Blueprint for a Healthy Clackamas County Phase III Update

August 16, 2021 PHAC Meeting:

Presentation Objectives:

- ▶ Provide information about the Blueprint grant making process.
- ▶ Provide information about efforts to find commonalities within the 75+ objectives & strategies
- ▶ Provide information on a proposed standing committee structure for Blueprint Plan implementation.

Focused Priorities

COVID-19

Description

Clackamas County Public Health and PHAC members will support and be involved in the County's COVID-19 Recovery and Resilience response. CCPHD will encourage diverse representation from the community, health equity zones, EOC Liaisons, BIPOC and other priority populations. These county created committees will assist with the development and establishment of Public Health community COVID-19 priorities.

Racial Health Equity

The Public Health Advisory Committee (PHAC) will be asked to take the lead on Public Health's response to addressing systemic racism internally and externally. Representatives from the three priority sections may be asked to join the work on this topic.

Racial equity: Measures and guidelines become integrated into the Health Equity guiding principle.
