You are not required to present any evidence, the burden is on the County to establish by a preponderance of the evidence that a violation exists, or existed. Either party may, at their own expense, obtain an attorney to represent them at the hearing. If you wish to be represented by an attorney they need only notify the County and the Hearings Officer in writing of their intent to appear on your behalf. The County will present evidence first, and then you may question that evidence. You may then present your own evidence, if you wish, and the County may question your evidence. If a violation is proven, then the Order may include civil penalties, fines, administrative fees, or may require the respondent to take certain actions, or refrain from certain actions. An Order issued by the Hearings Officer may be a Final Order or Continuing Order. The Hearings Officers Order is the final decision of the County, and may be appealed pursuant to Oregon law. The Hearings Officer for Clackamas County is:

Carl Cox Attorney at Law 14725 NE 20th Street, #D-5 Bellevue, WA 98007

- 5. Right to Recess. If, during the course of the hearing, Respondent or the County requests a recess or postponement, or additional time to present crucial evidence, the Hearings Officer may allow a continuance of the hearing for good cause. The Respondent may also request that the proceeding be continued after the end of the hearing if the Respondent determines that additional evidence should be brought to the attention of the Hearings Officer.
- 6. <u>Right to Appeal</u>. The Final Order of the Hearings Officer shall set forth the right of the respondent to appeal any adverse Order. Appeal may be taken pursuant to Section 2.07.130 of the Clackamas County Hearings Officer Code, and Oregon Revised Statute 34.010-34.100. STATEMENT OF PROOF

Respondents.

History of Events and Exhibits:

June 20, 2024 Clackamas County received a complaint regarding an accessory structure

being built and fill being placed without permits.

July 9, 2024 Correspondence was sent to the owner regarding the alleged violation. Exhibit A

July 9, 2024 I conducted online research of the subject property. The original structure Exhibit B onsite was noted as a pole building with a lean to on the assessor records in

onsite was noted as a pole building with a lean to on the assessor records in 2001 with a total square footage of 1020 square feet. I was able to find the original approved agricultural exemption in 1993 for this structure. I also found the 1993 electrical permit for power to the building. The building was removed and a new building was constructed in 2012. The size of the building is listed at 3528 square feet. In 2020 and 2023 two new additions were added to the building. I researched County records and found no approved permits for the structure built in 2012 nor the additions completed

in 2020 and 2023.

July 15, 2024 Cameo called me to discuss the letter that they received. Cameo stated that

they were told in 2017 that a permit was not required for the structure. She

also stated there is electrical in the building.

July 22, 2024 I met with Cameo Curtis and Mike Burkhardt in the office to discuss the Exhibit C violation. I explained to Mike and Cameo that an agricultural exemption or

building permit would be required for the structure. Mike stated that there was electrical for the building and also two A/C units installed as they used to be a medical marijuana grow but are no longer. There were no permits on file for the A/C units. I sent an email to Mike and Cameo with a recap of

our conversation.

July 25, 2024 A Notice of Violation was mailed the owner and to Cameo and Mike with a Exhibit D deadline of August 26, 2024 to abate the violation. The notice that was sent

deadline of August 26, 2024 to abate the violation. The notice that was sent to Donald Jones Trustee was not returned to the County. The notice that was sent to Cameo and Mike was returned to the County as undeliverable.

July 29, 2024 Exhibit E AG015324 was submitted to the County. A review of the application found it to be incomplete.

September 23, 2024 Exhibit F

I reviewed County records and found AG015324 remained incomplete. Citation 2400277 was issued for the Building Code violation and was mailed to Donald W. Jones Trustee. This citation was not returned to the County. There was no fine associated with this citation as the County is seeking civil penalties.

September 23, 2024 Exhibit G Citation 2400277-A was issued for the Building Code violation and was mailed to Cameo Curtis and Mike Burkhardt. After the citation was issued, I found the previously noted information regarding the Notice of Violation letter that was sent to Cameo and Mike as being undeliverable because of an incorrect zip code on the envelope. I could not find any notes made that they were re-noticed so this citation has been voided.

November 5, 2024

This matter was referred to the Hearings Officer.

If the Compliance Hearings Officer affirms the County's position that a violation of the Building Code, Title 9.02.040 (B)(D)(E) exists, the County is requesting a Final Order in this matter recommending the following:

- The imposition of civil penalties for the Building Code violation of up to \$3,000.00 for date cited September 23, 2024 for Citation 2400277.
- The administrative compliance fee to be imposed from July, 2024 until the violation is abated. As of this report the total is \$225.00
- The County requests the Hearings Officer to permanently prohibit the Respondents from violating this law in the future.
- The County is requesting the Hearings Officer to authorize the County further enforcement action including to proceed to Circuit Court.

Cameo and Mike.

Thank you again for coming into the office to meet with me. I did have an opportunity to talk to Erik and he updated me on the conversation you had with him.

I was able to get clarification regarding the A/C units. The following is a recap of our conversation and the steps to abate the violation on the property.

Grading without a permit – The grading you did on site is considered agricultural exempt grading. No permit is required.

The hole that was dug for the pool – I will not be addressing this at this time. If you decide to move forward with the pool please contact our department before proceeding for permit requirements

Structures built without permits – You will have to apply and qualify for an Agricultural Exemption for the structure(s) OR if denied you will have to apply for a Building permit which will require an architect or an engineer.

Electrical – The additional electrical that was added to the structure(s) will be required to be permitted. A licensed electrician will be required to obtain the permit.

A/C Units – The A/C units will be required to be permitted. A mechanical permit will be required.

Plumbing – You stated that there are no bathroom inside the structure. Please note – if hose bibs or gutters with rain drains were installed on the buildings a plumbing permit will also be required.

Parking of the commercial vehicles on the property OR any additional businesses on site: Based on the conversation with Erik, a home occupation would be required to do either activity and it may even be a home occupation with exceptions which will require a pre-conference application.

Until such time as land use is approved – the storing of the commercial vehicles on site as overflow from the business lot (as Cameo stated) is prohibited.

I will be sending out a Notice of Violation for the items listed above. If you have any questions when you receive the letter, please let me know.

Thank you

NOTICE OF VIOLATION

July 25, 2024

Donald W Jones Trustee 34171 SE Compton Rd Boring, OR 97009 Mike Burkhardt Cameo Curtis 34950 SE Skogan Rd Boring, OR 97009

SUBJECT: Violation of the Clackamas County Building Code, Title 9.02.040 (B)(D)(E)

VIOLATION: V0027724

SITE ADDRESS: 34950 SE Skogan Rd., Boring, OR 97009

LEGAL DESCRIPTION: T2S, R4E, Section 15, Tax Lot 01200

This letter serves as notice of a violation of the Clackamas County Code. The violations include:

- Accessory structure(s) built without approved permits or approved final inspections.
- Electrical added to accessory structure(s) without approved permits or approved final inspections.
- Air conditioning units added to accessory structure without approved permits or approved final inspections.

VIOLATIONS & HOW TO RESOLVE

On June 20, 2024 Clackamas County Code Enforcement received a complaint that accessory structures on the subject property had been built without approved permits. I reviewed aerial images and confirmed that there were three new structures on the subject property that had been built that would have required permits. I reviewed County permitting records and found no approved permits for the construction of these structure(s).

I met with Cameo and Mike at the County offices on July 22, 2024 to discuss the violation on the property and a plan for abatement. In order to abate the violation(s), you must complete the following **no later than the deadline dates provided below:**

Accessory Structures - Deadline August 26, 2024

- Please submit, or have your professional submit a complete agricultural exempt permit application. Permits are accepted online only, for more information on this process please refer to the County's website at https://www.clackamas.us/building
 - All requests for additional information in order to complete plan review must be responded to within ten days of being notified.
 - The permit(s) must have the fee(s) paid in full within ten days of your being notified by Building Codes.

If your structure does not qualify as an agricultural building, you will be required to submit a complete building permit application within 45 days of the date of the denial. The building permit application for this structure will require an engineer or architect licensed with the State of Oregon to stamp the submitted plans and calculations.

- All requests for additional information in order to complete plan review must be responded to within ten days of being notified.
- The permit(s) must have the fee(s) paid in full within ten days of your being notified by Building Codes.

Electrical in Accessory Structure

The electrical in the original agricultural building that was removed with the exception of one wall that house the original approved 200 amp service and 3 circuits remained during the construction of the new structure. The additional electrical that has been added to the accessory structure will need to be permitted and receive all required inspections including an approved final inspection within 30 days of the date of either the approved and issued agricultural exemption permit or approved building permit.

- IF the building is approved as an agricultural exempt building, a licensed electrician will be required to obtain the electrical permit.
- IF the building is approved as a residential accessory structure under a building permit, a licensed electrician may or may not be required.

Air Conditioning Units

The air conditioning units installed for the accessory structure requires a mechanical permit. The mechanical permit must be submitted and received all inspections including an approved final inspection are obtained within 30 days of the date of either the approved and issued agricultural exemption permit or approved building permits.

 IF the building is approved as an agricultural exempt building, the mechanical permit for the A/C units will be required to be submitted as a commercial mechanical permit which does require commercial plan review. IF the building is approved as a residential accessory structure under a building permit, the mechanical permit will be a residential mechanical permit.

Comment: Please provide a site plan of the property. The site plan needs to include the entire property with all structures, driveways, wells and septic system (tank and drain field) clearly labeled with distances between structures and property lines.

Responded by: Cameo Curtis - 10/9/24 1:35 PM DONE AND UPLOADED 2X WITH CORRECTIONS

Coordinator Response: Amanda Donaldson - 10/4/24 9:27 AM

We must have location of everything on the property and all distances. Again, look in Clackamas Forms for the sample. The sample even shows if the well is on another property. Again you have to tell us everything that is on that property and distances of the structures. You need to show where that well and tank are, so they know this structure is not on top of it. Every permit is required to submit an accurate site plan.

Responded by: Cameo Curtis - 9/28/24 2:49 PM

The well and tank are nowhere near the building and out of the 49 acres is nursery that is leased to companies. We are not understating why this is something new needed for exempt when we have never had to before?

Coordinator Response: Amanda Donaldson - 9/27/24 9:39 AM

All AG permits require a site plan. I have uploaded a sample site plan to Clackamas Form Folder for your reference.

Responded by: Cameo Curtis - 8/27/24 10:57 AM

We do not have this information, nor have we ever been asked for this information as a renter. You would need to contact the owner for a actual property line of 45 acres. There are already records of the septic system.

Ref. # 2, Coordinator, DAI TRAN, 7/30/24 10:18 AM, Unresolved

Comment:

Please provide an item listed below to qualify for an AG structure:

- -County Assessors Farm or Forest Deferral
- -IRS Schedule F (with social security number obscured)
- -Other proof showing farming, agriculture, equine, forest or marijuana activity (e.g., receipts for payment of products)
- -For a new business; a business plan

Responded by: Cameo Curtis - 10/28/24 1:42 PM

We are pulling the exempt application

Coordinator Response: Amanda Donaldson - 10/9/24 3:05 PM

You must provide this information. This will be deemed as an incomplete submittal. If you have further questions you can reach out to Jennifer Kauppi with Code Enforcement.

Responded by: Cameo Curtis - 10/9/24 1:34 PM

THIS WAS ALREADY PROVIDED IN 2019

Coordinator Response: Amanda Donaldson - 10/4/24 9:35 AM

Again you need to provide one of the four options we have. You choose, but again, you have to obtain and then submit this information.

Responded by: Cameo Curtis - 9/28/24 2:50 PM

this is something the county has not us, so I am not able to provide this and irs schedule is

Coordinator Response: Amanda Donaldson - 9/27/24 9:40 AM

You must provide one of the options showing you are AG exempt. Just stating you are farm deferral is not adequate.

Responded by: Cameo Curtis - 8/27/24 10:56 AM

This was already determined by Clackamas County that is is zoned as a far deferral as well as a timber zoning. I am confused on why this is being asked by us when its already in the records of Clackamas county.

Ref. # 3, Coordinator, DAI TRAN, 7/30/24 10:18 AM, Info Only

Comment: Just an FYI - separate structures require separate applications.

Ref. # 4, Coordinator, Amanda Donaldson, 10/4/24 9:44 AM, Unresolved

Comment: Also you are stating in the application that you are growing Marijuana. You must get Planning and Zoning Approval for a grow operation and I don't see that on this property.

Responded by: Cameo Curtis - 10/9/24 3:32 PM From 2019?

Coordinator Response: Amanda Donaldson - 10/9/24 3:06 PM

You must provide this information. This will be deemed as an incomplete submittal. If you have further questions you can reach out to Jennifer Kauppi with Code Enforcement.

RE: Easements for properties on Skogan Road

Hi Bill,

I wanted to send you a copy of what All County Surveyors has determined regarding existing and proposed easements:

 All County Surveyors has found the entire road in front of your house to be with-in the <u>Skogan Road Right of Way</u>. (See highlighted yellow on map) Therefore, **no easements** from you are necessary because it is already a public right of way.

In the highlighted orange, this is the easement being put into place to cross
the northerly 25' of my mother, Bev Jones's property for access back to your
property and gates. And also Robin's access to her property.

 In the highlighted green, across Robin's property there is an existing 50'easement for ingress/egress for YOUR'S & Bev's properties back there AND utility access.

I hope this all makes good sense Feel free to call me if you have any questions or need more information Ginger 417-439-1002.

You can also call All County Surveyors if you have any questions 503-668-3151

Thanks so much,

Ginger Snow

I am the owner of 34901Skogan Rd Bill Hiett that is the property that butts up against 34950 Skogan Rd. I am aware of the building that Mike Burkhardt is building (ag), and I am ok with it being where it is as it is no concern to me that it is close to my property line. If you have any questions or concerns about this feel free to contact me at 503.341.3931
