

CLACKAMAS COUNTY BOARD OF COUNTY COMMISSIONERS

Policy Session Worksheet

Presentation Date: March 12, 2019 **Approx Start Time:** 10:30 AM **Approx Length:** 1 hour

Presentation Title: 2019-20 Long-Range Planning Work Program

Department: Transportation and Development

Presenters: Jennifer Hughes, Planning Director; Karen Buehrig, Transportation Planning Supervisor

Other Invitees: Dan Johnson, Director of DTD; Mike Bezner, Assistant Director of Transportation; Cheryl Bell, Assistant Director of Development

WHAT ACTION ARE YOU REQUESTING FROM THE BOARD?

None. This is an informational item only.

EXECUTIVE SUMMARY:

Background: Since 2012, the Planning and Zoning Division has prepared an annual Long-Range Planning Work Program as a tool to prioritize and consolidate amendments to the Comprehensive Plan and the Zoning and Development Ordinance (ZDO). The discussions about the work program have allowed for the integration of projects important to the community, as well as increased awareness about the scope of long-range planning projects undertaken by staff.

In past years, Long-Range Planning has implemented regulations related to marijuana, undertaken a comprehensive audit of the ZDO, worked with community members on the Park Ave Development and Design Standards project, and completed many other transportation and land use projects that created plans and/or updated the ZDO.

This Year: This year, we began public outreach to Community Planning Organizations (CPOs) and Hamlets, other interested parties and other county divisions in October 2018 with a request for project suggestions for the 2019-20 fiscal year, followed by a discussion at the Community Leaders Meeting in November. Thus far, we have received suggestions from six CPOs, two County departments, three residents, two cities in the County, one environmental interest group and the Clackamas County Coordinating Committee (C4). In addition, projects have been suggested by staff, the BCC and the Planning Commission. Attachment A summarizes these suggested projects.

Restructuring Recommendations: On February 25, 2019, staff met with the Planning Commission to present the project suggestions received to date, and to discuss some staff recommended changes to the structure of the Long-Range Planning Work program. The suggested changes include:

- Developing a multi-year work program that is structured around updating the Comprehensive Plan. A Comprehensive Plan update emerged as a priority during the discussions at the recent Planning Commission/Board annual meeting.
- Using “issue papers” for complex projects in order to provide more information on topics or options before deciding a course of action. Issue papers provide additional details on implementation considerations such as costs, direct and indirect effects, possible community response and consistency with local and regional standards.
- Including a standing, annual work program item to address minor code revisions, time-sensitive items identified by staff, or amendments required because of changes in state and regional requirements

A few of the key items of importance identified by the Planning Commission were:

- A. Align the Long-Range Planning work program with Performance Clackamas priorities. There was a strong interest from the Planning Commission in being clear on how we are setting priorities, as well as being more visionary.
- B. Make the Long-Range Planning work program more proactive and less reactive by being strategic and identifying ways we can capitalize on projects that are already underway.
- C. The Commission voiced support for the issue papers, remarking that this approach will be very helpful. They highlighted the merit of performing deeper level research before recommendations are made, comparable to reviewing a business case scenario before taking action.
- D. Review information about work program items that were a priority during the work program discussion the previous year, but were not included in the work program at that time. For example, last year the Small Scale Manufacturing project was identified as a high priority by the Planning Commission if additional funding became available.

FINANCIAL IMPLICATIONS (current year and ongoing):

Is this item in your current budget? YES NO

This item is informational.

What is the cost? \$ Unknown What is the funding source? General Fund/Road Fund

This item impacts next fiscal year. The cost of implementing the Long Range Planning work program for FY 19-20 is dependent on the number and position classifications of staff assigned to the work program projects, as well as the scale of the projects selected. The funding source is dependent on the selected projects, but generally they are funded by General Fund, Road Fund and grant funds.

STRATEGIC PLAN ALIGNMENT:

- How does this item align with your Department's Strategic Business Plan goals?

The Long-Range Planning Work Program supports the goal of providing “plan development (updates to the Comprehensive Plan, Transportation System Plan and Zoning & Development Ordinance), analysis, coordination and public engagement services to residents; businesses; local, regional and state partners, and County decision-makers so they can plan and invest based on a coordinated set of goals and policies that guide future development.”

- How does this item align with the County's Performance Clackamas goals?

The Long-Range Planning Work Program aligns with the following Performance Clackamas Strategic Priorities

- Build public trust through good government
- Grow a vibrant economy
- Build a strong infrastructure
- Ensure safe, healthy and secure communities
- Honor, utilize, promote and invest in our natural resources

LEGAL/POLICY REQUIREMENTS:

There are no identified legal requirements for adoption of the annual long-range planning work program. However, it is the county's policy to conduct an annual outreach process and public meeting before the Planning Commission prior to Board adoption of the work program.

PUBLIC/GOVERNMENTAL PARTICIPATION:

Public outreach for the Long-Range Planning Work Program was conducted during October – December 2018. The public will have the opportunity to comment on the proposed 2019-20 work program at the Planning Commission meeting scheduled for April 8, 2019. Public outreach will be conducted between now and then to inform people about the program and the opportunity to comment.

OPTIONS:

This policy session is informational only, with the opportunity for the BCC to provide input into the draft Long Range Planning Work Program for 2019-20.

In developing the multi-year work program, staff is interested in confirming the top BCC priorities for the Comprehensive Plan categories that should be addressed in the near term of a multi-year work program. Attachment B is included as an example of what a multi-year work program could look like, and presents initial priorities for discussion.

RECOMMENDATION:

None, this is an informational item only.

ATTACHMENT A – Update 03/05/19
Department of Transportation & Development
2019-2020 Long-Range Planning Work Program - Input Received from Outreach

The table below is organized by Comprehensive Plan chapter with related projects grouped under the overarching categories established by the Plan. Staff recommends that this structure be considered as a way to focus County efforts in the coming years of the work program and allow the pairing of a general Comprehensive Plan update with consideration of priority projects identified by stakeholders. In addition, for each project in the table, staff has identified the related goals from Performance Clackamas, the County's strategic plan.

County Strategic Goals: 1) Grow a vibrant economy; 2) Build a strong infrastructure; 3) Ensure safe, healthy and secure communities; 4) Honor, utilize, promote and invest in our natural resources, and 5) Build public trust through good government.

Comprehensive Plan Chapters: 1) Introduction; 2) Citizen Involvement; 3) Natural Resources and Energy; 4) Land Use; 5) Transportation System Plan; 6) Housing; 7) Public Facilities and Services; 8) Economics; 9) Open Space, Parks and Historic Sites; 10) Community Plans and Design Plans; 11) The Planning Process

INTRODUCTION

Every year, county long-range planning staff focus on high-priority projects that have been suggested by staff, other county departments, the Board of Commissioners, the Planning Commission, community groups and/or members of the public. The process to select projects for 2019-20 began in fall 2018, when the public and county departments were invited to submit ideas. This opportunity was publicized through news releases, the county's quarterly newsletter, the county website, social media and emails.

Timeline: February 25, 2019 -- Planning Commission study session to receive an overview of suggested projects and discuss additional project recommendations from the Planning Commission. March 12, 2019 -- Board of County Commissioners policy session to receive an overview of the input. April 8, 2019 -- Planning Commission public meeting to discuss recommended 2019-20 Long Range Planning Work Program. April 30, 2019 -- Board of County Commissioners policy session for final acknowledgement of the work program.

PROPOSED LONG-RANGE PLANNING PROJECTS

#	Project	Description	Source of Proposal	Staff Comments	Exhibit Number	Clackamas County <ul style="list-style-type: none"> Comprehensive Plan Chapters Zoning and Development Ordinance Sections County Strategic Goals
Chapter 3: Natural Resources and Energy						
L-1	Sandy River Channel Migration Zone Work Group	Require Planning & Zoning to assemble and facilitate a community-based stakeholder work group to review ongoing issues on channel migration zone policies and provide the necessary feedback for county decisions. Proposal assumes Planning & Zoning is the appropriate lead since product will require revisions to the ZDO. Proposed members: Mt. Hood Chamber, Homeowners Associations, Rhododendron CPO, Sandy River Watershed Council and others.	Jay Wilson – County Dept. of Disaster Management	This proposal may not be timely because efforts are underway at the state level to develop model channel migration zone regulations and, possibly, to seek state legislation on the topic.	1	<ul style="list-style-type: none"> CP Chapter 3: Natural Resources and Energy New ZDO Section Performance Clackamas Goals 2 and 3
L-2	Sandy River Channel Migration Zone	Implement a channel migration zone for the Sandy River and adopt standards for development in the mapped area.	Planning Commission	This proposal may not be timely because efforts are underway at the state level to develop model channel migration zone regulations and, possibly, to seek state legislation on the topic.		<ul style="list-style-type: none"> CP Chapter 3: Natural Resources and Energy New ZDO Section Performance Clackamas Goals 3 and 4

#	Project	Description	Source of Proposal	Staff Comments	Exhibit Number	Clackamas County <ul style="list-style-type: none"> • Comprehensive Plan Chapters • Zoning and Development Ordinance Sections • County Strategic Goals
L-3	Habitat and Water Quality Protection	<ol style="list-style-type: none"> 1. Add habitat/water quality protection provisions in the floodplain areas. 2. Assess county-wide plan on habitat connectivity, including stream corridors/riparian buffers to create a development code toolkit used by local municipalities, CPOs and Hamlets. 	<ol style="list-style-type: none"> 1. Planning Commission 2. City of Sandy 	The floodplain proposal may not be timely because we are awaiting action by the state and federal governments on required habitat protections in the floodplain to address the Endangered Species Act. Staff understands that the timeline for this has been extended to October 2021. It is unclear what role the County should play in providing habitat development standards for cities or how these standards should differ from those already in place for riparian areas. Hamlets and CPOs do not have regulatory authority over development.	2	<ul style="list-style-type: none"> • CP Chapter 3: Natural Resources and Energy • ZDO 703 and 704 • Performance Clackamas Goals 3 and 4
L-4	McLoughlin Area Natural Resource Overlays Development and Design Standards	Leverage the land use review process to improve and restore habitat in a coordinated manner to meet multiple state, regional and local land use planning goals. Identify strategies to protect and enhance existing natural habitat.	Oak Grove Community Council	This project likely would require a re-evaluation of the County's Statewide Planning Goal 5 program for wildlife habitat, riparian corridors and wetlands. Consultant assistance with technical aspects of the project may be required.	3	<ul style="list-style-type: none"> • CP Chapter 3: Natural Resources and Energy, 4:Land Use, and 9:Open Space, Parks and Historic Sites • ZDO 703, 705, 706, 709, 710, 1002 • Performance Clackamas Goal 4
L-5	Natural Resource Preservation Techniques	<ol style="list-style-type: none"> 1. Amend ZDO to require alternatives analysis for development proposed to impact natural resource overlay districts. 2. Amend ZDO 1002.04(A) to require (rather than recommend) that a development plan incorporate a specific number of the natural resource preservation techniques from 1002.04(A) (1-10). Require (rather than suggest) tree preservation as provided for in ZDO 1007.04 on road design, with roads planned around tree groves in order to preserve them. 	<ol style="list-style-type: none"> 1. Oak Grove Community Council 2. Jennings Lodge CPO 		3 4	<ul style="list-style-type: none"> • CP Chapter 3: Natural Resources and Energy • ZDO 703, 705, 706, 709, 710, 1002, 1007 • Performance Clackamas Goal 4
L-6	Solar Infrastructure	<ol style="list-style-type: none"> 1. Prohibit photovoltaic solar power generation facilities on high value farmland in the EFU District 2. Create more robust code policies on solar field installations, to include additional vegetative screening standards. 3. Allow small-scale shared, multi-accessory solar energy systems as an allowed use in rural and resource zones without a conditional use permit. This will align with the launch of the Senate Bill 1547 Community Solar program in 2019. Consider requiring EV charging infrastructure for some commercial developments as part of the land use review process. 	<ol style="list-style-type: none"> 1. Board of County Commissioners 2. City of Sandy 3. Clackamas County Sustainability & Solid Waste 		2 5A, 5B	<ul style="list-style-type: none"> • CP Chapter 3: Natural Resources and Energy • ZDO 316, 401, 406, 407, 513, 604, 1015 • Performance Clackamas Goals 1 and 2
L-7	Tree Canopy Preservation	Amend ZDO to apply building limitations on developments to protect tree canopies for acreage with certain tree densities (based on a percentage of existing tree canopy or number of trees per acre). Require developments with a certain percentage of tree canopy or number of trees per acre be submitted as a planned unit development. The intent is for at least 20% of the treed land to be preserved in open space tracts in order to protect significant trees.	Jennings Lodge CPO		3	<ul style="list-style-type: none"> • CP Chapter 3: Natural Resources and Energy • ZDO 1002 • Performance Clackamas Goal 4
L-8	Demonstration of Alternative Design Techniques	1. Amend ZDO to require an alternatives analysis similar to that required by a <i>Variance</i> that leverages alternative design techniques to comply with the applicable standards of the natural resource overlay district(s) without sacrificing	North Clackamas Urban Watersheds Council		15	<ul style="list-style-type: none"> • CP Chapter 3: Natural Resources and Energy • ZDO 1002 • Performance Clackamas Goal 4

	Considered for Development in Natural Resource Overlay Districts	development potential (e.g., equivalent floor area or dwelling units), and describe why that is not feasible compared to the applicant’s preferred design alternative.				
L-9	Urban Wetlands Protected Resource Open Space Designation	For open space resources identified on the Comprehensive Plan Land Use Map where only a wetland is present, ZDO Section 1011 Open Space is not applicable. We request that ZDO Section 1011.02(A) be amended to include “wetlands, including recharge areas ” so that wetlands may receive the same protections as other protected resource open space in the urban area.	North Clackamas Urban Watersheds Council		15	<ul style="list-style-type: none"> CP Chapter 3: Natural Resources and Energy ZDO: 1011 Performance Clackamas Goal 4
L-10	Oregon Conservation Strategy Local Planning Implementation	A project to create a long range plan to implement the goals of the Oregon Conservations strategy. See Exhibit 15 for more details	North Clackamas Urban Watersheds Council	Metro conservation Strategy underway?	15	<ul style="list-style-type: none"> CP Chapter 3: Natural Resources and Energy Performance Clackamas Goal 4
L-11	Clackamas County Wildlife Movement Strategy	A critical component of the Oregon Conservation Strategy, this project should create a long range plan to implement the goals of the Oregon Wildlife Movement Strategy to implement connect the Mt Hood National Forest and the contiguous habitat with the Willamette River Greenway.	North Clackamas Urban Watersheds Council	Metro and its partners through the Intertwine Alliance are developing a Strategic Action Plan for a Habitat Connectivity Strategy for the greater Portland Area. Much of the work suggested by the North Clackamas Urban Watersheds Councils is being done at the regional level. Additional research is needed to identify when the Metro led work will be complete and the next steps for Clackamas County.	15	<ul style="list-style-type: none"> CP Chapter 3: Natural Resources and Energy Performance Clackamas Goal 4
Chapter 4: LAND USE						
L-12	Green Corridors	Assess the Green Corridor agreement between the County and the City of Sandy to determine additional regulations to adopt in the County Code for development along Hwy 26 to fulfill the intergovernmental agreement.	City of Sandy		2	<ul style="list-style-type: none"> CP Chapter 4: Land Use and Chapter 5: Transportation System ZDO 316, 401, 513 Performance Clackamas Goal 4
Chapter 6: HOUSING						
L-13	Housing Strategies	Amend the Plan and ZDO to address the results of the housing needs analysis currently underway, implement recommendations expected from the Housing Affordability and Homelessness Task Force, and respond to Senate Bill 1051 (2017) as well as any housing legislation passed during the current session of the Oregon Legislature. Consider restricting manufactured dwelling parks from being redeveloped with a different use. Also, the transitional shelter community regulations will sunset on August 28, 2019 unless they are extended through a ZDO amendment.	Planning & Zoning Division			<ul style="list-style-type: none"> CP Chapter 4: Land Use and Chapter 6: Housing Multiple ZDO Sections (e.g., 315, 824, 825, 839, 842, 843) Performance Clackamas Goals 3 and 5

#	Project	Description	Source of Proposal	Staff Comments	Exhibit Number	Clackamas County
L-14	Protect Neighborhood Character and R-10 Zoning	<ol style="list-style-type: none"> 1. Modify the ZDO to better protect neighborhoods from up-zoning and incompatible development. 2. Amend the ZDO to implement the Comprehensive Plan goal of protecting the character of existing low density neighborhoods and require that development is compatible with the identified neighborhood character. Adopt a local overlay area that freezes R-10 zoning and has higher standards for zoning approvals or a limitation on the amount of development or infill allowed in the overlay area. 	<ol style="list-style-type: none"> 1. Oak Grove Community Council 2. Jennings Lodge CPO 	<p>A project to consider restricting zone changes in Low Density Residential Districts, including R-10, is on the work program for the current fiscal year.</p> <p>Following a policy session with the Board of County Commissioners, the project is on hold pending the outcome of the housing needs analysis.</p>	3 4	<ul style="list-style-type: none"> • Comprehensive Plan Chapters • Zoning and Development Ordinance Sections • County Strategic Goals • CP Chapter 6: Housing; Chapter 4: Land Use; Chapter 10: Community Plans and Design Plans • ZDO 315 • Performance Clackamas Goals 1 and 5

PROPOSALS NOT SUITED FOR THE LONG-RANGE PLANNING WORK PROGRAM						
N-30	Capital Improvements	<ol style="list-style-type: none"> 1. We have 2 very dangerous and heavily used intersections – Beaver Creek Road/Leland Road/Kamrath Road and Beaver Creek Road/Steiner Road/Yeoman Road. How to minimize the risk at these 2 intersections would be helpful. 2. We still have what we call “car eating ditches” in the Beaver Creek area. Continuing the excavating and improvement of these ditches would be helpful. 3. So many of our roads have very little if any shoulders. Once Clackamas County has access to road maintenance funds, we would appreciate safer roads with usable shoulders. 4. Left hand turn lane from Beaver Creek Road traveling south onto Yeoman/Steiner Roads 	Hamlet of Beaver Creek	Capital construction projects, rather than planning projects	10	
N-31	Capital Improvements	<ol style="list-style-type: none"> 1. Realign dangerous intersection of Judd Rd. and Hwy. 211, any improvements. Some kind of signal is needed- backup on Judd has taken up to 1.5 Hours to get up Judd and cross intersection when traffic is diverted from highway, which happens frequently. 2. Turn lane from Hwy. 224 (east) at Amisigger Rd., and from Amisigger onto Hwy 224. 3. Review speed limit on Eagle Creek Rd.;-consensus was 45 MPH. 4. Realign intersection of Currin Rd. and Eagle Creek Rd., site distance. 5. Improve narrow lane width on rural roads 	Eagle Creek Barton CPO	Capital construction projects, rather than planning projects	6	
N-32	Capital Improvements	Explore alternative improvement options at Highway 26 and 362 nd Drive, options with traffic signal or round-about improvements at the intersection of Highway 211 and 362 nd Drive, and address design concerns with the curve in 362 nd Drive.	City of Sandy	Capital construction project, rather than planning project	2	
N-33	Firwood Intersection	Address design concerns with intersection of Firwood Road and Highway 26, including the potential reconfiguration of the slip lane and ingress/egress to the gas station.	City of Sandy	Capital construction project, rather than planning project. Project is currently in the Transportation System Plan.	2	
N-34	Milwaukie UGMA	Update the Urban Growth Management Agreement between the County and the City of Milwaukie	City of Milwaukie	This proposal can be addressed through the regular work of the Planning and Zoning Division, rather than as a long-range work program item.	11	
N-35	Public Art	Create a program to fund and install public art.	Oak Grove Community Council	It is not clear how this would fit within the scope of the long-range land use planning program.	3	
N-36	Capital Improvement	Change Johnson Road – Stafford Road intersection to a right turn only from Johnson Road coupled with a roundabout at the Stafford/Childs intersection.	Stafford-Lower Tualatin Valley CPO	Capital construction project, rather than planning project. Road Safety Audit recently completed for area. Suggestions are for capital project design.	14	
N-37	Implement Safe Routes to Schools projects in rural areas	Building off the success of changes around the school in Damascus to improve safety for accessing the school, other areas with rural schools should also have similar low cost improvements.	Brian Pasko, Planning Commissioner	The County currently works with schools to develop Safe Routes to Schools plans that have specific investments and recommended changes to improve safety around both urban and rural schools.		

#	Project	Description	Source of Proposal	Staff Comments	Exhibit Number	Clackamas County <ul style="list-style-type: none"> • Comprehensive Plan Chapters • Zoning and Development Ordinance Sections • County Strategic Goals
N-38	Transportation Planning in Carver	Transportation planning that looks closely at Carver and Hwy 224 through the community.	Mark Fitz, Planning Commissioner	Happy Valley has transportation planning responsibilities for Carver and a project is underway.
