

Clackamas and Washington Counties Commercial Tobacco Prevention Grant – 2024

What is this? Clackamas County Public Health Division is partnering with Washington County Public Health Department to provide funding for Community Based Organizations (CBOs) to lead community-driven and equity-centered work to address the root causes of commercial tobacco use and tobacco-related health disparities.

How much funding is available? Up to 4 organizations serving Clackamas and/or Washington Counties will be awarded \$50,000.

How can the funding be used? Organizations must be able to connect proposed activities to the root causes of commercial tobacco use and tobacco-related health disparities.

Who can apply? 501(c)(3) organizations, organizations in partnership with a 501(c)(3), organizations serving communities in Clackamas and/or Washington County(ies), and organizations that did not receive funding from or were underfunded by the Oregon Health Authority are encouraged to apply. Organizations do not need to currently work in commercial tobacco prevention to apply.

Please note organizations who receive funding from commercial tobacco companies are ineligible for this funding opportunity.

Timeline? The application for this funding opportunity will open on July 17, 2023 and close on Aug. 25, 2023 at 5 p.m. PST. Applicants will be notified by Sept. 21, 2023. The grant period will begin on Jan. 1, 2024. Funds must be spent by June 30, 2025.

How can I apply? Applicants can apply via Survey Monkey at bit.ly/TobaccoNOFOApplication

Questions? Please email Kamryn Brown at kbrown@clackamas.us and Kim Pinto at kim_pinto@washingtoncountyor.gov for questions regarding the application and/or funding opportunity.
