A. Complete a pre-application conference:

You must attend a pre-application conference with Planning and Zoning staff before filing this application. [Information about the pre-application conference](#) process and a request form are available from the Planning and Zoning website.

B. Review applicable land use rules:

This application is subject to the provisions of [Section 822, Home Occupations](#) of the [Clackamas County Zoning and Development Ordinance](#) (ZDO).

It is also subject to the ZDO's definitions, procedures, and other general provisions, as well as to the specific rules of the subject property's zoning district and applicable development standards, as outlined in the ZDO.

C. Turn in all of the following:

- Complete application form:** Respond to all the questions and requests in this application, and make sure all owners of the subject property sign the first page of this application. Applications without the signatures of *all* property owners are incomplete.
- Application fee:** The cost of this application is **\$6,080, plus a \$150 notification surcharge if an expanded notification area is required by ZDO Section 1307**. Payment can be made by cash, by check payable to "Clackamas County", or by credit/debit card with an additional card processing fee using the [Credit Card Authorization Form](#) available from the Planning and Zoning website. Payment is due when the application is submitted.
- Site plan:** Provide a site plan (also called a plot plan). A [Site Plan Sample](#) is available from the Planning and Zoning website. The site plan must be accurate and drawn to-scale on paper measuring no larger than 11 inches x 17 inches. The site plan must illustrate all of the following (when applicable):
 - Lot lines, lot/parcel numbers, and acreage/square footage of lots;
 - Contiguous properties under the same ownership;
 - All existing and proposed structures, signs, fences, roads, driveways, parking areas, and easements, each with identifying labels and dimensions;
 - Setbacks of all structures from lot lines and easements;
 - Significant natural features (rivers, streams, wetlands, slopes of 20% or greater, geologic hazards, mature trees or forested areas, drainage areas, etc.); and
 - Location of utilities, wells, and all onsite wastewater treatment facilities (e.g., septic tanks, septic drainfield areas, replacement drainfield areas, drywells).
- Floor plans:** Attach detailed, accurate, and to-scale floor plans for all structures used in association with the home occupation. Label all rooms with their proposed use, show all of their dimensions, include the square footage of each room, and identify all doors and partition walls.
- Building elevation diagrams:** Attach drawings of all structures used in association with the home occupation, including any garages, out-buildings, sheds, and in-home offices. The drawings must be to-scale and must show each side of the building and any windows, doors, or other appurtenances. Include all measurements (height, length, width, and area). Identify any proposed signs and show their dimensions.

- Proof of neighboring property sizes:** Attach evidence (tax maps, plats, and/or surveys, for example) showing the size of all lots of record abutting the subject property. A lot of record is considered “abutting” if it is contiguous to the tract on which the home occupation is proposed, or if it is directly across an access drive, private road, or public or county road with a functional classification below that of a collector.
- Proof of operator’s residency:** Attach evidence that the operator of the home occupation currently resides, or provide a statement that they will reside, full-time in a lawfully established dwelling unit on the tract on which the home occupation will be located.
- Any additional information or documents advised of during the pre-application conference**

D. Answer the following questions:

Accurately answer the following questions in the spaces provided. Attach additional pages, if necessary.

- NO, the combined sound pressure level *will not* exceed the greater of 60dB(A) or the ambient noise level, and it is understood that a noise study may be required to demonstrate this, pursuant to [ZDO Subsection 822.04\(C\)\(2\)](#).

Identify all hazardous materials that will be present on the subject property, and their quantities:

E. Answer the following, as relevant to home occupation level:

Major home occupations are classified as level two or three. A level three major home occupation may be established only if at least 50 percent of the lots of record abutting the subject property are larger than two acres; however, a renewal application shall be evaluated on the basis of the lot size analysis first applied to the home occupation.

A lot of record is considered abutting if it is contiguous to the tract on which the home occupation is proposed, or if it is directly across an access drive, private road, or public or county road with a functional classification below that of a collector.

NO, the home occupation will use all of the floor area of the accessory building(s).

YES, and a partition wall at least seven feet in height, or a height as required by the County Building Codes Division, whichever is greater, will separate the home occupation space from the remainder of the building. The partition wall is identified on the accessory building's floor plan.

5. A “vehicle” is any motorized or non-motorized transportation equipment intended for use on public roads and associated with the home occupation, including, but not limited to, a car, van, pickup, motorcycle, truck, bus, recreational vehicle, detached trailer, or a truck tractor with no more than one trailer. Any attached trailer beyond one is a separate vehicle. A detached trailer is categorized as equipment, rather than a vehicle, if it is stored in enclosed accessory building floor space.

What is the maximum number of vehicles associated with the home occupation that will be located on the subject property at any time, including, but not limited to, employee and customer vehicles and vehicles to be repaired?

Maximum number of vehicles: _____

6. Except for deliveries by parcel post, United Parcel Service, or similar in-town delivery service trucks, how many of the vehicles counted in response to Question 6 will have a gross vehicle weight rating exceeding 11,000 pounds?

Number of vehicles exceeding 11,000 pounds in gross vehicle weight: _____

7. Will the home occupation include the repair of any vehicles (motorized or non-motorized)?

- NO YES

F. Answer the following, as relevant to the exception request:

An exception to any of the standards for major home occupations identified in ZDO Subsection 822.04 is subject to additional standards and criteria. Answer the following questions related to those additional standards and criteria in the spaces provided. Attach additional pages if necessary.

1. In the box below, list the standards in Subsection 822.04 that are proposed to be exceeded.

(Note: No exceptions are permitted to Subsections 822.04(A), (I), (J), or (L)(4)(a) though (d). In addition, accessory building space shall not exceed 3,000 square feet and the number of employees of a home occupation in the AG/F, EFU, or TBR zoning district shall not exceed five.)

2. Explain how the proposed home occupation will remain compatible with the area, while addressing *all* of the following factors:

- The number of standards identified in Subsection 822.04 that will be exceeded (*Note: it is presumed that the more standards exceeded, the more difficult it will be to demonstrate compatibility*);
- The character of the neighborhood, including such factors as the presence of off-site similar and outside storage uses, proximity of off-site dwellings, level of surrounding traffic, size of off-site accessory buildings, and background noise levels;

- The ability to mitigate impacts by driveway and road improvements, screening, landscaping, building location, building design, and other improvements;
- Potential environmental impacts, including effects on air and water quality; and
- Provision of adequate and safe access to public, County, or state roads.

3. Explain how services adequate to serve the proposed home occupation are available, including transportation, public facilities, and other services existing or planned for the area affected by the home occupation (*Note: At a minimum, compliance with ZDO [Subsections 1006.03\(B\), 1006.04\(B\), and 1006.06\(C\)](#) (except as set forth in Subsection 1006.07), and [1007.07](#) is required*):

G. Answer the following, if in a Natural Resource District:

Natural Resource Districts include the Ag/Forest (AG/F), Exclusive Farm Use (EFU), and Timber (TBR) zoning districts. Answer the following questions as applicable to the subject property's zone. Attach additional pages, if necessary.

1. Explain how the home occupation will not force a significant change in, or significantly increase the cost of, accepted farm or forest practices on surrounding lands devoted to farm or forest use.

2. If the subject property is zoned AG/F or TBR, explain how the home occupation will not significantly increase fire hazard or significantly increase fire suppression costs or significantly increase risks to fire suppression personnel.

3. If the subject property is zoned AG/F or TBR, has a written statement been recorded with the deed or written contract with the County or its equivalent been obtained from the land owner that recognizes the rights of the adjacent and nearby land owners to conduct forest operations consistent with the Oregon Forest Practices Act and Rules?

NO, but it is understood this will be required for a home occupation in the AG/F or TBR Districts.

YES, and a copy of the statement/contract is attached.

4. Is the property zoned AG/F or TBR *and* would road access to the home occupation be by a road owned and maintained a private party or by the Oregon Department of Forestry, the United States Bureau of Land Management (BLM), or the United States Forest Service (USFS)?

NO

YES, and proof of a long-term road access use permit or agreement is attached.

5. If the subject property is zoned AG/F or TBR, explain how the home occupation will not unreasonably interfere with other uses permitted in the zoning district.

FAQs

When is a Home Occupation Exception permit required?

The County's Zoning and Development Ordinance (ZDO) allows an occupation or business to be conducted in a dwelling and/or accessory building(s) under certain standards and criteria. [ZDO Subsection 822.05](#) allows for exceptions to some of those standards and criteria, with a Home Occupation Exception land use permit.

What is the permit application process?

Home Occupation Exception permits are subject to a "Type III" land use application process, as provided for in [Section 1307](#) of the ZDO. Type III decisions include notice to owners of nearby land, the Community Planning Organization (CPO) if active, service providers (sewer, water, fire, etc.) and affected government agencies, and are reviewed at a public hearing before the County Land Use Hearings Officer. If the application is approved, the applicant must comply with any conditions of approval identified in the decision. The Planning Director's decision can be appealed to the Oregon Land Use Board of Appeals (LUBA).

What is needed for the County to approve a land use permit?

Home Occupation Exceptions *may* be permitted after an evaluation by the Hearings Officer of applicable standards. The applicant is responsible for providing evidence that their proposal does or can meet those standards. In order to address the standards, the information requested in this application should be as thorough and complete as possible. A permit will only be approved or denied after a complete application is received and reviewed. The County approves an application only if it finds that the proposal meets the standards or can meet the standards with conditions.

If approved, how long would the Home Occupation Permit be valid?

The permit would be valid for three years. The permit *may* be renewed for another three years an unlimited number of times. Renewals of Home Occupation Exception permits are subject to a "Type II" land use application process (i.e., decided on by the Planning Director after public notice, but appealable to the County's Hearings Officer) unless a new or modified exception is proposed.

How long will it take the County to make a decision about an application?

The County makes every effort to issue a decision on a Type II land use application within 45 days of when we deem the application to be complete. State law generally requires a final County decision on a land use permit application in an urban area within 120 days of the application being deemed complete, and within 150 days for a land use permit in a rural area, although there are some exceptions.

If an application is submitted and then withdrawn, will a refund be given?

The fee for this application includes a \$3,830 fee for review by the Hearings Officer, which will be fully refunded if the application is withdrawn before the hearing occurs. If the submitted Type III application is withdrawn before it is publicly noticed, 75% of the portion of the application fee paid that is not the Hearings Officer review fee (i.e., the remainder), or the remainder minus \$250, whichever is less, will be refunded. If a submitted application is withdrawn after it is publicly noticed, but before a staff report is issued, 50% of the remainder, or \$500, whichever is less, will be refunded. No refund on the remainder will be given after a staff report is issued.
