Approval of this measure would prohibit the establishment of certain marijuana facilities within the city.

ORS 475B.400 to 475B.525 provides that the Oregon Health Authority will register medical marijuana processors and medical marijuana dispensaries. Medical marijuana processors compound or convert marijuana into concentrates, extracts, edible products, and other products intended for human consumption and use. Medical marijuana dispensaries facilitate the transfer of marijuana and marijuana products between patients, caregivers, processors, and growers. ORS 475B.005 to 475B.399 provides that the Oregon Liquor Control Commission will license recreational marijuana producers (those who manufacture, plant, cultivate, grow or harvest marijuana), processors, wholesalers, and retailers.

A city council may adopt an ordinance prohibiting the establishment of any of those entities within the city, but the council must refer the ordinance to the voters at a statewide general election. The City of Sandy council has adopted an ordinance prohibiting the establishment of marijuana facilities within the city and, as a result, has referred this measure to the voters.

If approved, this measure would prohibit medical marijuana processors, medical marijuana dispensaries, and recreational marijuana producers, processors, wholesalers, and retailers within the city.

Approval of this measure has revenue impacts. Currently, ten percent of state marijuana tax revenues will be distributed to cities on a per capita basis to assist local law enforcement in performing their duties under ORS 475B.760(2). In subsequent years, such revenues will be distributed based on the number of marijuana facilities located in the jurisdiction. If approved, this measure would make the city ineligible to receive distributions of state marijuana tax revenues.
