<i>I hereby certify that the statements contained herein, along with the evidence submitted, are in all respects true and correct to the best of my knowledge.</i>	
Applicant signature:	Date:

A. Complete a pre-application conference:

You must attend a pre-application conference with Planning and Zoning staff before filing this application. [Information about the pre-application conference](#) process and a request form are available from the Planning and Zoning website.

B. Review applicable land use rules:

This application is subject to the provisions of [Section 1203, Conditional Uses](#) of the [Clackamas County Zoning and Development Ordinance](#) (ZDO).

It is also subject to the ZDO's definitions, procedures, and other general provisions, as well as to the specific rules of the subject property's zoning district and applicable development standards, as outlined in the ZDO.

C. Turn in all of the following:

- Complete application form:** Respond to all the questions and requests in this application, and make sure all owners of the subject property sign the first page of this application. Applications without the signatures of *all* property owners are incomplete.
- Application fee:** The cost of this application is **\$7,735**, unless it is for mining, in which case the cost is **\$14,230**. A \$150 notification surcharge also applies if an expanded notification area is required by ZDO Section 1307. If Hydrogeologic Review is required, there is an additional \$4,030 fee. Payment can be made by cash, by check payable to "Clackamas County", or by credit/debit card with an additional card processing fee using the [Credit Card Authorization Form](#) available from the Planning and Zoning website. Payment is due when the application is submitted. Refer to the FAQs at the end of this form and to the adopted [Fee Schedule](#) for refund policies.
- Vicinity map:** Provide a map of the area around the property, drawn to scale, that shows the uses and location of improvements on adjacent properties and properties across any road.
- Site plan:** Provide a site plan (also called a plot plan). A [Site Plan Sample](#) is available from the Planning and Zoning website. The site plan must be accurate and drawn to-scale on paper measuring no larger than 11 inches x 17 inches. The site plan must illustrate all of the following (when applicable):
 - Lot lines, lot/parcel numbers, and acreage/square footage of lots;
 - Contiguous properties under the same ownership;
 - All existing and proposed structures, fences, roads, driveways, parking areas, and easements, each with identifying labels and dimensions;
 - Setbacks of all structures from lot lines and easements;
 - Significant natural features (rivers, streams, wetlands, slopes of 20% or greater, geologic hazards, mature trees or forested areas, drainage areas, etc.); and
 - Location of utilities, wells, septic drain fields, and replacement drain field areas.
- Service Feasibility Determinations:** Request that the property's water provider, sanitary sewer provider, and surface water management authority, as applicable, each complete a [Preliminary Statement of Feasibility](#) and include those completed statements with your application. If the proposed development will be served by an onsite wastewater treatment system (e.g., a septic system), include an approved Site Evaluation or Authorization Notice from the [Septic & Onsite Wastewater Program](#) attesting to the feasibility of your proposal.

- Building elevation diagrams:** Attach drawings of all proposed new and remodeled structures. The drawings must be to-scale and must show each side of the building and any windows, doors, or other appurtenances. Include all measurements (height, length, width, and area).
- Hydrogeologic review report:** You must include a hydrogeologic review report if new industrial, commercial, or institutional development using exempt-use well or wells is proposed within a sensitive groundwater area outside of the Portland Metropolitan Urban Growth Boundary, Government Camp, Rhododendron, Wemme/Welches, Wildwood/Timberline, and Zigzag Village. The report must address applicable requirements of [ZDO Subsection 1006.03\(E\)](#). Additional guidance on completing the report is available from the Planning and Zoning [website](#). Your report will be peer-reviewed by qualified professionals contracted by the County. Evaluation of any required hydrogeologic review report costs an additional \$3,230.
- Any additional information or documents, such as a traffic impact study, advised of during the pre-application conference**

D. Respond in a narrative:

Your application submittal must include a narrative that fully responds to the following. Due to the technical nature of these requirements, guidance on how best to respond will be provided during the required pre-application conference.

1. How is the use listed as a conditional use in the Zoning and Development Ordinance (ZDO) section for the zoning district in which the subject property is located?
2. How are the characteristics of the subject property suitable for the proposed use considering size, shape, location, topography, existence of improvements, and natural features?
3. How does the proposed use comply with [ZDO Subsection 1007.07, *Transportation Facilities Concurrency*](#)?
4. How is safety of the transportation system adequate to serve the proposed use.
5. Explain how the proposed use will not alter the character of the surrounding area in a manner that substantially limits, impairs, or precludes the use of surrounding properties for the primary uses allowed in the zoning district(s) in which surrounding properties are located.
6. How is the proposed use consistent with the applicable goals and policies of the [Comprehensive Plan](#)?
7. Explain how the proposed use complies with any applicable requirements of the zoning district and any overlay zoning district(s) in which the subject property is located, [ZDO Section 800, *Special Use Requirements*](#), and [Section 1000, *Development Standards*](#).

FAQs

What is a conditional use?

A conditional use is a land use that may be allowed by the Zoning Development Ordinance (ZDO) in certain zoning districts under specified conditions. Exercising a conditional use requires approval of a conditional use permit.

What is the permit application process?

Conditional use permits are subject to a "Type III" land use application process, as provided for in [Section 1307](#) of the ZDO. Type III decisions include notice to owners of nearby land, the Community Planning Organization (CPO) if active, service providers (sewer, water, fire, etc.) and affected government agencies, and are reviewed at a public hearing before the County Land Use Hearings Officer. If the application is approved, the applicant must comply with any conditions of approval identified in the decision. The County's decision can be appealed to the Oregon Land Use Board of Appeals (LUBA).

What is needed for the County to approve a land use permit?

Conditional uses *may* be permitted after an evaluation by the Hearings Officer of applicable standards. The applicant is responsible for providing evidence that their proposal does or can meet those standards. In order to address the standards, the information requested in this application should be as thorough and complete as possible. A permit will only be approved or denied after a complete application is received and reviewed. The County approves an application only if it finds that the proposal meets the standards or can meet the standards with conditions.

How long will it take the County to make a decision about an application?

The County makes every effort to issue a decision on a Type III land use application within 12 weeks (84 days) of when we deem the application to be complete. State law generally requires a final County decision on a land use permit application in an urban area within 120 days of the application being deemed complete, and within 150 days for a land use permit in a rural area, although there are some exceptions.

If an application is submitted and then withdrawn, will a refund be given?

The fee for this application includes a \$3,830 fee for review by the Hearings Officer, which will be fully refunded if the application is withdrawn before the hearing occurs. If the submitted Type III application is withdrawn before it is publicly noticed, 75% of the portion of the application fee paid that is not the Hearings Officer review fee (i.e., the remainder), or the remainder minus \$250, whichever is less, will be refunded. If a submitted application is withdrawn after it is publicly noticed, but before a staff report is issued, 50% of the remainder, or \$500, whichever is less, will be refunded. No refund on the remainder will be given after a staff report is issued.

The additional Hydrogeologic Review fee, if applicable, can be refunded in full, provided the application is withdrawn before any work has been done by the hydrogeologist; after any work has been done by the hydrogeologist, no portion of the Hydrogeologic Review fee will be refunded.

Who can help answer additional questions?

For questions about the County's land use permit requirements and this application form, contact Planning and Zoning at **503-742-4500** or zoninginfo@clackamas.us. You can also find information online at the Planning and Zoning website: www.clackamas.us/planning.

Clackamas County is committed to providing meaningful access and will make reasonable accommodations, modifications, or provide translation, interpretation or other services upon request. Please contact us at 503-742-4545 or drenhard@clackamas.us.
