## MEMORANDUM

TO: Board of County Commissioners  
Gary Schmidt, County Administrator

FROM: Dan Johnson; Director, Transportation and Development

DATE: May 3, 2022

RE: City of West Linn request to have Local Delivery Only/No Thru Truck Route on Borland Road extended into City on Willamette Falls Drive to Ostman Road

Based on Board Order 97-344, Borland Road between Stafford Road and the Tualatin River is designated as a "Local Delivery Only/No Thru Truck" route. This means that trucks can only make deliveries along this road and cannot pass through. Placement of this restriction in 1997 was due to trucks bypassing I-205 using Borland Road and Willamette Falls Drive.

West Linn-Wilsonville School District is constructing a new school within the City of West Linn adjacent to Willamette Falls Drive about 0.1 miles east of the Tualatin River. Currently, trucks accessing the site are required to use the I-205/10<sup>th</sup> Street interchange. The City prefers trucks not traveling through downtown Willamette and would like trucks to access the site via Borland Road. The attached schematic shows the proposed routing change.

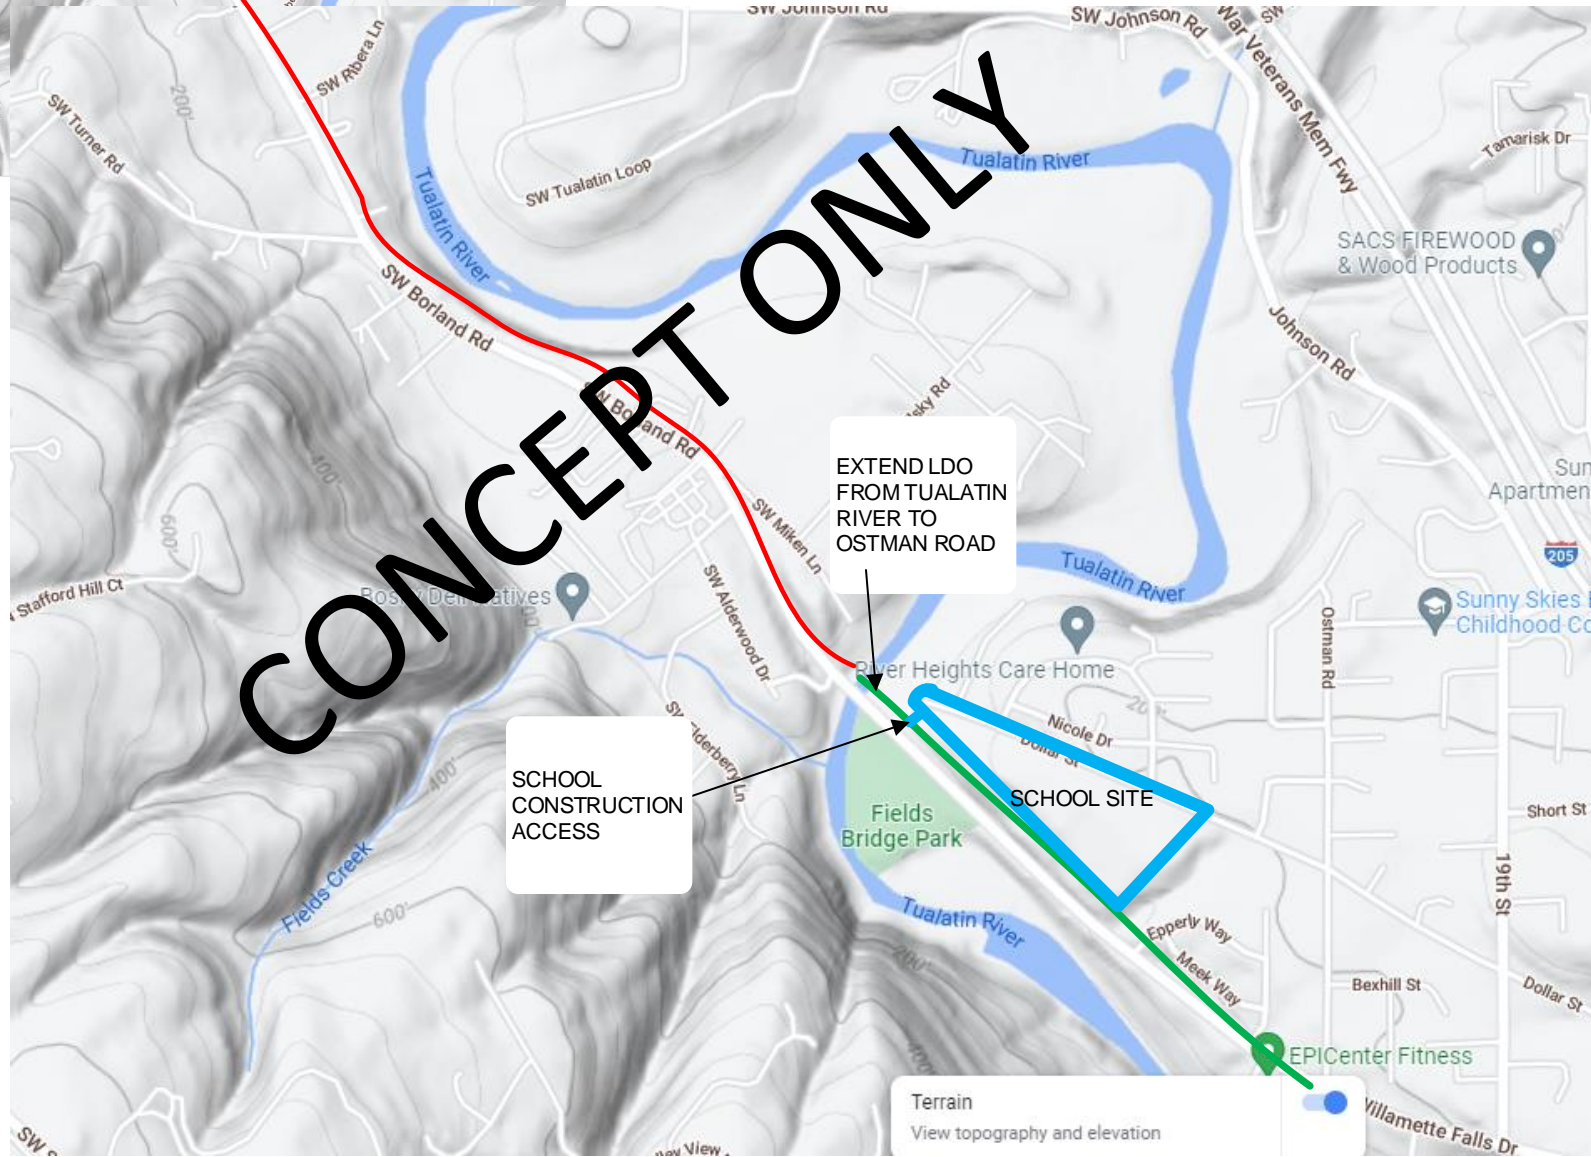

Traffic Engineering and Motor Carrier Staff reviewed the routing options and concluded that allowing trucks to travel to/from the school site using Borland Road will not create any safety or operational issues on Borland Road.

The City has provided an official request to make this change. If the Board concurs with this change, staff will prepare an amendment to Board Order 97-344 and submit as a consent item.
