

Memo

Date: January 31, 2023
To: Clackamas County Board of Commissioners
From: Nancy Bush, County Operating Officer
Subject: Replacement Courthouse Update/Arts Committee

Purpose:

Request names of one to two Commissioners to be a part of the replacement courthouse Arts Committee.

Background:

The Clackamas County replacement courthouse is currently under construction. As a part of planning for the final opening artwork internal and external to the building must be commissioned. As part of the project, an Arts Committee must be designated in order to decide on art/artists, art location, and possible fund raising.

The Commissioner(s) volunteering for the committee will work with the Project Manager and Presiding Judge (or designee) to select other committee members. Discussion regarding the determination where artwork will be placed will be decided quickly after the committee is selected, so that appropriate building designs can be put into place such as lighting or wall reinforcements. The committee will make final decisions regarding commissioned artwork for the courthouse.

The time commitment for the committee may be intense at times, especially when first being established. It is expected that the committee will be meeting for twelve to eighteen months.

Thank you for your consideration.
