**BACKGROUND:**

**Why we do an Area Plan**

Every four years Clackamas County Social Services, the Area Agency on Aging for Clackamas County, is required to develop an Area Plan that describes how the agency will use federal Older American Act (OAA) funding and Oregon Project Independence (OPI) funding to assist residents of Clackamas County to remain independent, healthy, and engaged in their communities for as long as possible.

The Plan includes an overview of the agency, county demographic information, current services and programs available to seniors and their caregivers, an assessment of the need for services for older adults, and a detailed timeline of goals and activities that will be accomplished during the four year Plan period.

### **Demographics**

The population of Clackamas County is aging and steadily increasing in racial and ethnic diversity. More older adults are living in poverty, employed, and living with at least one disability than during the previous plan period.

The county's fastest growing population segment is adults age 60 years and older. Between 2010 and 2018, the number of residents age 60 years and older increased by 40 percent or 28,202 people and accounted for 80 percent of the overall population growth in the county. While the overall percentage of county residents living below the federal poverty line has declined since 2010, the percentage of residents aged 60 and older living in poverty has increased by 68 percent from 4,139 to 6,920 in 2018. Similarly, while the number of people with a disability has increased by just 281 people in the county overall since 2010, for those aged 65 and older the number has increased from 18,717 to 22,071; 32 percent of those 65 years or older are living with at least one disability.

While 92.2 percent of residents age 60 years and older in the county are white, the racial and ethnic diversity in the county is steadily growing in all population segments. This is illustrated within the older adult population by the growth in the number of residents 65 years and older who speak a language other than English at home, which increased by 47 percent between 2010 and 2018. The largest increase occurred in those who speak Indo-European languages at home, including Russian, which increased from 1,275 residents in 2010 to 2,164 in 2018.

### **Service Delivery Network in Clackamas County**

Clackamas County is a large and diverse county, covering 1,879 square miles with 16 incorporated cities and towns, as well numerous unincorporated communities. The more urbanized northern section of the county contrasts with the rural southern and eastern portions. To serve older adults residing in all areas, Clackamas County Social Services (CCSS) uses a single entry approach, working with a comprehensive network of 10 Senior,

Adult or Community Centers, to ensure that every older adult has easy access to information and services.

In addition to the services and programs offered by CCSS, the service delivery system includes a Senior Citizens Council, Clackamas County Behavioral Health, four branch offices of State Department of Human Services/Aging and Persons with Disabilities, the Senior Community Service Employment Program (Title V) and Legal Aid Services of Oregon. CCSS has contractual relationships or active MOUs with all of these organizations.

### **Planning and Review Process**

CCSS conducted a comprehensive community needs assessment from late fall 2018 through fall 2020. In collaboration with other social service agencies, adult community centers, and Aging Services Advisory Council (ASAC) members, CCSS documented individual and community needs, service gaps, and opportunities to improve county communities. The information gathered was used by CCSS staff and ASAC members to develop all aspects of this Area Plan.

Components of the needs assessment included:

- A **survey** documenting the experiences, perceptions and needs of older adults, persons with disabilities, caregivers and social service staff (offered on paper and online in English, Russian and Spanish).
- **Focus groups** with targeted older adult populations, including family caregivers, Russian-speaking residents (held in Russian), residents living in rural areas of the county, and the LGBTQ community.
- **Listening sessions** hosted in collaboration with the Asian Health and Services Center and held in Cantonese, Korean, Mandarin, and Vietnamese.
- A **listening session** with attendees at the Governor's Commission on Senior Services public meeting held in West Linn, OR on June 13, 2019.
- **Analysis of data** from multiple sources including the U.S. Census Bureau, Oregon Department of Human Services, Clackamas County ADRC, 211 info, Feeding America, Partnership for a Hunger Free Oregon, Oregon Hunger Task Force, Healthy Columbia Willamette Collaborative, Clackamas County Coordinated Housing Access.
- A **review of Clackamas County reports and data**, including annual CCSS program reports, 2019 Point-in-Time Count, Clackamas County Community Survey, Housing Affordability & Homelessness Needs Assessment, Blueprint Clackamas ([www.blueprintclackamas.com](http://www.blueprintclackamas.com)).

### **How OAA funds can be used**

OAA funds may only be used for specific types of services. These include case management, information and assistance, transportation, legal services, nutrition, wellness activities, elder abuse education, and family caregiver support services. The full Area Plan has identified goals, objectives, and activities for 11 focus areas: Information and Assistance, Nutrition Services, Health Promotion, Family Caregivers, Elder Rights and Legal Assistance, Older Native Americans, Older Adult Behavioral Health, Volunteering, Aging Friendly Communities, Transportation, and Housing.

OPI funding may only be used for in-home services (case management, homemaker, personal care, home delivered meals, respite) for clients who are not eligible for Medicaid programs but have needs they are unable to manage on their own.

### **Main Goals of the Area Plan?**

CCSS has identified three main goals that guided the development of each focus area. They are:

- Reduce barriers to accessing older adult services throughout the county, especially for populations who have lower service participation rates than expected.
- Create and update quality assurance efforts to ensure program quality
- Expand programming to meet the needs of a growing older adult population.

### **RECOMMENDATION:**

Staff recommends the Board approval of the Area Plan and authorize the Director of Health, Housing and Human Services to sign the Statement of Assurance and Verification of Intent.

Respectfully submitted,

Rodney A. Cook, Interim Director  
Health, Housing, and Human Services

Geotechnical infiltration review of the existing site and soil, as well as extending the Professional Services Contract with Ankrom Moisan Architects until February 28, 2022 for the new Sandy Health Center building to be open to the public. The City of Sandy had not informed the project architect nor the County this would be required for the building permit. Therefore, County Staff has reviewed the additional costs and support this Change Order for \$6,350 dollars. This Change Order is an increase of (3.7%) to the total Ankrom Moisan Professional Services Contract.

**PROJECT OVERVIEW:** The Board of County Commissioners (BCC) approved the purchase of this building at the April 16, 2019 business meeting. The County closed on the property on August 22, 2019. Ankrom Moisan was selected through a competitive RFP process and the BCC approved their Professional Services Contract August 15, 2019. Their services are to redesign the existing structure, contract administration, project management, supervise the structural engineer and construction oversight. County Staff will work closely with Ankrom Moisan on all issue of the project. The City of Sandy is expect to release the building permit by February 12, 2021. This project will be publicly bid as soon as possible.

**RECOMMENDATION:** We recommend the approval of this Amendment to the Professional Service Contract via Change Order #4 with Ankrom Moisan and that the H3S Director be authorized to sign on behalf of the Board of County Commissioners.

**BACKGROUND:**

Clackamas County Health Centers Division (CCHCD) of the Health, Housing & Human Services Department requests the approval of Amendment #9 to agreement #7642 with CareOregon for the purpose of providing Behavioral Health Services in CCHCD Primary Care Clinics.

This agreement will establish a schedule of payments for professional services rendered to OHP/Medicaid Plans recipients under this Agreement. CareOregon will use the formulas and other methodologies set forth in this Agreement.

The intent is to streamline billing practices to reduce barriers for CCHCD providers and to ensure that patients receive health and mental health services in the most appropriate setting.

This is a revenue contract for CCHCD. The total amount of the agreement is unknown because the number of authorized patients cannot be projected with certainty. No County General Funds are involved. The Amendment #9 is effective February 15, 2021 and will continue until terminated.

**BACKGROUND:**

The Children, Family & Community Connections (CFCC) Division of the Health, Housing, and Human Services Department requests the approval to apply for a Workforce Innovation and Opportunity Act (WIOA) to provide Adult and Dislocated Worker Services to limited English-(primarily Spanish) speaking populations in Clackamas County. This would greatly enhance the ability of CFCC's Workforce unit to serve these populations and in so doing advance equity in the County.

The funds cover career development, training, employment, and support services using strength-based service delivery practices to limited English speaking adult and dislocated worker populations experiencing barriers to employment who live and/or work in Clackamas County. The education, training, and career services will increase the number of adults and dislocated workers with barriers in gaining, retaining, and advancing in employment.

Workforce services will be provided to adults and dislocated workers, ages 18 and over, who meet the regulatory eligibility definitions for WIOA Adult and Dislocated Worker formula funds, with a special priority of service provided to veterans and eligible spouses. WIOA enrollments will be done in coordination with WorkSource Clackamas (Clackamas County's American Job Center) and staff. Participants will receive services designed to help them find jobs, keep jobs, and advance in jobs. Follow-up retention services to individuals may also be required, depending on State guidance.
