

School Waste Reduction Grant Application: Classroom party kit

School:

Application date:

Describe your school's proposed project in a few sentences:

School's street address:

School district:

Applicant's name:

Applicant's email address:

School principal's name:

Principal's email address:

Applications are due by April 30 to ensure project completion by the end of the school year.

Has your school received a grant from Clackamas County within the past 2 years? _____

If not, include a completed [W-9 form](#) for your school along with your application.

Classroom party kit grant

Classroom parties can create a lot of waste! Schools that switch from disposable items to reusable kits for parties report a drastic reduction in trash.

Approximately how many classroom parties are held each year?

How many teachers/classrooms want a green classroom party kit? *(We recommend asking teachers to “opt-in” or request a kit. Otherwise, they may not be used.)*

Who will be responsible for washing, drying, and repacking the classroom party kit? *(Some schools make this the responsibility of the classroom parent.)*

When do you plan to purchase the items and put them into use?

Please itemize the requested products and services. Include suppliers' names, addresses, and phone numbers. **Grants are available for amounts up to \$500.** You may request more than \$500 if your project will cost more; however, we may not be able to satisfy the total amount requested.

Item	Supplier	Website or Phone #	Quantity	Cost

Whom should the check be made out to? (Include mailing address)

Total: \$ _____

Signatures certifying funds will be used for approved project(s):

Project manager's signature

School principal's signature
