

# BUILD A BETTER COMMUNITY TOGETHER

*Connect with your community planning organization!*

**If you live in unincorporated Clackamas County, your community planning organization is a great way to:**

- Meet other people in your community. In addition to working on growth and development matters, some organizations plan other events and gatherings.
- Learn about land-use projects being proposed in your area. If you heard about something going on in your community, your CPO may be a great place to find out more.
- Participating in a community planning organization is an easy, no-pressure way to have a voice and connection with your county government.
