**TO:** Gary Schmidt, County Administrator

**FROM:** Daniel Nibouar, Interim Disaster Management Director

**SUBJ:** Extension of Emergency Declaration of Wildfire Debris

The purpose of this memorandum is to provide you and the Board of County Commissioners (BCC) with a draft of emergency declaration extension for wildfire debris due to the 2020 wildfires. The attached Addendum No. 2 to Board Order No. 2020-71 was drafted by County Counsel.

**Wildfire Debris Declaration**

The county is still actively working with the Oregon Department of Transportation (ODOT) to clean up debris from the 2020 Wildfires. ODOT has completed the private property debris removal in the county, but is just starting on removing hazardous trees from the right-of-way. The emergency declaration allows the county to maintain flexibility in support ODOT's operations. The county is currently utilizing the debris monitoring contract to have a liaison to coordinate between property owners and ODOT to ensure the debris removal meets the property owner's needs. The extension of the emergency declaration will also give the county the possibility of utilizing the county's debris removal contract, if ODOT is unable to perform the work.

**Recommendation**

Approve Addendum No. 2 to Board Order No. 2020-71, extending the declaration until August 1<sup>st</sup>, 2022.
