

MEMORANDUM

TO: Clackamas County Board of County Commissioners (BCC)
FROM: Tracy Moreland
RE: Procurement and Grant Procedures Update
DATE: December 6, 2022

REQUEST: Informational only. Staff will update the Board on a new County Web page featuring procurement, contracts and grant information; how the public can submit a proposal; convenient resources; and State compliance and selection standards.

BACKGROUND: Earlier this year, the Board of County Commissioners requested information on procurement and grant procedures, state statute and regulations regarding the selection process, and resources for the public.

Staff have created a new Procurement and Grants page on the County Website. The site is not live to the general public yet. Staff will provide the Board with a short presentation summarizing information, and new, convenient resources. Staff will incorporate any Board feedback or suggestions regarding the content.

Respectfully submitted,

Tracy Moreland
Commission Policy Advisor

cc: PGA, Finance, County Counsel
