REQUEST FOR QUOTES #2018-98
Hebb Park RV Site Prep
RESPONSE TO CLARIFYING QUESTIONS #2
October 17, 2018

Note that these are questions submitted by interested firms to the above referenced solicitation. The below answers are for clarification purposes only and in no way alter or amend the RFQ as published.

1. *Did you consider using concrete unit pavers? Permeable pavers, Grass pavers, used a lot in RV parks and fire lanes, Concrete interlocking pavers. Was that option considered?*

Answer: An interesting concept for sure. I would be ok to consider concrete pavers as an alternative construction method as long as the proposer can demonstrate comparable performance standards to the specified concrete pad.
