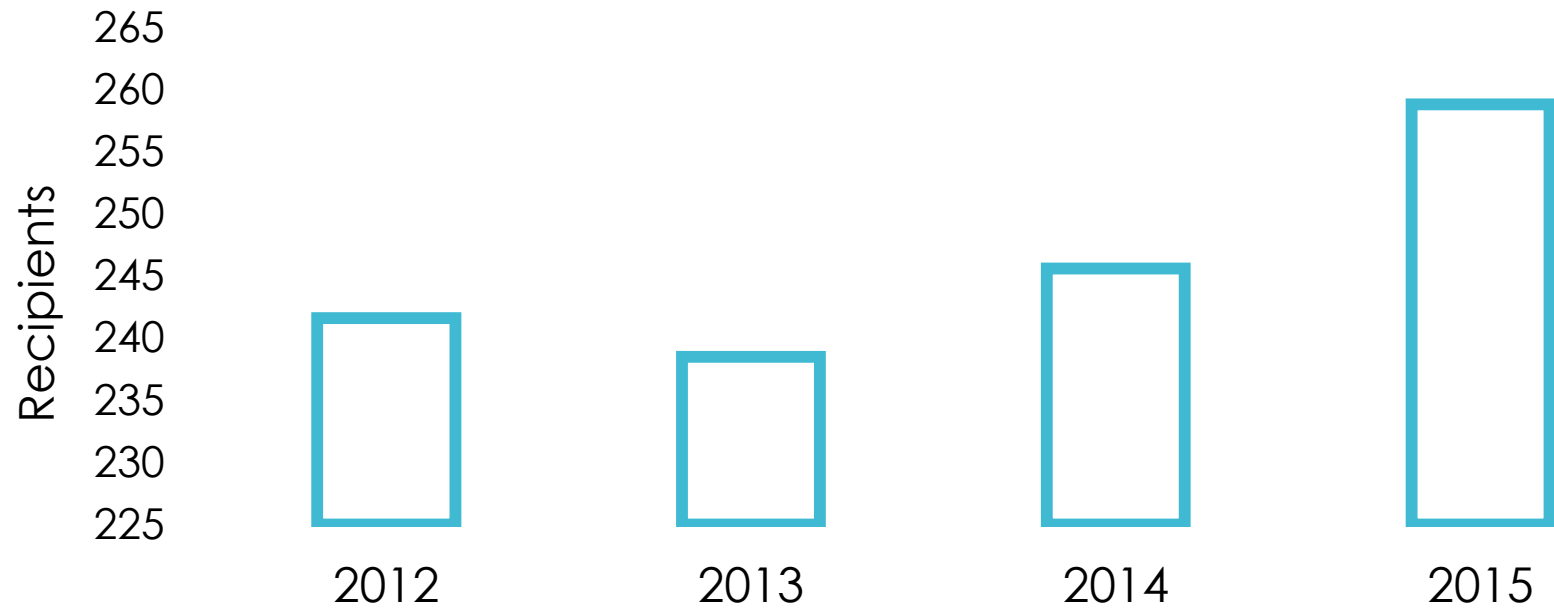

- 76.0%

Percentage who report binge drinking

- Women: 12.8%
- Men: 18.8%

Health Behaviors: Adults

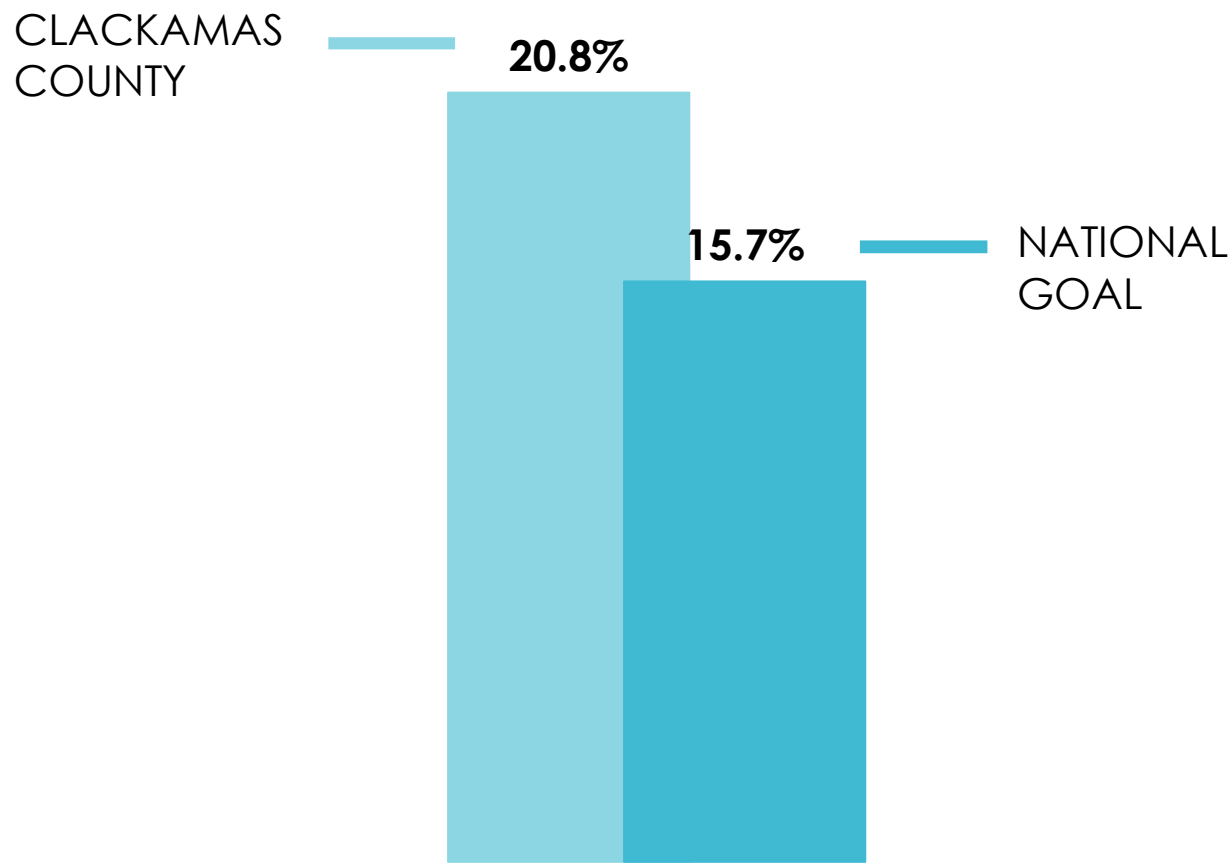

OPIOID PRESCRIPTION RECIPIENTS PER 1,000 RESIDENTS 2012-2015

ILLNESSES AND CHRONIC CONDITIONS

Illnesses and Chronic Conditions: Youth

OBESITY AMONG CHILDREN 6-11 YEARS OLD

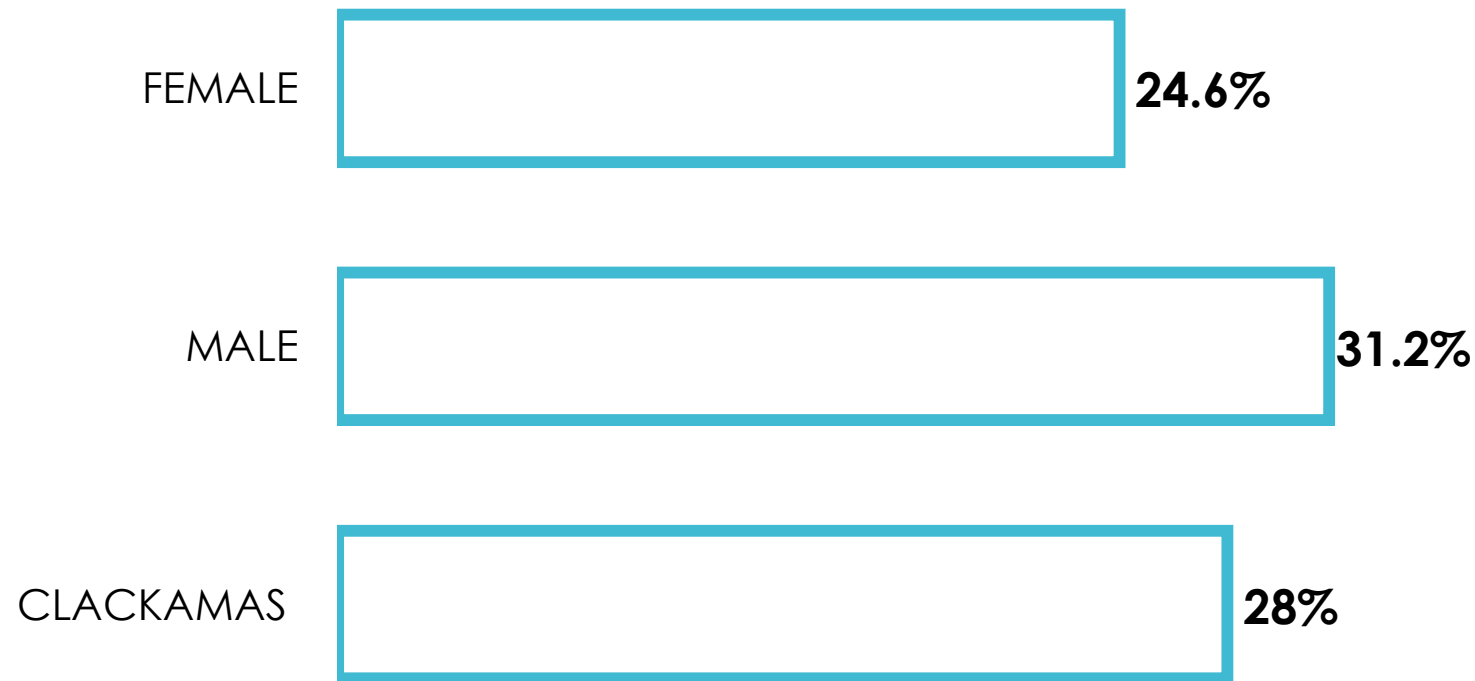

Illnesses and Chronic Conditions: Youth

Approximately 2 in 10 have an asthma diagnosis

- Asthma was one of the leading causes of Emergency Department visits among children who were self-pay or uninsured

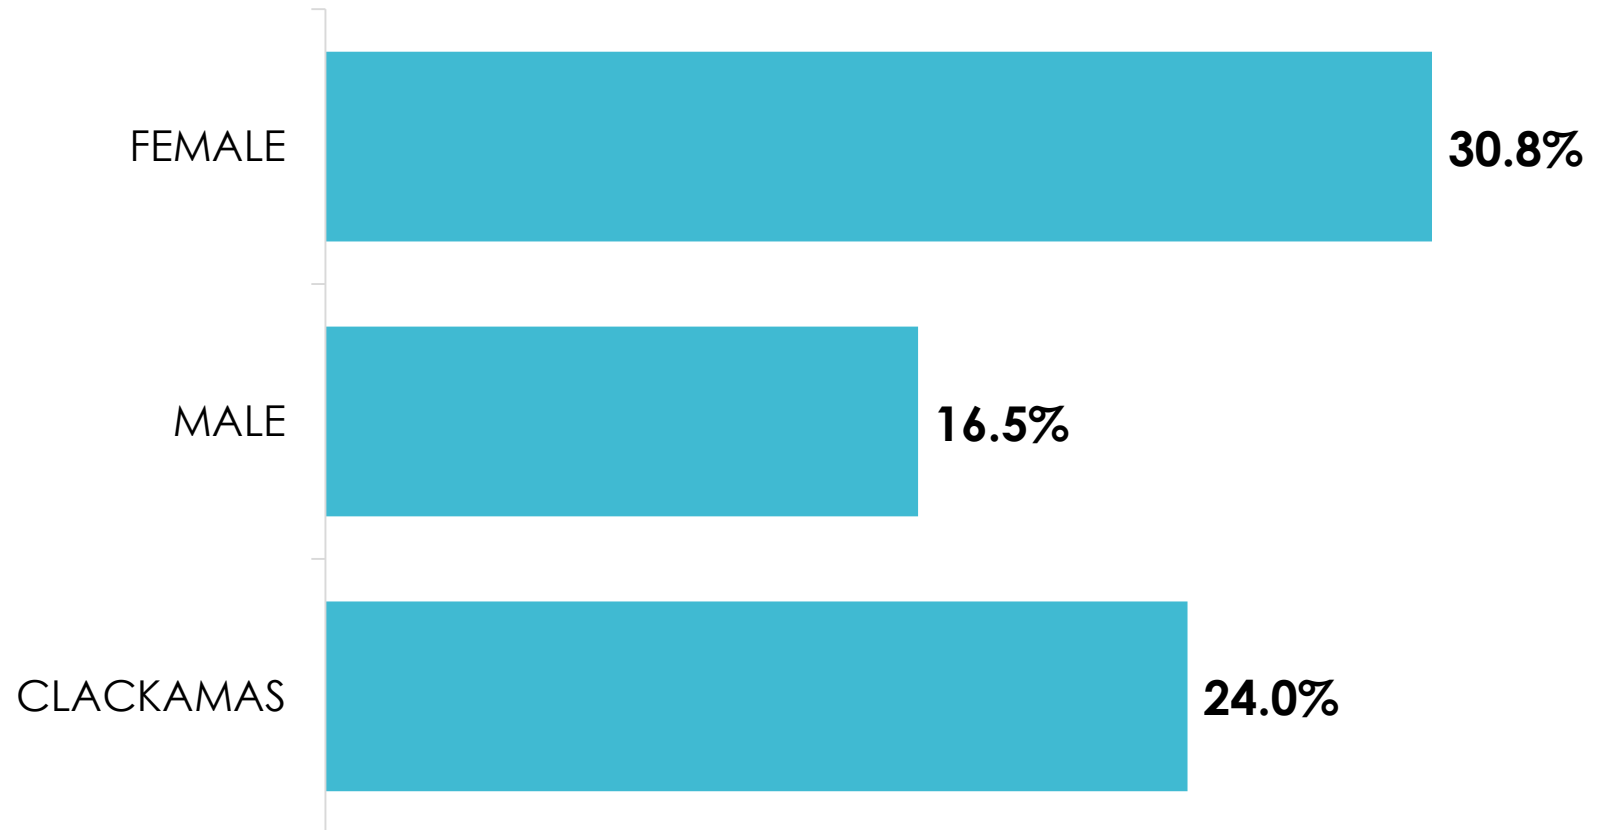

Illnesses and Chronic Conditions: Adults

HIGH BLOOD PRESSURE DIAGNOSIS

Illnesses and Chronic Conditions: Adults

DEPRESSION DIAGNOSIS

Illnesses and Chronic Conditions

Between 2011 and 2015, there have been dramatic increases in the number of people diagnosed with a sexually transmitted infection

For every 100,000 residents

- Chlamydia: 243 to 291 cases
- Gonorrhea: 23 to 52 cases, and
- Syphilis: 2 to 11 cases

TOP 10 LEADING CAUSES OF DEATH

Top 10 Leading Causes of Death

1. Major cardiovascular disease
2. Cancer (Lung, Breast, Lymphoid)
3. Chronic lower respiratory diseases (emphysema and chronic bronchitis)
4. Alzheimer's disease
5. Non-transport accidents (unintentional injuries such as falls)
6. Diabetes
7. Intentional self-harm (suicide)
8. Drug-induced deaths
9. Chronic liver disease and cirrhosis
10. Alcohol-induced deaths

What are the opportunities for community partners to be involved?

Public Health
Prevent. Promote. Protect.

Community Engagement

- Review the 2017 Clackamas County Community Health Assessment
- Give input into the development of the Community Health Improvement Plan (CHIP): Blueprint to a Healthy, Safe, and Clean Clackamas
- Support Board approval of the 2017 CHIP
- Join one of the County's CHIP subcommittees

THANK YOU

Richard Swift
H3S Director

Dawn Emerick, Ed.D
Public Health Director

Dr. Sarah Present, MD, MPH
Health Officer
